

A True God 221

Chapter 221 - Lin Rouxi Was Cornered

"Well, I understand" Ye Chen understood the responsibility that Mu Lanyin and Qing Cheng had.

Ye Chen told Mu Lanyin and Qing Cheng the location of his residence.

After that Mu Lanyin and Qing Cheng bid farewell to Ye Chen, Both of them flew towards their respective sects, Ye Chen saw the departure of Mu Lanyin and Qing Cheng.

After seeing the figures of Mu Lanyin and Qing Cheng disappear, Ye Chen decided to return too, it had been several days since Ye Chen left the city, he wanted to know what had happened to his four women.

Ye Chen flew towards the city.

In a luxurious manor sat a middle-aged man, around this middle-aged man sat two elderly men with white hair, these three people were the head of the Yun family and two masters who were employed by the Yun family.

The three of them were discussing something important "this is very strange, why until now there is no news from elder Yun Gu" at this time Yun Pojun lost contact with Yun Gu.

Initially Yun Pojun told Yun Gu to kidnap one of Ye Chen's women as hostages, but after the order was issued Yun Pojun did not have any news about Yun Gu anymore, Yun Gu seemed to evaporate from this world.

"Patriarch Yun, do we need to go there to find out what happened there?" These two masters named San Seng and Tu Zen are both cultivators who are in the early stages of the Earth realm.

"Sorry to trouble the two great masters for this problem, I want to ask the two great masters to bring the head of the person named Ye Chen to me" Yun Pojun asked these two masters to immediately kill Ye Chen and bring his head here.

Because Yun Pojun's failed abduction method had lost his temper, he wanted to immediately kill the man named Ye Chen.

"Hahaha, patriarch Yun, it is indeed very cruel, alright we will do this happily" Tu Zen burst out laughing, he had long waited to be told to kill someone.

Tu Zen hasn't killed someone for a long time, his hands are so itchy to kill someone.

"Patriarch Yun, you don't need to worry, we will make sure to bring that person's head to you" San Seng promised Yun Pojun that he would bring Ye Chen's head.

After saying this both the San Seng and Tu Zen masters disappeared from this room, in this room now leaving only Yun Pojun alone.

"Hao'er wait, your father will soon avenge you" Yun Pojun hopes that the master San Seng and Tu Zen will succeed in killing Ye Chen.

Currently in Lin Rouxi's dormitory, Zhao Yanyan was coolly reading a book, beside her there was Lin Rouxi thinking of something.

Lin Rouxi was actually a little scared when together with Zhao Yanyan, she was now Ye Chen's lover behind Zhao Yanyan, if Zhao Yanyan knew then their relationship would be chaotic or broken.

"Rouxi sister what are you thinking about?" Zhao Yanyan suddenly asked Lin Rouxi.

A few days ago Zhao Yanyan had felt strange with Lin Rouxi's behavior, Zhao Yanyan felt that Lin Rouxi often avoided her, Zhao Yanyan did not know why Lin Rouxi was avoiding her.

"Ah. . . , no, there's nothing that I'm thinking about right now." Lin Rouxi immediately woke up after hearing Zhao Yanyan's words just now.

"Rouxi sister, why in a few days you have become strange, I see you often avoid me, is there something wrong with me?" Zhao Yanyan asked Lin Rouxi, she wanted to know why Lin Rouxi looked afraid of her.

"Avoiding? No, indeed, when did I avoid you?" Lin Rouxi immediately looked for an excuse to convince Zhao Yanyan if nothing happened between the two.

Rebuttal from Lin Rouxi instead made Zhao Yanyan even more suspicious.

"Oh yeah, Yanyan, by the way, where did the bad boy Ye Chen go, I heard from another teacher that he has skipped school for a few days" Lin Rouxi immediately changed the topic so that Zhao Yanyan didn't continue the conversation.

"Ye Chen is currently out of town, I don't know what he is doing, maybe he is looking for other beautiful fairies out there to take home," Zhao Yanyan joked to Lin Rouxi.

Zhao Yanyan no longer hid her relationship with Ye Chen, her grandfather had blessed their relationship, now Zhao Yanyan didn't need to worry that Lin Rouxi knew of her relationship with Ye Chen.

"Another beautiful fairy?" On hearing this Lin Rouxi raised her eyebrows in dissatisfaction.

"Yanyan, how can you say such a thing, are you not angry knowing Ye Chen has another woman?" Lin Rouxi did not understand Zhao Yanyan's thoughts right now.

"Why should I be angry, Ye Chen already has a few women, having a few more women is no problem" Zhao Yanyan replied very casually.

Lin Rouxi was astonished to hear Zhao Yanyan's words just now, Ye Chen had several women, how was that possible.

"Yanyan what you said just now, quickly explain to me" Lin Rouxi gripped Zhao Yanyan's sleeve very strongly, he wanted to know what Zhao Yanyan's words just now meant.

Zhao Yanyan was surprised to see Lin Rouxi's behavior right now, even though she only wanted to joke with Lin Rouxi, but the results were like this, Zhao Yanyan began to think, there seemed to be a relationship between Lin Rouxi and Ye Chen.

"Giggle, Rouxi sister why are you so curious about this, as soon as you are interested in Ye Chen" Zhao Yanyan smiled teasing Lin Rouxi.

Lin Rouxi immediately realized, just now she was too implausible, now Zhao Yanyan might be suspicious of her.

"that . . . , I'm just worried about you. "Lin Rouxi looked for an excuse so that Zhao Yanyan was not suspicious of her.

Is that really all? Nothing else" Zhao Yanyan smiled at Lin Rouxi.

Zhao Yanyan was increasingly suspicious of herself, this made Lin Rouxi's body increasingly tense, "Yanyan I'm just worried that you were tricked by Ye Chen, there's no other purpose" Lin Rouxi stuttered a little to talk to Zhao Yanyan.

Lin Rouxi's current behavior increasingly made Zhao Yanyan believe that Lin Rouxi had a relationship with Ye Chen.

"Oh yeah, Yanyan you haven't told me what cosmetics you use so that you become very beautiful like a fairy", Lin Rouxi was already very cornered by Zhao Yanyan, she changed the topic again, if she continued to talk about Ye Chen then Zhao Yanyan would actually be even more suspicious of her.

Lin Rouxi took the glass of water that was on the table, she wanted to drink a glass of water to calm herself so as not to panic with this, unfortunately Lin Rouxi's hand trembled slightly while holding a glass of water.

Zhao Yanyan saw that Lin Rouxi tried to avoid the question about Ye Chen, this made Zhao Yanyan want to tempt Lin Rouxi even further.

"Rouxi's sister, actually I don't use any cosmetics, actually this is thanks to having relations with Ye Chen" Zhao Yanyan answered very honestly to Lin Rouxi.

Since doing dual cultivation with Ye Chen, Zhao Yanyan has never used beauty cosmetics, Yang Chen's Yangqi has a better beauty effect than cosmetics in this world.

Chapter 222 - Complicated Mind

"Puft. "Lin Rouxi blew out the water in her mouth, she didn't expect that Zhao Yanyan would be very brave to say such a thing.

"Yanyan, you. . . . , how does a girl like you say so vulgar like that? "Lin Rouxi scolded Zhao Yanyan for saying vulgar words.

"Didn't you ask me yourself earlier, I answered honestly, but Rouxi's sister was angry with me, isn't that strange?" Zhao Yanyan could easily break Lin Rouxi's words.

From the beginning Lin Rouxi was indeed the wrong person for asking Zhao Yanyan's beauty secret.

"Me. . . ."Lin Rouxi bowed her head, she was quite ashamed of what she just asked Zhao Yanyan.

Lin Rouxi's thoughts at this time were very complicated.

This was the first time Zhao Yanyan saw Lin Rouxi embarrassed like this, now was the right time for Zhao Yanyan to ask Lin Rouxi about the truth.

"Rouxi sister, do you already have a relationship with Ye Chen" Zhao Yanyan asked Lin Rouxi in a very soft voice.

Hearing this Lin Rouxi's body trembled, it seemed like the secret she had with Ye Chen had been exposed by herself.

Now she was very confused as to how to answer the question Zhao Yanyan was asking at this time.

" Me. . . " Lin Rouxi looked towards Zhao Yanyan.

Zhao Yanyan currently looked at Lin Rouxi with hope, she wanted to know the truth of this matter from Lin Rouxi.

Lin Rouxi saw how Zhao Yanyan looked at her, she was currently in a very difficult situation, Lin Rouxi's mind was very chaotic, she did not know what to do in a situation like this.

Does she have to be honest or continue to hide this from Zhao Yanyan, but as the older sister of Zhao Yanyan, Lin Rouxi is not comfortable to continue lying to Zhao Yanyan.

Lin Rouxi could only blame Ye Chen for putting herself and Zhao Yanyan in a situation like this.

"Yanyan I hope you are not angry after hearing this" Lin Rouxi asked Zhao Yanyan not to be angry after hearing this.

"Yes, I promise not to be angry" Zhao Yanyan immediately nodded to Lin Rouxi.

Seeing Zhao Yanyan want to promise Lin Rouxi felt a little relieved.

"Actually I do have a relationship with Ye Chen, you might think of me as a shameless woman for having a relationship with a man who already has a girlfriend, honestly this feeling is what drives me to do this" Lin Rouxi said what her heart felt, she immediately saw Zhao Yanyan, Lin Rouxi was afraid that Zhao Yanyan would immediately get angry at her for having an affair with Ye Chen.

Strangely Zhao Yanyan was not at all angry with what she was doing, Zhao Yanyan instead smiled at herself.

"So, Rouxi's sister, how far is your relationship with Ye Chen?" Zhao Yanyan got closer to Lin Rouxi and interrogated her.

Lin Rouxi felt strange about Zhao Yanyan's attitude right now, if this were an ordinary woman she would definitely be very angry knowing the man she liked to play behind herself, what more could that man play with the person whom she considered her own big sister.

"Yanyan you're not mad at me?" Asked Lin Rouxi.

Zhao Yanyan shook her head "how can I be angry with Rouxi Sister, if there is anyone to blame that is Ye Chen, he made us both be like this" Zhao Yanyan said to Lin Rouxi.

Lin Rouxi was relieved Zhao Yanyan was not angry at her, all the stones in her heart sank "Yanyan, why don't you get angry after knowing Ye Chen has another woman" to Lin Rouxi this is a very strange thing, how could Zhao Yanyan not be angry after knowing if her favorite man has another woman.

"Rouxi sister, have you never done that with Ye Chen?" Zhao Yanyan asked.

"No, we haven't gotten that far yet" Lin Rouxi certainly knew what Zhao Yanyan meant, thinking that night while peeking in Zhao Yanyan's room made Lin Rouxi's face turn red.

"So you haven't reached that stage with Ye Chen, let me tell Ye Chen's ability in that place is very strong, if you do it with Ye Chen you will surely know, one or two women alone is not enough to handle Ye Chen" Zhao Yanyan whispered in Lin Rouxi's ears.

Lin Rouxi's face turned even redder, she had no idea he would talk about something so shameless with Zhao Yanyan.

Lin Rouxi felt that Zhao Yanyan had matured sooner than her time, even Lin Rouxi was currently having difficulty compensating for Zhao Yanyan's complicated thinking.

This was caused by the body of Saintess Zhao Yanyan who began to rise, even Ye Chen himself had difficulty guessing the thoughts of Zhao Yanyan's complex.

"Little girl, how can you do such shameless things" Lin Rouxi scolded Zhao Yanyan for doing shameless things with Ye Chen.

"Indeed, what is wrong doing that with my husband, if you taste it once, I'm sure you also won't be able to leave Ye Chen," Zhao Yanyan said, teasing Lin Rouxi.

Lin Rouxi was completely helpless with Zhao Yanyan at this time, she had difficulty talking to women who had an adult way of thinking like Zhao Yanyan.

Zhao Yanyan had tasted the taste of Ye Chen's great objects, while she was still just kissing and making physical contact with Ye Chen, it was still far from what Zhao Yanyan did.

Cough. . . Yanyan, by the way, where did Ye Chen go, did something happen to him?" Asked Lin Rouxi seriously.

"I also don't know where Ye Chen went, but I believe that he is currently fine, on earth there is only a little something that can harm Ye Chen" Zhao Yanyan did not know where Ye Chen was right now, actually Zhao Yanyan was also a little worried with Ye Chen's condition.

Zhao Yanyan asked Chu Yuechan several times where Ye Chen was, but Chu Yuechan only smiled and did not want to tell Ye Chen's whereabouts to her, Chu Yuechan said Ye Chen was fine, right now Ye Chen could not be bothered and was being do the important thing.

Nt writer: "You know what you mean by Chu Yuechan by doing things that can't be bothered :).

Seeing Zhao Yanyan did not know where Ye Chen was, Lin Rouxi did not continue to ask "by the way how many women did Ye Chen have?" Lin Rouxi asked how many women Ye Chen currently had, this question was very strange in Lin Rouxi's heart , she wanted to know how many women Ye Chen had.

"In Ye Chen's house there are three, added Rouxi's sister then the total is five." Zhao Yanyan raised her palm and opened all of her fingers.

"Five !!! "Lin Rouxi didn't expect that Ye Chen had that many women, Ye Chen already had a beautiful Zhao Yanyan, how could he still be looking for women out there.

Lin Rouxi had already decided, if Ye Chen returned, she would educate Ye Chen very tightly.

Zhao Yanyan didn't know what Lin Rouxi was thinking, if she knew what Lin Rouxi was thinking right now, surely Zhao Yanyan would laugh.

"Rouxi sister let's cook, I haven't tasted your cooking in a long time" Zhao Yanyan invited Lin Rouxi to go to the kitchen.

After that incident, Zhao Yanyan and Lin Rouxi's relationship became even closer.

Chapter 223 - Go To Recreation Park

Ye Chen finally returned his villa, when he returned to the city it was almost evening, he immediately entered into the villa.

In the villa there was Su Mengxin who was watching TV in very loose clothes and some parts of her body could be seen by Ye Chen, Xiao Lulu was currently in the kitchen cooking dinner, Fu Lanling was currently in her room doing cultivation.

Seeing someone open the door Su Mengxin immediately turned toward the entrance, she saw Ye Chen standing in front of the entrance "husband, you have returned" Su Mengxin immediately welcomed Ye Chen's arrival.

"Well, I'm going home, where are the others?" Ye Chen asked Su Mengxin where other women were.

"Sister Lanling is above, while for Yanyan and Yue they are currently out" Su Mengxin told Ye Chen where the other woman was.

"So Yanyan and Yue are going out" Ye Chen understood after getting information from Su Mengxin.

"Yes, both of them went out, Sister Yue seemed to be at the company, and for sister Yanyan she seemed to return to the dormitory at the school." Su Mengxin explained in more detail where the two went.

Ye Chen nodded at Su Mengxin, "Mengxin, do you want to go out? Ye Chen invited Su Mengxin to go outside to get some fresh air.

Su Mengxin was usually always at home and rarely went out, she was never allowed to go out by her grandfather.

"Let's take a walk outside" Su Mengxin looks very excited, she really wants to go out with Ye Chen.

"Then change your clothes first" Ye Chen told Su Mengxin to go change clothes, there was no way Ye Chen would invite Su Mengxin in an open shirt like this.

Su Mengxin only realized that he was currently wearing very loose clothes, because in this villa there were only women. Su Mengxin did not care too much about looking after her appearance.

"Wait a minute I'll go change clothes" Su Mengxin enthusiastically went upstairs to change clothes.

while waiting for Su Mengxin to finish changing, Ye Chen went to the kitchen, he wanted to see what Xiao Lulu did.

Right now, Xiao Lulu is cutting meat for the dinner menu, seeing someone coming, she looks back. "Big brother Ye Chen, you're back." Xiao Lulu welcomed Ye Chen's return.

"I just came home, what are you cooking there" Ye Chen asked what was being cooked by Xiao Lulu.

"I'm cooking meat soup for dinner later" Xiao Lulu turned out to be cooking a soup for dinner.

"Husband, I'm done." Su Mengxin turned out to have finished changing clothes. This was faster than Ye Chen had imagined

Su Mengxin changed into a one Piece blue dress with high heel shoes, her hair was combed very neatly, on her face Su Mengxin did not use a makeup at all, even without a makeup Su Mengxin remained very beautiful like a fairy.

Su Mengxin went to Ye Chen's side, she put her arm around Ye Chen's arm "let's go" Su Mengxin invited Ye Chen to go out for a walk immediately.

"Alright, Lulu, we'll go first" Ye Chen said goodbye to Xiao Lulu.

"Big brother Ye Chen, I beg you to go home when it's dinner time" Xiao Lulu wants Ye Chen to come home on time to have dinner at home.

If there is no one at home the food he makes will be useless.

"Well, we promise to go home at dinner time" Ye Chen promised Xiao Lulu that the two of them would go home at dinner time.

Ye Chen invited Su Mengxin to go to the car garage, both of them immediately took Ye Chen's luxury car. "Where do you want to go for a walk?" Ye Chen asked where Su Mengxin wanted to go.

"Recreational park, I really want to go there" Su Mengxin wants to go to the biggest recreational park in the city, Su Mengxin has long wanted to go to a recreational park.

Unfortunately his grandfather never allowed Su Mengxin to go there, because he felt it was too dangerous, with the crowds of people going there

"Alright" after the destination was confirmed, Ye Chen drove the car to the biggest recreation park in the city.

The location of the recreation park is quite far, the journey takes about 20 minutes to get there, and even then Ye Chen had to drive with a very fast speed limit.

After 20 minutes by car finally Ye Chen and Su Mengxin arrived at the largest recreational park in the city.

After getting out of the car Su Mengxin admired the splendor of this recreation park, this was his long-standing dream of going to the large and magnificent recreation park.

"Husband, let's go in and try one by one the rides inside" Su Mengxin tugged at Ye Chen's arm and invited him inside.

The adult woman Su Mengxin turned into a little girl who discovered her favorite game.

"Alright, let's go in." Ye Chen followed Su Mengxin inside.

First Ye Chen and Su Mengxin had to buy a ticket to get inside, after completing the ticket purchase the officer would put a wristband on Ye Chen and Su Mengxin.

With this bracelet they can try all the game rides in the recreation park.

When Ye Chen bought tickets a lot of people looked at him and Su Mengxin.

Ye Chen's good looks and Su Mengxin's beauty attracted many to see.

these people have never seen beautiful women and men as handsome as this.

Su Mengxin was used to being the center of attention, so she was not too bothered by this, which at this time Su Mengxin wanted was to enter the recreation park with Ye Chen.

For others who were here, Su Mengxin ignored all of them.

After completing the procedures, Su Mengxin and Ye Chen finally entered into the recreation park.

"Husband, let's try the ride" after entering Su Mengxin immediately pulled Ye Chen into a vehicle that made her interested, in the past Su Mengxin could only see this on her cellphone.

But now that she could finally try it herself, Ye Chen was dragged by Su Mengxin to a vehicle.

Ye Chen Accompany Su Mengxin to try the rides in this recreation park, Su Mengxin currently looks very happy, seeing Su Mengxin happy makes Ye Chen join in the fun.

Within a few hours Ye Chen and Su Mengxin had tried dozens of rides in this playground.

Su Mengxin was not tired at all and was bored, she was still very enthusiastic because of this happiness.

"Try playing the throwing ball and get an attractive prize, the price is only 10 dollars for 5 throws" a place offers a game of throwing the ball to get an attractive prize.

"Husband, let's try the game" Su Mengxin pulled Ye Chen off to the ball throw game.

"Our uncle asked for 10 balls to throw" Su Mengxin asked 10 sellers to throw.

"Here it is, it costs 10 dollars." Uncle gave Su Mengxin 10 throwing balls.

Su Mengxin gave 10 dollars to the seller's uncle.

"Please try your ability to throw the ball" The uncle of the seller told Ye Chen and Su Mengxin to try their leprous skills.

Chapter 224 - Prince From West Are Looking For Trouble

Su Mengxin gave Ye Chen 5 balls, while the remaining 5 balls were for her.

This game is very simple, all you need to do is throw this plastic ball forward to knock the target down on a neatly arranged rack.

There are so many items we can get if we succeed in dropping items on the shelf in front.

Su Mengxin threw her first plastic ball at the large teddy bear on the top shelf.

Big teddy bear is the main prize that can be obtained by players who can drop it.

Su Mengxin's first attempt was slightly missed, when throwing a plastic ball Plastic ball bounced off the track, this plastic ball was too light so it was difficult to control.

Su Mengxin's Second Trial succeeded in hitting a teddy bear's leg, unfortunately Su Mengxin's throw was not strong enough, the doll didn't move at all.

Seeing this Su Mengxin threw the ball even stronger, now that she was a cultivator, the power she had was no longer like a normal human being.

Su Mengxin's throw was already very strong, but the doll didn't fall either by Su Mengxin's throw just now.

Ye Chen began to feel strange when he saw Su Mengxin's throw just failed to bring down the teddy bear, there seemed to be something strange about this big teddy bear, with the strong throw Su Suxin had just done, it should have been strong enough to bring down the teddy bear above. rack

Ye Chen began to observe the large teddy bear, it turns out that behind the teddy bear there was an iron that supported the doll so that it didn't fall back.

The owner of this game is really cheating in business, he always does this to a big teddy bear, because this doll is often targeted by players

This is done to get more profit.

Su Mengxin tried the remaining 2 balls, unfortunately she was still unable to drop the large teddy bear on the shelf.

"Sorry, young lady, it looks like you're not very lucky this time, if you want, you can try again by buying a ball from us," the owner offered Su Mengxin to buy a few more balls.

Su Mengxin didn't accept because she didn't get what she wanted, she took a few dollars to use to buy a few more balls, she wanted to get a big teddy bear.

"Mengxin wait, let me try it first, maybe I can get the doll" Ye Chen stopped Su Mengxin to buy the ball from the cheating owner.

The owner was not happy about this, he just smiled wickedly at Ye Chen, the chance of getting a teddy bear was almost 0%, unless the owner of this place removed the buffer iron then the teddy bear would not be able to fall

Ye Chen wanted to try throwing the plastic ball in his hand, Ye Chen threw the plastik ball out of the target, he deliberately did not target the big teddy bear, what he was after was a chain that supported the shelf to put the items in the fight. .

"Clank. . . . "The shelf support chain was broken by the plastic ball that Ye Chen threw.

All items on the shelf fall down.

"Huh" the owner of this place was surprised to see the chain that supported the shelves was cut off by the throw made by Ye Chen just now.

Su Mengxin saw that behind the teddy bear she wanted there was an iron that supported it so it wouldn't fall back.

Su Mengxin felt cheated by the owner of this place "You, how can you do such cheating things" Su Mengxin did not accept the cheating owner of this place.

People who were passing by also saw this, they felt cheated because the main prize they had contested had been cheated by the owner of this place.

The owner of this place is soon drenched with sweat, his rotten secrets have been revealed, now he will no longer be able to do his business in this recreation park, the manager of this recreation park will definitely drive himself out of here.

"Hurry and give me the gift I got" Ye Chen asked for the gift he got, he didn't care about the owner of this place, who told the owner of this place to cheat his own customers.

The owner of the ball throwing place was forced to give the grand prize that Ye Chen received, the owner of this place did not dare to look for trouble because he was stared at by the people he had cheated.

The owner can only hope to get out of this place alive.

"This Mengxin is for you" Ye Chen gave Su Mengxin a large teddy bear.

Su Mengxin was very happy when he received a big teddy bear gift from Ye Chen, she felt to be the luckiest woman in the world because she could be with Ye Chen.

Some people saw what Ye Chen and Su Mengxin did, some women who saw this were very jealous of Su Mengxin, why didn't a man give them a present like Ye Chen did.

"Let's get out of this place" Ye Chen asked Su Mengxin to leave this place, he felt uncomfortable being stared at by the crowd of people who were here.

Su Mengxin nodded, she followed Ye Chen away.

Ye Chen looked for a place to rest with Su Mengxin, he ordered cold drinks for himself and Su Mengxin.

Su Mengxin had placed a teddy bear on the chair next to her.

When Su Mengxin was drinking a young man approached at her, this person's appearance looked like a westerner.

"Beautiful lady, do you want to go to a five-star restaurant with me" suddenly this man invited Su Mengxin to go to a five-star restaurant.

This man from the west was very brave to take Su Mengxin out right in front of Ye Chen.

"Sorry I do not know you" Su Mengxin immediately refused the invitation of this man she did not know.

The man from the west is not angry with Su Mengxin, instead he smiles at Su Mengxin "Beautiful lady introduce my name is Joe, I am a prince from the western continent" This man introduced himself to Su Mengxin, he even claimed to be a prince from the western continent.

"I do not want to get acquainted with you, quickly get lost, I already have a partner" Su Mengxin could not stand anymore with this shameless man's behavior.

Joe was captivated by Su Mengxin's glamorous beauty, he had no idea that women on this land could be this beautiful, whatever happened Joe must have Su Mengxin.

"Didn't you hear what my wife said, hurry and get out of this place" Ye Chen chased this man rudely, Ye Chen was not happy with the person who was trying to disturb Su Mengxin.

Hearing this Joe was very unhappy, Joe always got what he wanted, whatever happened he wanted Su Mengxin, to get Su Mengxin Joe didn't care if he had to kill someone.

Joe's family is very strong, his family can even rule half the land in the western continent, that's why Joe is very brave to do anything in this country, even for Joe the government of this country is no match for him.

Chapter 225 - Men In Black Suits

From the start this person came, Ye Chen had felt something strange, this man was not an ordinary human being or a cultivator, who was certain this person had strength in his body, and it was not weak.

No wonder this person is very brave, it turns out this person has a strong enough capital, Ye Chen and Joe glare at each other, both of them are not happy with the other party.

"Husband, let's go" Seeing the dispute continues, Su Mengxin decided to invite Ye Chen to leave this place.

Su Mengxin didn't want her beautiful day to be ruined by a stranger who came from nowhere.

because Su Mengxin asked him to leave, Ye Chen did not give this person a lesson.

"You're lucky because my wife is kind, otherwise I won't let you go," Ye Chen warned this man named Joe.

After giving a warning Ye Chen was invited to go by Su Mengxin to leave the drink place.

"Hehehe, I should be the one talking like that, you are very lucky your woman invited you to go, otherwise you might die in this place right now" Joe smiled wickedly at Ye Chen who had gone far away.

"Crown Prince, do you need me to take care of that person right now?" Behind Joe suddenly a man in black suit and sunglasses appeared.

The man in the black suit asked Joe. Does he have to get rid of people who have been impudent with the main heir of the royal family.

"Let them have fun first, after sunset, I want you to bring the woman to me" Joe gave orders to the person behind him.

"Okay, I understand," the black suit man obeys Joe's orders.

"I will definitely bring this woman to be my queen, hahahaha" Joe laughed very satisfied, after laughing freely, Joe suddenly disappeared from this recreation park.

After Crown Prince Joe disappeared, the man in the black suit did what he had to do.

Ye Chen currently did not know that the person had intended to look for more problems with him, Ye Chen's main focus at this time was to accompany Su Mengxin to do what she liked.

Ye Chen couldn't be bothered with problems like that.

"Ye Chen, let's try to ride the giant windmill, up there we can see the sunset" Su Mengxin invited Ye Chen to ride the giant windmill.

Su Mengxin had forgotten the person who just ruined her fun.

Ye Chen and Su Mengxin went up the giant windmill.

"Very beautiful" from up here the view of the sun sets looks very beautiful.

Ye Chen embraced Su Mengxin's body while enjoying this sunset view.

Su Mengxin leaned her head against Ye Chen's chest "husband, thank you for what you did today, I am very happy to be able to enjoy this with you" Su Mengxin is very grateful to Ye Chen, because thanks to Ye Chen, Su Mengxin was able to realize a long-standing dream she wants.

Su Mengxin felt herself returning to being a free young woman, without a family restraint.

"You don't need to thank me, I'm doing this because I love you, as long as you're happy I'm happy too" Ye Chen said touching words to Su Mengxin.

Su Mengxin woke up from Ye Chen's chest, he looked at Ye Chen with a very gentle look.

The adult woman Su Mengxin felt a very strong love from Ye Chen.

Ye Chen also looked at Su Mengxin, their four eyes meeting.

Unconsciously Su Mengxin leaned closer towards Ye Chen, her cherry lips kissed Ye Chen's lips.

Ye Chen welcomed Su Mengxin's sudden kiss, he began greedily kissing Su Mengxin, Ye Chen's tongue trapped Su Mengxin's tongue, Su Mengxin was no stranger to kisses, she eagerly ensnared Ye Chen's tongue, both of them made very passionate kisses at over a giant windmill.

The sight of the sunset will add to the passion of the adult kisses done by Ye Chen and Su Mengxin.

Both of them kissed for more than 10 minutes, after the sun went down they finally wanted to let go of each other.

Su Mengxin's face was already very red, she felt the kiss just now was the most passionate she had ever done with Ye Chen.

Time was up, time for Ye Chen and Su Mengxin to come down from the giant windmills.

When Ye Chen and Su mengxin went down it had become dark, the lights in this place started to turn on which made this place look more lively and sparkling.

Unfortunately it is time for Ye Chen and Su Mengxin to go home for dinner "let's go home" Ye Chen invited Su Mengxin to return to the villa.

Su Mengxin nodded at Ye Chen, she was quite satisfied with what she got today.

While hugging a large teddy bear Su Mengxin walked along with Ye Chen.

Both of them immediately went towards the car they parked.

It is strange that the car park is very dark, there are no lights on in the car park.

Seeing this, Ye Chen felt that there was something strange about this parking lot.

Su Mengxin also felt something was off, she approached and hugged Ye Chen's body.

Ye Chen looked around, in a corner he saw someone in a black suit and wearing sunglasses.

Moonlight began to illuminate the parking lot, people in the corner immediately went towards Ye Chen and Su Mengxin.

the man with after the black suit arrived in front of Ye Chen.

"Who exactly are you?" Ye Chen asked who this mysterious man was, he had never met this man before.

"You don't need to know who I am, because soon you will die here" the man in a black suit immediately advanced towards Ye Chen with lightning speed.

The man in the black suit held his hand very tightly, this person intended to kill Ye Chen with just one blow.

This punch was aimed right at Ye Chen's heart.

For others the speed of the man in the black suit was indeed fast, but for Ye Chen this man's speed was very slow.

"Bamm" a loud blow rang out, right now Ye Chen was grasping the hands of the man in the black suit.

The man in the black coat was surprised to see that this person could withstand the blow he was making, it was impossible for ordinary people to withstand his attacks.

"Ye Chen was quite surprised by the strength of this black man in a suit, this person's strength was even comparable to that of a cultivator in the early stages of the Emperor Realm.

Ye Chen had confirmed repeatedly that this person was not a cultivator, people like mutants or supermen who had powers far above ordinary humans.

"Tell me who was the one who told you to kill me" While holding this person's hand, Ye Chen asked who was the person who tried to kill him.

"You think I'm too stupid to tell the enemy who my employer is" the man in a black suit snickered at Ye Chen.

"You have no other choice, if you want to live you have to say who was the one who sent you here" Ye Chen gave the man with a black coat the opportunity to acknowledge the person who sent him here.

"I was sworn in by the promise of loyalty, I would never betray my employer." This man's arm suddenly began to swell, a suit that covered the man's arm was immediately torn.

Ye Chen saw that this person's hands became hairy like a monster's arm.

The man in the black suit broke away from Ye Chen's hand

Chapter 226 - Silver Werewolves

This person's arm is very strange, it's almost like a beast's arm with silver fur, actually what a monster's arm has silver fur.

"Die !!" the man with the black suit immediately attacked Ye Chen using his monster's arm.

"Mengxin retreat" Ye Chen told Su Mengxin to retreat back so as not to be dragged into this battle.

Su Mengxin understood, she immediately went away behind so as not to disturb the battle of Ye Chen.

"Bamm" a man's arm with after a black suit hit Ye Chen's body.

After this person's arm changed, this person's strength also increased quite a lot.

even though it was already strong enough, beating a man with after a black suit was nothing to Ye Chen.

"Even though you are not a cultivator you have very great strength" Ye Chen praised this person's strength which was quite strong.

"I did not think it turns out you are a cultivator, it's right you are not afraid after seeing me bear fruit" the man in a black suit pulled back behind.

"What exactly does a monster like you want from me?" Ye Chen asked again what this person wanted from him.

"I don't need to explain to you, after all you are my enemy there's no point in saying anything to you" the man in the black suit said to Ye Chen in a provocative tone.

"Huft" Ye Chen sighed, it seemed there was no choice but to use force to find out who the person behind the man with after this black suit.

Ye Chen used the nine-step number to move towards the man with the after black suit.

"Agrhhh. . . ."The man in the black suit roared in pain, he saw that his right arm was cut off.

"Sometimes you have to know when is the right time to surrender" while holding the arm of a man's monster with a black suit, Ye Chen told this person to just give up.

Seeing the strength of the person Ye Chen had displayed, the man in the black suit did not look scared at all.

"Until whenever I will never give up, even though I die I will remain loyal to my employer" the man in the black suit still did not want to tell who exactly was behind all this.

The body of a man with after a black suit starts to look weird, looks like something will soon come out of this person's body.

This person's face began to twitch in a very disgusting manner, little by little the body of a man with after a black suit turned into a big monster.

After a while this man turned completely into a monster who had a height of 2 meters with a very muscular body.

The arm of a man with a black suit can regain body very quickly, this person's regeneration rate is very fast.

This person turned out to be a silver werewolf "awwwuuuuuuuu" a silver wolf monster helped to the night sky.

Ye Chen looked at the silver werewolves, he did not expect that the werewolf legend still existed on this modern earth, Ye Chen thought that the werewolf nation had disappeared from the past, there were still remnants of the werewolves on modern earth.

"You're a cultivator, right, you might feel the most powerful right now, but our wolf nation is far more powerful than the cultivators in this world, we can heal wounds very quickly, even surpassing you cultivators" Silver Wolfman with arrogantly told that he has a very great regeneration ability.

Ye Chen certainly knew one of the werewolves regeneration abilities that was often shown in the Movie series in theaters.

But this was too much, the recovery ability displayed by the silver werewolf just now was much faster than that in the legend.

"Such an ability is unrelated in combat, in battle only the strongest will win" for Ye Chen the regeneration ability is not the most important, what is most important in battle is absolute strength.

"Let's see if you can defeat me in my perfect form." The werewolf of silver took a square off.

He pushed himself forward towards Ye Chen, the silver wolf man taking out his sharp claws to tear Ye Chen's body apart.

"Slash. . . ."The silver wolf man tried to cut Ye Chen's body, unfortunately what he cut was only an air, Ye Chen disappeared from the place where he had stood before.

"You're too slow" Ye Chen was now right behind the silver werewolf.

"Bamm" Ye Chen hit the head, Silver werewolft very strongly.

After gaining an inheritance from the Azure Dragon God Ye Chen's physical strength was now very strong, even the ordinary punch he launched had an extremely strong power.

Fangs and jaws, Silver werewolves immediately fell out and separated, even the silver werewolves face bent sideways.

Supposedly with this blow attack the silver werewolf is dead.

Silver werewolft did not die by the attack Ye Chen had just launched, very quickly the part that came loose and fell back grew back, dividing the crooked face sideways back to its previous shape.

"Hahaha, I already told you that you will not be able to defeat me, in front of my regenerative ability, your great strength is nothing" Silver werewolves were very arrogantly showing off to Ye Chen.

"Tsk" Ye Chen hates people who have the ability to regenerate a lot, this is very cheating because it can heal very quickly, why does he not have the ability like this silver werewolf.

"Ye Chen, you don't need to think too much about this mongrel's ability, the Silver werewolft regeneration ability requires a fee to use it, and the fee for regeneration as soon as it is its own age, every time a silver werewolf uses this ability its age will be cut off" Chu Yuechan told Ye Chen, if the ability of Silver werewolft is not very perfect, the payment for using such an ability is the age of Silver werewolft itself.

Chu Yuechan's knowledge did not need to be questioned anymore, if what was said by Chu Yuechan was true then the Silver werewolft could not repeatedly use the ability of rapid regeneration.

"I don't have time to deal with werewolves like you, let's end this right away." Ye Chen didn't have time to mess with this annoying Silver werewolf.

He had promised Xiao Lulu to go home on time for dinner, at this time Ye Chen was already too late from dinner time, whatever happened Ye Chen had to quickly settle his business with Silver werewolft.

If what Chu Yeuchan had said was true, then what Ye Chen needed to do was injure the werewolves until they could no longer regenerate quickly.

This is very easy for Ye Chen "bamm. . . . , bamm. . . . , bamm. . . . , bamm. . . . , bamm. . . . ,". Ye Chen hit Silver werewolft's body in a row.

The werewolves were not even given a chance by Ye Chen to recover himself.

"Awuuuu" silver werewolves howled more loudly, his body had been severely destroyed by the barrage attacks Ye Chen had launched.

"So this is the only regeneration ability that you are proud of." Ye Chen smiled wickedly at werewolves.

"You. . . . "The sound of a werewolf is very hoarse, he can no longer regenerate his body.

Chapter 227 - Dark Legacy

"What now you want to say who is behind all this?" Ye Chen gave silver werewolves one last chance to acknowledge who was behind all this, and what he wanted from him.

Actually Ye Chen had guessed who was the person behind all this, but it was still a guess of his, he wanted to hear from this person himself who was behind all this.

"Dream on, I will never tell you forever" The werewolf is still strong in its stance, he does not want to admit who is behind him.

"Alright, if that's what you want, then I no longer need you." From Ye Chen's palm came a deep fire.

Ye Chen used this fire to burn the Werewolf's body.

"Arghhhhh" werewolves let out a roar of pain as Ye Chen's flame burned his body.

In an instant the body of a werewolf was burned to ashes, werewolves did not have the ability to recover.

After exterminating the werewolf Ye Chen went towards Su Mengxin.

"Mengxin, let's go back home," Ye Chen invited Su Mengxin to return to the villa.

"Alright" Su Mengxin nodded at Ye Chen, both of them got into the car, after both of them got into the car Ye Chen drove the car towards his villa.

5 minutes after Ye Chen's car left, there were four figures coming down from the sky, these three people looked around the parking lot.

Looks like the four of them are looking for someone "should have been howling just now from this place, why is there nothing empty here" The person who spoke was an old man who looked around 60 years and over.

This old man named Robet, he is also a werewolf.

"Elder Robet, are you sure the sound just came from this place?" The person who spoke this time was Prince Joe who was met by Ye Chen in the recreation park.

He was looking around to find out where the howls he had just heard were.

"Crown Prince, I'm sure that the voice just now came from this place, this voice is also one of your subordinates" Robbed of course familiar with the howling voice of the summons just now.

The howl was clearly one of Prince Joe's loyal subordinates.

of course Joe would believe the words of Elder Robet who had become his father's right hand man.

But after reaching here they didn't see where the person who was just howling.

"Crown prince, Elder Robet, I found something" One of the robots found something from the former battle ground of Ye Chen and Silver werewolves.

Joe and Robet immediately went to the place of the subordinate who had just spoken.

When they arrived, they saw the hand of a monster that had been cut lying on the ground, this piece seemed to be still new, the blood in this place also still smelled very fresh.

"As I expected, there was a battle here before" Robet began to conclude that in this place there had just been a brief battle.

howling just now was a signal for help, unfortunately the four of them were late coming here.

"Crown Prince, did you previously tell your subordinates to do something for you?" Robet asked Joe if he told his subordinates to do a job to do.

"Yes, I did tell my subordinates to do something, I just told my subordinates to get rid of ordinary people," Joe explained to Robet that he told his loyal subordinates to get rid of a human, Joe did not say that his goal was to get a beautiful woman.

If he told this to Elder Robet he would surely be scolded by his father. Although Joe is a prince but he still does not dare offend Robet, after all this person is still his father's right hand.

"Are you sure the person you are trying to get rid of is a normal human being" Robet asked Joe whether the person he was trying to get rid of was a human being or not.

" that . . . "Joe did not know whether that person was a normal human or not, Joe did not feel the energy from Ye Chen's body, therefore Joe concluded that Ye Chen was a normal human being.

Hearing an uncertain answer, Robet raised his eyebrows "Next time make sure whether he is just a normal human or not, at this time we are not in our own faction's territory, if you create chaos the Kunlun faction will not remain silent" Robet advised Joe for more be careful when in someone else's faction.

"Elder Robet, I understand, from now on I will be more careful in making decisions" Joe did not dare to fight Robet's words, he only obediently received advice from Elder Robet.

"Good, you're a future king of silver werewolves, every decision you make must be made very carefully before you do it" Robet was satisfied to see Joe willing to admit the mistake he had made.

"You two find out the clue who the person who has done this all, if you find it do not do anything to him, just report to me" Robet told his subordinates to look for clues who the person who has done this.

If indeed the person who did it was from the Kunlun faction then he had to notify the king and report this to the Dark Legacy faction.

"Crown Prince, let's go back to the hotel," Robet invited Joe back to the hotel.

Joe helplessly followed behind Elder Robet back to the hotel where they were staying for the time being.

Joe himself was very dissatisfied, he was supposed to have some fun tonight with the beautiful woman he had met this afternoon, so this incident happened once.

Joe will find out where Su Mengxin lives, Next time he will bring Su Mengxin with his own hands.

Joe believes that if that person is an ordinary person, that person might be lucky to meet a strong person who wants to save himself.

Ye Chen did not know that after he left several more werewolves came.

Ye Chen was now almost at his villa, after arriving at Villa He and Su Mengxin immediately got out of the car, both of them went to the dining room.

In the dining room there are already many plates with food on it, here are Liu Yue Fu Lanling and Xiao Lulu, Liu Yue and Fu Lanling seem to be waiting for Ye Chen's arrival, while Xiao Lulu is arranging the dishes to make them look better when viewed.

Seeing Ye Chen come Fu Lanling smiled at Ye Chen.

"Husband, finally you remember to go back home, where have you been for the past few days, is it possible you found a new vixen outside and forgot us" Liu Yue looked dissatisfied because Ye Chen had disappeared for days without a word.

Ye Chen was surprised to hear Liu Yue's words just now, how did Liu Yue know that he was having fun with two beautiful women these past few days.

Ye Chen immediately rushed to Liu Yue's side "how could I forget my beautiful wife, every time I always miss you all" Ye Chen tried to persuade Liu Yue with sweet words.

Chapter 228 - Practice Alchemy Skills

With Ye Chen's persuasion, Liu Yue finally wanted to smile "Giggle, Husband, you have a very sweet tongue, it is fitting for many women to fall in your arms", Liu Yue giggled, just now she just wanted to tease Ye Chen, not to think that she was alone will instead enjoy the praise of Ye Chen.

"Ye Chen's big brother, the food is ready, please try cooking it for me" Xiao Lulu wants Ye Chen to try the food she has made.

Ye Chen looked up at the table, besides the meat soup there were many more complementary foods made by Xiao Lulu, all of them looked quite tasty and delicious.

Ye Chen tasted the food made by Xiao Lulu, Xiao Lulu's cooking was delicious, this was not inferior to the cuisine in starred restaurants.

"Delicious" Ye Chen complimented Xiao Lulu's food with all her heart.

Receiving Ye Chen's praise, Xiao Lulu's face turned red like an apple.

Xiao Lulu was very happy to receive praise from Ye Chen, her efforts to learn cooking finally produced satisfying results.

She can now cook a pretty good meal for this family.

"You also sit and come eat, it's not good to stand there" Ye Chen told Xiao Lulu to sit together with him.

"Yes, come here and eat with us." Liu Yue also invited Xiao Lulu to sit and eat.

Xiao Lulu shyly sat down with Liu Yue, Fu Lanling and Su Mengxin.

Everyone began to eat the dishes made by Xiao Lulu.

"Yue, how is your company doing?" Ye Chen asked Liu Yue's company.

"Everything has gone back to normal" Liu Yue's company has returned to normal as before.

"Then have you mastered Jun Jing's company?" Ye Chen asked whether the company owned by Jun Jing and Jun Moxi was already controlled by Liu Yue.

"Not completely, it still needs some more time before Jun's company goes bankrupt, investors and shareholders gradually start leaving the Jun company, soon the company will definitely go bankrupt, and at that time I will definitely buy it at a very cheap price" plan Liu Yue has been prepared very carefully.

Step by step has been carried out, soon the father and son, Jun Jing and Jun Moxi will become homeless.

"That's good. I hope you immediately carry out the plan you have." Ye Chen fully supported what Liu Yue did.

Both Jun Jing and Jun Moxi are not good people.

"Husband, have you seen the news today, your company has gone international, now Xiannu company's products have been recognized by the world, it seems like that girl Xia Qingyu is doing a very good job" Liu Yue told Ye Chen a good news about Xiannu's company.

Quchu Ointment and Beauty Cream are very popular in the market, everyone really likes these two products because the effect is very fast and without side effects after use.

"That's great." Ye Chen was quite happy that his company had become big in such a short time.

"If you have another product that is more powerful, I think that soon your company will surpass mine," Liu Yue has analyzed the Ye Chen company's curve, if Ye Chen's company continues to run like this, soon it will surely surpass Liu Yue's company, as long as there is a new product, Xiannu company can develop further.

"I of course still have a lot of drugs that are very hopeful, I will sell them gradually" Ye Chen still has many prescription drugs that are far more powerful than quchu ointments and beauty creams, Ye Chen deliberately save them for later so as not to damage the market.

Liu Yue nodded at Ye Chen.

"Husband, a few days ago there was a cultivator who tried to sneak into the courtyard of this villa, I immediately caught this thief, when I asked that person, he let out words that were threatening, so I knocked that person into a handicap. "Fu Lanling told Ye Chen that a few days ago someone had sneaked into the Villa courtyard, fortunately the array that Ye Chen had installed was very effective so that the person could only enter the courtyard outside the villa.

When Fu Lanling asked the thief who sneaked, the thief instead threatened Fu Lanling, even that person wanted to kill Ye Chen and make the woman in the villa become a slave, this made Fu Lanling very angry, with one finger Fu Lanling tapped the thief's head this becomes permanent disability.

The power of one finger of Fu Lanling doesn't need to be questioned anymore, even if you want Fu Lanling to make the thief into a mist of blood, Fu Lanling is still kind enough not to kill this thief.

After making this thief defect Fu Lanling threw this person out of the villa, Fu Lanling did not care about the fate of this evil thief.

Hearing this, Ye Chen slightly raised his eyebrows, who else was trying to look for problems with his family, whether those people didn't give up searching for problems with him.

Possibly it was people from Jun's family or Yun's family, only these two families became Ye Chen's enemies.

"Yue looks like you have to speed up your plans, it looks like the other side will not just stay quiet and watch" Ye Chen told Liu Yue to immediately speed up the plan to destroy Jun's company.

Whereas for Yun Ye Chen's family could take care of it later, after all the Yun family very far in the capital they would not act quickly against him.

"Alright" Liu Yue understood, it seemed like the enemy was using a rude way to deal with her and Ye Chen.

"Linger I will trouble you to take care of the others" Ye Chen asked Fu Lanling to look after the other Ye Chen women.

If there were strong opponents like werewolves coming Zhao Yanyan, Liu Yue and Su Mengxin could not possibly fight these strong men, only Fu Lanling was the only one strong enough to fight the werewolves that Ye Chen had just resisted.

"You don't need to worry, I will try to be the safety of the other sisters" Fu Lanling guaranteed the safety of Zhao Yanyan, Liu Yue and Su Mengxin.

After finishing dinner, Ye Chen Liu Yue, Fu Lanling and Su Mengxin immediately went inside the fairy gate.

Fu Lanling immediately trained Liu Yue and Su Mengxin, Fu Lanling wanted them both to practice their fighting abilities.

Ye Chen actually wanted to train Liu Yue and Su Mengxin, but he had other things to do at this time.

Ye Chen looked for a quiet and calm place, in this quiet and calm place he intended to practice the alchemy skills he possessed.

Right now he and the women needed enormous resources to become stronger, so Ye Chen had to make full use of the herbs he got to make pills or medicines that were useful for increasing the strength of himself and the women.

Because this was Ye Chen practicing the alchemical skills he had, right now Ye Chen's alchemical ability was still low, Ye Chen rarely practiced alchemy because he was too focused on strength training, he only practiced alchemy in his spare time, and even if he wasn't lazy: V .

Ye Chen took the dual dragon cauldron from the storage room, he wanted to see if this cauldron was as good as the one in the description.

Chapter 229 - Four Frozen Fairy Is Injured

Ye Chen took some medicinal plants and put them into the dual dragon cauldron, after Ye Chen put the medicinal plants into the dual dragon cauldron, n Ye Chen closed the dual dragon cauldron.

Ye Chen began to circulate the fire inside the dual dragon cauldron, the first stage was the purification process, this process was no less important because it would determine the level of purity of the pills that were made.

In this process one must be very careful that a little mistake in separating impurities in medicinal plants can result in failure to make pills.

Ye Chen must continue to maintain the temperature inside the dual dragon cauldron so that it is not too high or not too low, the temperature must be set as well as possible so as not to burn the medicinal plants in the dual dragon cauldron.

According to Ye Chen, making medicine in a dual dragon cauldron is easier than making it in an ordinary cauldron, the temperature inside a dual dragon cauldron is easier to guard than an ordinary cauldron.

After finishing the purification of the drug, it is now a matter of combining the purified medicinal plant extracts into a pill, this process is no less difficult than the purification process, just one little bit of all the efficacy of the pill can evaporate.

Ye Chen carefully compacted the extract from the medicinal plant into a pill, if it failed there would definitely be an explosion.

finally after a fairly long process, a successful Tier 4 pill was made, Ye Chen opened the dual dragon cauldron cover and saw how many pills he had made.

Ye Chen saw that there were two pills in the dual dragon cauldron, it should be that with these ingredients Ye Chen could only make one pill.

Ye Chen's dual dragon cauldron with the special ability to double the pill he made.

"This is great" Ye Chen was very happy to know that the dual dragon cauldron's ability was real.

After easily making Tier 4 pills, now Ye Chen wanted to try to make Tier 5 pills, maybe in the process Ye Chen would experience failure many times.

but that doesn't matter, in practice failure is common.

The higher the Tier Pill, the more difficult it was to make it, Ye Chen tried again to put medicinal ingredients into the dual dragon cauldron, this time Ye Chen made the cheapest Tier 5 pill.

Ye Chen carried out the procedure as before, all went well when purifying, but when combining medicinal plant extracts there was a slight problem "bamm" there was an explosion inside the dual dragon cauldron.

Ye Chen knew that he had failed, he wanted to see the pill inside, inside there was a pill that failed and was imperfect, if this was eaten it would have an unknown effect on those who took it.

Better to throw away this failed pill, Ye Chen tried again, he would not stop until he succeeded in making a Tier 5 pill.

Tonight Ye Chen continued to practice making pills inside the gates of a calm fairy, no one was bothering him from practicing alchemy.

In a very cold and snowy place, Mu Lanyin flew above the sky, Mu Lanyin passed through the high snowy mountains.

After parting with Ye Chen, Mu Lanyin flew at full speed to return immediately to the Frozen Ice Sect, after breaking through the Emperor Realm Mu Lanyin's flying speed was astounding, even Mu Lanyin could save more time than riding a snow bird.

this place is very cold and snowy very thick, it is impossible for humans to be able to live in a place like this cold.

Because of this, the Frozen Ice Sect rarely opened up to outsiders, apparently they lived in a very remote area far from residential areas.

The fact is the headquarters of the Frozen Ice Sect is in this mountain range, the entire Frozen Ice Sect building is made of very strong and ancient Ice, even the walls that protect the Frozen Ice Sect are made of very strong ice, this is far stronger than anti-nuclear concrete walls made by humans.

Mu Lanyin descended in front of the entrance of the Frozen Ice Sect, when she came she was welcomed by eight beautiful female students, these eight beautiful female students were guarding the gate of the Frozen Ice Sect.

There isn't usually a lot of female students guarding the entrance of the Frozen Ice Sect, usually there will only be two to three female students guarding the entrance of the Frozen Ice Sect, it's so strange why suddenly the gate guards of the Frozen Ice Sect are upgraded, did something happen at the sect when Mu Lanyin was not here.

"Sincerely, to the sect master" the eight Frozen Ice Sect disciples immediately saluted Mu Lanyin.

Mu Lanyin nodded at the eight beautiful female students. "Has the Four Frozen Fairy returned?" Mu Lanyin asked the situation of the Four Frozen Fairies.

The four beautiful female students looked at each other "sect master, Four Frozen Fairy had indeed returned, but they were seriously injured and were currently in the healing room" one of the female students answered Mu Lanyin.

"How can they be hurt?" Mu Lanyin asked how could the Four Frozen Fairy Injured.

"Sect masters for that matter we don't really know, when they return they are already seriously injured" The female students who guarded the gerbag did not know how the Four Frozen Fairy was injured, they knew only the Four Frozen Fairy returned with a body full of blood.

"I will see their situation, you guys keep guarding this gate, don't let outsiders enter our sect" Mu Lanyin told the eight female students who were guarding the entrance to be vigilant.

Mu Lanyin immediately went to where the injured Four Frozen Fairy was, she wanted to see what the Four Forzen Fairies were like.

Without a long time Mu Lanyin arrived the healing room, inside here there were several senior students who were taking care of the Four Frozen Fairies.

"Respect to the sect master" Senior female students immediately welcomed the arrival of Mu Lanyin, they were happy that the sect master Mu Lanyin came home fine, they thought the sect master was having a bad thing.

If Mu Lanyin experienced something bad, then the situation of the Frozen Ice Sect would become even worse.

"How is the condition of the Four Frozen Fairy" Mu Lanyin asked the situation of the Four Frozen Fairies to the female senior students who were caring for the Four Frozen Fairy.

"The conditions of the four fairies have begun to improve, the wounds on their bodies are also gradually recovering, maybe in a few days they will wake up soon" Senior female students told Mu Lanyin how the conditions of the Four Frozen Fairies were.

Mu Lanyin heard the situation of the Four Frozen Fairies carefully "You all can rest, I myself will take care of the four of them" Mu Lanyin told the senior students who care for the Four Frozen fairy to rest.

It looked like they were very exhausted from not sleeping and depressed while treating Four Frozen Fairy.

"Thank you Sect master, we excuse myself to withdraw first" Senior students obeyed Mu Lanyin's orders and came out of the healing room, they were all very tired because they had to care for the Four Frozen Fairies for days.

After the senior female student left, Mu Lanyin approached the Four Frozen Fairies, on the Ice bed there were four beautiful Fairies, these four beautiful fairy were none other than Mu Zhue, Feng Xi, Mu Fei, Murong Xia.

The four beautiful fairies were seen sleeping very peacefully, Mu Lanyin held her hand very tightly, actually who would dare to hurt the Four Frozen Fairies, if Mu Lanyin knew she would take revenge on that person.

Mu Lanyin took several bottles of healing pills that she got from the treasure room in the ancient heritage place.

Mu lanyin helped the four women to take this healing pill.

Mu Lanyin was convinced that this Pill was very effective in healing the wounds suffered by Four Frozen Fairy

Chapter 230 - Mu Nianci

After giving the Healing Pill, the wounds on the body of the Four Frozen Fairies began to heal very quickly, the pills obtained from the treasure room in the ancient inheritance were very great, the effect of wound healing was very fast.

The Four Frozen Fairy lashes began to tremble, it seemed they were coming to their senses, a few moments later Four Frozen Fairy opened their eyes, the four of them looked around the room, after waking up the four still looked a little in a daze.

The four of them saw Mu Lanyin standing right in front of them "sect master, where is this? "Four Frozen Fairy asked where they are right now, the heads of the four beautiful fairies are still a little dizzy and cannot be used to think clearly.

"We are now in the sect's healing room, what exactly happened when I was not with you, who has done this to the four of you? "Mu Lanyin asked who was the person who had injured Mu Zhue, Feng Xi, Mu Fei, Murong Xia.

Mu Zhue, Feng Xi, Mu Fei, Murong Xia began to remember what had happened before, they remembered that they had just survived a terrible life and death situation.

"I now remember, when we returned to our sect were ambushed by two people wearing masks" Mu Zhue told what happened to herself and the other three fairies when returning to the sect, the four were ambushed by two people wearing masks, the strength of the two Masked people were very strong, even the combined strength of the Four Frozen Fairy was unable to defeat these two masked people.

The Four Frozen Fairies were ambushed by the enemy and suffered a crushing defeat, fortunately they were able to escape from a dangerous situation by using the forbidden techniques of the sect.

After using the forbidden technique their body suffered even worse injuries, they were lucky to be alive after using the forbidden technique Frozen Ice.

"Do you know who is the one who ambushed you?" Mu Lanyin asked the four fairies who were the people who had ambushed them.

"We don't know because they use masks, but the techniques and skills they have are exactly the same as those of the Seventh Sword Sect." Murong Xia told Mu Lanyin what she remembered, when she fought with those people, she felt that the opposing techniques were very similar with what the Seventh Sword Sect has.

"Are you sure about that" Mu Lanyin questioned Murong Xia, among the Four Frozen Fairy Murong Xia was the youngest, she was very young and had not much experience, therefore Mu Lanyin questioned Murong Xia.

"I'm very sure" Murong Xia nodded at Mu Lanyin, Murong Xia was very sure of what she saw.

"Mu Zhue, Feng Xi what do you think?" Mu Lanyin asked Mu Zhue and Feng Xi about what Murong Xia said.

"I hate to say this, but what Murong Xia says is true, even though the enemy is hiding their skills, at the last moment I saw that their skills were exactly the same as those of the Seventh Sword Sect" Mu Zhue agreed with Murong Xia, she guess that the people who ambushed them were people from the Seventh Sword Sect.

"But what is the reason the people of the Seventh Sword Sect attacked you, haven't we never had a feud with the Seventh Sword Sect" Mu Lanyin was confused, why did the people of the Seventh Sword Sect attack the Four Frozen Fairies, Seventh Sword Sect and Frozen Ice Sect never touched before.

"There might be a reason for this, before when at the ancient inheritance we had a slight misunderstanding with the Seventh Sword Sect, we and other large sects were accused by the Seventh Sword Sect of killing the injured elder of the Seventh Sword Sect" Mu Zhue said that before there was indeed a mistake if they were accused of killing and harming the elder of the Seventh Sword Sect.

For not accepting the Four Frozen Fairy was accused of turning back with words that stabbed at the Seventh Sword Sect.

"So that's what happened, even though the Seventh Sword Sect won't attack you carelessly, there must be something else behind all this" Mu Lanyin was still a little doubtful that the person who had attacked the Four Frozen Fairy came from the Seventh Sword Sect.

Ye Chen and Qing Cheng forgot to tell Mu Lanyin the foul plan of the Seventh Sword Sect to take control of all the sects in the mainland world.

Ye Chen should have told Mu Lanyin to be more vigilant with the Seventh Sword Sect.

"You guys rest, I will discuss this with the ancestors" Mu Lanyin told Mu Zhue, Feng Xi, Mu Fei, Murong Xia to rest, after using the forbidden technique now the four fairies were completely unable to use the Frozen Ice technique, that's why the four women were very range to danger.

"Yes" Mu Zhue, Feng Xi, Mu Fei, Murong Xia simultaneously nodded at Mu Lanyin.

Mu Lanyin went from the healing room, she went to the very back of the sect, this is where Master Lanyin lived and lived, the female students or elders of the Fairy were forbidden to come here if nothing very important happened.

"Master, Lanyin students come to salute" Mu Lanyin came to greet her teacher.

"Lanyin, is that you? . . . , come in "a woman's voice that sounded very clear was heard from inside the cave, this woman told Mu Lanyin to enter.

Mu Lanyin immediately entered the cave, in the cave is very quiet there is only a little light that illuminates this place.

Here sits a very beautiful woman, this woman has blue hair like Ice and uses a veil that covers part of her face, this woman's body has developed very well, even Mu Lanyin is a little lost in terms of the body shape of this woman, women's eyes it is blue like crystal which is very clear, there are no ripples in the eyes of this beautiful woman, this woman is very calm like water in a pond.

This woman was a sect of masters before Mu Lanyin, this woman's age was even 2 or 3 times the age belonging to Mu Lanyin, this woman's name was Mu Nianci.

"Master. . . ."Before Mu Lanyin finished her words, some icy flowers headed towards her.

Mu Lanyin immediately destroyed the Ice flower that was heading towards her "Bang. . . . , Bang. . . . , Bang. . . . , Bang. . . ."All the ice flowers that led to her were destroyed very easily by Mu Lanyin.

"Lanyin, it seems like you have gotten even better since our last meeting" Mu Nianci only wanted to test the strength of Mu Lanyin at this time.
