

A True God 391

Chapter 391 - Ye Chen's Arrival To The Frozen Ice Sect

Hong Won looks like a person who has no soul in him.

The ladies from the Frozen Ice Sect were shocked when they saw Hong Won who suddenly stopped far in front of them.

The ladies from the Frozen Ice Sect noticed an oddity emanating from Hong Won.

To the girls, the current Hong Won looks like a human without a soul.

The people of the Gates of Eternity Sect also noticed something odd about Hong Won.

"What's going on ?, what's wrong with young master Hong, why did he suddenly stop." Jian Teng didn't understand why Hong Won suddenly stopped halfway.

Moreover, Hong Won did not move an inch from where he was standing.

Currently Hong Won's mind is at its very weakest.

this was the perfect moment for Qing Cheng to fully control Hong Won, that way zhe would no longer have to fear the people from the Gates of Eternity Sect.

From the beginning, Qing Cheng had seen how the people from the Gates of Eternity Sect respected Hong Won so much, surely Hong Won had a fairly high position within the Gates of Eternity Sect, otherwise how could these strong people respect Hong Won so much.

"Boomm" when Qing Cheng wanted to control Hong Won, lightning struck right in front of Qing Cheng, the lightning strike was very strong, the lightning strike made an explosion that had tremendous power.

"Ahh! ! ! "Qing Cheng and all the women behind her were immediately blown back by this lightning.

After being hit by a burst of lightning, Qing Cheng and the women from the Frozen Ice Sect sustained quite serious injuries.

Among all the women who were affected by the thunder blast just now, Qing Cheng was the one who had suffered the most injuries as she was the one closest to the thunder blast just now.

Qing Cheng was still fortunate not to have been directly hit by the lightning blast just now, if she was hit directly, she would definitely suffer more severe injuries than now or she might die.

"All of you are brave enough to cast an illusion on our young master." Seng Huwe spoke to the ladies from the Frozen Ice Sect.

Previously, Seng Huwe was observing what Hong Won was going to do in the Frozen Ice Sect, unexpectedly when he was halfway through Hong Won suddenly stopped.

Moments later, Hong Won looks like a soulless person.

Seeing this, Seng Huwe knew that Hong Won was under someone's illusion.

Seeing Hong Won trapped in an Illusion, Seng Huwe immediately found out who the person who had done this to Hong Won was.

After searching for a while Seng Huwe could not find anyone who had used illusions on Hong Won.

This person was too great, even Seng Huwe couldn't find the existence of this illusion technique user.

Seng Huwe was not at all suspicious of Qing Cheng, however Qing Cheng didn't look like someone who was using an illusionary technique.

Illusory technique users definitely wouldn't be that stupid to use their illusion techniques where the enemy could clearly see them, surely they would use illusion techniques in an invisible place to avoid danger.

Not finding the culprit who had done this, Seng Huwe was forced to attack all the women from the Frozen Ice Sect.

It must be that the person who used illusions on Hong Won was one of the women from the Frozen Ice Sect.

"Young Master Hong, are you all right?" Jian Teng tried to wake Hong Won, when Jian Teng woke Hong Won, Hong Won started to regain consciousness.

After Qing Cheng's illusionary technique was cut off, Hong Won has now regained consciousness.

"What just happened to me?" Hong Won still seems a little confused about what happened to him.

"Young master, you were just hit by someone's illusionary technique." Seng Huwe who was in the sky explained to Hong Won what just happened.

Hong Won now just remembers, before he was trapped in the dark along with a very scary monster.

To think that the creepy monster just now was an illusion created by someone.

Hong Won looked at the women from the Frozen Ice Sect, it must be among these people that this was the culprit who had trapped himself into the illusion.

"I definitely won't let you go." Hong Won is currently very angry, how dare he be played like this by a woman who is much weaker than himself.

"All of you, hurry up and bring all these women into the profound ark." Hong Won ordered his subordinates to carry the women from the Frozen Ice Sect onto the profound ark.

Hong Won has lost his mod to play with women from the Frozen Ice Sect, now he just wants to get on with these beautiful women, and get revenge for what happened just now.

All of Hong Won's subordinates including Jian Teng nodded, they immediately went towards the women to lead them into the profound ark.

The ladies from the Frozen Ice Sect were currently utterly helpless, they didn't have the strength to fight against the people who were on their way.

Jian Teng and the people from the Gates of Eternity Sect arrived in front of the women.

"Hahaha, you should all be grateful that our Young Master wants your virgin Yinqi." Jian Teng laughed with satisfaction when he saw the miserable state of the woman from the Frozen Ice Sect.

"We'd rather die than become a Dual Cultivation Furnace for that man." The women of the Frozen Ice Sect would rather die than become a Dual Cultivation Furnace for Hong Won's sake.

Several women from the Frozen Ice Sect took an ice knife and prepared to commit suicide.

They would rather die like this than become a Dual Cultivation furnace for Hong Won.

"Stop it" Mu Lanyin tries to stop the women who want to commit suicide.

Unfortunately, Mu Lanyin's strength had not yet recovered, she couldn't stop some women from committing suicide.

"I won't let you kill yourself that easily." Jian Teng took out a powder from his storage ring.

He threw this powder at the woman from the Frozen Ice Sect.

The powder Jian Teng just threw was inhaled by the women from the Frozen Ice Sect.

The women who had inhaled this powder immediately lost the strength they had, their bodies started to feel hot and very uncomfortable.

Mu Lanyin and Qing Cheng quickly covered their mouths and noses, so the two of them didn't inhale the powder that Jian Teng just threw.

Mu Lanyin and Qing Cheng looked at all the Frozen Ice Sect women who had inhaled the powder that Jian Teng had just thrown.

The current women of the Frozen Ice Sect had faces that were red like apples, and their breaths also looked very unstable.

Just looking at this, Mu Lanyin and Qing Cheng could conclude that currently women must be under the influence of an aphrodisiac medicine.

It seemed the powder that Jian Teng had just thrown away was an aphrodisiac powder.

"Hahaha, all of you will no longer be able to commit suicide, please accept your fate to become a Dual Cultivation stump for our young master." Jian Teng laughed again, he was satisfied when he saw his mild aphrodisiac powder managed to influence the ladies of the Frozen Ice Sect.

The aphrodisiac powder that Jian Teng had thrown out was a new version that Jian Teng was developing.

So Jian Teng still didn't know how strong the Aphrodisiac powder he had just used.

"All of you hurry up and bring all these women back into the profound ark." Jian Teng ordered the people behind him to bring all the women from the Frozen Ice Sect into the profound ark.

Everyone understood, they immediately went to take the woman from the Frozen Ice Sect up into the profound ark.

"Boom. . . , "When the guys from the Gates of Eternity Sect wanted to take on women who were under aphrodisiac influence.

suddenly an explosion and earthquake occurred behind the people from the Gates of Eternity Sect.

The people who wanted to take the woman from the Frozen Ice Sect stopped immediately, they all immediately looked at the source of the explosion just now.

When they looked back, they all saw an ice Mist covering their vision.

In the ice Mist, they saw a stranger's shadow.

After the Ice fog had completely disappeared, the people from the Gates of Eternity Sect saw someone standing in the middle of the snow.

The people of the Gates of Eternity Sect saw a very handsome man standing in the middle of the snow.

This man looked at the people from the Gates of Eternity Sect with an extremely hostile look.

This very handsome man was of course Ye Chen, Ye Chen who had just arrived was furious when he saw the Frozen Ice Sect had been turned into a state like this.

Ye Chen was eager to make the people who had destroyed the Frozen Ice Sect pay for what they had done.

"husband", Mu Lanyin and Qing Cheng simultaneously called Ye Chen as husband.

Mu Lanyin and Qing Cheng were very happy when they saw Ye Chen come to this place.

Now that they both felt very relieved, Mu Lanyin and Qing Cheng really believed that Ye Chen could definitely beat the strong people from the Gates of Eternity Sect.

The people from the Gates of Eternity Sect began to ask who the handsome man had just come to this place.

they all felt danger emanating from Ye Chen.

Ye Chen looked at the direction where the Frozen Ice Sect women were, he found that Mu Lanyin and Qing Cheng were currently heavily injured,

Chapter 392 - Forbidden Relationship That Has Been Found

Ye Chen went straight to Mu Lanyin and Qing Cheng's side, he wanted to see the state of the two.

The people from the Gates of Eternity Sect were shocked when they saw Ye Chen was already beside them.

" Who are you ? , what are you doing here? ", One of Hong Won's underlings asked Ye Chen.

Ye Chen did not answer the questions of these people, he waved his hand, an immense power headed straight for the people of the Gates of Eternity Sect.

"Agrhhhh" The people from the Gates of Eternity Sect were flown by Ye Chen, even Jian Teng was forced back several tens of steps by the flick of Ye Chen's hand.

Jian Teng did not expect that he would be forced back by Ye Chen, Jian Teng had repeatedly confirmed the level of strength that Ye Chen had.

As a result, Jian Teng found that in Ye Chen's body did not feel the slightest bit of strength, this really didn't make any sense at all, if Ye Chen was an ordinary person, how could he be able to bring out this kind of strength.

Ye Chen was still hiding the power he had by using the Reideran Pendant necklace, so currently no one was able to see through the power he had.

Seng Huwe also couldn't find the level of strength Ye Chen possessed.

Seng Huwe began to think that this person might have a cultivation base much higher than what he had.

Seng Huwe did not think that Ye Chen was using an artifact to hide the power he had.

This felt really strange, if Ye Chen was at the tenth level of the Overlord Realm, then Seng Huwe would still be able to tell what level Ye Chen currently had.

But what happened at this time was that Seng Huwe couldn't feel the slightest bit of strength inside Ye Chen's body.

After driving the people out of the Gates of Eternity Sect, Ye Chen went to see the state of Mu Lanyin and Qing Cheng.

"Are you all right? ", Ye Chen asked Mu Lanyin and Qing Cheng's situation.

"We are fine, fortunately you came on time, otherwise we might be raped by that shameless man." Qing Cheng pointed at Hong Won who wanted to do bad things to all the women in this place.

Qing Cheng tells Ye Che what happened to her and Mu Lanyin, if only Ye Chen didn't come just now, all the women here would have been raped by Hong Won.

Ye Chen who heard this was very angry, how dare Hong Won want to do bad things to the woman he loved so much.

"You two take it easy, I'm already here, you will definitely be fine" Ye Chen hugged Mu Lanyin and Qing Cheng into his arms.

Mu Lanyin and Qing Cheng felt a comfortable feeling when Ye Chen hugged them.

"Jian Teng, what are you waiting for, get rid of that person quickly." Hong Won was angry when he saw Ye Chen hugging the woman he wanted.

Hong Won wanted Jian Teng to kill Ye Chen as soon as possible.

Jian Teng obeyed Hong Won's orders, Jian Teng took out his sword weapon from the storage room ring.

Jian Teng raised his sword and headed towards Ye Chen who was hugging Mu Lanyin and Qing Cheng.

Just as Jian Teng wanted to attack Ye Chen, from above the sky came a huge fire that was aimed at him.

Seeing the huge fireball heading towards him, Jian Teng immediately retreated as far as possible to avoid the huge and hot fireball that was being shot at him.

"Damn, who else is this? ", Jian Teng cursed the person who had shot a huge fireball at him.

It was a while after Jian Teng took out his words.

from above the sky fell several extremely beautiful women, these beautiful women began to descend right in front of Ye Chen.

Hong Won, Jian Teng, Seng Huwe and the people of the Gates of Eternity Sect were shocked when they saw an extremely beautiful woman descending from the sky.

These women look like beautiful goddesses who are coming down to earth.

Hong Won is the one who is the most excited when he sees the beautiful beauty descending from above the sky.

Hong Won was drooling over his own, in his mind he should get the beautiful women who just came here.

The beautiful women who had just arrived were Zhao Yanyan, Liu Yue, Fu Lanling, Su Mengxin, Lin Rouxi, Xiao Lulu, Nangong Xiang, and Mu Nianci.

They all descended right in front of Ye Chen, Zhao Yanyan and the other women saw the place where the Frozen Ice Sect's battlefield was.

This battlefield was so chaotic, many women from the Frozen Ice Sect were suffering from injuries from the ongoing battles.

Mu Nianci was currently staring at Ye Chen with the crystal clear eyes she had, inside Mu Nianci's eyes were a shock that she had never shown to outsiders in this life.

Mu Nianci did not expect that the woman who was related to Ye Chen would become Mu Lanyin who was the current sect leader.

This was something Mu Nianci had never imagined in this life.

Mu Nianci did not expect that Mu Lanyin would violate the rules of the sect that had long existed, Mu Lanyin had actually entered into a forbidden relationship with outsiders without the knowledge of a single woman in the Frozen Ice Sect.

Mu Nianci really didn't know what to do in a situation like this, whether she should be angry, hate, or just keep quiet when she saw Ye Chen and Mu Lanyin doing something like this.

"Take it." Ye Chen gave Mu Lanyin and Qing Cheng a pill that could heal the wounds they currently had.

Ye Chen also gave Mu Lanyin some heavenly peaches, Heavenly peaches have the effect of restoring profound energy.

Ye Chen hoped that this heavenly peach would be enough to restore Mu Lanyin's profound energy.

Ye Chen also told Mu Lanyin and Qing Cheng to rest first and leave the rest to himself.

Mu Lanyin and Qing Cheng nodded, both of them ate the pills that Ye Chen gave them, after which they began to rest to recover their strength.

"Everyone hurry up and go get that beautiful woman who just came, I want all these beauties, hurry up and bring them to me" Hong Won issued an order to everyone from the Gates of Eternity Sect to immediately catch all the peerless beauties who just came here. .

Jian Teng, Seng Huwe and the people from the Gates of Eternity Sect could only obey orders from Hong Won.

They all rushed towards Zhao Yanyan, Liu Yue, Fu Lanling, Su Mengxin, Lin Rouxi, Xiao Lulu, Nangong Xiang, and Mu Nianci who had just arrived.

"Everyone are you ready to fight and show the results of the training we have done." Zhao Yanyan spoke to all of Ye Chen's women who were beside her.

All the women nodded, they were ready to show the strength they had.

Zhao Yanyan, Liu Yue, Fu Lanling, Su Mengxin, Lin Rouxi, Xiao Lulu put into battle, they were ready to fight against those from the Gates of Eternity Sect who were eyeing them.

The people of the Gates of Eternity Sect had various strengths, apart from Jian Teng and the elders who came with Hong Won, the average strength of this person was at the middle Emperor Realm stage.

Zhao Yanyan and the ladies started to divide tasks with each other, they would try to work together to win against these people.

Chapter 393 - Against The Gates Of Eternity Sect 1

The women began to divide their respective duties, some would attack at the front and some would help from behind.

The women in charge of attacking the front were Liu Yue, Fu Lanling and Su Mengxin, while the rest would fill in the back.

Liu Yue took out the sword weapon she had, while Su Mengxin and Fu Lanling didn't take a weapon.

Until now, Su Mengxin still hadn't found a suitable weapon for her, because of this she didn't take out a weapon.

Even though he didn't have a weapon, Su Mengxin still had something that could help her fight against enemies called the Eternal Goddess Flower technique.

this technique could help Su Mengxi fight against the people from the Gates of Eternity Sect.

Whereas Fu Lanling did not need a weapon to deal with people like this, she only needed the palm of her hand to defeat Jian Teng and Seng Huwe.

In the back, only Zhao Yanyan had a weapon in the form of a lotus zither, with this lotus zither she would help Liu Yue, Fu Lanling and Su Mengxin at the front.

On Zhao Yanyan's side were Lin Rouxi and Xiao Lulu who were also ready to help the women at the front.

The people from the Gates of Eternity Sect came to attack Zhao Yanyan and Ye Chen's other women.

Liu Yue, Fu Lanling and Su Mengxin immediately used their profound energy.

Liu Yue, Fu Lanling and Su Mengxi's bodies were enveloped in a strong profound aura.

Among the three, Fu Lanling's aura was the most domineering and most powerful, the aura possessed by Fu Lanling made the people of the Gates of Eternity Sect fear.

Even Jian Teng and Seng Huwe were afraid of Fu Lanling's aura.

Just as they felt for Ye Chen, Jian Teng and Seng Huwe also couldn't feel the strength that Fu Lanling had.

Jian Teng and Seng Huwe might be able to feel Zhao Yanyan and the other women's strength, while for Fu Lanling, they both really couldn't feel the level of strength that Fu Lanling had.

Fu Lanling was the first woman to step forward, she went towards Jian Teng and Seng Huwe.

Fu Lanling stretched out both palms as soft as the white lotus she possessed, from these palms appeared profound flames.

Fu Lanling was going to hit Jian Teng and Seng Huwe using this palm.

Jian Teng and Seng Huwe didn't stay behind when they saw Fu Lanling attacking the two of them, Jian Teng and Seng Huwe stretched out the palms they had, they both welcomed the attack from Fu Lanling.

Fu Lanling's palms clashed against Jian Teng and Seng Huwe's palms.

When Jian Teng and Seng Huwe's palms met Fu Lanling's, their palms didn't seem to have hit anything.

As they took a closer look, the palms they had melted when they met Fu Lanling's flames.

The fire that Fu Lanling has is extremely hot, this is Phoenix fire, of course, it will be very hot to the touch.

Even stones could melt if hit by Fu Lanling's Phoenix flames.

"Ahhh" Jian Teng and Seng Huwe screamed hysterically when they saw the hands they had melted from Fu Lanling's Phoenix flames.

Both Jian Teng and Seng Huwe didn't feel any pain when their hands melted, because the phoenix flames were too hot they didn't feel any pain when the hands they had melted.

Jian Teng and Seng Huwe immediately retreated as far as possible from Fu Lanling, they were both afraid to deal with Fu Lanling.

Fu Lanling didn't let the two bad guys get away, she flew closer and closer towards Jian Teng and Seng Huwe.

Liu Yue and Su Mengxin also started moving, both of them aiming for Hong Won's subordinates who were on average at the Emperor Realm intermediate stage.

"Blue Moon Shadow blink" Liu Yue immediately used Blue Moon Shadow blink to move towards behind the people from the Gates of Eternity Sect.

The people from the Gates of Eternity Sect were unaware that Liu Yue was already behind them, this was because where Liu Yue was standing before was replaced by a shadow that was exactly like Liu Yue.

Seeing the people from the Gates of Eternity Sect who were off guard at the rear, Liu Yue immediately slashed the back of the person closest to him.

"Ahhh. . ."The people who were hit by Liu Yue started screaming in pain, they were not ready when Liu Yue cut their backs.

The people unharmed by Liu Yue's slash immediately charged towards Liu Yue.

Liu Yue was smarter than these people, she returned to using the Blue Moon Shadow blink to move elsewhere.

The people from the Gates of Eternity Sect only attacked Liu Yue's shadows substitute, Liu Yue's surrogate shadows couldn't last long, in an instant the shadows turned into blue light particles.

Liu Yue again appeared behind the people from the Gates of Eternity Sect, Liu Yue again attacked the backs of the people from the Gates of Eternity Sect.

The people from the Gates of Eternity Sect were very annoyed when they saw Liu Yue toying with them all, everyone blindly attacked Liu Yue.

As they rushed to attack Liu Yue, from above the sky fell lots of red flower petals, these flower petals decorated the sky very beautifully.

Flower petals began to descend towards the people from the Gates of Eternity Sect.

When the flower petals fell and touched the clothes or bodies of the people of the Gates of Eternity Sect, an incision immediately appeared where the red flower petals fell.

Blood started coming out from the wound that had suddenly appeared.

"Ahhh. . ."Seeing this strange thing, the people from the Gates of Eternity Sect shouted hysterically again, they did not think that these red flower petals could injure them.

they all cringed when they saw the thousands of petals descending on top of their bodies, if they were to be hit by this many descending red flower petals, it was certain that they would be chopped to pieces by the falling red petals.

The people from the Gates of Eternity Sect tried to repel the flower petals that were close to their bodies.

They were very careful, they didn't want to be hurt by the red flower petals raining down on them this time.

Liu Yue took advantage of this situation to attack the people from the Gates of Eternity Sect.

"Blue Moon Light" Liu Yue used the Blue Moon Light technique, blue moonlight began to appear around Liu Yue.

Liu Yue bathed in blue moonlight looked very graceful.

Liu Yue began to use moonlight to attack the people from the Gates of Eternity Sect.

"Argghhh" the people from the Gates of Eternity Sect shouted again in pain,

Just now they didn't know what was going on, they just felt like their bodies were being hit by something very strong.

The blue moonlight was so transparent, only a few people could see Liu Yue's attack of blue moonlight.

The people of the Gates of Eternity Sect looked troubled and depressed when they resisted the combined attacks carried out by Su Mengxin and Liu Yue.

"Everyone, let's attack the two women, if we continue to defend like this then sooner or later we will lose." The team leader of the Gates of Eternity Sect immediately gave the command to those around him to attack Liu Yue and Su Mengxin. .

Chapter 394 - Against The Gates Of Eternity Sect (2)

The people of the Gates of Eternity Sect felt that the strength that Liu Yue and Su Mengxin possessed was too strange and strong, if they didn't attack the two of them then it was certain that they would lose even before fighting.

The people from the Gates of Eternity Sect split into two halves, one aimed at Liu Yue and one aimed at Su Mengxin.

The people from the Gates of Eternity Sect charged towards Liu Yue and Su Mengxin, they paid no heed to the red flower petals in front of them.

Numerous wounds appeared from breaking through the red flower petals, because of this the people of the Gates of Eternity Sect looked like a bath of blood.

The people of the Gates of Eternity Sect paid no heed to the wounds they received from the red flower petals.

Liu Yue and Su Mengxin didn't expect that the people from the Gates of Eternity Sect would be this crazy, they actually broke through flower petals that were as sharp as a knife.

Su Mengxin and Liu Yue immediately put on a defensive stance, both of them withstood the attacks launched by the people from the Gates of Eternity Sect.

Liu Yue used the moonlight to create a defense, while Su Mengxin used red flower petals to create a defense against the attacks of the Gates of Eternity Sect.

The people from the Gates of Eternity Sect arrived in front of Liu Yue and Su Mengxin, they all attacked the defenses set up by Liu Yue and Su Mengxin.

The attacks of the people from the Gates of Eternity Sect were very aggressive, under the onslaught of several people at once, the defenses made by Liu Yue and Su Mengxin began to waver.

If it continues like this, it can be confirmed that the defenses made by Liu Yue and Su Mengxin will be destroyed by the aggressive attacks launched by the enemy in front of them.

Zhao Yanyan saw that Su Mengxin and Liu Yue were being pressured by the people from the Gates of Eternity Sect.

Zhao Yanyan started helping Su Mengxin and Liu Yue, Zhao Yanyan started playing with the lotus zither in her hand.

As Zhao Yanyan played the lotus zither in her hand, a pleasant sound began to play.

Zhao Yanyan's playing was very good, the women who heard this felt their soul and mind have become very comfortable.

all Ye Chen women felt strength start to flow within their bodies

"Ahhhh, it hurts. . . , stop that voice, it hurts so much." The people of the Gates of Eternity Sect started rolling around on the snow, they were holding their heads in great pain.

they all tried to cover their eardrums, unfortunately the sound of Lutos' sitar they could still hear.

The tone of Zhao Yanyan's Lutos zither sound was so painful for the people of the Gates of Eternity Sect to hear, their heads felt like they wanted to break when they heard the notes Zhao Yanyan played.

The curse of the Goddess melody technique was very effective, these people were seen in pain by the tone of voice played by Zhao Yanyan.

Even though Zhao Yanyan still mastered the first level of goddess melody techniques, but the strength Zhao Yanyan displayed could be this great.

"Everyone, come attack the woman who plays the zither." The people of the Gates of Eternity Sect could not stand this painful sound, they had to end the person who played this terrible zither.

The people from the Gates of Eternity Sect had a little difficulty walking, the tone of voice that came out from the Sitar Lotus made their heads spin.

Liu Yue and Su Mengxin took advantage of the opportunity given by Zhao Yanyan, they attacked the people from the Gates of Eternity Sect who looked confused by the sound of the lotus zither Zhao Yanyan was playing.

The people of the Gates of Eternity Sect were in a very bad situation, they were attacked from all directions by beautiful women they wanted to kidnap.

"Ahhhhh, I can't take it anymore, I have to get out of here." The people from the Gates of Eternity Sect couldn't stand this anymore, they better run away than fight these beautiful women.

The people from the Gates of Eternity Sect fled to save themselves, they didn't want to deal with these terrible beauties.

"Where are you going?" Lin Rouxi didn't let those people from the Gates of Eternity Sect escape so easily.

Lin Rouxi raised one hand of hers forward, from Lin Rouxi's palm appeared a blue light like water.

"Boom. . . , boom. . . , boom. . . , boom. . . " the moment Lin Rouxi raised one hand of hers forward, a loud boom occurred.

From the ground began to gush a blue water like sea water, this water began to rise and make a dome.

This dome covered the people from the Gates of Eternity Sect, the people from the Gates of Eternity Sect in the prison inside the Water dome.

Inside the dome of water began to fill with large amounts of water. This water filled the contents of the dome, the people of the Gates of Eternity Sect were trapped in the dome of Water.

The people trapped in the water prison could not move and could not breathe, the entire dome was filled with water and no air left could enter here.

The name of Lin Rouxi's cultivation technique was Ocean Blessing, this cultivation technique could allow Lin Rouxi to control all kinds of water in this entire universe.

Water is the most important part of the life of every living being in this entire universe, without water all living things would be extinct.

Lin Rouxi truly wielded an immense amount of strength, it could be said that Lin Rouxi's Ocean Blessing cultivation technique could control an important part of the life of every living being.

The pressure inside the water prison was extremely high, the people of the Gates of Eternity Sect felt pressured by the pressure of the water in this water prison.

Little by little the consciousness of the people from the Gates of Eternity Sect began to fade, within the intense water pressure and unable to breathe, the people from the Gates of Eternity Sect fell one by one.

If it continued like this, then sooner or later the people of the Gates of Eternity Sect would die from being unable to breathe.

Lin Rouxi was not such a cruel woman, seeing that the people from the Gates of Eternity Sect had become weak, she decided to withdraw the water she had.

After Lin Rouxi withdrew the technique she had used, the people from the Gates of Eternity Sect fell into the snow.

They coughed so badly, these people looked like fish that had just come out of the water.

The people of the Gates of Eternity Sect looked so weak, they didn't have the fighting spirit to fight the beautiful woman in front of them.

"Looks like this is enough, Lulu please tie them up using your plant-controlling abilities." Zhao Yanyan told Xiao Lulu to tie these people up using the YGGDRASIL heart art.

"Okay." Xiao Lulu nodded at Zhao Yanyan, she started using the YGGDRASIL heart art to grow plants.

From the ground began to grow roots that were quite large, these roots began to move towards the people of the Gates of Eternity Sect.

Xiao Lulu tried her best to control the roots of this huge tree.

Huge roots wrapped around the feet of the people from the Gates of Eternity Sect who were in a weak state.

Suddenly the tree roots lifted the people of the Gates of Eternity Sect upwards, after which the tree roots started slamming people from the Gates of Eternity Sect into the snow.

"Bamm., Bamm ..." The people of the Gates of Eternity Sect were repeatedly slammed into the snow by the roots of the huge tree.

Xiao Lulu failed to control the tree roots she grew, as a result the tree roots went out of control and started slamming the people from the Gates of Eternity Sect.

"I'm sorry, I'm sorry, I didn't do it on purpose." Xiao Lulu tried to apologize to the people from the Gates of Eternity Sect who were being slammed by the huge roots she had grown.

all the women smiled helplessly when they saw Xiao Lulu who was apologizing to the enemy they were supposed to fight.

Chapter 395 - Defeat The Enemy With One Slap

Ye Chen left the matter of Hong Won's men to Zhao Yanya and the others, he believed that they could all beat these people.

Ye Chen himself also had to make a calculation with Hong Won, this man was the mastermind behind all the chaos that happened to the Frozen Ice Sect.

Hong Won really is brave enough to have evil thoughts towards Mu Lanyin and Qing Cheng.

Moreover, just now Hong Won also had evil thoughts on Zhao Yanyan, Liu Yue, Fu Lanling, Su Mengxin, Lin Rouxi and Xiao Lulu.

This crime must be paid for by Hong Won himself, he must accept the consequences of what he has done today.

Ye Chen didn't waste the time he had, Ye Chen walked off to where Hong Won was.

The steps that Ye Chen took was quite fast, in no time Ye Chen arrived in front of Hong Won.

Ye Chen looked at Hong Won with quite a hostile gaze.

Hong Won saw that Ye Chen was right in front of him, according to Hong Won, Ye Chen's speed was not bad at all.

Hong Won had no idea that the person in front of him was more terrifying than the monster illusion that Qing Cheng had created.

"What a coincidence you came here, that way I am easier to kill you" Hong Won said with a tone that is very arrogant.

In this world, Hong Won considers everyone to be an object he can play with at will, because of this he underestimated Ye Chen who was standing in front of him.

The environment where Hong Won grew up was very good, he was very spoiled by people from the Gates of Eternity Sect, every day Hong Won received special treatment, anyone who dared to oppose orders from Hong Won would be severely punished, some even until execution.

Everyone from the Gates of Eternity Sect had great respect for Hong Won, no one dared to oppose the words that came out of Hong Won's mouth.

It is because of this that Hong Won considers everyone in this world to be an item that he can step on and play with at will.

Ye Chen was quite annoyed when he saw the man in front of him acting so arrogantly so arrogant.

It seemed that he had to show who the boss was here, Ye Chen disappeared from where he was standing.

Ye Chen stretched his hand towards Hong Won's neck, Ye Chen grabbed Hong Won's neck and lifted him into the air.

Hong Won did not see the movements made by Ye Chen, when Hong Won realized he had been lifted by Ye Chen into the air.

Hong Won tries to fight Ye Chen using the strength he has.

In Ye Chen's hands, Hong Won started to rebel, Hong Won started attacking Ye Chen using the power of lightning he had.

Hong Won's efforts were in vain, Ye Chen was completely unfazed by the attacks he made.

Hong Won's lightning only made Ye Chen feel amused, it had absolutely no effect on Ye Chen.

"Is this the only power you have? , with such weak strength you really want to kill me? , you fool. "Ye Chen sneered at Hong Won who was currently in his hands.

The strength shown by Hong Won looks very weak, with strength like this he is very arrogant when talking to Ye Chen.

"Quickly let me go, I am the young master of the Gates of Eternity Sect who is one of the rulers of the territory in the Holy Land of Kunlun, if you dare to move an inch of my hair, then your whole family will end tragically." Hong Won used the influence of the Gates of Eternity Sect to scare Ye Chen.

Ye Chen was a brave person, he was never afraid to deal with one of the great forces that controlled the Kunlun holy land.

"I don't care if you are a young master of one of the great powers who control the Kunlun Holy Land? , you made me angry, now feel the consequences of what you have done "Ye Chen started to get stronger as he grabbed Hong Won's neck.

Ye Chen's grip was too strong, Hong Won was in pain and couldn't breathe.

"Anyone. . . please. . . save me . . . ", In a hoarse voice, Hong Won asked the people from the Gates of Eternity Sect who were fighting in front of him for help.

Unfortunately the people from the Gates of Eternity Sect couldn't help Hong Won, they were currently in trouble alone for fighting against Ye Chen's beautiful woman.

"Junior how dare you, quickly let go of our young master who is in your hands, otherwise you will pay for it" Ren Lie roared at Ye Chen.

Ren Lie finally wanted to get off the Profound Ark belonging to the Gates of Eternity Sect, Ren Lie could no longer see the terrifying scenery below.

If anything happened to Hong Won then the sect master of the Gates of Eternity Sect would definitely not let go of himself that easily.

Ye Chen looked at Ren Lie who had just come, Ye Chen could feel Ren Lie's overflowing killing aura.

"I will not let this person go, this person still has matters that he must be responsible for." Ye Chen frankly refused to let go of Hong Won who was in his grip.

"Elder Ren. . . hurry save me. . . this person is suffocate me very hard. "Hong Won asked Ren Lie for help to immediately save himself from Ye Chen's grip.

Hong Won can't stand the pain he feels, from childhood to big Hong Won has never been hurt by anyone, that's why Hong Won can't stand this pain.

"Young master, you take it easy, I will immediately save you from this person." Ren Lie promised to immediately save Hong Won in Ye Chen's hands.

Lightning began to appear on Ren Lie's body, Ren Lie's entire body was currently enveloped by lightning.

The strength that Ren Lie showed was extraordinary, the snow and ground under Ren Lie's feet began to shake and cracks appeared.

The cracked ground began to rise to the sky, the aura shown by Ren Lie was strong.

Above the sky, dark clouds of lightning began to shoot down, lightning from the sky began to rain down on Ren Lie's body, Ren Lie was like a god who was controlling this lightning that struck.

"Junior, get ready to accept your advice." Ren Lie started to take steps to go to Ye Chen.

"Booomm" when Ren Lie moved towards Ye Chen, the ground that was previously stepped on by Ren Lie shattered leaving a large enough hole.

Ren Lie turned into a flash of lightning, he started circling around Ye Chen's body, the speed that Ren Lie showed was extremely fast, ordinary cultivators would definitely find it difficult to see the shadow that Ren Lie's had.

"Die. . . ! ", Ren Lie's five fingers formed like a spear, he pointed his five fingers towards Ye Chen's heart.

Before Ren Lie's hand could touch Ye Chen's body, Ye Chen had already stopped Ren Lie's movement, Ye Chen's hand was currently holding Ren Lie's wrist.

"I have no business with you, get out of my sight." Ye Chen has no business with this old man, he only has business with Hong Won.

Ye Chen slapped Ren Lie's face very hard, Ye Chen's slap made Ren Lie fly several kilometers before hitting a mountain not far from here.

Ye Chen's slap was quite strong, it was because Ye Chen used the full strength he had, Ren Lie would definitely be seriously injured when he received a slap from Ye Chen.

Now no one would bother Ye Chen anymore, all the annoying people had been eliminated by him.

Chapter 396 - Great Elder Hong Ming

"Now there will be no one who can help you, I will make you feel something more painful than death." Ye Chen will not kill Hong Won, he will make Hong Won feel something more painful than death.

In his mind Ye Chen has thought of many ways to torture Hong Won.

Ye Chen will start to torture Hong Won.

"Bamm", when Ye Chen wanted to do something to Hong Won, someone came out of nowhere and launched a sneak attack on him.

Ye Chen who wasn't ready to be hit by this sneak attack, Ye Chen was forced back several tens of meters by this sneak attack.

Ye Chen immediately looked at the person who had just launched a sneak attack on him.

Not only did he launch a sneak attack, this person also took Hong Won from Ye Chen's hands.

Right beside Hong Won, Ye Chen saw an old man in black clothes.

This old man emitted a powerful and very domineering aura.

Judging from the cultivation base that this old man owns, this old man should be at the peak stage ten of the Overlord Realm.

This man only needed a little more to reach half a step towards Divine Realm.

"Little Hong, are you okay?", The old man who just launched a sneak attack asked about the situation from Hong Won.

"Great elder Hong Ming I'm fine, thank you for helping me" Hong Won thanked Hong Ming who helped him from Ye Chen.

When facing this old man, Hong Won's attitude was a little respectful, Hong Won looked obedient when he was in front of this old man.

This old man's name was Hong Ming, he was a great Elder of the Gates of Eternity Sect.

Hong Ming's position in the Gates of Eternity Sect was quite high, even Hong Won's father still had to give Li Ming a face.

"That's great." Hong Ming nodded at Hong Won, he was glad Hong Won was fine and not hurt.

Previously Hong Ming followed Hong Won secretly, he was ordered to protect Hong Won from behind the scenes.

if a problem didn't occur, then Hong Ming probably wouldn't have shown himself in front of everyone.

"Great elder Hong Ming, I'm glad you are here." Ren Lie who was slapped by Ye Chen returned to Hong Won and Hong Ming's side.

Ren Lie's appearance looked very sad, Ren Lie's face was slightly bent, Ren Lie's teeth were also knocked out.

You can see that the slap just now was quite strong.

Ren Lie himself did not expect that Ye Chen's strength would be that great, even he who was at the nine stage of the Overlord Realm was unable to endure a slap from a junior like Ye Chen.

"Ren Lie hurry up and take Hong Won away from here, I'll catch up with you two later" Hong Ming told Ren Lie to take Hong Won out of here as soon as possible.

It's very dangerous here for Hong Won's safety, it's better to let Hong Won get out of here as soon as possible.

"Okay, great elder Hong Ming, I understand, I will take Young Master Hong away from here." Ren Lie immediately grabbed Hong Won's wrist.

Ren Lie took Hong Won back to the Profound Ark, after which Hong Won and Ren Lie boarded the profound ark.

The Profound Ark started to Rumble, the Profound Ark began to fly away from this place, with the maximum speed the Profound Ark left the Frozen Ice Sect.

"Where are you running away? , I won't let you go so easily. "Ye Chen won't let Hong Won go so easily, he still has to make Hong Won pay for what he did to Mu Lanyin and Qing Cheng.

"I won't let you, your opponent is me." Hong Ming arrived in front of Ye Chen, Hong Ming blocked Ye Chen's path who wanted to chase the profound ark that Hong Won was riding.

"Then I'll get rid of you." Because this guy tried to get in his way, Ye Chen decided to get rid of this old man.

Ye Chen clenched his fists, he used these fists to hit Hong Min.

Hong Ming also clenched his own fists, he prepared for the hand blows that came from Ye Chen.

"Bamm" an impact occurred, the impact of the punch between Ye Chen and Hong Min made a powerful blow, the snow below them was blown away by this blow.

Hong Ming retreated hundreds of meters back, in the exchange just now that Hong Ming was completely defeated, he was forced back like this by Ye Chen.

Even though Hong Ming had used his full strength in the blow earlier, it was unexpected that he would still lose to a young junior like Ye Chen.

Ye Chen remained where he stood, after receiving the inheritance from the Azure dragon, Ye Chen's physical strength became very strong, Hong Ming could not possibly win if he fought against Ye Chen using physical strength.

"I didn't expect you to have this strong power, it's no wonder you are very confident in fighting me." Hong Ming admitted that Ye Chen's physical strength was very strong.

"You already know that I'm strong right, then get away from my face right now, otherwise I won't hesitate to use force against an old man like you." Ye Chen told Hong Ming to get out of his way.

"Young man, you are too arrogant, above this sky there is still another sky, in this world there are still people who are much stronger than you, including the people you are currently talking about, we of the Gates of Eternity Sect are a great power, if you offend us then you will have a great calamity." Hong Ming instead gave a lecture to Ye Chen.

"I don't care about that, I've offended you, there's no point in me retreating at a time like this." Ye Chen is not a fool, he has offended the Gates of Eternity Sect, it's better that Ye Chen start first than the enemy who attacked him first .

Hong Min's words had no effect on Ye Chen, this fellow was completely unafraid when he heard the name of the legendary Gates of Eternity Sect.

"Then don't blame me if you die in this battle." Hong Ming no longer wasted unnecessary words on Ye Chen, he would fight using all the strength he had.

"We'll see who will lose here" Ye Chen said to Hong Ming.

Ye Chen and Hong Ming started to give off an extremely powerful Profound Aura.

Hong Ming's body was currently enveloped by an aura of lightning that was striking everywhere.

while Ye Chen was enveloped in a very hot, silver colored flame.

Both Ye Chen and Hong Ming showed off the strength they possessed.

The earth and sky started shaking when Ye Chen and Hon Min's profound aura met.

The area around Ye Chen and Hong Ming began to be affected by the aura that both of them possessed, so many cracks and earthquakes occurred.

The power pressure exerted by Ye Chen and Hong Ming also affected the people here.

Even Ye Chen's women were also affected by the aura that Ye Chen and Hong Ming gave off.

"It's really amazing, this is the first time I've seen my husband fight using his full strength." Zhao Yanyan was amazed by the strength displayed by Ye Chen.

Chapter 397 - Speed Vs Speed

Zhao Yanyan, Liu Yue, Su Mengxin, Lin Rouxi and Xiao Lulu had finished taking care of the people from the Gates of Eternity Sect.

The five of them were currently watching Ye Chen's fight who was in the distance

"You are absolutely right, the strength of this husband is extraordinarily strong." Liu Yue also admitted that the strength shown by Ye Chen was extremely strong.

"Big brother Ye Chen looks really cool." Xiao Lulu saw that what Ye Chen was doing was very cool.

Zhao Yanyan was not the only one who was astonished by the strength that Ye Chen showed. Liu Yue, Su Mengxin, Lin Rouxi and Xiao Lulu were also amazed by the strength that Ye Chen was currently showing.

Here only Mu Lanyin and Qing Cheng were not surprised when they saw the strength shown by Ye Chen, both of them had already seen Ye Chen's strength against Undead Drogon in the ancient heritage site.

Nangong Xiang smiled gently when he saw Ye Chen using the strength he had.

what made Nangong Xiang interested was the Heavenly Flame that was displayed by Ye Chen, the fire power that was displayed by Ye Chen was far more perfect than what Nangong Xiang was capable of.

Nangong Xiang created a barrier around himself and the women around here, he would make sure that nothing happened to Zhao Yanyan and the other women who were here.

Ye Chen and Hong Ming looked at each other, the two of them were already ready to start fighting.

Ye Chen and Hong Ming were waiting for the other party to take the first step.

Seeing that Hong Ming did not intend to attack first, Ye Chen decided to go first to attack Hong Ming.

Ye Chen used the nine shadows step, this was Ye Chen's mainstay technique.

Ye Chen made a shadow to trick Hong Ming.

"Bamm", Ye Chen suddenly appeared in front of Hong Ming, he hit Hong Hing's chest in front of him.

Ye Chen's punch sent Hong Ming back several hundred meters behind him, after Hong Ming stopped he grabbed his chest which Ye Chen had just hit.

Hong Ming looked quite in pain from the punch that came from Ye Chen.

Hong Ming was completely unconscious when Ye Chen hit himself, Hong Ming didn't see the movements Ye Chen made at all.

"Bastard, I'll kill you." Hong Ming roared at Ye Chen, he looked even more angry at Ye Chen.

Hong Ming used lightning steps to attack Ye Chen, Hong Ming turned into a bolt of lightning, he rushed towards Ye Chen at full speed.

Ye Chen returned to using the nine shadow steps, Ye Chen also headed towards Hong Ming.

"Bang. . . . , Bang. . . . , Bang. . . . , Bamm. . . . , Bamm. . . . , Bamm. . . . , "Above the sky there was a fierce battle between Ye Chen and Hong Ming, Ye Chen and Hong Ming attacked each other, the two exchanged blows and attacks.

Whenever Ye Chen and Hong Ming's attacks met, an extremely strong wind was bound to occur, this blow blew everything around Ye Chen and Hong Ming.

The sacred place held by the Frozen Ice Sect was completely destroyed by the battle that Ye Chen and Hong Won were doing

Ye Chen and Hong Ming were fighting at an unbelievably fast pace, the battle between Ye Chen and Hong Ming could hardly be seen by others.

In this place, only Nangong Xiang could see Ye Chen's movements, the other women were still unable to see Ye Chen's movements.

Even Fu Lanling, who had reached half a step towards Divine Realm, still had a little trouble seeing Ye Chen's movements.

Ye Chen attacked Hong Ming from all directions, using the nine shadow steps, Ye Chen could easily move from side to side.

In addition, the shadows made by the nine shadows made Hong Ming seem confused by the steps that Ye Chen took.

Hong Ming is currently really depressed by the onslaught of attacks by Ye Chen, during exchanging blows with Ye Chen he has never once hit Ye Chen's body.

Meanwhile, Hong Ming himself had been beaten dozens of times by Ye Chen until his entire body was very painful.

Hong Ming was the most confident person with the speed he had, it was unexpected that today he would be forced into this state by Ye Chen.

"You bastard." Hong Ming roared at Ye Chen, Hong Ming began to gather the profound energy in his hands.

"Lightning Hammer Fist," Hong Ming's fist turned into a lightning hammer, Hong Ming aimed this punch at Ye Chen.

When Hong Ming hit Ye Chen using the Lightning Hammer Fist, his punch didn't touch anything at all, only empty air was grabbed by the punch that was being carried out by Hong Ming.

"What ? ", Hong Ming was surprised to find himself striking only Ye Chen's shadow.

"You idiot I'm behind you" Ye Chen spoke to Hong Ming, Ye Chen has now moved behind Hong Ming.

Ye Chen who was behind immediately kicked Hong Ming's back.

Hong Ming fell to the ground below.

"Boom" the ground shook when Hong Ming fell to the ground, Hong Ming was kicked by Ye Chen and hit the ground below ..

After Hong Ming hit the ground, a crater that was quite large was formed.

Hong Ming was currently lying on his stomach in the middle of a huge crater.

"Buffff", Hong Ming vomited the soil in his mouth, Hong Ming's back was also very painful, this was the first time Hong Ming was made into this state by his enemy.

Previously, Hong Ming had never experienced such a bitter defeat, Hong Ming clenched his fists tightly, several veins on Hong Ming's head began to stick out.

Hong Ming was already very angry with Ye Chen.

Hong Ming started to rise from within the crater, he looked at Ye Chen with eyes filled with anger.

"Hooo, you can still wake up too huh, I think your old bones have been broken because of that thing just now" Ye Chen said to Hong Ming who was in front of him.

"You are the first person who can put me in this state, now I will show you something that will bring you to your knees in front of me." Hong Ming began to take out something from his storage ring.

What Hong Ming just took out was a round object, this round object was covered by a black cloth, the thing covered by a black cloth looked very mysterious.

"Prepare to lose." Hong Ming opened a black cloth covering a round object.

When the cloth was opened, a mirror appeared in front of Ye Chen, it turned out that the thing inside a black cloth was a round mirror.

Ye Chen thought this thing was an heirloom weapon of mass destruction, unexpectedly this was just a round mirror that was used by ancient people in the past.

Hong Ming chuckled at Ye Chen, he started to point the mirror towards Ye Chen.

"Ye Chen quickly get out of there." Nangong Xiang suddenly rushed to Ye Chen's side, she tried to warn Ye Chen to get out of there immediately.

"It's already too late to run away, feel this." A bright light started to come out from the round mirror, this light enveloped Ye Chen and Nangong Xiang.

Chapter 398 - Yuzzi Mirror

The light emitted by the mirror that Hong Ming had was very bright.

Ye Chen and Nangong Xiang couldn't see anything, their eyes turned white.

Zhao Yanyan and the other women were also unable to look at Ye Chen and Nangong Xiang, their gaze was also obscured by the light emitted by the round mirror.

As the blinding light disappeared, finally Zhao Yanyan and the other women were able to see again.

Zhao Yanyan immediately looked at the place where Ye Chen was just now, when Zhao Yanyan looked at the place where Ye Chen was just now, she found that Ye Chen had disappeared.

Not only did Ye Chen disappear, Nangong Xiang and Hong Ming also disappeared from Zhao Yanyan's sight.

" where do they go ? ", Zhao Yanyan immediately asked the beauties by her side.

Liu Yue, Su Mengxin, Lin Rouxi and Xiao Lulu simultaneously shook their heads.

They all didn't know where Ye Chen and Nangong Xiang had gone.

"It looks like my little husband and teacher below left by the dazzling light just now", while all the women were confused about the search for Ye Chen's whereabouts, Fu Lanling descended from the sky.

Fu Lanling had just finished defeating Jian Teng and Seng Huwe, Fu Lanling took a little longer to knock out these two people.

As these two people tried to escape from her, Fu Lanling was forced to cripple the cultivation that they both had.

"Sister Lanling, do you know where the light just took Husband away? ", Zhao Yanyan didn't understand this much, so she asked where the light just now took Ye Chen and Nangong Xiang away.

"I also don't know about it.", Fu Lanling shook her head, she herself didn't know where the light just now took Ye Chen and Nangong Xiang to.

"But you don't need to worry, the two of them will definitely be fine, I really believe that the two of them will come back intact." Fu Lanling really believed that Ye Chen and Nangong Xiang would be fine.

Ye Chen and Nangong Xiang had such a very strong cultivation base, it would definitely not happen to the two of them.

"There are more important things that we have to do, we better see the situation of those women." Fu Lanling pointed at the women from the Frozen Ice Sect who looked like they were not well.

Zhao Yanyan, Liu Yue, Su Mengxin Lin Rouxi and Xiao Lulu just remembered that at this time the women from the Frozen Ice Sect were not doing well.

They were all too engrossed in watching the battle between Ye Chen and Heng Ming that they had forgotten this.

Zhao Yanyan, Liu Yue, Fu Langling Su Mengxin Lin Rouxi and Xiao Lulu went to the women's side of the Frozen Ice Sect.

They will try their best to treat the wounds suffered by the women from the Frozen Ice Sect.

.
. .
.

Meanwhile Ye Chen and Nangong Xiang were taken to a very strange place.

Around this place, there was only glass and glass, there was nothing else for Ye Chen to see except the glass that stretched far before his eyes.

"Where is this?" Ye Chen is a little confused about the place where he is currently.

"Looks like we are in a mirror world." Nangong Xiang told Ye Chen that they were currently in a mirror world.

"Mirror World?, What is that?", Asked Ye Chen to Nangong Xiang.

Nangong Xiang began to explain what the mirror world was to Ye Chen, she explained it to Ye Chen in a very simple and concise manner.

"So you can say that we are currently in the mirror?" After digesting the explanation from Nangong Xiang, Ye Chen now understood where they were.

It turned out that they were currently in the mirror that was owned by Hong Ming.

Nangong Xiang nodded at Ye Chen. "This artifact should be called Mirror Yuzzi, this is an artifact that is in the Celestial Tier." Nangong Xiang told Ye Chen that this artifact was in the Celestial Tier.

"Humph, Celestial Tier are you sure that we are currently inside a Celestial Tier artifact." Ye Chen was quite surprised to find out about this, he did not expect that Hong Ming would have a Celestial Tier artifact.

Celestial Tier Artifacts were extremely rare. In God Realm only had very few strong people who possessed artifacts like this.

A Celestial Tier existing artifact could harm a weak possessor, because of this a Celestial Tier artifact owner was always a strong person, if the Celestial Tier's artifact owner was weak, one could retrieve and seize this artifact easily.

"At first I was also surprised when I saw that person take out an artifact that is in the Celestial Tier, I thought it was an imitation artifact, I never thought it was really genuine".

Nangong Xiang thought that the Yuzzi Mirror artifact released by Hong Ming was a fake, it was unexpected that the Yuzzi mirror artifact that Hong Ming had released was actually genuine.

"Hahaha, you are already trapped in my territory, now you will no longer be able to win against me." Hong Ming suddenly appeared in front of Ye Chen, Hong Ming laughed at Ye Chen and Nangong Xiang.

"Get us out of here quickly, otherwise I will destroy you." Ye Chen warned Hong Ming to get himself and Nangong Xian out of Yuzzi mirror.

"Hahahaha, you want to destroy me?, why don't you try it right now." Hong Ming laughed and mocked Ye Chen.

Ye Chen didn't like it when Hong Ming mocked him, this old man dared to consider himself weak.

Ye Chen used the nine shadow step, he rushed to the front of Hong Ming.

"Breaking Meteor Blow" Ye Chen used Breaking Meteor Blow to attack Hong Ming who was in front of him.

Hong Ming didn't avoid Ye Chen's Breaking Meteor Blow at all, he smiled sneer at Ye Chen.

"Ye Chen stopped, don't attack him." Nangong Xiang tried to warn Ye Chen not to attack Hong Ming who was in front of him.

Nangong Xiang's warning was a little late, Breaking Meteor Blow had already hit Hong Ming who was in front of Ye Chen.

"Bamm" Breaking Meteor Blow hit Hong Ming who was in front of Ye Chen.

When the Breaking Meteor Blow hit Hong Ming's body, Ye Chen felt that if he didn't hit Hong Ming's body, what Ye Chen hit felt hard and slippery like glass.

after Ye Chen hit Hong Ming, suddenly in front of Ye Chen a powerful punch appeared, the power of this punch hit Ye Chen's body.

Ye Chen took a few steps back after receiving this attack, The attack just now was quite painful, Ye Chen felt that the attack just now was similar to the Breaking Meteor Blow he just used on Hong Ming.

"Ye Chen, are you okay? ", Nangong Xiang went to Ye Chen's side, she asked Ye Chen's situation.

"I'm fine." Ye Chen is fine, Ye Chen only feels a little pain from the attack he just received.

Nangong Xiang was relieved to see Ye Chen who was fine.

"Why were you so reckless earlier, didn't I tell you to stop" The beautiful goddess Nangong Xiang scolded Ye Chen who was acting reckless.

Just now when Ye Chen acted carelessly Nangong Xiang was so worried about him, she was afraid that if something happened to Ye Chen..

Chapter 399 - Ye Chen Is Trying Something Impossible

Nangong Xiang had never worried about anyone to the degree that she was worried about Ye Chen, even towards her own family Nangong Xiang had never worried about them.

Nangong Xiang began to feel that she had a special feeling towards Ye Chen, otherwise how could she have worried about Ye Chen's situation like this.

"Hahahaha, why are you even retreating like that? Didn't you say you wanted to destroy me, let's do it quickly" Hong Ming told Ye Chen to attack him.

Ye Chen wouldn't attack Hong Ming, he knew that the Hong Ming in front of him was not the real Hong Ming.

"Ye Chen, don't be fooled by the words of this person. Actually, currently speaking to us is just a reflection, the real person is hiding somewhere in here." Nangong Xiang told Ye Chen what was in front they are just reflections of reflection.

The real Hong Ming right now must be hiding somewhere around here.

"Oh yeah there is one more thing that I forgot to tell you beforehand, The mirror that is here can reflect all the attacks you launch, so don't attack carelessly, otherwise your attacks will come back to you"

Nangong Xiang told Ye Chen that the glass mirror that was here was able to reflect every attack that hit the glass mirror in this place.

"OK, I understand." Ye Chen understood the brief explanation given by Nangong Xiang.

No wonder when Ye Chen attacked Hong Ming's reflection, the attack made by Ye Chen actually hit himself.

It turns out that the glass mirror in this place can reflect the attack back on the owner of the attack.

The Yuzzi Mirror deserved to be called a Celestial Tier artifact, it truly possessed an immensely extraordinary ability.

"So you don't want to attack me, then let me attack the two of you." Hong Ming decided to attack Ye Chen and Nangong Xiang.

"Lightning shot", from both of Hong Ming's palms came out a thundering lightning, the lightning that was in Hong Ming's hand began to shoot in all directions.

The lightning that was fired by Hong Ming started to be absorbed by the glass mirror, after being absorbed by the glass mirror the lightning started to be shot towards Ye Chen and Nangong Xiang.

Ye Chen and Nangong Xiang immediately dodged the bolt of lightning aimed at the two of them.

The two of them had to dodge the thousands of thunderbolts that Hong Min had just shot.

While dodging the bolt of lightning, Ye Chen and Nangong Xiang tried to find the whereabouts of Hong Ming, to stop this they both had to be able to find the real Hong Ming.

Ye Chen and Nangong Xiang had already avoided the countless number of thunderbolts that charged at the two of them.

but the bolts of lightning still didn't stop attacking Ye Chen and Nangong Xiang, it seemed like there was no end at all.

Shots of lightning continued to bounce from one glass mirror to another, unless receiving a direct lightning shot, the bolt of lightning would repeatedly bounce off and rush towards Ye Chen and Nangong Xiang.

"Hahaha, let's dance, don't stop doing it" Hong Ming laughed when he saw Ye Chen and Nangong Xiang dodging his lightning shot.

"This shit has no luck." Ye Chen saw that this lightning shot was endless, if he kept dodging then sooner or later Ye Chen would be exhausted.

"Feel this." Ye Chen threw the Heavenly Silver Flame ball into the glass mirror

When the Heavenly Silver Flame hit the glass mirror, the glass mirror absorbed the Heavenly Silver Flame, after which the glass mirror returned the Heavenly Silver Flame towards Ye Chen.

Silver's fireball was fired at Ye Chen again.

"Boom", the silver fireball hit Ye Chen and created an explosion.

"Ye Chen" Nangong Xiang shouted Ye Chen's name again, Ye Chen made Nangong Xiang worry again.

"Hehehehe." Hong Ming chuckled when he saw Ye Chen being hit by his own attack.

Seeing things like this. made Hong Ming very happy.

" Whossss." Ye Chen waved his hand, the smog around him disappeared.

Ye Chen looked fine after receiving the explosion of the Silver fireball, not a single wound was visible on Ye Chen's body.

Yuzzi's mirror was so powerful, even Ye Chen's Heavenly Silver Flame could be reflected back on him.

It seemed that Ye Chen had to come up with a plan to deal with the glass mirror that was here.

When Ye Chen was thinking, the bolt of lightning started to charge at him again, Ye Chen created a barrier.

Shots of lightning began to rain down on the barrier set up by Ye Chen.

Ye Chen's barrier slightly trembled while being rained down by the bolt of lightning, the bolt of lightning looked quite strong.

It seemed that this barrier would not last long, so Ye Chen had to hurry up and find a way to deal with Hong Ming and Yuzzi Mirror.

Ye Chen started racking his brains to think how he could destroy the glass mirrors in this place.

After thinking for a while Ye Chen finally had a way to deal with this annoying glass mirror.

The method used by Ye Chen would probably be ridiculous, but he was sure that this method would work well.

"Ying'er come out" Ye Chen told Yin Ying'er to come out, this time Ye Chen needed Yin Ying'er's help to strengthen the attack he had.

"Master, is it time for breakfast? "Yin Ying'er looked like she just woke up from sleep, she asked if it was time for breakfast.

Ye Chen: "- _-".

Ye Chen is completely helpless, Yin Ying'er only knows eating and sleeping, this sword spirit girl looks more and more like a pig whose job is only to sleep and eat.

"There is no free breakfast, you have to help me first" Ye Chen told Yin Ying'er to help himself first.

Otherwise Ye Chen wouldn't feed her his blood.

"Okay, but you have to promise to give me a present after it's finished." Yin Ying'er easily promised Ye Chen.

As long as she gets food, then Yin Ying'er will do what Ye Chen wants.

What Yin Ying'er thought was only food, so as long as Ye Chen promised to eat to Yin Ying'er then she would do what Ye Chen wanted.

"It's okay then hurry out" Ye Chen promised Yin Ying'er.

"Yay. . ." Yin Ying'er looked happy when she heard Ye Chen promise.

Yin Ying'er came out from where she was, she turned into a sword.

When the Divine Yin Yang Sword appeared near Ye Chen's right hand, Ye Chen immediately grabbed the Divine Yin Yang Sword that was near his right hand.

Ye Chen held the Divine Yin Yang Sword and turned it towards the glass mirror in front of him.

Ye Chen started to close his two eyelids, he started to try to fully concentrate on the Divine Yin Yang Sword.

The Divine Yin Yang Sword began to be enveloped by the Heavenly Silver Flame, after the Divine Yin Yang Sword was covered by the Heavenly Silver Flame, a profound Ice also began to envelop the Divine Yin Yang Sword,

The Divine Yin Yang Sword began to be enveloped in ice and fire, it was an astonishing sight.

Chapter 400 - Using Instinct

This is something that any cultivator in this entire universe must do, what Ye Chen is doing right now is completely against the laws of the world.

From ancient times Ice and Fire were two elements that intersected each other, these two elements could not possibly be combined, the two elements would conflict with each other.

Ye Chen did not expect that what he did would work, this was an achievement in itself for Ye Chen.

Nangong Xiang, who came from the God Realm was also surprised to see that Ye Chen could combine the elements of Ice and Fire into one, this was almost impossible for anyone in the God Realm to do.

In God Realm there are indeed some people who are capable of cultivating two techniques that have different elements, these people are usually either a genius or someone with a special body.

Even though they could cultivate two Elements, it was quite impossible for these people to fuse the two elements that intersected into one.

This is absolutely impossible to do, in history there hasn't been someone who could combine Ice and Fire into one unit like Ye Chen did.

Ye Chen looked at the Divine Yin Yang Sword that was clad in the Heavenly Silver Flame and Profound Ice, it really looked so cool.

Ye Chen wanted to try how the power of the Heavenly Silver Flame, Profound Ice and Divine Yin Yang Sword combined.

Ye Chen tried to slash horizontally towards the mirror in front of him.

"Slash", a slash from the Divine Yin Yang Sword shattered the entire glass mirror in front of Ye Chen without a single trace, not even a shard of glass was left.

Yuzzi's mirror was completely incapable of reflecting the slashes from the Divine Yin Yang Sword that had been strengthened by the Heavenly Silver Flame and Profound Ice.

"Nangong Xiang and Hong Ming who saw this were very shocked, they both did not expect that Ye Chen could destroy the glass mirror that was here so easily.

The Yuzzi Mirror was a Celestial Tier artifact, the power that Yuzzi Mirror possessed was definitely not weak.

And now Yuzzi Mirror which was a Celestial Tier Artifact could be easily destroyed by Ye Chen.

"Now there is no place to protect you from me." Ye Chen was finally able to mock Hong Ming.

After he had been mocked by Hong Ming earlier, now it was Ye Chen's turn to mock Hong Ming.

"Shit", Hong Ming cursed Ye Chen, he didn't expect that Ye Chen would have such incredible power.

Even the most powerful artifact he had was unable to resist Ye Chen's slash.

Hong Ming had always kept the secret that he had the Yuzzi Mirror Artifact, he didn't want anyone else to know that he had an artifact this great.

Even the higher-ups in the Gates of Eternity Sect did not know that Hong Ming possessed the Yuzzi Mirror artifact.

Hong Ming always kept this secret alone. If anyone knew about the secret of the Yuzzi Mirror, then Hong Ming would immediately kill that person so that the secret he had was not discovered by anyone.

and now the artifact he was most proud of was unable to save him from a Junior like Ye Chen.

Ye Chen started attacking all the glass mirrors in front of him, he didn't care if Hong Ming was behind the mirror that he was smashing.

Ye Chen's aim was very clear, he had to get out of this Yuzzi Mirror immediately.

And in order to do that Ye Chen had two choices, the first was that he had to kill Hong Ming, and the second was that he had to force Hong Ming to expel himself and Nangong Xiang.

The second option will definitely be difficult for Ye Chen to do, it's better to just kill Hong Ming, after Hong Ming dies then Yuzzi Mirror will no longer have a Master, anyone can control and have a Yuzzi Mirror without a Master.

Hong Ming tried to escape from Ye Chen's Divine Yin Yang Sword.

Hong Ming tried to save himself from the Divine Yin Yang Sword that was once deadly.

Fortunately, Yuzzi Mirror is very wide, so Hong Ming can still hide from Ye Chen for a while.

Ye Chen was still slashing the glass whirl that was blocking his path, until now he still hadn't found Hong Ming's hiding place.

There are so many glass mirrors in this place and it's very wide, it's quite difficult to destroy this many glass mirrors.

"Looks like I have to force that person to show where he is" Ye Chen said in his heart.

If Ye Chen continued to attack recklessly then he would never be able to find Hong Ming's hiding place, he had to lure Hong Ming into showing him his hiding place.

Ye Chen stopped attacking the glass whirlwind around him.

"I thought you were a warrior, I never thought you were a coward who could only run away like a mouse." Ye Chen tried to lure Hong Ming into attacking him.

Hong Ming who was hiding felt humiliated by the words Ye Chen just said.

Hong Ming was a warrior who was never afraid to fight against every enemy he encountered.

Today he was insulted by a young junior like Ye Chen, how could Hong Ming endure when he heard the insult that came out of Ye Chen's mouth.

"You brat, I will make you regret that you dare to insult me like that." Hong Ming finally appeared again in front of Ye Chen.

almost in every glass mirror that was here appeared Hong Ming's image, this number of images was so many, it was difficult to count the number of shadows that were here.

Hong Ming and his shadows began to bring their palms together in front of his chest.

Hong Ming and all the shadows on the glass began to read some words that were difficult for anyone to understand.

After Hong Ming finished chanting the incantation, his body began to spawn blood-red lightning.

Red lightning started to envelop Hong Ming's body, Hong Ming Yang's previously thin body began to enlarge, so the size of Hong Ming's body, the clothes Hong Ming was wearing, shattered to pieces because he was unable to hold his body which was too big.

now Hong Ming's body was filled with strong and strong muscles.

"I don't care if you cry or whine like a baby, this time I will make sure that I will kill you." Hong Ming roared at Ye Chen.

The Hong Ming shadow that was here began to shoot red lightning towards Ye Chen.

Ye Chen said the words spoken by Hong Ming, he again created a barrier around himself, after making a barrier Ye Chen started to close his eyes.

Ye Chen's goal was fulfilled, Hong Ming was completely hooked by the words he just said.

Now Ye Chen only needs to feel the existence of the real Hong Ming, this time Ye Chen can only rely on the instincts he has.

Ye Chen started trying to calm his heart and mind, he had to focus on finding the existence of the real Hong Ming.

This is not an easy thing to do, Ye Chen has to find the real Hong Ming among these countless shadows.

Here Ye Chen couldn't use his Spirit Sense, so he could only rely on his instincts.

This was the only way for Ye Chen to win against Hong Ming.

"Hahaha, why did you close your eyes, are you confused looking for the real me? Hong Ming laughed in satisfaction, Ye Chen definitely couldn't find himself among these many shadows.

Ye Chen kept on concentrating on finding the existence of Hong Ming, he let his heart lead him to find the real Hong Ming's existence.

A few moments later Ye Chen opened his eyes, he now found the existence of the real Hong Ming.

Without delaying any more time, Ye Chen immediately went towards the real Hong Ming.

Ye Chen stretched his Divine Yin Yang Sword forward, he wanted to stab the real Hong Ming who was in front of him.

"Jlub "The Divine Yin Yang Sword pierced Hong Ming's body very easily.

Hong Ming's eyes suddenly widened when he saw himself being pierced by the Divine Yin Yang Sword.

He didn't expect that Ye Chen could find out his real self.

"Enough of here the trouble you've caused." Hong Ming was enough to cause trouble for Ye Chen.

Hong Ming's body was currently hot and cold, he couldn't feel any pain or anything, his whole body felt numb.

Hong Ming's body began to be eroded by the combined power of the Heavenly Silver Flame and Profound Ice.

In the instant that Hong Ming's body disappeared from this world, the combination of the Heavenly Silver Flame and Profound Ice was extremely powerful, there was no trace of Hong Ming's body.

After using the combined power of the Heavenly Silver Flame and Profound Ice Ye Chen felt that he was very exhausted, it seemed that he was using too much profound energy he had to maintain the combined Heavenly Silver Flame and Profound Ice.

"Ye Chen survived for defeating that person" Nangong Xiang came to Ye Chen's side, she congratulated Ye Chen for winning over the person who had controlled the Yuzzi Mirror.

Nangong Xiang was quite amazed by what Ye Chen was doing, it was unexpected that this little man would be able to find out the real Hong Ming's whereabouts.

Nangong Xiang herself had difficulty even finding the real Hong Ming's whereabouts.
