

### **Chapter 191 - Big Four Sect Meeting**

Mu Lanyin looked around, she looked towards where Ye Chen was sitting, when she saw Ye Chen wearing a bamboo hat, Mu Lanyin felt familiar with this person.

Mu Lanyin began to look at Ye Chen from above, Ye Chen felt Mu Lanyin's gaze, he immediately looked down to hide his face, if until Lanyin found himself the results would not be good.

This fairy woman would definitely draw her sword, then try to kill Ye Chen.

Unable to find a clue who this person was, Mu Lanyin turned her attention away from Ye Chen's body, she looked towards the Cherry Blossom Sect u0026 Fire Valley Sect.

In this case Mu Lanyin felt the strength of their group was currently the weakest, even the Fire Valley Sect who finished last in terms of strength brought 7 people who were all at the peak stage of the Sky Realm.

This time the Fire Valley Sect mobilized all the experts they had to conquer the ancient heritage site.

all sects hope to find good things in the ancient inheritance, they want to strengthen their respective sects through the valuable objects they can get at the ancient heritage site.

"As always the Frozen Ice Sect is always cold to anyone, they really don't let anyone approach them" Middle-aged men see that five women from the Frozen Ice Sect emit an aura that can repel anyone who wants to approach them.

among the 4 large sects of the Frozen Ice Sect was the most closed sect, they very rarely let outsiders enter their sect.

That's why information from the Frozen Ice Sect is very difficult to get.

With the presence of the Frozen Ice Sect, the atmosphere at this place is getting crowded, all these people are waiting for their arrival

Seventh Sword Sect.

As a sect on the list of strongest strengths the Seventh Sword Sect should come first, but the sect that came first was the Fire Valley Sect.

It was getting late and getting dark, people who waited also began to lose their patience.

"It looks like the Seventh Sword Sect isn't coming, do we need to start the meeting right now?" Feng Tu suggested to the Cherry Blossom Sect u0026 Frozen Ice Sect to immediately start discussing how to destroy the seals that enveloped the insides of the ancient inheritance.

Feng Tu was the most impatient person because he had been told to wait all day, but this meeting had been agreed 3 weeks ago, but the Seventh Sword Sect dared to arrive very late, this made Feng Tu a little annoyed.

From the beginning the Fire Valley Sect had a bit of a grudge with the Seventh Sword Sect, because of this Feng Tu didn't really like the delay of the Seventh Sword Sect.

"Giggle, leader of Feng you really are an impatient person, if the Seventh Sword Sect doesn't come, we will definitely lack the power to break the barrier that is on the inside of the ancient inheritance." Qing Cheng giggled, female voices were very beautiful and seductive, even Male cultivators who heard Qing Cheng's voice their bodies began to become soft.

Every move and action of this woman is really very tempting, Qing Cheng really knows how to make all the men who are here become her toys.

Ye Chen also saw that every utterance and gesture by Qing Cheng was very seductive, this beautiful woman truly deserved to be a succubus reincarnation.

"I agree with Chairman Qing, if the Seventh Sword Sect doesn't come, we will definitely lack personnel to destroy the barrier that is in ancient heritage," Mu Lanyin agreed with Qing Cheng's words, without the Seventh Sword Sect they would definitely not be able to destroy the barrier that is in an ancient heritage place.

When these three big sects were arguing, the entrance was opened, there were 7 people entering this inn, in this group there were 6 men and one woman, in the waiting for these seven people there were 6 ~ 7 swords that looked very very nice and luxurious .

These 7 people didn't wear bamboo hats at all, they were very confident showing their original appearance.

The women in the Seventh Sword Sect Group were quite beautiful, although not as beautiful as Mu Lanyin and as seductive as Qing Cheng, this woman could still be said to be a beautiful woman who had an ancient temperament.

Ye Chen saw that this Group had a very strong cultivation base, even the most powerful were in the 10th level Sky Realm.

The difference is very far compared to the other three big sects,

These seven people walked very arrogantly as if they considered everyone like an ant.

Even the Seventh Sword Sect sect didn't greet the three other large sects.

"Leader of the Jian sect, you are too late to come" Feng Tu immediately chided the arrival of the Seventh Sword Sect, Feng Tu had lost patience, he was now eager to vent this anger.

"So what if we arrive late? It's up to us if we arrive late or not." The person who replied to Feng Tu was not the leader of the Seventh Sword Sect, this was the first elder of the Seventh Sword Sect sect, Jian Jin.

"Jian Jin don't be arrogant to you, I'm not talking to you, I am currently asking sect leader Jian Yan" Feng Tu could not stand the provocation carried out by the Seventh Sword Sect, Feng Tu rose from the chair, he exerted a profound aura he had.

Jian Jin did not remain silent he let out the profound aura he had, the two cultivators with ninth level cultivation bases fought, this made the wooden building tremble.

"Stop" this time the leader of the Seventh Sword Sect stopped the fight between Jian Jin and Feng Tu.

Jian Yan did not like to see how these two people started the fight, they all came here because they wanted to break the barrier in the ancient inheritance together.

For the time being the four major sects must eliminate the differences they have, they must work together in breaking down the barriers in the ancient inheritance.

"You are safe, next time I will make you know your place" Jian Jin gave inappropriate words to Feng Tu.

"You dare to underestimate me" Feng Tu who had just calmed down again provoked his anger by Jian Jin.

"I told you to stop" This time Jian Yan took out the aura he had to suppress these two people.

Mu Lanyin and Qing Cheng j could feel the power that had just been released by Jian Yan, it turned out that Jian Yan's strength had reached the level of the ten Sky Realm.

The two women felt left behind Jian Yan

Because it was suppressed by the tenth level of the Sky Realm's profound aura, both Feng Tu and Jian Jin stopped fighting, they were very intimidated by the aura possessed by Jian Yan.

"Let's sit together and discuss our next steps" Jian Yan invited the people in the Seventh Sword Sect sect to sit in the prepared place.

The four large sects sat in a circle, around which there were several cultivators who all heard the talk of the four large sects.

The four large sects are negotiating how to destroy the barriers that exist in ancient heritage sites.

### **Chapter 192 - Visitors From Next Room**

They simultaneously analyzed the strength of the barrier in the ancient heritage site, they all discussed the weak points that could be attacked so that the barrier could be destroyed easily.

the meeting lasted for more than 2 hours, all the sects had reached mutual agreement, they had also divided their respective place of formation so as not to be confused when attacking the barrier.

"Alright, let us rest first to restore strength, I hope tomorrow you are 100% recovered, it will make it easier to destroy the barrier in the ancient heritage place" after saying this the Seventh Sword Sect was the first sect to rise to the upper floor, long before. Seventh Sword Sect had booked a room at this inn.

Cherry Blossom Sect, Fire Valley Sect, Frozen Ice Sect all also booked a room to stay, because this building is very spacious, everyone gets their own rooms, each sect creates a barrier to minimize people who want to do evil, this can also make people outside do not know what is happening in the room occupied by them.

"What are you going to do now?" Ye Chen asked the middle-aged man in front of him.

"Moreover, of course, waiting for the Four Great Sects to open the barrier, we weak cultivators can only be behind the four big Sects, we only hope to get the remaining treasures left by the four big sects" Middle-aged men can only wait for large sects to move first, they will dare to enter after the situation is safe and under control.

all the cultivators in this guesthouse have the same thoughts as middle-aged men, they don't want to die silly because of their own greed

"Alright I'll rent a room and sleep, see you tomorrow" Middle-aged man stood up from his chair, he brought down a pumpkin of wine and climbed upstairs.

Since the event had not yet started Ye Chen also rented a room here, the rent for one night was not too expensive, Ye Chen quickly yelled to the floor, he looked for the room number he had rented.

The number of rooms that Ye Chen rents is 9, in rooms number 8 and 10 are occupied by the Cherry Blossom Sect and Frozen Ice Sect.

Both of these sects create a barrier around the room to block outsiders from peeking inside.

Ye Chen entered room number 9, in this room there was only 1 double bed and several tables and drawers, here there were no lights, only an oil lamp that could be used as a lighting device.

Ye Chen opened the window of the room, he saw that the sky was getting dark, from here the stars in the sky looked very beautiful. Ye Chen wanted to find out what Zhao Yanyan and the other women were doing.

Because here it was very boring Ye Chen entered into the fairy gate.

When he reached the fairy gate, Ye Chen did not see the figures of Zhao Yanyan, Liu Yue, Fu Lanling and Su Mengxin.

"Yuechan" Ye Chen called Chu Yuechan's name.

"What?" Chu Yuechan appeared in front of Ye Chen.

"Do you know where Zhao Yanyan and other women are," Ye Chen immediately asked for the whereabouts of Zhao Yanyan and his women.

"They are all shutting down and cannot be bothered" Chu Yuechan told Ye Chen that Zhao Yanyan and the women were closing in.

"Yes, then forget it" because all women are doing cultivation, Ye Chen did not want to disturb them.

Ye Chen slightly disappointed came out of the fairy gate.

"Master, if you want to do dual cultivation, you just choose on the left and right side of this room, they are all beautiful women." Chu Yuechan teased Ye Chen.

To the left and right of Ye Chen's room remained 10 beauties, if Ye Chen wanted to do these 10 women, they would all not be able to fight Ye Chen.

"Stop saying something that is not important, I'd better sleep" Ye Chen took off the bamboo hat he was wearing and put it on the table, he then lay down on the mattress, this mattress was very hard as a rock, it's worth the price of this room is cheap, goods everything here is not worth using.

When Ye Chen closed his eyes, he felt someone watching him, Ye Chen looked at the person who was staring at him.

"Come out quickly, what do you want from me" Ye Chen immediately exposed the location of the person who was watching him.

"Giggle, you're really a very attractive young man" a woman entered through the window of this room.

This woman was Qing Cheng the leader of the Cherry Blossom Sect, this time Qing Cheng did not wear a bamboo hat with a cloth covering, Ye Chen could see the beautiful face possessed by Qing Cheng, the clothes worn by Qing Cheng had been changed, now Qing Cheng wears very sexy Cheongsam clothes.

This woman can be said to have a beauty comparable to the fairy Mu Lanyin, the difference is very clear Qing Cheng has a body and charm that is very tempting, what's more the size of the second peak of the mountain Qing Cheng is the legendary G Cup, before Ye Chen was unaware because of the clothes worn by Qing Cheng is very loose.

Ye Chen wondered what Qing Cheng wanted at this time of night to watch over him.

"What is wanted by the leader of the Cherry Blossom Sect at this time of the night looking for this little person?" Ye Chen asked Qing Cheng's need to watch over him.

"Giggle, for some reason I'm a little interested in you," Qing Cheng chuckled, this woman's voice was really very seductive to Ye Chen.

"Indeed, what attracted you to me, was it because of my good looks" Ye Chen felt that this beautiful woman was a little confused, Ye Chen had behaved as normal as possible, how he still attracted the attention of beautiful women like Qing Cheng.

"The reason you are interested in me is, you are the first person who is not affected by my charm technique, it makes me even more curious about you, what method are you actually using to fend off the charm technique that I have?" Qing Cheng wanted to know what method was used by Ye Chen to fend off the charm technique that she had.

"Maybe because my mind and soul are so much stronger than you, that's what made your technique not work for me" Ye Chen very easily answered Qing Cheng's question.

Charm type technique is a technique that can be used with opponents who have weak minds and souls, charm techniques are powerful enough to confuse enemies, weaknesses of this technique are when meeting people who have strong minds and souls, people with strong minds and souls, one will not be affected by charm techniques.

In this world there are some very powerful charm techniques, even a strong soul and mind are hard to resist, one of which is the charm technique possessed by the king's heart.

If this technique falls to the wrong person, surely they will use this technique to improve women throughout the universe.

Fortunately in this world only Ye Chen was able to use the king's heart technique because the conditions required to have an Ancient (Yang) body.

"If it was for sure I would have trusted your words just now, unfortunately I just saw you easily find my being hiding, you must have hidden your true power by using a special artifact" Qing Cheng began to suspect that Ye Chen was hiding his cultivation base by using artifacts rare.

### **Chapter 193 - Please Massage Me**

"Hehehe, it looks like the leader of the Cherry Blossom Sect is a very smart woman." Ye Chen no longer acted as a weak cultivator, this woman was smart enough to analyze the circumstances around her.

"Giggling, you praise me too much, so what is your name?" Qing Cheng doesn't know Ye Chen's real name yet.

"My name is Ye Chen," he told Qing Cheng his real name.

"Ye Chen, a pretty good name" Qing Cheng praised the name that Ye Chen had.

"So Ye Chen may I know whether you are now attached to a sect or a government-owned organization?" Qing Cheng asked Ye Chen if he was bound to a sect or government organization.

"None, I am an independent cultivator, I am not attached to any sect or organization" Ye Chen had never tried to enter a sect or government organization.

"That's good, then are you interested in joining my sect? Qing Cheng tried to invite Ye Chen to join the Cherry Blossom Sect.

"Huh?" Ye Chen did not think that Qing Cheng would invite him into the Cherry Blossom Sect, actually what was the reason this woman invited him into the Cherry Blossom Sect.

Seeing Ye Chen doubt, Qing Cheng immediately said "Ye Chen you don't need to worry, our sect is a sect that doesn't have many rules like the other sects, we also won't force our students or members to do things they don't want" Qing Cheng explained to Ye Chen about the Cherry Blossom Sect.

"Thank you for the invitation, I will think about your offer." Ye Chen refused Qing Cheng quite subtly.

"Huft" Qing Cheng sighed, "Ye Chen, are you sure? If you join our sect you will definitely be popular among female students, after all you are still the most handsome man I have ever seen." Qing Cheng offered something very set it aside for all men.

There are so many male cultivators who want to enter the Cherry Blossom Sect, they want to enjoy the beauty that is in the Cherry Blossom Sect, unfortunately the requirements to enter the Cherry Blossom Sect for men are very strict.

Even the male population in the Cherry Blossom Sect is only about 10%, mostly dominated by women.

"If one day I change my mind, maybe I'll go there" Ye Chen still refused Qing Cheng's invitation to enter the Cherry Blossom Sect.

"Too bad" Qing Cheng was a little sad when she was rejected by Ye Chen.

Qing Cheng had a few bad thoughts on Ye Chen, she suddenly lay on her stomach on the mattress that Ye Chen had just used to sleep.

"Ye Chen, can you massage me for a while, I am very tired after a very long journey" Qing Cheng very boldly cast the white thigh she had.

With her current appearance there is definitely no man who can hold her charm.

"You have to calm down, calm down. . . . . "Ye Chen tried to calm himself, this woman is indeed a natural teaser.

"Come on, help me for a moment" Seeing Ye Chen still standing like a statue, Qing Cheng tried to ask Ye Chen in a very soft and seductive voice.

Qing Cheng really hated Ye Chen who always ignored her, even though Qing Cheng was already more than 70 years old, but the appearance and charm of beauty that he had was still like a 20 year old girl.

Qing Cheng is one of the 3 most beautiful women in the Cherry Blossom Sect, her beauty need not be questioned.

Seeing this woman keep on teasing himself, Ye Chen thought of evil thoughts in his head, he smiled wickedly at Qing Cheng who was lying on his bed.

"Hehehe, I will make this woman regret for having seduced me" Ye Chen said in his heart.

He approached the bed, Ye Chen began to relax his fingers. "Leader of the Cherry Blossom Sect, prepare yourself." Ye Chen told Qing Cheng to prepare to receive his massage.

"You don't need to be too formal, you can call me Qing Cheng" because she couldn't recruit Ye Chen into the sect, at least she had to be good friends with Ye Chen.

"Qing Cheng, I'll start" Ye Chen's fingers began to massage Qing Cheng back.

"Ah. . . . . "When Ye Chen's fingers started massaging Qing Cheng's body, Qing Cheng groaned softly.

Ye Chen's touch made Qing Cheng's body stunned by electricity, it felt very good.

"How can this person's skill be this great, with just a touch of my body feels soaring to the sky" Qing Cheng's body began to squirm like a caterpillar, she even almost came out with just Ye Chen's touch.

"Ah. . . . . Ye Chen, wait, let me rest for a moment. "Qing Cheng told Ye Chen to stop, she felt he was on the verge of the peak, as a cultivator cultivating the Dual Cultivation technique how could she be defeated so easily.

Qing Cheng, who intended to tempt Ye Chen, was defeated by Ye Chen's massage technique.

"The massage is still just beginning, you should enjoy it" Ye Chen smiled wickedly, he did not hold back the skills he had.

"Wait, wait, ahh. . . . . ,Please stop" Qing Cheng is going crazy, Ye Chen's massage skills cannot be spoken with words, this is truly something Qing Cheng has never felt in this life.

"not . . . ,not . . . "I'll be the fastest climax Qing Cheng has ever experienced, her body twitching because of the pleasure she got from Ye Chen."

Ye Chen smiled at seeing Qing Cheng like a fish that had just come out of the water, this was only the beginning Ye Chen continued to massage Qing Cheng's entire body.

Qing Cheng's skin was very soft and elastic, surely this woman cared for her body very well.

"Ye Chen, please stop, I want to massage again" Qing Cheng tried to stop Ye Chen's hand, she said Qing Cheng already did not have the strength to stop Ye Chen's actions, her body really felt very soft.

Qing Cheng was horrified, Ye Chen's skills were too extraordinary, she who from the beginning wanted to tease Ye Chen, now turned to a sheep that was ready to be slaughtered.

"Ah. . . . . , ah. . . . . , ah. . . . . , ah. . . . . .ah. . . . . .ah. . . . . .ah. . . . . , Help me . . . ,Help me . . . ,Help me . . . "Qing Cheng is trying to find help from the members of the sect in the next room.

Too bad this room had been put up by a barrier by Ye Chen, so the people outside could not hear the moans of Qing Cheng who were inside here.

From beginning to end Ye Chen tried to restrain himself, Qing Cheng's sassy moans almost made Ye Chen's heart waver, fortunately Ye Chen managed to hold back his libido.

After 15 minutes of massage sessions Qing Cheng lay very exhausted, this is the first time Qing Cheng has felt very tired.

Qing Cheng's breath up and down, all parts of her body could not be moved, Ye Chen's massage technique was too extraordinary, it was like being in the sky that Qing Cheng had never felt in this life.

at this time Ye Che's bed had been soaked with liquid coming out from the bottom of Qing Cheng, this woman had come out dozens of times since Ye Chen had started a massage session.

#### **Chapter 194 - Peeping Woman Bathing In Lake**

Ye Chen himself got quite a lot of Yinqi from Qing Cheng.

Qing Cheng tried to rest, she still did not have the strength to leave this room.

seeing Qing Cheng unable to get up, Ye Chen decided to exit the room, let this woman rest in her room.

If Ye Chen continued to be here, maybe he would land his evil claws on Qing Cheng's seductive body.

Ye Chen returned to wearing a bamboo hat and robe, he flew towards the forest, the scenery around this place was still very natural, above the sky Ye Chen saw a rather large and beautiful lake.

With bright moonlight, the lake is like emitting light from the lake.

When Ye Chen approached, he saw something very interesting, in this lake there were 5 women who were bathing.

Which woman would take such baths in the cold lake water at night.

When Ye Chen looked sharper, he saw a familiar figure.

This is the Mu Lanyin fairy from the Frozen Ice Sect, Mu Lanyin is not completely naked, she still uses a plain white cloth to wrap her body, when this clothes is exposed to water, Mu Lanyin's snow white skin looks seductive.

Ye Chen descended in the tree, from a distance he saw 5 women bathing.

Today must be Ye Chen's lucky day, first he was seduced by Succubus Qing Cheng and now he looks at the extraordinary sight of 5 beautiful fairies bathing.

if Ye Chen was not mistaken the other 4 women should also be from the Frozen Ice Sect, while they were taking a bath they did not release the white veil that covered their faces.

This is very strange, why do all the people from the Frozen Ice Sect glorify the veil they wear, even when they are taking a bath they don't want to take it off.

Ye Chen still remembered how Mu Lanyin reacted when the veil she had worn was removed by Ye Chen.

Mu Lanyin was so angry that she immediately tried to kill Ye Chen.

From the perspective of the Ye Chen Frozen Ice Sect was a sect that gave priority to bodily purity, they would not let anyone stain their bodies even for an inch.

Ye Chen enjoyed this sight, the feeling of peeping at a beautiful woman bathing wasn't bad, it was only fitting that many men challenged the danger to peek at bathing women.

If Ye Chen was found to be peeping, the 5 beautiful fairies of the Frozen Ice Sect would definitely hunt down and kill Ye Chen.

"Crak. . ."There is a sound of broken branches.

" who is that ? "5 fairies from the Frozen Ice Sect who were enjoying the water, heard the sound of someone stepping on a twig.

The four beauties next to Mu Lanyin have the nickname Four Frozen Fairy.

Four Frozen Fairy, immediately went towards the origin of the voice, they had to make sure who it was, if it was a spy, they would definitely kill this pervert.

Ye Chen saw that it wasn't just him who was peeping at the fairies from the Frozen Ice Sect bathing, it turned out that far away on Ye Chen's left was a man who was hiding behind a bush.

"It's over, this guy definitely won't get a good ending." Ye Chen felt a little sorry for the man who had just been found by the Four Frozen Fairy.

, before being discovered by Four Frozen Fairy, this man tried to run as far away from the lake as possible, he tried to run away as fast as he could.

Too bad Four Frozen Fairy has locked the body of these obscene snoopers, the four fairies won't be able to let go of this person who dares to peek at them bathing.

Ye Chen saw the Four Frozen Fairy chasing peeping men away from this lake.

Now the only person in the lake is only Mu Lanyin, Mu Lanyin doesn't catch up, she currently has a lot of thoughts.

After her meeting with Ye Chen, Mu Lanyin felt that she could not be the same as before, every time she cultivated she always remembered Ye Chen who had embarrassed her.

This made her cultivation become a fountain, if it continued like this Mu Lanyin would not be able to break through to the tenth level of Sky Realm.

Mu Lanyin still remembered that when she looked very frightened in front of Ye Chen, Mu Lanyin never showed the weakness she had to outsiders let alone men.

As sect lady, Mu Lanyin must look strong in front of all the students and elders who are in the Frozen Ice Sect.

This was all the greetings of the man Chen Ye Chen was, if it hadn't been for Mu Lanyin meeting with that man, maybe she would not have been like this.

"Ye Chen will see, if I meet you again I will castrate you" Mu Lanyin said this in a voice that was quite loud.

Ye Chen who was still in the tree heard Mu Lanyin's words just now, in his heart Ye Chen was slightly angry.

Who are the men who are not angry after hearing these words, the root of men's lives is an important part, if it is cut off then they will not be a man anymore.

"Looks like this woman needs to be punished" in the past Ye Chen released Mu Lanyin who tried to kill her, this time Ye Chen would let Mu Lanyin know how great a man was.

Ye Chen threw away the cloak and bamboo hat he was wearing, he disappeared from the top of the tree.

"Mu Lanyin fairy are you talking about me" from behind Mu Lanyin heard a familiar man's voice, she immediately looked back.

"Ye Chen, why are you here? " Mu Lanyin was surprised to see Ye Chen here.

"Indeed I can't be here, hehehe" Ye Chen chuckled at Mu Lanyin.

"What a coincidence that you are here, this way I don't need to look for you anymore" Mu Lanyin took out the sword from the storage ring she had.

"Too slow" Ye Chen was behind Mu Lanyin and held the hand of Mu Lanyin who was carrying a sword.

"What happened just now?" Mu Lanyin did not see what had just happened, a few milliseconds ago Ye Chen was still flying in front of her, how could Ye Chen be behind her now, Mu Lanyin could not see the movements Ye Chen did just now .

Back to the room that Ye Chen rented.

This time Qing Cheng felt she had recovered a bit, she was very annoyed at Ye Chen who made herself like this.

After tasting Ye Chen's amazing massage skills, Qing Cheng was afraid he could not be satisfied with others anymore "Damn, that person's hand skills are great, I wonder how the ability he has on the bed, wouldn't that be greater than the massage just now" Qing Cheng began to imagine Ye Chen's skills in bed.

if the ability of his hand alone had made her reach the peak many times, what about the ability in bed, wouldn't she be killed immediately in bed by the ability Ye Chen had.

### **Chapter 195 - Punish Fairy Mu Lanyin**

Qing Cheng began to crawl out of bed, she had difficulty standing up, her legs still felt very soft.

with considerable effort, finally Qing Cheng was able to return to the room she had.

"Sister !! "Four women who were doing cultivation saw Qing Cheng's arrival, they were surprised to see Qing Cheng crawling into the window.

Without outsiders, the four women called Qing Cheng a sister.

These four women have beautiful facial features, they are all even more beautiful than the artists on television, if these four women register with the entertainment company they will surely be quickly accepted and have many sponsors.

The relationship between Qing Cheng and the four women was almost like a sister, the five of them had gone through a lot together.

four women immediately approached Qing Cheng and helped her up.

"Sister, what is happening to you, is there someone who attacked you?" One of the four people immediately asked Qing Cheng what really happened.

They all looked very worried about Qing Cheng's situation.

"I'm fine, let me go," Qing Cheng tried to break away from his 4 sisters, when touched by these four women, Qing Cheng's body returned to being excited again, it seemed like her body was still very sensitive because of the massage done by Ye Chen do it.

The four women did not dare to help Qing Cheng.

Qing Cheng started to sit and leaned her body on the wooden wall, she had no idea that teasing Ye Chen would be like this.

If she told the other sisters, Qing Cheng would definitely be a mockery.

"Sister. What exactly is happening?" "One of the four women asked Qing Cheng again.

"Nothing happened, I just feel tired because of the trip we took earlier" Qing Cheng tried to find an excuse to deceive these four women.

four women were not fools, when Qing Cheng came out earlier she was fine, after 30 minutes Qing Cheng returned with this condition, there must be something that was hidden by Qing Cheng.

Too bad these four women didn't dare to ask further, however Qing Cheng was the leader of the sect, they still had to give face to Qing Cheng.

Seeing that Qing Cheng's condition had improved, four beautiful women resumed their cultivation.

"I will try again to recruit Ye Chen to the sect, such talents would be very unfortunate if they did not join our sect" After seeing Ye Chen's technique, Qing Cheng was sure to recruit Ye Chen into the sect.

Qing Cheng took a medicine to restore her body's fatigue.

The five women cultivated in the room, the room returned to silence.

Inside the lake, Ye Chen currently held Mu Lanyin's cold and gentle body, perhaps because cultivating the Ice technique made Mu Lanyin's body feel very cold like Ice.

Mu Lanyin's sword had been thrown away by Ye Chen somewhere.

"pervert man, quickly let go of me" Mu Lanyin tried to rebel, her voice was so cold that it could stab into someone's bones.

"You keep calling me a pervert for no reason, therefore I will really be a pervert for you." Ye Chen held his hand to Mu Lanyin's big rabbit, Ye Chen began to feel the softness of Mu Lanyin's object.

Mu Lanyin's size might be an E Cup. This is not bad at all. What's more, it has a very perfect shape.

Mu Lanyin's body shivered, this was the first time she had been harassed by a man, she felt very humiliated by what Ye Chen was doing.

Mu Lanyin used the full power she had to break away from Ye Chen.

Mu Lanyin had released the full power she had, unfortunately she still could not escape the grasp of Ye Chen's evil ways.

"Do whatever you want, the results will remain the same" Ye Chen whispered in Mu Lanyin's ear, Ye Chen began to squeeze the two soft rabbits that belonged to Mu Lanyin.

"Emmm. . . . "Mu Lanyin tried to hold back Ye Chen's hand, she still tried to rebel in Ye Chen's arms.

Seeing Mu Lanyin being stubborn, Ye Chen used the king's heart technique on Mu Lanyin's body "ah. . . .  
. . . "Finally, Mu Lanyin's sassy moan came out.

Mu Lanyin felt something strange about her body, her body felt stung by the flow of electricity, the strength she had also became weak.

When Ye Chen started rubbing the two objects belonging to Mu Lanyin, Mu Lanyin felt her body itchy and uncomfortable.

Mu Lanyin no longer thought like that, now she was like a caterpillar wriggling in Ye Chen's arms.

"Ah. . . . ., ah. . . . ., ah. . . . ., don't squeeze it, you pervert, quickly let go of me ", Mu Lanyin felt that she had to get away from Ye Chen as soon as possible, the discomfort in her body began to turn into an obstacle that Mu Lanyin could not say.

Mu Lanyin, who has been a holy woman for 7 decades, first tasted pleasure between men and women.

Mu Lanyin's mind was still trying to fight Ye Chen, but his body betrayed Mu Lanyin's mind.

"Ah. . . . . ah. . . . ., ah. . . . . Under Ye Chen's hand skills, virgin Mu Lanyin continued to moan.

Mu Lanyin could not believe that she made such sassy voice, she sounded like a very passionate woman.

"Stop it. . . stop it. . . , "Mu Lanyin tried to tell Ye Chen to stop rubbing her body.

"Hehehe, what's up, didn't you just say you want to castrate my younger brother, now he's demanding revenge" Ye Chen's younger brother below was very hard, this was because of the stimulation Ye Chen received from Qing Cheng.

Ye Chen rubbed his younger brother on Mu Lanyin's hips, Mu Lanyin felt something very hard poking her hips, this was very hot and as hard as steel.

Without having to turn around Mu Lanyin of course knew what this thing was, her body shivered with fear "will I lose purity in a place like this" Mu Lanyin had no hope of fighting the evil hands of Ye Chen.

Seeing Mu Lanyin who had lost her fighting spirit, Ye Chen put one of his hands into Mu Lanyin's shirt, now Ye Chen could directly touch this soft object .

Ye Chen began rubbing, squeezing and pinching your Lanyin's cherry, one other hand of Ye Chen slapped Mu Lanyin's plump ass.

" Pah. . . . ., pah. . . . ., pah. . . . ., pah. . . . . " Ye Chen slapped Mu Lanyin's ass, the sound of a loud slap resounding around the lake.

"Ah. . . . . "Mu Lanyin can no longer endure harassment like this, she feels something will come out of her secret place.

"Ye Chen, please stop, something will come out from inside" for the first time Mu Lanyin the cold woman begged Ye Chen in a very soft voice.

Ye Chen paid no heed to Mu Lanyin's plea, he squeezed the two big rabbits and slapped Mu Lanyin's butt very roughly.

" Ah. . . . . "The virgin woman of Mu Lanyin for the first time felt klimax, in this Life Mu Lanyin finally had unparalleled pleasure.

Mu Lanyin had no strength, she was unconscious in Ye Chen's arms, "ehh!" Ye Chen didn't think that Mu Lanyin would faint.

even though Ye Chen only played a little with Mu Lanyin's body for a while.

seeing this woman faint, Ye Chen brought her to the edge of the lake, he laid Mu Lanyin's body on the ground.

## Chapter 196 - Break The Barrier

Ye Chen saw Mu Lanyin who was sleeping, he removed the veil that Mu Lanyin was wearing.

Mu Lanyin who was sleeping looked very beautiful, her face now looked very peaceful, this was better than Mu Lanyin's always cold face

When Ye Chen wanted to do something, he felt that the Four Frozen Fairies came back here.

Ye Chen put back the veil that was used by Mu Lanyin, "You're very lucky, next time if you still behave like this again, I might punish you more than this".

Ye Chen quite enjoyed punishing the cold Fairy Mu Lanyin, he went to a faraway place.

After Ye Chen left, a few minutes later the Four Frozen Fairy returned, when they returned they saw Mu Lanyin sleeping on the grass.

it was not usual for them to see sect leaders sleeping in a place like this.

Among the Four Frozen Fairy Mu Zhue and Feng Xi were the closest to Mu Lanyin, both of them often called Mu Lanyin as a sister if there were no other people around them.

the two approached Mu Lanyin and tried to wake Mu Lanyin "Sect Leader" Mu Zhue tried to wake Mu Lanyin.

When her body was shaken by Mu Zhue, Mu Lanyin opened her eyelids slightly.

"Where am I?" With her head still a little dizzy, Mu Lanyin asked Mu Zhue and Feng Xi.

"Sect leader, we are currently at the edge of the lake, actually what just happened when we left" Feng Xi asked what had just happened to Mu Lanyin

Mu Lanyin herself felt like she had dreamed something very strange, in that dream she was being harassed by Ye Chen, even the man dared to touch her private parts.

Mu Lanyin began to be confused about whether it was just a dream or reality, certainly the back of Mu Lanyin was still a bit sick because of the slap done by Ye Chen.

"I do not remember, let's go back" Mu Lanyin no longer wanted to discuss such a shameful thing as before, she now only wanted to try to calm her mind which was very chaotic.

Mu Lanyin's mind was very chaotic, if it hadn't been a dream how that person was in this lake, it was impossible that Ye Chen in the city would go to a small place like this.

Mu Lanyin found it difficult to distinguish whether it was reality or a dream.

Mu Lanyin and Four Frozen Fairy flew to the inn where they lived

From a distance, Ye Chen saw the departure of the Frozen Ice Sect, after the Frozen Ice Sect left Ye Chen out of hiding.

Tonight Ye Chen felt very happy because he could enjoy the two beauties from the Frozen Ice Sect u0026 Cherry Blossom Sect, moreover these two women were sect leaders who were role models of everyone in the sect.

staying in this place is very boring, it's better that Ye Chen cultivate inside the fairy gate while waiting for tomorrow to come.

When the sunlight had just appeared, everyone immediately left the inn, they all went towards the mountain which was about 15 Km from the village.

Cultivators in the Sky Realm realm very quickly headed to the ancient heritage site, followed by cultivators in the Earth Realm realm who were still unable to fly, they had to jump from the tree to reach the mountain.

Ye Chen joined the cave, he had to go deeper to go to the place where the seal was.

there are already more than 50 cultivators here, some of these newcomers who have just joined the crowd.

The Seventh Sword Sect group, Cherry Blossom Sect, Fire Valley Sect, Frozen Ice Sect are at the forefront, they have all made formations to destroy this barrier.

"Let us unite our strength to break this barrier" Jian Yan commanded everyone to unite their strengths.

The Seventh Sword Sect group, the Cherry Blossom Sect, the Fire Valley Sect, the Frozen Ice Sect and some of the cultivators who were at the peak stage of the Sky Realm united their strength to destroy this barrier.

"Bamm. . . . ., bamm. . . . ., bamm. . . . ., bamm. . . . ., bamm. . . . ., "The collision effect between the combined attacks of dozens of cultivators on the Sky Realm stage and the barrier sounded very loud.

With this many cultivator's combined attacks the barrier didn't budge in the slightest.

This barrier is still very sturdy standing in front of everyone.

"It's impossible how the barrier can be this strong" Some people including the four large sects did not believe that the combined attack they had just launched could not destroy this barrier.

"Why do you all conserve your strength, use the full power you have to destroy this barrier" Feng Tu who is the leader of the Fire Valley Sect told everyone to use their full power to destroy this barrier.

Feng Tu saw that all the cultivators who were here were holding back the power they had.

All of these people intentionally withstand the strength to be used to explore ancient heritage.

"Feng Tu, do you not see that we have used our strength, isn't the sect too weak so you don't know we are serious" Jian Jin denounced the weak Fire Valley Sect.

"What are you saying, aren't you the Seventh Sword Sect who have the strongest power, but what I see you are releasing the lowest power, are you guys doing that in order to monopolize the treasure in there?" Feng Tu began to blame the Seventh Sword Sect. which is too holding back strength.

with the current Seventh Sword Sect's power, they should have unleashed the most incredible power.

But after seeing the attack earlier, it can be chosen that everything in the Seventh Sword Sect is holding back the power they have.

Ye Chen who was in the crowd chuckled, the people of the four big sects instead blamed each other, they should have put out all the power they had to break this barrier.

Actually Ye Chen could have broken this barrier with one finger, but he wanted to let the four big sects do this for him.

"I think what the Feng master's sect is saying is true, you all clearly have the tenth level of the Sky Realm but the attack you produced just now is the weakest among the four sects." Qing Cheng defended Feng Tu, Qing Cheng felt the Seventh Sword Sect want to do something cheating, even the attacks previously launched by the Seventh Sword Sect group are weaker than the Fire Valley Sect u0026amp; Frozen Ice Sect.

The Seventh Sword Sect had members that possessed far greater strength than the other 3 big sects.

"If you guys from the Seventh Sword Sect don't want to seriously we just cancel this cooperation" Mu Lanyin also denounced the Seventh Sword Sect, he felt that the Seventh Sword Sect was not sincere in this collaboration.

"All of you" in front of the insistence of the three big sect leaders, Jian Jin couldn't say anything more.

"Alright, let's try one more time, this time we won't hold back strength" because urged by the three great sect leaders, Jian Yan must be serious.

This time everyone once again joined forces to break down this barrier.

"Bamm. . . . . , Bamm. . . . . , Bamm. . . . . , Bamm. . . . . , Bamm. . . . . " a combined attack with full force makes the barrier crack.

Little by little the barrier starts to crack, "cracked. . . . ."The barrier was finally broken.

## **Chapter 197 - Giant Golem**

"Succeeded" after the barrier was destroyed, everyone cheered happily.

The four big sects immediately took recovery pills, they all took recovery pills very quickly.

"Let's go in" Jian Yan invited all the elders of the sect to enter.

The Seventh Sword Sect was the first sect to enter into ancient heritage.

"Let's also go in." Then behind, followed by Cherry Blossom u0026amp; Fire Valley Sect u0026amp; Frozen Ice Sect.

Cultivators in the intermediate stage and the Peak of the Sky Realm entered inside.

Whereas cultivators who were in the early stages of Sky Realm and below were waiting for the situation inside to become safe.

Ye Chen also went inside, who also wanted to give up the treasures inside to the people from the four big sects.

because here the road branched out, all the sects scattered to find their own way.

With a very fast speed, Ye Chen easily passed the group of the Four Great Sects.

inside here there are a lot of traps that have been very well hidden, all of these traps are enough to threaten the cultivators at the peak stage of the Sky Realm.

Cultivators from the four large sects must be very careful not to get hit by this deadly trap.

Ye Chen didn't care too much about this trap, he kept advancing through the trap in front of him.

Ye Chen wandered around this place looking for valuable objects or treasures.

After circling for a few minutes, Ye Chen could not find any valuable objects or treasures.

"What is this, why are all the contents in the room empty, there is nothing inside" Ye Chen had already checked dozens of rooms in this place, all the rooms he had checked were empty, in the room there was only dust and rubbish.

Ye Chen decided to move forward, whatever happened he had to get something valuable, after a journey so far he would not have returned empty-handed.

Ye Chen suddenly stopped, in front of him something started to come out from the stone floor, these rocks began to rise to the surface and formed a large monster.

This is a golem's magical beast, the height and width of this monster is about 3 x 1.5 meters, the golem has a strong defense and a rather strong attack, their weakness is very slow movements.

There were more than twenty golem magical beasts, which blocked Ye Chen's path

The hordes of golem magical beasts are in the seventh stage of the Sky Realm.

The hordes of golems started advancing towards Ye Chen, as they ran the ground around Ye Chen trembled because the weight of these golem monsters was very heavy.

The golem monster headed towards Ye Chen in a fairly slow motion.

"Get out of my sight" Ye Chen's heart situation is now not good, Ye Chen had not yet found an object or valuable treasure.

And now this ugly monster dares to get in his way.

"Bamm. . . . , bamm. . . . , bamm. . . . , bamm. . . . , bamm. . . . "Ye Chen hit this pack of golems to pieces.

The fifteen golems that had not been destroyed retreated back, they knew that Ye Chen was far stronger than themselves, the fifteen golems began to unite into a golem that was far bigger than before.

Now that this golem had a height of about twenty meters and a width of ten meters, after joining the power of the golem it rose very rapidly, now the golem magic Monster was at the tenth level of Earth Realm.

The golem's breath came out like someone who was smoking, the golem's eyes were red like blood, now the giant golem looks very scary.

"So you unite the strength that you have, all right, no matter how great you guys are, I will crush you to pieces" Ye Chen punched his hand.

"Roar. . . . . ! "Golem monsters roar, it seems like the golems know the human language that Ye Chen just said.

Golem raises one hand, this golem intends to hit Ye Chen who is below.

"Bomm", the Golem struck Ye Chen very strongly, the stone floor that was around Ye Chen was hit with very strong strength, strangely the stone floor was not damaged at all because of the attacks of the giant golem monsters.

with the power of this fault, the floor under Ye Chen should have been destroyed and scattered everywhere.

The golem monster tried to pull his hand back, when he did this his hand seemed to be held up by something.

Under the hand of the giant golem, Ye Chen was currently gripping this stone hand very strongly.

"Hehehe, prepare yourself" Ye Chen pulled the monster golem's hand then slammed it on the floor.

This is a very rare sight, a small human can slam a giant monster measuring 20 meters.

"Boom. . . ." Giant Golem monsters were slammed by Ye Chen very hard.

Because the body was too big, the giant golem monster had difficulty getting back up.

Ye Chen rose above the head of a giant golem monster "Big monster seems like you are looking for an opponent" Ye Chen tapped the head of a large golem monster several times.

The big golem monster was furious, his body began to change into a soft-looking stone. This assistance envelops Ye Chen's body, Ye Chen is currently inside the body of a giant golem, the body of a giant golem now looks like a round marble.

Little by little the giant golem's body which was currently in the shape of a marble began to shrink to small.

It seemed like the golem wanted to crush Ye Chen's body to pieces.

"Breaking the meteor blow, Boom. . . . . ", Ye Chen destroyed the giant Golem's body from the inside.

The giant Golem's body was crushed into hundreds of pieces and scattered everywhere.

"Bang. . . . , bang. . . . , bang. . . . , bang. . . . , bang. . . ." Golem body parts sound like a cave that is about to collapse.

Ye Chen stood in the middle of the rubble of the remains of the giant Golem's body.

Ye Chen looked around, he was looking for something in the pile of rubble, this golem should have a core, Ye Chen was looking for the existence of this core.

Nt writer = Core is the core of magical beasts, cores have many functions such as making magic artifacts or medicine pills, in the world of cultivator cores can be sold at a fairly high price, the higher the level of the core, the price will be more expensive.

Ye Chen tore apart the stone ruins, after searching for a while later Ye Chen found the cores belonging to the giant golem earlier.

There was only one core that Ye Chen could find, it seemed that from the beginning the 20 golems were a single unit, the golem had split into many to be able to fight in large numbers.

Ye Chen took this core and put it in the fairy gate storage room "not bad, at least I got something" this is better than not getting anything.

Ye Chen continued his journey, he wanted to find out what was ahead there.

He walked for a very long time, the ancient heritage site was truly like a maze that was misleading, Ye Chen had even been made to spin several times.

## **Chapter 198 - Maze**

"Wait, didn't I already pass this place twice?" Ye Chen felt that he had passed this place twice, clearly the path Ye Chen had taken was different, but why did he return to this place continuously.

"Don't say that the walls in this place can move" Ye Chen began to suspect that the walls in this place could move, if it really could move then Ye Chen had only been manipulated by this place.

to try it out Ye Chen stepped forward, he began to remember the structure of the road he was on.

After walking a few hundred meters, Ye Chen turned and returned to the road he had just passed.

When Ye Chen walked back to the previous place, Ye Chen saw that the structure of the wall had changed, the road Ye Chen had taken before was now covered by a wall.

"Damn so all this time I was really played with in this maze" Ye Chen didn't expect that he had been played by this place.

"Alright, I'll destroy this wall." If this is the case, Ye Chen just needs to smash all the walls in front of him, so he can easily find a way out.

"Breaking meteor blow" Ye Chen used the breaking meteor blow technique to destroy this wall.

"Bammmm" a very loud boom occurred.

Strangely with the thunderous attack earlier the wall in front of Ye Chen was not scratched.

"What !!!" Ye Chen was quite surprised to see that the wall he had just hit was not scratched in the slightest, this was very strange.

"I'll try one more time" Ye Chen wanted to try one more time, this time Ye Chen would not hold back the strength he had.

"Breaking Meteor Blow, Bammmmm. . . ." This time the boom was much harder than the previous one.

With the full power that Ye Chen had just launched, this wall was still broken without a scratch.

"Damn, what kind of wall is this" the wall in this place is very strange, it's even harder than all the rocks on earth.

Ye Chen intended to try it one more time, this time Ye Chen intended to use another technique and open his flame vein.

"Master, what you do will be in vain" Chu Yuechan spoke into Ye Chen's mind.

"Yuechan, what do you mean?" Ye Chen wants to know what Chu Yuechan's intentions are about just now.

"You know, the stones used to make this place come from the God Realm, though not a rock that can be said to be good, it is still strong enough to withstand cultivators' attacks in the Divine Realm's Lower Stage." Chu Yuechan explained in detail about the stone used to make this wall.

"You mean the person who made this place came from the God Realm" After hearing this answer, Ye Chen began to speculate that the person who left this legacy was from the God Realm.

"It's possible, judging from the formation of this place, it must have been formed by a creature from God Realm that was quite strong." Chu Yuechan had been watching this place for a long time, he began to guess who had made this maze.

"That's great news" Ye Chen looked quite happy, if it was true that this place was left by someone who came from the God Realm, surely this place had a lot of treasure items stored here.

This made Ye Chen very eager to conquer this labyrinth.

"Then do you know where the exit from this labyrinth is?" Ye Chen asked Chu Yuechan where the exit from this labyrinth was, because Chu Yuechan's knowledge was broader than hers, Chu Yuechan should have had a way to get out of this labyrinth.

"Master, this is a little difficult, I can't find the core array that controls this place, you have to find it yourself" Chu Yuechan had difficulty finding the core array that controlled this place, it seems like there is something power that has hidden the location of this array.

"Well, never mind, I'll look for it myself" Because Chu Yuechan didn't know, Ye Chen decided to find a way out on his own.

Ye Chen wanted to try a way, he flew at a very high speed, Ye Chen's idea was very simple, if he could be faster than the movement of the wall then he might be able to get out of place.

Ye Chen felt that this method was worth trying.

Elsewhere the Cherry Blossom Sect Group didn't look too good, they all looked pretty badly injured, they were all injured by the attack of a magical beast named Blood Tiger.

This magical beast has a special characteristic with the color of red fur with black pattern. This magical beast is very fast and also very ferocious in attacking its prey.

With the power of the Cherry Blossom Sect at this time they still suffered a fatal loss, if only one of them might be able to handle it, but the one they had just met was 15, the Blood Tiger mob very easily suppressed Qing Cheng and the 5 settings of the Cherry Blossom Sect.

Unable to fight, the six of them were forced to flee from the pack of Blood Tiger.

Unfortunately the wound they got was instead used by Blood Tiger to trace back the existence of the Cherry Blossom Sect Group.

Blood Tiger is a magical Beast that is very sensitive to blood, they can smell someone's blood hundreds of miles away.

"All of you go find a way out, I will distract the mob of this magical Beast" Qing Cheng told the five elders to leave this place immediately.

If they remained here, they would likely die of being eaten by the Blood Tiger Squad who were currently heading towards them.

"Sister, but how about you?" Four women are worried about Qing Cheng's situation, if they leave what will happen to Qing Cheng.

"There is no other way, this is better than we all die, hurry up and get out of here" Qing Cheng told the five sect elders to leave this place immediately.

"But. . ." One of the four women tried to refute Qing Cheng's orders.

"Nothing but, quickly leave here, this is a direct order from your sect leader." Qing Cheng used the position he had to give orders to the five elders to immediately leave this place.

"Let's go" the only male elder invites the four women to leave here immediately, if they continue to argue then they will all die here.

When the four women left they all looked back, they were sad to find Qing Cheng sacrificing themselves for their safety.

After seeing the departure of five elders, Qing Cheng also went to the opposite side, she ushered the Blood Tiger mob towards her.

Qing Cheng did not think that this place would be very dangerous, if she knew this beforehand she would not want to come to a place like this.

Regret always comes late, everything has happened, what she can do now is go away from the pack of Blood Tigers behind her.

Qing Cheng used all the power she had to get away from the Blood Tiger mob, even though Qing Cheng could buy time, it would not last long, with the remaining profound Energy she possessed, surely she would not last much longer.

### **Chapter 199 - Save Qing Cheng**

Qing Cheng could only hope that she would meet with the other three big sects to ask for help.

Too bad the front was a dead end, Qing Cheng immediately stopped, she tried to return to the crossing he had previously crossed.

when Qing Chen was about to turn around the Blood Tiger was already right behind her.

"Roar. . . ! "Fifteen Blood Tigers roared towards Qing Cheng.

Qing Cheng tried to retreat back, behind was a wall she would not be able to run again.

"Will I die in this place?" Qing Cheng had no hope anymore, she had no way to run, all her escape routes had been blocked by Blood Tiger.

Qing Cheng closed her eyes ready to accept a sad death

"Oh no, the dead end again" From the back of Blood Tiger came the voice of someone who was complaining.

The person who complained of course was Ye Chen, Ye Chen was getting frustrated because he had been constantly circling inside this annoying Maze.

Hearing someone's voice Qing Cheng opened her eyes, she wanted to see who the person who had just come.

Qing Cheng saw that this person turned out to be Ye Chen, even though Ye Chen was wearing a bamboo hat to hide his appearance, Qing Cheng could still slightly recognize that this was Ye Chen.

Qing Cheng began to remember what had happened last night, for Qing Cheng last night was a night she could not forget in this life.

Even though it was just a massage, the taste of Ye Chen's technique was the greatest in the world.

"Ye Chen, hurry and get out of here" Qing Cheng told Ye Chen to leave this place immediately.

Qing Cheng knew that Ye Chen hid his true strength by using an artifact, but in front of 15 Blood Tigers Ye Chen would definitely end tragically.

Hearing this voice Ye Chen looked forward, apparently in the midst of the hordes of Magic Beasts there was a beautiful woman Qing Cheng who looked very helpless.

The clothes that Qing Cheng was wearing right now had been covered in a lot of blood, his appearance was also a bit disheveled.

Seeing Qing Cheng who looked so pathetic made Ye Chen pity "do you need my help? "Ye Chen offered help to Qing Cheng.

"What are you saying, hurry up and get out of here, they are no match for you" Qing Cheng told Ye Chen to leave this place immediately.

This is a pretty monster, at least the power of Blood is equal to that of a cultivator in the 8 ~ 9 Sky Sky.

even if the cultivators who were in the tenth stage of Sky Realm would be very difficult if they had to fight this much Blood Tiger group.

Seeing that there was new excitement, half the Blood Tiger mob turned around and headed towards Ye Chen, they all looked very hungry.

Blood Tiger had already locked up Ye Chen, it seemed like the two of them would end up being eaten by Blood Tiger.

For Qing Cheng Blood Tiger is a monster that is very dangerous and can be life threatening.

As for Ye Chen Blood Tiger to look like a treasure, 15 Tiger Blood's cores would definitely be very useful to Ye Chen.

This could be used by Ye Chen to practice his forging and alchemical skills.

Ye Chen advanced and prepared to kill the Blood Tiger mob.

"Watch out" seeing what Ye Chen will do, Qing Cheng tries to stop him.

Ye Chen advanced and attacked the Blood Tiger mob

Qing Cheng felt that what Ye Chen did was in vain, the result was that Ye Chen would definitely lose to Blood Tiger.

Qing Cheng closed her eyes, she did not dare to see what would happen next.

"Bamm. . . . , Bamm. . . . , Bamm. . . . , Bamm. . . . , Bamm. . . . , Bamm. . . ."The sound of battle began to echo, the battle was very short, it only happened a few seconds before the atmosphere returned to silence.

Qing Cheng certainly heard the sound of the battle being over, she wanted to peek a little and see what was happening.

When Qing Cheng opened her eyes, she quietly saw something she had never imagined.

Right now the pile of 15 Blood Tiger corpses was in front of Ye Chen, they all no longer breathed, it seemed they were dead.

Seeing this Qing Cheng's eyeballs widened slightly, she tried to rub her eyelids to make sure this was not a dream.

"This is not a dream, then how can this person defeat 15 Blood Tigers?" Because she had not seen the battle before, Qing Cheng was very curious about how Ye Chen defeated all Blood Tigers.

Ye Chen picked up a dagger and began to dig into the Cores that were inside the Blood Tiger's body.

Qing Cheng immediately rushed to Ye Chen's side "Ye Chen, how do you defeat this Blood Tiger?" Qing Cheng immediately asked the way Ye Chen defeated Blood Tiger.

"I only hit them" Ye Chen answered Qing Cheng's question.

Ye Chen had indeed only hit Blood Tiger to death, despite his deadly speed and attack, Blood Tiger was a Magic Beast that had a far weaker defense than the Giant Golem that Ye Chen had fought earlier.

"What !!!" Hearing Ye Chen's answer which was very relaxing at night made Qing Cheng even more surprised.

"Actually, what level is this person, why is he so strong?" Qing Cheng said in her heart.

One by one the Core was removed from the Blood Tiger's body, after everything was removed Ye Chen disposed of the corpse of Blood Tiger.

"Why did you throw it away, it still has a bit of value" Qing Cheng told Ye Chen that the Blood Tiger's body still had other benefits that could be used.

"I don't need it, if you want you can take it" Ye Chen didn't need the body of a Blood Tiger, even though it still had benefits that were far lower than the Core Ye Chen had dug up.

"If you don't need it let me keep it" because Ye Chen said he didn't need it, Qing Cheng put 15 corpses of Blood Tiger into the storage ring he had.

"Ye Chen, what is your current level?" Due to the enormous curiosity Qing Cheng asked Ye Chen.

"It's a secret" Ye Chen smiled at Qing Cheng, he didn't want to tell his level to Qing Cheng.

"Cheapskate" heard the answer from Ye Chen, Qing Cheng puffed her cheek dissatisfied.

Ye Chen ignored Qing Cheng's dissatisfaction "You should treat the wound and change the clothes you are wearing right now" Ye Chen told Qing Cheng to treat the wound and change clothes to a better one.

Ye Chen took a ointment from the fairy gate storage room "use this, with this your wound will quickly recover and not leave a mark." Ye Chen handed this ointment to Qing Cheng to treat the wound.

Qing Cheng accepted the ointment given by Ye Chen "thank you" she thanked Ye Chen.

Qing Cheng began to turn around and take off the clothes she had, she began to put ointment on the scars she had suffered.

This ointment feels very comfortable at all, this salve smeared wound becomes cool and comfortable.

## **Chapter 200 - Hidden Plan Of Seventh Sword Sect**

When Qing Cheng tried to apply this ointment to her back, she felt difficult because she could not reach the wound with her hands.

"Ye Chen can you help me?" Qing Cheng asked Ye Chen for help applying this ointment to the wound on her back.

Ye Chen took the ointment from Qing Cheng's hand, he began to apply it on Qing Cheng's back which was very white and very smooth.

This time Qing Cheng didn't tease Ye Chen, she asked Ye Chen very sincerely.

Maybe because just facing a life and death situation made Qing Cheng unable to tempt Ye Chen as usual.

When touched with Ye Chen's fingers, Qing Cheng's body shivered slightly, Qing Cheng shivered not because of the pain, she felt Ye Chen's hand had magical power that could make a woman excited just from a touch.

Perhaps this was because Qing Cheng cultivated the female heart sutra technique, when meeting with Ye Chen's heart technique, the two seemed to have a separate connection.

"Alright, everything's over." Ye Chen had applied this ointment to Qing Cheng's wound.

In just a few moments all the wounds suffered by Qing Cheng healed and disappeared without leaving a trace, the medicine from Ye Chen was very effective.

"What medicine is this, the effect is extraordinary" Qing Cheng had to praise the ointment of this ointment, she had never seen an ointment that could heal wounds as fast as Ye Chen had.

"Of course ointment to treat external wounds" Ye Chen answered Qing Cheng's question, actually this product was not made by Ye Chen himself, this was something that Gu Xuan gave Ye Chen to heal wounds during heavy training.

This ointment was very effective, the wounds Ye Chen had suffered while doing exercises could all be healed very easily by this ointment.

"Turn around I want to change clothes" Qing Cheng told Ye Chen to turn around, she wanted to change this dirty clothes.

Ye Chen helplessly turned his back to Qing Cheng, behind Ye Chen heard the chirping sound of the clothes being removed.

Seeing that Ye Chen had already turned around, Qing Cheng took a plain white ancient female outfit, she immediately put on this outfit on her body.

"It's over, you may turn around" Qing Cheng let Ye Chen turn around

Ye Chen turned and looked at Qing Cheng's current appearance.

Ye Chen saw that Qing Cheng was currently wearing a plain white dress, she was in after the white shirt looked like a graceful innocent fairy.

Qing Cheng came forward and stood in front of Ye Chen "thank you for helping me earlier" Qing Cheng thanked Ye Chen for helping her from the brink of death.

"You're welcome" Ye Chen nodded, he was slightly fascinated by the beauty possessed by Qing Cheng.

It turns out that when not wearing flashy clothes Qing Cheng looks more beautiful.

Seeing Ye Chen fascinated with herself, Qing Cheng was very happy, she now knew what kind of taste Ye Chen had, it seemed like Ye Chen's taste was a woman who looked innocent.

"If there isn't anything else then I'll leave" Ye Chen prepared to find a way out of this place.

"Wait a minute" Qing Cheng stopped Ye Chen from leaving.

"What else?" Ye Chen asked Qing Cheng.

"Are you going to leave a weak woman like me in this very dangerous place?" Qing Cheng wanted to go with Ye Chen, she felt safe feeling with Ye Chen.

"Then what should I do with you," Ye Chen asked.

"Of course take me with you" Of course Qing Cheng intends to come with Ye Chen.

"Alright, but don't stop me" Ye Chen didn't mind finding a way out together with Qing Cheng, at least he wouldn't be bored when accompanied by a beauty like Qing Cheng.

"Thank you very much" again Qing Cheng thanked Ye Chen.

"Let's go find a way out" Ye Chen invited Qing Cheng to find a way out together.

Ye Chen and Qing Cheng ran together to find a way out.

"Have you found a treasure in this place?" Ye Chen asked whether Qing Cheng and her group had found a treasure in this place.

"Not yet, from the very beginning we did not find any objects or valuable possessions, all the rooms we checked were empty," Qing Cheng told Ye Chen the findings.

Qing Cheng and her group had opened up a lot of rooms, what they got was not a treasure, but a disaster.

The last room they opened contained fifteen Blood Tigers, they were very unlucky because they had opened a room whose contents were filled with Blood Tigers who were sleeping.

Qing Cheng began to wonder where these magical beasts came from, how they could live in a place like this.

This was a riddle that Qing Cheng could not answer.

Apparently it wasn't only Ye Chen who didn't get anything, the Cherry Blossom Sect Group also had the same fate as Ye Chen.

Looks like Ye Chen's guess was right, this was not an ancient inheritance chamber, it seemed like this was a maze designed to kill all those who tried to break into the deepest parts of the ancient heritage site.

Ye Chen began to think there must be a way for them to get out of this deadly Maze.

"Let's get out of this place immediately" Ye Chen slightly accelerated his footsteps.

Qing Cheng followed behind Ye Chen, both of them down this very confusing hallway.

Far ahead Ye Chen heard the sound of battle, this seemed to be friction between iron against iron.

"Distinguish your aura, let's see what is happening in front." Ye Chen told Qing Cheng to hide the aura she had.

Ye Chen felt that the battle ahead was carried out by the cultivator against the cultivator.

The problem is which cultivator is fighting ahead.

there is clearly no treasure what these people are fighting over.

As Ye Chen and Qing Cheng approached they saw four elders of the Seventh Sword Sect fighting against two elders from the Fire Valley Sect.

The battle between these people happened quite fiercely, two elders from the Fire Valley Sect had died, the sisan was currently fighting furiously against four people from the Seventh Sword Sect.

"You elders from the Fire Valley Sect get ready to catch up with your two friends, hahahaha" the person who was speaking was Jian Jin.

The group of four Seventh Sword Sect was currently led by Jian Jin.

"Jian Jin, are you not afraid that our sect leader knows, if this is known by our sect leader, then it can be ascertained that there will be a battle between our Fire Valley Sect u0026 your Seventh Sword Sect" the two elders of the Seventh Sword Sect warned Jian Jin to apologize immediately and compensate for the killing of their two elders.

These four people had dared to kill 2 elders from their sect, this was a huge loss for the Fire Valley Sect.

"Hahaha, why should we be afraid, from the start we did intend to get rid of all of you in this place, that way we will become the most powerful sect in the whole land." Jian Jin burst out laughing.

Seventh Sword Sect's initial intention was to get rid of the higher-ups in the 3 large sects.
