

A True God 1691

### **Chapter 1691 [Bonus]train elves in Happiness forest village**

Ye Chen went and started to create some heavy bows and had a deep tug.

Ye Chen wanted to strengthen their attack, Ye Chen saw that their strength was still quite weak.

In addition, Ye Chen applied physical training, he told Elf to run 100 laps in one day.

At first some of the elves weren't strong, but over time they got used to it and could run fast.

When Ye Chen saw the Elf running, Ye Chen's eyes never left the sight of the two huge balls constantly bouncing.

This sight was truly quite rare and not easily seen by normal people.

Just imagine hundreds of beautiful women running while showing two fast bouncing balls, they don't even realize what they are doing is quite tempting.

"Ahem, master, are you enjoying this?" Chu Yuechan asked.

"Sure, why not" Ye Chen said to Chu Yuechan, he quite enjoyed the beautiful scenery in front of him.

"Fufufufu" Chu Yuechan giggled, she giggled when she heard Ye Chen's words.

"Their adaptation rate is very high." Ye Chen saw that their adaptation rate was very high.

"Time to make them learn more about cultivation" since they already had a good foundation, now was the time for Ye Chen to deepen their level of understanding about cultivation.

Ye Chen saw that the Elves here were still quite layman in cultivation, they were still laymen and only used profound energy to amplify attacks, even though there were so many things they could do with their profound energy.

Ye Chen explained briefly how to cultivate, he gave a cultivation technique to everyone.

Everyone received the cultivation technique from Ye Chen, they started to practice the cultivation technique that was given by Ye Chen.

Fan Fumi and all the Elves began to absorb the pure energy that was in this place, somehow the Elf's cultivation method was different from Ye Chen's, they were able to flow pure energy much better than ordinary cultivators, this level was very formidable.

"That's great, they have a very good foundation." Ye Chen saw that the Elves had a very good foundation, they could easily become strong if they continued like this.

"Looks like it won't take long" Ye Chen was confident in everyone's abilities, Ye Chen was sure that everything would soon become strong.

.

.

Ye Chen continued to train all the fighters in Happiness forest village, he used the best and fastest way to train all of them.

"Very good, make sure you shoot at the enemy's weakest and most vulnerable parts, then you can win easily" Ye Chen said to Elf.

"Okay, we understand." Fan Fumi and the other Elves were very excited, in just these few days they had already gained quite a lot of experience and increased strength.

"Big brother Ye Chen, can you help me, it seems that my accuracy rate is still quite bad" one of the Elves asked Ye Chen, he wanted help from Ye Chen.

"Of course why not . . ." Ye Chen nodded, he didn't mind giving a favor.

Ye Chen taught the Elf in front of him the best way of archery to increase accuracy.

In order to do so, Ye Chen had to come into contact with the beautiful Elf in front of him.

The beautiful elf was a little nervous, she was quite nervous when she came into contact with Ye Chen, there was a slightly strange feeling when she came into contact with Ye Chen.

"This is great, she has very smooth skin." Ye Chen could feel that the Elf he was holding was very smooth.

While enjoying the beautiful woman he was holding, Ye Chen explained the ordinance to increase accuracy.

Ye Chen hid himself well, he didn't let the Elf in this place think he was a pervert.

To Elf Ye Chen was a great and reliable man, so it was not strange that they were not wary of Ye Chen.

Yet Ye Chen was far more dangerous than the orcs who had previously attacked the Happiness forest village.

"Did you understand?" Ye Chen asked the Elf in front of him.

"Thank you very much I got it" The female elf understood, now she knew what to do.

"You're welcome" Ye Chen nodded, he was happy to help the Elf who was in front of him.

"Ye Chen, look at my abilities" Fan Fumi came to Ye Chen, she wanted to show Ye Chen the abilities he had.

"What can you do?" Ye Chen asked Fan Fumi, he asked what Fan Fumi could do.

Fan Fumi showed off her archery skills, she shot at a Target tens of Miles away with great ease.

"how great?" Fan Fumi asked Ye Chen.

"Of course, what you did was great." Ye Chen said that what Fan Fumi did was great.

"hehehe, I still have a lot more, you'll see" Fan Fumi said very proudly, she was very proud of her abilities.

Ye Chen couldn't help but smile when he saw what Fan Fumi was doing, this girl was trying to boast in front of him.

Fan Fumi is still young, she naturally wants to show Ye Chen her strengths.

"Ye Chen, thank you very much for what you did." Fan Yima came towards Ye Chen, she was grateful for what Ye Chen did.

What Ye Chen did was very good, he had helped all the Elves in this place become stronger.

"No problem, I did this because I don't want to see you guys being bullied like that again" Ye Chen said to Fan Yima.

Fan Yima smiled at Ye Chen, he was very happy when he heard what Ye Chen had to say.

"Ye Chen, can you also teach me how to become stronger." Fan Yima approached, she persuaded Ye Chen to want to train her to be stronger.

"Aren't you already strong enough" Ye Chen said to Fan Yima, Ye Chen saw that Fan Yima was already strong enough.

"No, it's still not enough." Fan Yima said that this wasn't enough, she still wasn't strong enough to protect everyone.

As a village head, Fan Yima is required to become stronger, she must become even stronger than before.

If all the Elves became strong and she didn't, then how could she be called a leader.

"Yuechan, please give her a suitable cultivation technique." Ye Chen asked Chu Yuechan to provide a cultivation technique that was strong enough for Fan Yima.

"I will give it to you, you can teach it." Chu Yuechan looked for the most suitable land cultivation technique for Fan Yima.

"Full Earth control" Chu Yuechan's provided an earth bending technique that allowed the user to manipulate at will.

This technique is very powerful and very flexible, the power of the Full Earth control technique depends on the user's imagination, as long as Fan Yima thinks of something and wants to create something, then she can do it.

"This is for you, just take it as a gift" Ye Chen said to Fan Yima.

"Thank you very much" Fan Yima thanked Ye Chen, she was grateful for what Ye Chen had given her, Ye Chen had given Fan Yima a very good technique.

"I'll go first" Fan Yima said goodbye to Fan Fumi and Ye Chen, he wanted to go and try to learn the Full Earth control given by Ye Chen.

Fan Yima was a cultivator, so she was able to learn Full Earth control without needing Ye Chen's help.

**Chapter 1692 Fan Fumi wants a powerful technique**

"What did you just give, Yima's head seems very happy?" Fan Fumi asked Ye Chen, she asked what Ye Chen just gave her.

"It is a cultivation technique that will be of great use to her" Ye Chen said to Fan Fumi.

"Is it strong?" Fan Fumi asked Ye Chen, Fan Fumi wanted to know if what Ye Chen gave was strong enough.

"Of course" Ye Chen said to Fan Fumi.

Ye Chen didn't hide what had happened, he just said that he gave Fan Yima something powerful.

"Isn't that cheating, why don't you give me something like that" Fan Fumi said to Ye Chen, Fan Fumi looked envious when she saw Ye Chen give something nice to Fan Yima.

"Didn't I already give you something good?" Ye Chen said to Fan Fumi.

Ye Chen had already given something pretty good to Fan Fumi, Fan Fumi should be able to use what Ye Chen had given him.

"Still, it's still not enough." Fan Fumi said that it wasn't enough, she wanted something better than Ye Chen.

Ye Chen sighed, even though Fan Fumi has grown up, her behavior is still a little childish.

"Just give it, no need to be so stingy with her." Chu Yuechan said to Ye Chen, no need to be too thunderous on Fan Fumi.

After all, Fan Fumi had excellent talent, she was better than most of the Elves in this place, so giving something good wouldn't hurt Ye Chen.

"Why are you helping her instead, how can you support an outsider" Ye Chen said to Chu Yuechan.

Chu Yuechan was supporting Fan Fumi, Chu Yuechan should be supporting her.

"Does master have a problem with it, I just want master to focus more on strengthening them, doesn't master feel sorry for seeing them kidnapped by orcs?" Chu Yuechan said to Ye Chen.

"Of course I am sorry, how can I allow them to be treated like that" Ye Chen said to Chu Yuechan.

"Then give it to him" Chu Yuechan said to Ye Chen, Chu Yuechan forced Ye Chen to give it to Fan Fumi.

" Okay . . . "Ye Chen took something, since Fan Fumi is already very skilled with arrows, then he will give Fan Fumi a technique that is strong enough to use.

Ye Chen gave a technique called Shooting Star Hunter, it was a shooting technique from a very long distance.

Plus the firepower when learning Shooting Star Hunter will be very strong, it will be a great thing if Fan Fumi can learn it.

" Wow . . . , this is great." Fan Fumi was happy, she was happy when she saw Ye Chen give something good.

"I will study it" Fan Fumi said to Ye Chen, Fan Fumi is very excited, Fan Fumi's spirit is the best one has.

"Ye Chen, can you teach me, I don't understand some parts" After a while Fan Fumi returned to Ye Chen, she didn't understand some parts.

"Here, let me teach you." Ye Chen had already guessed about this matter, he had already guessed that Fan Fumi would definitely ask him for help.

Ye Chen taught Fan Fumi and the other Elves, he patiently taught everyone.

Ye Chen wasn't in too much of a hurry, Ye Chen was sure that people outside were currently fighting over the compass to enter the Elven village.

.

.

Elsewhere, more precisely in the monster base located in a dark and sinister part of the forest.

A group of orcs, lizard monsters, scorpion monsters and many more monsters gathered.

All the monsters gathered and worshiped a huge monster with eight black crow wings on its back, this monster's face was so terrifying that it made anyone feel scared just from looking at it.

This monster is Lord Raven, he is the most powerful monster in this forest.

"Why don't the troops come back, which Elf do I want?" Lord Raven asked his followers, where is his Elf.

"Lord Raven your troops have been defeated" Lord Raven's followers informed that the troops they had sent had been defeated.

"What, how is that possible?" Lord Raven wasn't happy when he heard this, he wasn't happy when he heard bad news.

He wasn't happy with bad news like this, Lord Raven even wanted to know who was behind all this.

"From the reports we received, there is a human who has helped the Elf race to fight, this human looks strong" explained the follower to Lord Raven.

"Human, so I see, he thinks just because he's human he has the right to do anything, then I'll make him regret what he's done" Lord Raven said to all his followers.

Lord Raven couldn't let this matter continue, he couldn't let a human mess up his own business.

"Long live Lord Raven" all the monsters shouted, they shouted Lord Raven's name.

"Let's destroy that small village" Lord Raven invites all his followers to go and destroy Happiness forest village.

"Come on" the monsters immediately cheered, they would follow orders from their masters.

Lord Raven and his followers go to Happiness forest village, they will attack Happiness forest village.

.

Ye Chen lives quite comfortably in Happiness forest village, he can live together with Elf in Happiness forest village.

Ye Chen was quite respected and appreciated by the Elves who were in this place, he was quite popular among the Elves because of his prowess.

"You guys have progressed since the first time, are you already happy?" Ye Chen asked all the Elves.

"Of course we are very happy, we are getting stronger, thank you very much" Everyone thanked Ye Chen, they thanked Ye Chen for the effort.

Thanks to Ye Chen their strength became stronger, they were more and more confident in guarding their residence.

"That's great." Ye Chen nodded, he was proud to be able to make the Elf in this place independent.

"Tomorrow the day after tomorrow, I have to go, I hope you can take good care of yourselves" Ye Chen said to all the elves in this place.

"why are you in such a hurry, stay longer in this place" all the elves wanted Ye Chen to stay longer in this place, they wanted Ye Chen.

"I want to do that, but I have to go find something" Ye Chen said to everyone.

Ye Chen couldn't continue to stay here, he still had a goal he had to achieve.

"Too bad" Everyone was very disappointed, they were disappointed when they heard what Ye Chen said.

"All of you, don't bother him, he has his own purpose for coming here, so you should respect him more" Fan Yima said to everyone.

Fan Yima tried to calm all the women down, Ye Chen had a special mission when he came to this place, so Ye Chen would definitely leave when the time came.

"Before leaving, how about we have a party" Since Ye Chen was leaving, one of the Elves decided to throw a party for Ye Chen.

"That's a good idea, let's get ready" all the elves agreed, they all agreed to make Ye Chen a pretty good party.

"No need to bother" Ye Chen said to the Elf women in front of him.

"It's okay, you want to repay your kindness" everyone said to Ye Chen.

### **Chapter 1693 [Bonus]train elves in Happiness forest village**

Ye Chen went and started to create some heavy bows and had a deep tug.

### **Chapter 1695 Lord Raven**

they had all decided, they would do their best to thank Ye Chen.

"Never mind, you can't stop them." Fan Yima said to Ye Chen, Ye Chen couldn't.

"Then I won't refuse" Since Ye Chen couldn't persuade the Elf in this place, Ye Chen could only follow their will.

All the Elves started preparing for the party, this party is likely to be tomorrow, time will not be sufficient for all of them.

All the Elves gathered various kinds of fruit, they gathered the best fruit they could eat.

They would serve the best dishes they could make for Ye Chen.

"Everyone, I saw a very large group of monsters coming here." One of the elves said that there was a large group of monsters heading towards this place.

"How many?" Fan Yima asked how many monsters were coming here.

"Thousands" The Elf reported the number, she didn't count the number, but it was estimated that it was in the thousands.

"what ! ! !" Fan Yima was immediately shocked when he heard the number of monsters that came to this place, the number just said was very large, the number was enough to destroy their small village.

"Chief Yima, please calm down, everything will be fine" Fan Fumi tried to comfort Fan Yima.

"Fumi, the situation is not fine, you should know about this matter" Fan Yima said to Fan Fumi.

"But we are getting stronger, we can definitely get through it all" said Fan Fumi.

Fan Fumi is very confident, they are already getting stronger, they can definitely get through it all.

"That's right, we've trained hard enough, we can definitely win" Everyone agreed with what Fan Fumi said, they firmly believed that they could win this battle.

" We. . ." Fan Yima saw the enthusiasm that all the Elves had, seeing this Fan Yima's confidence rose too.

"You are absolutely right, we can definitely overcome this, as long as we are united, nothing is impossible" Fan Yima said to everyone.

Fan Yima strengthens the morality of all Elves, she does this so that all Elves are confident in their abilities.

All the Elves instantly regained their confidence, they were very confident that they could win this battle.

"Who attacked?" Ye Chen was quite curious about the identity of the attacking monster, Ye Chen used God Eyes to see what was going on.

Far in front of Ye Chen saw a horde of monsters that numbered in the thousands, the monsters that came this time were quite varied, there were various kinds of large and poisonous monsters within this group.

"The way they move, it seems like someone is controlling them" From the way the group of monsters moved, Ye Chen could tell that someone was controlling them.

Ye Chen looked for the monster that controlled this group, with a little bit of precision, Ye Chen found the monster with the most radiance of power.

A monster with eight crow wings flying behind the clouds, this monster watched every movement from behind the clouds.

"Oh, I found it, there is a powerful monster controlling them." Ye Chen had managed to find a monster that controlled the group.

"This monster, looks like it's a Raven." Chu Yuechan saw that it was a Raven Monster.

"He is quite strong, it seems that this monster is quite dangerous for the Elves in this place" Ye Chen said to Chu Yuechan.

"Are you going to directly destroy the monsters here?" Chu Yuechan asked Ye Chen.

"No, I will see the development of the Elf in this place, I want to see how they solve this problem without me" Ye Chen wanted to see the development of the Elf, he wanted to see how they would deal with this situation.

The elves started to prepare, this time they weren't fighting near their village, they went forward and started to make a formation near the very dense trees.

Their goal is to outwit the enemy, an archer must find the most strategic place to target her enemy.

This was one of the things that Ye Chen taught, he taught the Elves in this place to use the surrounding area as a place to hide themselves and attack the enemy invisibly.

"Everyone get ready" Fan Fumi said to everyone, she told them to get ready.

Fan Fumi is now very skilled, her eyesight is very, very far away.

"Let's fight and show them our strength" Everyone wants to fight, they want to show their strength.

Monsters are approaching, they are approaching and destroying the forest and every place they pass.

The elves waited patiently enough, they waited for the very, very opportune time to attack.

Once the enemy was within shooting range, the Elves began to take aim, they were aiming for the enemy's vulnerable parts.

"shoot . . ." Wind arrows are fired at the enemy, a very strong wind arrow is fired at the enemy with incredible speed.

"Boom. . ." The monsters' heads exploded when hit by the Elf's fire, they didn't realize they had been attacked.

Seeing the incoming attack, the Monsters immediately formed a formation, once again the orcs with shields advanced and parried the arrows.

"use full strength to break the shield" Fan Yima told everyone to use full strength, Fan Yima wanted everyone to do their best to break through the enemy's defenses.

"Leave it to me" Fan Fumi shot several arrows into the sky, moments later a rain of arrows flooded the enemy.

"Take advantage of the opportunity created by Fumi" Fan Yima told everyone to take advantage of the opportunity that had been created by Fan Fumi.

Due to Fan Fumi's attack from above, the orcs began to struggle to fend off attacks from various directions.

As a result they were hit by arrows from the Elves.

The enemy troops began to fall a lot, this monster fell because it was unable to survive the combined attack made by all the Elves.

"Useless" Lord Raven was angry when he saw what happened, he was angry when he saw his army and followers lost at the hands of the weak Elves.

Lord Raven was enraged upon knowing this, he used his Strength to kill a useless retainer.

Lord Raven used the wings on his back to fly the monsters around.

Lord Raven didn't care about his followers, he blew away everything in front of him, that included his followers.

"Ahh" several Elves were swept away by a very strong wind wave, the blow that came out of Lord Raven's wings sent everyone flying.

"I will protect you" Fan Yima will protect everyone, she uses her power to create a super strong fortress.

This stronghold keeps all the Elves safe from the storm created by Lord Raven.

"Damn it, they're hiding" Lord Raven was very annoyed, he was annoyed when he saw the Elf hiding behind a strong wall.

Lord Raven amplified her attacks, she used a much stronger attack to destroy the Elf.

Fan Yima used all the strength he had, he used all the strength she had to withstand the attacks from Lord Raven.

After learning Full Earth control, Fan Yima became more and more proficient in combat, she was able to control his power very well.

"I won't let you hurt my people" Fan Yima wouldn't let Lord Raven hurt her people.

He had to defeat Lord Raven using the full power he had.

Fan Yima lifted several large chunks of earth. Fan Yima threw this lump of earth at Lord Raven.

Hundreds of huge chunks of earth flew straight towards Lord Raven, Lord Raven was hit by a myriad of huge boulders controlled by Fan Yima.

"It doesn't stop there" Fan Yima knocked his staff hard into the ground, when Fan Yima did this, the ground under Lord Raven began to open and make a very large hole.

### **Chapter 1696 Fan Yima & Fan Fumi Vs Lord Raven**

A large hole appeared under Lord Raven's body, this huge hole appeared and expelled a large number of rocks from below.

Small rocks were fired at Lord Raven at a terrifying speed, even occasionally large boulders were fired with incredible speed.

Although these rocks are smaller than before, the rocks that are fired are still very fast and are the hardest rock parts, of course this will make the durability of these rocks very strong.

"What kind of ability is this?" Lord Raven had never seen an ability like this, this kind of ability was very difficult for Lord Raven to believe.

"Hahahahahaha" Lord Raven laughed, he found a tough enough opponent to take seriously.

"This small village has quite a formidable person, I will defeat her" Lord Raven was very excited, he was going to fight someone who could control a strong force like Fan Yima.

Lord Raven flapped his wings for the second time, he pushed away all the rocks that were around him.

"Whush" With just one blow, all the rocks were immediately flown away, all the rocks immediately flew away.

"I still haven't lost" Fan Yima refused to lose, he used a big hand to catch Lord Raven.

A very, very large hand shot out from the ground, this huge hand started to catch Lord Raven.

Due to his enormous size, Lord Raven looked so tiny, he was like a small bird when compared to the giant hand that Fan Yima summoned.

"he really used his full power to use that thing." Ye Chen didn't expect that Fan Yima would use her full power.

This kind of power would definitely require a great deal of profound energy, after using such a strong power, Ye Chen doubted that Fan Yima would still be able to fight back.

Two gigantic hands embraced Lord Raven, Lord Raven's body was currently confined to the middle of the giant's arms.

"Yay, we managed to win" All the Elves were happy, they had won the battle, their strength had grown enormously, they could win against the enemy very easily.

The cooperation and hard training they went through had worked, they now had great strength.

With this kind of strength, they would not be afraid to fight against enemies who dared to disturb them, they could live more peacefully otherwise.

"ahhhh" Fan Yima sat down, she sat on the spot because she was too tired.

"Chief, are you okay?" Another elf realized that Fan Yima had run out of strength, she had used all the strength she had for that powerful attack.

"I'm fine, I've run out of strength, it seems I can't fight" Fan Yima has run out of strength, she needs time to recover her strength.

"The village head is already fighting, we will take over everything" said all the existing elves.

Fan Yima had struggled, he had fought hard enough and could rest.

They will take over the situation, they will clean up the remaining enemies.

Fan Yima nodded, she let them take over the situation, everything is in order.

Fan Fumi and the others started to advance, they took control of the situation and started to launch an attack on the remaining enemies.

The remaining enemies immediately retreated, they did not want to put up a fight anymore.

The Elf's power became very strong, this made all the monsters run away in fear.

Fan Fumi and the others confirmed that the monster had really left their territory.

"We managed to win" All the Elves were celebrating victory, they had won the battle.

.  
.

"Cracks . . . ." Just as all the Elves were celebrating their victory, the arm used to confine Lord Raven began to crack, a dark force began to break open and crush the stone hand.

"Useless" Lord Raven roared in a very, very loud voice, he roared at everyone in this place.

An enormous dark storm descended from the sky and began to sweep through the forest and all the vegetation around this place.

"I will make sure you all disappear from this land" Lord Raven will ensure that all the Elves will disappear from this land.

"I won't let you" Fan Fumi won't let that happen, she will protect everyone.

"Hunter Mark" Fan Fumi shot an arrow at Lord Raven, she marked Lord Raven as her target.

After that Fan Fumi fired thousands of arrows towards Lord Raven, these thousands of arrows shot towards Lord Raven.

Lord Raven has already been target by Fan Fumi, wherever he goes, the arrows fired by Fan Fumi will hunt Lord Raven.

Lord Raven stretched out his hand forward, he made two long and sizable wind swords.

Lord Raven instantly slashed at the arrow fired by Fan Fumi.

"No" Fan Fumi was disappointed when she saw the arrow that was shot was unable to hit Lord Raven.

"You snotty brat, I'll take care of it first" Seeing the annoying Fan Fumi, Lord Raven decided to take care of this woman first.

Fan Fumi tried to dodge, she dodged the attack Lord Raven was trying to do.

Lord Raven's speed was truly astonishing, he was able to create an astonishing speed using the eight wings on his back.

Fan Fumi wasn't that fast, he was easily overtaken by Lord Raven.

Lord Raven swung his sword at Fan Fumi, he was aiming for the life of Fan Fumi.

"Slashes. . . ." Lord Raven's slash hit Fan Fumi, he hit Fan Fumi's body.

"What !!!" when Lord Raven slashed Fan Fumi, he found that Fan Fumi's figure had fled, Lord Raven didn't have time to kill Fan Fumi because Fan Fumi had disappeared.

"Where she gone?" Lord Raven immediately looked for the whereabouts of Fan Fumi, he was looking for the whereabouts of Fan Fumi who should be around this place.

"Are you okay?" Fan Fumi is currently in Ye Chen's hands, she is currently in Ye Chen's hands and is in good condition, there are no injuries on Fan Fumi's body.

"I'm fine, thank you very much" Fan Fumi thanked Ye Chen, she thanked Ye Chen for helping her.

"You did a very reckless thing" Ye Chen said to Fan Fumi, Ye Chen saw that Fan Fumi did a very reckless thing, he did a very, very reckless thing.

"I just want to beat him" Fan Fumi defended herself, she just wanted to beat Lord Raven.

"You still haven't become his opponent." Ye Chen informed that Fan Fumi was still not worthy to battle Lord Raven.

Fan Fumi pouted when she heard Ye Chen's words, instead of warning, Fan Fumi was being lectured by Ye Chen.

"Human !!!" Lord Raven finally saw the existence of Ye Chen, he saw the human in front of him.

"Go away and never come back to this place, otherwise you will suffer the consequences" Ye Chen said to Lord Raven.

Ye Chen used the dominance power he had, he scared the Lord Raven who was in front of him.

Lord Raven was not afraid of the threat posed by Ye Chen, he was a fearless monster.

"Human, this is not your place, you better get out of the way too, otherwise this god will give you a terrible punishment and torment" Lord Raven returned Ye Chen's threat.

"So you refuse, too bad" Ye Chen was disappointed with the answer given by Lord Raven, the answer given by this monster was not what Ye Chen expected.

"Bam" a swift punch hit Lord Raven and caused Lord Raven to hit the ground below.

### **Chapter 1697: night party with Elf**

All the Elves were happy for winning the battle, they had already won the big battle.

"Let's celebrate the victory" Everyone wanted to celebrate the victory, they would celebrate the victory together with a feast for Ye Chen.

All the Elves are continuing the preparations, they will be doing the preparations for tomorrow's party.

Meanwhile the injured Elves were being cared for, they were all being cared for to get well soon.

Due to the strategy that Fan Yima had devised, all of the Elves only suffered a minor injury, they had minor injuries so they were fine.

Ye Chen helped them recover strength, Ye Chen used his resources to help restore everyone's Condition.

With the resources provided by Ye Chen, all the Elves finally recovered quickly.

.  
.

One day quickly passed, now was the day the party was being held.

There are lots of drinks and fruits around this place. There was also some meat that was deliberately prepared for Ye Chen.

"Ye Chen, hurry up, don't make other people wait." Fan Fumi invited Ye Chen, he invited Ye Chen to immediately go to the party.

This time Fan Fumi wore a dress that was quite formal, she also wore a real flower decoration on her head.

Fan Fumi's appearance is certainly beautiful and beautiful, Ye Chen can admire Fan Fumi's beauty.

"Why so rush" Ye Chen said to Fan Fumi, Ye Chen was not in too much of a hurry, she was much more relaxed than anyone.

Ye Chen and Fan Fumi arrived quite late, all the Elves had already gathered and were waiting for them.

"It's been a long time" some Elves complained to Fan Fumi, Fan Fumi was taking too long.

"Sorry, it's his fault, he took too long" Fan Fumi threw the responsibility on Ye Chen, Ye Chen had made her late.

"Why me, don't we just leave when you arrive" Ye Chen said to Fan Fumi.

"Still it's your fault" Fan Fumi said to Ye Chen, Fan Fumi refused to be blamed, she didn't want to be blamed by Ye Chen.

"Yes, women are always right" Ye Chen said to Fan Fumi, women are always right.

Fan Fumi smiled when she heard what Ye Chen said.

"Let's get started already." Fan Yima said to Ye Chen, since Ye Chen was already here, they could start the party.

"Come on" Ye Chen nodded, he and the others could start the party right away.

Ye Chen and everyone started the feast, they started to enjoy the prepared dishes and entertainment.

There were several entertainments that had been prepared, one of which was dancing entertainment which Ye Chen felt happy to see.

"Ye Chen why don't you take off the mask" Fan Fumi asked Ye Chen, why did Ye Chen still not take off his mask.

All the Elves agreed with what Fan Fumi said, they were quite curious about Ye Chen's appearance.

"No, my appearance is not very good" Ye Chen said to Fan Fumi.

"Don't be shy, we won't make a fuss about it" Fan Yima said to Ye Chen.

The elves here don't care about such matters, for them Ye Chen is a savior, they can accept Ye Chen's condition.

All the Elves kept on urging Ye Chen, they all wanted Ye Chen to show his figure.

because of the urging of everyone, Ye Chen decided to show his true self.

"Wow, you are so handsome." The elf here was surprised by Ye Chen's appearance, Ye Chen's appearance was very, very stunning.

"You are so handsome, even the best male Elf is not as good as you" Fan Yima said to Ye Chen.

Ye Chen smiled gently at Fan Yima and the others, Ye Chen's smile made the female Elves helpless.

"Oh yeah, I have a question, why are there only women here?" Ye Chen asked Fan Yima.

"That's because the male population is only about 2%, the number of male elves is very thin," said Fan Yima to Ye Chen.

"Isn't that too little" Ye Chen said to Fan Yima, Ye Chen just found out about this matter, he didn't expect that the number of Male Elves was only a few.

"It can't be helped by such a compelling situation" Fan Yima said to Ye Chen.

"If it's still there, why wasn't there a male Elf from yesterday? Plus, there are beautiful women like you?" Ye Chen asked Fan Yima.

"Ye Chen, please don't make fun of us, how can any male be interested in a wading class like us?" Fan Yima said to Ye Chen.

Fan Yima and all the Elves were both happy and embarrassed when they listened to what Ye Chen said, they were embarrassed and blushed when they heard Ye Chen's praise.

"Is there a class division in this place?" Ye Chen asked Fan Fumi and Fan Yima.

"Of course, there is class division, first there are ordinary Elves in class, five, then village chiefs like me in 4th class, after that there are knight in 3rd class, then nobles in 2nd class, and Elders in 1st class, and the highest class is lord of the Elf mainland" Fan Yima told Ye Chen about the Elf class.

"Oh, so it's like that" Ye Chen now understood, it was like a royal system where high positions would rule and dominate.

It meant that Fan Yima had the highest class in this place, while the others were only in 5th grade.

"Ye Chen, this is for you." All the Elves who were there gave their best to Ye Chen, they gave the best service and attention to Ye Chen.

everyone looked so happy, they were so happy when this party was going on.

Ye Chen received all the kindness and care that the Elves who were in this place did.

This place is truly full of happiness, it's no wonder that everyone is happy to live in this place.

If Ye Chen had some free time, he would probably spend more time, but since there wasn't much time left, then Ye Chen wouldn't be able to do that.

"tomorrow I have to go, I will enjoy my time in this place" tomorrow Ye Chen will leave, he will enjoy his time in this place.

Ye Chen invited all the Elves to toast, he had fun and entertained all the Elves in this place.

The joy and happiness continued until midnight, many Elves had fallen unconscious.

"The wine they make turns out to be enough to make me dizzy." Ye Chen felt quite dizzy, he felt quite dizzy after drinking too much.

Many Elves were already drunk by the wine they made, they couldn't endure the influence of the wine.

"Ye Chen, let's go back" Fan Fumi said to Ye Chen, Fan Fumi invited Ye Chen to come back.

Fan Fumi happened not to drink too much, she still had enough consciousness to talk to Ye Chen.

"Master Ye Chen can you take me for a while" Fan Yima who fell said to Ye Chen, she wanted Ye Chen to take her home.

Fan Yima drank too much, it seemed that she was completely drunk.

"Come on, I'll help you" Fan Fumi asked Ye Chen to help Fan Yima, they would bring Fan Yima back.

"Come on" Ye Chen and Fan Fumi helped Fan Yima, both of them brought Fan Yima to her residence.

Among all the Elves here, Fan Yima had the largest living quarters, so it could accommodate quite a number of people.

Meanwhile Some Elves who were still conscious brought their comrades back, they helped each other.

They returned to their residence, tonight no one was on guard because Ye Chen had already set up a barrier so that no one would attack by force.

Ye Chen and Fan Fumi put Fan Yima on the bed.

### **Chapter 1698 Fan Yima's courage**

Ye Chen helped Fan Yima go to bed, he laid Fan Yima on the bed.

"Finally done" Ye Chen had brought Fan Yima to her room, now his task was done.

"Let's go back to my place" Fan Fumi took Ye Chen back, she took Ye Chen back to her place.

" Come on . . ." Ye Chen nodded, he was going back to where Fan Fumi was.

" Do not go . . ." just as Ye Chen was about to leave, Fan Yima stopped Ye Chen, she went and hugged Ye Chen's body.

" Why?" Ye Chen asked Fan Yima.

"Village head, what do you need from Ye Chen?" Fan Fumi said to Fan Yima.

"I need it" said Fan Yima, Fan Yima said that she needed Ye Chen.

"I don't understand what you're saying" Fan Fumi didn't understand what Fan Yima said, she still didn't understand what Fan Yima said.

"I didn't expect you to be such a brave woman" Even though Fan Fumi didn't know what Fan Yima wanted, in fact Ye Chen knew what Fan Yima was saying, it was obvious that Fan Yima had asked Ye Chen for it.

This was probably because of Ye Chen's previous words, it was clear that Ye Chen's previous words had provoked Fan Yima.

Fan Yima is a beautiful mature woman, she is a beautiful and charming Elf, her leadership charm is something that is not easy for every woman to imitate, she is a good Elf.

Fan Yima suddenly took off his clothes, the wine had made him feel confused, this made Fan Yima do whatever he wanted.

"Village chief, what are you doing Ye Chen can see everything" Fan Fumi said to Fan Yima.

Fan Fumi tried to cover Fan Yima's body, she didn't let Ye Chen see Fan Yima's beautiful body.

Fan Yima had a good figure, she was a woman with a very fine figure, her naked figure like this could make a man feel excited.

Elves were endowed with perfect bodies without any flaws, they were a collection of beauties that excited men.

Ye Chen didn't expect himself to be seduced by Fan Yima, Fan Yima tried to seduce him with the body she had.

In this situation Ye Chen might have to be a little more daring, he should be a little more responsive to what Fan Yima is doing.

Fan Yima pushed Fan Fumi, he told Fan Fumi to get out of the way, after that Fan Yima drew closer to Ye Chen.

Fan Fumi was surprised to see what Fan Yima did, what Fan Yima did shocked her.

"What happened" Fan Fumi looked confused by what happened, she was confused by what happened.

Scenes like this were of course confusing to someone like Fan Fumi, Fan Fumi was confused when she saw what was happening.

Fan Fumi hadn't learned much about matters like this, so she was still very new to this matter.

Fan Fumi still doesn't understand why Fan Yima is doing this kind of thing, she still doesn't have a clear reason for this matter.

Fan Yima started to use her fingers to tease Ye Chen, she used some of her skills to tease Ye Chen.

With such a mature age, Fan Yima is naturally quite knowledgeable about this matter.

It's just that Fan Yima has never used this, she still doesn't want to use her skills.

"I hope you don't think I'm old" said Fan Yima, Fan Yima really hopes that Ye Chen doesn't think he is old.

"No way, you are a very beautiful woman" Ye Chen said to Fan Fumi.

"This is what I like about you, your mouth is very sweet, I really like this" said Fan Yima to Ye Chen.

This was one of the reasons why Fan Yima started to like Ye Chen, Ye Chen had a sweet mouth.

Fan Yima's heart was overjoyed when he received Ye Chen's praise.

The way to get a woman's heart is by praising her, women are creatures who like compliments, they are thirsty for praise from a man.

Ye Chen started kissing Fan Yima, he kissed Fan Yima and started a mature kiss.

Fan Yima's movements are still quite clumsy, he is still not used to this, Ye Chen will teach it slowly, he will allow Fan Yima to have a passionate kiss.

" what ! ! !" Fan Fumi looked extremely shocked when she saw what was happening, the scene before her was something of an extremely shocking one.

Ye Chen and Fan Yima kissed in front of Fan Fumi, how could Fan Fumi not be surprised to see something like this.

When Fan Fumi saw what was happening, she looked dissatisfied, she was dissatisfied when she saw what was happening.

Unbeknownst to Fan Fumi, she was jealous when she saw the closeness between Ye Chen and Fan Yima.

"What should I do?" Fan Fumi wondered what to do in this situation.

"Muah. . . Chuuuu . . ." Ye Chen and Fan Yima kissed each other passionately, under Ye Chen's attack, Fan Yima became very aggressive once.

Ye Chen's hands started to walk around Fan Yima's body, he walked around Fan Yima's smooth and flawless body.

Fan Yima has two double peaks that are still good and splendidly developed, Ye Chen was satisfied when he touched them.

"Almost all of the Elves that Ye Chen met had double peaks that were above average. They were awarded something extraordinary.

"You two, stop it right now." Fan Fumi couldn't take it anymore, she separated Fan Yima and Ye Chen.

" what is it?" Fan Yima asks Fan Fumi, why did Fan Fumi interfere with the best moment she had.

"You guys can't do such a thing" said Fan Fumi to Ye Chen and Fan Yima.

"This is an adult's business, why can't we do it," said Fan Yima to Fan Fumi.

Fan Yima said to Fan Fumi, he told Fan Fumi that this is adult business and they have the right to do what they want.

"That . . ." Fan Fumi looked confused to answer hFan Yima, she was at a loss for words to answer this matter.

"no need to bully her" Ye Chen told Fan Yima not to bully Ye Chen.

"Do you want to join?" Ye Chen asked Fan Fumi.

"You perverted, what do you want to do?" Fan Fumi said to Ye Chen.

Fan Fumi seemed to reject what Ye Chen offered, she rejected Ye Chen's offer which was quite exciting.

"If you don't want to, then just stay there," Ye Chen said to Fan Fumi.

since Fan Fumi refused, Ye Chen told him to be quiet and not to interfere.

"-\_- " Fan Fumi's reaction was slightly unkind when she heard what Ye Chen said.

Ye Chen continued making out together with Fan Yima, he would make Fan Yima feel his power.

Ye Chen mustn't show his weakness, he can't show his weakness in front of Elf.

This was Ye Chen's first time trying an Elf, he had to do his best.

Ye Chen touched Fan Yima's whole body, he used magic touch to make Fan Yima feel happy.

"Ah, this is very comfortable" Fan Yima likes, he really likes what Ye Chen is doing, Ye Chen's touch makes her body very sensitive.

### **Chapter 1699 Ye Chen, Fan Yima and Fan Fumi (1)**

"Do you like it?" Ye Chen asked Fan Yima, Ye Chen asked Fan Yima, he wanted to know Fan Yima's opinion.

"This feels a little strange, but it's comfortable." Fan Yima felt a little strange, she felt her own strangeness.

"It's okay, you will definitely be comfortable with this feeling." Ye Chen said to Fan Yima, he said that Fan Yima would quickly adapt.

"Erm" Fan Yima let out a very seductive moan, Fan Yima's moan was very seductive to Ye Chen.

"He has very good endurance." Ye Chen saw that Fan Yima had very good endurance.

Ye Chen had not found the sensitive point of Fan Yima, he still had not found the most sensitive point of Fan Yima.

"Wait a minute, don't tell me that" Ye Chen remembered something, he remembered that the ear is the most sensitive point that an Elf has.

"I will try" Ye Chen will try, he will try to tease Fan Yima's ear.

Ye Chen bit Fan Yima's ear, he gave a stimulus to Fan Yima.

"Ahhh. . ." Fan Yima groaned, her ears were very sensitive to stimulation.

"Please don't do such things." Fan Yima said to Ye Chen, she couldn't stand what Ye Chen did.

"what's wrong?, don't you like it?" Ye Chen asked Fan Yima.

"It's not like that, it's just that it's very sensitive, so please don't mess around" Fan Yima said in a helpless tone.

It seemed that Ye Chen's guess was right, this was one of the sensitive points that Fan Yima had.

Ye Chen had already obtained Fan Yima's sensitive spot, now was the time to launch his attack.

Ye Chen continued to tease Fan Yima, he used his tongue and teeth to tease Fan Yima.

Fan Yima couldn't stand what Ye Chen was doing, she couldn't stand someone playing with her ears at least.

Ye Chen didn't care about Fan Yima's whining, Ye Chen's goal was to subdue Fan Yima.

"What are they doing, it's so lewd" Fan Fumi tried not to see what was happening, she covered her face so as not to see the lewd scene that was in front of her eyes.

Even though he tried not to look, the fact that Fan Fumi couldn't do that, what happened piqued Fan Fumi's interest, she was quite curious about what Ye Chen and Fan Yima were doing.

Fan Yima couldn't stand it, he finally reached the peak by the stimulation given by Ye Chen, the stimulation given by Ye Chen made Fan Yima helpless and reached the peak.

"This is great, I got it" Fan Yima got something really great, she likes this feeling.

"It's not over yet" Ye Chen said to Fan Yima, he told him that it wasn't over yet.

"What else can you do?" Fan Yima asked Ye Chen, Fan Yima's face was getting redder like an apple, she was really drunk.

"I will show my ability" Ye Chen wanted to show the ability he had, he wanted to show everything to Fan Yima.

The two continued to have fun, both had forgotten what was around them, now their world belonged to just the two of them.

Ye Chen and Fan Yima looked more and more excited, both of them seemed to be getting more and more excited as time went on.

Fan Yima helped Ye Chen undress Ye Chen, with a less skillful move Fan Yima let go of the shackled little brother.

"Wow. . ." the moment Ye Chen's little brother jumped up, it made Fan Yima shocked half to death.

"It's so big, are you an Orc?" Fan Yima was surprised by Ye Chen's size, it was very, very big and a little scary.

" what's that . . ." Fan Fumi looked in deep shock, she looked very surprised when she saw Ye Chen have such a thing.

Fan Fumi certainly knew what Fan Yima had just released, it was an item that belonged to a man and it was something that a woman could feel happy about.

Fan Yima used her hand to touch Ye Chen, she was trying to gauge how strong Ye Chen's thing was.

After carefully measuring it, Fan Yima had doubts, he doubted whether he would be able to withstand something this strong.

"This is big, will I be able to endure something this big?" Fan Yima said to Ye Chen.

Due to the influence of alcohol, Fan Yima became very bold, he became very bold in saying such things.

A woman of virtuous character showing her true nature, it was quite a rare thing to see.

"We won't know until we try," Ye Chen said to Fan Yima.

Ye Chen hadn't tried it yet, so he didn't know if it would be suitable or not.

"You must be on purpose, who believes what you say" Fan Yima didn't believe what Ye Chen said.

"Hehehe" Ye Chen chuckled, he chuckled when he heard what Fan Yima had to say.

Fan Yima continued to use his hands to touch and squeeze Ye Chen's little brother, he seemed to have a hard time doing that.

Fan Yima's abilities weren't that great, Fan Yima was only able to make Ye Chen feel a little comfortable.

"There seems to be no way" Ye Chen lifted Fan Yima's body, he laid Fan Yima on the bed.

"I can't take it anymore" Ye Chen said that he couldn't take it anymore.

"Do whatever you want" Fan Yima allowed Ye Chen to do whatever he wanted.

"Of course, you just leave this matter to me," Ye Chen said to Fan Yima.

Ye Chen immediately used his younger brother who was already very excited, he aimed for the beautiful Fan Yima Honey Cave.

Ye Chen could see that Fan Yima had something beautiful, he had a secret garden which was quite beautiful and made Ye Chen excited.

Plus it was already very wet, so Ye Chen could start without worrying about hurting Fan Yima.

Ye Chen broke through Fan Yima's gate and began to venture into it.

"Oh, it hurts. . ." Fan Yima shouted at Ye Chen, she felt an excruciating pain as Ye Chen pierced through him.

"Don't worry, it won't take long" Ye Chen said to Fan Yima, Ye Chen tried to comfort Fan Yima, he told her that the pain wouldn't last anymore.

"This still hurts, I feel like I'm in two" Fan Yima still feels unbearable pain, this pain is still unbearable for Fan Yima.

Ye Chen tried to ease Fan Yima's pain, he eased Fan Yima's pain.

The pain begins to disappear, the pain is replaced by a feeling of itching and fullness, this feeling is very comfortable.

After Fan Yima got used to it, Ye Chen started to move and started the piston slowly and progressively faster.

"Ahh, my head feels empty, what is this?" Fan Yima was confused, the feeling that Ye Chen made her feel an extraordinary feeling.

Fan Yima liked this feeling, she was very happy with the comfortable feeling that Ye Chen gave.

"You are so great, please more, teach me more" Fan Yima said to Ye Chen, she told Ye Chen to be stronger.

"What kind of feeling is this?" Ye Chen felt a completely different feeling, Fan Yima seemed to have a boundless Yin Qi, the Yin Qi in Fan Yima's body overflowed as if it was constantly being filled.

This discovery naturally took Ye Chen by surprise, it was his first time seeing something like this.
