

Chapter 1891 Ancient city (1)

"Their strength should be balanced, so they won't be able to kill each other" Chu Yuechan said to Ye Chen.

Chu Yuechan completely agreed with what Ye Chen said, to her the strength that both of them had was the same, so the two of them would most likely not be able to win over each other.

"What's that?" When Ye Chen used God Eyes, he found that on the ground there was a very large city structure, this city structure was huge with a pyramid in the middle of the city.

"Interesting" Ye Chen became interested, he became interested in what he saw.

"A buried underground city" Chu Yuechan saw what Ye Chen saw, she saw a city buried underground.

"I'll see it using God Eyes" Ye Chen intends to use God Eyes, himself using God Eyes to see what is in this city.

The city that Ye Chen saw was very complex, it was a fairly large ancient city with many buildings.

This city is buried underground and is very old, it must have been abandoned for a very, very long time.

"An ancient city" Ye Chen saw that the city in front of him was an ancient city that sank into the ground, Ye Chen didn't know the reason why this city sank into the ground.

"What do you think caused the city to sink?" Chu Yuechan asked Ye Chen, he wanted to know why the city was sinking.

"This is probably an ancient city that has been buried for a very long time." Ye Chen saw that this was an ancient city that had been buried for a long time.

"Did you find anything?" Chu Yuechan asked Ye Chen, Chu Yuechan asked if Ye Chen found anything good.

"I haven't finished looking at it yet." Ye Chen said that he wasn't done.

Ye Chen kept looking at the ancient city below, when Ye Chen tried to peek into the pyramid, Ye Chen found a wall blocking his vision.

"Damn, I can't see inside that building" Ye Chen couldn't see, God Eyes couldn't penetrate inside, it was like something was blocking Ye Chen's view.

"You can't penetrate into that pyramid." Chu Yuechan was quite surprised, she knew that.

"You're right, what happened" Ye Chen also didn't understand what happened, why he couldn't see inside the pyramid, even though when Ye Chen saw the others it was fine.

"Looks like something's hidden in there." Chu Yuechan came to a conclusion.

"I wonder what is hiding in there" Ye Chen was quite curious about this matter, he wanted to go in and find out what was hidden in there.

"Does master want to find out?" Chu Yuechan asked Ye Chen, Chu Yuechan invited Ye Chen to reveal what was inside, she likes mysterious things.

Chu Yuechan felt something strong in there, I don't know what was in there, but definitely it was very strong.

"Why not, let's find out" Ye Chen was quite curious, he wanted to find out what happened.

Ye Chen put both his hands on the ground, he intended to lift the city that was buried underground.

Ye Chen exerted quite a lot of strength, this city was enormous and required a lot of strength to bring it to the surface.

"Roar. . ." A very big earthquake occurred, this earthquake shook all the stars in this place.

This earthquake was much stronger than the strength of the earthquake resulting from the battle that Sun Xuanyin and Lei Qiaolin had fought.

"Too heavy" Ye Chen didn't expect that this city would be so heavy, he needed even more profound energy.

"Because it requires a lot of strength, Ye Chen decided to directly use the Water Veins.

Ye Chen's profound energy supply instantly became immense, this gave Ye Chen unlimited profound energy.

"Okay I'll lift it up with full strength" Because Ye Chen already has great profound energy, Ye Chen can lift the ancient city from the ground.

The earthquake became bigger and bigger, this ancient city made a terrible earthquake and created huge cracks.

The ground split in two and made a very large hole.

"What happened?" Sun Xuanyin and Lei Qiaolin's battle was interrupted by this, the battle of the two was interrupted by Ye Chen's actions.

"Forget what happened, our battle isn't over yet." Sun Xuanyin said to Leo Qiaolin, telling Lei Qiaolin that their battle wasn't over yet.

Sun Xuanyin and Lei Qiaolin resumed their battle, the two of them continuing to fight and fight against each other.

After several minutes of great struggle, Ye Chen was finally able to lift the ancient city from the ground.

"How heavy is this city, it's much heavier than I thought." This ancient city was much heavier than Ye Chen had imagined.

"Not strange, this building structure uses quite strong minerals, it can withstand strong attacks" Chu Yuechan said to Ye Chen.

After the ancient city was fully ascended, Chu Yuechan realized that the lower structure of the city was made of Heavenly adamantium cores.

"This is Heavenly adamantium core" Ye Chen saw more clearly, if Ye Chen is not mistaken this is the rarest stone and the number is very limited.

"It seems that the owner of this city is quite rich, making the Heavenly adamantium core as a city structure is quite crazy" Chu Yuechan said to Ye Chen.'

Even though there are still many things that can be made using Heavenly adamantium cores, such as making weapons or warships and other powerful weapons.

"That's great, then I'll start collecting them." Ye Chen intended to collect the Heavenly adamantium cores in this city.

"Master, don't tell me if you want to." Chu Yuechan already knew Ye Chen's intentions and intentions, to be honest he already knew Ye Chen's intentions.

"Shadow Clone" Ye Chen made a clone, he used his clone to collect all the Heavenly adamantium cores in the city.

"I think it will be very difficult to collect Heavenly adamantium cores that have been arranged and arranged neatly" Chu Yuechan said to Ye Chen

"Nothing is impossible, I have the power to change dimension and break into pieces" Ye Chen said to Chu Yuechan.

With the power of Dimension control, Ye Chen could decipher the Heavenly adamantium core with ease.

"Let's forget the Heavenly adamantium core, let's focus on the pyramid." Ye Chen said to Chu Yuechan, he wanted to know what was stored in the pyramid.

When the Clone collects the Heavenly adamantium core, Ye Chen will explore the pyramid.

Ye Chen went to the pyramid, this pyramid is quite large, it is almost 1/5 of the area of the ancient city.

"I'm going in." Ye Chen entered, he found the entrance right in front of him.

Ye Chen tried to open the door, when he opened the door, Ye Chen found his profound energy being sucked in by the door.

the entrance of the pyramid was made of different materials, Ye Chen didn't know what this thing was from, for sure it absorbed profound energy when it came into contact with Ye Chen's palm.

"What is this thing?" Ye Chen didn't know what this thing was, it was absorbing his profound energy.

"Master, try using the strength and attack of the gate in front" Chu Yuechan told Ye Chen to attack the gate in front of him.

Chapter 1892 Ancient city (2)

"I'll give it a try" Ye Chen immediately tried what Chu Yuechan said, he used profound fire and tried to melt the gate in front of him.

When the profound flames came into contact with the gate in front, it could be clearly seen that the gate was absorbing Ye Chen's power.

"It absorbs the power I have." Ye Chen saw that the gate was absorbing the power.

"I understand why God Eyes can't penetrate, I think this is the reason" Ye Chen found the cause, he had found the cause of the problem he had.

"How do you penetrate it and get inside?" Chu Yuechan asked Ye Chen, he wanted to know the plans that Ye Chen had.

"Let's see if my strength can break through this" Ye Chen will use his own power, this gate must have a limit so Ye Chen destroys it.

"God Slayer Lightning Shot" Ye Che used his God Slayer Lightning Shot, an extremely powerful lightning bolt shot by Ye Chen towards the gate in front of him.

Ye Chen didn't hold back, he used his full strength in this shot.

"Boom. . ." a very large explosion occurred, this explosion was so huge that all the participants saw it.

Everyone could feel the terrifying power of the God Slayer Lightning Shot, the power of the God Slayer Lightning Shot was extremely terrifying.

Smoke billowed and covered the gate in front of him, whether the gate was destroyed or not is still a mystery.

The smoke started to dissipate, as the smoke started to dissipate, Ye Chen could see what was in front of him.

"Not scratched, all my attacks are absorbed" Ye Chen did not expect that all the attacks he launched were absorbed.

"Such a powerful attack was absorbed, it was incredible" Chu Yuechan said to Ye Chen.

"Why don't you go out and give it a try" Ye Chen told Chu Yuechan to come out and give it a try.

"I still can't get out, I already told you that I can only go out for a short time" Chu Yuechan said to Ye Chen.

Chu Yuechan refused to come out, she didn't want to come out from inside the fairy gate.

"Then I'll use that thing" Since Chu Yuechan didn't want to help himself, Ye Chen decided to solve this matter alone.

"Okay, I'll do it" Ye Chen was about to do it, he started to concentrate and opened the dimension in front of him.

When Ye Chen used his power, the gate in front of him started to collapse, a dimensional hole was formed right in front of Ye Chen.

"Looks like it worked" Ye Chen saw that what he did had worked, Ye Chen had succeeded in solving the problem.

"Very good" Ye Chen was very satisfied, he was very satisfied with what happened, this was a very good thing for Ye Chen.

Ye Chen didn't waste the opportunity, he immediately went and headed inside the pyramid.

It was fortunate that Ye Chen had this power, otherwise he wouldn't be able to get past this place.

Ye Chen entered the dimensional tunnel that he had created, when he entered, Ye Chen found that he was in a different place.

"Is this the contents inside the pyramid?" Ye Chen was quite surprised when he saw the contents inside the pyramid.

The contents inside the pyramid were quite formidable, Ye Chen seemed to be in a very majestic and sophisticated place.

"For some reason I feel like I'm in a movie" Ye Chen felt that this place was like a modern palace with various kinds of very advanced technology.

"You are absolutely right" Chu Yuechan agreed with what Ye Chen said, he quite agreed that this place was very good.

Although the outside was very worn out, the inside was still very good, Ye Chen could tell that this was a very good place.

"I will start exploring this place" Ye Chen started exploring this place, he wanted to find out what was stored in this place.

Ye Chen started exploring, this time Ye Chen couldn't use God Eyes and could only use his instincts.

"This place is huge, did you find anything good around this place?" Ye Chen asked Chu Yuechan.

"Honestly, my abilities can't be used, as you know, the walls in this place make it impossible for me to track treasures" Chu Yuechan said to Ye Chen.

Chu Yuechan told Ye Chen that his abilities were useless in this place.

"Then we are the same" Hearing this, Ye Chen realized that neither he or Chu Yuechan could use their abilities.

"use the abilities you have" Chu Yuechan told Ye Chen to use the abilities he had, so Ye Chen could achieve his goal.

Ye Chen immediately left, himself using his abilities to go to the core.

Ye Chen didn't need to go through the route, he just needed to break through the wall with the help of the dimensional hole he made.

Ye Chen tried to move forward, strangely when Ye Chen tried to move forward, he found that he was currently back where he came from.

"What happened?" Ye Chen was confused, why did he return to the starting place.

Ye Chen started to think, he tried to find the most suitable answer to describe the situation he was in.

"Don't tell me this place keeps moving." Ye Chen realized what had happened, he immediately knew the problem he was facing.

Ye Chen analyzed very quickly, in a short time, he already knew about the root of the problem he was facing.

This place is so great, I didn't even realize we were moving and moving around.

"This place should be more difficult than a labyrinth" Ye Chen said to Chu Yuechan.

"You just have to make a very long tunnel, that way you can reach the end" said Chu Yuechan.

"It's not easy to do, you know that my strength requires a lot of profound energy, I'm tired I need to rest for a while" Ye Chen said While looking for a backrest to sit on.

Ye Chen needed to recover the strength he had, Ye Chen really wanted to recover the strength he had.

Chu Yuechan couldn't do much, she could only wait and let Ye Chen recover his strength.

After a while, Ye Chen finally recovered his strength, now he could immediately use his full power.

"I will go first" Ye Chen wanted to come out, it would be easier for Ye Chen to know which part of the core.

When Ye Chen wanted to go out, Ye Chen discovered that the back of him was not the outside world, behind Ye Chen was another room.

"What?, don't tell me that my position has changed." Ye Chen saw that his position had changed.

"It seems that your position has changed." Chu Yuechan also realized that Ye Chen's position had changed, right now Ye Chen's position was elsewhere.

"Oh shit, now what am I going to do" Ye Chen didn't know the direction, if he used the wrong power, then he would be lost again.

"What are you going to do" Chu Yuechan said to Ye Chen, Chu Yuechan smiled, it could be seen that Chu Yuechan wanted to know what Ye Chen would do.

"I have no choice but to bet" Ye Chen had no choice but to bet, this was Ye Chen's one chance to be able to go inside.

"Good luck" Chu Yuechan encouraged Ye Chen, he wished Ye Chen luck with what he did.

Chapter 1893 Powerful profound ark

"um" Ye Chen nodded, he would try his best to resolve this matter.

"I wish me lucky" Ye Chen prayed, he wished himself luck and could resolve this matter very quickly.

Ye Chen opened the dimensional hole, he had already decided the direction in which he opened it.

If this is true, then Ye Chen's chance is quite small, the probability of 1/10 where it is quite small.

"I don't care, I will do it" Ye Chen didn't care, he would do it very quickly.

After opening the dimensional hole, Ye Chen went straight into it, praying that this would work.

Ye Chen walked forward, himself walking step by step.

Ye Chen looked at the tip of the shining dimensional hole, whether Ye Chen would achieve what he was aiming for or not.

Ye Chen came out of the dimensional pit, when Ye Chen came out, he was in a very spacious room with an extremely majestic golden profound ark.

"A profound ark" Ye Chen saw that in front of him was an enormous profound ark.

"It seems to be a powerful profound ark" Chu Yuechan said to Ye Chen.

"I'll take a look." Ye Chen approached, he wanted to see this profound ark firsthand.

Just as Ye Chen was about to approach the profound ark, a figure descended from the sky, an iron guard descended and stopped Ye Chen.

"Enough to get here, you can't go any further than this." The pyramid guard said to Ye Chen.

"You, are you the guardian of this place?" Ye Chen asked the guard in front of him, it seems that this guard with armor is not human, rather he is a spirit that is put in an iron.

"I am the guardian of this place, I make sure that no one approaches this place" the pyramid guard said to Ye Chen, he told him that he would not let Ye Chen go any deeper.

"What is the reason?" Ye Chen asked the reason, he wanted to know the reason why he was rejected.

Is in front of keeping something dangerous or something.

"It's a dangerous weapon, it shouldn't be used" the pyramid guard told Ye Chen that the profound ark behind was a very dangerous warship.

It was a very powerful weapon in the past and was sealed in this place.

Because of its terrible power, this weapon should not be used, it is sealed in this place and has not been used for a long time.

"Very interesting" Ye Chen was intrigued, he was quite intrigued by what the pyramid guards had to say.

If what was said turned out to be the truth, then it was certain that the battleship was very strong.

"Master, are you interested?" Chu Yuechan asked Ye Chen, Chu Yuechan could see that Ye Chen was quite interested in the warship.

"Of course, I'm quite interested." Ye Chen said that he was quite interested.

If it really was a powerful weapon, then Ye Chen had to get it.

"I want to get it" Ye Chen said that he wanted to get the warship.

"I told you that you won't be able to get it, if you force then you will get the consequences" the pyramid guard said to Ye Chen, if Ye Chen still insisted then the pyramid guard would kill you.

"Do I look scared by the threat you pose?" Ye Chen wasn't afraid, he wasn't afraid of the threat posed by the pyramid guards.

"You forced me" hearing this, the pyramid guard was very upset, he was very upset and intended to destroy Ye Chen.

"Master, the guardian of the pyramid may be strong, his body is made of various iron alloys" Chu Yuechan said to Ye Chen.

Chu Yuechan warned Ye Chen that the guards at the front were very strong.

"Because he is a strong iron, I will fight him with armor" Seeing the enemy in front of him was covered in armor, Ye Chen intended to use the Heavenly Armor he had.

"Target poses a threat, time to destroy the target" Seeing Ye Chen with a red look, the pyramid guards have already scanned Ye Chen as an enemy that must be killed.

"Oh. . ." Ye Chen looked at the pyramid guards, he could see that the pyramid guards were starting to launch a powerful attack towards him.

The attack that was launched was strong, there were countless balls like a rocket that shot out from his back and rained down on Ye Chen.

Ye Chen didn't dodge the attacks from the pyramid guards, he used his Heavenly Armor to defend.

"Boom. . ." A huge explosion occurred, Ye Chen was in the middle of the explosion.

The pyramid guards didn't stop firing their attacks at Ye Chen, the pyramid guards knew that Ye Chen had not been crushed and kept shooting at him.

"His attacks don't stop, it seems he knows that I'm still alive." Ye Chen saw that the pyramid guards knew that he was alive and unharmed.

"There's no other way, I have to fight and face it head-on" Ye Chen couldn't hold on anymore, he had to attack the pyramid guards in front of him.

"Nine Shadow Step" Ye Chen used Nine Shadow Step, he appeared behind the pyramid guard and attacked the pyramid guard from the back.

"Feel this" by using the Heavenly Armor, Ye Chen's physical strength became very strong, this followed the strength of the Heavenly Armor.

"Blam. . ." Ye Chen hit the pyramid guard, he hit the pyramid guard in front of him and made him fall to the floor.

"Breaking Meteor Blow" Ye Chen used Breaking Meteor Blow, he intended to destroy the body of the pyramid guard in front of him.

"Bamm" an enormous explosion occurred, this explosion was the result of Ye Chen's attack.

"This should be enough" Ye Chen's attack should be enough to defeat the pyramid guards.

"Blam . . ." just when Ye Chen thought that everything was over, suddenly the pyramid guards attacked Ye Chen.

Ye Chen retreated, he used a defensive stance and retreated slowly.

"Still not enough" Ye Chen saw that his attack was still not enough to destroy the pyramid guards.

"Human, you won't be able to destroy my body, my body is formed from a mixture of various metals and the strongest materials in the God Realm, you won't be able to destroy it" the pyramid guard said to Ye Chen.

"Is that so, let's see if you have a strong body" Ye Chen couldn't believe it, he couldn't believe what the pyramid guards said.

"You have missed the opportunity to leave, now the full annihilation stage is about to begin" the pyramid guard began to change his body.

His body began to expand and turned into a dragon.

"He can change his body shape, that means he can imitate powerful monsters" Seeing this Ye Chen had to be careful.

"Roar" the guardian of the pyramid has become a dragon, he has become a powerful dragon monster capable of spitting out extremely hot fire.

The dragon started spitting fire at Ye Chen, a powerful burst of fire was aimed at Ye Chen.

Ye Chen didn't do anything, he resisted the attack from the dragon in front of him.

"Is that all?, why don't you just give up and give the warship to me" Ye Chen said to the pyramid guards.

Ye Chen asked for the warship, he wanted the warship.

"I won't let you get it" the pyramid guard still refused, he insisted on refusing Ye Chen's request.

"Then you're the one who forced me to do this" Since the pyramid guards refused, then Ye Chen had no other choice.

Ye Chen was going to use the Five Lord Elements Technique to deal with the dragon in front of him.

Chapter 1894 Divine God Machine Deep Ark

Ye Chen began to combine several elements, himself attacking the dragon in front of him.

The dragon's body is covered by a combination of several elements, when that happens the dragon's body begins to erode.

Seeing his body starting to erode, the dragon tried to get rid of the combined elements in his body.

Even after using various means, the dragon still can't get rid of the Five Lord Elements Technique

"no way. ."The dragon said to Ye Chen, his extremely strong body began to erode and began to crumble little by little.

"Looks like your resistance ends here." Ye Chen said to the pyramid guards.

"I won't let you, I will take you with me" the pyramid guard wanted to take Ye Chen with him.

The dragon jumping towards Ye Chen, dragon wanted to blow up together with Ye Chen.

"You have to come with me" the dragon said to Ye Chen, dragon was about to blow himself up with Ye Chen.

"Sorry, but I still have people waiting for me at home, you can do that alone" Ye Chen still had people waiting for him, so he wouldn't let the dragon in front of him blow himself up.

"Half Dimension" Ye Chen reduced the size of the dragon in front of him, the huge dragon instantly turned into the size of a marble.

"Boom. . ." explosion occurred, a large enough explosion enveloped this place.

Ye Chen left, he got into the warship at the right time.

Even though Ye Chen had reduced the size of the dragon using Half Dimension, in fact the resulting explosion was still quite large.

if Ye Chen had not reduced the size of the dragon just now, perhaps the explosion would have been much stronger and shattered this star.

"Okay, the threat has finally been eliminated" the threat has been successfully destroyed by Ye Chen, now no one will dare to hinder Ye Chen from getting the battleship.

Ye Chen got into the warship, this battleship was better than the profound ark that Dongfang Xiu had.

Ye Chen wanted to try to operate it, he pressed a button with his palm.

"new owner scan" a system voice sounded, it seemed that this profound ark system was matching Ye Chen's identity.

"I like this" Ye Chen really likes this, it is really very sophisticated.

"System scanning has been completed, owner confirmed, name Ye Chen." The battleship system said that Ye Chen was the new owner of this ship.

"What is the name of this battleship?" Ye Chen asked the system in front of him.

"The name of this place is Divine God Machine Deep Ark." The system told Ye Chen.

"Then are you a system or spirit?" Ye Chen asked the System.

"You can say I System, I was made to fulfill the needs of the owner of the Divine God Machine Deep Ark." The system told him.

Ye Chen nodded, it seems that this is intelligence made, Ye Chen thought just now was the Spirit inserted, but it turned out that he was wrong.

Ye Chen didn't sense any spirit inside the Divine God Machine Deep Ark, that meant it was pure Artificial Intelligence.

"What can the Divine God Machine Deep Ark do?" Ye Chen asked the System.

"You can use it as a travel vehicle to places that other profound arks cannot reach" the system said to Ye Chen.

"Besides that?" Ye Chen asked the System, Ye Chen wanted to know what the Divine God Machine Deep Ark could do.

"star destroy" The system informed that the Divine God Machine Deep Ark could be used to destroy hundreds of stars in one hit.

"Huh" Ye Chen didn't expect that this was what the System would say.

"Master, this is the Divine God Machine Deep Ark, an ancient war weapon with formidable power, so you should know that it is very powerful and was feared by gods in the past" System said to Ye Chen.

"That's great" Ye Chen said to the System, Ye Chen had to admit that it was a formidable power.

"Do you want to try it?" The system asked Ye Chen, The system wanted to know if Ye Chen wanted to try the power of the Divine God Machine Deep Ark.

"That's not necessary" Ye Chen said that he didn't need to do that, he believed in the power of the Divine God Machine Deep Ark.

"How do you get the Divine God Machine Deep Ark out of this place?" Ye Chen asked the System.

"Do you want to take the Divine God Machine Deep Ark out of this place, it's very possible to do" The system said that it was very easy.

"Then remove the Divine God Machine Deep Ark from this place" Ye Chen said to the System.

"Order received, start the destruction of the Pyramid" The system issued a warning to Ye Chen.

"This is cool, at least it's better than all the profound arks in the God Realm." Ye Chen felt that the Divine God Machine Deep Ark was far better than all the profound arks that Ye Chen had ridden.

Ye Chen felt like he had a sophisticated computer that could listen to what he wanted, the difference was that it was far superior to the super computers on earth and possessed intelligence that could directly interact with Ye Chen without a hitch.

a shaking begins to occur, this shaking clearly from the core of the pyramid

"what are you doing?" Ye Chen asked the System.

"Destroy the city, if the Divine God Machine Deep Ark is destroyed, the city will be destroyed, otherwise Master will not be able to bring out the Divine God Machine Deep Ark" the system told Ye Chen that the ancient city would be destroyed and collapsed, after that the Divine God Machine Deep Ark can get out of the prison that has locked.

"Okay I understand" Ye Chen understood, if he wanted to take out the Divine God Machine Deep Ark, then this pyramid had to be destroyed.

The ancient city began to collapse by itself, it collapsed and exploded from the bottom.

The explosions continued to rise and rise all the way to near the pyramid, the pyramid that was the place to confine the Divine God Machine Deep Ark began to collapse on its own.

Because the foundation structure of the ancient city was destroyed, the upper part was destroyed as well.

"Hold on, there will be a slight shaking before we go out." The system warned Ye Chen that there would be a temporary shock.

Ye Chen was ready, he knew what would happen next.

The shock did occur, this shock slightly shook the Divine God Machine Deep Ark.

Ye Chen wanted to see how strong the Divine God Machine Deep Ark was, whether the Divine God Machine Deep Ark was able to withstand this huge explosion.

The Divine God Machine Deep Ark was extremely powerful, this powerful explosion was unable to scratch the Divine God Machine Deep Ark, it only shook a part of the Divine God Machine Deep Ark.

"Time to leave" The system said that they were going out.

The pyramids began to crumble, debris began to fall and this entire majestic building crumbled into hundreds of pieces.

After the pyramid was completely destroyed, the Divine God Machine Deep Ark shot up and out of the rubble, it shot out extremely fast, the speed of the Divine God Machine Deep Ark was even faster than Ye Chen's profound ark.

Chapter 1895 Calculate score

"what fuel to use this thing" Ye Chen wanted to know the cost of using the Divine God Machine Deep Ark, with the power of the Divine God Machine Deep Ark, it would require enormous resources to use it.

"Master, don't worry, the Divine God Machine Deep Ark is different from normal profound arks, it doesn't require any profound crystals to operate, it moves with the pure energy of the God Realm," the system said to Ye Chen.

"That's very good." Ye Chen admitted that it was very good, it meant that Ye Chen didn't need any resources to use this.

"Master where do you want to go?" The system asked Ye Chen, The system wants to know where Ye Chen is going.

"No, I still have business in this place." Ye Chen said that he still had business in this place.

"Okay understood" The system understood, it could understand what Ye Chen said.

"Enjoy your time" the system said to Ye Chen, he told Ye Chen to enjoy the time he had.

"Okay" Ye Chen would enjoy the time he had, he would do whatever he wanted.

In addition to being a vehicle for war, this deep Ark can also be used as a place for fun, there are pools and baths in this place, this is very wide and can accommodate many people.

The system carried out monitoring outside, The system gave Ye Chen an idea of what was happening outside.

"All participants are busy looking for Magical Beasts" Ye Chen saw that there were many participants who were looking for Magical Beasts.

Ye Chen looked for the whereabouts of Sun Xuanyin and Lei Qiaolin, whether they had finished fighting or not.

When Ye Chen searched for Sun Xuanyin's whereabouts, he found Sun Xuanyin searching for Ye Chen's whereabouts, this woman clearly wanted to find Ye Chen's whereabouts.

Sun Xuanyin and Lei Qiaolin had already finished fighting, the two of them had now left and drifted away from each other.

The battle that Sun Xuanyin and Lei Qiaolin fought was quite fierce, the two of them fighting so fiercely that they almost ran out of profound energy.

"It's all that woman's fault, if only she didn't interfere, then everything would be fine." Sun Xuanyin complained, herself complaining to Lei Qiaolin because he had bothered her.

"System, hide me from that woman" Ye Chen gave an order to the System, he told the System to hide himself.

"Understood, enter stealth mode" Divine God Machine Deep Ark entered stealth mode, Divine God Machine Deep Ark began to disappear and could not be seen by the eye.

Even someone like Sun Xuanyin and Lei Qiaolin would not be able to see the Divine God Machine Deep Ark that had entered stealth mode.

"Cool" Ye Chen gave the System a thumbs up, this way, Sun Xuanyin wouldn't be able to find his whereabouts.

Ye Chen was enjoying his time in the Divine God Machine Deep Ark, no one could disturb Ye Chen in this place.

Without realizing it, time passed very quickly, 3 days had passed and all the participants had died in this place.

The bell rang, which was the end of this exam, all participants were told to gather by Lei Qiaolin.

All the participants had done their best, they all gathered and started to record their results.

One by one the participants deposit their results, the stronger the Magical Beast, the more points they can get.

"1,000, 2,390, 1,543" The scores are read out, the average participant gets 1,000~2500 points.

This result was already quite good considering they had been desperately and had not slept for several days.

"Cao Gir got 12,413 points" the jury read out Cao Gir's score

"what? ? ?" when the jury read out Cao Gir's score, almost everyone was shocked, they were surprised by the results obtained by Cao Gir.

"Thank you very much" Cao Gir was very happy with the results he got, he was very proud of the results he had gotten, with results like this no one should be able to surpass him.

Lei Qiaolin nodded, he had just discovered a passable talent.

"Waru Baicil got 12,512" The jury read out the results obtained by Waru Baicil, when the jury read out the results obtained by Waru Baicil, everyone was surprised again.

"anyone else can get more than 10,000, this is great" another participant was quite surprised, the results obtained by these people were beyond imagination.

They had to admit that the strength of Waru Baicil and Cao Gir was formidable, they got the most out of them all.

"See next is Ben Juami" everyone looked at Ben Juami, as one of the people who got the highest score in the previous exam, everyone wanted to know how the catch was that Ben Juami got.

The judges began to examine the results obtained by Ben Juami, when the judges examined the results of Ben Juami, they were quite surprised by the results obtained by Ben Juami.

"Ben Juami got a score of 31,941" The jury announced the score obtained by Ben Juami, he's got a very high score.

"It's great" everyone recognizes the power of Ben Juami, they all recognize the power of Ben Juami who is the strongest person among them all.

Next up was Sun Xuanyin, she didn't get anything, it could be said that she didn't catch anything.

Everyone looked shocked when they saw this, they didn't expect that Sun Xuanyin didn't catch a Magical Beast, what did Sun Xuanyin do that she didn't catch a Magical Beast.

Sun Xuanyin wasn't particularly interested in this matter from the start, that's why she didn't get involved in this matter and kept looking for Ye Chen, it's a shame that Ye Chen managed to escape her.

Sun Xuanyin looked at Lei Qiaolin, it seemed that Sun Xuanyin still had a grudge against Lei Qiaolin.

"Where's Wan Gunkin?" Everyone didn't see Wan Gunkin's whereabouts, they were all quite curious about Wan Gunkin's whereabouts.

Life or death, Wan Gunkin is still unknown, whether he is still alive or not, it is still a mystery.

After waiting, it was time for Ye Chen to record his results, when it was Ye Chen's turn, everyone looked at Ye Chen with displeased looks, they all seemed to dislike Ye Chen, they were very displeased with Ye Chen since the beginning of this preliminary exam.

"Take out everything you have" this time it was Lei Qiaolin who would be the judge for Ye Chen, she would step in and judge Ye Chen.

Lei Qiaolin was still resentful towards Ye Chen, it was because of this person that he had to battle Sun Xuanyin and had such an unpleasant day.

Everyone was quite surprised when they saw Lei Qiaolin calculating the score Ye Chen got.

"Why do you want to calculate the score I got, I don't want to bother you" Ye Chen said to Lei Qiaolin.

Ye Chen didn't want to bother Lei Qiaolin, that's why Ye Chen told Lei Qiaolin to go and get someone else to take his place.

"You don't have to worry about that matter, just take out what you get" Lei Qiaolin told Ye Chen to take out what he got.

"If you really insist" saw Lei Qiaolin forcing Ye Chen to take out the Magical Beast that he had captured.

A pile of Magical Beasts so large that they formed a super-tall mountain appeared in front of Lei Qiaolin and all the participants.

Chapter 1896 Cao Gir challenges Ye Chen

Everyone was silent when they saw Ye Chen's results, they all looked very surprised by Ye Chen's results.

The result that Ye Chen had obtained was so unreasonable, it couldn't be believed by everyone in this place.

Lei Qiaolin gaped when he saw Ye Chen's results, she looked very surprised by Ye Chen's results.

"Nonsense" Lei Qiaolin was very surprised by the results obtained by Ye Chen, the results obtained by Ye Chen were completely unreasonable.

"You can start counting" Ye Chen told Lei Qiaolin to calculate it, he invited Lei Qiaolin to calculate the results he had obtained.

Lei Qiaolin slightly bit her lip, Ye Chen was toying with her again.

At first Lei Qiaolin thought that Ye Chen wouldn't get too much results, but now she changed her mind and saw something that was hard to believe.

"How did he kill such a large number of Magical Beasts like this?" Lei Qiaolin didn't know how Ye Chen would do it, but Ye Chen must have tried hard enough.

Lei Qiaolin didn't know that Ye Chen only needed a few hours to hunt, meanwhile Ye Chen spent his time lazing around and waiting for everything to finish.

Lei Qiaolin had already submitted herself, right now Lei Qiaolin couldn't back down anymore.

"Okay, I'll calculate it right away." Lei Qiaolin had no other choice, she could only calculate the results obtained by Ye Chen.

Ye Chen's results were enormous, he had great results and made Lei Qiaolin have to try quite hard to calculate them all.

"Good luck" Ye Chen said to Lei Qiaolin, he told Lei Qiaolin to fight and count his catch.

Ye Chen took a chair, sat down and waited for Lei Qiaolin to finish counting his results.

Lei Qiaolin saw what Ye Chen was doing, to be honest this guy was really annoying.

"This brat, just watch out for you" Lei Qiaolin looked annoyed, she felt he was being played by Ye Chen.

Ye Chen was too smart, he could always easily fool Lei Qiaolin.

Lei Qiaolin was looking for a way to deal with Ye Chen, how to deal with the naughty Ye Chen.

To be honest, facing Ye Chen was quite difficult, Lei Qiaolin had to find a suitable match to defeat Ye Chen.

While continuing to count Ye Chen's results, Lei Qiaolin came up with some good ideas for dealing with Ye Chen.

"lady ,Our will help you" The jury intended to help Lei Qiaolin.

"No need, you don't need to help me" Lei Qiaolin refused help, he could handle this alone.

After several long time, Lei Qiaolin finally finished calculating the amount Ye Chen got.

"You got 2,580,123 points" Lei Qiaolin told Ye Chen the amount.

When Lei Qiaolin mentioned the amount Ye Chen had earned, this left everyone on the spot.

The amount that Ye Chen earned was thousands of times more than that of normal participants, this was even tens of times more than what Ben Jumi earned.

"So I'm ranked first" Ye Chen got his win, he again got first place.

"You did get first place." Lei Qiaolin didn't want to admit it, but she had to admit that Ye Chen got first place easily.

"no way why him again" people were frustrated, they all looked frustrated when they saw Ye Chen get first place.

"Wow, he's really great" a lot of women praised Ye Chen, they praised Ye Chen for having managed to get first place easily.

In addition to being handsome, Ye Chen turned out to be great, this made all the women feel very happy about Ye Chen.

Ben Jumi was annoyed, he didn't get the first place, the first place should be his.

"Okay, you will get a reward for getting first place" Lei Qiaolin said to Ye Chen, he would give a gift to Ye Chen.

Ye Chen didn't expect that Lei Qiaolin would bother in giving Ye Chen a present, to be honest Ye Chen didn't expect that this woman would want to give Ye Chen a present.

"Before that, are any of you willing to challenge him and take first place?" Lei Qiaolin said to everyone in this place, She giving everyone a chance to attack Ye Chen.

"I want" there are so many people who want to challenge Ye Chen, they all want to challenge and beat Ye Chen.

Ye Chen's face was slightly uncomfortable, obviously he knew what Lei Qiaolin's intentions were.

Lei Qiaolin wanted to teach Ye Chen a lesson, it seemed that he still had a grudge against Ye Chen.

One by one people started to volunteer themselves, they wanted to challenge and fight Ye Chen using their abilities.

They were all eager to teach Ye Chen a lesson and take Ye Chen's place.

"You did this on purpose" Ye Chen said to Lei Qiaolin, he said that Lei Qiaolin did this on purpose.

"I am the person in charge of this place, so I have the right to do whatever I want, if you don't like it, you can leave" Lei Qiaolin said to Ye Chen, Lei Qiaolin had a high position and could not be resisted by Ye Chen, this is the advantage that Lei Qiaolin has.

"Damn it, she's quite arrogant" Ye Chen looked at Lei Qiaolin, this woman is quite arrogant and wants to find trouble with Ye Chen again, it seems that the lessons from that time were still not enough to make Lei Qiaolin afraid of Ye Chen.

"You have to be careful, maybe you won't be able to go home safely" Ye Chen warned Lei Qiaolin, Ye Chen warned Lei Qiaolin to be careful on the way home.

"I won't be as stupid as I used to be." Lei Qiaolin wasn't afraid, she wasn't afraid of Ye Chen's threat.

"So who wants to go forward?" Lei Qiaolin asked the people in front of her.

"Get out of the way" Cao Gir told everyone to get out of the way, he wanted to challenge Ye Chen.

When Cao Gir stepped forward, everyone immediately pulled themselves back, they looked scared and didn't dare to look for trouble with Cao Gir.

"Very good" Lei Qiaolin was very happy, Cao Gir was willing to come forward and fight Ye Chen.

"Come on" Lei Qiaolin told Cao Gir to come forward, she would help Cao Gir against Ye Chen.

Lei Qiaolin made an arena made of ice, she helped the battle between the two of them.

"Get into the arena, your battle will begin soon" Lei Qiaolin told Cao Gir and Ye Chen to go upstairs,

Cao Gir immediately went up, he seemed ready to fight Ye Chen, Ye Chen had no other choice, he had to go up and fight Cao Gir.

Lei Qiaolin will be the referee in the match, she will be in charge of the match between Ye Chen and Cao Gir.

"Are you guys ready?" Lei Qiaolin asked Ye Chen and Cao Gir.

"I'm ready, just start" Cao Gir told that he was ready, he told Lei Qiaolin to order the start of the match.

"you?" Lei Qiaolin asked Ye Chen, Lei Qiaolin said to Ye Chen, is Ye Chen ready or not.

"You can start at any time." Ye Chen invited Lei Qiaolin to start at any time, he was ready to fight against Cao Gir.

"Then I'll start." Seeing that Ye Chen was ready, Lei Qiaolin started the battle.

Chapter 1897 one move to defeat Cao Gir

"Since you said you are ready, then I will start" Since Ye Chen is ready, Lei Qiaolin will start right away.

"Let's beat him and show him that he's nothing" People gave their support to Cao Gir.

They gave support to Cao Gir to beat Ye Chen, they all wanted Cao Gir to beat Ye Chen, he had to be able to beat Ye Chen using the abilities he had.

"I already know that you got this all from collecting from other participants" Cao Gir said to Ye Chen, he already knew that Ye Chen got this from other participants.

"Hahahaha, very interesting, so you already know" Ye Chen didn't hide the truth, he admitted that he did.

"Aren't you ashamed to do that?" Cao Gir said to Ye Chen.

"Why am I embarrassed, they were the ones who attacked me from the start, so there's no harm in me fighting back and snatching the catch they got" Ye Chen said to Cao Gir.

Ye Chen had a good reason, with this strong reason, Cao Gir couldn't retaliate.

"Just watch I will beat you and take first place" Cao Gir said that he would beat Ye Chen and take first place.

"Oh I see, then you can do it, I want to see how you do it" Ye Chen wanted to see it, he wanted to know how Cao Gir defeated him.

Cao Gir advanced towards Ye Chen, himself stepped forward and directly attacked Ye Chen with green flames.

Cao Gir has quite a special fire, he has a special fire that can be used to defeat Ye Chen,

"He has flame from Magical Beasts" Lei Qiaolin saw that Cao Gir has fire from Magical Beasts.

"Oh, that's very interesting." Ye Chen was quite interested when he saw Cao Gir's profound fire that was above the average. Ye Chen wanted to see how strong Cao Gir's profound fire was.

Cao Gir took out a sword, it was covered in green flames and he started to attack Ye Chen and slashed at Ye Chen's neck.

Ye Chen was just him when Cao Gir attacked him, Cao Gir's weapon would not be able to injure him.

"You will regret this" Cao Gir said to Ye Chen, Cao Gir wanted to kill Ye Chen, a strong killing intent was emitted by Cao Gir.

"This guy" Lei Qiaolin saw that Cao Gir wanted to kill Ye Chen, if it was like this, then it would be very dangerous.

"Wait, why should I worry about him?" Lei Qiaolin said to herself, why should he worry about Cao Gir.

It was useless for Lei Qiaolin to worry about Ye Chen, he didn't care about Ye Chen.

Even though Lei Qiaolin said that, in fact she was still worried about Ye Chen, Lei Qiaolin was still worried about Ye Chen, she didn't know why.

Cao Gir's sword began to swing and was about to hit Ye Chen's neck, when it was about to hit Ye Chen's neck.

Ye Chen strengthened his defenses, Ye Chen's current defense was very strong and most likely very difficult to break through.

"Clank. . . ." just as Cao Gir's sword thought it was over, he was gravely mistaken, the sword in his hand shattered into pieces as it hit Ye Chen's body.

"This, it's impossible" Cao Gir couldn't believe it, his extremely powerful sword shattered when it was used to cut Ye Chen's neck.

"Impossible, what happened ?" People felt strange, they all looked very strange when they saw Cao Gir's sword shattered when it was used to attack Ye Chen.

"It's possible that the sword used is old" Some men believed that the sword used by Cao Gir was quite old, this caused Cao Gir's sword to shatter into pieces when it was used to attack Ye Chen.

"It's not like that" when the participants thought that Cao Gir's sword was fragile and old, Lei Qiaolin picked up one of the scattered shards, when Lei Qiaolin held it, he knew that this was a high Tier sword, it was around the 6th tier.

this was a weapon that could be said to be a top grade weapon in the middle rank stars and was given to a young person like Cao Gir.

"Looks like you destroyed your sword" Ye Chen said to Cao Gir.

"Damn, you were just lucky" so as not to lose more face, Cao Gir said that Ye Chen was lucky, if Cao Gir told the truth, then it was very likely that his reputation would drop in the eyes of others.

As the young master of duke , Cao Gir had a pride, he had an immense pride and couldn't lose to Ye Chen.

"Hahaha" Ye Chen laughed when he heard this, Cao Gir tried to cover up what happened, it seemed that he was very afraid that everything would be exposed.

"Green Snake Attack" Cao Gir used his attack, he made a snake from his fire.

Thousands of fire snakes began to form, these attacked Ye Chen from all directions.

Ye Chen stretched out his hand, he froze all the snakes made by Cao Gir.

"No way" Cao Gir couldn't believe that his snake was so easily overcome by Ye Chen.

"It seems that your strength is not strong enough" Ye Chen said to Cao Gir, Ye Chen saw that Cao Gir was not very strong.

"Come on young master Cao , defeat this arrogant man" All the men in this place supported Cao Gir, they gave encouragement and support to make Cao Gir win against Ye Chen.

The support of these people made Cao Gir's situation not good, if Cao Gir lost then it would make Cao Gir feel ashamed.

"I must be able to win" Cao Gir must be able to win against Ye Chen, he must be able to win against Ye Chen.

Cao Gir racked his brains, he seemed to have to use a much stronger attack than before.

Cao Gir made a huge snake, this huge snake formed from flames and started to spit out a green flame towards Ye Chen.

"What you are doing is useless" Ye Chen said to Cao Gir, what Cao Gir did would not be able to hurt Ye Chen.

"I will definitely beat you" Cao Gir didn't believe what Ye Chen said, he felt that he could win against Ye Chen.

"Looks like there is no choice" Ye Chen wanted to end things quickly, he wanted to go home as soon as possible and enjoy his old reunion.

"Nine Shadow Step" Ye Chen used the Nine Shadow Step, he appeared behind Cao Gir and launched a sneak attack.

"Bam. . Ye Chen's attack hit Cao Gir and knocked him down.

"Uhhh. . ." Cao Gir looked very shocked by the attack that came from the attack, Ye Chen's attack numbed his body.

Ye Chen dropped Cao Gir to the ground, this person would probably feel some pain in the next few days.

" what ! ! !" everyone shouted in unison, they looked shocked when they saw Cao Gir was taken down with just one hit.

" Enough. . ." Lei Qiaolin stopped the match, she stopped the finished match.

"I can still fight." Cao Gir forced himself to get up, unfortunately his body wasn't strong enough to do that.

"You've lost admit it" Lei Qiaolin said to Cao Gir, so this match was won by Ye Chen.

Chapter 1898 Ye Chen Vs Ben Juami

"It was an easy victory" Ye Chen said to everyone in this place, Ye Chen said that his victory was very easy, he got a very easy victory.

"Damn" all the men shouted at Ye Chen, they were getting more and more annoyed at Ye Chen.

Ye Chen ignored these people, he went towards Lei Qiaolin to get a reward.

"Wait a minute" when Ye Chen thought that no one would dare to fight him, Waru Baicil went up to the arena, he went up to the arena and began to show his abilities.

"I challenge you, come fight me" Waru Baicil said to Ye Chen he invited Ye Chen to fight him.

"Oh, so there are still those who dare to fight me, then go ahead" Ye Chen said to Waru Baicil.

Ye Chen invited Waru Baicil to come forward, he told Waru Baicil to come forward and face him.

"I will beat you with one move" Waru Baicil was very confident, he wanted to beat Ye Chen with one move.

Ye Chen wanted to see what Waru Baicil said, he needed proof from Waru Baicil.

Waru Baicil immediately attacked Ye Chen, himself attacking Ye Chen with his full strength.

"Wind Cannon Big Hand" Waru Baicil launched a wind attack, his palm was covered by a huge wind and shot towards Ye Chen.

This huge hand shot towards Ye Chen, it hit Ye Chen directly.

"Boom. . ." An explosive impact occurred, everyone used their hands to withstand the explosive impact of the attack that was just launched by Waru Baicil.

The audience at the front was forced back by Waru Baicil's attack.

"Very good, very powerful attack" After seeing the attack just now, everyone was absolutely certain that Ye Chen would definitely lose.

Waru Baicil's attack is not only strong, the impact is also quite destructive, the person affected by this can be shattered into pieces.

A little smoke appeared, this smoke covered Ye Chen's body, so everyone couldn't confirm whether Ye Chen was still alive or not.

All the men prayed that if Ye Chen lost, Ye Chen's defeat was a happy thing for all the men in this place.

A moment later the smoke completely dissipated, Ye Chen's figure began to appear behind the smoke.

"Impossible . . ." Seeing Ye Chen's figure, all the men in this place were immediately disappointed, they all looked very disappointed when they saw Ye Chen who was still able to survive Waru Baicil's attack.

"Too bad, you all must be very disappointed" Ye Chen said to everyone in this place.

Ye Chen was in very good shape, he was in pretty good shape and there wasn't the slightest scratch on Ye Chen's body.

Ye Chen seemed untouched by Waru Baicil's attack, he was untouched by Waru Baicil's attack.

Ye Chen knew what everyone was thinking, they must all be very disappointed when they saw Ye Chen was still alive.

Everyone was indeed very disappointed, they were all very disappointed when they saw Ye Chen was still alive after receiving the attack from Waru Baicil.

"Too bad because you can't beat me with one hit" Ye Chen said to Waru Baicil.

"You're just lucky" Waru Baicil said to Ye Chen, Waru Baicil said that Ye Chen was just lucky.

"So you think I'm lucky, then I'll attack you" Ye Chen said to Waru Baicil.

Seeing this Ye Chen had the initiative to attack Waru Baicil.

"Frost Nova" Ye Chen's used Frost Nova, Ye Chen froze Waru Baicil's body in front of him, Waru Baicil was easily frozen into a statue by Ye Chen.

Waru Baicil had no chance, in a matter of seconds he was frozen by Ye Chen.

Waru Baicil couldn't move, he couldn't move against Ye Chen.

"Okay, done" Ye Chen said to Lei Qiaolin.

Ye Chen won again, he had an easy victory against Waru Baicil.

The men in this place felt even more stressed when they saw Ye Chen who returned to win the battle, they were eager to see Ye Chen lose, and strangely Ye Chen did not lose against the enemy he was facing.

" anymore?" Ye Chen asked the people in this place, Ye Chen gave a chance, he gave everyone a chance to fight against him.

Everyone seemed speechless when listening to Ye Chen's open challenge letter, to be honest they didn't have the courage to go against Ye Chen.

Waru Baicil and Cao Gir's couldn't win against them, that meant they had no chance of winning against Ye Chen.

"Get out of the way, I'll fight him" Ben Juami came out of the crowd, he wanted to challenge and fight Ye Chen.

The moment Ben Juami spoke, everyone immediately gave way for him, no one dared to object to Ben Juami's request.

What kind of fool dares to refuse and fight Ben Juami, they pave the way for Ben Juami.

"Finally he appears, let's beat him" everyone hoped that Ben Juami would win from Ye Chen, they all wanted to see the strength of Ben Juami who was the strongest among all the participants.

"Finally something strong enough" Ye Chen said to Ben Juami who was in front of him.

Ye Chen saw that Ben Juami was a strong enemy, he could feel that Ben Juami was quite a strong enemy.

"You are very strong, you are worthy to fight me" Ben Juami said to Ye Chen.

Ben Juami had quite an intimidating aura, his fighting spirit was above the average participant in this place.

"You are also worthy to fight with me" Ye Chen said to Ben Juami.

Ye Chen admitted that Ben Juami had decent strength, growing up in the military world made Ben Juami give off a strong aura and great dominance.

"You two can start at any time." Lei Qiaolin told the two to start at any time.

"Let's get started." Ben Juami started to prepare, he changed into battle mode and advanced towards Ye Chen.

Because the enemy in front of him is quite serious, then Ye Chen will be more serious in fighting the person in front of him, Ye Chen started to be serious in facing Ben Juami.

"Bam. . . , Bang . . . , Bam. . . , Bang . . . , Bam. . . , Bang . . . , Bam. . . , Bang . . . ," Ye Chen and Beng Juami exchanged thousands of blows, both exchanged countless blows, Ben Juami was quite aggressive, himself attacking Ye Chen with full strength.

" Destroyed. . ." Ben Juami used a thunderbolt, he hit Ye Chen with a thunderbolt,

Ye Chen blocked Ben Juami's punch with one hand, the punch from Ben Juami was successfully blocked by Ye Chen.

"You are quite aggressive" Ye Chen said to Ben Juami.

"You are strong too, it's not strange that you can win against all enemies" Ben Juami said to Ye Chen, he admitted that Ye Chen was quite strong.

"But I'm different from the people you fought before" Ben Juami told him that he was different from the people Ye Chen had previously fought.

"Skull bone Thunder" Ben Juami let out something, from behind came profound lightning and gathered to make something.

A huge bone began to form from this profound lightning, this bone was enormous and tall.

"Did he call something?" Ye Chen saw that Ben Juami summoned something, it seemed that the one that was summoned by Ben Juami was a huge, very strong monster.

Chapter 1899 Borrowed a weapon from Lei Qiaolin

"That's a legendary warlord technique." Everyone pointed at the Skull Bone Thunder that Ben Juami had just summoned.

"It's a very powerful technique, I heard it can flatten enemy troops easily" people started talking about the power that Ben Juami was using, it was a very powerful force, rumors were that an army could be destroyed easily by Skull bone Thunder.

"It's over, that person will definitely lose" With the Skull Bone Thunder coming out, they believed that Ye Chen could be defeated very easily.

The Skull Bone Thunder was getting bigger, in an instant the Skull Bone Thunder had grown up to 5 km, it was very high and could destroy everything.

"This fellow used everything against you" Chu Yuechan saw that Ben Juami used everything he had against Ye Chen.

"I'll bet he used a lot of profound energy to use this." Ye Chen was sure that Ben Juami used a lot of his profound energy to use Skull Bone Thunder.

It seemed like Ben Juami used his aces to instantly end Ye Chen.

He used everything head-on to confront Ye Chen.

"It's still early, why did you use such a powerful attack" Ye Chen said to Ben Juami.

Even though their battle was still early, but Ben Juami had already used his full strength against Ye Chen.

"That's because I acknowledge your strength." Ben Juami said that he acknowledged Ye Chen's strength, so it wouldn't be strange if he used his full attack against Ye Chen.

Ye Chen smiled when he heard this, he began to understand what Ben Juami was thinking and wanting.

"Interesting" Ye Chen met an interesting opponent, this man was different from the enemies he had previously fought, this person was more careful than the people Ye Chen had previously fought.

"Destroy" Ben Juami controlled the huge monster behind him, with one wave of his hand, Ben Juami had directly controlled this monster and attacked Ye Chen.

"Oh. . ." Ye Chen went up, himself dodging Ben Juami's attack.

"If you go out of the circle, then you will lose" Lei Qiaolin said to Ye Chen, she told Ye Chen not to leave the arena.

"Why are you just saying it now?" Ye Chen said to Lei Qiaolin.

"It's up to me, I make the rules in this place" Lei Qiaolin said to Ye Chen, Lei Qiaolin has a reasonable reason, as a referee, she can make rules at will.

"Just watch out, I'll remember this" Ye Chen would remember this, he would settle the account with Lei Qiaolin after everything was done.

Lei Qiaolin smiled, she felt that he had won from Ye Chen, she was satisfied when she saw Ye Chen upset.

Unable to leave the arena, Ye Chen had no choice but to fight, himself stepped forward and attacked Skull Bone Thunder.

"Bam. . ." Ye Chen's attack collided with the attack of the Skull bone Thunder.

In this exchange of attacks, Skull Bone Thunder retreated and fell to the floor.

"Well this is my chance to end this" this was Ye Chen's chance to end it all.

Ye Chen intended to use God's Judgment Lightning, he intended to destroy the Skull bone Thunder using God's Judgment Lightning.

"Master, that woman is still in this place, if you use God's Judgment Lightning, it will expose your identity." Chu Yuechan told Ye Chen, herself telling Ye Chen that Sun Xuanyin was here and was looking at Ye Chen.

Hearing this, Ye Chen remembered that Sun Xuanyin was watching, that woman must be watching her battle.

"No, I can't use high-level techniques, otherwise that woman can immediately know who I am." For now Ye Chen can't do that, Ye Chen still needs time to make Sun Xuanyin obey, so for now his identity is not can be uncovered.

Ye Chen got down, he didn't even attack the Skull Bone Thunder.

"What is he doing?" Lei Qiaolin and people were confused by what Ye Chen did, why did Ye Chen not take advantage of the opportunity just now.

If only Ye Chen was willing to make good use of the opportunity just now, then he might be able to crush Skull Bone Thunder.

Skull Bone Thunder rose, the lightning on his body continued to rumble and strike in all directions.

The attack just now angered Skull Bone Thunder and strengthened the power of the lightning in his body.

The sky gave out a lot of lightning strikes, this lightning just kept hitting the participants below.

"Looks like this brat still can't control this much power." Lei Qiaolin could see that Ben Juami still couldn't fully control this kind of power.

In this case, Lei Qiaolin couldn't help but have to protect everyone, otherwise there would definitely be casualties.

"Looks like you can't control your own power" Ye Chen said to Ben Juami, he told Ben Juami that he couldn't control his power.

"Who said I can't control the power that I have, I can control it, you'll see" Ben Juami said that if he can control the power he has, it's not difficult to control this power.

Ben Juami refuses to be honest, if he is honest with what happened, then it is the same as admitting his own defeat.

"Hey you" Ye Chen said to Lei Qiaolin.

" what is it?" Lei Qiaolin answered Ye Chen, she wanted to know what Ye Chen wanted.

"I borrowed a weapon" Ye Chen borrowed a weapon from Lei Qiaolin.

"Of course" Lei Qiaolin gave Ye Chen a weapon, she gave a wooden sword that used to practice .

"? ? ? ? , I borrowed a weapon not a toy weapon" Ye Chen said to Lei Qiaolin.

"That's what I have." Lei Qiaolin said that it was what she had, Lei Qiaolin didn't want to lend her collection to Ye Chen.

It could be seen that Lei Qiaolin intended to toy with Ye Chen, he wanted to toy Ye Chen by giving him a wooden sword.

"Feel it" Lei Qiaolin was very satisfied, she got her victory again.

"Never mind, I can still use it" Ye Chen can still use it, he can use this against the enemy.

Ye Chen used the God Amulet Gauntlet, by using the God Amulet Gauntlet, Ye Chen could turn a fragile wooden sword into a powerful weapon.

The God amulet Gauntlet began to coat the wooden sword, the weak wooden sword was now a Legend Tier rank artifact.

"this is great, it works really well." God's amulet Gauntlet worked very well, it turned a fragile wooden sword into a very powerful weapon.

"Let's try" Ye Chen wanted to test the power of the wooden sword strengthened by using the God Amulet Gauntlet, whether the increase in strength would be extraordinary.

"Quickly use that thing, it will definitely be destroyed" Lei Qiaolin said to Ye Chen.

The wooden sword in Ye Chen's hand would definitely shatter when used against the Skull Bone Thunder.

"Look carefully, I will show you how to use this wooden sword" Ye Chen said to Lei Qiaolin.

"Don't make you embarrass yourself" Lei Qiaolin said to Ye Chen.

What Ye Chen did could embarrass Ye Chen himself, Ye Chen could be ashamed of himself.

No matter how strong Ye Chen is, using a wooden sword to fight lightning is foolish, an ordinary wooden sword will definitely shatter when it encounters lightning.

Chapter 1900 Win the battle with just a wooden sword

"I will defeat it quickly" Ye Chen will try the power of this strengthened wooden sword, whether it will be a very strong thing or not.

The skull bone Thunder was getting bigger and bigger, it was getting bigger and stronger.

Ben Juami was completely unable to control his power, this made Skull Bone Thunder rampage and uncontrollable.

"Everyone get out of here quickly." Lei Qiaolin decided to evacuate everyone who was in this place.

Everyone immediately listened to Lei Qiaolin, they all immediately went and saved themselves from the Skull bone Thunder.

Skull bone Thunder raged and started to attack the barrier created by Lei Qiaolin, had it not been for this barrier everyone would have died.

Everyone immediately saved themselves, they went away from the battlefield.

Even though seeing battle is a very great thing, they all still love the lives they have, no fool would want to sacrifice their lives for this kind of thing.

Everyone moved away, they moved away and started watching the battle from a distance.

The Skull Bone Thunder was enormous, they had to travel thousands of miles away to avoid the Skull Bone Thunder's attack.

Lei Qiaolin stayed on top of the arena, making sure the battle went well.

Actually Lei Qiaolin could destroy Skull Bone Thunder easily, unfortunately she didn't want to do that.

She waited for Ye Chen to lose before doing so.

Ye Chen held the wooden sword in his hand, he was already prepared to swing this wooden sword.

"Prepare to receive my attack" Ye Chen swung the sword in his hand.

"Slashes. . . ." This slash cut the Skull Bone Thunder into two pieces, even the originally dark sky was instantly swept away by this slash.

Lei Qiaolin's strong barrier was also broken, the barrier created by Lei Qiaolin didn't have the slightest bit of resistance against Ye Chen's slash.

Everyone gaped, they all gaped when they saw Ye Chen split the Skull Bone Thunder into two pieces.

Some people's jaws dropped when they saw this, they couldn't believe what Ye Chen had just done.

Ben Juami fell down and was unconscious, it seemed he had reached his limit.

"What the hell, he used a wooden sword to cleave the sky?" Everyone started to get rowdy, they all couldn't believe what was happening.

Even Lei Qiaolin was silent as a statue when she saw what had just happened.

She still couldn't believe what had just happened, to be honest what had just happened was quite absurd to Lei Qiaolin.

"Even though I had enough to withstand the strength I have" even though Ye Chen had enough to withstand the strength, but still he did a huge amount of damage.

"Does anyone dare to come forward again?" Ye Chen shouted at the people who had previously challenged him.

Everyone who previously challenged Ye Chen immediately retreated, they seemed not to dare to oppose Ye Chen.

Ye Chen's attack just now made everyone feel scared, they all felt scared by what Ye Chen had just done.

Ye Chen smiled, as if he had just scared everyone in this place.

"This is your weapon, thank you very much" Ye Chen returned the weapon to Lei Qiaolin, he returned the weapon that was owned by Lei Qiaolin.

Lei Qiaolin received her weapon, she still couldn't believe what had just happened.

Lei Qiaolin looked at the wooden sword he just gave Ye Chen, Lei Qiaolin wanted to see if this wooden sword was special.

"The weapon lent by Miss Lei Qiaolin is great." All participants acknowledged the weapon that Lei Qiaolin had, they all felt that the weapon just now was very powerful.

"It's not what you think." Lei Qiaolin wanted to tell everyone, she knew very well that the sword she just gave Ye Chen was just a wooden sword.

How did Ye Chen do that, Lei Qiaolin was quite curious about this.

"Wait, don't you want a reward?" Lei Qiaolin asked Ye Chen.

Lei Qiaolin reminded Ye Chen of the reward.

"I'm not interested, you can keep it" Ye Chen said to Lei Qiaolin, Ye Chen was not interested in the gift given by Lei Qiaolin, he had already gotten something better than what was given by Lei Qiaolin.

"How arrogant" Lei Qiaolin has already gotten used to Ye Chen's attitude, young men are like this, there is nothing Lei Qiaolin can do about this matter.

"How did he do that?" Lei Qiaolin was quite curious about Ye Chen's way of using a wooden sword, how Ye Chen could win easily even with only a wooden sword.

If you think about it logically, then it would be an unreasonable thing to Lei Qiaolin.

"I have to start researching about him." Lei Qiaolin intended to find out about Ye Chen, this curiosity was very uncomfortable for Lei Qiaolin.

Ye Chen left Lei Qiaolin, entered the Divine God Machine Deep Ark and left the location.

"Master, where are we going?" The system asked Ye Chen, he wanted to know where Ye Chen was going.

"Sky Cloud Peak Star" Ye Chen told the System where his destination was.

"Confirmed" The system quickly tracked the whereabouts of the Sky Cloud Peak Star, the system quickly found the whereabouts of the Sky Cloud Peak Star

"started the journey to the Sky Cloud Peak Star" Divine God Machine Deep Ark began to make a journey to the Sky Cloud Peak Star.

.

.

"We've arrived." The system informed Ye Chen that they had arrived.

"So fast" Ye Chen just wanted to sit down and relax, not to think that the Sky Cloud Peak Star had already arrived at the Sky Cloud Peak Star.

"That's because the distance covered is quite close" said the System to Ye Chen.

"Okay, okay, now can the Divine God Machine Deep Ark get smaller?" Ye Chen asked.

"can't" the System said to Ye Chen.

"Then how do I carry it?" Ye Chen asked the System.

"Master, you don't have to worry, as long as you need the Divine God Machine Deep Ark, then the Divine God Machine Deep Ark will immediately appear in front of you," said the system to Ye Chen.

The Divine God Machine Deep Ark didn't need to be stored, it had a private storage area that people couldn't reach.

"Okay, I see." Ye Chen immediately understood what had happened.

Ye Chen descended, when Ye Chen descended the Divine God Machine Deep Ark disappeared into a glimmer of light, Ye Chen did not know where the Divine God Machine Deep Ark disappeared to.

"The Divine God Machine Deep Ark is very practical," Chu Yuechan said to Ye Chen.

"You are absolutely right" Ye Chen agreed with what Chu Yuechan said.

Ye Chen walked into the house, what a coincidence, Mu Lanyin, Qing Cheng and Su Mengxin were already waiting for him.

"You took so long" Qing Cheng said to Ye Chen, they had been waiting for Ye Chen for a long time.

"Have you has been waiting for me for a long time?" Ye Chen said to Mu Lanyin, Qing Cheng and Su Mengxin.

"What do you think" Su Mengxin said to Ye Chen, Su Mengxin asked Ye Chen, she wanted Ye Chen's opinion.

"I'm sorry, then I will immediately make up for it" Ye Chen apologized, he apologized and wanted to make amends for what he had done.

"You will forgive you, but on one condition" Qing Cheng said to Ye Chen.

Ye Chen has a condition for Ye Chen.

"I already know what it is" Ye Chen said that he already knew what Qing Cheng wanted.
