

Chapter 1621 Ye Chen & Ning Xia (3)

"If you really want me to do that, I won't hold back" Since Ning Xia asked for this, Ye Chen wouldn't hold back, he would show his abilities in front of Ning Xia.

Ye Chen started to use high speed and several techniques that he had mastered, he immediately searched and found Ning Xia's weak point.

"Pah. . . ., pah, pah, pah" The sound of skin crashing was quite audible and filled the room.

Ning Xia was instantly comforted by what Ye Chen was doing, her body shaking from the pleasure she was getting.

"This is great, it's not strange that Xueying can be so far away." Ning Xia finally understood why Mu Xueying could fall for Ye Chen.

Mu Xueying was an untouchable woman and almost chased all men away, in her life, hardly any man could afford to get too close to Mu Xueying.

And now that the untouchable Mu Xueying had completely fallen for Ye Chen, she now cherished Ye Chen like the most important person in her life.

Ning Xia initially didn't know what made Mu Xueying like that, now that she knows this, Ning Xia knows what happened.

Ning Xia let out a very seductive moan, the current Ning Xia didn't hold back like before, she let go of everything and felt very free.

The current Ning Xia looked even more lewd, she looked lewd after feeling Ye Chen's huge thing.

No matter how strong Ning Xia was, as long as she fought a strong little brother, sooner or later she would definitely suffer defeat.

"no . . . , it will come" Ning Xia felt that she had reached her limit, she really could no longer endure Ye Chen's aggressive onslaught.

Ning Xia had reached the pinnacle, she had reached the pinnacle of ultimate happiness as a man.

"Huft..." After feeling what the highest feeling a woman has ever experienced, Ning Xia was a little exhausted, she was exhausted from this great pleasure.

Just as Ning Xia wanted to rest, Ning Xia found that Ye Chen had started to move again.

"Chen, wait a moment" Ning Xia telling Ye Chen to stop, she told Ye Chen to stop and let herself rest for a while.

"Sorry, I'm not feeling comfortable" Ye Chen said that when he was uncomfortable, he needed Ning Xia to relieve his discomfort.

Ning Xia again made a very seductive voice, what Ye Chen had done had made her active again.

Ye Chen and Ning Xia continued fighting, the current Ning Xia was like a ship being tossed about by the waves, she really could only defend against Ye Chen's attacks.

"Xia, I will give you everything I have" Ye Chen gave a signal to Ning Xia, Ye Chen told that he would give Ning Xia what she wanted.

"just do it . . ." Ning Xia's voice was already very small, Ning Xia's strength was actually almost exhausted by Ye Chen.

Ye Chen was truly a monster, he was able to endure for hours on end, this overwhelmed the virgin Ning Xia.

Ye Chen really enjoyed what happened, he really enjoyed doing it with Ning Xia, he thought Ning Xia gave Ye Chen very good feelings.

"ahhhh" Ye Chen finally took out his Yang Qi Essence, it instantly filled Ning Xia's core.

Ning Xia felt a very warm feeling, she felt Yang Qi Ye Chen comfort herself.

"This is too much and filled with Yang Qi." Ning Xia sensed that Ye Chen had an enormous amount of Yang Qi.

she really felt really full of Ye Chen Yang Qi.

She truly had something extraordinary and would probably be coveted by many women in this world.

Ning Xia was glad it was over, now she could rest for a while to recuperate.

Just as Ning Xia was thinking about taking a break, she found that Ye Chen had bounced back.

"Chen, you?" Ning Xia asked Ye Chen, why did Ye Chen's one bounce back and get bigger.

"It's still early, let's continue." Ye Chen said that if he wanted to continue, he wanted to continue with Ning Xia.

"do not, stop. . ." Ning Xia tried to stop Ye Chen, she wouldn't be able to survive Ye Chen's attack.

Unfortunately Ye Chen refused to let Ning Xia go, he still insisted on continuing Dual Cultivation with Ning Xia.

"Ahhh. . ." Ning Xia let out a groaning sound, Ye Chen again moved inside Ning Xia's body.

Ning Xia felt great joy again, Ning Xia was again excited by Ye Chen.

Ye Chen and Ning Xia went back to Dual Cultivation, they both tried various moves and moved places to feel more comfortable.

Ning Xia was completely rendered helpless by Ye Chen, she had to endure Ye Chen's enormous libido.

"What?, does he have no limits?" Ning Xia was already so tired from what had happened, Ye Chen was like a machine that couldn't get tired.

Ning Xia continued to struggle, she used everything she had to deal with Ye Chen.

The battle between the two continued, the entire Dual Cultivation room filled with lewd sounds between Ye Chen and Ning Xia.

.
.

Elsewhere in the Immortal Profound Sea Realm, several troops began to be mobilized, this was the troops belonging to the Immortal Profound Sea Realm that had been deployed to the Green Dwarf Star.

After Hai Ming and the two surviving elders returned, they immediately reported what had happened to Hai Wan.

Hearing the reports of what happened, Hai Wan immediately ordered the warriors belonging to the Immortal Profound Sea Realm to go and capture the Mask Hero who had wreaked havoc.

Hai Wan immediately thought that Ye Chen was a threat and needed to be caught and secured immediately, which was why Hai Wan sent troops from the Immortal Profound Sea Realm to capture Ye Chen.

"Finally we found the person who has caused some chaos in this God Realm, we must quickly catch him before he leaves that place" Hai Wan had to catch Ye Chen, before Ye Chen left the Green Dwarf Star.

"All troops are ready, we just need to wait for your orders" the troop leader told Hai Wan that they were ready, they were ready to move right now.

"You can go and catch him, make sure you catch him alive." Hai Wan gave the Mask Hero an arrest warrant and took him.

"We're leaving." With orders from Hai Wan, all the troops immediately left, they headed straight for the Green Dwarf Star.

The movement of the Immortal Profound Sea Realm naturally caused all the major powers to raise alarms, they all immediately got ready and found out why the Immortal Profound Sea Realm had deployed so many powerful forces, even though the condition of the God Realm could be said to be quite safe and under control.

This makes everyone go out and find out the truth, Eternal Sun Star Realm, Sacred Heaven Star Realm, Blue Moon God Star and Five Lord Divine Academy also immediately launched an investigation, they all immediately went and found out the truth about this news.

.
.

Back at Ye Chen's place, Ye Chen and Ning Xia had already finished their long battle, it could be seen here that Ning Xia had suffered a complete defeat and was extremely exhausted.

Ye Chen was a formidable opponent, Ning Xia who was fighting for the first time was thrown into chaos by Ye Chen's aggressive behavior.

Chapter 1622 Keep this a secret from others

Ning Xia was the first to wake up, when she just woke up, Ning Xia felt a feeling of pain at the bottom.

"he was too rude to me" Ning Xia complained, Ning Xia complained that Ye Chen was too rude to her.

The battle with Ye Chen was a very fierce matter, it made Ning Xia feel very exhausted and at the same time felt great pleasure, the feeling of doing with Ye Chen was something that meant a lot to Ning Xia.

If Ning Xia were to be honest, Ning Xia liked what she just did with Ye Chen, what she did with Ye Chen was the most beautiful thing.

Ning Xia instantly stabilized the breakthrough that had just occurred, she took this opportunity to stabilize the power of hers that had just break through.

Right now Ning Xia felt stronger and stronger, she felt stronger and stronger and the Phoenix power in her body was only getting stronger.

"It worked" Ning Xia didn't expect that the method Hios said would work, she actually awakened her Phoenix inheritance very quickly.

With this, Ning Xia's strength had now reached the pinnacle and was worthy of facing the strongest people in the God Realm.

she could already be said to be a cultivator who had reached the pinnacle, the awakening of Ning Xia's Phoenix inheritance had made her strength increase, in addition Dual Cultivation with Ye Chen provided enormous benefits, these two benefits made Ning Xia obtain a very great boon.

Ning Xia didn't know if she was at the tenth level or already at that level, all Ning Xia could feel was that she was getting stronger and stronger.

Ning Xia looked at Ye Chen, Ye Chen was currently sleeping right beside her.

Ning Xia still couldn't believe that she did such a thing with Ye Chen, she did such a perverted thing with Ye Chen, Ning Xia even showed something that no one else had ever shown.

"Now what should I do?" Ning Xia looked utterly confused, she was really at a loss as to what to do with Ye Chen.

Was she able to face Ye Chen after everything that had happened, to be honest doing this was a very difficult thing for Ning Xia to do, Ning Xia felt that she would not be able to do that, after all how could she face Ye Chen after what happened?.

"If you don't want to deal with it, just let me go" Since Ning Xia didn't want to face Ye Chen after what happened, Ning Xia coldly said that she would face Ye Chen.

"but . . ."Ning Xia wasn't sure, she wasn't sure what would happen when her cold personality took over.

Ning Xia could indeed switch places with her personality, she already knew that she was two different personalities.

Ning Xia's two personalities were far more formidable than Ning Xia herself, one was highly skilled with the Phoenix inheritance, and the other was extremely skilled with the Ice Phoenix inheritance, they

were both on a different level when it came to controlling the two powers that existed in Ning Xia's body.

As Hios said, the Phoenix soul had fused together with Ning Xia, this allowed Ning Xia to have two personalities and these two personalities were Ning Xia's teachers in learning every Phoenix technique more easily.

It was because of this that Ning Xia couldn't get rid of and erase the personality within her body, she couldn't do such a thing to the person who had taught her so much.

Each personality taught Ning Xia how to control power, this was what made Ning Xia able to control two Phoenix powers in one body.

Even though Ning Xia had grown tremendously, in fact Ning Xia's controlling ability was still below the two, Ning Xia still needed a lot to learn.

"No buts, I will deal with it, since when did you become so weak, you were affected by it" Ning Xia was coldly displeased with what had happened.

"what's wrong, isn't she enjoying what just happened, don't you like what just happened" Another Ning Xia said on the cold side, she said that Ning Xia should be more honest, it was quite pleasant to see Ning Xia more honest

"I don't dare to face him, you should just face him" Ning Xia still wasn't ready to face Ye Chen, she still wasn't ready to face Ye Chen after what happened.

Ning Xia coldly nodded, she was going to face Ye Chen for the real Ning Xia.

"Emm" Ye Chen opened his eyes, he got up and saw Ning Xia who was beside him.

"Good morning" Ye Chen greeted Ning Xia, he wished Ning Xia good morning.

Ning Xia was silent, she didn't answer Ye Chen's words.

Ye Chen was confused, why did Ning Xia stay quiet like this, before that Ning Xia was very active and did whatever Ye Chen asked

" wake up, let's go now" Ning Xia told Ye Chen to get up and leave this place.

Ning Xia just waved her hand, the moment Ning Xia waved her hand, a pure white garment immediately appeared and covered Ning Xia's body.

"Xia is getting really cold" Ye Chen naturally felt quite a change in Ning Xia, Ye Chen sensed that Ning Xia was being quite cold towards Ye Chen.

"Why hurry, let's enjoy the time we have." Ye Chen told Ning Xia to enjoy the time they had.

"No, we have to go back." Ning Xia said that they had to go back right away.

" but "Ye Chen tried to persuade Ning Xia to stay here for a while.

"no words but" Ning Xia said to quickly get out of this place, she didn't want to waste time.

Seeing Ning Xia forcing Ye Chen, Ye Chen had no choice but to take Ning Xia out of the fairy gate.

After exiting the fairy gate, Ye Chen immediately sat cross-legged and stabilized his breakthrough.

Apart from Ning Xia, Ye Chen had gained enormous benefits from Dual Cultivation, so Ye Chen's strength naturally increased rapidly.

"That's great, I'm already at the intermediate level of the Divine Preceptor Realm, after obtaining the inheritance of Hios and Dual Cultivation with Ning Xia, Ye Chen is now at the intermediate level of the Divine Preceptor Realm.

Ye Chen's strength is now strong enough, he should become stronger in every way, facing a strong enemy is not a difficult thing to do.

"Chen, I have something to say" Ning Xia said that she had something to say to Ye Chen.

" what's that?" Ye Chen was curious about what Ning Xia would say, he was quite curious about what Ning Xia would say.

"Don't tell anyone what happened, do you understand" With a cold voice and a tone full of threats, Ning Xia told Ye Chen not to tell what just happened to other people.

"Don't worry, your secret is safe in my hands." Ye Chen told Ning Xia that her secret would always be safe.

"Then let's go." After getting Ye Chen's answer, Ning Xia immediately asked Ye Chen to leave this place, she invited Ye Chen to leave this place.

Mu Xueying must have waited for a long time, she must have been waiting for the arrival of Ye Chen and Ning Xia.

Chapter 1623 The arrival of the Assassin sent to kill the Mask Hero

Ye Chen and Ning Xia descended, both of them descended from the very top to meet Mu Xueying.

Before descending, Ye Chen and Ning Xia put their masks back on to disguise their identities.

When Ye Chen and Ning Xia descended, they both saw that there were a large number of people lying on the road, it seemed that these people had died from exhaustion while trying to climb up.

Ye Chen and Ning Xia continued to walk down, they continued to descend downwards at an incredible speed.

When Ye Chen and Ning Xia went downstairs, they both discovered that Mu Xueying was being surrounded by some unknown strangers, some of them from the Shin Clan.

"You alone, it seems your two comrades are gone, you must know who Mask Hero is" Seeing Mu Xueying alone, people started to try to bully Mu Xueying, they bully Mu Xueying because Mu Xueying had made them all angry.

"Go away, I have nothing to do with you" Mu Xueying was indifferent, she completely ignored everyone in this place, it could be said that Mu Xueying didn't care about everyone in this place.

"Bitch, looks like you are looking for trouble with us" People started to get angry with Mu Xueying's indifferent and arrogant attitude, they all wanted to attack Mu Xueying.

"Boom. . ." before they could attack Mu Xueying, an enormous explosion occurred and instantly swept away everyone around Mu Xueying.

"How dare you guys, get out from the way" Ye Chen stepped forward, he got rid of everyone who was trying to bully Mu Xueying.

When Ye Chen was around Mu Xueying, Ye Chen couldn't possibly allow anyone to dare to bully his woman right in front of him.

"Bastard, it's the Mask Hero. . ." everyone immediately moved away, they all immediately moved as far away from Ye Chen and Mu Xueying as possible.

"You scared them" Mu Xueying said to Ye Chen, just now Ye Chen had scared everyone in this place.

"Leave it alone, I won't let them bully you." Ye Chen said that he wouldn't let anyone bully Mu Xueying.

Behind her mask, Ning Xia was smiling, she was very pleased with the attention Ye Chen had given her.

"So this is Mask Hero, we've been waiting for a long time, you finally came" Several shadows appeared, some of these shadows appeared and showed themselves.

Ye Chen and Mu Xueying were immediately alert, they were all alerted at the arrival of these unknown people.

"Who is it?" Ye Chen immediately looked up the people who were in the darkness, Ye Chen could only faintly see the people who had come.

The number of these people isn't that many, maybe there are only 3 of them, but these people have a very dense killing aura, judging from any side they are people who have killed a lot of people in this life.

"Who are you?" Ye Chen asked these mysterious people what they wanted from him.

"We came to kill you" these people said that they came to kill Ye Chen.

"Killing me, are you guys kidding me?" Ye Chen replied back to these people,

"I'm not kidding, your life can't be saved anymore, you're already dead in my hands" this person said that Ye Chen's life was already in his hands and couldn't escape.

" These people, they are like Assassins, Ye Chen can immediately tell that these people are assassins, Ye Chen doesn't know who sent them, but it seems There were people who didn't like Ye Chen and wanted to kill Ye Chen.

Ye Chen was now a Mask Hero, of course there were a lot of people who didn't like Ye Chen, so it wouldn't be strange if there were some people who might deliberately hire an assassin to kill. Ye Chen.

"You guys, aren't you from the Blood seeker group" Ning Xia could immediately tell the identity of these people.

"Oh, there is someone who can find us, this is amazing" The assassin was quite surprised by this, Ning Xia was able to find out the origin this person suggested.

"So that's right, it's not strange that you guys have a very thick smell of blood." Ning Xia felt the smell of blood that was very thick, it was like these people's bodies were covered by fresh blood every time.

From that Ning Xia could immediately guess where these people came from, it was clear that these people were from a fairly well-known Blood seeker.

Blood seeker is the strongest Assassin organization in this God Realm, they have a lot of extremely powerful clients in the God Realm, and the abilities of the assassins there are Number 1 in this world.

"Looks like they are quite dangerous" After listening to the origins of these people, Ye Chen estimated that they were quite dangerous.

"They are indeed dangerous, they are not easy to deal with." Mu Xueying said that the Assassin of Blood seeker was not easy to deal with.

"What a coincidence, I want to try my strength" Ye Chen was not afraid or afraid when he heard Mu Xueying's warning, on the contrary Ye Chen was very excited to do battle with the Assassin of Blood seeker.

"What is this guy saying, looks like he's joking with us" The three Assassins began to think that Ye Chen was a madman, this person was much crazier than they imagined.

Most people would immediately be afraid after hearing the name Blood seeker, but Ye Chen was different, he was actually happy when he heard the arrival of the Blood seeker.

"You deserve to be called a troublemaker, you are much crazier than us." Assassins thought Ye Chen was much crazier than them, Ye Chen really seemed even crazier than all of them.

"Whatever, what's important is let's start this battle." Ye Chen didn't care what happened, what he wanted right now was to do battle with these three assassins.

"Do you need help?" Mu Xueying asked Ye Chen, he asked if Ye Chen needed help or not.

"Looks like it's not necessary, I'll end this quickly" Ye Chen didn't need any help, he was going to end things quickly.

"Finally the assassin from Blood seeker has arrived." Shin Ba was very happy when he saw the assassin his father hired him to come, this way they could kill Ye Chen.

The Blood seekers were a powerful assassination organization, their strength was unquestionable, so Shin Ba firmly believed that this battle would end quickly.

Even though Ye Chen, Mu Xueying and Ning Xia were strong, the strength of the three assassins that had been hired was equally strong, they should be at the peak stage and be one of the thousands of strongest people in this God Realm.

"Young master, it seems Mask Hero is very confident, is it possible that the assassin is able to overcome everything" The elder beside Shin Ba was not too sure what was going to happen, the current Ye Chen looked different from before.

"Uncle, Blood seeker is a strong organization, they will definitely not fail, even if they fail, they will send even stronger people to confront this person.

Shin Ba was very confident that they would succeed in killing Ye Chen, thus the future threat to the Shin Clan would end in this place.

"I hope it's true, he is really a very real threat to all of us" the elder strongly agreed with what Shin Ba said, Ye Chen was a real threat that was very dangerous to the Shin Clan's safety.

Chapter 1624 Eliminating Shin Ba & Elder From Shin Clan

Ye Chen immediately stepped forward, himself immediately stepped forward and faced all the Assassins in front of him.

These three Assassins were Yale Ding, Yun Gaen, and Long Wanpu, these three were the top Assassins in the God Realm.

"Let's make him know who we are" Yale Ding, Yun Gaen, and Long Wanpu would let Ye Chen know who they were.

Yale Ding, Yun Gaen, and Long Wanpu started an attack, they charged towards Ye Chen.

As an Assassin these guys have some abilities Yale Ding has fire abilities, Yun Gae has Ice abilities, meanwhile Wanpu has wind abilities.

With their abilities, they were all able to eliminate Ye Chen very easily.

"I will send you to hell" Yale Ding was the first to attack Ye Chen, he used a huge fire slash to kill Ye Chen.

Ye Chen stretched out his left hand, he was already prepared to block the attack that was aimed at him.

"What a fool, do you think that you can withstand my attack with bare hands like that, you are seeking death" Yale Ding laughed, he laughed when he saw Ye Chen who was trying to block his attack with only a bare hand.

What Ye Chen did was quite crazy, what Ye Chen did was absolutely impossible to do.

Yale Ding's attack had already killed countless people, with this all his enemies had died on the spot.

Slash, an attack landed on Ye Chen's body, this attack directly hit Ye Chen's hand.

The moment the fire sword slash hit Ye Chen, the fire sword slash immediately stopped, the fire sword slash was unable to penetrate Ye Chen's hand.

"How could this happen . . ." Yale Ding couldn't believe that his powerful attack was blocked by Ye Chen with only one hand.

"Go to hell, Eagle Cloud Turner Claw" Ye Chen's hand was covered by an uncontrollable deep wind, he directly patted Yale Ding's head.

When Ye Chen patted Yale Ding's head who was in front of him, Yale Ding's body immediately spun around very quickly, all of Yale Ding's clothes were instantly shattered and his body spun like a top and fell down.

"bang. . ." an explosion followed by a large-scale throw of debris occurred, the debris that was ejected was very strong, it rotated and made a very strong ejection force.

"Boom. . ."The walls that were hit by the hurled rocks were instantly shattered, everything was instantly destroyed when hit by a very fast stone throw.

Yun Gaen, and Long Wanpu gawked as they saw Ye Chen take down Yale Ding in just one strike.

Yale Ding's body was already completely shattered, the Eagle Cloud Turner Claw's attack had knocked all of Yale Ding's bones out.

"Isn't the Eagle God's power quite terrifying?" Ye Chen hadn't even fully mastered the Eagle Cloud Turner Claw, but its destructive power was extremely destructive.

When using the Eagle Cloud Turner Claw, Ye Chen was still experimenting, so Ye Chen should still not be able to fully demonstrate the full power of the Eagle Cloud Turner Claw.

Even though he wasn't able to use the Eagle Cloud Turner Claw, Ye Chen could already display a terrifying power, if Ye Chen trained it well, Ye Chen would definitely become even stronger.

"He's strong enough, let's work together to kill him." Seeing the Ye Chen's power, Yun Gaen, and Long Wanpu decided to team up, the two of them intended to work together to defeat Ye Chen.

"Just like that" Ye Chen was disappointed, he thought he would get a worthy and strong opponent, not to think that the first opponent would immediately lose in the first strike.

Yun Gaen, and Long Wanpu attacked Ye Chen, they attacked Ye Chen with their Ice and Wind attacks that they launched from a great distance away.

Yun Gaen, and Long Wanpu deliberately kept their distance from Ye Chen, they deliberately kept their distance from Ye Chen so as not to be hit by Ye Chen's deadly attack.

"Boom. . ." two huge strikes hit Ye Chen's body, a huge explosion occurred where Ye Chen was.

After launching an attack on Ye Chen, Yun Gaen, and Long Wanpu continued to launch a barrage of attacks at Ye Chen, they launched all kinds of powerful attacks towards Ye Chen.

"Husband . . ."Mu Xueying is very worried about Ye Chen's condition, she is quite worried about Ye Chen's condition.

This attack was quite strong, not good at resisting a powerful attack launched by Yun Gaen, and Long Wanpu.

After several minutes of continuous attacks towards Ye Chen, Yun Gaen, and Long Wanpu finally starting to run out of Energy, they had already used a great deal of their energy to attack Ye Chen.

"That attack should be enough" with such a powerful attack, Yun Gaen and Long Wanpu should have been able to kill and crush Ye Chen's body into tiny pieces.

"That should be enough to kill him." Long Wanpu strongly agreed, the attack just now must have been enough to kill Ye Chen.

Due to the attack just now, there was a lot of dust shrouding around this place, no one could see Ye Chen's figure covered in dust.

"Are you guys done? . ." Ye Chen started walking out from within the dust, he said to Yun Gaen, and Long Wanpu who was in front of him.

Yun Gaen, and Long Wanpu were again dumbfounded, they were again dumbfounded when they saw Ye Chen's voice that was in the dust.

Ye Chen emerged from within the dust, he walked out and revealed himself in front of Yun Gaen, and Long Wanpu.

Ye Chen still looked good, there wasn't even the slightest trace of cuts or abrasions on his body.

"Impossible . . ." Yun Gaen, and Long Wanpu couldn't believe what was happening, their attacks couldn't even hurt Ye Chen, obviously this was unreasonable for the two of them.

Ye Chen started to advance step by step, he advanced towards Yun Gaen, and Long Wanpu.

Yun Gaen, and Long Wanpu immediately retreated, they seemed to be very wary of Ye Chen's arrival.

The moment Ye Chen took a small step, Ye Chen immediately arrived behind Yun Gaen, and Long Wanpu's bodies.

" What ! ! !" Ye Chen's current speed was extremely fast, his speed increased even more after having the power of the Eagle God.

"Wavy Wind hand Slash " A huge slashing wave instantly swept across Yun Gaen's, and Long Wanpu's bodies, this huge wave injuring Yun Gaen's entire body, and Long Wanpu's.

Yun Gaen, and Long Wanpu had no resistance, both of them instantly died upon receiving Ye Chen's powerful attack.

Mu Xueying and Ning Xia saw Ye Chen's strength, Ye Chen's strength just now was formidable.

"Young master, let's go right now." Seeing that all the Assassins had been defeated by Ye Chen, everyone from the Shin Clan left immediately, they all immediately left this place.

Ye Chen detected the movement of the Shin Clan, he saw that the Shin Clan was currently in a hurry to leave this place.

"Are they the ones who just sent these people?" Seeing this, Ye Chen could confirm who the person who had sent the assassin was just now.

"So it's you, looks like the last time I let you off so easily, now I won't let you off like that" Ye Chen wouldn't let Shin Ba off just like that, he couldn't just let this person off the hook.

"God's Judgment Lightning" Ye Chen unleashed God's Judgment Lightning towards the Shin Clan, an enormous lightning bolt aimed at Shin Ba.

Chapter 1625 Surrounded by troops from Immortal Profound Sea Realm

"Arghh" A scream rang out, Shin Ba and the Shin Clan were hit by a huge thunderbolt.

"Boom" An enormous explosion occurred, this huge explosion swept over Shin Ba and all the Shin Clan members present in this place.

All of the Shin Clan members were instantly swept away by the lightning, all of which were instantly swept away by the powerful lightning.

"Alright, the threat has been cleared" Ye Chen has destroyed the threat that will threaten in the future, there should be no more threats in the future.

Ye Chen went back to Ning Xia and Mu Xueying's side who were already waiting for him.

"Sorry for making you guys wait" Ye Chen apologized for making Ning Xia and Mu Xueying wait so long.

"Let's go now" Ning Xia said to leave this place, there was nothing else they could do in this place.

Ye Chen nodded, he went and followed Ning Xia to leave this place, Mu Xueying also came, the three left this place.

Ning Xia's attitude changed slightly after that incident, for some reason Ye Chen felt that Ning Xia had become colder towards him.

Ye Chen, Mu Xueying and Ning Xia came out of the cave, when Ye Chen, Ning Xia and Mu Xueying came out, they were immediately greeted by several soldiers aiming their guns at Ye Chen, Mu Xueying and Ning Xia.

"Stop right there and surrender yourselves" These soldiers ordered Ye Chen, Mu Xueying and Ning Xia to surrender themselves.

"Who else is this?" Ye Chen didn't expect that there would be so many people targeting him.

"They seem to be from the Immortal Profound Sea Realm." Mu Xueying estimated a force capable of deploying such a large and powerful army.

"Immortal Profound Sea Realm is really moving very fast, they immediately mobilized troops to this place." Ye Chen didn't expect that the Immortal Profound Sea Realm would move so fast, they mobilized so many troops to this place.

"We have no escape route, now we can only fight them." Mu Xueying saw that they had no escape route, so all they could do now was to go and fight them.

All escape routes had been closed, they had no escape route from this place.

"We have to fight them, I didn't expect to directly clash with the Immortal Profound Sea Realm." Ye Chen did not expect that he would directly clash with the Immortal Profound Sea Realm.

Just as Ye Chen and Mu Xueying were talking about the Immortal Profound Sea Realm's ambush, Ning Xia suddenly came forward.

The moment Ning Xia took a step, suddenly a tremendous chill appeared, almost hundreds of Miles from this place instantly turned into Ice.

"Looks like she wants to fight them." Ye Chen saw that Ning Xia wanted to fight the troops sent by the Immortal Profound Sea Realm.

Ning Xia was currently using the power of hers, she was showing the full power she had.

The troops from the Immortal Profound Sea Realm felt an extremely piercing chill, they felt an extremely piercing chill from the air around this place.

"What is this?" the troops from the Immortal Profound Sea Realm were taken aback by the change in temperature around them.

Even though they had used a lot of armor covered in various runes, the cold temperature shouldn't have any effect on them.

The temperature around was obviously very cold and some people were shivering from the extreme cold.

"The source is from that woman" the commander of the troops looked at Ning Xia, they saw that the source of this cold was from Ning Xia.

"So the woman is the cause, then send someone to defeat her" the troop leader ordered several troops to capture Ning Xia.

With the orders that had been given, finally several people came forward, all of them advancing towards Ning Xia and intending to get rid of Ning Xia.

The command only captures the Mask Hero alive, so apart from the Mask Hero everyone has to be killed.

"Die" people tried to attack Ning Xia, they used spears, swords and arrows to attack Ning Xia.

Ning Xia only blinked her own eyes, with just one blink of an eye, the troops in front of her instantly turned into Ice statues.

"Ehhhh" the troop commander was quite surprised by what happened, they were all quite shocked when they saw what happened, to be honest what happened they couldn't believe it.

An army from the Immortal Profound Sea Realm was defeated in mere seconds, this woman was definitely not just any woman.

"Commander, what should we do now" the main and most powerful force asked what they should do now.

"This troop immediately formed a formation to fight this woman, this woman seems very dangerous and not easy to fight" the troop commander immediately made a decision, at a time like this making a decision is very important.

With this order being passed down, the main force of powerful cultivators charged straight towards Ning Xia.

"Water God Deep Formation" They set up a formation around Ning Xia, around Ning Xia appeared several towering water pillars, these water pillars blocked all access to Ning Xia's side, after which enormous water fell and began to soak the body.

Ning Xia's body was submerged in an enormous amount of water, the pressure around Ning Xia began to increase and could make Ning Xia's strength decrease.

"Looks like we have to help her" Mu Xueying said to Ye Chen, they have to help Ning Xia so she can get out of her current situation.

"wait a minute" Ye Chen stopped Mu Xueying, he stopped Mu Xueying who was trying to save Ning Xia.

"Why did you stop me?" Mu Xueying asked Ye Chen, why did Ye Chen stop her.

"Stay here and see what happens" Ye Chen told Mu Xueying to stay here and see what would happen next.

" ? ? ?" Mu Xueying was confused by what Ye Chen said, why did Ye Chen tell her to stay quiet when Ning Xia was in trouble.

Ye Chen had a very strong reason to stop Mu Xueying, Ye Chen was very confident in Ning Xia's abilities, so Ning Xia would definitely be able to get out of this situation.

More and more water was added, plus these people used the power of water to suppress Ning Xia.

At this rate, Ning Xia's body could be crushed by the strong pressure caused by the water, the strong pressure of the water could destroy Ning Xia's body.

Ning Xia raised her hand, a pale blue light shot out from Ning Xia's fingertips.

This blue light is very bright, when the blue light makes contact with water, all the water around this place immediately freezes into ice.

" Cracks . . ." a crack occurred, a powerful formation like the Water God Deep instantly collapsed in a matter of seconds.

"How is this possible?" The troops couldn't believe that Ning Xia was capable of such a thing, what Ning Xia had done again stunned them.

The Water God Deep Formation was built by a combination of dozens of very powerful cultivators, of course the power of the Water God Deep Formation is unquestionable.

"Don't just stand still, attack him now, don't give him a chance" The commander gave the order to attack Ning Xia, this was a very good chance to kill Ning Xia.

Chapter 1626 Go, I will be the bait for you

The troops that were present began to attack Ning Xia, they all immediately attacked Ning Xia with various kinds of powerful attacks.

There were countless water attribute attacks aimed at Ning Xia, every attack aimed at Ning Xia instantly disappeared and was unable to hit Ning Xia's body.

Ning Xia closed her eyes, her body was again enveloped by an enormous Ice aura.

Ning Xia's eyes started to glow a blue light, Ning Xia looked even more ghastly cold.

Behind Ning Xia's body began to appear an enormous Ice Phoenix wing, these wings were very beautiful and very admirable.

As Ning Xia grew wings behind her back, everyone who tried to approach was instantly blown away, with a single flap of her wings being able to drive them away.

"It's beautiful" Ye Chen praised Ning Xia who was currently showing her strength, to be honest Ning Xia's strength was really great.

"That move, don't tell me it's the Ice Phoenix Wings." Mu Xueying naturally knew what kind of technique Ning Xia was using, this was a high level technique that Ning Xia had given her.

Of course Mu Xueying knew how strong the force used by Mu Xueying was.

"all of you, Freeze " Ning Xia immediately used her wings, she immediately used the power of her wings to face the enemy in front of her.

Ning Xia's wings emitted an extremely intense blue light, as this happened, an extremely strong Ice storm appeared and blew in all directions.

When every object in this world comes into contact with a storm, it is instantly enveloped by Ice.

"Quickly use your cover" the commander ordered everyone to use the barrier to block Ning Xia's attack.

"What you guys are doing is useless" Ning Xia said that what these people were doing was useless, they actually instantly froze into Ice statues, it could be said that they all turned into Ice.

Ning Xia's strength is very strong, almost the entire Star is covered by Ice, the previously green star has now turned into a vast white Ice pole.

"She froze all parts of the star" Ye Chen did not expect that Ning Xia would have such great power.

"That's the ability of the Ice Phoenix, it's really great." Mu Xueying said that Ning Xia's ability was indeed great.

After finishing the troops at the front, Ning Xia went to see Ye Chen and Mu Xueying.

"Lord Peak, you look beautiful. . ." Ye Chen gave Ning Xia a compliment, he felt Ning Xia looked beautiful with wings on her back.

Ning Xia looked normal, she didn't care about Ye Chen's compliments.

A moment later, the wings on Ning Xia's back disappeared and turned into Ice crystals that scattered into the air.

"Chen, Xueying, let's leave this place right now." Ning Xia took Ye Chen and Mu Xueying away, Mu Xueying saw that a large amount of power was coming.

It seemed that what Ning Xia had just fought against was only a handful of forces from the Immortal Profound Sea Realm, the true Immortal Profound Sea Realm army was just about to arrive.

It was not strange that Ning Xia was in such a rush to defeat the enemy, it seemed that Ning Xia had already foreseen this.

"Master, there are a lot of strong people approaching, there are too many of them." Chu Yuechan gave Ye Chen an alarm.

"I also feel it." Ye Chen also sensed that there were several forces approaching this place, this number and strength was far from the army that Ning Xia had just defeated.

"Is it possible to leave this place?" Ye Chen asked if there might be a way out.

"Hmm, looks like impossible. . . , it could be said that we are surrounded and it is impossible to leave, in fact they blocked all the exits you have." Chu Yuechan told that escaping would be extremely difficult.

"Okay, then let's just use that." Ye Chen decided to use one of the items he had.

"You are going to use the Teleportation Ring?" Chu Yuechan asked Ye Chen.

"Of course, that is the only way to escape from this situation." Ye Chen could only rely on the Teleportation Ring to escape from this place.

"The Teleportation Ring can only be used by one person, you won't be able to take Ning Xia and Mu Xueying with you." Chu Yuechan explained that the Teleportation Ring could only carry Ye Chen alone.

Ye Chen looked at Ning Xia and Mu Xueying, he might be able to leave this place, but he wouldn't be able to take Ning Xia and Mu Xueying along with him.

"They are approaching very fast, it seems we are surrounded" Ning Xia saw that the troops had surrounded this place, it was very difficult to get out of this place without fighting.

A huge barrier had already been set up by the Immortal Profound Sea Realm, it was very difficult to get out without being detected by them.

"I'll be bait, you guys go first." Ning Xia intended to use herself as bait, she would hold off the troops from the Immortal Profound Sea Realm.

"You don't need to do that, I will do it, after all their target from the start was me, so you can leave this place" Ye Chen said to Mu Xueying and Ning Xia, Ye Chen told that he would be bait.

From the beginning the Immortal Profound Sea Realm's target was Ye Chen, so Ye Chen was going to face them.

"You can't do that" Ning Xia said that Ye Chen wouldn't be able to do that, the power of the Immortal Profound Sea Realm was not something that Ye Chen could handle.

"You two don't need to worry, I can do this." Ye Chen said that if he could do this, he would be bait and make Ning Xia and Mu Xueying leave this place.

"Trust me, I can do that" Ye Chen said that he could do that.

Mu Xueying was very worried about what Ye Chen was doing, Ye Chen was trying to do something really crazy.

Ning Xia's cold personality was a little worried about Ye Chen, to be honest she couldn't see Ye Chen do such a dangerous thing.

Even though Ning Xia's cold personality is very difficult to shake, this personality is very difficult to melt and very cold to anyone, be it disciples or even Mu Xueying.

"Don't waste your time, use this to leave." Ye Chen gave Mu Xueying the Invisible Cloak, he told Mu Xueying to take Ning Xia away.

Mu Xueying received the Invisible Cloak given by Ye Chen, she still hesitated to leave this place.

"What are you waiting for, go quickly." Ye Chen ordered Mu Xueying and Ning Xia to leave this place.

"Are you sure?" Mu Xueying asked Ye Chen, he asked if Ye Chen was sure he wanted to do such a thing.

"Trust me" Ye Chen told Mu Xueying and Ning Xia to believe in himself

Ning Xia and Mu Xueying had confidence in Ye Chen, they were very confident in Ye Chen.

"Be careful" Mu Xueying said to Ye Chen, she told Ye Chen to be careful.

Ye Chen nodded, he would be careful not to make a mistake.

Ning Xia and Mu Xueying used Invisible Cloak, the two of them immediately left Ye Chen and slipped away from this place.

Chapter 1627 Hai Rang

"Looks like I will be fighting alone against people from the Immortal Profound Sea Realm." Ye Chen really had to fight alone against people from the Immortal Profound Sea Realm.

"You are very brave in facing this many enemies" Chu Yuechan said to Ye Chen, what Ye Chen did was very brave.

"I can't run away and let Xia solve this problem for me" Ye Chen didn't want to make Ning Xia solve this problem for him, as a man, Ye Chen couldn't continue to depend on his woman.

"Hehehe, that's just my master, it's not my fault that I chose you." Chu Yuechan was happy, she was happy with what Ye Chen said.

"Honestly, I want to measure the strength of my enemy, I want to see how strong the strength of my enemy is." Ye Chen had another goal, he had a goal of seeking information on the strength of the Immortal Profound Sea Realm.

"Are you going to battle the Immortal Profound Sea Realm?" Chu Yuechan asked Ye Chen.

"Whether I have any other choice, everything has happened, I will definitely fight with the Immortal Profound Sea Realm." Ye Chen said that this battle would be unavoidable.

Ye Chen still had to save Dongfang Xiu, in order to do that, Ye Chen had to come face to face with the Immortal Profound Sea Realm.

Chu Yuechan nodded, he nodded at Ye Chen, what Ye Chen said was absolutely true, a battle would be inevitable.

Ye Chen took the God Mask, he replaced his mask with a God Mask, by using the God Mask, Ye Chen's strength will increase, it will help in the battle.

"They're coming." Chu Yuechan informed that people from the Immortal Profound Sea Realm had come.

In an instant, the entire place was filled with countless people, there were countless troops surrounding Ye Chen from all directions.

A profound ark with various kinds of heavyweight weapons had also been prepared and aimed at Ye Chen.

This number, this is more than before." Ye Chen did not expect that the Immortal Profound Sea Realm would send out such a large army, this amount was enough to start a huge battle between the stars.

"Give up now and surrender yourself, otherwise you will experience a terrible thing" The supreme army leader told Ye Chen to surrender.

"This person's words have such a powerful suppressive power, his voice alone is capable of shaking mountains and objects in a radius of tens of millions of miles away.

"Bringing this many people to capture me, it seems that the Immortal Profound Sea Realm really wants to capture me." Ye Chen didn't flinch when he faced the might of the Immortal Profound Sea Realm, he looked normal when he faced the forces of the Immortal Profound Sea Realm.

"We were ordered by the lord of the Immortal Profound Sea Realm to take you, you better surrender and surrender yourself voluntarily, that way there won't be any wasted battle." The supreme army leader told Ye Chen to surrender right now.

"Hahahaha" Ye Chen laughed while listening to what his enemy just said, what he just said was very joke.

"You guys want to capture me, are you guys joking with me?" Ye Chen said to the troops from the Immortal Profound Sea Realm.

"Mask Hero, you disobeyed the supreme command of the Immortal Profound Sea Realm, don't blame us for taking you by force" Since Ye Chen refused to surrender by force, then acts of coercion were inevitable.

"The troops attack him quickly" the order to attack Ye Chen was immediately issued, all the troops attacked Ye Chen with various high-level attacks.

"Whoosh. . ." Hundreds of Million arrows, swords, spears and clubs made of water headed towards Ye Chen.

from the information that the 52nd elder had provided, Ye Chen had great strength, which was why they didn't hold back when attacking Ye Chen.

"Boom. . ." a huge explosion occurred, nearly of the planet was destroyed by the combined attack of the Immortal Profound Sea Realm forces.

After the big explosion occurred, all the troops present were still extremely alert, they didn't dare to underestimate Ye Chen.

They were still on guard if Ye Chen could still stand up from their attack.

very, very thick dust and fog enveloped around this place, this made it difficult for some people to see what was happening.

After a few minutes, the situation around this place began to improve, everyone could see the conditions around.

"You are indeed worthy of being an army of the Immortal Profound Sea Realm." Ye Chen appeared, he said to everyone in this place.

"As said, this man's strength is truly formidable." The rumors about the Mask Hero were indeed overwhelming, they finally saw the power of the Mask Hero that everyone in the God Realm was talking about.

"Time to get serious" from Ye Chen's body began to emit a very dazzling white heavenly lightning, as the lightning on Ye Chen's body came out, clouds and thunder of heavenly lightning began to rumble around this place.

Several troops began to tremble as Ye Chen displayed the strength he possessed, they trembled at the sight of the heavenly lightning that was above their heads.

Even though they had cultivations that were already quite high, in fact they were still afraid of heavenly lightning, the power of heavenly lightning was much higher and stronger than the strongest lightning in this world.

Ye Chen's body was completely enveloped by the heavenly lightning, Ye Chen now looked like a thunder god who spread fear into the world.

"All of you will feel my wrath" Ye Chen said to everyone, he would show his strength.

Ye Chen slapped the ground beneath him, he sent his lightning power towards the ground.

An enormous amount of heavenly lightning power was injected by Ye Chen into the ground, the ground began to emit a white light that emanated from the cracks in the ground.

"Everyone be alert" in a situation like this everyone had to be extremely vigilant, they had to be extremely vigilant because Ye Chen's attack looked very strange.

With the immense power injected by Ye Chen, the ground began to shake and shake, the power of the heavenly lightning was too strong to be able to withstand the power of the earth.

"Boom" several lightning pillars started to shoot out from the ground, these lightning pillars shot upwards and hit the people above.

"Arghh" several troops from the Immortal Profound Sea Realm were hit by Ye Chen's attack, they were all hit by the heavenly lightning strike.

Even several profound arks had to fall and fall from Ye Chen's attack.

As more and more lightning pillars appeared, people began to avoid the lightning pillars because they were too dangerous.

The surroundings of Ye Chen were enveloped by very strong lightning, this made no one able to attack Ye Chen.

If they insisted on attacking Ye Chen, then it was certain that they would suffer losses.

"This fellow has extremely formidable strength, it is not strange that he was able to withstand the heavenly lightning to the last round." The supreme leader acknowledged that Ye Chen had the ability.

If Ye Chen didn't have the ability, then he wouldn't be able to put up a fight in the face of the might of his army.

The name of the supreme leader of the troops sent by the Immortal Profound Sea Realm was Hai Rang, he was a talented warrior with immense battle and combat experience.

He was appointed commander of the army because of this skill, it could be said that this Hai Rang was a fairly strong figure that could be compared to an elder of quite a high position.

Chapter 1628 Ye Chen Vs Hai Rang

After messing up the enemy formation, Ye Chen made an attack on the enemy.

"God Thunder Armor" Ye Chen covered his body with the God Thunder Armor, so Ye Chen could be calm when facing enemies.

The God Thunder Armor had countless uses, it was like an Armor that protected Ye Chen from enemy attacks that came from all directions.

"Bam. . . , boom . . . , Bam . . . , boom . . . , Bam . . . , boom . . ." Ye Chen attacked the closest people around him, Ye Chen's attacks were very destructive and made it difficult for the enemy to dodge.

Plus Ye Chen has incredible speed, no, it's easy to face Ye Chen with such speed.

Hai Rang looked at Ye Chen, he looked at Ye Chen who was causing his troops trouble.

"One person actually made my army like this" Hai Rang showed some discontent when he saw his own army being defeated by Ye Chen.

"hahahahaha" Ye Chen enjoyed this battle, he used his full strength to fight against the enemy.

Ye Chen is like an unstoppable machine, nothing can stop Ye Chen's movement, Ye Chen is like a thunderbolt that is not easy to catch.

The troops from the Immortal Profound Sea Realm began to retreat, they began to retreat and refine formations.

As troops that were already highly trained in combat, the troops of the Immortal Profound Sea Realm naturally knew what they had to do under these conditions.

Their opponent was Ye Chen alone, so they could quickly refine the formation.

Very quickly they repaired the formation, they refined the existing formation and launched a counterattack on Ye Chen.

Seeing the attacks that came back towards him, Ye Chen immediately changed into defensive mode, Ye Chen intended to withstand the attacks launched by the enemy.

"slowing wave" The of troops with shields immediately emits a wave that can make the enemy slow down a bit.

The principle of this wave can be said to slow down whatever is in it, all objects including humans will immediately slow down while in this wave.

Ye Chen began to feel a strong wave pressure, this wave made Ye Chen's body heavier than usual.

Ye Chen felt that if the weight of his body became heavier, it would obviously make one's movements very slow.

"They're trying to slow me down, it's a shame, I've been training really hard" Luckily Ye Chen has practiced lifting very strong weights, this kind of weight is nothing to Ye Chen.

"what you're doing is useless" Ye Chen stepped forward, he attacked the shield formation emitting ballast waves.

"Ah, no. . ." Ye Chen pierced through and attacked the soldiers in front of him, he hit and knocked down the soldiers in front of him.

"What is this, why is he unaffected?" People were getting more and more confused about what happened, they seemed confused about what happened to Ye Chen.

Ye Chen was too strong, all sorts of attacks and formations could barely slow or block Ye Chen.

"Commander, the enemy is very strong, everything we do can't stop him, he's like an unstoppable monster" one of the troops had reported what he found from Ye Chen.

Hai Rang looked at Ye Chen, he really couldn't imagine how strong Ye Chen's strength was.

"The Mask Hero is really strong, it wouldn't be strange if he was able to destroy half of the Eternal Sun Star Realm." After seeing Ye Chen's abilities for himself, Hai Rang finally started to believe that Ye Chen had immense strength.

This was the thing that made all the major powers try to catch and get Ye Chen, they were really very interested in Ye Chen's strength.

"Pull all the troops back, I will deal with it myself" Hai Rang ordered to withdraw the troops, he himself would face Ye Chen.

"Alright, I'll pass this on" since Hai Rang had already given an order, all troops immediately withdrew.

"Why are they all retreating, are they all afraid of me?" Ye Chen saw the movement of the retreating troops, it was clear that they were afraid when facing Ye Chen.

After retreating, there was no more movement, almost no attacks from these people.

"What are they planning?" Ye Chen tried to find out what these people were planning.

Just as Ye Chen was thinking about what the enemy was planning, a giant hammer flew towards Ye Chen.

Seeing the flying giant hammer, Ye Chen immediately used his fist to knock the hammer away.

"Clang . . ." an extremely loud crashing sound rang out as Ye Chen's palm struck the hammer that was aimed at him.

The hammer was knocked away by Ye Chen, it flew away and headed towards Hai Rang.

"Being able to hold this hammer with your bare hands, you are indeed great. . ." Hai Rang has to admit that Ye Chen has the ability.

Ye Chen looked towards Hai Rang, he felt an extremely domineering aura from Hai Rang.

"The hammer just now, it was really hard" Ye Chen felt that the hammer in Hai Rang's hand was extremely hard, if Ye Chen didn't coat himself with the God Thunder Armor, then maybe Ye Chen would have injured his finger.

"As expected of this army leader, he has an extremely formidable artifact." Chu Yuechan said to Ye Chen that this person was most likely the squad leader of the Immortal Profound Sea Realm.

"Immortal Profound Sea Realm has extraordinary treasures." Ye Chen had to admit that the Immortal Profound Sea Realm, which was one of the great powers of the God Realm, did have abilities, everyone had unreasonable treasures.

"So after everything that happened, the leader of all these forces has finally arrived" Ye Chen said to Hai Rang.

"So you are aware that I am the leader of this place." Hai Rang answered Ye Chen's words.

"Of course, you are the most powerful in this place, so I believe you are the leader in this place." Ye Chen had already seen Hai Rang's cultivation base, Hai Rang's cultivation base was higher than all the troops in this place.

"Then let's fight, I want to see the strength of the Mask Hero who is spoken of as a genius in God Realm." Hai Rang wanted to see Ye Chen's strength, he wanted to compare the strength he had.

"okay" Ye Chen certainly accepted the challenge from Hai Rang, he accepted the challenge that came from Hai Rang.

"You might regret not giving up right now" Hai Rang said as he brandished the giant hammer in his hand at Ye Chen.

"I never regret what a battle is, if you really have the ability, go ahead and show me" Ye Chen told Hai Rang to come forward and show his strength.

"Feel this" because Ye Chen asked for battle, Hai Rang stepped forward and swung the giant hammer in his hand towards Ye Chen.

The hammer with an enormous weight was aimed at Ye Chen, Hai Rang's speed of swinging the hammer was extremely great.

Ye Chen gripped his left hand very tightly, he focused a lot of lightning into his right hand.

Ye Chen hit Hai Rang who was approaching towards him, Ye Chen's punch was clearly filled with an extremely terrifying power.

Ye Chen and Hai Rang both didn't hold back, they used all their strength in this attack.

"Boom. . ." The moment Ye Chen and Hai Rang's two attacks met, a strange phenomenon occurred, the surroundings started to turn a little dark as the two attacks with high level power met.

Chapter 1629 Giant hammer broken

The phenomenon of cracks and lightning occurred around where Ye Chen and Hai Rang were, plus there was a strong wind that blew when these two attacks met.

The ground and rocks instantly rose and were swept away by an enormous force, a huge hole formed between Ye Chen and Hai Rang.

"They're both really great" Everyone who saw the battle was shocked by what happened, Ye Chen and Hai Rang were extremely strong, both of them were able to display extraordinary strength.

Ye Chen and Hai Rang were currently fighting for strength, they were fighting for the strength they had.

Hai Rang's strength was quite large, this made it a little difficult for Ye Chen to reverse Hai Rang's attack.

Hai Rang also thought the same thing, he also seemed to be in a lot of trouble when he faced Ye Chen, his strength could not be crushed by Ye Chen.

"ZZZZZZ" lightning continued to flash around Ye Chen and Hai Rang, the phenomenon of the collision of the two great powers looking both terrifying and astonishing.

"Boom" after a moment of power struggle, a huge explosion occurred due to the excess strength possessed by Ye Chen and Hai Rang.

Ye Chen and Hai Rang both retreated due to this huge explosion, both of them were forced to retreat by this huge explosion.

Ye Chen tried to stop himself, he used quite a lot of strength to stop himself.

On the other hand Hai Rang was also bounced quite far, the impact of the explosion sent him flying quite far.

"He's very strong, looks like it's going to be a very tough battle." After seeing Ye Chen's strength, Hai Rang thought that this battle would be quite a tough one.

After the exchange just now, Ye Chen and Hai Rang looked speechless, they didn't want to attack or attack first.

"Why are you just keeping quiet, don't you want to attack me?" Hai Rang asked Ye Chen, he asked if Ye Chen didn't want to attack him.

"I'm not in a hurry to beat you" Ye Chen said that he wasn't in a hurry.

Ye Chen's goal was to buy time and see the strength of the enemy, so he wasn't too hasty in this matter.

"So you refuse to attack me, then I will attack you" Since Ye Chen didn't want to attack, Hai Rang decided to attack Ye Chen.

Hai Rang threw his hammer towards Ye Chen, he threw his hammer with all his might.

Hai Rang's current throwing was much stronger than before, his throwing power this time was enhanced than before.

The hammer spun at an extremely high speed towards Ye Chen.

"Master, use everything you have, it won't be easy to resist." Chu Yuechan told Ye Chen to use his full strength, Chu Yuechan knew that this power would not be easily resisted by Ye Chen.

"Don't underestimate me" Ye Chen said not to underestimate himself, Ye Chen had very high confidence to deal with this attack.

Ye Chen stretched out his hand, from the position of Ye Chen's hand it was obvious that Ye Chen was intending to catch the attack that was aimed at him.

"This person is a little crazy." Hai Rang saw that what Ye Chen was doing was quite insane.

Hai Rang would probably believe it if Ye Chen repelled his attack, but he was pessimistic that Ye Chen would be able to catch his hammer at such high speed.

The hammer rotated at an extremely fast speed, to be honest it was almost impossible to catch the hammer at that speed, even someone with a cultivation above Hai Rang wouldn't do such a stupid thing.

Ye Chen is not stupid, he knows what he will do, Ye Chen has a Time Vision technique that can see a glimpse of the future, so what is Ye Chen afraid of.

The hammer got closer to Ye Chen, it would hit Ye Chen in less than 1 second.

When the hammer was in very close proximity to Ye Chen, Ye Chen used Time Vision to estimate the exact time to catch the hammer.

"Bam. . ." The hammer was caught by Ye Chen, instantly the hammer rotation stopped in place.

"That can't happen" Hai Rang couldn't believe that his hammer was caught by Ye Chen, what Ye Chen did was absolutely impossible.

"That's the mainstay technique of Hai Rang's commander that is said to be able to sweep away countless enemies in a single throw, that fellow was actually able to withstand it with his bare hands" The troops behind were taken aback by what Ye Chen had done.

"He's not normal" Seeing this, Hai Rang thought that Ye Chen wasn't normal, this man really wasn't normal.

Hai Rang stretched out his hand forward, he intended to take back his big hammer that was in Ye Chen's hand.

Since this hammer was a special artifact of course Hai Rang was able to control it as he pleased.

The big hammer in Ye Chen's hand started to move away, it started to move away from Ye Chen.

Too bad Ye Chen's grip was too strong, the hammer was unable to leave Ye Chen's grip.

"Azure Dragon Claw" Ye Chen's used his technique to crush the hammer in his hand.

With the Azure Dragon's extremely powerful technique, the hammer in his hand was instantly turned into pieces by Ye Chen.

Hai Rang couldn't help but fall silent when he saw this scene, to be honest this scene didn't make any sense to Hai Rang.

"My hammer was destroyed?, how is that possible" Hai Rang couldn't believe that his powerful hammer was crushed by Ye Chen so easily.

Hai Rang's massive hammer was made of extremely hard material, so destroying it would be an extremely difficult thing to do.

Perhaps even the supreme elder would find it extremely difficult to do so.

"Sorry, I think I was too strong and it broke." Ye Chen apologized for destroying Hai Rang's hammer.

"You really are a monster, in this battle you are still not serious are you?" Hai Rang knew that Ye Chen was still not serious.

"Is this only the full power of the Immortal Profound Sea Realm?" Ye Chen said to Hai Rang, Ye Chen felt that the strength of the Immortal Profound Sea Realm was not as strong as he imagined.

"Hahaha" Hai Rang laughed as he listened to what Ye Chen had to say.

"Listen carefully, the power that is deployed is only like the peak of a huge mountain, the strength of the Immortal Profound Sea Realm is much stronger than you can imagine" Hai Rang told Ye Chen that this army was only a small part of the strength of the Immortal Profound Sea Realm.

It could be said that the Immortal Profound Sea Realm had yet to fully display their strength in front of Ye Chen.

"So it's like that" Ye Chen now had an idea of ??the strength of the Immortal Profound Sea Realm, it seemed that the Immortal Profound Sea Realm was still not serious about sending out their full strength just to capture Ye Chen.

"Then there shouldn't be anything else I need, I know that the strength of the Immortal Profound Sea Realm is much stronger than I imagined right now." Ye Chen knew that the strength of the Immortal Profound Sea Realm was far greater than imagined.

Chapter 1630 Ancient magic container crystal

"Okay, then it's time to get serious" Ye Chen said that he was going to do something serious.

"God Domination Pressure" Ye Chen used the ability he had to bully everyone in this place.

An extremely terrifying pressure emanated from Ye Chen, it caused some mentally weak people to fall when Ye Chen used God Domination Pressure.

"This" Hai Rang felt an extremely terrifying pressure, it was the first time he saw someone with such intense pressure like Ye Chen.

"Looks like he's been holding himself back all this time." Hai Rang felt that Ye Chen had been holding back when he faced them.

"If my opponent is this strong, then I have no choice but to use it against him" Since Ye Chen was so powerful, Hai Rang might have to use the secret weapon he had against Ye Chen.

Hai Rang took out something, he took out a crystal from inside his Space Ring.

After Hai Rang took out the crystal, Hai Rang started chanting some very long incantations.

" what's that?" Ye Chen saw more clearly what was in Hai Rang's hand, he wanted to know what was in Hai Rang's hand.

"It's an ancient magic container crystal." Ye Chen saw that Hai Rang had just taken an ancient magic container crystal.

"It's bad, there must be great power in it." Chu Yuechan said to Ye Chen that in the ancient magic container crystal there must be great power.

"I can't let this happen" Ye Chen couldn't let this happen, he couldn't let what happened.

"God Slayer Lightning Shot" Ye Chen had to put up a fight, he couldn't help but watch Hai Rang use the ancient magic container crystal.

The ancient magic container crystal was a crystal used to store extremely destructive power, within it was a technique that was extremely powerful and could damage anything when it was released.

Since Hai Rang had taken it, Ye Chen could be sure that Hai Rang would release the power inside the ancient magic container crystal towards him.

Hai Rang had finished casting a spell, now he could unleash the power inside the ancient magic container crystal towards Ye Chen.

"Feel this" the power in the ancient magic container crystal came out and headed towards Ye Chen.

A blue light shot out from the ancient magic container crystal and shot at a very fast speed towards Ye Chen.

"I won't lose" Ye Chen shot a God Slayer Lightning Shot, he used his full power in this attack.

Ye Chen didn't know how strong the power in the ancient magic container crystal was, if it had such a terrifying power inside, it would definitely be very dangerous for Ye Chen.

"Boom" A very large explosion occurred, this huge explosion was so large that it made an extraordinary explosive impact.

"Damn" Ye Chen was blown away by this huge explosion, this huge explosion blew Ye Chen out of the Green Dwarf Star.

Not only was Ye Chen blown away, Hai Rang and his army were also blown away by this explosion.

This explosion was quite large, it shattered a portion of the Green Dwarf Star.

"As I thought, the power that lies within The ancient magic container crystal is very strong." The power in the ancient magic container crystal is very strong, if Ye Chen does not use his full strength, he may suffer a lot.

"I used too much profound energy to use God Slayer Lightning Shot" Ye Chen used too much of the power he had when using God Slayer Lightning Shot, now Ye Chen doesn't have much profound energy.

"Better retreat first, Ning Xia and Xueying must be very far away." Chu Yuechan advised Ye Chen to retreat, Ye Chen was already good enough to be able to hold off the troops of the Immortal Profound Sea Realm for a long time.

"It seems that I need a lot of strength to fight against the Immortal Profound Sea Realm, the strength of the Immortal Profound Sea Realm is far greater than I imagined." Ye Chen had now gotten a bit of an idea of ??the Immortal Profound Sea Realm, now Ye Chen could measure the strength of the Immortal Profound Sea Realm.

"Okay, time to use the Teleportation Ring." Ye Chen used the Teleportation Ring, he immediately moved to his home in the Sky Cloud Peak Star Realm.

After the explosion just now, Hai Rang suffered injuries, he was close enough to the source of the explosion that he had injuries to several parts of his body.

"Commander Hai Rang, are you okay" the surviving troops went straight to Hai Rang and saw Hai Rang's condition.

"I'm fine, quickly go and find that person, maybe he was injured by the attack just now" Hai Rang ordered his people to look for Ye Chen's whereabouts.

Hai Rang didn't care about his safety, he cared more about finding Ye Chen and completing the mission he had.

With Hai Rang's order, everyone immediately rushed over and found Ye Chen's whereabouts, they all scattered and tried to find Ye Chen's whereabouts around this place.

Countless troops from the Immortal Profound Sea Realm circled around this place, all of them looking for Ye Chen's whereabouts which might not be far from this place.

They didn't know that Ye Chen had already left, so they wouldn't be able to find the whereabouts of Ye Chen in this place.

What the Immortal Profound Sea Realm was doing naturally caused some great powers to gather, some to come and see what the Immortal Profound Sea Realm was doing.

"Looks like the Immortal Profound Sea Realm has suffered a loss." Sun Xuanyin appeared in the distance, she saw the Immortal Profound Sea Realm troops looking for Ye Chen's whereabouts.

Sun Xuanyin immediately came upon hearing the news of the Immortal Profound Sea Realm's move to capture the Mask Hero, this time she came to see what had happened.

The last time Sun Xuanyin was injured and received a punishment from Sun Quan for causing harm to Eternal Sun Star Realm.

"Young lady, should we join us in looking for that person, perhaps she is not too far from this place?" Around Sun Xuanyin was a maidservant, she came here together with Sun Xuanyin.

"That's not necessary, I'm sure he's not around this place anymore, that guy is much smarter than you think." Sun Xuanyin was absolutely certain that Ye Chen was no longer here.

"More importantly, why did the moon goddess come here?" Sun Xuanyin looked back, she saw the figures of Yue Ya and her servant Vei.

"I should have asked you, why are you in this place?" Yue Ya returned the question asked by Sun Xuanyin.

"I only came here because I was interested in what was happening." Sun Xuanyin said that she was here because she was interested in what was happening.

"You won't be able to lie to me, you must have come here to take revenge for what happened, I heard that you suffered a crushing defeat when you met the Mask Hero" Yue Ya had already guessed what Sun Xuanyin was doing in this place.

"Who lost, I didn't lose to him that time, it's just that I was weak so I couldn't win" Sun Xuanyin refused to lose, she hated it the most when someone mentioned her weakness.

Sun Xuanyin was a perfect woman in every way, one could say that she had all the advantages, so Sun Xuanyin did not accept defeat by anyone.

"Everyone in the God Realm already knows about the matter, it's not good to avoid it," Yue Ya said to Sun Xuanyin.
