

A True God 1681

Chapter 1681 sucked in by a very strong whirlpool

"You guys made a big mistake" Ye Chen said to everyone.

"You are the one who made a big mistake" everyone said to Ye Chen.

"I don't have time to serve all of you, I'm sorry" Ye Chen didn't have time to fight against these people.

Ye Chen had created such a mess, everyone in this place immediately saw Ye Chen as his enemy.

There are so many people who are scrambling to get a compass, they are all scrambling to get a compass that can take them to the entrance of the Elven village.

The number of these compasses is only a few, they have to fight to be able to get the compass.

They have to kill each other and fight each other to get the compass.

"Why are there stupid people like this?" Ye Chen shook his head, why are there still stupid people like them.

"God Domination Pressure" Ye Chen used God Domination Pressure, an extremely terrifying pressure appeared in and enveloped everyone in this place.

99% of the cultivators in this place fainted on the spot, they all fainted on the spot while facing Ye Chen's terrifying pressure.

There were only a few people who managed to survive, and even then they broke out in cold sweat.

After immobilizing everyone, Ye Chen went straight to the direction the compass was located.

"I took this" Ye Chen said to the person in front of him, he said that he would take the compass.

The person in front of Ye Chen was silent like a statue, he couldn't speak normally anymore, the person in front of Ye Chen was extremely frightened, he was frightened by the bullying power that Ye Chen had just done.

"Okay, I managed to get it" Ye Chen was happy because he had managed to get a compass that would take him to Elven village.

After Ye Chen managed to get what he wanted, Ye Chen immediately left.

Ye Chen used the compass to figure out which direction he should go.

"Oh there, good" Ye Chen immediately left, he went straight to the direction indicated by the compass in his hand.

"Stop, hand over the compass in your hand." After a few minutes Ye Chen was again blocked by several people, these people came and asked for Ye Chen's compass.

"How did they find me?" Ye Chen did not expect that his whereabouts would be discovered by others.

"Friend, what are you saying, I'm not holding a compass" Ye Chen said to the people in front of him.

"Do you want to lie to us, you obviously keep the compass to the Elven village," said one of the people to Ye Chen.

"I already told you that I don't have it, why don't you just leave, otherwise I will be angry with you" Ye Chen said to the people in front of him.

Ye Chen is lazy to deal with these people, it will only be a waste of Ye Chen's time.

"You are too arrogant, you will suffer the consequences" these people attacked Ye Chen, they made several attacks towards Ye Chen.

Ye Chen didn't want to fight and wasted his time, he waved his arm and flew everyone away as far as possible.

"These people, why are they bothering so much" Ye Chen was dissatisfied with what had happened.

"There he is, he is the one holding the compass" Just after Ye Chen defeated the person in front of him, there were thousands of people surrounding Ye Chen.

"Isn't this a little strange, how can they know" Ye Chen saw that not only one person found the compass in his hand, there were countless people who discovered Ye Chen's whereabouts.

"It seems they have something pointing them in the direction of the compass in your hand" Chu Yuechan said to Ye Chen.

"I don't know about this matter, I came late, so I don't know what the rules are." Ye Chen came late, so Ye Chen didn't know the rules.

Ye Chen might not be considered a participant, rather Ye Chen was an intruder who participated by breaking the barrier.

"They're so annoying, why don't you just chase them away." Chu Yuechan told Ye Chen to get rid of everyone who was bothering him.

"Even without you telling me to drive them all away" Ye Chen would of course do it, he chased everyone away with his strength.

"Sky Wind Law" Ye Chen's blew everyone away, he blew away everyone who surrounded him.

One strike was enough for Ye Chen to repel everyone in this place.

The people who took part were not very strong, Ye Chen had not found a competitor comparable to him, so in this place Ye Chen was invincible.

"I better go immediately" Ye Chen decided to leave immediately, he didn't want to be found by others.

Ye Chen was now the wanted fugitive by all the participants, the existence of the compass in his hand made everyone search for him.

Ye Chen used the fastest speed he had, he jumped between the trees.

Even though Ye Chen had already used his full speed, in fact Ye Chen was still found by some people, some people found the existence of Ye Chen and attacked him.

Ye Chen only needed to use a little of his ability to fight all the enemies.

Ye Chen had already defeated more or less hundreds of thousands of people, the number of people participating was far more than Ye Chen had expected.

It wasn't strange that they all tried to snatch the compass from Ye Chen, it was because the people who could enter the Elven village were restricted.

Ye Chen didn't know the exact number of people who could enter the Elven village, Ye Chen would secure a place for himself.

Ye Chen was brought to a waterfall by a compass, this waterfall has very clear and beautiful water.

"Is this the place?" Ye Chen saw that the compass in his hand was spinning erratically, that meant this was the place where the entrance to the Elven Village was located.

"Looks like it's downstairs" Chu Yuechan said to Ye Chen.

Chu Yuechan felt a portal under the waterfall, it seemed that this was the entrance to the Elven village.

"Then I'll just go ahead." Ye Chen dived down, Ye Chen didn't think twice about diving down.

Ye Chen was sure that everything would be fine, so there was nothing to worry about.

Ye Chen entered the water and started to descend downwards, this waterfall has a decent depth.

When Ye Chen dived down, Ye Chen found a whirlpool sucking him in.

The power of the whirlpool decoration is very strong, Ye Chen tries to get out of the whirlpool,

Ye Chen uses the full strength he has, when Ye Chen does that, he finds that he can't get out of the very strong whirlpool.

"damn . . ." Ye Chen cursed, he couldn't do anything in this situation.

He could only resign himself to being sucked in by the whirlpool, there was nothing Ye Chen could do in this kind of situation.

"How strange why am I dizzy" Ye Chen started to feel dizzy, he started to get dizzy and lost his sight.

"Master, are you okay?" Chu Yuechan said to Ye Chen, she said to Ye Chen who was starting to lose consciousness.

"I can't hear you" Ye Chen couldn't hear what Chu Yuechan was saying, he felt his consciousness becoming more and more blurry.

Ye Chen was drawn into the whirlpool, he completely lost consciousness the moment he entered the whirlpool.

The whirlpool swallowed Ye Chen and instantly disappeared, the waterfall returned to its initial state, the huge vortex disappeared along with Ye Chen.

Chapter 1682 you are late

Under Huang Ying's training, Xia Qingyu should be able to become a great cultivator, Huang Ying's teaching method was almost the same as Ye Chen's, so everything should be fine.

Ye Chen also helped with the training, she took the time to train Xia Qingyu and Mu Nianci.

.

.

Time flies so fast, in a blink of an eye a few weeks have gone by very quickly.

Ye Chen was now much more mature than before, his appearance becoming more and more handsome.

Ye Chen spent quite a bit of time inside the fairy gate, it wasn't strange that his appearance had changed quite a bit.

In addition, Ye Chen often spent time doing Dual Cultivation together with women, so Ye Chen's strength became even stronger.

Ye Chen's experience is also getting richer, he has become a very, very great person.

"I think it's time" After a long time, it was finally time to go to Elven village.

Ye Chen said goodbye to the others, Ye Chen didn't know when he would be able to return, so Ye Chen hoped they could take good care of themselves and help each other when the situation was not good.

"Take care of yourself" Li Jingyi told Ye Chen to take good care of himself, Li Jingyi didn't want anything to happen to Ye Chen.

"Don't worry, I'm fine, you just trust me, no one can beat me" Ye Chen said to Li Jingyi.

"I know, it's just that I don't want anything to happen to you, you are sometimes weak to women, beautiful Elf race, you might be deceived by them" Li Jingyi warned Ye Chen.

Ye Chen only smiled as he listened to what Li Jingyi had to say.

Ye Chen didn't know yet like the Elf Race figs, whether they were as described or not, Ye Chen was quite curious.

For that Ye Chen wanted to find out about this matter, he wanted to find out directly about this matter.

If indeed they were beautiful, Ye Chen would probably consider bringing one home.

Hopefully Ye Chen could do that, he had never heard of anyone bringing an Elf girl back to the God Realm, whether Ye Chen would be able to do it or not, it depended on Ye Chen's abilities.

After saying goodbye to everyone, Ye Chen went to the place where the entrance to the Elven village was located.

It just so happened that Nangong Xiang had already given the coordinates to Ye Chen, So Ye Chen could easily go to that place.

With the dimensional strength that Ye Chen had now, he could go anywhere very quickly, Ye Chen only needed a few minutes to get to where he wanted to go.

Ye Chen arrived at a place full of debts, flowers and lots of bushes.

At first glance this is a very beautiful nature reserve, this place is very well maintained.

It was as if this was a Place created for the life of living beings.

"Is this really the place?" Ye Chen didn't see anyone, this place was very quiet.

"I don't know, maybe you're in the wrong location," Chu Yuechan said to Ye Chen.

Ye Chen is most likely in the wrong place, otherwise why is this place so quiet, there is no sign of humans around this place, only animals are around Ye Chen.

"Let's go around for a bit" Ye Chen invited Chu Yuechan to tour around this place.

Maybe they could find something around this place, there must be something around this place.

Ye Chen wandered around for a while, as he wandered around he met a huge tree monster.

"Should we ask him?" Ye Chen asked Chu Yuechan.

"Why don't you just ask him, tree monsters should be the kind of monsters that are very friendly to people" Chu Yuechan said to Ye Chen.

"Okay, let's go" Ye Chen was about to leave, he went to the tree monster.

"hello. . . ." Ye Chen gave his greetings to the tree monster.

"Oh, human why are you here?" The tree monster asked Ye Chen.

"I want to enter the Elven village, can you show it?" Ye Chen asked the tree monster.

"Oh what a shame, the entrance just closed, you are late" said the tree monster to Ye Chen.

" what ! ! !" Ye Chen was quite surprised when he heard this, he didn't expect that he would be late.

"How is that possible?" Ye Chen asked the tree monster, Ye Chen did not expect that he would be late.

Ye Chen thought that he would come first, but in fact he came too late.

"Is there no other way to get in there?" Ye Chen asked the tree monster.

Ye Chen asked if there was a way to get inside, he had to go inside.

"It seems impossible, you see that dome, it is the entrance to the forest which is the location of the entrance to the Elven village.

"Now that it is closed, until everything is finished, then it will not open" said the tree monster to Ye Chen.

The tree monster explained to Ye Chen carefully, he explained about the forest that was the place to look for the entrance to the Elven village.

Ye Chen looked at the forest covered by an ancient barrier that looked very strong, until it was finished, then this barrier would not disappear.

Ye Chen started to think, he might be able to get in there, he has the power to do just that.

"Can you explain what the rules are like in there?" Ye Chen asked the tree monster, he still didn't really know the rules.

"It's very easy, you just need to find a hidden door that's in there, this door often moves, and the number of people who can enter is very, very few, so you have to fight with each other" said the tree monster to Ye Chen.

"Oh, so that seems really easy." Ye Chen felt that this would be a very easy thing to do.

"It won't be as easy as you think, you should know that the forest in front of you is very, very large, so don't expect to find it easily" said the tree monster to Ye Chen.

As the guardian of this place, the tree monster can confirm that this place is very, very spacious, it is not easy to find the entrance to the Elven village.

"But you're too late, looks like you won't have another chance" the tree monster said to Ye Chen.

Ye Chen was already late, so he could no longer enter the Elven village.

"Who said I can't go inside" Ye Chen said to the tree monster in front of him.

"what did you say?" The tree monster didn't believe what Ye Chen said, it was quite hard to believe what Ye Chen said.

This ancient barrier had existed for a very long time, until now no one had been able to forcibly enter this place.

No matter how strong they were, they would not be able to break this ancient barrier.

"I said I will forcibly enter" Ye Chen said to the tree monster.

"That's impossible, you won't be able to do it, forget it" said the tree monster to Ye Chen.

what Ye Chen said was impossible, to be honest what Ye Chen said was almost impossible.

"Just watch, I'll do it" Ye Chen can definitely do it, he can now do whatever he wants.

Chapter 1683 Direction compass

Ye Chen felt that he could do everything, breaking through the ancient barrier was not a difficult thing to do.

"That's impossible" the tree monster doubted what Ye Chen said, he considered what Ye Chen said to be a mere hoax.

"Take a good look at this." Ye Chen said to the tree monster.

Ye Chen stepped forward, now he was in front of the barrier.

The tree monster looked at Ye Chen, still not believing what Ye Chen had done, Ye Chen was just boasting in front of himself.

Ye Chen stretched out his hand in front of the barrier, as Ye Chen did this, the barrier in front of Ye Chen started to shake.

The barrier started to open on its own, a gap not too big in size appeared.

the size of the gap is estimated to be 1.5 x 2.5 meters, this is enough to make a person's body enter.

"I'll go first, thank you very much for your information" Ye Chen was grateful for the information that had been given.

"You, who are you ? " After seeing what Ye Chen did, the tree monster asked Ye Chen.

"I am just an ordinary cultivator" Ye Chen replied.

After saying that, Ye Chen stepped inside the barrier, Ye Chen's figure saw and left his shadow.

"I won't believe what I just heard" Honestly the tree monster didn't believe what Ye Chen said, trusting Ye Chen's words was a difficult thing to do.

This tree monster turned out to be the guardian of this place, he knew how strong the barrier was in this place, it was very difficult to break the barrier that was in this place it could be said it was an impossible thing to do.

The guardians in this place are curious about Ye Chen, who exactly is Ye Chen and how can he have such a strong ability, Ye Chen must be hiding something from him.

"A person who can do this, I didn't expect that there would be someone who was able to break this strong barrier, it seems that something interesting will happen in Elven Village".

"Time to go back to sleep" Seeing what his task was done, the tree monster went back to sleep, he turned into an inanimate tree.

After entering the barrier, Ye Chen was treated to a place filled with very, very dense trees, as far as his eyes were only trees that were several miles high.

"It seems impossible to fly" Seeing the many vines around this place, Ye Chen could confirm that he would not be able to fly around this place.

"Master, try attacking the tree in front of you." Chu Yuechan told Ye Chen to attack the tree in front of him.

" why?" Ye Chen asked Chu Yuechan, why did Ye Chen have to do such a thing.

"Never mind, do it quickly" Chu Yuechan told Ye Chen to do it quickly, she wanted Ye Chen to immediately attack the tree in front of him.

"Okay, I'll do it" Ye Chen nodded, he concentrated his strength in his palm and started attacking the tree in front.

"Bam" Ye Chen's attack landed on a giant tree, the attack made by Ye Chen was very strong and made a very powerful blow.

"This tree" Ye Chen looked at the tree in front of him which was still standing firmly even after receiving Ye Chen's attack.

"This tree channeled every strike into the ground, which is why it was able to withstand your attacks" Chu Yuechan said.

"What if I cut it?" Ye Chen said to Chu Yuechan, since physical attacks don't work, why not cut him off with a weapon.

"Yes, you can do it, but it will take a long time" Chu Yuechan said to Ye Chen.

"It can be said that everyone will not be able to get rid of the giant tree that is in this place" Ye Chen said to Chu Yuechan.

"That's right." Chu Yuechan nodded, that was what she wanted to say to Ye Chen from the start.

Ye Chen nodded, now is the time to look for the door leading to the Elven village.

"Can you help me?" Ye Chen asked Chu Yuechan, he wanted Chu Yuechan's help to find the entrance to the Elven village.

"I'll give it a try." Chu Yuechan said that if she was going to give it a try, she would help Ye Chen find the Elven village.

"But this place is quite spacious, finding it won't be easy, plus you have quite a number of rivals" Chu Yuechan said to Ye Chen.

"No need to think about it, just focus on the search, I'm sure it won't be easy to find the whereabouts of the Elven village." Ye Chen was sure that finding the Elven village would not be easy to do.

Ye Chen started his adventure, he traveled among the many trees around this place.

The number of trees in the vicinity was overwhelming, counting them was something that was impossible to do.

The most troublesome thing is the vines around this place, the vines around this place are very annoying.

"I don't see any monsters or magical beasts around this place." Ye Chen didn't find any magical beasts around this place, so far there were only forests that Ye Chen could see.

"Boom. . ." just ahead there was a fairly large explosion.

Ye Chen could hear this big explosion, seeing this Ye Chen immediately checked what was going on.

When Ye Chen arrived at the source of the explosion, Ye Chen saw a battle being fought by several people.

Everyone was attacking each other, they all didn't look allied, it could be said that they were individuals looking for existence from the entrance of the Elven village.

"What are they fighting over?" judging from the battle that was going on, Ye Chen could tell that they were fighting over something.

"Look over there, they are fighting over something like a compass." Chu Yuechan saw a compass that people around this place were fighting over.

"Compass, don't tell me it's a guide to the entrance of Elven village." Ye Chen immediately knew what was going on.

This must be a compass that can lead Ye Chen to the Elven village.

"I'll get it" Ye Chen didn't think long, he immediately went to get the compass.

Ye Chen took a mask, he would scare everyone in this place.

In order to scare everyone in this place, Ye Chen decided to make a dramatic appearance, this would make everyone afraid of Ye Chen.

"Boom. . . ." Ye Chen fell to the ground with full strength, the ground that was under Ye Chen was instantly lifted into the air the moment Ye Chen arrived.

The fighters who were fighting instantly stopped on the spot, they all stopped right there and saw what was going on.

What Ye Chen did had attracted everyone's attention, so it was not strange that everyone was looking at Ye Chen.

Ye Chen emerged from behind the dust, he walked with steps that were full of domination.

"Hand over the compass now." In a voice filled with dominance, Ye Chen ordered to hand the compass over to him.

"Who is this idiot who just came, doesn't he see that we are fighting each other to get the compass?" People sneered and insulted Ye Chen, even though everyone in this place was eyeing each other's compass to Elven village.

"I warn you, don't make me angry" Ye Chen said to everyone on the battlefield.

"Bastard, you want to die" several people attacked Ye Chen, they came and attacked Ye Chen.

Chapter 1684 sucked in by a very strong whirlpool

"You guys made a big mistake" Ye Chen said to everyone.

"You are the one who made a big mistake" everyone said to Ye Chen.

"I don't have time to serve all of you, I'm sorry" Ye Chen didn't have time to fight against these people.

Chapter 1685 Fan Fumi

Meanwhile in a place full of beautiful trees that are neatly arranged, there is a village that stands in it, this village is made of tree wood and arranged very neatly, the roof is made of wood too which has been cut into sheets.

In this village there are quite a number of houses, it is estimated that there are more than 200 houses.

"fufufufufufu" the laughter of the women was heard in this place, the voices of these women sounded very melodious, this voice was like a beautiful bird chirping.

The women here have long pointed ears, they have the same hair color which is yellow.

Their bodies were extremely fine and slender, not a single bit of it appeared to be excessively heavy.

This is a fairly large Elf village, there are hundreds of Elves living in this place, they are women with beautiful appearances.

Elf looks are the best, they have a good average appearance like models.

It is not strange that they are described as a beautiful and handsome race.

"Are we going hunting today?" a beautiful woman with long hair and large double tops.

Behind her back was a bow made of a very well shaped and carved wood.

Judging from what was on this woman's back, it seemed that the female Elf wanted to hunt for something.

"Fumi we're not hunting today" one of the women answered a question from a female Elf named Fumi.

" why ?" Fumi asked the woman in front of her, even though every week they would hunt monsters and practice their skills in self-defense.

This woman's name is Fan Fumi, she is one of the Elf women with the best cultivation and combat abilities in this village.

"Didn't you hear the news?" another Elf asked Fan Fumi.

"what news?" Fan Fumi didn't know what he was talking about, he didn't know what news he was referring to.

"The kingdom forbids all the elves that exist to hunt, so we won't hunt until the appointed time" said one of the women to Fan Fumi.

"Ehhhh, how could that be. . ." Fan Fumi was not happy when she heard about this, even though she was already quite excited to hunt some monsters.

"No, if we break it and get caught, we'll get into a pretty serious problem, so don't overdo it" the female Elves said to Fan Fumi.

All the Elves here didn't dare to do anything that got them into trouble, moreover it was a direct order from the kingdom, if they disobeyed it, they would get into quite a serious problem.

Fan Fumi pouted, even though she was already quite excited, she didn't expect the situation to turn out like this.

"Go back to your place" The female elf told Fan Fumi to go back, they would hunt when the situation allowed for all of them.

"Okay, I understand" Under the pressure from the female Elf who was more senior than herself, Fan Fumi had no choice but to obey, she returned to her house.

Fan Fumi returned to her house, she looked very disappointed with what had happened, even though Fan Fumi was already very excited, but it was all in vain, they couldn't go out and hunt.

"This sucks" Fan Fumi grumbled, she was very upset about what had happened.

Fan Fumi buried herself in the bed, she thought about why she couldn't go hunting.

Fan Fumi couldn't get out, therefore, she could only lie lazily on the bed.

"So boring" Fan Fumi feels very bored, staying at home is very boring, Fan Fumi doesn't know what she can do in a situation like this.

"Why don't I just do it" While lying lazily on the bed, Fan Fumi came up with an idea, why didn't he just go hunting, she could sneak away from the guard in the village.

"Okay, I'll do it" Fan Fumi had made up her mind, she immediately took back her bow and slipped out of the village.

Fan Fumi sneaks out, she gets out of the village by hiding behind houses.

"The guard is not too tight, I can go." Fan Fumi looked around, she found that there was no guard around.

Fan Fumi immediately left, she ran and headed towards the forest to hunt.

No one was aware of this matter, they were not aware that Fan Fumi had left.

Fan Fumi's character is like that, she always acts as she pleases.

Fan Fumi entered the forest not far from the village, where they usually hunted small monsters.

The forest nearby is quite safe, there are not many strong monsters that can threaten life, there are only small monsters and a few tame animals living in this forest.

Fan Fumi started to jump between the trees, she made sure not to be seen by the enemy while spying on the enemy.

Fan Fumi is not stupid, because there is a prohibition to leave the village, so she can't fly, she will be easy to find if she flies over the trees, that's why Fan Fumi decided to jump between trees to hide her whereabouts.

"There's a monster" Fan Fumi found an earth pangolin monster, the ground pangolin monster has a strong defense and a sturdy body, the shield on its body helps it in fighting the enemies, this is a ferocious monster that will attack anyone who dares to enter its territory.

Fan Fumi took the bow on her back, she aimed at the target using her bow.

This monster was weak, which was why Fan Fumi could take this opportunity to shoot at the pangolin monster's weak points.

Even though it has a tough body, the pangolin monster still has quite a lot of gaps, as long as Fan Fumi can shoot at the weak point, then Fan Fumi can kill this monster.

Fan Fumi was quite focused while aiming at the target, she used the profound energy she had to amplify the power of the arrow shot.

"Whoosh. . ." Arrows were fired, arrows shot at incredible speed towards the enemy.

The pangolin monster sensed the arrival of the attack launched by Fan Fumi, this monster immediately enveloped its body using the hard shield on its body.

"Clang . . ." Fan Fumi's arrow shattered as it hit the pangolin monster's hard shield, the arrow's power still couldn't penetrate the pangolin monster's shield.

After parrying Fan Fumi's attack, the monster spun around and headed straight for Fan Fumi.

pangolin monster made an attack towards Fan Fumi who had barged into his territory.

"ahhh" Fan Fumi shouted, she tried to dodge the pangolin monster's attack which was very dangerous.

"Boom. . ., boom . . ., boom . . ." the trees and plants around this place were instantly destroyed, it was because the pangolin monster's attack power was very strong.

"I have to run away." Seeing that there was no way to fight back, Fan Fumi decided to leave this place, she quickly left this place and ran away from the pangolin monster.

The pangolin monster didn't let go of Fan Fumi easily, it chased after the fleeing Fan Fumi.

Fan Fumi ran as fast as she could, she dodged and made several diversions to escape.

Fan Fumi is very intelligent, she is able to distract the attention of her enemy, the pangolin monster is successfully diverted by Fan Fumi.

After successfully escaping, Fan Fumi rested near the river, she looked exhausted after running long enough to dodge the pangolin monster's attack.

Fan Fumi went to get some water to drink, while she was doing that, Fan Fumi found someone floating on the water.

"Ah corpse" Fan Fumi shouted, she screamed when she saw the figure of a person floating on the water.

Chapter 1686 Fan Fumi tries to save Ye Chen

Fan Fumi was scared, she immediately moved away from the river and hid behind a tree, Fan Fumi peeked out to observe who was floating on the water.

"Uh, he's not an Elf?" when Fan Fumi took a closer look, she discovered that the person in front of her was not an elf, the shape of his ears was not that of an elf.

"Uh, what's that?" Fan Fumi was curious, she wanted to know what was in front of her.

Fan Fumi decided to get closer, herself getting closer to the person floating in the river.

Fan Fumi approached and found someone wearing a mask, this person was quite strange because he was wearing a mask.

Fan Fumi drags him to shore, she helps him to see more details about the person being rescued.

Fan Fumi saw that the person in front of her was still alive, this person was still alive.

"Who is he?" Fan Fumi asked who the person in front of her, she was curious about the person in front of her.

The person who was saved by Fan Fumi was Ye Chen, she saved Ye Chen who was carried away by the river current.

Fan Fumi took off Ye Chen's mask, she wanted to see more clearly about Ye Chen.

Just as Fan Fumi was about to take off Ye Chen's mask, from behind came an ominous voice, this was a pangolin monster chasing Fan Fumi.

"Ah. . ., that's terrible." Fan Fumi felt a dangerous feeling, she immediately helped Ye Chen out of this place.

When Fan Fumi tried to lift Ye Chen, he found that Ye Chen's body was very heavy, Fan Fumi could not lift Ye Chen's body.

"This person is so heavy" Fan Fumi couldn't lift Ye Chen, she couldn't lift Ye Chen's body which was so heavy.

"Impossible, I can't do it" Fan Fumi gave up, she was unable to lift Ye Chen's body, Ye Chen's body was too heavy for Fan Fumi to lift.

"Hey wake up. . ." Fan Fumi tried to wake Ye Chen, she tried all kinds of ways to wake Ye Chen.

Unfortunately Ye Chen still didn't want to be woken up, he was still fast asleep like he couldn't wake up.

Fan Fumi tried to drag Ye Chen, Fan Fumi dragged Ye Chen under a tree that had a gap to enter.

With Fan Fumi's efforts, Fan Fumi managed to get Ye Chen into hiding.

Fan Fumi immediately hid her whereabouts, making sure not to be found by the pangolin monsters.

The pangolin monsters were around the tree where Ye Chen and Fan Fumi were hiding, these monsters circled this place to find the whereabouts of Fan Fumi.

Fan Fumi was very worried, she was confused about what to do in a situation like this, she could only hide until the pangolin monster left her.

"Ummmm. . . ." Ye Chen got up, he started to open his eyes and got up from the ground.

"Where is this?" Ye Chen started to ask where he was now, Ye Chen's last memory was when he was sucked in by a very strong whirlpool.

"Shh" Just as Ye Chen had just made a sound, he heard someone telling him to be quiet.

Ye Chen immediately looked to the side, when Ye Chen looked to the side, he found a woman with blonde hair and long pointed ears.

This woman's appearance was extremely beautiful, she actually had smooth and milky white skin.

"elf. . .?" Ye Chen did not expect that the first time he opened his eyes he would meet such a beautiful elf.

"Shut up, you don't know the current situation" Fan Fumi told Ye Chen to be quiet, Ye Chen was too noisy.

"What's wrong, why do you look tensed?" Ye Chen asked Fan Fumi, he wanted to know why Fan Fumi looked tensed.

Fan Fumi wanted to explain their current situation, but explaining to Ye Chen was something that was difficult to do.

with their current situation, it was impossible for Fan Fumi to explain the matter that was going on.

"Crack. . . ." suddenly when the tree they made a hiding place was destroyed, the pangolin monster ran over the tree until it fell and crumbled.

"Let's run" Fan Fumi asked Ye Chen to run, they had to run away from this monster as soon as possible.

"Where do you want to go?" Ye Chen was dragged away by Fan Fumi, Ye Chen was dragged away from this dangerous place.

Their safety was in danger, so they had to quickly leave this place and escape from the monsters.

Ye Chen and Fan Fumi ran, they both went away from the pangolin monster.

pangolin monsters, continue to chase Ye Chen and Fan Fumi, these monsters are chasing and want to kill Ye Chen and Fan Fumi.

With Fan Fumi's ability and experience, she managed to get Ye Chen to escape.

"Humph. . . , that was close." Fan Fumi was relieved that she was able to escape, that was close, Fan Fumi almost died from being run over by a pangolin.

"Miss Elf, what is your name?" Ye Chen asked Fan Fumi, he asked what is Fan Fumi's name.

"I am Fan Fumi, you alone, who are you, you look so strange" Fan Fumi asked Ye Chen, she felt Ye Chen was a little strange.

"My name is Ye Chen, I am human" Ye Chen said to Fan Fumi.

"Wow, you're human" Fan Fumi's eyes immediately lit up as she listened to what Ye Chen had just said.

To be honest, what Ye Chen said was very shocking to Fan Fumi.

"Why do you react like that?" Ye Chen asked Fan Fumi, why did Fan Fumi react like that.

"You know that humans are something very rare, I have never seen a human like you" Fan Fumi said to Ye Chen.

Fan Fumi kept her eye on Ye Chen from top to bottom, her interest in Ye Chen was very high, so it wouldn't be strange for her to keep watching Ye Chen from top to bottom.

Fan Fumi was very curious about Ye Chen, to be more precise he was very curious about the human race.

Ye Chen let Fan Fumi do what she wanted, as long as Fan Fumi didn't do anything out of bounds, then it would be fine for Ye Chen.

"Fumi Fumi, may I ask where are we right now?" Ye Chen asked Ye Chen, he asked where they were at this time.

"Of course you are in the Elven village area, it's just that we are in a small village located in a quite remote part" Fan Fumi said to Ye Chen.

"Oh, so we're on the outskirts." Ye Chen understood the situation he was in, it seemed that Ye Chen was in an Elf village which was quite remote.

The Elven village was enormous, an area so large that it covered hundreds of Millions of square miles.

"What made a human like you come here?" Fan Fumi asked Ye Chen.

"I'm looking for something" Ye Chen told Fan Fumi that he was looking for something.

" what's that?" Fan Fumi asked Ye Chen, Fan Fumi wanted to know what Ye Chen was trying to find, maybe he could help him.

"I am looking for Flower of Life Seven Color, do you know?" Ye Chen asked Fan Fumi.

"Flower of Life Seven Color, what is it?" Fan Fumi had never heard of it, rather she didn't have much experience on this matter.

"Never mind, it seems you don't know about this matter." From the reaction Fan Fumi showed, it seemed that she knew nothing about this matter.

"I'm sorry, even though I said I wanted to help you" Since Fan Fumi didn't know what Ye Chen was looking for, she apologized to Ye Chen.

Chapter 1687 Happiness forest village

"I thought you wouldn't know" Ye Chen had already guessed this matter, he was sure that Fan Fumi wouldn't know about this matter.

Fan Fumi pouted as she listened to what Ye Chen said, Ye Chen was a little annoying.

"You're a little annoying" Fan Fumi said to Ye Chen, Fan Fumi was very honest, she said that Ye Chen was annoying.

"Yeah, I'm a little annoying," Ye Chen replied.

"-_- " Fan Fumi couldn't think anymore, how could Ye Chen say such a thing, to be honest it was very complicated.

"How did you get here?" Fan Fumi asked Ye Chen, Fan Fumi asked how Ye Chen get to this place.

"Oh that, I came here to follow this thing" Ye Chen said to Fan Fumi.

Ye Chen took out a compass that led him into the Elven village, he showed it to Fan Fumi.

Fan Fumi didn't know the compass in Ye Chen's hand, as an Elf resident living in a remote place, Fan Fumi's knowledge was still limited.

Especially on the human side, she doesn't know anything about the God Realm.

Ye Chen saw Fan Fumi's reaction, from Fan Fumi's reaction, Ye Chen could tell that Fan Fumi didn't know what was in his hands.

"Looks like she's just an ordinary woman" Ye Chen saw that Fan Fumi was just an ordinary woman, there was nothing too special about Fan Fumi.

"Boom. . ." While Ye Chen was talking to Fan Fumi, the pangolin monster was approaching again, it was still chasing Ye Chen and Fan Fumi.

"That monster sucks, he still doesn't want to let us go." Fan Fumi was helpless, the pangolin monster still didn't want to let go of them.

"What have we done to make the monster angry?" Ye Chen asked.

"That, I shot it" Fan Fumi said to Ye Chen, Fan Fumi told the reason why the pangolin monster could be angry like that.

"It's not strange if the monster continues to chase, it turns out that from the start this was a mistake you made" Ye Chen said to Fan Fumi.

"It's not my fault, from the start I just wanted to hunt," said Fan Fumi to Ye Chen.

Fan Fumi explained that from the start he just wanted to hunt, unexpectedly the monster being hunted was quite strong and very aggressive.

"Isn't that the same" Ye Chen said to Fan Fumi, Ye Chen explained that everything was the same.

"Umm" Fan Fumi pouted, she was irritated by Ye Chen's behavior.

"Let's run away" Fan Fumi asked Ye Chen to run away, this place was no longer safe for them.

"Why do you have to run away?" Ye Chen asked Fan Fumi why they had to run away just because they were facing a monster that wasn't very strong.

"Why, do you want to die, I don't want to die, if you want to die, fight that monster" Fan Fumi said to Ye Chen.

Fan Fumi didn't want to take a risk, that's why she didn't choose to leave.

"Bam" The pangolin monster fell right in front of Ye Chen and Fan Fumi, it spun around really fast like a whirlwind.

"It's bad" Fan Fumi saw the pangolin monsters in front, it seemed they didn't have time to escape.

This was all because of Ye Chen, Ye Chen talked too much and made them unable to leave this place.

The pangolin monster took a stance, it was speeding towards Ye Chen and Fan Fumi.

The anteater monster wanted to run over Fan Fumi and Ye Chen, which was why it was advancing at an extremely fast speed and spin.

"Quickly dodge" Fan Fumi asked Ye Chen to dodge, they had to dodge the attack of the super strong pangolin monster.

If they were run over by this monster, Fan Fumi could be sure that they would die, not many people would be able to survive an anteater monster's attack as strong as this.

Ye Chen ignored the warnings given by Fan Fumi, he didn't show any signs of dodging the monsters' attacks.

Ye Chen raised one hand, he stopped the attack using his two fingers.

"Bam. . ." The pangolin monster's movement stopped immediately, the monster couldn't move anymore.

"Huh?" Fan Fumi gaped when she saw what Ye Chen did, what Ye Chen did was quite shocking to Fan Fumi.

Fan Fumi gaped when she saw what Ye Chen did, what Ye Chen did was quite shocking to Fan Fumi.

What Ye Chen did was unreasonable, how did Ye Chen stop the attack of the pangolin monster which was spinning very fast, it was a very difficult thing to do

"how could he do that?" Fan Fumi started to wonder, how could Ye Chen do something like that, what Ye Chen did was absolutely impossible.

"What?, this monster is weak, why are you afraid of a monster like this?" Ye Chen asked Fan Fumi.

"weak, do you think he is a weak monster?" Fan Fumi almost fell while listening to what Ye Chen said, what Ye Chen said was absolutely impossible.

Ye Chen just smiled, he smiled when he heard what Fan Fumi said.

The pangolin monster tried to push Ye Chen away, he tried his best to bump into Ye Chen.

The pangolin monster's efforts were fruitless, he was still unable to push Ye Chen away.

"I don't have time to deal with you, why don't you go there" Ye Chen used his legs to kick the pangolin monster.

The pangolin monster was kicked into the sky by Ye Chen, it seems that this monster will be flown quite far by Ye Chen.

Ye Chen clapped his hands to clean the dust, all matters were solved, the monster must have been flown far enough by Ye Chen.

"Wow you are very strong, is the human power that strong?" Fan Fumi asked Ye Chen, she asked Ye Chen about the strength that Ye Chen has.

Ye Chen has a very large and strong power, this makes Fan Fumi amazed by the strength that is possessed by Ye Chen.

"No, I'm not that strong." Ye Chen said to Fan Fumi, he wasn't that strong.

"You're lying, you can easily fly a monster just now, you must be strong" Fan Fumi didn't easily believe what Ye Chen said, she didn't easily believe what Ye Chen just said.

"Is there no strong cultivator in your place?" Ye Chen asked Fan Fumi, is there not a strong enough cultivator in this place.

"In the village there are only a few people with quite strong strength, the strongest Elf race is in the center of the Elven village, there are elders and Queen who have very strong strength," Fan Fumi said to Ye Chen.

"I see." Ye Chen nodded, it seems that Fan Fumi's place of origin is not very strong, it is not strange that she does not know many things.

"Can I go to where you live?" Ye Chen asked Fan Fumi.

"Of course, let's go, let's go, there must be a lot of people who will be surprised when they see you" Fan Fumi immediately dragged Ye Chen, she took Ye Chen to go to the village where she lived.

On the way Fan Fumi told the place where he lived, the place she lived was called the Happiness forest village, this place was very pleasant to live in, everyone was very happy to live in this place.

Chapter 1688 Village head Fan Yima

Ye Chen understood, it seemed that Fan Fumi's residence became an extremely beautiful place.

From Fan Fumi's character who is full of smiles and friendly, she is a woman who is full of happiness, the village where she lives is also a beautiful place.

Ye Chen arrived at the village where Fan Fumi lived, this place was quite beautiful and looked like an ancient residence untouched by the progress of the times.

"Quite beautiful and natural" Ye Chen saw that this place was beautiful and natural, everything in this place was still very well preserved, almost everything was well maintained and not damaged.

"Everyone look who I meet" Fan Fumi said to all the elves there, she told all the elves that she met a human.

"Who is it?" All the Elf were curious about Fan Fumi's words, all the Elf came and saw who Fan Fumi was referring to.

The moment they all gathered, all The elf saw the one with the mask beside Fan Fumi, this made all the elves.

"Who is this?" asked the Elves to Fan Fumi.

"He is human, I met him by chance" Fan Fumi told everyone in this place that Ye Chen was human.

"Wow human, is he one of the chosen ones" After hearing this matter, some of the Elves immediately knew what had happened, those who had a long life knew about the arrival of the chosen humans.

"Hello" Ye Chen greeted all the Elves in front of him.

"Why so many women?" Ye Chen saw that here were all women, he didn't find any male Elf around this place.

Ye Chen forgot about this matter, he saw that the Elves here were beautiful and had good bodies, they could all be said to be perfect models.

"Elves are really good, they have flawless body and appearance" Ye Chen admitted that Elves are beautiful, they have an appearance that is ideal for a woman.

"It's an honor to welcome you" the Elf leader in this village came out, he came out to meet Ye Chen.

The leader of this place has also become a woman, to be more precise an Elf with the appearance of a 27~28 woman who has a well-developed body.

The female elf greeted Ye Chen very kindly, she gave Ye Chen a smile.

Ye Chen nodded at the village leader, he nodded at the Elf leader in this village.

"Fumi, you must have violated the rules that your senior has given you," said the Elf leader to Fan Fumi.

"Chief Yima, I'm sorry" Fan Fumi apologized, he apologized for what happened.

The village leader's name is Fan Yima, she is responsible for everyone in this place.

"I will definitely give you some punishment, you just wait" Fan Yima said to Ye Chen.

"Chief Yima, please forgive me" Fan Fumi acted like a child who just made a mistake, she asked Fan Yima not to punish her.

It was obvious that Fan Fumi was afraid of the punishment Fan Yima was trying to give.

"No, you must still get the punishment you deserve for what you did" said Fan Yima to Fan Fumi.

Fan Fumi felt disappointed, she was disappointed because she got a punishment for what she had done.

"Can you not do that, she has helped me, so please let her go" Ye Chen said to Fan Yima.

"if you say like that" Out of respect for Ye Chen, Fan Yima will let Ye Chen go.

"Ye Chen thank you very much" Fan Fumi thanked Ye Chen, she was grateful for what Ye Chen did.

"Don't hug me like that, let me go quickly" Ye Chen told Fan Fumi to let go of him.

"I'm grateful, can't you respect me a little more" Fan Fumi said to Ye Chen.

"There are a lot of people around, don't embarrass me" Ye Chen said to Fan Fumi.

"I don't care" Fan Fumi didn't care, all the Elves here knew each other, so there was nothing to be ashamed of doing something like this.

"Sigh" Fan Yima coughed lightly, she coughed and warned Fan Fumi to be more respectful of Ye Chen.

"Ah. . . , I'm sorry" Fan Fumi realized what she had done, she was too disrespectful towards Ye Chen.

"Human, come with me, I will tell you the situation" Fan Yima invited Ye Chen to go to her place, she would explain what happened to Ye Chen.

"Okay, I do need a little explanation" Ye Chen said to Fan Yima.

Ye Chen needed a little explanation, she was still quite unfamiliar with this place.

"I'm coming" Fan Fumi wanted to come and find out what happened, she still didn't understand what was happening.

"You stay here" Fan Yima told Fan Fumi to just stay in this place.

"Just let him come" Ye Chen allowed Fan Fumi to come along, there's no harm in Fan Fumi coming along.

Ye Chen and Fan Fumi were invited to go to Fan Yima's house.

"Okay, introduce me, I'm Fan Yima, I'm in charge of this place" Fan Yima first introduced herself to Ye Chen.

"My name is Ye Chen" Ye Chen introduced himself to Fan Yima.

"Ye Chen I will tell you your current situation, as the one chosen to enter the Elven village you should know what you are going to do next" Fan Yima told Ye Chen what would happen next.

Ye Chen listened carefully, this information was urgently needed by Ye Chen.

"You will go to the center of the Elven village, which is the place where the strongest Elves gather and is the seat of government of the Elves in all this land" Fan Yima said to Ye Chen.

"What am I going to do there?" Ye Chen asked Fan Yima.

"Elven village elders will tell you what to do, this information is a bit of a secret, when you arrive at Elven village you know what to do" Fan Yima to Ye Chen.

Fan Yima did not give more details, because everything will be told by the elders in the Elven village.

"Why should I go there?" Ye Chen said to Fan Yima.

"Didn't you come to seek resource, you should know that humans who come always seek gifts from the Elves, as long as the humans can complete the request, then you can get a very large gift from the Queen" said Fan Yima to Ye Chen.

"My purpose in coming to this place is to find the Flower of Life Seven Color, is it possible for me to get it?" Ye Chen asked Fan Yima.

"Chief Yima, what is Flower of Life Seven Color, he's been saying that ever since" Fan Fumi was curious about Flower of Life Seven Color, she had never seen it.

"Flower of Life Seven Color, seems to be something that is quite rare and quite precious, I don't know if the Queen and the elders there can help you" Fan Yima couldn't guarantee this, she didn't know if Elven Village had what it needed. Ye Chen.

What Ye Chen was looking for was an item that was quite difficult to obtain, so it was not surprising that Fan Yima could not guarantee this.

"Then I don't need to be in such a hurry" Since Fan Yima said that, it was possible that Elven Village couldn't afford to give it to Ye Chen.

"Are you sure, you will miss a pretty big thing" said Fan Yima to Ye Chen.

Chapter 1689 monster attack on Happiness forest Village

"It's okay" Ye Chen said to Fan Yima, Ye Chen's original goal was not to search for the Elven village's treasures, Ye Chen's goal was to get Flowers of Life Seven Colors.

"I see, you are not interested in the gifts that Elven village will give you." Fan Yima nodded, it seemed that Ye Chen had his own goals.

"Can I stay here for a while?" Ye Chen asked Fan Yima.

"Of course, you can live in this place, just think of it as your own home." Fan Yima allowed Ye Chen to live in this place, Ye Chen could do whatever he liked in this place.

"Thank you very much" Ye Chen thanked Fan Yima, Fan Yima was very kind and friendly to Ye Chen.

"You can stay at my place." Fan Fumi invited Ye Chen to stay at her place.

"Okay" Ye Chen didn't refuse Fan Fumi's offer, Ye Chen would stay at Fan Fumi's place.

Fan Yima smiled at Ye Chen and Fan Fumi, then Ye Chen and Fan Fumi left Fan Yima's place.

"I didn't expect humans to appear here." Fan Yima didn't expect humans to appear near this place, this had never happened before.

It seemed that Happiness forest Village was lucky because there was one human who came, and the human who came was Ye Chen.

"I hope he changes his mind and wants to go to Elven village." Fan Yima could only hope that Ye Chen would want to go to Elven village.

There Ye Chen could get whatever he wanted, even if it was the most beautiful Elf race.

Most humans would choose to immediately go and look for the Elven village, not many humans would want to live in a remote place like this.

Fan Fumi took Ye Chen to his residence, Fan Fumi's house wasn't very big.

"This is where I live." Fan Fumi told Ye Chen that this was where she lived.

"You have a neat place to live" Ye Chen said to Fan Fumi,

Although it's not big, Fan Fumi's residence is still very neat, Fan Fumi can arrange the place nicely and beautifully.

"it's still quite messy." Fan Fumi said to Ye Chen.

Even though Fan Fumi wasn't that good, the place was still quite messy.

"Ye Chen, why don't you tell me where you come from" Fan Fumi said to Ye Chen, she wanted to know where Ye Chen belonged.

"I come from a small planet called Earth, for now I live in God Realm and train in a Sect" Ye Chen told about himself, he told Fan Fumi about his life.

"Sect?" Fan Fumi didn't know what Ye Chen meant, in Elven village there is no such thing as a Sect, here there are only guilds that have the task of regulating Elves who want to go on adventures.

Ye Chen nodded, he now understands that in Elven village there is no Sect, only guilds are responsible for adventurers.

Ye Chen and Fan Fumi exchanged stories, Ye Chen also wanted to know about Elven village, it was easier to learn about it and Fan Fumi.

Fan Fumi has quite a basic knowledge of Elven village, she knows some things in Elven village.

Just as Ye Chen and Fan Fumi were discussing, they heard a very loud trumpet sound.

" what's that?" Ye Chen asked Fan Fumi, he asked what was going on outside.

"It's an alarm sound" Fan Fumi said to Ye Chen, the sound of the trumpet is an alarm signal, the trumpet will sound when something dangerous happens.

Fan Fumi immediately took her bow, she ran outside to see what was happening outside.

"Hey wait a minute" Ye Chen followed Fan Fumi who had already left, he caught up with Fan Fumi.

When Ye Chen came out, he found that outside there were a lot of female Elves who were carrying bows and ready to fight.

"What is this?, who attacked?" Ye Chen was quite curious as to what had happened, who had dared to attack the Elf.

Ye Chen flew, he peeked at what happened to Happiness forest Village.

When Ye Chen flew, he found a bunch of big Lizards with big muscular bodies approaching here, besides that there were Orcs among them as well.

"Is this an attack?" Ye Chen estimated that this was an attack, Ye Chen was very sure that this was an attack.

These monsters carrying swords and maces, they ran towards the village of Happiness forest.

"Everyone, prepare yourselves." Fan Yima ordered all the elves to immediately form a formation, they had to take down the lizards and orcs that were approaching.

All the Elves immediately set up a formation, they made a very neat arrow formation.

Fan Yima ordered all the elves to prepare to fire, when the enemy was in range, they would launch an attack.

The lizards and orcs were getting closer and closer, they were less than 1/2 mile from Happiness forest Village.

"shoot" seeing the enemy was already in the range of the shooting range, Fan Yima ordered all the archers to shoot and take down all the enemies.

Fan Fumi and all the Elves fired, they shot the monsters that were approaching.

Thousands of arrows fired every 10 seconds, these arrows hit the lizard monsters and orcs.

Some monsters carry shields, this protects themselves from arrow attacks.

The Orc and lizard monsters hid behind their shields and continued to advance forward.

"Keep shooting, never stop." Fan Yima told everyone not to stop, they had to stop the monsters that wanted to attack the village.

The Elves were trying more and more, they were doing their best to fight the monsters that were getting closer.

Fan Yima didn't stay still, he took a wooden stick, it was like a staff.

Fan Yima immediately chanted something, he injected his profound energy into the Staff.

The staff in his hands immediately lit up, immediately the ground near the village was lifted up and turned into a strong and tall fortress.

it took effort to destroy the fortress that Fan Yima had just summoned.

The elves climbed up the wall, they started shooting at the enemies behind the wall.

The Orcs and Lizard Monsters stopped, they stopped and swung their clubs and large swords to destroy the wall that Fan Yima had built.

The Orcs power was very strong, they easily cracked walls with just one hit, meanwhile the lizard monsters helped by deflecting any arrows fired at them.

"Their intelligence is quite great" Seeing the combination of battles of the orcs and lizards, Ye Che could conclude that these orcs had intelligence.

"The wall village chief was unable to withstand the attack, what should we do?" some of the Elves started to panic, Fan Yima's strong wall couldn't withstand the attacks of the orcs with the huge mace in his hands.

"Quickly retreat" Fan Yima gave the order, she gave the order to withdraw immediately.

All the Elves came down from the wall, they all immediately retreated to the rear.

"crash" The wall that Fan Yima had just summoned collapsed, it was unable to withstand the continuous attacks of the Orcs.

The orcs that managed to escape immediately chased after the elves, they immediately caught the elves near them.

"ahhh" the elves shouted as they were caught by the orcs, they were unable to free themselves from the orcs that were gripping them tightly.

"save them fast" the Elves tried to save their friends, they tried their best to save the captured Elves.

Chapter 1690 Ye Chen saved the Elf who was in trouble

"Ah help us" Elf who were caught trying to ask for a favor, they asked for help to all the existing Elves.

The elves in Happiness forest village are not very strong, the strongest is only Fan Yima, while the others do not have strong enough strength.

"They are in danger" Ye Chen saw that the Elves in Happiness forest village were in danger, they were caught by the orcs.

Even Fan Fumi had to escape from the orcs' attacks and retreat backwards to protect themselves.

Fan Yima tried to use some ground techniques that were strong enough to fight the enemy, unfortunately his technique had no effect on the orcs and only the lizard monsters were knocked out by Fan Yima's attacks.

"What to do, our strength is not comparable to theirs" Fan Yima was confused, what should they do in the current situation.

Ye Chen couldn't stay still, the situation was out of control, he had to take action to save everything.

Ye Chen intervened, he stepped forward and started attacking the orcs and lizard monsters that captured the Elves.

"Bam. . . , bam . . . , bam . . . , bam . . ."Ye Chen's one strike is enough to blow away and crush the bones of the attacking monster Happiness forest village.

"Who is it" some Elves still don't know who Ye Chen is, they wonder who Ye Chen is.

"Ye Chen, beat them all" Seeing Ye Chen appear, Fan Fumi immediately gave encouragement to Ye Chen.

"Fumi, you know him?" The other elves asked Fan Fumi, they asked who was fighting.

"He is Ye Chen, he is human" Fan Fumi said to all the elves.

"ehhhh! !!" some of the Elves were shocked when they heard about this, they were shocked to hear what Fan Fumi had to say.

"He's a human" Some Elves didn't believe what Fan Fumi said, to be precise they didn't believe that Ye Chen was a human.

"You see, he has quite the ability." Fan Fumi said that Ye Chen had a very great ability.

"Is that true?" The elves here didn't believe what Fan Fumi said.

"You'll see" Fan Fumi said to everyone, Ye Chen will definitely show great ability.

All the Elves looked at Ye Chen who was fighting, Ye Chen only needed a physical attack to fight all the orcs present.

Ye Chen shattered the weapons and shields of the orcs and lizard monsters, Ye Chen's attack made the orc shields shatter into pieces.

"Ghhh. . ." all the monsters screamed in pain, they screamed in pain from Ye Chen's attack which was too strong.

Ye Chen killed all the monsters present, Ye Chen's attack completely destroyed the Orc and Lizard's inner bodies.

"Okay done" Ye Chen has cleared all the monsters, all of them have been eliminated by Ye Chen.

" great . . . "The elves in Happiness forest village cheered, they cheered for Ye Chen who won the battle.

"You are great, you can defeat that many monsters very easily" Fan Fumi came to Ye Chen, she said to Ye Chen who was able to defeat so many monsters easily.

"It's just normal" Ye Chen said to Fan Fumi, Ye Chen tried to hide his strength, it's better not to expose Ye Chen's strength too much.

After Fan Fumi, several Elves drew closer to Ye Chen, they came closer to express their gratitude.

The elves in this village were very friendly, they all thanked Ye Chen.

"Calm down ladies" Ye Chen told all the Elves to calm down, they all seemed quite aggressive towards Ye Chen.

All the Elves here have double peaks that are above average, of course when they get close, it hits Ye Chen's body.

They were not aware of what they were doing, all of them just wanted to express themselves towards Ye Chen.

"Master Ye Chen, thank you very much" Fan Yima thanked Ye Chen, she was very grateful to Ye Chen for helping fight the orcs.

"You're welcome" Ye Chen smiled at Fan Yima, Ye Chen helped because Ye Chen didn't want anything bad to happen to the beautiful woman in this place.

"do they often attack?" Ye Chen asked Fan Yima, he wanted to know if the orcs frequently attacked Happiness forest village.

"Yes, they come sometimes, when they come, they kidnap some of our friends" Fan Yima said to Ye Chen.

Fan Yima looked dispirited as he said this, the strength of the Orcs was quite strong and they were powerless when faced with an attack like this.

"Oh, I see." Ye Chen understood the problem, it seems that the residents of this place are having problems with orcs and lizard monsters.

"But you are here, so we will be safe for the time being" Fan Yima said to Ye Chen.

Since Ye Chen was here, for the time being they would be very safe and there was no need to worry too much.

Ye Chen had to come up with a pretty good solution, that way they could deal with this problem on their own without needing any help from Ye Chen.

"why don't I teach them how to fight" Ye Chen decided to teach the elves in this place to fight, that way they could protect themselves.

"I can't continue to be in this place, because I can't continue to be in this place, how about I teach you how to fight against the enemy, do you want it or not?" Ye Chen asked all the Elves.

"Of course we want to." All the Elves nodded, they all wanted to train from Ye Chen, they wanted to be as strong as Ye Chen.

"What a great spirit" Ye Chen looked happy when he saw the enthusiasm shown by the Elves, the enthusiasm shown by the Elves was enormous.

"Okay, let's see what your abilities are." Ye Chen asked Elf, he wanted to know what abilities they had.

Before Ye Chen trained them, Ye Chen wanted to know the abilities they could perform.

"We're pretty good at archery," the Elf said to Ye Chen, almost all the Elves in Happiness Forest Village were archery experts.

"So you are archers." Ye Chen nodded, he now knew that all Elves were good at archery.

Then Ye Chen only needed to improve the abilities they had, he would provide training for all of them.

"Okay, come with me" Ye Chen said to all the Elves.

All the Elves followed Ye Chen, they all followed Ye Chen towards the training ground.

Ye Chen had already asked Fan Yima's permission, so Ye Chen could do whatever he wanted.

"Okay I want to see your abilities, you aim at the targets over there" Ye Chen made a target at a distance of 1 mile, he wanted to see how the Elf's ability in this place was.

Several Elves tried it, they tried to shoot at the target that Ye Chen had set.

The elves started shooting at their targets, some of them missed while shooting at targets that were quite far away.

"Hmmm, their accuracy rate is around 80%." Ye Chen analyzed the Elf's accuracy rate, their accuracy rate was 80%.

Meanwhile, when Ye Chen moved to 5 miles, their accuracy rate was only 60%.

80% was good enough, it was just that Ye Chen wanted them to increase their abilities by 100% even at a great distance.

"Okay, I've seen your abilities, time to train more seriously" Ye Chen said to all the Elves, he will train them to the best of his ability.
