

A True God 1711

### **Chapter 1711 given a broken Mine Hoe**

just like what Fan Yima said, the population of elves is very limited, so it's not strange that they can breed with humans.

"Very good, keep it up" Ye Chen praised Fan Fumi's skills, although it's still not very good, at least Fan Fumi has used everything she can.

"Slurp. . . ., jubo . . . ., Slurp . . . ., jubo . . ." Fan Fumi's sucking sound sounded very lewd.

Fan Fumi seemed to really enjoy this, she seemed to be eating the best food.

"Do you like it?" Fan Fumi asked Ye Chen.

"Of course I like it, you have to do better" Ye Chen said to Fan Fumi.

"I'll make you like this" Fan Fumi aspires to make Ye Chen like her abilities, that's why she will try her best.

Ye Chen enjoyed Fan Fumi's service, as time went by Fan Fumi became proficient in serving Ye Chen's large object.

After about 30 minutes, Fan Fumi looked exhausted, she felt her jaw go numb from Ye Chen's enormous object.

"Ye Chen, I think I'm tired" Fan Fumi said truthfully to Ye Chen, he told Ye Chen that she was quite tired.

"Okay, then it's my turn" Seeing the tired Fan Fumi, now it's Ye Chen's turn to make Fan Fumi happy.

Ye Chen took off Fan Fumi's clothes, he touched Fan Fumi's double peak and started exploring Fan Fumi's secret garden.

"Ah no, that" Fan Fumi shouted, the feeling that Ye Chen gave was amazing, Fan Fumi was deluded by the immense pleasure.

Ye Chen started to show his abilities, he used his tongue skill to make Fan Fumi reach the peak.

Fan Fumi was easily made to the Epak by Ye Chen, Fan Fumi had almost no resistance in front of Ye Chen,

Fan Fumi was very weak, Ye Chen almost knew all the sensitive points that Fan Fumi had, it made Fan Fumi not move against Ye Chen.

From afar Xing Shenyi saw everything that was happening, she felt excited when she saw Ye Chen and Fan Fumi doing Dual Cultivation.

Xing Shenyi didn't expect that seeing something like this would make her feel so excited, Xing Shenyi was very excited when she saw Ye Chen and Fan Fumi having fun like that.

Xing Shenyi felt that she had become a pervert when she saw what was in front of her, the scene in front of her made an Elf Queen feel excited like this.

"he will put that monster inside that little girl's body" Xing Shenyi was shocked when Ye Chen tried to attack Fan Fumi with something that big, to be honest Xing Shenyi could hardly imagine something like this.

Xing Shenyi didn't know if Fan Fumi could endure something like that, it was quite difficult to endure Ye Chen's abnormal size.

Xing Shenyi watched with her crystal clear eyes, she didn't blink at the sight in front of her.

Ye Chen and Fan Fumi started their Dual Cultivation session, the two of them began to intertwine with each other and began to make very harmonious sounds.

"Erm, ah. . ." Fan Fumi's voice is much more dominant than Ye Chen's, Fan Fumi's is much more enthusiastic than Ye Chen's.

Ye Chen's movements were quite aggressive, he made moves deep enough to reach the very depths.

Fan Fumi was full when she accepted Ye Chen.

Xing Shenyi couldn't believe what she saw, to be honest she didn't believe Fan Fumi was able to survive Ye Chen.

Unbeknownst to Xing Shenyi, she was already quite wet when she saw what was happening.

"I can't stay here all the time." Xing Shenyi couldn't stay in this place, she couldn't stay in this place anymore because her body had become so strange.

Xing Shenyi left, she left where Ye Chen and Fan Fumi lived.

Ye Chen didn't care if Xing Shenyi left, she continued her relationship with Fan Fumi.

Ye Chen and Fan Fumi continued Dual Cultivation until midnight, before the two stopped because tomorrow they had to go to the forbidden island.

.

.

Morning finally arrived, Ye Chen and Fan Fumi immediately got ready and tidied up this place, they made sure not to leave anything strange in this place.

"You two are summoned" the knight came to Ye Chen, he informed that both of them were summoned.

"Take us" Ye Chen said to the Elf Knight in front of him, he ordered the Elf Knight to escort himself to the gathering place for the humans.

Ye Chen and Fan Fumi followed the Elf knights, they were both brought to a port not far from the palace.

In the harbor, a large and quite majestic ark has been prepared, it seems when this will be the transportation to the forbidden island of Elf.

At the harbor Ye Chen met the ten selected humans, they were already fully equipped, they were ready to mine blessing earth essence.

"All of you have gathered, now I will tell you what to do, blessing earth essence is a very hard material, even high-end heirloom weapons will not easily destroy it, that's why you will be given a special Mine Hoe that will you use to mine blessing earth essence." Elder Elf told how to mine blessing earth essence.

The Elder Elf would give each person a Mine Hoe, they could use it to mine blessing earth essence.

"Besides that you will be provided with an experienced adventure elf to guide you, you must ensure his safety because he is your guide, otherwise you will get into big trouble" the Elder Elf said to everyone.

Everyone nodded, they all understood what they had to do.

"Okay, if you understand, I will share it with you." Elder Elf handed out Mine Hoe and also an Elf with fairly rich battle experience, each person was given 1.

Ye Chen got Mine Hoe, but he didn't get an Elf because no one wants to do it.

All the participants looked at the Mine Hoe they got, all of them got the Mine Hoe which looked smooth and shiny and pointed, while Ye Chen's looked worn out and some parts were bent and dull.

"Can this be used?" seeing the Mine Hoe in his hands looking so bad, Ye Chen asked the Elder Elf.

"You don't have to complain, you only have it for you, if you don't want it then throw it away" Elder Elf said to Ye Chen.

Elder Elf said to Ye Chen in an unfriendly tone, she looked unfriendly to Ye Chen.

"Isn't this very unfair?" said Fan Fumi, Fan Fumi saw that this was all unfair.

"If you can't accept it, then you can leave and don't get involved in this matter," the elder said to Ye Chen and Fan Fumi.

If Ye Chen felt that all of this was unfair, then they could go and leave this place.

"How can you do something like that?" Fan Fumi was not happy, how could the elder's treatment of Ye Chen be so different, this was like bullying.

"I told you, we only have that, if you don't like it, you are free to leave at any time, the exit is always open for you." Elders look very relaxed about this matter, they don't care about small matters like this.

"Looks like they are shameless old woman." Ye Chen saw that the elders in this place were shameless old Woman.

### **Chapter 1712 landed in Forbidden Island Elf**

Too bad Xing Shenyi wasn't here, if only he was, Ye Chen would definitely be able to complain.

It was a pity that Xing Shenyi wasn't here, so Ye Chen couldn't complain about the matter.

Ye Chen sighed, it seemed that he couldn't put up a fight, all the elders there didn't seem to care much about Ye Chen, they cared more about the participant who came first.

After everyone is given what they need, everyone gets into the profound ark, they will immediately be sent to the Forbidden Island Elf.

Since Ye Chen had no companion, Fan Fumi accompanied Ye Chen, he accompanied Ye Chen's adventures while on the Forbidden Island Elf.

"Would you mind coming with me?" Ye Chen asked Fan Fumi, Ye Chen asked Fan Fumi, he asked if Fan Fumi wouldn't mind being with him.

"I will accompany you wherever you go" Fan Fumi said that he would accompany Ye Chen wherever he went.

"That's great" Ye Chen was happy with the answer given by Fan Fumi, he was very happy with the answer given by Fan Fumi who wanted to follow Ye Chen wherever he went.

Ye Chen and Fan Fumi entered into the profound ark, the two occupying the room that had been prepared for them.

The room inside the ark was quite simple, it could fit two people, so Ye Chen and Fan Fumi could share the same room.

"What is the approximate travel time?" Ye Chen asked how long the trip would take them.

"3 days" travel time was 3 days, so Ye Chen could take this opportunity to prepare themselves.

"I see, then there's still enough time." Ye Chen saw that there was still plenty of time to relax.

so he would wait and start refining himself, Fan Fumi joined in cultivating with Ye Chen, both of them cultivating in their room.

While Ye Chen and Fan Fumi were cultivating, Teng Domi and the others were having fun, they were served by the Elf who was in the profound ark.

The elves in this place give their best, they do this to get good seeds for future elves.

The sound of moans and moans rang out in every room, almost all humans were mesmerized by the Elf who served them.

They had quite an intense intimate relationship, they seemed quite enjoying what was happening to them.

Ye Chen of course knew what had happened, he naturally knew what had happened to Teng Domi and the other humans.

Ye Chen ignored all of this and focused on improving himself and Fan Fumi, they had to prepare themselves because they were going to a pretty dangerous place, otherwise they could get into quite the big trouble.

As time passed, Ye Chen and Fan Fumi were still quite relaxed in doing what they wanted.

Every now and then Ye Chen and Fan Fumi went out to see the view of the vast expanse of the sea, they enjoyed this scene alone without anyone daring to disturb them.

"Announcement, we will arrive at our destination in 15 minutes, I hope you all prepare yourselves, we will drop you down by force" a warning was given, they would immediately drop everyone by force to the Forbidden Island Elf.

Hearing this, all the humans immediately got ready, they prepared themselves and immediately went to the drop point.

"Finally, let's go." Ye Chen was quite happy with this news, finally Ye Chen was able to get out of this slightly boring place.

" You are ready?" Ye Chen asked Fan Fumi.

"I'm always ready" Fan Fumi said that she was always ready, she was always ready at any time.

"Very good spirit, then let's take all the Blessing Earth Essence we have." Ye Chen will take all the Blessing Earth Essence available.

"Let's prove that we can" Fan Fumi agreed, they have to prove that they are great people and can do anything.

Ye Chen and Fan Fumi went to Drop Point, they were together with Humans and Elves with high cultivation and experience.

"You have only 7 days, after 7 days, we will pick you up at the appointed point, you should make the best use of this time" Before leaving, the Elf knight in charge told everyone the time they had.

It turned out that the time given was quite short, it was only 7 days, what could they get in 7 days.

"Countdown in 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, the door is opened" the door of the profound ark was opened, everyone immediately slid down.

Directly below, Ye Chen saw a vast island that was extremely gloomy, the aura on this island was so gloomy that it made people feel uncomfortable being in this place.

"This place" Ye Chen felt something hidden in this place, he felt a special feeling that was in this place.

"Come with me" Ye Chen held Fan Fumi's hand, he told Fan Fumi to come with him.

Everyone scattered, they spread out in all directions to find the existence of the Blessing Earth Essence.

Ye Chen and Fan Fumi descended, both landing on the ground safely.

"roar" when Ye Chen and Fumi just landed, the wolf monsters immediately came towards Ye Chen, they pounced on Ye Chen and Fan Fumi,

"get away" Ye Chen swung his arm, he knocked all the monsters away with one step.

"Boom" An enormous explosion occurred, this huge explosion swept away all the monsters in this place.

Ye Chen was too domineering, he fought all the monsters very easily

"How do you feel?" Ye Chen asked Fan Fumi, he asked about the condition that Fan Fumi had.

"It's a little strange, but my strength feels weak." Fan Fumi said to Ye Chen, she felt her strength become very weak.

"It's most likely because of the influence of this place." Ye Chen concluded that it was because of the influence of this place, that Fan Fumi's strength had weakened.

"Perhaps that's true" Fan Fumi agreed, it was probably because of the influence of this place that the Elf's strength had dropped drastically.

"Other than your weak strength, is there anything else?" Ye Chen asked Fan Fumi.

Ye Chen wanted to know what had happened, was it just feeling weak or something else had happened.

"Nothing, I just feel my strength is weak, other than that everything is fine" Fan Fumi said to Ye Chen.

Apart from his weakened strength, there was no other feeling, Fan Fumi felt her body strength was decreasing so maybe this would hinder Fan Fumi's movement.

Ye Chen nodded, because Fan Fumi is weakened in this place, then Ye Chen will balance Fan Fumi's strength, he will not force Fan Fumi to do something she can't do too much.

Fan Fumi's condition wasn't at its peak, so this would definitely affect their movement speed.

Ye Chen and Fan Fumi began to search for the existence of Blessing earth essence, both of them searched for the existence of Blessing earth essence.

With the speed they have, they need 3x the normal time to cover 100 miles.

Ye Chen and Fan Fumi several times encountered the powerful monsters that inhabited this place, all the monsters charged towards Fan Fumi.

Rather than Ye Chen, the monsters in this place were more focused on attacking Fan Fumi, it seemed that the monsters in this place attacked the Elves first than humans.

### **Chapter 1713 Mining Blessing Earth Essence**

It's obvious that the monsters in this place are targeting Elves more than humans, possibly Elves are much more tempting and delicious than humans.

Ye Chen used his power to protect Fan Fumi.

Fan Fumi was in a defenseless state, so it wouldn't be strange if she couldn't fight 100%, at least Fan Fumi could only use 10% of her strength.

The power restriction in this place is enormous, it's not strange that the Elves don't dare to enter by force, if they enter by force, then it is certain that they will die from being eaten by the monsters in this place.

Ye Chen searched for the existence of Blessing earth essence, he used God Eyes to find the whereabouts of Blessing earth essence.

Until now, Ye Chen still couldn't find the existence of Blessing Earth Essence, he still couldn't find the existence of Blessing Earth Essence.

"It seems that it will be very difficult to find the existence of Blessing Earth Essence." Ye Chen felt that Blessing Earth Essence was something that was difficult to find, Ye Chen really had a hard time finding Blessing Earth Essence.

"Let's rest for a while" Fan Fumi felt tired, she got tired very quickly.

The power restriction in this place had made Fan Fumi very weak, her stamina was very low due to the curse that existed in this place.

"Take a break" Ye Chen told Fan Fumi to rest.

"Thank you very much" Fan Fumi thanked Ye Chen, she thanked Ye Chen for understanding.

Ye Chen was quite understanding, he was very considerate of the helpless Fan Fumi.

"Yuechan, do you have a solution for this problem?" Ye Chen asked Chu Yuechan.

Ye Chen had tried to find a solution, unfortunately he couldn't find a solution that could solve Fan Fumi's problem.

"I'm glad you asked me, of course I have a solution for your problem." Chu Yuechan had a solution for Ye Chen.

"Really?" Ye Chen immediately asked what solution Chu Yuechan had.

"Master, in this place there is a mist that makes Elves feel weak" Chu Yuechan said to Ye Chen.

"mist?" Ye Chen immediately looked around, this forest was indeed full of mist which made visibility shorter.

"There seems to be something wrong with the mist in this place." Ye Chen finally found the problem, he saw that the fog in this place was strange.

It seems that the cause of Fan Fumi being weak is this mist, which means that as long as Fan Fumi doesn't inhale the mist around her, then she's fine.

"You must already know what to do," Chu Yuechan said to Ye Chen.

"Okay I understand what to do" Ye Chen finally understood what he had to do.

"Fumi come here" Ye Chen told Fan Fumi to come closer, he will help Fan Fumi to get out of trouble.

Ye Chen gave the wind blessing around Fan Fumi, now Fan Fumi seemed to be isolated from the surrounding air.

"What are you doing?" Fan Fumi asked Ye Chen.

"I helped you, now how do you feel?" Ye Chen asked Fan Fumi.

"my feelings?" Fan Fumi started trying to use her powers, now she felt freer than before.

"My body feels so light." Fan Fumi regained her strength, she felt like she was recovering like before.

"Ye Chen, you are really great" Fan Fumi praised Ye Chen, Fan Fumi was surprised by what Ye Chen did.

Ye Chen was great, he was able to solve a problem like this so easily.

"I am a great person" Ye Chen said as he rubbed his nose proudly.

Now that Fan Fumi no longer needs to endure strength, they can quickly search for the existence of Blessing Earth Essence.

Ye Chen and Fan Fumi went even deeper, both of them headed towards the deepest part of the island.

The closer to the center, the stronger the monsters, they may not be many in number, but their strength is enormous.

"Ye Chen there, Blessing earth essence over there." Fan Fumi pointed to a small lump of Blessing earth essence.

"Yes, I saw it." Ye Chen also saw it, he saw a small lump of Blessing Earth Essence.

"Let's take it" Fan Fumi said to Ye Chen, Fan Fumi invited Ye Chen to take Blessing earth essence.

"I'll take it" Ye Chen nodded, he together with Fan Fumi approached the direction of Blessing Earth Essence.

Ye Chen took out Mine Hoe, he tried to mine Blessing earth essence using Mine Hoe.

"Clang . . ." A loud crash sounded as Ye Chen mined Blessing earth essence, Blessing earth essence was extremely hard and hard to destroy with just one try.

Plus the Mine Hoe that Ye Chen got was damaged, this made it difficult for Ye Chen to mine Blessing Earth Essence.

Ye Chen didn't give up easily, he tried several times, he used all his strength to mine Blessing earth essence.

After about 20 hits, Ye Chen got 1 shard of Blessing earth essence.

"Too long" Ye Chen felt that if he used Mine Hoe for too long, Ye Chen only got a small amount of Blessing Earth Essence from 20 hits.

"Never mind, let's use my strength" Ye Chen decided to use his strength.

"Breaking Meteor Blow" Ye Chen used Breaking Meteor Blow to hit the Blessing Earth Essence.

An explosion occurred, the ground here subsided when it received the Breaking Meteor Blow.

Surprisingly, the Blessing earth essence didn't shatter even after receiving a powerful strike from Ye Chen.

"So hard" Ye Chen finally realized that Blessing Earth Essence was much more violent than he imagined, even Ye Chen's attack was unable to destroy Blessing Earth Essence.

"master use me" Yin Ying'er said to Ye Chen, she wants to help Ye Chen.

"Okay" Ye Chen finally received help from Yin Ying'er to destroy Blessing Earth Essence.

Supposedly with the help of the Divine Yin Yang Sword, Ye Chen could destroy Blessing Earth Essence.

"crush" Ye Chen drew the Divine Yin Yang Sword, Ye Chen didn't hold back while doing this.

A powerful slash hit the Blessing Earth Essence, this powerful slash hit the Blessing Earth Essence and caused a tremor that made the earth tremble.

"The stone absorbed my attack." Ye Chen didn't expect that Blessing earth essence would attack his attack.

It's not strange that Ye Chen's attack couldn't destroy the stone, it turns out that Blessing Earth Essence is capable of attacking both physical and non-physical attacks.

"It turns out that Blessing Earth Essence has a special ability." Chu Yuechan did not expect that Blessing Earth Essence would have such a special ability.

"What should I do" Ye Chen thought, what should he do, he can't continue like this, if it continues like this, then it is certain that he will not be able to get Blessing Earth Essence.

"Since my attacks don't work, I will use Dimension power" Since Ye Chen's attacks have no effect, Ye Chen will use the strongest power he has.

"Dimension Breaker" Ye Chen used Dimension Breaker, he aimed Dimension Breaker at the lump of Blessing earth essence..

"Crack . . ." The dimensions around Blessing earth essence began to crack, Blessing earth essence began to crack in all parts.

"Clank. . ." Blessing earth essence instantly turned into hundreds of pieces and scattered everywhere.

"Ye Chen you did it." Fan Fumi was overjoyed, she was happy to see Ye Chen being able to mine Blessing Earth Essence.

"Let's collect" Ye Chen invited Fan Fumi to collect Blessing Earth Essence which had been broken into small pieces.

### **Chapter 1714 island lord monster gathering**

Ye Chen and Fan Fumi gathered Blessing earth essence.

In this first harvest, Ye Chen and Fan Fumi got quite a lot, both of them got quite a lot of Blessing earth essence.

"This is very good." Ye Chen liked it, he liked it when he got Blessing Earth Essence.

"Ye Chen, This is too much, we will become rich" Fan Fumi said to Ye Chen.

Fan Fumi looked very happy, she was quite happy when she found out that they got a lot of Blessing earth essence.

"This is just the beginning, we can definitely get more" Ye Chen said that this is just the beginning, they can definitely get more.

"Come on" Fan Fumi is getting excited, they can definitely get more.

.

.

The other participants also did their best to collect Blessing earth essence, they used Mine Hoe to mine Blessing earth essence.

Mine speed using Mine Hoe was extremely slow, they required at least 10x tries to destroy a small part.

Plus they require a fair amount of power to swing the Mine Hoe.

"damn this is so tiring" Teng Domi complained, he complained with a dissatisfied face and expression.

Whereas Teng Domi thought that harvesting Blessing earth essence would be easy to do, but it turns out that this requires quite a lot of energy and time.

Plus there were a lot of monsters around this place, they still had to be vigilant at all times, otherwise they would get into quite a bit of trouble.

"Young master Teng, you can definitely try." Elf's companion beside gave encouragement to Teng Domi, she did her best to support Teng Domi.

"Is there no other way to collect Blessing Earth Essence?" Teng Domi asked, he asked about another way to collect Blessing Earth Essence.

"In this place you can also snatch Blessing Earth Essence from other participants, as long as it's not over, the ownership of Blessing Earth Essence is still not 100% of that person's." Teng Domi's companion said and explained another way to get Blessing Earth Essence.

"why didn't you tell me, if I knew this, I wouldn't bother doing something like this" If only Teng Domi knew about this matter, then he wouldn't be willing to do this kind of menial work.

Teng Domi saves Mine Hoe, he leaves from this place.

"Young master Teng, where are you going?" Elf companion asked, he asked Teng Domi who suddenly left.

"I want to go hunting, I don't like doing menial work like this." Teng Domi didn't want to do this kind of work, he would just take someone else's Blessing earth essence.

It would be easier for Teng Domi, very easy for Teng Domi to snatch Blessing earth essence from others.

Teng Domi is very confident in his abilities, he is quite confident in his abilities and no one can stand against him.

Teng Domi will seize the Blessing earth essence, he will seize the Blessing earth essence that everyone gets.

"I will support you" Tang Domi's companion came along, she would go wherever Teng Domi went.

Both of them went in search of prey, both would seek the best prey they could find.

Teng Domi didn't think that this island was so vast, it should be very difficult to find the whereabouts of other humans.

Ye Chen and Fan Fumi continued to dredge up all the Blessing earth essence they could find, Ye Chen and Fan Fumi had managed to get a lot of Blessing earth essence.

With this huge amount, Ye Chen could be sure that they would get a huge reward.

Ye Chen looked at the mountain in front of him, he looked into the mountain using God Eyes.

Inside there were countless Blessing earth essences, the amount of Blessing Earth Essences inside was so great, the numbers were enough to take one by surprise.

"I got a Jackpot" Ye Chen looks happy, he has managed to get a very big jackpot.

If Ye Chen could take them all, then that would be quite a great thing.

"Hmm, the biggest problem is in the guard, it seems that Blessing Earth Essence is guarded by a very strong monster." Ye Chen saw that inside was a monster base, there were many strong monsters residing in the mountain.

"Looks like it's going to be a pretty fierce battle." Since there were a lot of monsters inside, Ye Chen felt that it would be a fierce battle.

"Ye Chen, why did you stop?" Fan Fumi asked Ye Chen, seeing Ye Chen suddenly stopped, Fan Fumi immediately asked him.

"Nothing, I just found a huge pile of Blessing Earth Essence," Ye Chen said to Fan Fumi.

"Wow, that's great." Fan Fumi said to Ye Chen, she felt that Ye Chen was too lucky.

"Why don't we just go and get it?" Fan Fumi asked Ye Chen.

Fan Fumi took Ye Chen, she invited Ye Chen to take Blessing earth essence.

"This is the problem, there are a lot of monsters inside" Ye Chen said to Fan Fumi, Ye Chen told that there were quite a lot of strong monsters in there.

"Can't you beat all the monsters inside?" Fan Fumi asked Ye Chen.

"Of course I can do that, but I can't take you, I hope you stay here and hide" Ye Chen said to Fan Fumi.

"Okay, I'll do it" Fan Fumi nodded, she wouldn't come with Ye Chen because it was too risky.

"Hide" Ye Chen told Fan Fumi to hide, lest anyone do bad things to Fan Fumi.

After confirming that Fan Fumi was in a safe place, Ye Chen immediately headed towards the mountain, himself entering the mountain in a fairly rough manner.

"Boom. . ." Ye Chen smashed the mountain wall and went inside, the method Ye Chen used was quite risky, Ye Chen actually used something brute to get into the enemy's lair.

"roar. . ." sure enough, there were countless monsters coming out from within, all the monsters came out and immediately surrounded Ye Chen.

"Die. . ., Die . . ., Die . . ., Die . . ." A monster scream resounded, they all said and voiced their voices to kill Ye Chen.

"Quickly leave this place right now" Ye Chen said to the monsters that inhabit this mountain, he gave a warning to leave this mountain.

"no one will go, you will go to hell" all the monsters came forward, they all advanced towards Ye Chen.

"Too bad" Ye Chen shook his head, even though he hoped that the warning would make them leave.

"Frost Age" Ye Chen put his hand on the ground, instantly all the monsters became Ice statues.

Ye Chen walked past all the frozen monsters, all the monsters were defeated by Ye Chen very easily.

The monsters that came out were still low-class monsters, inside there were still many monsters with enormous power.

"The battle is about to begin" Ye Chen was going to have a pretty big battle, he was going to fight all the monsters inside.

"Human?, it's been hundreds of thousands of years no human has dared come this far" Several large monsters with terrifying auras gathered on the throne, they saw Ye Chen's arrival with gazes filled with intense intimidation.

"I don't want to fight with you guys, why don't you just leave Blessing earth essence to me" Ye Chen tried his best to avoid fighting

### **Chapter 1715 Fooling alls lord monster**

"Hahaha, this human is really funny." All the powerful Monsters in this place laughed, they all laughed at Ye Chen who said such words.

"What's funny, do you think I look funny?" Ye Chen said to all the monsters in front of him.

All of these monsters are the leaders, they are the rulers of the territory on this island, they are all gathered in this place to discuss.

"Of course it's funny, not many humans can meet us, we are all strong existences that are not easy for humans to meet like you, and you dare to rule us" The monsters are the rulers of some areas of this island, it is not easy to find them.

"If you don't hand over Blessing Earth Essence, you'll be in trouble," Ye Chen said to the Lord monster in this place.

"If you really have the ability, why don't you give it a try, I want to see how much you can bring the Blessing Earth Essence in this place." All the monsters there invited Ye Chen to take Blessing Earth Essence.

They believed that Ye Chen would not easily take away Blessing Earth Essence.

Blessing earth essence is very hard, it takes quite a lot of effort to take it, humans will definitely be exhausted because of this problem.

"Thank you , you guys are very kind" Ye Chen said to the monster king in front of him.

"Then I won't hold back anymore" Ye Chen won't hold himself back anymore, he will harvest everything in this place.

"Dimension Breaker" Ye Chen used Dimension Breaker, an extremely powerful destructive power occurred right in front of all the monster lords.

"Cracks . . ." Dimensional cracks spread out very quickly and covered the existing Blessing Earth Essence.

"Clanks . . ." The Blessing earth essence that was in this place shattered and collapsed instantly due to Ye Chen's attack.

The mountain in this place was also destroyed by Ye Chen's actions, a large and sturdy mountain was destroyed in just one sweep of Ye Chen's attack, now the mountain has been flattened by Ye Chen.

"Huh? . . ." All the monsters there were shocked by what Ye Chen did, they were all very shocked when they saw Ye Chen harvesting Blessing Earth Essence in one fell swoop.

"time to collect" Ye Chen gathered all the Blessing earth essence, he put the Blessing earth essence into the fairy gate storage.

"Thank you very much, have a nice day" After taking all the Blessing Earth Essence, Ye Chen immediately left, he immediately left this place.

All the monster lords were still speechless by what had happened, they were speechless when they saw the strangeness that Ye Chen had shown.

"He dares to steal all Blessing Earth Essence, quickly capture him." Seeing Ye Chen take all Blessing Earth Essence, The monster kings were furious, they immediately chased after Ye Chen.

"Bang. . ." just as they were about to chase after Ye Chen, they found a barrier in front of them, this barrier had been prepared by Ye Chen so that the lord monster couldn't catch up to him.

Ye Chen was very smart, he had prepared everything before the battle, that way the monster lords wouldn't be able to catch up to him.

"Dammit" all the monster lords went berserk, they all went berserk and tried to break the barrier that was in front of them.

The fury of strong monsters like them naturally created a phenomenon, an extremely terrifying phenomenon occurred around the razed mountain, all the monsters near this place immediately looked for the best place to hide.

"Looks like they're very angry." Ye Chen laughed when he saw what was happening, he laughed at the monsters who were deliberately looking for trouble with him.

Now that Ye Chen has obtained Blessing Earth Essence, he has already obtained an enormous amount of Blessing Earth Essence, the amount is enough to buy the entire Elf mainland.

"Where did Fumi go?" Ye Chen looked for traces of Fan Fumi, he wanted to know where Fan Fumi had gone.

"Fumi, where are you going" Ye Chen shouted Fan Fumi's name, he searched for the whereabouts of the unseen Fan Fumi around this place.

Ye Chen shouted Fan Fumi's name several times, he also searched around this place.

"Wasn't she here earlier?" Ye Chen didn't know where Fan Fumi had gone, whether he was hiding or going to this place.

Ye Chen wandered around for several times, until now Ye Chen still hadn't found the whereabouts of Fan Fumi.

"Nothing, where is she?" Ye Chen didn't find any whereabouts of Fan Fumi, there was no sign of the whereabouts of Fan Fumi around this place.

Not finding the whereabouts of Fan Fumi, Ye Chen decided to look for traces of Fan Fumi.

"A footprint?" Ye Chen found a footprint, judging by the size, it was clear that this was a single footprint, it couldn't be a monster's footprint.

"someone kidnap Fumi" Ye Chen guessed that if someone took Fan Fumi, he wanted to know who would dare to do something like this to Fan Fumi.

"I will follow this trail" Ye Chen will follow the footsteps of the person who brought Fan Fumi, from his footsteps it is estimated that the number of people who kidnapped Fan Fumi is around 3~5 people.

Ye Chen left, he looked for the whereabouts of Fan Fumi, Ye Chen will definitely get Fan Fumi back.

" wait there . . ." When Ye Chen wanted to find the whereabouts of Fan Fumi, Ye Chen was stopped by someone, the person who stopped Ye Chen's steps was Teng Domi.

"You again, don't you have a copy job bothering someone?" Ye Chen said to Teng Domi, this man always comes at inopportune times.

"Listen brat, earlier you made me angry, now hand over all the Blessing earth essence you have, otherwise you will suffer a painful fate" said Teng Domi with a wicked laugh.

Teng Domi was so shameless, he dared to threaten Ye Chen and wanted to snatch away the Blessing earth essence.

"Stop dreaming, don't bother me, otherwise you will suffer the consequences." Ye Chen had no time for this man, he still had to do something more important than dealing with Teng Domi.

"Bastard, how dare you refuse my orders, I will make you regret it." Teng Domi was angry, he was furious with Ye Chen who had dared to refuse an absolute request.

"Feel this, Rock crushing punch." Teng Domi used a rock-hard punch to confront Ye Chen.

Teng Domi's hands are now covered with very hard rocks, these hard rocks can make Teng Domi crush and pound the human body easily.

Teng Domi jumped, he was going to pound Ye Chen from the top, if someone was hit by an attack like this, it was certain that their body would be crushed.

Ye Chen looked up, he saw Teng Domi who was heading towards him and preparing to make an attack on him.

"Die" Teng Domi shouted, he shouted at Ye Chen who was in front of him.

Ye Chen did not stop Teng Domi's attack, Ye Chen had no intention of doing such a thing.

"Blam. . . ." Teng Domi landed a punch towards Ye Chen, he landed a very hard punch towards Ye Chen.

"Feel the consequences" Teng Domi said to Ye Chen, Teng Domi had already won the battle with Ye Chen.

Teng Domi's attack landed right on Ye Chen's head, an attack as powerful as this must have damaged Ye Chen's head.

" Cracks . . ." a shrill cracking sound rang out, the hard rock that enveloped Teng Domi's hand disappeared and shattered.

#### **Chapter 1716 Teng Domi struck by lightning**

"argh. . ." Teng Domi suddenly screamed, he screamed in pain and started to touch his hand which he had just used to hit Ye Chen.

"Young master Teng, are you okay?" The elf who was hiding came out, she came out and saw the state of Teng Domi.

"It hurts" Teng Domi groaned in pain, the hand that was used to attack Ye Chen was crushed.

"What happened?, what have you done?" Elf asked Ye Chen, she asked what Ye Chen had done.

"Didn't you see that he attacked me, what did I do?" Ye Chen asked back.

From the beginning Ye Chen just stayed silent and received an attack from Teng Domi, Ye Chen didn't even put up a fight when he received an attack from Teng Domi.

"I don't believe what you said" Elf didn't believe what Ye Chen said, she didn't believe everything Ye Chen said.

"It's up to you if you don't believe it, it's none of my business." Ye Chen didn't care, he didn't care if the other party didn't believe him.

Teng Domi was Ye Chen's enemy, so for Ye Chen to explain what happened to the enemy, it would be the same as Ye Chen making a fool of himself.

"Bastard, what is your body actually made of?" Teng Domi asked Ye Chen, Teng Domi felt that he had just hit the hardest object in the world.

"Of course from the skin, what is it?" Ye Chen said to Teng Domi, Ye Chen acted like he was innocent, he was innocent after hurting Teng Domi.

"Get hurt when attacking someone, isn't that funny" Ye Chen said to Teng Domi.

Ye Chen hadn't even started the battle yet, in fact Teng Domi was already battered before Ye Chen even started the battle.

"Do you still want to fight?" Ye Chen said to Teng Domi.

if Teng Domi fought a battle, then Ye Chen would fight him.

"I still haven't lost" Teng Domi said to Ye Chen, Teng Domi still hasn't lost, he can still continue the battle with Ye Chen.

"You are so stubborn, then let me attack you." Ye Chen would make Teng Domi understand what kind of strength he had.

Ye Chen started to show the strength he had, he brought out his own strength.

The moment Ye Chen released strength, the ground began to shake and the ground around Ye Chen began to lift upwards.

The cracks in the ground are getting wider, this creates a fairly large gap.

"This guy's strength is terrible." The elf beside Teng Domi could sense that Ye Chen had terrifying strength, which was why he had to quickly leave this place.

"Let's go right now" Elf asked Teng Domi to leave right now, he invited Teng Domi to run.

"run if you want, I won't run, I won't let him win and make me lose face" Teng Domi was a tyrant, so there was no way he would run from someone who wanted to bully him.

Teng Domi still thinks he is weak, what Ye Chen did was definitely just a bluff to scare Teng Domi.

Ye Chen looked at Teng Domi, he could see that Teng Domi was not afraid when he faced him.

"I see, he is brave enough to fight me." Ye Chen acknowledged Teng Domi's courage, but still Teng Domi's courage was still not enough.

"I don't have time to fight you, I have to find someone" Ye Chen couldn't stay in this place, he had to immediately find the whereabouts of Fan Fumi.

"Me too, I don't have much time to fight you" Teng Domi also didn't have much time, he didn't have much time to fight Ye Chen.

Teng Domi followed Ye Chen's footsteps, he took out his strength and started to fight Ye Chen's domination.

As a cultivator with the 6th level of the Divine Monarch Realm, Teng Domi was naturally very confident that he could win against Ye Chen.

"Rock Wall Crash" Teng Domi gripped the ground with his left hand, just as Teng Domi gripped the ground, a very large wall started to rise to the surface, this wall is getting higher and higher, it is estimated that the current height is around 5 miles.

You can imagine the height of the Rock Wall Crash, it can be said that the Rock Wall Crash is very high. Plus it's about 50 meters thick, so it's huge and very strong.

To make something like this, Teng Domi must have used a lot of profound energy, he used quite a lot of profound energy to use Rock Wall Crash.

"I will bury you alive" Teng Domi started to control the giant wall behind him, the giant wall started to advance towards Ye Chen, this super huge wall advanced and collapsed towards Ye Chen.

This huge and tall wall fell towards Ye Chen, one can imagine what it would be like to be hit by something as big as this.

Ye Chen stretched out his hand, a profound lightning shrouded Ye Chen's finger.

"crushed" Ye Chen shot the lightning that was in his hand towards the wall that was falling towards him.

"Boom" A very powerful explosion occurred, this powerful and massive explosion knocked down Teng Domi's walls.

"impossible" Teng Domi couldn't believe that his wall was destroyed so easily, even though he had already used quite a lot of profound energy to make the wall strong and difficult to block.

"In this world nothing is impossible" Ye Chen appeared in front of Teng Domi, he said that everything in the world could happen.

After saying that, Ye Chen immediately attacked Teng Domi, he made a powerful attack towards Teng Domi.

"arghhh" Teng Domi's body was struck by lightning, Ye Chen used profound lightning to punish Teng Domi.

Under the influence of Ye Chen's lightning power, Teng Domi's body began to turn black, his clothes were also tattered from Ye Chen's powerful lightning.

In just a few seconds, Teng Domi's appearance became very bad, Teng Domi's appearance was even worse than a tramp.

Teng Domi fell to the ground, Ye Chen's profound lightning had made Teng Domi have the worst day ever.

Even though Ye Chen's attack only lasted for a very short time, in fact Ye Chen's attack had made Teng Domi experience a miserable feeling of torment, even death was far more human than the lightning torment that Ye Chen had just carried out.

"Next time don't appear in front of me" Ye Chen reminded Teng Domi not to appear in front of him again, if he were to do this again, Ye Chen might get angry and destroy this man.

Ye Chen left Teng Domi, he went to find the whereabouts of Fan Fumi.

"Young master Teng, are you okay, answer me quickly" Teng Domi's companion tried to wake Teng Domi, this Elf tried her best to wake up the unconscious Teng Domi.

Unfortunately the Elf's efforts were fruitless, Teng Domi was still unconscious and unconscious, Ye Chen's attack clearly affected Teng Domi's mental and physique, it might take some time to recover from this kind of injury.

"Roar. . ." The screams of the monsters echoed throughout the island, it seemed like there was going to be a big storm about to happen.

"I have to go quickly" Seeing what happened, Elf decided to leave, she had to find a safe place to hide.

Elf brought Teng Domi, the two of them went to find a shelter from the rampage of the monster king that ruled the island.

A huge hurricane will definitely be unavoidable, Ye Chen has provoked the wrath of the powerful Monster that resides on this island.

### **Chapter 1717 An elf with black hair**

Ye Chen followed the trail he found, when Ye Chen followed the trail, Ye Chen found that the trail led to a very deep place, this place was very hidden and very difficult to enter.

"There are several traps in this place" Ye Chen saw that there were many traps around this place, this trap must have been prepared by someone so that not many people enter this place.

Ye Chen started to see all the traps, he would pass them all in one go.

"Okay, I've found it" Ye Chen has found it, he has found out about the existence of all the traps, Ye Chen has found the best route he can take.

Ye Chen took a stance, he would immediately advance as fast as he could.

"Woshhhh. . ." Ye Chen took the first step, the moment Ye Chen took the first step, a trap was activated, this triggered a large number of arrows to fly towards Ye Chen.

Ye Chen flew, he flew low enough to dodge the arrow.

The moment Ye Chen flew, several spears shot towards Ye Chen.

Ye Chen used the spear as a fulcrum, he flew and passed several traps.

When Ye Chen reached the middle, a jet of gas shot towards Ye Chen, it was clear that it was poison gas.

Ye Chen snapped his fingers, when Ye Chen snapped his fingers, the gas was instantly blown away as far as possible.

After nothing stood in the way, Ye Chen stepped back, himself advancing forward and bypassing all the traps.

Until Ye Chen arrived in front of the final trap, the final trap would be a saw disc that would activate and hunt down everyone who came forward.

"Okay, I got to the last part." Ye Chen finally got to the last part, now he just needed to go through this part and enter the place where Fan Fumi was.

Ye Chen stepped forward, he stepped forward while holding a defensive pose to face the saw blade that might hit him.

The moment Ye Chen pressed the trap trigger, two saw discs headed towards Ye Chen, two saw discs headed towards Ye Chen with fast rotating speed.

Ye Chen stretched his hand forward, Ye Chen made a pose to defend against the attack that was coming his way.

"Bam. . ." Two saw discs hit Ye Chen's body, these saw discs immediately stopped in Ye Chen's hands.

"Cracks . . ." the two saw discs cracked and fell out, the power of the saw disc was not that strong to crush Ye Chen's body.

"Okay, done." Ye Chen was done, now was the time to see what was hidden up ahead.

Ye Chen stepped forward and entered a very dense bush, these bushes were made as closely as possible to the labyrinth so that other people would not be easy on Ye Chen.

Ye Chen didn't bother too much, he used the Invisible Body Art to get through these bushes.

After passing through the bushes, Ye Chen arrived at a vast expanse of grass, unlike before, this place had bright sunlight and there was no fog around this place.

Unlike the previous atmosphere, this place is much cleaner and beautiful.

"Oh, I didn't expect that there would be a place like this on the Island." Ye Chen didn't expect that the Creepy Island had such a beautiful place.

"Who lives in this place, there must be someone who lives in this place." Ye Chen was sure that there was someone who lived in this place, and that person must have brought Fan Fumi.

Ye Chen sneaked, himself went and started sneaking around to look for Fan Fumi's whereabouts.

"I can sense that Fumi is around this place." Ye Chen could feel that Fan Fumi was around this place.

Ye Chen had a connection with Fan Fumi, so he could feel the presence of Fan Fumi around.

"Okay, I found it" Ye Chen locked Fan Fumi's place, he managed to find the whereabouts of Fan Fumi.

Fan Fumi was currently with several Elves, she was with an Elf who had black hair.

"Their hair is black?" Ye Chen saw the strangeness, he saw that the Elf's hair in front of him was black, this made Ye Chen a little suspicious of the Elf who was with Fan Fumi.

Ye Chen of course had met countless Elves, they all had beautiful blonde hair, Ye Chen had almost never seen an Elf with black hair like the one in front of him.

Elves with black hair are not bad, they still have beautiful appearances, they all look beautiful and are full of charm.

"Hmm, an Elf with black hair, quite interesting" Ye Chen said while looking at the group of Elves who kidnapped Fan Fumi.

"Looks like Fumi is in trouble, you should help her immediately." Chu Yuechan said to Ye Chen, she told Ye Chen to immediately help Fan Fumi.

"Wait a minute, let me hear what they are talking about, I need to know the reason why they kidnapped Fan Fumi" Ye Chen wanted to hear what they were talking about, Ye Chen wanted to know the reason they kidnapped Fan Fumi.

"Why did you kidnap me?" Fan Fumi asks the reason why these people kidnapped her.

Elves with black hair looked scary, Fan Fumi was a little afraid of them.

If Fan Fumi remembers correctly, elves with black hair are also called cursed elves, they are cursed so that their hair is black like that.

"You don't need to be afraid like that, we won't do anything bad, as long as you don't fight back" the black-haired Elf said to Fan Fumi.

"What are we going to do with her, we have to find out information from her, but she seems very innocent and most likely he's just a 5th grade elf" Cursed elves are discussing, they want to find important information from Fan Fumi.

"Her appearance looks like an Elf from remote areas, maybe she doesn't know anything" Seeing the appearance and clothes worn by Fan Fumi, Elf here estimates that Fan Fumi is someone who comes from remote areas.

"How come Elf from a small place to this place" Elf here wants to know the reason and how Fan Fumi got to this place, plus Fan Fumi is not affected by the mist on the island.

"Let's find out the reason." Cursed elves directly asked Fan Fumi, they will find out what happened directly from the source.

"Looks like they're digging up information from Fan Fumi" From the conversation that took place, Ye Chen could hear that they wanted to get information from Fan Fumi.

Ye Chen didn't know the reason why the Cursed elves wanted to seek information from Fan Fumi, their purpose was still unknown.

"How did you get here?" The Cursed Elf asked Fan Fumi.

"I came with Ye Chen, he brought me here, if you don't let me go, then you will get into trouble, Ye Chen is very strong and he can find me" said Fan Fumi to Cursed Elf.

"This place is quite hidden and difficult to find to this place, your friend won't be able to get to this place." Cursed elf told Fan Fumi that Ye Chen would not be able to get here.

"I believe he will find me" Fan Fumi believed in Ye Chen, she believed in Ye Chen who would look for her.

"You still look immature, how can Elven Village send someone like you to a place like this, are they trying to kill you in this place?"

**Chapter 1718 Han Rizu**

"I trust him he will definitely come" Fan Fumi really believed, she believed that Ye Chen would definitely come and help him.

"Keep hoping, he won't come to this place." Cursed elves said to Fan Fumi, they were sure that Ye Chen would not come to this place.

"He must have come" Fan Fumi was very hopeful, she really hoped for the arrival of Ye Chen.

Fan Fumi prayed, she prayed that Ye Chen would find her whereabouts as soon as possible.

"Looks like you guys are having fun, is there anything funny?" Ye Chen asked the Cursed elf.

Ye Chen's voice silenced the Cursed elves, they immediately looked in the direction where the voice came from.

"Who are you?" Cursed elves asked Ye Chen, they asked about the identity of the person who appeared at their place.

"Ye Chen" Fan Fumi said, she called Ye Chen's name quite loudly.

Ye Chen came down from the hiding place, himself descended to where Fan Fumi was.

"I am Ye Chen, I came to bring her" Ye Chen said to everyone, himself telling that he came to this place to take Fan Fumi back with him.

"Ye Chen ?, so you are the one this Elf said?" Everyone finally knew, they finally knew who the person in front of them was.

"Of course, who else would come here?" replied Ye Chen

If it wasn't Ye Chen who came, then who would go save Fan Fumi.

"How did you get into this place?" The Cursed Elf asked Ye Chen, even though the entrance to this place is very difficult to pass.

"Of course I knocked on the front door, oh yes, I triggered all the traps you guys laid, I'm really sorry for what happened" Ye Chen said.

Ye Chen apologized, he apologized for triggering all the traps, this made all the traps empty and couldn't be used on other people.

"Watch out, this person seems dangerous." After hearing what Ye Chen said, the Cursed Elf became extremely alert.

They immediately got ready and aimed at Ye Chen who was in front of them.

Cursed elves were very good at archery, they were aiming for Ye Chen's body parts.

"Are you okay?" Ye Chen asked Fan Fumi, he asked about Fan Fumi's condition.

"I'm fine, they didn't do anything bad, they just asked me a few questions" Fan Fumi said to Ye Chen.

The Cursed Elves didn't do anything bad, they didn't do anything bad to Fan Fumi.

"What do you really need?" Ye Chen asked, he asked about what they needed.

"We just want information." Cursed elves said to Ye Chen, from the beginning they only wanted information, so they caught Fan Fumi.

"Why do you want information?" Ye Chen asked more specifically, he wanted to know their true purpose.

"Is it necessary for us to answer your question?" Cursed elves refused to answer Ye Chen's question, they didn't want to answer Ye Chen's question.

"Looks like I'll have to use a bit of skill to get you to talk." Ye Chen would make them talk, he would make them say their needs.

Ye Chen snapped his fingers, instantly the ropes on Fan Fumi's body were released, Fan Fumi is now free.

"Long Wind Suction" Ye Chen stretched his hand forward, a suction instantly pulled one of the Cursed Elves.

Ye Chen managed to catch one of the Elves in front of him, he managed to get a hostage.

"Stop now, quickly release her" Seeing their comrade being caught, the Cursed Elf immediately threatened Ye Chen with the arrow that had been prepared at Ye Chen.

"Let's see who is faster, is it your arrow or my hand?" Ye Chen said to the Cursed Elf.

Ye Chen gave a threat, he threatened to do something bad to the Elf in his hands.

The elves looked at each other, they looked at each other to discuss what they should do to deal with Ye Chen.

" stop . ." When the situation was very tense, someone stopped the rioting.

A beautiful female Elf with a stunning appearance came, she had the aura of a battle leader.

"What happened, why are you guys fighting?" the woman asked everyone.

"leader, he caught one of our friends" one of them pointed at Ye Chen, Ye Chen was pointed out as a person who had done something wrong.

"You can't do something like that, from the start I was just a victim, didn't you guys kidnap my woman first?" Ye Chen defended himself, he defended himself from unfounded accusations.

"A human, how did he get to this place" the Elf leader asked, he asked how Ye Chen got to this place.

Their place should be quite secret, so there's no way outsiders could enter easily.

" that . . ." The Cursed Elves couldn't answer, they couldn't answer the question that had been given.

"Forget it, can you release it, let's talk this matter peacefully" the female lead said to Ye Chen, she told Ye Chen to release the prisoner that was held hostage by Ye Chen.

"Sure, why not . ." Seeing that the woman in front of him was friendly and trustworthy, Ye Chen let go of the Cursed Elf that was in his hand.

"Go away" after Ye Chen released the Cursed Elves, the female Elf leader immediately ordered them to leave.

The Cursed Elves left immediately, they let Ye Chen and their leader speak.

"So what do you want to ask?" The leader of the Cursed elves asked Ye Chen.

"There are quite a few questions, but why don't you introduce yourself to me" Ye Chen said to the woman in front of him.

"I am Han Rizu, I am the leader and the person in charge of this place" Han Rizu said to Ye Chen, she introduced herself to Ye Chen.

"Han Rizu?, ok i will remember it" Ye Chen saw that the woman in front of him had a pretty good name.

"Han Rizu, I want to know why your people kidnapped my woman" Ye Chen asked Han Rizu.

"Sorry for the misunderstanding, our people didn't mean to do that, we are currently in need of information from the outside world" said Han Rizu to Ye Chen.

"Why do you need information from the outside world?" Ye Chen asked Han Rizu.

"Don't you see that we are outcast elves" said Han Rizu to Ye Chen.

Han Rizu told them that they were just outcast elves, so they were isolated in this place.

"An outcast elf?, how can that be?" Ye Chen asked Han Rizu.

"Don't you see that we were born different from most elves, all the elves in this place were banished from the Elven Village, they were banished here because they were considered a curse" Han Rizu said to Ye Chen, he told Ye Chen about the elves in this place.

"I just found out" Ye Chen said to Han Rizu.

"I just found out too" Fan Fumi also just found out, she didn't expect that Han Rizu was an Elf who was banished from Elven Village.

"Now that you know, you might as well think of us as abnormal Elves" Han Rizu said to Ye Chen.

"Of course not, I never thought of something like that" Ye Chen replied.

Ye Chen had never done such a thing, to him all Elves were the same, there was no difference between them.

### **Chapter 1719 Big bird monster**

"I see." Han Rizu smiled faintly, Ye Chen's words made her a little happy.

"I'm really sorry for what happened, I hope you can understand what happened" said Han Rizu to Ye Chen.

Han Rizu apologized to Ye Chen, she apologized very sincerely.

"Fumi, how about it, do you forgive her?" Ye Chen asked Fan Fumi.

"Of course, I forgive her" Fan Fumi said that she forgave them, after all, Han Rizu's people didn't do anything bad.

"Good, then let's forget about this matter." Since Fan Fumi had already forgiven them, then Ye Chen would forget about this matter.

"Thank you very much" Han Rizu thanked Ye Chen, he was grateful for the understanding that Ye Chen and Fan Fumi had.

Ye Chen had so many questions of Han Rizu, he wanted to know more about this place.

Han Rizu explained everything to Ye Chen, he explained everything to Ye Chen.

Han Rizu told Ye Chen that the Elves in this place were banished from childhood.

They were banished to this place by their parents, whenever an Elf came Han Rizu and the others would immediately try their best, they would take the Elf and immediately help them.

"Isn't that a little cruel" Ye Chen and Fan Fumi felt that what happened was so cruel, how could they do that.

"Everything can happen, our existence is not accepted by them, plus Elfs like us are very, very few in number" said Han Rizu to Ye Chen.

"I'm sorry, I didn't know that you guys had such a life" Fan Fumi apologized, she felt sorry for the Elf in this place.

It turned out that they were still the same as her, only their hair was different from what she had.

"Ye Chen, can't you help them?" Fan Fumi asked Ye Chen.

"help them?" Ye Chen thought about what Fan Fumi said, it seemed that it was a difficult thing to do.

"Can't you?" Fan Fumi asked Ye Chen, Fan Fumi looked hopeful at Ye Chen, she really hoped for Ye Chen who wanted to help the Elf in this place, it seemed they were very sorry.

"I will give it a try" Ye Chen said to Fan Fumi, he will try to help the Elves here to get out of their troubles.

For that Ye Chen might have to meddle in the affairs of the Elf world, he would have to change the rules in the Elf world a bit.

To change the rules, it takes a rule, without it it will be very difficult to do.

Ye Chen already has enough strength, maybe he can change the current rules, he will free the Elf in this place by using his strength.

"Come with me, we will welcome you" Han Rizu said to Ye Chen.

Han Rizu greeted Ye Chen, he welcomed Ye Chen very well.

Ye Chen and Fan Fumi were pleased with the welcome they received, both of whom felt very well served.

Han Rizu and the Elf in this place were quite friendly, they were very friendly towards Ye Chen and Fan Fumi.

The elves in this place have received a good education, they wouldn't do anything bad if they didn't have to.

.

.

Ye Chen and Fan Fumi stayed for a while, both of them spent their time in this place and mingled with Cursed elves.

Cursed elves were different from ordinary elves, they were not affected by the fog on the island, this kept their strength at its peak.

Unfortunately Cursed elves can't use Blessing earth essence, they can only use profound crystals to cultivate.

Ye Chen felt that Cursed elves were similar to half-Elves, they had some points that were similar to humans while some had points that were similar to Elves.

"That might be the case." Ye Chen estimated that the Cursed Elves were a mix between the Elf and Human races, that made them unique compared to Normal Elves.

Unfortunately their existence is not accepted, they are not accepted because of their uniqueness, whereas Cursed elves can be very helpful in finding Blessing earth essence.

"A monster broke through our defenses" a warning sounded, this warning alerted all the Elves in this place that a monster was breaking into their home.

"Everyone hurry up" Han Rizu ordered everyone to get ready, they would fight against the enemy who broke into their place.

Han Rizu left, she along with Elf cultivators headed to where the monsters were attacking them.

"Looks like a strong monster is looking for me" Ye Chen can feel a strong monster is looking for him, it seems that the target of this monster is Ye Chen.

"Ye Chen, could this be the monster in the mountain?" Fan Fumi asked Ye Chen.

Fan Fumi might not know what kind of monster Ye Chen was facing, Fan Fumi could only guess what kind of monster Ye Chen was looking for.

"You can say it like that" Ye Chen nodded, he told that the monster who was looking for him was one of the monster lords who had been tricked by Ye Chen.

"Let's go, they won't be able to solve this problem so easily" Ye Chen felt that if Han Rizu and the Cursed Elf wouldn't be able to solve this problem, they might run into trouble when they faced the monsters that ruled a part of the Elf cursed island.

As Ye Chen and Fan Fumi saw what was happening, both of them saw the battle that was taking place, right now there was a battle between Han Rizu and a huge bird monster with a large and long beak and a tail as long as a sword.

"Get out of the way" the bird monster said to Han Rizu and the Cursed Elf, he told them to get out of his way.

"We won't let you in." Han Rizu wouldn't let this monster Han Rizu in.

"If you don't let me in, you will suffer the consequences." The bird monster rampaged, this monster rampaged and destroyed everything around this place.

This monster is Tuo Ke, a monster that is almost similar to the Tukan Toco bird,

Tuo Ke is one of the monster kings that Ye Chen previously deceived.

"he found me" Ye Chen looked at the monster Tuo Ke, Ye Chen saw that the monster Tuo Ke was looking for him.

"I will go and fight it" Ye Chen will go forward, from the beginning this monster must have been looking for Ye Chen's whereabouts.

"Scram you guys" Tuo Ke swung his tail, when Tuo Ke did that, the trees and bushes around this place were instantly swept away and gone.

"ahhh" Han Rizu and the others shouted, they screamed and were blown away.

The attack just now was strong enough, surely Han Rizu and the others had suffered injuries from such a powerful attack.

"Damn, he's so strong." Han Rizu and the Cursed Elf couldn't fight Tuo Ke, they couldn't fight against a powerful monster like this.

"Stop right there right now" Ye Chen appeared, he appeared right in front of Tuo Ke.

"Why did he appear?" Han Rizu wondered, she wondered why Ye Chen had appeared at a time like this.

"Human, I finally found you, you won't be able to run away from me anymore" Tuo Ke said to Ye Chen.

"Who wants to run away, I will fight you" Ye Chen will not run away, rather Ye Chen will fight Tuo Ke.

"It's good if you don't run away, then quickly fight me" Tuo Ke said to Ye Chen.

### **Chapter 1720 Tuo Ke submits**

"of course, this time I will fight you" Ye Chen accepted the challenge from Tuo Ke.

Tuo Ke stepped forward, he opened his long beak and prepared to cut Ye Chen.

"God Thunder Armor" Ye Chen's used the God Thunder Armor, Ye Chen's body was covered in heavenly lightning.

"Bam" Tuo Ke's hit Ye Chen with his beak, initially Tuo Ke hoped to crush Ye Chen, in fact, he was blown away when he came into contact with the God Thunder Armor.

"Arghhh" Tuo Ke fell to the ground, this huge monster fell to the ground and made a pretty big crater.

Tuo Ke tried to get up, he did his best to bounce back after being hit by the heavenly lightning.

Heavenly lightning was very strong, just touching it made this super large bird monster have to suffer severe injuries and dizziness.

After quite a bit of effort, Tuo Ke got up, he was able to get up again and was ready to fight Ye Chen.

"Damn lightning" Tuo Ke roared at Ye Chen, he was not happy with the lightning that was near Ye Chen.

Divine lightning was terrifying enough, its aura could make a powerful monster like Tuo Ke feel goosebumps.

"Do you still want to continue or stop here?" Ye Chen asked Tuo Ke, he asked if Tuo Ke would stop now or still want to continue fighting.

"I still haven't lost" Tuo Ke said that he still hasn't lost, Tuo Ke still hasn't lost to Ye Chen.

"You are quite a stubborn monster, I don't like stubborn monsters like you" Ye Chen said to Tuo Ke, Ye Chen didn't like stubborn monsters like this.

"Let it go, I am the king, I have the right to do what I want" Tuo Ke said that he was the king, so Tuo Ke could do whatever he wanted.

"If you are a king, then I am a god, so you should just give up" Ye Chen said to Tuo Ke.

Ye Chen repeatedly gave Tuo Ke a warning, he told Tuo Ke to give up right now.

"God, a human like you dares to say something like that, how funny." Tuo Ke laughed as he listened to what Ye Chen said, what Ye Chen said was quite a funny joke.

"It doesn't matter if you laugh at me, you'll soon find out what I just said." Ye Chen wasn't angry when he was laughed at by Tuo Ke.

Ye Chen would make Tuo Ke understand about himself by using strength, if Ye Chen couldn't use words to convince Tuo Ke, then Ye Chen only needed to use his own strength.

"Blinks. . ." Ye Chen disappeared, he reappeared near Tuo Ke.

"Blam. . ." a punch was struck by Ye Chen right on Tuo Ke's cheek.

Tuo Ke was instantly blown away when he received this attack, Ye Chen's attack was so strong that it sent Tuo Ke flying away.

Even though Tuo Ke had such a huge body, it shouldn't be easy to blow Tuo Ke away with such a big body.

"A human like you brought me down, this is impossible." Tuo Ke couldn't believe what was happening, he couldn't believe that Ye Chen was able to bring himself down.

"I told you that I am a god" Ye Chen said to Tuo Ke, Ye Chen said to Tuo Ke, he wanted to let this monster know who he was dealing with right now.

"I still don't believe what you said" Tuo Ke still couldn't believe what Ye Chen said, Ye Chen's words were still hard to believe.

"Alright, since you don't believe me, then I have to show you strength." Ye Chen had no other choice, he was going to show his strength that could make Tuo Ke submit.

"Azure Dragon Domain" Ye Chen's finally opened Azure Dragon Domain, when Ye Chen did this, an ancient pressure enveloped the entire island, such a terrifying ancient pressure made all the monsters as well as Magical Beasts run in fear, they hid to the ground in fear.

Tuo Ke felt an extremely terrifying pressure, this was the first time he saw this intense pressure, it was like he was facing a very powerful monster.

Tuo Ke already felt very strong, but when compared to the power in front of him, Tuo Ke felt that it was nothing.

Ye Chen used God Domination Pressure, he tried to bully Tuo Ke by using terrifying pressure.

With the combination of God Domination Pressure and Azure Dragon Domain, this obviously scared Tuo Ke, he was very scared.

"Do you know your place yet?" Ye Chen said to Tuo Ke, Ye Chen showed his strength, he showed everything he had to Tuo Ke.

"I know, I'm sorry" Tuo Ke knew that he was wrong, therefore, he apologized to Ye Chen.

"It's too late to apologize, now bow down in front of me, from now on you must obey what I say, otherwise then" Ye Chen said to Tuo Ke, he gave a warning to Tuo Ke.

Tuo Ke broke out in cold sweat, Tuo Ke broke out in cold sweat while listening to what Ye Chen said, Tuo Ke felt an extremely terrifying killing aura from Ye Chen.

"I give up" Tuo Ke gave up, he couldn't win against Ye Chen.

"That's a very good answer" Ye Chen nodded, he was very satisfied with the answer given.

Ye Chen asked for an oath from Tuo Ke, after which he would be able to order Tuo Ke as he pleased.

Tuo Ke swore at Ye Chen, he said that he would do as Ye Chen said.

"Alright, your first task is to protect this place, from now on you have to protect them" Ye Chen said to Tuo Ke.

"Okay, I'll do as you say" Tuo Ke will do as Ye Chen says, he will start guarding this place from enemy attacks.

Ye Chen felt that it was necessary to guard this place from being attacked by the enemy, Ye Chen felt sorry for Han Rizu and the Cursed elves living in this place.

So Ye Chen would make Tuo Ke a guard in this place, so that they would be fine and wouldn't have to be afraid of getting hurt by evil-intentioned monsters.

"I will carry out your orders" Tuo Ke will do as Ye Chen ordered, now he is very obedient to what Ye Chen said.

"Good" Ye Chen nodded lightly, he was very happy with this kind of answer, this kind of answer was what Ye Chen wanted.

"Now this monster will take care of you" Ye Chen said to Han Rizu and the others.

Han Rizu and the other Elves were shocked by what Ye Chen did, what Ye Chen did made them all shocked and dumbfounded.

"That's great" Han Rizu and the other Elves said with disbelief on their faces, they couldn't believe what they saw.

"Ye Chen, you are too strong, this monster is so submissive" what Ye Chen did was so great, Ye Chen made everyone shocked.

"Thank you very much, what can we do for you" Han Rizu thanked Ye Chen, he was grateful for what Ye Chen had done.

"You don't need to thank me like that" Ye Chen said to Han Rizu, he told Han Rizu not to thank him.
