

A True God 251

Chapter 251 - Buy Ginseng At The Traditional Medicine Festival

Xia Qingyu couldn't possibly go with this look, she had to change clothes and dress up first, women don't like to look ugly in public because this is what Xia Qingyu had to dress up before leaving.

Ye Chen was forced to wait for Xia Qingyu to dress up and change clothes.

25 minutes later.

Ye Chen was almost bored waiting, Ye Chen had no idea that Xia Qingyu would be this long, actually what Xia Qingyu was doing, changing clothes took 25 minutes.

"Tap. . ., tap. . ., tap. . ." Ye Chen heard footsteps from above, finally Xia Qingyu came down too.

Xia Qingyu descended the stairs, at this time Xia Qingyu's appearance had completely changed to a very beautiful woman.

Xia Qingyu was wearing an Ice blue shirt with a knee-length skirt, Xia Qingyu's hair currently being parsed made Xia Qingyu look like a young woman who was 18 years old, the touch of her cold face made Xia Qingyu look even more beautiful.

Xia Qingyu was like an untouched Ice flower, Ye Chen stared at Xia Qingyu's beauty without blinking.

"Why are you looking at me like that, is there something strange about my appearance?" Xia Qingyu saw that Ye Chen did not blink while staring at her.

"Qingyu, you are so beautiful, I am very lucky to be blessed by a woman as beautiful as you" Ye Chen praised Xia Qingyu.

Xia Qingyu did not look happy or excited, she still put on her cold expression, "You have a sweet tongue, let's go there immediately" Xia Qingyu invited Ye Chen to go to the traditional medicine festival.

although Xia Qingyu looked cold on the surface, but inside Xia Qingyu's heart was currently flowering because it was praised by Ye Chen.

Ye Chen and Xia Qingyu walked side by side.

Xia Qingyu brought Ye Chen to her car "This is the key for you to drive" Xia Qingyu handed her car key to Ye Chen.

She wanted Ye Chen to drive the car, Ye Chen received the car key from Xia Qingyu.

Though it would be faster if Ye Chen could bring Xia Qingyu flying there, but because he had to hide his strength from Xia Qingyu, Ye Chen had to get in a car.

Xia Qingyu and Ye Chen got into the car, Ye Chen immediately drove the car to the next city.

With normal speed Traveling to the next city takes at least 2 ~ 4 hours, Ye Chen drove Xia Qingyu's car to reach a speed of 250Km / hour.

Ye Chen easily passed all the cars in front of him, to shorten the time Ye Chen chose to use the toll road, here the traffic was not too heavy

Seeing the needle showing a speed of more than 250km / hour, Xia Qingyu was almost scared to death, Xia Qingyu knew that her car had an upper speed limit of up to 280Km / hour, but Xia Qingyu never tried that speed, usually Xia Qingyu drove at 60 ~ 100Km / hour only.

"Ye Chen slowly, you want to kill us both" Xia Qingyu immediately told Ye Chen to slow down the speed of the car.

"Calm down, we will get there soon" Ye Chen told Xia Qingyu to sit quietly.

How could it be that in this situation Xia Qingyu was able to calm down, what she heard around her was only a gust of wind from the object of the car they were passing.

Xia Qingyu didn't dare to do anything to Ye Chen, if she disturbed Ye Chen's concentration then this car could crash into the car in front.

30 minutes later Ye Chen arrived near the location of the traditional medicine festival.

Both of them immediately got out of the car.

Xia Qingyu was finally able to feel relieved, after going through such scary things, she was lucky to be alive.

"Ye Chen I told you to slowly why don't you listen to me" Xia Qingyu pinched Ye Chen's waist very strongly, she vented her frustration at Ye Chen.

"Ahh. . . , someone help me, my wife wants to kill me "Ye Chen pretended to scream in pain.

Some people who were walking immediately looked towards Ye Chen and Xia Qingyu.

Xia Qingyu's beauty attracted a number of pedestrians who saw it, beautiful women like Xia Qingyu naturally very quickly attracted the attention of those who saw it

Hearing Ye Chen's scream, Xia Qingyu immediately released the pinch of her finger from Ye Chen's waist.

Xia Qingyu's face turned red, she did not regret what she was doing was seen and heard by others.

"Ye Chen, stupid, I hate you" Xia Qingyu angrily went towards the medicine festival alone.

Ye Chen shook his head, this woman could not be asked to joke at all.

Ye Chen helplessly left after Xia Qingyu.

Ye Chen caught up with Xia Qingyu "hey Qingyu, are you angry?" Ye Chen asked Xia Qingyu.

"Huphhh. . . " Xia Qingyu sniffed coldly and looked away, Xia Qingyu looked annoyed at Ye Chen.

Ye Chen kept trying to persuade Xia Qingyu not to be angry anymore, after a long time finally Xia Qingyu was willing to be invited to make peace by Ye Chen.

Women who are cold like Xia Qingyu are indeed difficult to be joked with, all things they take seriously.

"By the way, has Xia Tian's grandfather reached here?" Ye Chen used his spirit sensei to find out Xia Tian's grandfather's whereabouts.

After searching all over the place Ye Chen had not found any signs of Xia Tian's Grandfather, it seemed that Xia Tian's grandfather hadn't reached here yet.

There was a very interesting thing found by Ye Chen, here it turned out that there were thousands of cultivators scattered all over this place, it seemed that this cultivator wanted to buy medicinal plants or pills to speed up their cultivation.

"Grandfather might still be on his way here, with your driving speed like before, maybe we left them far behind" It was very clear that her grandfather was not here yet, Ye Chen was driving very fast, maybe grandfather Xia Tian was taking another route.

"Maybe you're right, then let's go find a shop that sells decades-old ginseng." Ye Chen invited Xia Qingyu to accompany him to buy decades-old ginseng.

Xia Qingyu didn't say anything, she just followed beside Ye Chen.

After a trip of about 1 minute, finally Ye Chen and Xia Qingyu arrived at the traditional medicine festival.

Here there are so many people who are transacting, be it medicine, medicinal plants, pills and others.

The average person who attends this event is over 30 years old, they come here to buy medicine that can cure the disease they are suffering from now, there are also some young people who accompany their parents to come here.

the people here are guilty of various cities in this country, there are even tourists from foreign countries who come to this festival

Every now and then Ye Chen ran into various cultivators who had cultivation levels that were not too high, as Ye Chen had expected these people to buy medicinal plants for themselves.

Ye Chen and Xia Qingyu continued to walk in search of a shop that sold decades-old Ginseng.

After searching for a while Ye Chen finally found a shop that sold Ginseng over the age of 50 years.

"Owner, how much is this ginseng?" Ye Chen immediately asked the shop owner how much it cost.

Chapter 252 - The Shop Owner Wants To Fool Ye Chen

"Hehehe, this is cheap, it costs 1 piece for only 150 thousand dollars" the shop owner offered Ginseng which he sold to Ye Chen at a very high price.

The price offered by this seller is much more expensive than that sold by Grandfather Xia Tian.

"Can't it be lacking?" Ye Chen started to bid on Ginseng sold by this shop.

"Hemmm. . ." "The shop owner starts thinking" what if I give you a 5,000 dollar discount, so the price becomes 145 thousand dollars "The shop owner only gives Ye Chen a discount of 5,000 dollars.

"It's too expensive, our drugstore doesn't even sell this expensive." Xia Qingyu immediately chided this seller for selling medicinal plants at very high prices, even her grandfather's shop didn't sell medicinal plants as expensive as this person.

150 thousand dollars is very expensive, the profit taken by this person is very much.

"Young lady, if you don't want to buy, please just leave, I'm here running an honest business" The shop owner was not happy with Xia Qingyu's words just now, the seller immediately underestimated Xia Qingyu.

Ye Chen was not too fond of this seller's attitude, but he still wanted to discuss business with this seller.

"Then how many ginsengs above 50 years old do you have?" Ye Chen would like to know the stock of ginseng that this person has.

"Hehehe, young man, I have 20 pieces, are you interested in buying all of them?" The owner offered all the ginseng he had.

"I really need it, Bring it all out I want to see it" Ye Chen told the owner to take out the Ginseng that he had.

"Wait a minute I'll be right back" The shop owner went back to get the ginseng wanted by Ye Chen.

"Ye Chen why do you want to buy from this person, it is clear this person is selling at a very high price" Xia Qingyu did not understand why Ye Chen still wanted to buy Ginseng from this person.

"We will wait and see what this seller will do" Ye Chen told Xia Qingyu to see what would happen next.

Ye Chen had already felt something strange about the way this person sold Ginseng to him, this shop owner seemed to be deliberately raising prices because he thought Ye Chen was still young and didn't know anything about medicinal herbs.

from the way the shopkeeper Ye Chen said was sure that the person was good at lying

Xia Qingyu didn't really understand what Ye Chen would do.

A few minutes later the shop owner returned, he brought a total of 20 Ginseng in a large box.

"Well, here it is All the Ginseng I have" The owner of this place tells me that in this box there is Ginseng that he has.

Ye Chen looked at the ginseng in the box, the contents made Ye Chen not very happy, some of these ginseng turned out to be very young.

At first glance the shape and size of Ginseng is indeed similar to decades-old Ginseng, but the aura and purity that is released by Ginseng is still very little, it's clear that this is still young.

Ye Chen's guess was true this person wanted to want to deceive him, he thought Ye Chen didn't know anything about medicinal plants, that's why the shop owner dared to sell fake Ginseng to Ye Chen

"How do you want to buy this decades-old ginseng? "If you buy everything, I'll give you a 30% discount, so the price is 2 million," asked the shop owner to Ye Chen.

The shop owner was very cunning, he wanted to sell young Ginseng to Ye Chen at a very crazy price.

"Are all the original ginseng over 50 years old?" Ye Chen asked the shop owner, Ye Chen acted like he didn't know anything, even though he already knew that this Ginseng was fake and the age of this Ginseng was still young.

"Of course this is 100% authentic, we are here doing business honestly" again, the owner said that if he sold honestly, the shop owner also told Ye Chen that this ginseng was over 50 years old.

The face of the shop owner is very convincing, if ordinary people or do not know anything to buy from this person, surely they will be deceived by the shop owner, it seems the shop owner has very often deceived a lot of people.

"Okay, I'll take it all, here you accept card payments?" Ye Chen intends to pay for all this ginseng.

"Hehehe, of course we accept it" The shop owner is very happy, today he got a pretty big catch of fish from this stupid young man.

The total price of all of this Ginseng was 2 million dollars, Ye Chen carried out the payment procedure as usual, after finishing paying Ye Chen took his cellphone and dialed a random number.

"Bipp. . . , bipp. . . , bipp. . . , "The call is being connected.

A few moments later the call connected "Sir, can we help you?" The person on the other hand asked what Ye Chen needed.

"Of course, I want your people to come here and see if the items I have bought are genuine or fake." Ye Chen would like to report this fraudulent seller to the Festival manager.

Before Ye Chen entered the festival, he saw a banner that said if there were sellers here who dared to cheat, they would be fined 10 times the items they had sold.

in an event of this magnitude, of course, the organizers must be prepared to guarantee that the goods in this place are authentic, if there is anyone who dares to sell paslu goods then they will be fined or the worst in the police.

"Sir, please tell us your location, our people will be there soon to check it." The person on the other side said that they would send the supervisor to Ye Chen's place.

Xia Qingyu still did not understand what Ye Chen was doing, why did Ye Chen want someone to check this Ginseng, isn't Ye Chen's ability in medicine quite great, he shouldn't need such a person to see whether this Ginseng was real or fake.

The shop owner is currently sweating very coldly, it seems he is wrong in deceiving people, this person seems to know that the ginseng he sells is still very young.

"Young friend, we don't need to do such a thing, if you really don't believe in the items I sell, I can return your money," the shop owner tried to make peace with Ye Chen and took the initiative to return Ye Chen's money.

"I just want to know, is this Ginseng fake or real, if it's real why are you afraid like that" Ye Chen smiled wickedly at the shop owner.

Without waiting for a long time the festival supervisor came to Ye Chen's place.

"Young man, were you the one who reported earlier?" The middle-aged supervisor came and asked Ye Chen.

"Yes, of course, I want to report that the items sold to me are fake, I bought decades of ginseng, but what I got was still young" Ye Chen told the supervisor that he had been deceived in the transaction.

Chapter 253 - Raise Your Hands

The shop owner was immediately scared to death, the thing he was afraid of happened, this young man knew that the ginseng he was selling was fake, so far this person had only acted foolishly in front of him.

The supervisor immediately saw the box that contained Ginseng, the supervisor began to look at the Ginseng in the box.

"Hemmm, it's true that Ginseng is still young, even less than 7 years old" Superintendent turned out to also be a drug expert, with a glimpse of this person can see that Ginseng sold by shop owners, is still young.

"You, how dare you sell things that don't suit people?" The supervisor pointed to the shop owner who sold Ginseng to Ye Chen.

"Sir, there seems to be a misunderstanding happening here, this person did buy young Ginseng, so I was not wrong when selling this item to him," the shop owner said that Ye Chen had indeed bought young Ginseng to him.

The shop owner was very clever, he easily distorted the fact that Ye Chen bought young Ginseng.

"Liar, obviously Ye Chen bought Tens years old ginseng from you, even you sold this ginseng for 2 million dollars to Ye Chen" Xia Qingyu immediately pointed to the shameless shop owner, this person was a big liar, this disgust Xia Qingyu .

"Young lady, if you don't have proof don't just accuse someone, can you prove that I sold this item for 2 million dollars?" The shop owner chuckled, just for the shop owner to never give payment receipts to his customers, this became a powerful weapon for shop owners against Ye Chen.

"You. . . ." Xia Qingyu's tone was very cold, he really hated this con artist.

Supervisors are confused by this, who exactly is the wrong person here.

Ye Chen only smiled at the shop owner who had tricked him, from the beginning Ye Chen had prepared everything, so he had the confidence to make this owner pay the price for daring to deceive him.

Ye Chen took his cellphone. He twisted the conversation he had before with the shop owner.

Shop owner: "How do you want to buy this decades-old ginseng? , if you buy everything I will give a 30% discount, so the price is 2 million "

Ye Chen: "Are all these Ginseng real above 50 years old? "

Shop owner "" Of course this is 100% over the age of 50 years, here we run the business honestly " .

Ye Chen "okay, I take it all, here you accept card payments? "

Shop owner "hehehe, of course we accept it".

This reminder contains Ye Chen's conversation with the shop owner.

Xia Qingyu and the supervisor heard the recording of the transaction between Ye Chen and the shop owner.

Superintendents now know who is wrong here "You have violated the rules made at this festival, according to the contract you have to return 10x the money you have gotten" all the sellers in this place have signed a contract with the organizer in advance.

Cooperation contracts are made to minimize the cheating of traders, so every trader is required to be honest in selling their products.

Anyone who violates will be subject to fines, for those who cannot afford to pay will go through legal channels, the punishment is not to play in jail for up to 25 years.

"Superintendent I'm not wrong, you have to believe me, I was framed by this person" The shop owner tried to convince the overseer of this festival that he was innocent.

"All the evidence is already there, you can no longer avoid it, and the transaction history is also on my bank card, you're finished." Ye Chen told the shop owner that he could no longer avoid it, the owner was looking for the wrong person's problem.

Intending to deceive Ye Chen, instead he himself was deceived by Ye Chen.

Xia Qingyu who saw this smiled, she praised Ye Chen's cleverness and cunning, Ye Chen bought Ginseng because he knew that this was fake, he used a cunning way to blackmail this scammer.

Now this swindler must return 10 times the money he got from Ye Chen, that means this person has to spend around 20 million dollars if he wants to be free.

"You have to return this person's money, otherwise all your assets will be confiscated to pay off everything, and your business license will be revoked forever" the supervisor is a very strict person, he immediately threatens to confiscate all assets and revoke business licenses throughout the country forever .

The shop owner's face was very pale, how would he return that much money, that kind of money was all the savings he had.

"Quick, if not you will be in prison for a long time," the supervisor told the shop owner to immediately return Ye Chen's ten times the money.

"Okay, okay, I will return the man's money 10 x fold" the shop owner promised to return Ye Chen 10x fold.

"Good, hurry up and do it." The supervisor waited for the shop owner to return Ye Chen's money.

The shop owner slowly stepped back, the shop owner looked down, as if he was taking something underneath.

"Doorway. . . , quickly raise your hands "The shop owner apparently took a shotgun from under the table, from the beginning this con artist did not want to return the money Ye Chen, from the beginning the impostor's plan was to take weapons from under the table and then threaten everyone here, so that he could run away with Ye Chen's money.

Everyone who was cool shopping immediately ducked on the floor, they were all scared after hearing the sound of gunfire just now.

The superintendent who sees this immediately raises his hand, his duty is to supervise whether the goods are genuine or fake, the supervisor has no ability to fight against criminals.

The ones who should be fighting this group of frauds are the security guards at the Festival. Unfortunately, the supervisor did not bring the security guard along with him, this is a very fatal mistake made by the supervisor.

Xia Qingyu immediately hid behind Ye Chen, she was afraid to see the shop owner pointing a shotgun at her.

"You want to blackmail me?, Dream, hahaha" This con artist laughed loudly, as a professional deceiver this person always carries a firearm along with him, this is just in case if something bad happens like now.

"Li, Shou, hurry up and bring all our belongings back to the car, we have to get out of here" The scammer told his men to pack the items in this shop, they already got a lot of money from Ye Chen, they didn't need to linger longer in this place.

"Good boss" his two subordinates swiftly immediately packed all the pills, medicines and medicinal plants in this shop.

Nobody dared to stop these people, they were all afraid of the firearms held by the bosses of these con artists.

Ye Chen couldn't possibly let these people escape, they had to return the money they had stolen from him.

With lightning-fast movements Ye Chen headed towards the shop owner who had deceived him.

The shop owner was totally unprepared for Ye Chen's arrival, he hurriedly tried to pull the Shotgun trigger he was carrying.

Chapter 254 - You Are Very Cunning

"Dorrr. . ." Shotgun shot again "Ah. . . Xia Qingyu immediately shouted, he was afraid of Ye Chen's condition trying to fight the enemy who was using a Shotgun weapon.

Ye Chen was one step faster than the shot made by the shop owner, he immediately hit right in the stomach of the shop owner.

"Bamm. . ." The five internal organs belonging to the shop owner immediately spun because Ye Chen's punch was too strong, the shop owner immediately curled up on the floor, he curled up while holding his aching stomach, he groaned because of extreme pain.

From the mouth the shop owner starts bleeding in large quantities.

"Boss", two subordinates who are packing goods in the shop, immediately go to their boss, they both want to see how the shop owner is doing.

"Bamm. . . , bamm. . . , "Ye Chen also immediately hit the two people who came towards him.

The two shopkeepers' men were flown by Ye Chen, both of them fainted immediately after receiving Ye Chen's heavy blow.

Ye Chen defeated the fraudster group very easily, seeing that the villain had been overcome, everyone began to rise from the floor, they were relieved the situation was safe again.

Everyone was fascinated by the heroic actions carried out by Ye Chen, Ye Chen could easily uproot the bad guys easily.

"Everyone please give way" a few moments later the security guard came to the location, after hearing a shot the guards immediately rushed towards the shot, they thought something was happening at the place.

Ye Chen looked towards the security guard who had just arrived, the security guard turned out to be a cultivator who was at the peak stage of the Spirit Profound Realm.

This was indeed not unusual considering that this place was filled with many cultivators, if the security guards were only ordinary people, then they would not be able to fight the cultivators who were making a mess at this Festival.

"Please bring this person to be tried, this person dares to deceive customers who attend the traditional medicine festival." The supervisor told the two security guards about the mistakes made by these people, from his tone, it seemed that the supervisor respected the two security guards enough.

"Well, we understand, we will bring this person to be tried" the two security guards immediately took the fraud group away.

"Young man, you don't need to worry, we will definitely return your money 10x fold, there is only need to wait for him" the supervisor told Ye Chen that the money would be returned to him as soon as possible.

"Alright" Ye Chen nodded to the supervisor, after that Ye Chen told his account number to the supervisor, later Ye Chen's money would be directly transferred to his account.

Because the problem is over the supervisor intends to go "Mr. wait a minute" Ye Chen stopped the Supervisor, he wanted to ask the supervisor something.

"What's wrong, do you still need something?" The supervisor asked what else Ye Chen wanted.

"Yes, I want to know where I can buy a lot of tens of years old ginseng in large quantities" Ye Chen asked this person, where he could buy dozens of years old ginseng in large quantities.

"You can go to that big building, there you only need to tell the servants who are there, they will find the ginseng that you want, and again in that building there will be an auction to fight for rare medicinal plants," the supervisor pointed to the multistory building in the middle of the festival, there Ye Chen can find what he is looking for.

"Thank you very much for the information" Ye Chen thanked for the information provided by this person.

"You're welcome, then I'll go first" supervisor went missing with the crowd.

Xia Qingyu came close to Ye Chen "You are quite cunning as well, you are just playing dumb with the con artists so you can fool them, right?" Xia Qingyu began to realize that from the start these con artists only danced in Ye Chen's palms, from the start they were deceived by Ye Chen.

"Hehehe, I'm not sneaky, they sold me fake items first, of course I had to make them pay because they dare to sell fake goods to me" Ye Chen chuckled at Xia Qingyu.

"Looks like from now on I have to be more careful with you, otherwise I might be tricked by you too" After seeing this incident Xia Qingyu decided to be more careful of Ye Chen.

"Maybe you have a point, you should be careful of this hungry wolf." Ye Chen reached out to Xia Qingyu's buttocks.

"Yeah. . ." Xia Qingyu slightly groaned as Ye Chen touched her buttocks.

Xia Qingyu didn't dare to speak out loud, she was afraid of being heard by the people who were here.

Xia Qingyu was a little annoyed at Ye Chen who always played with her body, Xia Qingyu was not too resistant to Ye Chen's touch which could make her body feel strange.

"Ye Chen will, quickly release your hand" To vent her frustration Xia Qingyu used her own hand to pinch Ye Chen's waist.

Ye Chen began to wonder if Xia Qingyu's hands were made of claws, why did this woman always pinch himself.

Ye Chen did not want to release Xia Qingyu, his hand went up and hugged Xia Qingyu's slim waist.

"Don't always get angry, sometimes you should be able to be joked" Ye Chen told Xia Qingyu not to be too serious about everything.

Xia Qingyu did not answer Ye Chen, she only lowered her head.

Ye Chen was completely helpless, it was very difficult to deal with Xia Qingyu, even though Xia Qingyu was almost his woman, but Xia Qingyu's attitude was still like this.

"Let's go to that building" while hugging Xia Qingyu's waist, Ye Chen invited Xia Qingyu to go to the building that was said by the man earlier.

Xia Qingyu did not say anything, she only lowered her head, at this time Xia Qingyu's face had already become very red, Xia Qingyu was still not used to being a partner with Ye Chen

Xia Qingyu did indeed like Ye Chen, but she did not know how to express her feelings for Ye Chen, Xia Qingyu was indeed the type of woman who could not express her feelings.

Because of this Xia Qingyu was still being cold towards Ye Chen, she was indeed unable to express her feelings.

Ye Chen and Xia Qingyu walked like lovers, both of whom went to the building in the middle of the traditional medicine festival.

After entering inside, Ye Chen saw a lot of people who were in this building, these people were doing important business.

"Ye Chen, let go of me, here are many people" Xia Qingyu tried to break away from Ye Chen, she was embarrassed to be seen by many people.

Ye Chen was forced to release Xia Qingyu from his arms.

Xia Qingyu who had escaped Ye Chen's arms, immediately recovered her cold appearance.

"Mr. and Miss, can we help you?" A servant came to Ye Chen and Xia Qingyu, this servant was empowered what Ye Chen and Xia Qingyu wanted.

"I want to buy decades-old Ginseng, I want 200 pieces, can you find them?" Ye Chen immediately said what he needed.

"Okay sir, please come with me to finish administration first, after administration is finished we will immediately find you the ginseng you want" The waiter told Ye Chen to finish administration first.

Chapter 255 - Teaching Xia Qingyu To Be A Couple

Ye Chen nodded, he and Xia Qingyu followed behind the servant.

The maid took Ye Chen and Xia Qingyu to a special room, inside the room there was an old man who was ready to help Ye Chen complete the administration.

The old man looked at Ye Chen and Xia Qingyu who had just entered.

This old man smiled kindly at Ye Chen and Xia Qingyu.

"Mr. Zhong, there is someone who wants to buy medicinal plants in large quantities, I hope you are not busy" Maid looks very respectful of the elderly who are sitting on the couch.

"Alright, you may go" an old man named Zhong told the servant to return to his place.

"Yes" Maid bowed and saluted, after saluting the maid left the room.

Now in the room there were only Ye Chen, Xia Qingyu and an old man named Zhong.

"Xia Qingyu, long time no see, you've grown more mature" Zhong old man greets Xia Qingyu.

"Mr. Zhong, long time no see" Xia Qingyu also greets this old man.

Looks like Xia Qingyu knows this old man.

"Ye Chen introduce this is Mr. Zhong Han, he is my grandfather's business partner and friend" Xia Qingyu introduced Ye Chen to the old man who was sitting on the sofa.

This turned out to be an acquaintance of Xia Tian's grandfather "Mr. Zhong was happy to meet you, my name was Ye Chen, and I was Xia Qingyu's fiance" Ye CHen introduced himself to Zhong Han.

"Hahaha, so Xia Qingyu already has a fiance, that's good" Zhong Han just found out that Xia Qingyu has a fiance.

Xia Qingyu's face immediately blushed, she didn't think Ye Chen would say such a thing in front of other people.

Xia Qingyu's hand pinched Ye Chen's waist again.

Ye Chen was very helpless, again Xia Qingyu was annoyed at him.

"Oh yes Xia Qingyu, how is your grandfather, is he better, I might be able to introduce you to some great doctors, they might be able to treat the illness that your grandfather suffered" Zhong Han asked Xia Tian's grandfather's condition to Xia Qingyu.

"Mr. Zhong, that is not necessary, my grandfather is fully healed now he does not complain of any pain" Xia Qingyu told Zhong Han that her grandfather had recovered.

And this was thanks to Ye Chen's help, Xia Qingyu was very grateful to Ye Chen for healing her grandfather completely.

"Oh that's very good news, I'm also glad that Xia Tian has recovered" Zhong Han was happy to hear the news that Xia Tian had recovered from his illness.

"Then, what do you two need?" Finally Zhong Han talked about business what Xia Qingyu and Ye Chen wanted to do.

"Mr. Zhong, I want to buy ginseng that is over fifty years old, and I need about 200 pieces." Ye Chen told him what he needed.

"Ginseng is decades old huh?" Zhong Han started to think whether there is that much stock of Ginseng.

"Well, we will try to find it, then what price do you want for one piece?" Zhong Han asked what price Ye Chen wanted.

After knowing the price agreed, the staff in this building will find ginseng sold by traders in this festival.

They will search according to the agreed price, if the price does not match the agreed price, the staff will not buy Ginseng sold by the merchants at the festival.

"For the price I want under 120 thousand dollars, is that possible?" Asked Ye Chen.

"Of course you can, I'll be right back. You just wait here" after noting what Ye Chen wanted, Zhong Han went to ask the staff in this building to find what was needed by Ye Chen.

This will take a while, so Xia Qingyu and Ye Chen will have to wait.

While waiting for Zhong Han to return, not a single word was spoken by Ye Chen and Xia Qingyu.

Neither Xia Qingyu nor Ye Chen would want to talk first.

Even though the two of them are a couple, the atmosphere seems ambiguous.

Ye Chen couldn't stand this ambiguous atmosphere, he wanted to talk to Xia Qingyu like a normal couple.

"Hey Qingyu, why don't you say anything" Ye Chen tried to start a conversation with Xia Qingyu.

"What should I talk about?" Asked Xia Qingyu.

"Uh. . "Ye Chen has a headache, Xia Qingyu instead threw back the question he gave.

"Yes, we can talk like normal couples, you're always cold, can't you smile and talk like normal lovers?" Ye Chen told Xia Qingyu to act like a normal couple.

"I don't know how to do things like that, I've never dated a man before, so I don't know how normal lovers interact, I want you to teach me" Xia Qingyu told Ye Chen that she had never done what she was done by normal lovers, Xia Qingyu wanted Ye Chen to teach himself how to interact like a normal couple.

Ye Chen is helpless "well, we start with simple things, can you talk to me in a slightly softer tone, you can do it like when you promised to be my woman" First Ye Chen wants to change Xia Qingyu's cold tone, he prefers tone softly spoken by Xia Qingyu after saving Xia Tian's grandfather.

"Alright, I'll try" Xia Qingyu wants to try "Ye Chen hello" Xia Qingyu's tone of voice is still not soft, Xia Qingyu's tone is still slightly cold.

"Even softer, you can do it" Ye Chen told Xia Qingyu to speak softer.

Xia Qingyu tried even harder "Ye Chen hello" This time Xia Qingyu's tone was very gentle.

"Yes, good like that, you can talk to me in such a gentle tone, I feel more comfortable" Ye Chen felt more comfortable Xia Qingyu spoke in a soft voice.

"Okay, then what else?" Xia Qingyu asked Ye Chen again, she wanted to learn more from Ye Chen.

"Well, how do you smile, I rarely see you smile, you will look beautiful if you want to smile" Ye Chen wanted to see Xia Qingyu's smile.

" What ! ! . You mean now I'm not beautiful? Xia Qingyu's tone of voice returned to cold.

Ye Chen mispronounced again, even though he only wanted to see Xia Qingyu smile, but this girl was very easily angry.

"Forget the lesson, let's just go the more extreme step." Seeing the subtle approach did not work, Ye Chen chose to use the extreme approach.

Ye Chen hugged Xia Qingyu's waist and pulled Xia Qingyu closer towards him, the angry Xia Qingyu was quite surprised to see Ye Chen hugging herself.

"Ye Chen, what are you trying to do, Um. . ." Before Xia Qingyu could finish her words, she was kissed by Ye Chen.

This was the second time Xia Qingyu was kissed by Ye Chen, Xia Qingyu tried to fight, unfortunately her body was embraced by Ye Chen quite strongly, Xia Qingyu did not have the chance to break away from Ye Chen.

Ye Chen kissed Xia Qingyu's lips very greedily, the feeling of kissing Xia Qingyu's lips was very pleasant.

Xia Qingyu who previously fought began to sink into Ye Chen's kiss, the sense of kissing with Ye Chen was very pleasant, Xia Qingyu really liked this.

Chapter 256 - A Reunion Of Three Parents

Xia Qingyu no longer put up a fight, she began to collaborate with Ye Chen.

Unknowingly Xia Qingyu put her tongue into Ye Chen's mouth, Xia Qingyu began to show her true nature.

Xia Qingyu wanted to enjoy the kiss she had once done with Ye Chen, at that time Ye Chen put his tongue in her mouth, now it was Xia Qingyu's turn to want it.

Ye Chen naturally welcomed Xia Qingyu's Tongue, both of them began to be entangled with each other, in this room Xia Qingyu and Ye Chen's Passions began to rise.

Xia Qingyu already didn't care about anything around her, right now she just wanted to enjoy kissing with Ye Chen.

Finally the cold mask that Xia Qingyu was wearing came back off, apparently to release the cold mask that Xia Qingyu was wearing was very easy, Ye Chen only needed to provide stimulation to Xia Qingyu.

Ye Chen and Xia Qingyu continued kissing for 15 minutes, after being satisfied their lips finally parted.

"Qingyu, finally you showed your more honest passionate side" Ye Chen said teasing Xia Qingyu.

Xia Qingyu's face was now red like an apple, she didn't expect to enjoy kissing with Ye Chen.

But Xia Qingyu had to admit that kissing with Ye Chen was very pleasant, she wanted to continue kissing with Ye Chen.

"I am not a passionate woman, you are just too lewd, suddenly kissed me" with a blushing face Xia Qingyu tried to dodge Ye Chen's words that he was very passionate.

"Hehehe, Qingyu, who is honest and passionate is very beautiful. I like that," Ye Chen whispered in Xia Qingyu's ear.

Hearing Ye Chen's words just now Xia Qingyu's face let out steam, she had never felt so embarrassed, Xia Qingyu felt both happy and embarrassed by Ye Chen's words of praise.

Ye Chen really liked being with Xia Qingyu, he could absorb a lot of the aura of the virgin Yinqi belonging to Xia Qingyu.

"Knock. . . ,Knock. . . ,Knock. . . ,"Someone knocked on the entrance.

A few moments later several people entered this room.

The person who just entered was Grandpa Xia Tian and a middle-aged man who was the same age as Xia Tian's grandfather.

"Oh Ye Chen, you've arrived here, very fast" Xia Tian was a little surprised when Ye Chen had gotten here earlier than him.

"Xia Tian's grandfather, we also got here not long ago" Ye Chen smiled wryly at Xia Tian's grandfather.

On Ye Chen's side, Xia Qingyu bowed her head, the CEO of a woman who used to be cold right now her face turned red like an apple, Xia Qingyu couldn't possibly show this face in front of her grandfather.

Xia Tian saw that Xia Qingyu was also here, it seemed like Xia Qingyu came here together with Ye Chen.

Xia Tian himself was quite surprised to see Xia Qingyu want to come to a place like this, usually his granddaughter is very difficult if invited to a crowd like this.

What surprised Xia Qingyu was that Ye Chen would be invited to go to a crowded place like this, it seemed like the relationship between the two had progressed quite far, otherwise Xia Tian doubted that his granddaughter would be invited to go here.

"Ye Chen, introduce this is Pan Du, he is my old friend in the medicine business, he also recommended you to come here" Xia Tian introduced the old man next to Ye Chen.

"Hello Mr. Pan Du, my name is Ye Chen" Ye Chen introduced himself.

"Hemm, so you are the one who has healed Xia Tian, you are still very young, but your medical skills are very great" Pan Du did not think that the person who had healed Xia Tian was very young.

"Thank you for the compliment" Ye Chen smiled at Pan Du.

Pan Du nodded at Ye Chen "then where is Zhong Han, the servant said he is currently in this room", Pan Du asked where Zhong Han was with Ye Chen.

"Mr. Zhong is currently going to find me decades-old Ginseng, he might come back soon" Ye Chen told Pan Du that Zhong Han is currently looking for Ginseng for Ye Chen.

"I see, there is no choice but to wait for him to return." Pan Du can only wait for Zhong Han to return.

Xia Tian's grandfather and Mr. Pan Du awaited the return of Zhong Han, 20 minutes later Zhong Han finally returned to this room.

When Zhong Han came in, he was surprised to see the arrival of Xia Tian and Pan Du.

"Hehe, Xia Tian, Pan Du is very rare, you all remember to visit to see me" Zhong Han chuckled at Xia Tian and Pan Du.

"What's wrong with visiting an old friend?" Xia Tian laughed freely, it's been a long time since Xia Tian had met with Zhong Han.

The three parents had a brief reunion, Ye Chen did not disturb the three parents.

A few moments later, some staff entered the room, they brought several boxes into this room.

The box that these people carried carried the ginseng that Ye Chen wanted.

all the staff put Ginseng on the table, Ye Chen approached the Ginseng brought by these staff.

Ye Chen wanted to make sure that all of this Ginseng were real, after checking everything in accordance with what Ye Chen wanted, the Ginseng brought here were all over 50 years old.

"This is the total you have to pay" Zhong Han handed over the price memorandum for all of this Ginseng.

The total price of all this Ginseng is less than 20 million dollars, Ye Chen also still has to pay several thousand dollars for transaction fees to find Ginseng.

Ye Chen was satisfied with all the Ginseng he got, so Ye Chen immediately paid off all these bills.

"Happy doing business with you" after finishing all administration, now all of this ginseng officially belongs to Ye Chen.

With this Ginseng, Tonight Ye Chen could re-train his alchemical skills.

Suddenly a servant enters this room "Mr. Zhong Auction will start soon, I hope you come to the main hall soon" This servant tells Zhong Han that the auction will start soon.

"Alright I'll be there soon" Zhong Han understood, he will soon go to the main hall.

After informing this, the maid left the room.

"Hey Zhong Han, will this time there be a rare medicinal plant / pill for sale? "Xia Tian's grandfather asked if there were rare medicinal plants / pills at the auction this time.

"Of course there are, even the main items that will be auctioned are very rarely found in this world, there will definitely be a lot of people fighting over these items."

"Then what are we waiting for let's go there" Pan Du invited Xia Tian and Zhong Han to go to the main hall.

"Ye Chen, do you want to come with us?" Xia Tian invited Ye Chen to go to an auction that was held in this building.

"Xia Tian's grandfather I want to take care of this Ginseng first, I'll follow you later" Ye Chen first wanted to pack all of this Ginseng, he had to wait for everyone to leave before putting Ginseng into the fairy gate storage room.

"I can help you," Xia Qingyu wanted to help Ye Chen pack this Ginseng.

"You don't need to be able to go with Xia Tian's grandfather, let me do it, anyway it's heavy" Ye Chen told Xia Qingyu to go with Xia Tian's grandfather.

"Alright, if that's what you want " because Ye Chen didn't want to help, Xia Qingyu was forced to go with her grandfather

"Alright then" Xia Tian understood, he along with Xia Qingyu, Pan Du and Zhong Han went from the main hall.

After everyone left ,Ye Chen finally began to put decades-old Ginseng into the fairy gate storage room.

After all the ginseng had been put into the storage fairy gate, Ye Chen went to the main hall.

Chapter 257 - Yin Ying'er Awakens

When Ye Chen was about to go after Xia Qingyu and the others, a light appeared right in front of Ye Chen, after the low light there was a little girl standing right in front of Ye Chen, this girl was wearing gothic clothing.

This little girl is of course Yin Ying'er, Yin Ying'er is starting to rub her eyes, looks like she just woke up.

"Master, I'm hungry, I want food" Yin Ying'er went to Ye Chen.

Without waiting for Ye Chen's consent, Yin Ying'er directly bit Ye Chen's neck, she began to suck up some of Ye Chen's fresh blood.

"Slurp. . . , Slurp. . . , Slurp. . . , "Yin Ying'er began to suck Ye Chen's blood.

Ye Chen was helpless, he was made to eat by Yin Ying'er sword spirit.

After being satisfied sucking Ye Chen's blood, Yin Ying'er released her teeth from Ye Chen, finally Yin Ying'er was full "hemmm, master's blood is very delicious, I like this" Yin Ying'er hugged Ye Chen's body, she really liked the blood in Ye Chen's body, this is her favorite meal.

"If you are full, now return to your place" Ye Chen told Yin Ying'er to return to his body, he wanted to attend the auction held at this place.

"Eh, why, I want to stay here longer, this place is extraordinary." Yin Ying'er looked around, she saw a number of items that she had never encountered before.

Ye Chen was very helpless, he tried to put Yin Ying'er back into his body, unfortunately Ye Chen's efforts were in vain, Yin Ying'er didn't want to be forced to return, this sword spirit girl refused Ye Chen's orders.

"Master, stop it, you can't force it, the contract you made with this girl is not absolute, so you cannot order this sword spirit girl as you wish" Chu Yuechan told Ye Chen that he and the sword spirit girl entered into an contract that was not absolute So Ye Chen could not order Yin Ying'er to obey his orders.

" then what should I do ? "Ye Chen asked how he bothered with Yin Ying'er.

"Let alone try to persuade him like you are persuading a little girl, giggling" Chu Yuechan giggling at Ye Chen.

"Ying'er, let's go back to sleep, if you obey me later, I will give you good food." Ye Chen tried to persuade Yin Ying'er.

"No, I want to stay here" Yin Ying'er hung her head, she refused to persuade Ye Chen.

Ye Chen was helpless, persuading this spirit girl was very difficult, Yin Ying'er was very disobedient to him.

"Wow, what is this. master what is this shiny object "Yin Ying'er went to see the light bulb above, she had never seen anything like this.

"It is a light bulb, if it is electrified it will emit a glowing light." Ye Chen explained how the light bulb worked on Yin Ying'er.

"May I take it? "Yin Ying'er wants to take this shiny light bulb.

"No, if you take it it will not shine again" Ye Chen told Yin Ying'er not to take the light bulb.

Yin Ying'er nodded at Ye Chen, "Wow, what is this again" This time Yin Ying'er found a new item, she asked Ye Chen again.

"It is a light bulb, if it is electrified it will emit a glowing light." Ye Chen explained how the light bulb worked on Yin Ying.

"May I take it? "Yin Ying wants to take this shiny light bulb.

"No, if you take it it will not shine again" Ye Chen told Yin Ying not to take the light bulb.

Yin Ying nodded at Ye Chen, "Wow, what is this again" This time Yin Ying found a new item, he asked Ye Chen again.

Ye Chen continued to explain all the items pointed out by Yin Ying'er.

Yin Ying'er really liked the thing she just met and saw it for the first time.

"Come back quickly, I have to go somewhere" Ye Chen again sent Yin Ying'er back into his body.

"Eh, where is it? , I want to join "Yin Ying'er wants to come along with Ye Chen.

Ye Chen was helpless Seeing Yin Ying'er did not want to go back into his body "OK, but don't make a mess or anything, do you understand? "Ye Chen told Yin Ying'er not to make a mess while joining him.

"Okay" Yin Ying'er promised Ye Chen that he would not make a mess.

"Good, let's go" Ye Chen took Yin Ying'er's hand, he invited Yin Ying'er to go together to the main hall.

When on the way some people looked at him and Yin Ying'er, the Gothic clothes worn by Yin Ying'er were very striking and attracted the attention of several people whom Ye Chen met.

They thought that Yin Ying'er was cosplaying, even though it wasn't true, this was indeed Yin Ying'er's favorite outfit.

Every now and then Yin Ying'er asked Ye Chen about the items that made him interested.

Ye Chen patiently tried to answer the little girl Yin Ying'er's question.

After walking for a while Ye Chen finally arrived at the main hall where the auction was held.

This hall is very vast, here are thousands of chairs that have been arranged neatly, there are about hundreds more people who have occupied the chairs that are here, some of these people are cultivators who are.

On the floor there are several room cubicles, it looks like it's a VIP room, in the VIP room cubicles are already filled by people, the people who fill the VIP rooms are also not normal people.

Those who fill the VIP booth are scholars who are in the Spirit Profound Realm ~ Earth Realm stage.

As if this time there were rare items, if not, it would not be possible for powerful cultivators to come to this place.

Ye Chen went to look for the whereabouts of Xia Tian's grandfather and Xia Qingyu, currently Xia Qingyu sat in the middle row seat, she sat together with grandfather Xia Tian and Pan Du.

Ye Chen, who had discovered the whereabouts of Xia Qingyu and Xia Tian's grandfather, he brought Yin Ying'er to Xia Qingyu's side.

"Ye Chen, are you done with your business?" Xia Qingyu asked if Ye Chen had finished transferring the ginseng he had bought earlier.

"Of course I have" Ye Chen brought Yin Ying'er to the side of Xia Qingyu.

Seeing that there was a mysterious little girl in gothic clothing by Ye Chen's side, Xia Qingyu became curious, who exactly was this little girl.

"Ye Chen who is this little girl?" Xia Qingyu immediately asked who this little girl was.

"This is Yin Ying'er, I just happened to meet on the street and he suddenly wanted to come with me" Ye Chen made a random excuse, Ye Chen could not possibly tell that Yin Ying'er was his sword spirit.

"Oh, I see?" Xia Qingyu nodded at Ye Chen.

"Hey beautiful sister, are you another master woman?" Yin Ying'er suddenly raised an astonishing question.

Ye Chen who heard this immediately covered Little Ying'er's mouth.

Xia Qingyu who heard this immediately raised her eyebrows, "Another Ye Chen woman, what does this mean?"

"What did you mean by that little girl, who did you call master?" Xia Qingyu asked Yin Ying'er.

"Qingyu don't listen to this little girl's bullshit, she is indeed a bit strange" In his heart, Ye Chen cursed Yin Ying'er dozens of times, he shouldn't have taken Yin Ying'er along with him.

Chapter 258 - Beautiful Auctioneer

"I'm not helpless to you, I'm asking this little girl" Xia Qingyu was not asking Ye Chen, she wanted to hear the purpose of what Yin Ying'er said just now.

This is bad Xia Xiayu starts to be suspicious of Ye Chen "Ying'er in front of this beautiful woman don't ever call me a master, do you understand, if not, I will not let you suck my blood" by using telepathy Ye Chen's voice told Yin Ying'er to not expose the relationship between the two.

Ye Chen was a little worried about what Yin Ying'er would say, Yin Ying'er was a bad sword spirit, he was afraid that Yin Ying'er would expose everything to Xia Qingyu.

Yin Ying'er just nodded, she didn't understand what Ye Chen just said.

"The master is the master, he is a good person, he gives me good food every day." Yin Ying'er only mentions the master, not mentioning Ye Chen's name.

Hearing the words of Yin Ying'er, Ye Chen was a little relieved, fortunately this girl did not mention his name.

Xia Qingyu was getting more confused by what Yin Ying'er said, what Ye Chen said might be true, it seems like this little girl is a little strange.

Having received an answer from Yin Ying'er, Xia Qingyu did not continue the question.

She refocused onto the podium, soon the auction would start soon.

"Ying'er from now on don't call me master, you should call me Ye Chen, you understand?" Ye Chen told Yin Ying'er to just call him Ye Chen.

"Okay, I understand" Yin Ying'er nodded at Ye Chen.

"Good" Ye Chen is happy that Yin Ying'er wants to be obedient.

"Ladies and gentlemen, welcome to the annual auction of the Traditional Medicine Festival, I as the representative of the organizers are very grateful to all of you for wanting to attend this auction" the person who gave a speech was Zhong Han.

Zhong Han was the representative of the festival organizer.

"This time we will auction a lot of medicinal plants, pills, and pill-making recipes that you rarely encounter in life, okay without the need to linger anymore, let's just start the auction this time, let's just welcome it together with the auctioneer this time" Zhong Han welcomed the auctioneer to go up to the podium.

"Applause . . . , Applause . . . , Applause . . ." Everyone began to applaud.

A beautiful woman with a purple dress rose to the stage, this woman has beautiful long hair, this woman has a beautiful face features and graceful with a slender body, these two mountain peaks are F Cup sizes that look very large, beautiful appearance of this woman can make all men who see it amazed, even some young men who see the beautiful appearance of this woman immediately drooled.

Ye Chen was very familiar with the woman who was the auctioneer this time, this was Cheng Mengyan Zhao Yanyan's childhood friend, how could this woman be an auctioneer in this place.

"Hello everyone, my name is Cheng Mengyan, I will guide you in the annual auction this time." Cheng Mengyan smiled at all those present at this place.

"Wow! ! ! Goddess . . . "Some people immediately shouted very loudly, they were like possessed demons.

Ye Chen did not regret that Cheng Mengyan would immediately use the charm he possessed to everyone who was here, some of the young men who were here could of course be easily influenced by Cheng Mengyan's charm technique.

Actually, not everyone who is affected by Cheng's charm technique, some people are still a little conscious and not screaming like others.

"Goddess Cheng Mengyan may tonight we have dinner together at a luxury hotel"

"Goddess Cheng Mengyan be my girlfriend, I guarantee you will be happy forever"

"Goddess Cheng Mengyan marries me, I will give you everything I have"

One by one the young men began to express their feelings to Cheng Mengyan.

thank you, I will think of your offer "with a gentle smile Cheng Mengyan answered the proposals of all the young men here.

"Wow, your goddess is great" All the young men shouted with excitement, they all really liked Cheng Mengyan who was the auction host this time, this woman was very beautiful and could make everyone happy when all looked at She.

Ye Chen laughed to see people who were easily influenced by Cheng Mengyan's charm, now they could be easily squeezed by Cheng Mengyan.

No wonder the auctioneer became Cheng Mengyan, it turns out there was another purpose in this matter, with Cheng Mengyan's charm technique, everyone here must be careful not to be robbed by this fox woman.

Xia Qingyu did not expect that when Cheng Mengyan came out the atmosphere would be very crowded, almost all the young men who were here longing for Cheng Mengyan who was on the podium.

Xia Qingyu looked to the side, she wanted to see if Ye Chen was also affected by Cheng Mengyan's beauty.

Beside her Ye Chen sat casually while looking at the absurdity of these people "Ye Chen, why are you the only one who is not excited after seeing beauty like that woman", Xia Qingyu asked Ye Chen, in this place only Ye Chen was the only man- young man who was not excited after seeing a graceful beautiful woman like Cheng Mengyan.

"For what, beside me there is already a beautiful woman like a goddess, for what I see other women that I cannot get," Ye Chen's arm hugged Xia Qingyu's waist.

Hearing Ye Chen's praise just now, making Xia Qingyu happy, she was happy to see Ye Chen not being influenced by a fox woman like Cheng Mengyan.

Xia Qingyu became increasingly fond of Ye Chen.

On the other hand Yin Ying'er didn't understand what was happening, she was confused by what Ye Chen and Xia Qingyu were doing.

It would be ridiculous if Ye Chen was affected by Cheng Mengyan's charm technique.

It must be admitted that Cheng Mengyan was a beautiful woman, but Ye Chen didn't really like the way Cheng Mengyan used charm techniques to play around with every young man she met.

Cheng Mengyan seems to use her charm technique to play around with every man, Cheng Mengyan's reputation in school is already very famous, Cheng Mengyan really likes to tease many men, after he is tempted, Cheng Mengyan will leave the man, what does Cheng Mengyan do breaking their hearts to pieces.

Cheng Mengyan was satisfied to see that all the young men who were here could be affected by her charm, people like this were easily manipulated and played by herself, Cheng Mengyan really liked to play with men like this.

Cheng Mengyan looked around this hall, right in the middle row seat there was a man she was very familiar with, Cheng Mengyan looked straight at Ye Chen, this man was the only one who could make her own heart become confused.

After that incident, for some reason Cheng Mengyan's heart and mind were often filled with Ye Chen's shadow, It seemed that Ye Chen's soul was imprinted in her heart and mind.

Seeing Cheng Mengyan staring at himself, Ye Chen stared back at Cheng Mengyan.

Seeing Ye Chen staring at her, Cheng Mengyan's face immediately turned red like an apple, she hurriedly turned her face to the side.

Cheng Mengyan felt very embarrassed when he looked at Ye Chen's handsome face.

Chapter 259 - Phoenix Fire Fruit

"Okay, let's just start for the first item auction" to take her mind off Ye Chen, Cheng Mengyan decided to start the auction.

"This item is called the Rainbow Flower, this flower has seven colors on each of its petals, the function of the Rainbow Flower is to increase the vitality of a weak body, all you need to do is brew the rainbow flower with warm water and then drink it, after you drink it I guarantee you will strong overnight on the bed "in a very seductive style Cheng Mengyan conveys what the function of the rainbow flower is.

Hearing the function of the rainbow flower, many people immediately excited, some people here have a weak vitality, most of them did not have vitality when they were young, they need this flower for themselves, all of them are waiting for prices to be opened for Rainbow Flower.

Ye Chen saw Cheng Mengyan, who was explaining the function of the rainbow flower, unexpectedly Cheng Mengyan's knowledge of medicinal plants was quite extensive.

"Ladies and gentlemen, the initial price of this interest is 200,000 dollars, please start the bid" Cheng Mengyan opened the price for the Rainbow flower.

"500,500

"900,000"

"1,100,000"

"1,300,000"

"1,600,000"

"1,650,000"

"1,700,000"

"1,900,000"

People began to bid on these flowers, most of which bargained were elderly people who had aged.

Even Pan Du who was next to Xia Tian's grandfather also began to bid on rainbow flowers.

No one wants to budge and keeps bidding, until the price of the Rainbow flower jumps to 2,900,000 dollars, this is a very large number for a flower like this.

Ye Chen did not expect the rainbow flower to be appreciated as expensive as this, even though the function of enhancing the vitality of the pelagi flower only lasted for a few months, after the effect was gone the vitality would be weak again.

Well, it can't be denied if the people here are rich people, 3,000,000 dollars is nothing for these rich people, as long as they get their body's vitality back they are willing to pay a very high price.

"Does no one want to bid anymore?" Cheng Mengyan asked everyone who was here.

Everyone just stay quiet, they don't want to waste money on the first item.

Seeing that no one else would bid, Cheng Mengyan decided the winner "congratulations to the master in seat 145 for getting the Rainbow Flower" with a warm smile, Cheng mengyan congratulated the winner in number 145.

Cheng Mengyan: "Alright let's move on to the next item."

Cheng Mengyan went on to the second item "This is Ligong Fruit, all of you here must know the function of this Fruit, so I won't explain it in too much detail to you, the initial price for Ligong Fruit is 100,000 dollars" Cheng Mengyan started the auction for this second item.

Ye Chen looked more clearly at this Ligong fruit, Ye Chen felt that this was not a Ligong Fruit that could be used to heal external wounds very quickly.

This is definitely a Phoenix Fire fruit that is not yet fully ripe, maybe the shape is indeed similar to a Ligong fruit, but there is a slight difference that makes the two different and this is very rarely known by ordinary people.

This fruit is very rare in this world, this fruit can increase the strength of the deep fire of people who eat it, this is very useful for Ye Chen who has the power of deep fire.

It seems like the auction party was not thorough at all in evaluating the items to be auctioned, this was a good opportunity for Ye Chen, the Phoenix Fire fruit was a very rare fruit, it was very rare for someone to meet with this fruit in his life.

"1,000,000" Ye Chen was the first person to start bidding.

Everyone was astonished to see someone bid on a Ligong Fruit this expensive, in the market the price of a Ligong Fruit was only around 300,000 ~ 500,000 dollars, who exactly was a fool who bid this expensive.

Xia Tian did not think that Ye Chen would bid Ligong fruit at a high price, actually what Ye Chen was thinking about, why did he buy fruit at 2x the price on the market.

Xia Tian did not doubt Ye Chen, there must be a reason for this.

Everyone immediately looked towards Ye Chen, everyone did not know whether this person was indeed stupid or had a lot of money in his body.

After Ye Chen bargained with a high price, there was no longer anyone who dared to raise the price, who also would want to buy an item with a 2x price on the market.

Seeing the person bidding was Ye Chen, Cheng Mengyan felt a little awkward.

"Is there no one else who wants to bid?" Cheng Mengyan asked everyone who was here.

Everyone just kept quiet, no one wanted to compete with Ye Chen.

"Congratulations to young master Ye Chen for getting the Ligong Fruit" With a very gentle smile, Cheng Mengyan congratulated Ye Chen.

Cheng Mengyan unconsciously called Ye Chen's real name, Cheng Mengyan should only need to mention the number of seats that Ye Chen was sitting on, but instead she mentioned Ye Chen's real name in front of everyone.

Everyone was astonished when the Goddess in their hearts Cheng Mengyan, called the winner by his real name, did the goddess Cheng Mengyan know this person?.

Ye Chen immediately received a piercing gaze from all the young men who were here, even Xia Qingyu also stared at him with a piercing gaze.

"Ye Chen, you better explain this to me, how does this fox lady know you?" Xia Qingyu immediately asked Ye Chen how Cheng Mengyan knew Ye Chen.

"Damn Cheng Mengyan why does she have to say my name in a situation like this" in his heart Ye Chen cursed Cheng Mengyan for making himself a public enemy.

"Ye Chen, hurry up and say whether you know the woman" Xia Qingyu continued to question Ye Chen, Xia Qingyu would not stop before Ye Chen gave her a satisfying explanation.

Yes, yes, I know that woman, we have met several times before, that's all, there is no other relationship between the two of us" Ye Chen tried to explain to Xia Qingyu who looked dissatisfied with himself.

"Is it true that you don't have another relationship?" Asked Xia Qingyu.

"No, no, I have absolutely no relationship with that woman" Ye Chen immediately shook his head at Xia Qingyu.

Zhao Yanyan had forbidden Ye Chen to deal with Cheng Mengyan, because this was Ye Chen as far away from Cheng Mengyan as possible.

"That's good, if you have a relationship with another woman, just watch out" Xia Qingyu threatened Ye Chen.

Ye Chen had no idea that Xia Qingyu would be a very jealous woman, if she knew that Ye Chen had many women what would Xia Qingyu do.

"Well, let's move on to the third item, the third item is still the same, Ligong fruit, the initial price is 100,000 dollars, please start the antidote."

"1,000,000 dollars" Ye Chen again offered the Phoenix Fire fruit at a high price.

Everyone looked back at Ye Chen with questioning eyes as before.

This person again bargained at a crazy price, no one wanted to compete with Ye Chen for fighting over the Fire Phoenix Fruit.

Ye Chen was very happy that everything went smoothly without any obstacles, he could get 2 pieces of rare Phoenix Fruits at a cheap price.

Because Ye Chen got 2 pieces, he would give one to Fu Lanling.

Chapter 260 - Bone Growth Pills

Cheng Mengyan continued the auction, after the Phoenix Fire Fruit, there were no more items that could make Ye Chen interested.

The items auctioned were only items that were not very useful for Ye Chen, Ye Chen already had a lot in his storage room.

"Ladies and gentlemen, now we will enter the top event, what we sell this time will be very rare for you to build up in this world, don't be surprised if the price of this item is very expensive," Cheng Mengyan explained that the item she was going to auction this time was very rarely encountered in this world.

Everyone who heard Cheng Mengyan's words began to wonder what items were very rare in this world.

They all want to see this very rare item.

"Now here's the item" Cheng Mengyan opened the cover that covered the mysterious item.

After opening the lid, a pill bottle is presented in front of everyone

Cheng Mengyan opened the bottle and showed everyone the contents inside, immediately the aroma of a very typical pill was smelled by everyone in this place.

This is a bone growing pill, this pill can restore broken or crushed bones, this pill is very rarely found in the mortal world like the earth, in the mortal world the ingredients for making this pill are very rare indeed.

"This is a bone growing pill, this pill can heal broken bones very badly, the initial price for this pill is 5,000,000 dollars" Cheng Mengyan tells everyone the functions and the initial price for this pill.

Everyone immediately got excited after knowing what was in the bottle held by Cheng Mengyan.

This is a pill that can cure permanent disabilities, of course many people are very interested in bone growing pills.

"6,000,000"

"6,500,000"

"7,000,000"

"7,100,000"

"7,500,000"

"8,000,000"

Everyone starts to bargain at a very high price, some people here want to buy and resell at twice the price, a pill that can cure permanent disabilities will be very easy to sell on the market.

The price of bone-growing pills went up to 10,000,000, this is really crazy.

Ye Chen had no idea that bone-growing pills could be as valuable as this, Ye Chen had tons of bone-growing pills in his storage room, these pills were only Tier 3 pills so it wasn't difficult to make.

The bone-growing pill in the hands of Cheng Mengyan was still far behind when compared to the bone-growing pill made by Ye Chen, it seemed like the person who made this pill was still an amateur.

Xia Tian's grandfather also started bidding for this pill, he competed for the pill in the hands of Cheng Mengyan.

"Xia Tian's grandfather, why are you bidding on a bone-growing pill, do you really need it?" Ye Chen asked Xia Tian's grandfather, who was a few chairs away from where Ye Chen was sitting.

"Of course this is for business, I try to buy it cheaply and sell it again, besides getting a little profit, I can also make my drug shop's name famous again" apparently the reason Grandpa Xia Tian offered a bone-growing pill was to make his drugstore famous again like past.

Because Xia Wuxan was too greedy, the medicine business managed by Xia Tian's grandfather became deserted, he needed a way to make his drugstore go back to its old name.

"Oh, I see, since Grandpa didn't say that, I have a lot of pills like this, whether Xia Tian's grandfather wants to sell them, the results can be divided into two." Ye Chen has a lot of bone growth pills. Rather than not being used, Ye Chen would sell it to people who needed it more.

Ye Chen reached into his sleeve, he took out several bottles of bone-growing pills from the fairy gate, Ye Chen was doing this in order that no one would suspect where the bone-growing pills came from.

Xia Qingyu, Xia Tian and Pan Du's jaws opened wide when they found out that Ye Chen had a bone-growing pill.

Xia Tian's grandfather and Pan Du immediately went to Ye Chen's side, they took the bottle in Ye Chen's hand, they both opened the bottle cap, they all wanted to see if the bottle in Ye Chen's hand indeed contained a bone-growing pill.

When the bottle was opened the distinctive medicinal aroma was smelled by everyone in this place, the aroma was far more refreshing than the bone-growing pill in the hands of Cheng Mengyan.

Immediately the aroma of the pill in Cheng Mengyan's hand was suppressed by the Bone Growing Pill made by Ye Chen.

Some people who are experts in the field of medicine immediately find out the origin of the aroma of this refreshing drug, this is clearly a pill that is very perfect and pure, who really is the person who is able to make this pure pill.

Some cultivators in this place also immediately find out the source of this very pure aroma of medicine, they did not expect that in this place there was someone who could make pills at this level, it seems like this place had an alchemy master.

Seeing everyone's behavior, Ye Chen immediately told Xia Tian's grandfather to close the bone-growing pill bottle, it would be very troublesome if it was known by the people who were here.

Suddenly the refreshing aroma of medicine disappeared, this made some people who were looking for provenance very disappointed.

Cheng Mengyan, who was on the stage at the moment, was a little awkward, just now someone had deliberately put out a bone-growing pill with extraordinary purity.

The pills in her hand were nothing compared to the pills released by the mysterious person just now.

Because this is Cheng Mengyan a little awkward, this is the same as telling that the pill in the hands of Cheng Mengyan is nothing compared to the pills of the mysterious person just now.

After the incident just now, no one else wanted to bid on the pill in the hands of Cheng Mengyan.

this made the pill owner auctioning so furious, why did the mysterious alchemy master have to show his pill at an auction like this.

Too bad the pill owner can't do anything, he can only grit his teeth.

Xia Tian was very happy, the pill Ye Chen had was genuine, it was even purer than the one in Cheng Mengyan's hands, if it was sold it would be very expensive.

Because no one wanted to bid anymore, Cheng Mengyan had to announce the winner of this bone-growing pill.

"Congratulations to the people in Room 3, you have got this bone-growing pill!" Cheng Mengyan congratulated the winner in the room Vip.

Because Ruan Vip cannot be seen by anyone outside, everyone doesn't know who won the bone-growing pill.

"Okay, now we will go to the last item, this item is a very rare item in this world, the price of this item can reach tens of millions of dollars, here it is," Cheng Mengyan opened the cover that covered the precious item.

The last item is fresh grass, all the lay people here don't understand what grass is? Why does Cheng Mengyan say that the price of this grass can reach tens of millions of dollars, what is so special about this grass.

everyone who was here was waiting for an explanation from Cheng Mengyan.
