

A True God 201

## **Chapter 201 - Unload Real Face Of The Seventh Sword Sect**

This was a very rare opportunity when all the higher-ups of the large sects came out together.

Especially in this place the group which originated from three large sects could not be together, this was the very moment of the place to kill and loot the items that were possessed by the sect leaders of the Cherry Blossom Sect, Fire Valley Sect Frozen Ice Sect.

"You guys from the Seventh Sword Sect are indeed very despicable people" the two elders from the Fire Valley Sect made a sneer out of Jian Jin.

These people are truly shameless, how they use opportunities in the misfortune of others.

"For what we care about the words of people who will die, anyway if you die surely those who find you think you die at the hands of a magical Beast in this place" Seventh Sword Sect is not afraid of this finding by others.

With the help of this very dangerous place, they need not fear being suspected by three other large sects.

in the distance Ye Chen and Qing Cheng heard the direction of the conversation between the Seventh Sword Sect and Fire Valley Sect.

It turned out that the people of the Seventh Sword Sect intended to kill all the higher-ups who came from the Cherry Blossom Sect, Fire Valley Sect Frozen Ice Sect.

Their plans have been very well prepared, they have estimated that in this place is a dangerous place and full of traps.

The Seventh Sword Sect did not warn the other large sects for this reason.

If the other three big sects knew this they would all be angry with the Seventh Sword Sect.

"The people of the Seventh Sword Sect are indeed very despicable, in a situation like this they want to get rid of all of the higher-ups in the sect." Qing Cheng who heard this was also quite angry.

Qing Cheng was worried about the situation of the 5 elders from her sect, she hoped they were fine and did not meet with the Seventh Sword Sect Group.

If up to the five highest-ranking elders die, it will be a disaster for the Cherry Blossom Sect, the strength of the Cherry Blossom Sect will definitely be greatly decreased due to the loss of the 5 pillars which are the pillars of life within the sect.

"Ye Chen, what should we do, will we help them or just watch them die?" Qing Cheng asked Ye Chen, Qing Cheng herself did not dare to deal with the four elders of the Seventh Sword Sect.

In terms of strength Qing Cheng herself was by no means a match for these four people.

"Let's go there," Ye Chen actually did not have much interest in this matter.

But because it involved the Seventh Sword Sect that had previously been touched on, Ye Chen had no objection to getting rid of these people.

No wonder Jin Wu and Xiao Kim act like that, it turns out their teacher is a bad and cunning person.

Ye Chen and Qing Cheng appeared in front of the people from the Seventh Sword Sect and Fire Valley Sect.

When Ye Chen and Qing Cheng appeared, Jian Jin and the three elders of the Seventh Sword Sect were immediately alert.

"What are you all doing here, how come there are victims here" Qing Cheng immediately asked what was happening here, she acted like she didn't know anything.

"The leader of the Qing sect, actually we from the Seventh Sword Sect are on their way to find a way to go deeper into, when we were halfway in our journey, confronted by four elders from the Fire Valley Sect, they suddenly attacked us, so we retaliated their attack and finally there was an unwanted death toll. "Jian Jin was very clever he turned the facts around.

"Jian Jin, you despicable human being, how can you distort the facts, aren't you the one who ambushed us and launched a murderous attack?" The two elders from the Fire Valley Sect did not accept the lies made by Jian Jin.

"Elder Qing, don't listen to that old man's bullshit, don't our sect and your sect have a very good relationship, will you believe the elders of the Fire Valley Sect who always ask for a big reward when asked to make a pill?" Jian Jin said can make anyone believe it.

If Qing Cheng had not heard the conversation between the two parties before, maybe now she would really trust the words of Jian Jin.

Ye Chen slightly smiled when he heard Jian Jin's words, this person was very dangerous, he behaved well in front of everyone, while behind him he hid his very bad and despicable identity.

People like Jian Jin are very dangerous enemies, this is more dangerous than strong enemies visible to the eye, enemies like this can stab you at any time from behind.

Qing Cheng nodded at Jian Jin.

Seeing Qing Cheng trust him Jian Jin dared to head towards Qing Cheng.

Behind his back he hid a weapon ready to stab Qing Cheng.

"Die! ! ! "When it was a few steps from Qing Chen, Jian Jin immediately used his weapon to pierce Qing Cheng's heart.

Qing Cheng had prepared herself, she had guessed that Jian Jin would launch a surprise attack at her, Qing Cheng used her scarf to ward off the attack from Jian Jin.

"Bang. . . " the collision between Qing Cheng's shawl and Jian Jin's Sword occurred.

As long as the scarf that Qing Cheng was wearing was her weapon, Ye Chen saw that it was a weapon artifact in tier two.

Not just attacking Jian Jin, Qing Cheng also landed one blow on Jian Jin's chest.

after being hit by a Qing Cheng shawl, Jian Jin retreated several tens of meters.

"You bitch, why don't you accept my sword and die" Jian Jin cursed Qing Cheng for attacking him.

"So all this time you have only been kind in front of all of us, behind us you want to destroy our sect" Qing Cheng said to everyone from the Seventh Sword Sect.

Jian Jin rose from the stone floor "heheh that's right, our Seventh Sword Sect wants to be the strongest sect, to do that we have to get rid of the other big sects, if we can do this, we will be the supreme ruler of all sects, we can even charge tribute to all the sects below us. "Jian Jin chuckled, he explained the plan that had been prepared by the Seventh Sword Sect to become the strongest sect there was.

"What nonsense are you saying, aren't you already the most powerful sect now, why are you still not satisfied with this?" Qing Cheng argued with Jian Jin.

It was clear that the Seventh Sword Sect sect was the first ranked sect which had the greatest power among the four major sects, with this kind of position whether they were not satisfied at all.

"We have indeed become the most powerful sect now, but at this time we are still sharing the forest with your sect, there is an old saying that two tigers cannot live on the same mountain, moreover we are talking about there are currently four, therefore we want to get rid of these three tigers so we can memono poly as all available sources, hahaha "Jian Jin actually lectured to Qing Cheng.

## **Chapter 202 - Fight With The Seventh Sword Sect**

"Second Elder, why did you bother talking with this woman, let's just kill and solve this problem so we can get back together with the others" One of the three elders who had been silent finally spoke up.

"You're right there is no point in talking to people who are about to die" Jian Jin and three elders pulled their swords, all swords on their backs began to float above these four people, more than 20 swords currently hovering over these four people.

"Get ready to die" These four people hurried towards Qing Cheng.

At this time on Qing Cheng's side there were only two elders from the Fire Valley Sect who were in the eighth stage of the Sky Realm.

Whereas on Jian Jun's side there were 2 experts who were Level nine Sky Realm and 2 more experts at level eight Sky Realm.

In terms of combat strength clearly Qing Cheng's group lost far, moreover the two elders from the Fire Valley Sect had been very seriously injured.

The people of the Seventh Sword Sect ignored the existence of Ye Chen who was next to Qing Cheng, people like this did not deserve their attention.

What they thought was not worthy of attention, was the biggest threat to the Seventh Sword Sect.

"Clank. . . ., clank. . . . about. . . . about. . . ." Qing Cheng used his shawl to fend off any sword attacks or flying swords launched by Jian Jin and the four elders of the Seventh Sword Sect.

on the other hand Ye Chen only saw how Qing Cheng was fighting.

Qing Cheng was indeed worthy of being a sect leader, the fighting ability she possessed was quite great, she could fend off attacks carried out by Jian Jin and three elders.

"Clank. . . , clank. . . , clank. . . "The sound of collisions between the sword and the shawl keeps happening.

Seeing this four people from the Seventh Sword Sect changed their attack patterns, they were now attacking more aggressively but with a very regular attack pattern.

It seems like these four people have been training very hard and very long to expel their movements.

With this attack Qing Cheng made a retreat, she seemed quite pressured by this aggressive attack.

Qing Cheng decided to use the ultimate technique she had.

"Cherry Blossom dance fairy" Qing Cheng began to dance with a very beautiful movement, every time she made a move, her shawl would launch attacks towards the people of the Seventh Sword Sect

with this technique Qing Cheng started to become much better than before.

four people from the Seventh Sword Sect were inconvenienced by Qing Cheng's attacks that could not be guessed.

"Damn, just watch out for you, Heavenly Sky Sword" finally Jian Jin could not take it anymore, he also brought out the strongest technique of his sect, Jian Jin raised one hand and began to cast a spell, after finishing chanting a spell there were six green colored wind swords appearing above Jian Jin.

Jian Jin's Heavenly Sky Sword technique had reached the sixth level, it was only one step further to the highest level of the seventh level.

Being able to master the sixth level of Heavenly Sky Sword was a very proud achievement in the Seventh Sword Sect.

Anyone in the sect who is able to master the sixth level of Heavenly Sky Sword, they will immediately be appointed to be the sect's elders.

Jian Jin pointed these six wind swords towards Qing Cheng, these wind swords were far faster than Jin Wu's that Ye Chen had ever seen, perhaps the difference in speed was influenced by Jian Jin's level which was already different in the sixth stage.

Qing Cheng who was fighting three elders did not see the sneak attack carried out by Jian Jin, she could only use her scarf to deflect the six wind swords that were heading towards her.

"Clank. . . . " because the Heavenly Sky Sword's attack was too strong Qing Cheng had to retreat a few tens of meters back.

she looked at Jian Jin with a killing look, if only Qing Cheng had been a little late maybe she would have been seriously injured by these six wind swords.

"Now let me see how you will defeat us, hahahaha" Jian Jin burst out laughing, with Qing Cheng's Heavenly Sky Sword technique it would definitely be very difficult to approach him.

Qing Cheng's attacks were of the melee and medium range types, she was not suitable for long range fighting, this was her biggest weakness.

"Ye Chen, why don't you help me?" Qing Cheng complained to Ye Chen who did not want to help herself against these four people.

"Alright" seeing Qing Cheng was already unable to fight the people of the Seventh Sword Sect, Ye Chen decided to reach out to help Qing Cheng defeat these people.

Seeing Ye Chen come to join the battle, the two elders of the Seventh Sword Sect who were in the eighth stage of the Sky Realm immediately launched a killer attack on Ye Chen.

"Die, you weak ant" These two people thought Ye Chen was weak and unfit to waste time, they wanted to immediately kill Ye Chen.

"You idiot" Ye Chen used the nine-step step directly towards the two people in front of him.

"Bammm. . . . , bammm. . . . , "Unbeknownst to these two people Ye Chen immediately hit the chest of these two people so that it flew into the stone wall.

Ye Chen's attack this time was quite severe, the two elders immediately threw up a mouthful of blood.

"Impossible, how can you do it" Jian Jin could not believe what had just happened, how the two elders who were in the eighth stage of the Sky Realm could be defeated so easily by this person.

Who is this person and where are they from? , Jian Jin had never seen this person before.

The two elders who had just been hit by Ye Chen tried to get up from the floor with a little unsteady, Ye Chen's blow had made their internal organs badly injured.

"Are you all right?" Jian Jin asked the situation of the two elders who had just been hit by Ye Chen.

"We are fine, this person is quite dangerous, we should all be more careful," the two elders felt that Ye Chen was quite a dangerous person.

"Giggle, how do you do it? Do you still want to fight with us?" Qing Cheng now looked very confident, with Ye Chen's help, she had nothing to fear when fighting these four people.

"You bastard, it's only right you dare to challenge us, apparently behind you there is someone who is strong enough" Jian Jin cursed Qing Cheng, from the beginning Jian Jin had felt strange when he saw Qing Cheng dare to fight them.

"Enough pleasantries, let's fight" Ye Chen interrupted the conversation between Jian Jin and Qing Cheng, he did not have time to hear Jian Jin's babble.

"You are very arrogant, don't you know which sect you are dealing with, we are the Seventh Sword Sect, the most powerful sect. . . . , Bammm. . . ." before Jian Jin could finish his words Ye Chen was already in front of Jian Jin and hit his face very hard.

Jian Jin who was not ready to be blown away hit a stone wall, Jian Jin collapsed on the ground, he vomited blood and dozens of teeth.

### **Chapter 203 - Sword Spirit**

Seeing a white object that looked like Gigi, Jian Jin immediately touched his teeth, when Jian Jin touched his teeth there were no more teeth left in his mouth.

It seems like Ye Chen's punch just knocked out all the teeth Jian Jin had.

Seeing that all of his teeth fell out, Jian Jin was very angry, he gave off a very heavy killing aura to Ye Chen "Damn, how dare you sneak up on me" Jian Jin roared so loudly.

The green aura began to cover Jian Jin's body, when this aura came out all over the place began to become windy, all the sect's elders also did the same thing as Jian Jin did.

They all started using the Heavenly Sky Sword technique, there were twenty-four swords that appeared above the Seventh Sword Sect group.

This time the shape of the sword was slightly different, this was a little bigger than before "You all die" Jian Jin shook his six swords towards Ye Chen and Qing Cheng.

Three other elders from the Seventh Sword Sect also directed their 18 swords towards Ye Chen and Qing Cheng.

Qing Cheng who saw this attack approaching immediately put up a defensive position, the six swords of Jian Jin earlier were already quite powerful.

And now there were more than twenty swords that rushed towards the two of them.

"You back away, let me take care of this alone" Ye Chen told Qing Cheng to retreat back, if Qing Cheng joined it would even be troublesome for Ye Chen.

"Be careful, don't die" Qing Cheng worried about Ye Chen, after saying Qing Cheng's warning backwards, she kept as far away as possible so as not to interfere with Ye Chen's battle.

When Qing Cheng looked at the two elders from the Fire Valley Sect, she had not seen the whereabouts of the two elders from the Fire Valley Sect.

the corpses of the two elders from the Fire Valley Sect have also disappeared "damn, we were decoyed by the two men" it was appropriate that no one helped when Qing Cheng was fighting it turned out that two people from the Fire Valley Sect would rather run away than help her and Ye Chen.

If Qing Cheng knew this earlier, she would have preferred not to help the Fire Valley Sect and let them both die at the hands of the people of the Seventh Sword Sect.

After venting her irritation at the Fire Valley Sect, Qing Cheng returned to see the battle between Ye Chen and four people from the Seventh Sword Sect.

At this moment Ye Chen stopped twenty-four wind swords by using his hands.

The people of the Seventh Sword Sect tried to control their flying swords forward, their wind swords were stopped by something invisible to the eye, even all the wind swords stopped in the air.

"Whoosh" Ye Chen waved his arm, when Ye Chen's arm was wagged, all swords were immediately knocked back, even the person controlling this sword was also knocked back.

"Cough" the people from the Seventh Sword Sect threw up blood again, they all didn't believe that they would be defeated so easily by someone like this.

"Actually who you are, and what you want to meddle in our sect's affairs" Jian Jin asked who exactly this person was, why a strong person like this would interfere in his sect's affairs.

"Hahahaha, I don't need to tell the person who is going to die" Ye Chen burst out laughing.

He returned the words Jian Jin had always said before.

"You. . . .", Jian Jin pointed at Ye Chen with a look of hostility.

"Good good, this time I will be very serious in fighting you" Jian Jin put his palms together, he closed his eyes and began to recite words that Ye Chen did not understand.

A few moments later Jian Jin's forehead let out a very dazzling green light, this green colored light came out of Jian Jin's dantian.

This green light formed a sword, this sword circled in the air.

"This. . . ?" Ye Chen saw a sword circling in the sky.

if Ye Chen is not mistaken this is a sword spirit, sword spirit is a life that is possessed by the user, usually the spirit of the sword is only possessed by those who walk the path of becoming true swordsmen, if this sword spirit is destroyed then the soul of the user will also be destroyed .

Ye Chen had no idea that Jian Jin would risk his own life to kill himself.

The three elders immediately stood by in front of Jian Jin, they didn't let Ye Chen to attack Jian Jin's physical body, right now Jian Jin's soul was in this sword spirit.

After spinning several times in the air, this sword spirit immediately swooped towards Ye Chen, this sword spirit intended to chop off Ye Chen's neck.

"One Hundred Thousand Fire Swords" in front of Ye Chen appeared hundreds of fire swords.

"Clank" Jian Jin's soul spirit and Ye Chen's fire sword collided, when it collided with Ye Chen's fire sword, the sword spirit trembled.

A little blood began to leak out of Jian Jin's mouth.

Qing Cheng closed her mouth, she was very surprised to see Ye Chen could make a hundred blazing swords.

This is the highest number of flying swords Qing Qing has never seen in this life.

The three elders from the Seventh Sword Sect were more surprised when they saw Ye Chen could make this much flying sword.

"Hehehe, I wonder what will happen if I destroy this sword spirit" Ye Chen chuckled at the people of the Seventh Sword Sect.

"Don't do it" Three elders from the Seventh Sword Sect tried to stop what Ye Chen would do.

If Ye Chen broke the sword's spirit, Jian Jin's soul would be destroyed and he would die.

Jian Jin's sword spirit tried to escape, he seemed to want to go back into Jian Jin's dantian.

How could Ye Chen allow this to happen, Ye Chen's flame sword moved far faster than Jian Jin's sword spirit.

"Slash. . . . ., slash. . . . .slash. . . . ."Jian Jin's sword spirit was cut into pieces by Ye Chen's fire sword.

" not . . . . !"Three Elders of the Seventh Sword Sect shouted simultaneously.

After the sword spirit shattered Jian Jin vomited a lot of blood, Jian Jin's eyes looked bulging and he finally died.

Three sect elders who saw this immediately tried to help Jian Jin "second elder, please hold on, you will definitely be fine" one of the elders tried to treat Jian Jin.

Seeing Jian Jin was dead, three sect elders looked very sad and very angry, they had to avenge Jian Jin.

"You bastard, how dare you kill one of us, we will take revenge for Jian Jin's death." Three elders of sorts threatened to kill Ye Chen.

"You can kill people as you wish, but when your colleague dies you blame people, are you making a joke?" Ye Chen laughed at Seventh Sword Sect's behavior.

"Die. . . !"Three Elders of the Seventh Sword Sect advanced towards Ye Chen.

"I don't have time to deal with you guys, let's end it." Ye Chen's flame sword stabbed their foreheads then entered this third dantian.

#### **Chapter 204 - The Famous Frozen Ice Sect Rules**

Ye Chen's fire immediately burned down the dantian belonging to these three people, "aghhhhh. . . . .!"  
"When Ye Chen did this the three elders from the Seventh Sword Sect roared in pain.

They all felt tortured when Ye Chen's fire burned their dantians.

After their dantian was destroyed by Ye Chen, these three people collapsed to the floor, from now on these three people would become vegetative.

Seeing the battle was over, Qing Cheng ran to Ye Chen's side "Ye Chen, that was very cool and great" Qing Cheng was amazed by the battle Ye Chen had just fought.

"Where did the people from Fire Valley Sect go? Ye Chen asked Qing Cheng where the two men had gone, because they were focused in battle Ye Chen did not see the Fire Valley Sect slipping away.

"The people from the Fire Valley Sect are as cunning as the Seventh Sword Sect, they use us as bait, while they run away to save themselves." Qing Cheng was a little dissatisfied with what the Fire Valley Sect did that put their own safety first. .

"I see, if I knew I'd better just let them die at the hands of the Seventh Sword Sect" people like that don't deserve to be saved, instead of being thankful after being saved they would rather save themselves.

"Forget them, let's see what we get from the bodies of these four people." Ye Chen wanted to know if in the bodies of these four people kept a valuable treasure.

Ye Chen searched the bodies of these four people, after searching for a while Ye Chen only found a few useless pills and four storage rings that had very small dimensions of space.

Ye Chen broke the owner's seal and saw what was inside the rings belonging to these four people, after rummaging through what was inside this Storage Ring, Ye Chen did not find anything of value, inside this ring there was only a technical book and a weapon of very low class, Ye Chen did not find a core or medicinal plant in this storage ring.

"Damn, these people are very poor" Ye Chen was really disappointed, inside the storage ring there was no valuables, these people only carried storage rings that contained trash.

"Ye Chen, what exactly is inside this storage ring?" Qing Cheng was very curious as to what contents of the storage ring that the four Elders of the Seventh Sword Sect had.

"Why don't you see the contents yourself?" Ye Chen threw the rings into Qing Cheng's hands.

Qing Cheng received a ring from Ye Chen, she was curious about what was in this storage ring.

when Qing Cheng saw what was inside she was quite surprised "how can these people be so poor" Qing Cheng could not believe that people of the sect's elders only had items like this.

"It seems like these people deliberately did not bring their valuables." Ye Chen made a conclusion that these people deliberately hid their possessions in the sect and did not take them out.

"Our efforts are in vain, we did not get anything of value from these four people." Qing Cheng was a little disappointed because he didn't get anything after fighting like that.

"Let's go" Ye Chen invited Qing Cheng to leave this place.

Ye Chen didn't care about the three people who had become vegetative, he just wanted to immediately go to the deepest part of the ancient heritage site.

"Come on" Qing Cheng put her arm around Ye Chen's left arm, the two peaks of Qing Cheng Mountain were currently pressing Ye Chen's arm.

Ye Chen's right hand gripped one of the top of this large and very soft mountain.

"Ahh. . . ." Qing Cheng groaned softly when one of the top of the mountain was crushed by Ye Chen.

"Stop teasing me, or I'll do something like last night" After squeezing the top of the mountain several times Ye Chen let go.

Qing Cheng immediately sat on the stone floor very weak, with just a slight touch of Ye Chen's hand, Qing Cheng's body instantly became soft.

Qing Cheng was a little annoyed, every time she wanted to tease Ye Chen she always ended up like this.

After resting for a few minutes Qing Cheng finally recovered, she rose from the floor.

"Let's go" Seeing Qing Cheng has improved, Ye Chen invited her to continue the journey.

If Ye Chen didn't do something like that Qing Cheng might continue to tease him along the way.

Qing Cheng nodded slightly, she was not at all ashamed after that incident.

Ye Chen and Qing Cheng continued on their way, on the journey Ye Chen had not yet met anyone else.

The way out or the array was also not found, after walking for a long time Ye Chen found someone who fainted in the middle of the road.

As Ye Chen drew closer he finally saw a very familiar face, this was the beautiful fairy Mu Lanyin.

"What really happened to her" Ye Chen began to examine the state of Mu Lanyin's body, while checking Mu Lanyin's body, Ye Chen did not find any wounds or anything strange in Mu Lanyin's body.

from the results of Ye Chen's examination, Mu Lanyin's condition was currently sleeping deeply.

"Ye Chen, if I were you, I wouldn't want to touch the woman directly from the Frozen Ice Sect." Qing Cheng warned Ye Chen about the danger of touching Mu Lanyin.

" So what ? "Asked Ye Chen.

"Uh, did you not know about the rules in the Frozen Ice Sect?" Qing Cheng asked Ye Chen in disbelief.

The basic rules that came from the Frozen Ice Sect were already very well known in the world of cultivators, and Ye Chen was completely unaware of this.

"No, I have no idea about the four big sects." Ye Chen had never been associated with the four big sects, of course he did not know the rules that every sect had.

"If you don't know, I will explain to you, Frozen Ice Sect is a sect filled with only virgin women, to cultivate Frozen Ice Sect's techniques they must be still a virgin Yin, if the virgin Yin of that woman is lost, then the speed of cultivation. they will be very slow, that's why every woman who comes from the Frozen Ice Sect won't let a man stain their body even if it's only an inch of finger, the woman from the Frozen Ice Sect will kill every man who tries to stain their body have "Qing Cheng explained to Ye Chen the danger of making direct contact with the woman from the Frozen Ice Sect.

"Oh yes there is one more thing, they are not allowed to show their real faces to outsiders, I don't know the reason for this, but what I do know is that the violation is much heavier than tarnishing the female body of the Frozen Ice Sect" for This one rule Qing Cheng didn't know much about, because until now no one had been able to remove the veil that was worn by women from the Frozen Ice Sect.

There aren't many people who dare to harass students from the Frozen Ice Sect because of these very strict rules, just imagine because the trivial matter of touching their bodies can be hunted by women from the Frozen Ice Sect.

Now Ye Chen understood, so this was the reason why Mu Lanyin really wanted to kill Ye Chen because of the very trivial thing of removing the veil of Mu Lanyin, apparently for Mu Lanyin to remove the veil was an insult that was unforgivable.

### **Chapter 205 - Fear Possessed By Mu Lanyin**

"So does he have a wound or something?" Qing Cheng asked about Mu Lanyin's condition.

"It looks like she just breathed in a dream, right now she's trapped in the world of dreams", Ye Chen who had examined the state of Mu Lanyin began to draw the conclusion that Mu Lanyin inhaled the dream powder.

This is the only thing that can make a cultivator who is at the peak stage of Sky Realm sleep very soundly like this.

"Then why didn't you wake her up?" Qing Cheng told Ye Chen to immediately wake up sleeping Mu Lanyin.

"It's not as young as you imagine, we have to stimulate this woman to wake up, the fastest method is usually to give her extreme pain" Ye Chen told me the method to wake Mu Lanyin.

"I don't think that's a good method, if she wakes up and knows we hurt her, she might get very angry" in a situation like this Qing Cheng didn't want to make a dispute with another sect.

"Well maybe you're right, it's not good to hurt a sleeping woman" This time Ye Chen quite agreed with Qing Cheng's way of thinking.

"Let's try the other way" Ye Chen took a mask from the storage room and then put it on his face.

Qing Cheng was a little confused about what Ye Chen would do after wearing a mask.

"What are you going to do with that mask?" Qing Cheng could not guess at all what Ye Chen would do after taking this mask.

"Of course waking up Mu Lanyin, I also don't want her to see who I am" this is done by Ye Chen so that when Mu Lanyin wakes up later, she does not immediately attack himself.

"Indeed, do you have an enmity with this fairy woman?" If nothing happened, surely Ye Chen would not hide his true identity.

"Actually there is a slight misunderstanding between me and him, I hope you can work with me and hide my true identity from this woman." Ye Chen told Qing Cheng to work together to cover up his true identity.

"Well, I'll do it" Qing Cheng agreed to play a drama with Ye Chen.

"Good" after getting the answer he wanted, Ye Chen began

use a method to wake Mu Lanyin.

Ye Chen's hand began to touch Mu Lanyin's body and began massaging it.

"Emmmmm . . . ." When Ye Chen massaged Mu Lanyin's body, Mu Lanyin moaned very gently.

The best way to develop Mu Lanyin is to stimulate Mu Lanyin's body.

Ye Chen enthusiastically began to massage some of the parts that the Mu Lanyin fairy had.

Qing Cheng who was behind gawked, she was surprised to see Ye Chen very boldly touching the body of the fairy Mu Lanyin.

This person was very brave to touch the body of Mu Lanyin who was the leader of the Frozen Ice Sect.

If at this moment Mu Lanyin woke up and saw this surely she would immediately chop Ye Chen into several pieces.

"Ye Chen, what are you doing? , are you not afraid of being chased by the woman from the Frozen Ice Sect? "Qing Cheng warned Ye Chen to immediately stop what he was doing.

"Why are you so afraid of this woman? "Ye Chen had felt that Qing Cheng was very afraid of Mu Lanyin.

"Of course I am afraid, this woman is very strong, I was once defeated by this woman in only two steps" Qing Cheng told the reason why she was quite afraid of Mu Lanyin, for Qing Cheng the woman from the Frozen Ice Sect was stronger than anyone people from the Seventh Sword Sect.

"Aren't you two in the same stage, how can you be defeated easily by her ? "Ye Chen increasingly wants to know how easily Qing Cheng can be defeated by Mu Lanyin.

"The women of the Frozen Ice Sect cultivate the most powerful technique among all of us, if only they lack the people and qualified resources, maybe now the Frozen Ice Sect is the strongest sect above the Seventh Sword Sect." Qing Cheng told Ye Chen that Frozen Ice Sect is a very strong sect.

Unfortunately the women of the Frozen Ice Sect only amounted to a small amount, even less than 40 people, this sect was also very minimal with resources to cultivate, because they rarely opened themselves to the outside world.

This was the reason why the Frozen Ice Sect could not become the first rank Sect, if only the Frozen Ice Sect were given resources and a large number of students maybe they would become the strongest sect at this time.

"You should not mess with this woman, even the leader of the Seventh Sword Sect did not dare to mention Mu Lanyin alone" Qing Cheng told everything she knew to Ye Chen.

"Hehehe, so what if she strong, I'm not scared of her" Ye Chen's hand grabbed Mu Lanyin's big rabbit.

"Ah. . . . ., ah. . . . ., ah. . . . . ", As Ye Chen Ye Chen squeezed this thing, Mu Lanyin groaned in a sassy voice.

"You. . . . ."Qing Cheng couldn't believe hearing that Mu Lanyin's cold fairy would make such a sassy voice.

In this world maybe only Ye Chen could make Mu Lanyin's cold fairy let out a cheeky voice like this.  
in Mu Lanyin's Dream.

Mu Lanyin now saw herself in a vast expanse of snow, here she did not see anyone.

Wherever Mu Lanyin walked, she only saw endless expanses of snow.

Mu Lanyin continued to walk along this expanse of snow, far ahead of Mu Lanyin seeing several women from her sect, these women were seen fighting with someone, some of whom were even lying on the snow with bodies covered in blood.

Mu Lanyin who saw this incident immediately went to help them. When Mu Lanyin approached, she felt that if they were even further away, the scenery around her also began to turn dark.

Mu Lanyin's vision suddenly darkened, she felt in the abyss of despair after seeing the incident earlier, she felt failed because she could not save people from the Frozen Ice Sect.

Mu Lanyin curled up and began to hug her body, this was the biggest fear that Mu Lanyin had, which was loneliness.

in the past before Mu Lanyin entered the Frozen Ice Sect, she was a little girl who lived in a long loneliness, no one wanted to be with her, until one day her teacher picked up Mu Lanyin and gave her a new name, after this incident Mu Lanyin start to find a comfortable place that is the Frozen Ice Sect.

Mu Lanyin was afraid that one day her most comfortable place would be destroyed by someone, if that happened she would be lonely again.

Mu Lanyin practiced harder than anyone else to protect the Frozen Ice Sect from being destroyed by others, seeing from before Mu Lanyin felt she had failed to protect the most comfortable place she had .

Mu Lanyin felt lonely as before, when this happened Mu Lanyin felt that someone touched her body very comfortably.

When she looked back, Mu Lanyin saw that the person who touched her was the person she hated the most and wanted to kill, while being hugged by this person Mu Lanyin felt very comfortable.

Without Mu Lanyin realizing, she sank into this feeling.

### **Chapter 206 - Secret Room**

A few moments later the darkness disappeared, the darkness was replaced by a very dazzling light.

Mu Lanyin could not see anything else, when she opened her eyes , she saw the ceiling of the ancient heritage site, beside her stood Ye Chen and Qing Cheng.

Seeing the two strangers beside her, Mu Lanyin immediately got up from the floor, she took a sword from the storage ring, she then brandished this sword towards Ye Chen and Qing Cheng "what did you just do to me?" While brandishing her sword, Mu Lanyin asked these two people.

"Mu sect leader, calm down we didn't do anything bad to you" Qing Cheng tried to calm Mu Lanyin still looking confused.

Mu Lanyin finally realized that this was Qing Cheng, while the person beside Qing Cheng, Mu Lanyin did not know, because this person hid his appearance by wearing a mask.

Mu Lanyin's intuition felt that she was familiar with this masked man.

"Mu Sect leader, actually what just happened to you? , when we arrived we found you lying in the middle of the road. "Qing Cheng wanted to know how Mu Lanyin could be affected by Dream powder.

Mu Lanyin began to remember what had happened before, initially she was with the Four Frozen Fairies, until when Mu Lanyin stepped on a trap and finally she entered the wall.

Mu Lanyin who was trapped on the other side tried to destroy the wall, unfortunately the wall in this place was very strong, even Mu Lanyin's attack could not scratch the walls in this place.

Because he could not destroy the wall Mu Lanyin had to find another way to rejoin the Four Frozen Fairy.

When Mu Lanyin walked back without her consciously there was a colored powder which when enveloping her body, when Mu Lanyin sucked the powder in, she felt her body and eyes begin to weight, without realizing Mu Lanyin fell into a dream.

"I stepped on a trap and ended up lost, after that I breathed in a powder, then I don't remember anymore" Mu Lanyin summarized the story to Ye Chen and Qing Cheng.

Mu Lanyin deliberately did not tell the dream she had just experienced, Mu Lanyin felt that the dream was caused by the powder she breathed.

"So that's the story" After hearing it from Mu Lanyin, Qing Cheng finally knew why Mu Lanyin could be in this place alone, it turns out that Mu Lanyin separated from her group.

"Qing sect leader, who is the person next to you? "Mu Lanyin returned to speaking in a cold voice, asking Qing Cheng who was the person next to her.

"Oh this is senior Chen, I happened to meet him when I was lost in this Maze, did you know that senior Chen is very strong?" Qing Cheng deliberately called Ye Chen like this.

"Greetings to Chen Chen" Mu Lanyin greets Ye Chen, Mu Lanyin and Qing Cheng are a generation, if Qing Cheng calls this person by a senior name, then Mu Lanyin also has to do it.

Behind Ye Chen's mask only nodded at Mu Lanyin.

"Mu sect leader, what are you going to do next? "Qing Cheng asked Mu Lanyin what she would do next.

"I will look for my sect group, I'm afraid they are in trouble," Mu Lanyin worried about the Four Frozen Fairy.

"What a coincidence, I'm also looking for my group and way out of this place, do you want to join together with us? "Qing Cheng invited Mu Lanyin to join this group, with Mu Lanyin this group will be even stronger.

Mu Lanyin was still hesitant to join Ye Chen and Qing Cheng, she still doubted the identity of Senior Chen who was beside Qing Cheng.

Even though they had just met, Mu Lanyin felt that she hated the masked person very much, Mu Lanyin herself did not know the reason why she hated this person.

"If she doesn't want it to be okay, let her find her own way in this dangerous place." Ye Chen, who had been silent, finally wanted to talk, Ye Chen made his voice sound like an old man.

After saying those words Ye Chen walked forward, Seeing Ye Chen leave, Qing Cheng immediately followed behind him.

Mu Lanyin began to consider Ye Chen's words, it was true that this place was very dangerous, if she was alone she might end up like that.

Mu Lanyin silently followed behind Ye Chen and Qing Cheng.

Qing Cheng smiled seeing Mu Lanyin following behind, Ye Chen's words earlier could easily convince Mu Lanyin to follow behind the two of them.

"Giggle, Ye Chen you are so great, with just a few sentences you can make the cold elf Mu Lanyin sure and follow behind us both" Qing Cheng sent a telepathic message that only Ye Chen could hear.

Ye Chen who had just heard the telepathic voice earlier, immediately turned his head towards Qing Cheng.

Qing Cheng gave Ye Chen a wink of teasing.

These three people keep running around trying to find a way out while finding the Frozen Ice Sect u0026 Cherry Blossom Sect Group.

Unfortunately after walking for more than an hour, the three of them did not see anyone else anymore, all they encountered was a troublesome magical beast.

Ye Chen looked at the two women who were behind him, both of them already looking very tired after running at high speed for a long time "let's rest first" Ye Chen stopped and told the two women to rest for a while.

"This is very tiring since we were just spinning around, if only we could use spirit sensei maybe we wouldn't get lost like this" Qing Cheng complained that she had not found a way out after this greeting.

in this place the spirit sensei cannot be used, if they can use their spirit sensei, maybe now they have come out of this annoying place.

She was increasingly concerned about the five elders from her sect, whether they had all managed to find a way out or not.

On the other hand Mu Lanyin was very disappointed because he could not find anything in this place, even though she really hoped that here there were some resources that could be used for cultivation.

Right now the Frozen Ice Sect really needed resources, because this was Mu Lanyin and Four Frozen Fairy who wanted to come to this place.

Unfortunately this is not like the expectations they imagined, here there are only deadly dangers and traps.

"I want to sit and rest" Qing Cheng found a stone to make a seat.

When Qing Cheng occupied the stone, the stone suddenly dropped down, Qing Cheng was very surprised and immediately stood up, she thought that the stone she just sat on was a monster or trap.

"Rumbles. . . . Rumbles. . . . , Rumbles. . . . "The stone wall behind Qing Cheng was lifted up.

Ye Chen immediately headed to the wall that had just opened, he peeked into this room a bit, inside there looked very wide and dark, no light could enter inside.

"Let's try going inside" Ye Chen invited the two women inside.

"Senior, are you sure that this isn't a trap?" Mu Lanyin looked very careful, she had experienced something like this and the result was that she was separated from her group.

"We have to try it, it's better than continuing to go round and round in this place" Ye Chen could not stand the continuous circling in this Maze.

"Maybe this is a secret room where treasure can be stored." Qing Cheng was more positive, she thought that inside there might be treasure.

"If we want the answer, let's go in." Ye Chen was the first person to enter

### **Chapter 207 - Undead Dragon**

Seeing Ye Chen very brave to enter inside, Qing Cheng and Mu Lanyin looked at each other.

"How, do you want to come in or not?" Qing Cheng asked Mu Lanyin whether she would come or not.

"Of course I go inside, it's better to go inside than to spin around in a place like this" Mu Lanyin threw away all her doubts and entered into this dark room.

Seeing Mu Lanyin enter, Qing Cheng also entered.

When everyone has entered the wall behind the back closed.

Now it is very dark here they cannot see anything.

Ye Chen used his fire as lighting so they could see what was inside here.

after Ye Chen put out his fire for lighting, this place became visible.

This is a very large room, in the middle of this room there is an altar, above this altar there is a statue with three animals namely Dragon, Phoenix and a very large butterfly.

Ye Chen approached this altar, he wanted to see what this statue meant at a place like this.

The two women also approached this altar.

As Ye Chen, Qing Cheng and Mu Lanyin approached, the altar suddenly shined.

when the light appears this room starts to shake like it wants to collapse.

"Everyone retreat" Ye Chen told the two women to retreat backward.

Ye Chen and the two women immediately backed away.

Ye Chen immediately made a barrier to protect himself and these two women.

"What happened?" Mu Lanyin asked what was happening to this place.

"How do I know, I'm not the maker of this place" Ye Chen reflexively replied to Mu Lanyin's question.

"Boooooommm. . . . . " a large object fell right in front of the altar and made a very loud noise.

When this object falls in the dust in this room starts to fall everywhere.

"Roarrrrr. . . . . "In the dust came the sound of monsters roaring.

After hearing the roar of the monster, Ye Chen, Qing Cheng and Mu Lanyin immediately put on standby.

A blood-like red eye appeared from behind flying dust.

When these blood-like red eyes appeared, both Qing Cheng and Mu Lanyin began to shiver in fear, Qing Cheng and Mu Lanyin had never met a monster that could make them both cringe from the look in their eyes.

"Roarrrrr. . . . . "The roar of the monster the second time is even louder, this makes the dust around the scattered swept away.

Now Ye Chen could see what kind of creature was in front of them.

This is not a magical Beast, rather this place is an undead monster.

A large dragon that had only bones left, stood in front of Ye Chen and the two women.

Undead Dragon looked at Ye Chen, Qing Cheng and Mu Lanyin with blood red eyes, the undead Dragon wagged its tail at the barrier Ye Chen made.

"Crack. . . . ."With just one flick of the dragon's tail the barrier that Ye Chen made was destroyed.

Ye Chen wrapped his arms around Mu Lanyin and Qing Cheng's waist to avoid this attack.

If Ye Chen didn't do this, Mu Lanyin and Qing Cheng could die.

"Let me go" Mu Lanyin tried to get away from Ye Chen, she did not want to let this person touch her body.

on the other hand Qing Cheng was calmer, she looked towards the undead Dragon which was very frightening.

Qing Cheng's intuition said that this undead monster was very dangerous.

"If you don't want to die you should be quiet and not move much" Ye Chen shouted angrily at Mu Lanyin who still had time to think of such a thing in a dangerous situation like this.

If Ye Chen hadn't brought Mu Lanyin just now, Mu Lanyin would definitely have been killed by the flapping of a dragon's tail that was that strong.

This undead Dragon monster was very strong, he could easily break Ye Chen's barrier, when Ye Chen made this barrier he did not hold his strength at all.

so the barrier Ye Chen threw out just now was very strong, but Undead Dragon was very easy to destroy the barrier he made, this showed that this undead Dragon was very strong.

After being rebuked by Ye Chen, Mu Lanyin no longer rebelled in Ye Chen's hands.

Ye Chen retreated as far as possible to escape this undead monster, unfortunately behind was a stone wall, he could no longer retreat backwards.

"Damn" Ye Chen cursed very loudly, in a situation like this it would be very difficult for Ye Chen to have to fight while protecting these two women.

Ye Chen released his hands from the waist of Mu Lanyin and Qing Cheng "You two should stay as far away as possible, the power of this Undead Dragon is quite strong, you two are not opponents to this undead monster," Ye Chen told Mu Lanyin and Qing Cheng to stay away as far maybe when Ye Chen fought with Undead Dragon.

"Wouldn't it be easier to defeat this monster if we unite the forces we have?" Qing Cheng suggested to Ye Chen and Mu Lanyin join forces to defeat this undead monster.

"I agree with the advice of the Qing sect leader, let's unite the strength of the three of us in order to defeat this monster." Mu Lanyin agreed to unite the forces together with Ye Chen and Qing Cheng.

"No" Ye Chen immediately denied the advice of the two women, "you two are no match for this Undead Dragon, this monster and you both are in different worlds, you should stay away as far away as possible" these two women have no idea what they are facing This undead monster is stronger than Ye Chen right now.

It is likely that this undead monster has strength equivalent to that of a cultivator in the eighth level or the ninth level Overlord Realm.

Mu Lanyin and Qing Cheng who were at the peak stage of the Sky realm were not opponents of this monster.

Ye Chen came forward trying to attack this Undead Dragon "breaking meteor blow, Bamm. . . . . Ye Chen hit the head of the Undead Dragon without even holding back his strength.

Undead Dragon did not retreat or collapse at the ground, this monster shook its head as if Ye Chen's punch had absolutely no effect on him.

"Roarrrr. . . . ."Undead Dragon monsters use their dragon claws to attack Ye Chen, this claw attack is very fast, Ye Chen has no time to dodge this attack.

Ye Chen was struck by an undead dragon right in the chest "Bang. . . !! "Ye Chen was flown hundreds of meters before hitting the stone wall.

"Damn it" Ye Chen rubbed his chest which was quite painful after being hit by a direct attack from Undead Dragon.

"Ye Chen, are you alright?" Qing Cheng approached Ye Chen, Qing Cheng was worried about Ye Chen's condition.

"I'm fine, hurry up and go away, this monster is very strong, you two are not the opponents." Ye Chen rose again, he told Qing Cheng to immediately get away from the undead monster.

"Booom. . . . ."When Ye Chen and Qing Cheng were talking there was the sound of a thumping battle. at this time Mu Lanyin attacked the undead dragon using the Ice technique she possessed.

"This woman, does she not know what powerful creature she is facing?" Ye Chen scolded Mu Lanyin for not listening to his words earlier to get as far away from the undead dragon monster as possible.

### **Chapter 208 - Against The Undead Dragon In Full Force**

At the moment under the undead dragon monster appear hundreds of large ice whose edges are like sharp needles, this sharp ice begins to envelop the undead dragon's body.

The undead Dragon's entire body was covered by hundreds of ice with sharp edges.

"Cracked" as the body of the undead dragon moved slightly, Mu Lanyin's Ice technique immediately broke into pieces.

Seeing that this technique didn't work, Mu Lanyin used another technique to defeat this undead dragon.

"Ice pillar" a very large Ice pillar came out from under the Undead Dragon.

Undead dragon's body is immediately wrapped by this Ice pillar. Now Undead Dragon is trapped in Mu Lanyin's Ice Pillar technique.

Undead Dragon is not moving anymore, "this is easier than I thought" Seeing Undead Dragon has been sealed. Mu Lanyin turned then headed towards the altar.

As Mu Lanyin turned around the eyes of the undead Dragon slightly moved towards Mu Lanyin "Crack" the pillar of Ice that wrapped the body of the Undead dragon destroyed.

Undead Dragon gave off extremely hot flames towards Mu Lanyin.

Mu Lanyin made an ice shield to fend off bursts of fire that were released by the Undead Dragon.

When struck by the fire of the Undead dragon, Mu Lanyin's ice shield immediately melted without any resistance.

Mu Lanyin was very surprised and intended to retreat, but she already had no time to retreat, the fire that was released by Undead Dragon was very close to her body.

Mu Lanyin could only close her eyes waiting for this fire to come.

A few milliseconds before a burst of fire hit her body, Mu Lanyin felt that her body had been hugged by someone.

The fire struck Ye Chen's body, fortunately the bursts of fire had no effect on Ye Chen, so this did not hurt Ye Chen at all.

When Mu Lanyin opened her eyes, she saw Senior Chen save herself, she had no idea that this person would save herself from the deadly attack just now.

"Stupid, I told you to stay away from this undead dragon, why are you so stubborn and do not want to obey" Ye Chen scolded Mu Lanyin who acted very carelessly because fighting a dragon monster that was far more powerful than herself.

Mu Lanyin said nothing more, she just turned her face to the side.

Ye Chen brought Mu Lanyin to Qing Cheng's side "You two stay here and don't come any closer, I will take care of this monster." This time Ye Chen gave absolute orders to Mu Lanyin and Qing Cheng.

Ye Chen refocused on the undead dragon.

"Qing sect leader, do you know what level of senior Chen is? Mu Lanyin asked Qing Cheng what level of cultivation Ye Chen had at this moment.

"I don't know either, what I know is that Chen's senior is very strong, we'll see how the battle is when fighting these undead monsters", Qing Cheng herself was not sure what level of cultivation Ye Chen was at this time, for Qing Cheng Ye Chen was a very mysterious person, this really attracted Qing Cheng's interest to dig deeper into the secret Ye Chen had.

Women are strange creatures, they really like something that interests them, even though they know it's dangerous they will still find out what interests them.

Ye Chen returned to the front of the Undead dragon. this time he will be very serious against this undead monster.

Ye Chen immediately opened his flame vein, Ye Chen's strength instantly became very strong.

The aura of fire that Ye Chen released was very strong, even Mu Lanyin and Qing Cheng who were far from Ye Chen felt shivering.

"A very fierce aura" Mu Lanyin with a slight shiver admired the power released by Senior Chen.

Ye Chen used the nine shadow step to attack this monster.

"Bang. . . . , Bang. . . . , Bang. . . . , Bang. . . . , Bang. . . . , Bang. . . . , Bang. . . . "Ye Chen attacks all parts of the body that can be attacked, unfortunately Undead Dragon's bones are very hard, Ye Chen's attack does not really affect the Undead Dragon's body.

Because the nine shadow step was too fast, the Undead dragon had only just attacked Ye Chen's shadow.

"Roar. . . ."The undead dragon was very angry, he started to roar with a very loud voice, this strong roar made Ye Chen's ears hurt.

"One Hundred Thousand Fire Swords" Ye Chen used his fire sword technique, a thousand flame swords appeared around Ye Chen's body.

"Forward" Ye Chen made a thousand flying flame swords attack the Undead dragon's body.

"Slash. . . . ., slash. . . . ., slash. . . . ., slash. . . . ., slash. . . . ., slash. . . . . "A thousand swords of fire began to slash the Undead dragon's body.

Mu Lanyin was surprised to see Senior Chen being able to make this much flying flame sword, this was something that was unexpected to Mu Lanyin, Mu Lanyin's surprise just before she returned to her cold nature.

On Mu Lanyin's side, Qing Cheng looked even more astonished after seeing the sight of a thousand flying swords, if she had seen a hundred swords before she was already very surprised, a thousand more swords made Qing Cheng distrustful of her eyesight.

Qing Cheng began to wonder how strong Ye Chen really was.

"Clank. . . . Ye Chen's flame sword was suddenly eaten by an undead dragon like a delicious snack.

after eating Ye Chen's flame sword, the undead dragon began to become larger than its original size.

"Master, this undead monster seems to come from a race of fire dragon gods, ordinary fire power won't be able to hurt him, it will instead be absorbed by him to become stronger" Chu Yuechan told Ye Chen not to use fire techniques when fighting this undead dragon.

"Why didn't you say this from earlier" Chu Yuechan gave information very late, if Ye Chen knew this from earlier he would not have used the fire technique to fight this Undead Dragon.

After eating Ye Chen's undead dragon's fire sword became bigger and stronger than before.

"Why did this monster become bigger, what actually happened" Qing Cheng saw that the undead dragon became much bigger than before.

"It seems like this monster uses the fire from Senior Chen to become stronger" Mu Lanyin very quickly analyzed what had just happened.

Ye Chen flew over the undead dragon "if my fire ability doesn't work I will use that technique".

Ye Chen began to make special movements, as Ye Chen made this movement black clouds began to form in this room.

This strange phenomenon made Mu Lanyin and Qing Cheng surprised, how could there be a black cloud that appeared in a closed room like this, actually what was happening to this place.

This cloud is very concentrated "DESOLATE PALMS second finger" Ye Chen uses the desolate Palms technique of the second finger.

From behind the clouds came a giant palm that was headed towards Undead dragon.

"Isn't this technique belongs to that person" Mu Lanyin still remembers this technique very well, this is the technique used by Ye Chen to destroy her Ice Sword of Destiny technique, how can senior Chen have the same technique as that person "what is the true identity of this person is Ye Chen? In Mu Lanyin's heart began to guess who Chen's senior identity was.

**Chapter 209 - Ye Xiu Came Out**

Mu Lanyin's heart started to become chaotic at the thought of this, if this was Ye Chen how should she face Ye Chen.

Ye Chen's DESOLATE PALMS technique began to approach the undead dragon's body, due to the intense pressure the undead dragon's body was pressed down and could not move.

When the DESOLATE PALMS technique appeared both Mu Lanyin and Qing Cheng felt a very dangerous feeling from this technique.

They retreated further and made a layered barrier to protect themselves from unwanted possibilities

The DESOLATE PALMS technique gets closer and hits the undead dragon "boooooommmmm. . . . . " a very terrible explosion occurred.

Mu Lanyin and Qing Cheng were already inside the barrier they made, unfortunately the barrier they made was unable to withstand the effects of DESOLATE PALMS and was swept away very easily.

After the barrier was destroyed Mu Lanyin and Qing Cheng were blown away.

Mu Lanyin could not believe that at this distance they were still very badly affected.

Even though he was unable to destroy the stone here, Ten Chen Ye made the whole room shake a little.

Dust flew where the undead dragon stood earlier.

"Is this successful" at this time Ye Chen had run out of deep energy using the second finger DESOLATE PALMS technique.

Mu Lanyin and Qing Cheng who had just been blown away began to wake up from the stone floor.

Both of them were very surprised at how the power Ye Chen had just displayed, it seemed that Ye Chen's strength was stronger than they had imagined.

With such great strength, the undead dragon should have been defeated.

The dust gradually begins to disappear, it's time to see what happens to the undead dragon monster.

From the dust that flew red eyes like blood again appeared "roar. . . . . "The roar of the anger of the undead dragon came back.

" What . . . . . ! "Ye Chen doesn't believe that the attack just now didn't immediately kill the undead dragon.

Undead dragon stood back from the floor, in some parts of the undead dragon's backbone was cracked, although it could not immediately kill the undead dragon DESOLATE PALMS technique Ye Chen could still injure the undead dragon's body.

The problem is the energy consumption to use the DESOLATE PALMS technique is too large, Ye Chen can only use this technique once.

This Undead Dragon was aiming at Ye Chen very quickly, he looked very angry at Ye Chen.

"Roar. . . . "The undead dragon is butting into Ye Chen's body using his head.

"Bamm. . . . "Ye Chen was hit with such a powerful force that he retreated very far.

Ye Chen had run out of energy, he couldn't avoid the undead dragon attack just now.

Again the undead dragon headed towards Ye Chen with lightning speed, it seemed that the undead dragon would not release Ye Chen.

Qing Cheng and Mu Lanyin simultaneously tried to stop the undead dragon heading towards Ye Chen.

Unfortunately the speed of the two women is not comparable to the undead dragon, they both lag far behind the undead dragon.

When the undead dragon was only a few meters from Ye Chen a yellow light appeared in front of Ye Chen.

A small creature appeared right in front of Ye Chen, this small creature was of course Ye Xiu's little fox.

Ye Xiu growled at the undead dragon for injuring Ye Chen, Ye Xiu made a contract with Ye Chen, if Ye Chen died Ye Xiu would of course also die with Ye Chen.

Because this was Ye Xiu coming out in such a dangerous situation, she helped Ye Chen in a dangerous situation like this.

The undead dragon stopped right in front of Ye Xiu, he looked at Ye Xiu with a hostile look, "Roar. . . .  
"The undead dragon roared at Ye Xiu.

Ye Xiu's originally small body began to enlarge to the size of an undead dragon.

Mu Lanyin and Qing Cheng who intended to help, immediately stopped, they both saw that another creature had appeared right in front of Ye Chen.

Mu Lanyin and Qing Cheng certainly knew what this creature was, this was a legendary magical Beast that was very famous, the nine-tailed fox.

Both of them did not expect to see a mythical creature in a place like this.

The nine-tailed fox is a creature that is very well known in the world of cultivators, this creature has special abilities that are difficult for cultivators to learn.

Ye Xiu attacked the undead dragon by using her nine tails, these nine tails were shaken violently to directly hit the undead dragon's body.

"Bamm. . . . . "Ye Xiu's tail wagging can make the undead dragon retreat and fall to the floor.

Undead dragon that had just fallen began to rise again.

Ye Xiu didn't give the undead dragon a chance to wake up, she immediately bit Undead dragon's neck bone very strongly, Ye Xiu's tail began to wrap around the body of the Undead dragon to seal the monster's movements.

Ye Xiu bit down very hard, she tried to crush the Undead dragon's neck bone.

Ye Xiu's sharp teeth and strong jaws were still unable to destroy the undead dragon's neck bones.

The undead dragon movement was locked by Ye Xiu's tail, the undead dragon tried to use his free tail to attack Ye Xiu.

"Bamm. . . ."Ye Xiu was hit directly by the Undead Dragon's tail,she immediately retreated back due to the impact of the attack which was quite strong.

With Ye Xiu's current strength that was almost equivalent to the ninth level of the Overlord Realm, Ye Xiu was still having enough trouble fighting this undead monster.

This undead dragon monster might be in the tenth level of the Overlord Realm.

Ye Xiu's body began to glow in yellow, an extremely pure aura began to seep out from Ye Xiu's body, and flooded this room.

Ye Xiu no longer seemed to be holding back the power she had, suddenly this pure aura began to envelop Ye Chen's body and gave him a very comfortable feeling.

The energy in Ye Chen's body suddenly recovered at an incredible speed, this was a Yin-Yang legendary technique that only the Nine-tailed Fox had.

Ye Chen began to close his eyes and recover his strength.

Ye Xiu attacked the Undead dragon again "bamm. . . . , bamm. . . . , bamm. . . . , bamm. . . . , bamm. . . . , "This time Ye Xiu's speed and attack were very fast and ferocious.

The Undead Dragon continued to be retreated by the attack launched by Ye Xiu.

"Roar. . . . ."Undead Dragon looks very angry because it was beaten by Ye Xiu.

The Undead Dragon began to retaliate against Ye Xiu's attack with his dragon claws.

The fight between the two giant monsters was indeed very great, the whole room shook a little as the two of them began to fight.

In a short time Ye Chen's energy began to recover by around 70%, Ye Xiu's Yin-Yang Technique was very good at recovering Ye Chen's energy.

Ye Chen opened his eyes and saw the battle that was being fought by Ye Xiu.

Ye Xiu was currently cornered by a very strong undead dragon attack.

Ye Xiu retreated back, seeing that the physical attack didn't work, she began to open her mouth, a yellow light began to gather inside Ye Xiu's mouth.

Ye Chen who saw this naturally knew what Ye Xiu was doing, this was the strongest technique used by Ye Xiu when she defeated the five Old Taoist.

### **Chapter 210 - Berserker Pill**

Ye Xiu really used the technique of mass destruction in such a small place

Ye Chen immediately went to the side of Mu Lanyin and Qing Cheng, he made the strongest barrier he could make so as not to be affected by Ye Xiu's laser attack.

Undead dragon doesn't want to lose, from the mouth of Undead dragon starts to fire.

This huge burst of fire headed towards Ye Xiu.

Ye Xiu released his laser towards the undead dragon, Ye Xiu's laser and the undead dragon bursts of fire met.

"Booom. . . . ., Booom. . . . ., Booom. . . . ., Booom. . . . ., Booom. . . . ., Booom. . . . .  
. . . . ."When these two forces met a very strong explosion occurred.

Fortunately the barrier that Ye Chen made was able to withstand the impact of the powerful explosion that occurred.

Bursts of fire and lasers clashed with each other's strengths, the undead dragon added strength to his bursts of fire.

Ye Xiu's laser was suppressed by this burst of fire.

Ye Xiu herself didn't want to lose, she added strength to her laser attack.

Neither Ye Xiu and Undead Dragon wanted to budge.

Ye Xiu exerted all the power she had, the burst of undead dragon flames were hit backwards by Ye Xiu's laser.

"Booom. . . ."A very strong explosion occurred, Ye Xiu's laser managed to hit the undead dragon.

"Cracked. . . . ."The barrier Ye Chen made began to crack little by little.

Ye Chen used his full strength to reinforce this barrier.

A few moments later everything was finally over, there was only a puff of smoke from the explosion just now.

Ye Chen released the barrier he made, he wanted to see if Ye Xiu's attack just now was able to destroy the undead dragon.

After the smoke cleared, Ye Chen saw the undead dragon lying on the floor, several undead dragon bones cracked very badly.

Ye Xiu's Laser Attack was able to deal enormous damage to undead dragons.

Undead dragons with a little difficulty began to rise from the floor, "roar. . . . . "The undead dragon roared.

The bones in the undead dragon's body begin to turn red, flames start to come out from between the bones, this flame starts to envelop the undead dragon's body.

after being wrapped by fire, now the undead dragon really looks like a fire dragon.

After changing the form of the undead dragon became much stronger than before

"What kind of monster is this, why hasn't he been destroyed" Qing Cheng could not believe that after receiving two such powerful attacks, Undead was still alive.

Ye Chen gritted his teeth, the situation returned to being unfavorable, after using the technique Ye Xiu had only a little energy left, Ye Chen was afraid that Ye Xiu was unable to fight back against the undead dragon which had turned into a fire dragon.

Ye Chen began to think very hard about how to defeat this monster.

Finally he remembered something that could help him in a situation like this, right now Ye Chen still had a pill pill, with this pill Ye Chen was confident of beating an undead Dragon.

Ye Chen took a pill pill from the fairy gate storage room, he immediately swallowed this pill into his stomach.

After swallowing this pill from inside Ye Chen's body it overflowed with extraordinary power, Ye Chen had never felt such great power flowing into his body.

Increasing the strength of 25X was very much felt for Ye Chen.

"Boooom", Ye Chen's aura exploded, Mu Lanyin and Qing Cheng who were behind Ye Chen immediately retreated.

Ye Chen released his fire vein again, after the fire vein was opened up, Ye Chen's strength was like an unstoppable sea.

"Ugly Dragon, prepare to accept your defeat" Ye Chen flew towards Undead Dragon.

"Baamm. . . , Baamm. . . , Baamm. . . , Baamm. . . , Baamm. . . , "Ye Chen repeatedly hit the undead dragon's body.

Undead dragon was repeatedly hit by Ye Chen, now the undead dragon was like a toy being kicked and hit by Ye Chen.

"What really happened, how did Senior Chen's strength become this strong?" The increase in Ye Chen's strength did not escape Mu Lanyin's eyes.

"I don't know, maybe he used a forbidden technique or something" Qing Cheng did not know where the origin of the strength Ye Chen was getting was.

Ye Xiu retreated to Mu Lanyin and Qing Cheng, she saw Ye Chen's fight against the Undead dragon, Ye Xiu was tired now, she no longer had the strength to help Ye Chen fight.

"Ugly Dragon, now it's your turn to feel what I felt before" Ye Chen wanted to take revenge on the undead dragon.

Undead Dragon was completely rendered helpless by Ye Chen.

The Undead Dragon used his fire to attack Ye Chen, too bad the fire attack didn't work on Ye Chen.

Undead Dragon didn't know that Ye Chen was immune to fire attacks, for Ye Chen right now the undead dragon was not a threat at all to him.

After being hit a few hundred times the fire surrounding the undead dragon's body began to dim, it seemed that soon the Undead dragon would lose.

Before losing the undead dragon collects fire above its mouth, a giant fireball forms above the Undead dragon.

This fireball is getting bigger and bigger, in a dark room, the ball is like a very bright and hot sun.

The temperature of the room immediately rose very sharply, Ye Xiu made a yellow barrier to protect the two women beside her.

This huge fireball is made with all the power possessed by the Undead Dragon.

Seeing this powerful attack, Ye Chen flew up, from above Ye Chen made a move to use the DESOLATE PALMS technique.

Because the undead dragon uses all of its power in this attack.

Ye Chen also used all his strength to use DESOLATE PALMS.

black clouds began to form, "DESOLATE PALMS second finger" from behind the clouds out the giant palm that goes towards the undead dragon.

"Booom. . . The undead dragon fired a giant fireball at Ye Chen.

The two great powers met, when the giant fireball approached the DESOLATE PALMS technique, the fireball was immediately wiped out without any resistance.
