

A True God 411

Chapter 411 - Secrets Of Heaven

Private jets began to land on the airstrip, private jets began to slow down very much.

After a while the Jets finally landed safely.

Luo Bing invited Ye Chen to go to this side of the Private Jet.

Now Ye Chen and Luo Bing were standing in front of the entrance of this private Jet plane.

A few moments later the door of the Jet was opened, several people got off the Jet plane.

Ye Chen saw that there were several people who got off the Jet plane.

Right now There was one old woman, two rather beautiful young women and three young men who had a tall body like a bodyguard.

The six of them immediately got off the private jet plane, the six of them went down to meet Luo Bing and Ye Chen.

Currently the old lady was leading everyone to meet Ye Chen and Luo Bing.

"Hey Luo Bing, which among these people is the important guest you were talking about earlier? ", Ye Chen whispered to Luo Bing, he asked Luo Bing which one should the two of them protect.

"We will protect that old lady." Luo Bing pointed at the old woman who was leading this group of people.

Ye Chen took a glimpse at this old woman, in his opinion there was nothing special about this old lady.

According to Ye Chen, the person who followed this old woman was very special, Ye Chen could feel that the strength they all had was not weak at all.

At least the strength of these people is on par with cultivators who are at the peak Emperor Realm stage.

With the strength of the people behind this old lady, how could this old lady want Luo Bing who was only an Earth Realm cultivator to protect herself, this was very strange for Ye Chen.

The entourage of important guests arrived in front of Ye Chen and Luo Bing.

"So you are Luo Bing, you are quite beautiful too." The old woman immediately greeted Luo Bing, this old lady slightly praised the beauty that Luo Bing had.

"Madam Laura, thank you for the compliment." Luo Bing thanked Madam Laura for the compliment.

This old woman named Laura, she was quite important in the western world.

This old woman was also the most wealthy woman in the western world, this woman's wealth was far greater than Liu Yue's.

Madam Laura looked at Ye Chen, when she looked at Ye Chen, she suddenly smiled kindly at Ye Chen.

"You are Ye Chen, right?, You are a very promising young man." Madam Laura looked at Ye Chen from top to bottom.

Ye Chen was quite surprised when he found out that this old woman knew him.

Ye Chen never remembered that he had met Madam Laura before.

"How do you know about me? ", Ye Chen asked Madam Laura how she knew about himself.

"Hehehe, one of the reasons I came all the way here is because I want to see people who will change the order of this world." Madam Laura pointed at Ye Chen.

"Huh, did you just mention me? ", Pointing at himself, Ye Chen asked Madam Luara.

Madam Laura nodded at Ye Chen.

Ye Chen did not understand what Madam Laura meant about him that would change this world order.

"Master, this old lady seems to have a special skill to see the secrets of heaven." When Ye Chen was confused by the words that came out of Madam Luara, Chu Yuechan suddenly spoke in Ye Chen's mind.

Chu Yuechan told Ye Chen that this old woman in front of him had a skill to see the secrets of heaven.

"secret of heaven? , you mean this old lady can see the secrets that will happen in the future? ", Asked Ye Chen to Chu Yuechan.

"Well it can be said that this old lady can see a little of what will happen in the future." Chu Yuechan told Ye Chen that Madam Laura could see the future.

"Isn't that ability very extraordinary? , I want to have it too. "Ye Chen is quite interested in the abilities that Madam Laura has, if Ye Chen has the ability like madam Laura then he can see what happens in the future.

"Master, you should forget to have this kind of ability, indeed this kind of ability is extraordinary, but there are things you have to pay for if you use powers that can make heaven angry with you". Chu Yuechan told Ye Chen that there was a risk that he had to pay when he peeked at the secrets of heaven.

"What kind of risk? "Ye Chen wants to know what happens when he peeks into the secrets of heaven.

"When you peek at the secrets of heaven then you have to pay for it with the soul you have, if your soul is no longer capable of it then you will be eliminated from this world forever", Chu Yuechan told Ye Chen what would happen if you peeked at the secrets of heaven.

Ye Chen was surprised to find out what would happen when someone peeked at Heaven's secret.

"You better stay away from this kind of thing, otherwise you might not live for a long time." Chu Yuechan told Ye Chen to stay away from this kind of thing.

Chu Yuechan himself could tell that Madam Luara only had a few souls left, Madam Laura would soon disappear from this world.

Chu Yuechan didn't want Ye Chen to end up crying like madam Laura.

"Okay, I understand." This time Ye Chen was very obedient to Chu Yuechan's words, he didn't want to disappear from this world like this.

"I also know that you have many beautiful women accompanying you, and again the number will increase in number in the future." Madam Laura also knows that Ye Chen has many beautiful women by his side.

The beautiful woman by Ye Chen's side will continue to grow more and more as time goes by.

Ye Chen could only smile wryly when madam Laura said this.

On the other side, Luo Bing was quite surprised to find that Madam Laura could find out Ye Chen's secret very easily.

Luo Bing didn't really believe in this kind of thing, but when she saw that Madam Laura could find out Ye Chen's secret, Luo Bing became interested in this kind of thing.

"Madam Laura, I heard you can see into the future. May I ask a little about the future I have?" Luo Bing wants to know a little about the future she has.

"What kind of future do you want to know?" Madam Laura asked Luo Bing.

Luo Bing played her two index fingers timidly, what Luo Bing wanted to know was quite embarrassing.

"I want to know who my partner will be in the future." Luo Bing wanted to know her future partner.

Luo Bing wanted to know who the man would be her life companion.

Actually Luo Bing was eager to have a partner soon, she was tired of living like this.

Even Luo Bing's master Yan Fu continued to encourage Luo Bing to immediately find a Dao companion.

Madam Laura smiled when she heard this from Luo Bing. "You don't need to find your partner anymore, that person is very close to you." Madam Laura told Luo Bing that her current life partner is very close to her.

"Huh?" Luo Bing was shocked when she heard what Madam Laura said.

Luo Bing immediately looked at Ye Chen who was nearby, she looked at Ye Chen with quite wide eyes.

Chapter 412 - Argued With Guards

Luo Bing began to remember the scene when she was kissed by Ye Chen, while thinking about this, maybe what Madam Laura said was referring to Ye Chen.

"Why are you looking at me like that, is there something wrong with me? ", Asked Ye Chen to Luo Bing.

"Realize that Luo Bing this person is a huge pervert, there is no way that he will become your life companion." Luo Bing immediately cleared the thoughts that were bothering her.

There was no way that she and Ye Chen would become a couple, the two often quarreled and didn't get along well with each other, so there was very little chance of that happening.

"Nothing, it's none of your business." Luo Bing immediately turned her head away from Ye Chen.

Ye Chen didn't understand Luo Bing's way of thinking, this woman was very complicated.

Madam Laura smiled when she saw Ye Chen and Luo Bing who were fighting like this, they looked very suitable to be a couple.

"Then let's go right now to the military district." Madam Laura invited Ye Chen and Luo Bing to go to the military district in this city.

Madam Laura had to attend a meeting in the military district in this city.

"All of you just stop here to escort me, after this Ye Chen and Luo Bing will be escorting me" Madam Laura told the guards behind her to stop guarding her.

At this point Madam Laura will hand over responsibility for security to Ye Chen and Luo Bing.

She believed that Luo Bing and Ye Chen could keep her safe.

"But madam Laura, we all can't leave you with weak people like them, if something happens to you then we will all be in trouble from the superiors." One of the guards still did not believe that Ye Chen and Luo Bing could keep the safety of madam Laura.

The guards of madam Laura did not believe that Ye Chen and Luo Bing who were this weak could keep madam Laura safe.

Luo Bing who heard this immediately raised her eyebrows, she was not satisfied with the words that came out of the mouths of the guards behind madam Laura.

"Who are you saying weak, me and Ye Chen are strong enough to guarantee Madam Laura's safety." Luo Bing was angry with the guards behind Madam Laura.

The guards behind madam Laura also started to be displeased by the words that left Luo Bing's mouth.

"Hey ,weak woman, in our eyes you are just an ant so watch your words." The female guard behind Madam Laura said to Luo Bing in a rather high tone.

Luo Bing and the guards behind Madam Laura began to argue.

Here the tension started between Luo Bing and the guards behind Madam Laura.

The guards behind Madam Laura started to intimidate Luo Bing with their aura.

The pressure aura of these five people made Luo Bing who was only at the Earth Realm stage feel depressed once.

Luo Bing did not expect that these five people would have such tremendous pressure.

Ye Chen looked at Luo Bing who looked really depressed, he felt sorry to see Luo Bing who was currently being bullied by these people.

"If you are brave enough to bully my comrades, if you really feel great come fight me", Ye Chen challenged the five guards behind Madam Laura.

The five guards immediately looked at Ye Chen, they all looked at Ye Chen with a very sharp gaze.

The five of them were dissatisfied when they saw Ye Chen who wanted to challenge the five of them.

"Very well, if you really want to fight let's fight our strength." One of the guards finally accepted Ye Chen's challenge.

"What kind of power struggle do you want? ", Ye Chen wants to know how they will collide with strength.

"It's easy, we will play a game similar to Sumo, all we need to do is push each other until someone comes out of the circle." One of the guards wanted to compete with strength by playing a game like Sumo.

"It doesn't matter, let's just do it." Ye Chen agreed to play the game the guard in front of him had said.

"Madam Laura are we allowed to play a game with this guy? "The guard asked Madam Laura for permission.

Madam Laura nodded, she allowed her men to do a Sumo game with Ye Chen.

The five guards were happy when they were allowed to fight in a game with Ye Chen, the five of them would definitely humiliate Ye Chen.

The Sumo game arena is being prepared, one of the guards makes a perfect circle about 5 meters in diameter.

"The game is quite simple, everyone only has to push the enemy out of this circle, whoever comes out of this circle will lose," the female guard explained the rules to Ye Chen.

"Then what will happen to the losing party? "Ye Chen asked the five guards in front of him.

The five guards looked at each other, they suddenly nodded at each other.

"Whoever loses must agree to the request of the winner, whether you dare or not" The five guards agreed that the loser must agree to the request of the winner.

"Of course I agree, if you lose you have to do whatever I ask, hehehe" Ye Chen is quite happy with this, he will definitely make these people regret having challenged him.

The five guards smiled contemptuously at Ye Chen.

The five guards were very confident that they could win this game so easily, they only needed to use a little strength to drive Ye Chen out of the circle.

"Ye Chen, make sure you embarrass these people." This time, Luo Bing was very supportive of Ye Chen, she was annoyed at the five arrogant guards in front of her, she wanted Ye Chen to teach these people a lesson.

"Pahhh! ! ! ", Ye Chen suddenly slapped Luo Bing's perfect butt.

"Ahh. . . " Luo Bing groaned in a small voice as Ye Chen slapped her buttocks.

"Ye Chen what are you. . . " Luo Bing wanted to roar at Ye Chen, when Luo Bing roared at Ye Chen, Ye Chen's hand started to squeeze Luo Bing's beautiful butt.

Luo Bing who felt Ye Chen's hand immediately stopped screaming, she felt that the touch of Ye Chen's hand was so pleasant.

"Listen, this is a punishment because you have given me a new problem." Ye Chen was annoyed that Luo Bing kept giving him unnecessary trouble.

Luo Bing did not answer Ye Chen's words, indeed she was the wrong person to have given Ye Chen a problem from the start.

Ye Chen squeezed Luo Bing's butt for a while, after he was satisfied playing with this thing Ye Chen let go of Luo Bing.

After being satisfied playing with Luo Bing, Ye Chen went to the center of the game circle area that had been created

"Let's start the game, which of you wants to go first." Ye Chen invited the five guards in front of him to enter this circle.

"Just let me go, I'm enough to fight this guy." One of the five guards entered the game circle area.

Chapter 413 - End Game With One Finger

After the two people enter the circle area, the game is ready to start.

There is no referee in this game, as long as one of the parties leaves it will be declared defeated.

"Are you ready to lose", the guard said to Ye Chen.

"Go ahead and show what kind of abilities you have." Ye Chen tried to provoke the person in front of him.

The man in front of Ye Chen was angry when he saw Ye Chen's provocation.

this man began to take a stance.

This man began to release the strength he had, a powerful blow immediately hit Ye Chen.

Ye Chen was still standing upright where he was standing, this blow was completely unable to move Ye Chen's body one bit.

"Hey, are you going to keep standing in front of it like a fool and do nothing" Ye Chen sneered at the guard in front of him.

The guard from Madam Laura was shocked when he saw that Ye Chen was not blown away by the power he just released.

The guard from madam Laura felt that Ye Chen was very strange.

"Come on, hurry up and attack me, don't waste my time." Ye Chen told the guards in front of him to immediately advance to fight with him.

"bastard" The guard in front of Ye Chen was already very angry with Ye Chen's provocation.

The veins on this guard's head started to stick out and stick out, this proved that the guard from Madam Laura was very angry at Ye Chen.

The guard from madam Laura immediately ran towards Ye Chen, this person put his arms forward, this person's position looked like someone was breaking the door.

The guard madam Laura ran like an angry bull, he wanted to hit Ye Chen who was in front of him until he was blown away very far.

"Bammmmm." guard slammed into Ye Chen's body.

When the guard bumped into Ye Chen's body, the guard from madam Laura became the one who was bounced back.

He felt that he had just hit a wall of steel which was the hardest and most sturdy in this world.

He felt his arm had an injury after hitting Ye Chen's body.

"Thank you for giving me an easy win, hehehehe" Ye Chen chuckled at the guard in front of him.

The guard from Madam Laura was currently outside the circle, he was blown away several meters after bumping into Ye Chen's body.

"Damn" he cursed when he found out that he had lost this game.

"You idiot how can you lose in such a shameful way".

"It's useless, if I knew this then you would have gone ahead earlier".

His fellow guards began to mock him for losing to Ye Chen.

"If you do have the ability why not just go ahead" he was angry with the fellow guards behind him.

"Get out of the way, just let me teach that person a lesson." The guard with the bald head decided to go up and fight Ye Chen.

Among all the guards guarding madam Laura, the guard with the bald head had the strongest strength among the five.

The strongest person among the five guards has already decided to go against Ye Chen, you can be sure that this time Ye Chen will suffer a loss.

The guard with the bald head began to enter the circle of the game, he was ready to make Ye Chen feel the power he had.

"Are you ready? ", The bald man asked whether Ye Chen was ready or not.

"I'm ready whenever you want, let's go ahead and show the strength you have." Ye Chen told the bald man in front of him to show how strong the strength he had.

The bald man clenched his fists, he began to move towards Ye Chen, the bald man raised his fists, he was ready to hit Ye Chen.

In this game there are no rules that explain how to push your opponent out of the circle, that means the players can do whatever they want to push the opponent out of the circle.

This punch was aimed straight at Ye Chen's face.

Ye Chen saw that this person wanted to hit his face, he raised his left hand to catch the punch that came from the bald man.

"Bamm. . ."The punch from the bald man was blocked by Ye Chen's left hand.

The guards who saw this were dumbfounded, they all didn't expect that Ye Chen could withstand the beatings of the bald man so easily.

"Your punches are so weak, didn't you have breakfast this morning?" Ye Chen told the bald man that the punches he did were very weak.

The bald man tried to break free from Ye Chen's hand, unfortunately Ye Chen gripped the bald man's hand very firmly, as a result the bald man had difficulty breaking away from Ye Chen.

"Quickly let go of my hand." The bald man told Ye Chen to let go of himself.

"OK." Ye Chen stretched a finger of hers to the forehead of the Bald Man.

The moment Ye Chen's finger touched the bald man's forehead, the bald man immediately bounced back several hundred meters.

The bald man rolled over the airstrip and hit a guardrail, after crashing into the guardrail the bald man stopped.

On closer inspection, the bald man was currently unconscious.

The guards from other madam Laura gawked when they saw Ye Chen beat the bald man using only one finger.

The bald man is the most powerful person among the five, to defeat this bald man shouldn't be easy.

But at the moment they saw Ye Chen beat the bald man using just one finger, this person's strength was definitely much stronger than all of them.

"Who wants to go forward again? " Ye Chen asked the remaining guards.

The guards immediately took a few steps back, they immediately shook their heads, they all decided to give in instead of having the same fate as a bald man.

Ye Chen smiled with satisfaction when he saw these people afraid of him.

"Ye Chen you are so great", Luo Bing came and hugged Ye Chen's body, she looked very happy when she saw Ye Chen win and humiliate these people.

Ye Chen was shocked when he saw Luo Bing hugging himself, this didn't look like the usual Luo Bing.

Ye Chen was of course happy when hugged by a beautiful woman like Luo Bing, Ye Chen's hand began to move towards Luo Bing's waist, he embraced Luo Bing's waist and hugged her.

Luo Bing's body shook when Ye Chen hugged her, Luo Bing immediately realized what she was doing right now, she didn't expect that she would hug Ye Chen like this.

Luo Bing just now was very excited, so without realizing it she hugged Ye Chen's body.

"Big pervert quickly let me go." Luo Bing wanted Ye Chen to let go of herself.

"Who are you calling a big pervert? Aren't you the one who hugged me earlier" Ye Chen whispered in Luo Bing's ear.

Luo Bing's face immediately turned red when she heard Ye Chen's words, today she showed Ye Chen the embarrassing side she had.

Luo Bing rebelled in Ye Chen's embrace, she tried to break free from Ye Chen.

Seeing Luo Bing revolt Ye Chen decided to let her go.

Before letting go of Luo Bing, Ye Chen didn't forget to slap Luo Bing's beautiful butt, the feeling of slapping this thing was very chewy.

Luo Bing immediately covered her butt with both of her hands, this guy was always hitting herself in embarrassing parts like this.

Chapter 414 - Secret Meeting In The Military District

Ye Chen turned his attention towards the guards in front of him.

"You have already lost, now is the time for you to keep the promise that we made earlier" Ye Chen told the four guards who were in front of him to keep the promise they had agreed from the start.

"We are the losers, so we will accept all requests from you." Everyone agreed with the promise made earlier.

The promise that the loser will comply with the request of the winner.

Ye Chen had to praise these people who were willing to admit the defeat they had suffered.

"Very good, then my request is very easy, I just want you to kneel and apologize to my colleague Luo Bing" Ye Chen told the request he wanted.

Ye Chen's request was very simple, Ye Chen only wanted these people to apologize to Luo Bing.

"It's fine if that's your request." The guards in front of Ye Chen agreed, they received a request from Ye Chen which was very simple.

At first they thought Ye Chen would demand something that was beyond reason, unexpectedly Ye Chen's request was so simple.

The four guards went in front of Luo Bing, they knelt down and started apologizing to Luo Bing.

"Please forgive us for the mistakes we have made" the four guards immediately apologized to Luo Bing.

They apologized very sincerely to Luo Bing.

Luo Bing was very happy when she saw this, it turned out that Ye Chen cared so much for herself that it was like this.

Ye Chen even bothered to make these people apologize to her.

Luo Bing finally felt that what Ye Chen did this time was the very right thing.

"OK, I'll forgive you, you guys can stand up." Luo Bing decided to forgive these people and forget the previous incident.

After Luo Bing forgave them, the four bodyguards got up from the ground.

" applause . . . ,applause . . . ,applause . . . ,applause . . . , "Madam Laura suddenly clapped her hands.

Madam Laura walked towards Ye Chen, Luo Bing and the guards assigned to keep her safe.

"Do you understand now why I entrust my safety to these two people? ", Madam Laura spoke to the four bodyguards in front of her.

The bodyguards nodded at Madam Luara, now they understood why Madam Laura trusted Ye Chen so much.

It turned out that the strength possessed by Ye Chen was much stronger than what they currently have.

"Good, take your comrades who are passed out back into the private jet, from here I'll go with Ye Chen and Luo Bing" Madam Laura told all the guards to stay here and guard her private jet.

"Yes madam" all the guards very compactly answered madam Laura.

Madam Laura was satisfied with the attitude shown by the four guards.

"Ye Chen, Luo Bing let's go to the military district in this city." Madam Laura invited Ye Chen and Luo Bing to go to the military district.

"OK." Luo Bing and Ye Chen nodded, both of them escorted Madam Laura towards Luo Bing's car.

After making sure Madam Laura got into the car, Ye Chen and Luo Bing also got into the car.

After everyone got into the car, Luo Bing drove this car towards the military district.

.
. .
. .
. .
. .
. .
. .

"Boss, our target has started to move, what are we going to do next?" Currently, Tu Wenpi's men reported that Madam Laura along with Ye Chen and Luo Bing had left the airport.

"You idiot, don't you see that the person who was guarding our target is quite strong? ", Tu Wenpi scolded his men who were so stupid.

Tu Wenpi had seen the brief battle between Ye Chen and the guards of Madam Laura, in the battle just now he saw that this person was much stronger than the guards assigned to escort Madam Laura.

If he directly fought Ye Chen he would definitely lose, because of this Tu Wenpi had to find a way to kidnap Madam Laura without Ye Chen and Luo Bing knowing.

"We will change the original plan." Tu Wenpi decided to change the original plan they had made.

They will use other means to catch Madam Laura without anyone knowing.

"Hey, you four eyes, hurry and find out the schedule that our target will do." Tu Wenpi ordered one of his men who are experts in hacking networks in this world to find a visit schedule from Madam Laura.

"Well boss I will immediately do it" the man with the title of four eyes immediately turned on his laptop, he began to hack the western world website.

Tu Wenpi was very happy when he saw his men work very well.

"Soon I will be the ruler of this world" Tu Wenpi burst out laughing.

With the power of Madam Laura who can see the future, then all things that will happen in the future can be known by Tu Wenpi.

There is an old saying that if you can see the future, then you can rule this world.

Looks like these words were what prompted Tu Wenpi to get madam Laura.

In fact, in this world there are many great powers who want to get Madam Laura to join their faction.

Unfortunately Madam Laura refused this, she chose to remain neutral without taking sides.

Despite not taking sides with one of the factions that rule the land in this world, Madam Laura's relationship with all the Great Faction is quite good.

Sometimes Madam Laura would tell a little about the great disaster that was going to happen in the world to all the big factions that controlled this land.

You could say that Madam Laura will give a prediction for the big events that will happen in the future.

.
. .
. .
. .

Meanwhile in Luo Bing's car that was heading towards the Military District.

"Please forgive my guards' attitude towards the two of you." Inside the car, Madam Laura apologized to Ye Chen and Luo Bing.

"You don't need to apologize about that, we both forgot what happened just now." Luo Bing and Ye Chen have forgotten this, they didn't take this to heart.

Madam Laura was happy that Ye Chen and Luo Bing were able to forgive the mistakes that the guards guarding her had done.

"Madam Laura, what are you going to do in the military district? ", Asked Ye Chen to Madam Laura.

Ye Chen wanted to know what Madam Laura would do in the military district.

Luo Bing was just as curious about Ye Chen, she also didn't know much about Madam Laura's purpose in going to the military district.

The order that Luo Bing received was only to escort Madam Laura safely, Luo Bing did not receive complete details about what Madam Laura was going to do in this city.

"So you don't know about this? "Madam Laura said to Ye Chen and Luo Bing.

Ye Chen and Luo Bing simultaneously shook their heads.

Seeing that Ye Chen didn't know about this, madam Laura decided to tell Ye Chen and Luo Bing.

"Actually in this city there will be a secret meeting between representatives of the big factions." Madam Laura told Ye Chen what was going to happen in the military district.

it turns out that in the military district there will be a meeting between representatives of large factions.

Chapter 415 - People From The Dragon Army Special Forces

"Secret meeting of all the big Deputy Faction? , What is that ? "Luo Bing has no clue what kind of meeting Madam Laura is referring to, Luo Bing simply doesn't know about the great faction that rules this world.

It wouldn't be strange. If Luo Bing didn't know about these kinds of things, with Luo Bing's current strength, it would be very difficult for Luo Bing to know these kinds of things.

At most, Luo Bing only knew about the Kunlun Holy Land Faction, while Luo Bing's other Faction didn't know about it at all.

"Do you really not know about the great faction that controls this world", asked Ye Chen to Luo Bing.

Luo Bing shook her head "I don't know about that at all, Ye Chen, do you know about the big faction that Madam Laura meant? " Not knowing about this matter, Luo Bing decided to ask Ye Chen.

It is possible that Ye Chen knows about this and wants to explain it to herself.

Luo Bing couldn't possibly ask Madam Laura to explain herself, so she wanted Ye Chen to explain to herself.

"How to say it? , I myself also don't know what kind of power the big factions that rule this world, I only know the names of the big factions that exist in this world. "Ye Chen himself didn't know what kind of power the big factions in this world were.

He had only heard of the names of the Great Faction that controlled this world from Zhao Jinshan.

Ye Chen himself didn't really understand about the great factions that controlled this world.

"Then tell me the name of the great faction that rules this world." Luo Bing was very curious about this.

Ye Chen started to tell the names of the Great Faction that controlled this World to Luo Bing.

While driving the car, Luo Bing started listening to Ye Chen's explanation, Luo Bing began to study the explanation she got from Ye Chen.

After receiving Ye Chen's explanation, Luo Bing now knew a little about what kind of big factions ruling this world.

Luo Bing did not expect that in this world there was such a power, she thought the six-door organization and the Dragon Army were the biggest forces in this world, unexpectedly, there was a power that was far more terrifying and strong than the six-door organization and Dragon army.

Luo Bing began to remember the old proverb that she had studied before, "there is another Sky above the Heaven." It seems that the old proverb that she learned has some truth too.

It turned out that this world was very extraordinary, many secrets that were not known by weak people like Luo Bing, Luo Bing thought she already knew everything about this world, unexpectedly that Luo Bing's knowledge was still limited to a frog in a shell.

If today she didn't escort Madam Laura, maybe Luo Bing would never know that the forces such as : Holy Church, Chaos Bridge, Dark Legacy, Carmilla's Rose, Yagatama Orichi, Blue Esper, Devil Lucifer, Kunlun Holy Land exist in this world.

"This time only their representatives will attend this meeting, so what we will see is still insufficient when compared to the strength of each faction." Madam Laura told Ye Chen and Luo Bing that the people attending this meeting was not the top brass of each faction.

The meeting of the Faction's top brass would normally be even more secretive and it was impossible for anyone to know where the meeting was.

"So the people we will meet aren't strong people?" Ye Chen asked Madam Laura.

"Even though these people are not high-ranking officials in the faction, the strength they have should not be weak." Madam Laura told Ye Chen that the strength of the representatives sent by the Big Faction shouldn't be weak.

Luo Bing and Ye Chen became very curious about the Power the representatives sent by every major faction in this world had.

The two of them wanted to see for themselves how strong the representatives sent by the Great Faction were.

Not long after, the car that Luo Bing, Ye Chen and Madam Laura was riding in arrived at the entrance to the military district.

When they arrived in front of the Military District, there were already a lot of Soldiers on guard around the entrance to the Military District.

The soldiers guarding the military district were not normal Soldiers, they were cultivators who had quite a strong strength, the average strength possessed by these people was in the middle to peak Sky Realm stages.

These warriors had dragon symbols on the clothes they were currently wearing.

It can be ascertained that the soldiers guarding the entrance to the military district are Dragon Army Special Forces.

It was unexpected that the Dragon Army Special forces would go down directly to secure the area around the military district.

It looks like they are tasked with securing the meeting between representatives sent by each of the Great Faction.

When Luo Bing arrived near the entrance to the military District, she was immediately stopped by the men from the Dragon Army Special Forces.

Luo Bing opened the car window.

"The military district is currently closed for a while, you better turn around the car you have." The Dragon Army Special Forces immediately told Luo Bing to turn around his car.

Currently anyone is prohibited from entering the military district without a special permit.

"I came here to take an important guest." Luo Bing told the Dragon Army Special Forces that he was currently delivering an important guest who was in the back seat.

"Do you have a permit to enter? " The man from the Dragon Army Special Forces asked Luo Bing.

"What kind of permission? "Luo Bing really doesn't understand what this guy means.

Luo Bing was only assigned to escort Madam Laura, in this case she was not granted a Special Permit by the Six Door organization.

"Sorry miss, without special permission anyone is banned from entering" The man from the Dragon Army Special Forces told Luo Bing that they were banned from entering without a special permit.

Luo Bing raised an eyebrow, it looked like it would be a bit of a problem getting inside.

"This is the Special Permit you need." Madam Laura suddenly gave an envelope to the person from the Dragon Army Special Forces.

The man from the Dragon Army Special Forces immediately received the envelope that Madam Laura had brought out.

When he saw the high level seal that was on the outside of the envelope he was holding, this Soldier was quite surprised, in this world there were only a few people who were able to pull out a high level seal this easily.

Only certain people could obtain such a high-level Seal.

The people from the Dragon Army's Special Forces immediately checked the authenticity of this high-level Seal.

There should be no doubt about the authenticity of this high-level seal, there was no way anyone would dare to forge a high-level seal unless they really wanted to seek an unwanted catastrophe.

After checking the authenticity of the high level seal and the contents of this letter, the people from the Dragon Army Special Forces finally found out who Madam Laura was in the car.

Chapter 416 - Representatives Of The Big Faction

"I'm sorry for the recklessness I just did, the three of you were invited to enter" The Dragon Army Special Forces finally gave Luo Bing permission to enter the military district.

After getting permission to enter, Luo Bing immediately entered the military district.

When Ye Chen entered the military district, he felt some intense aura that was not far from here, just like what Madam Laura said was true.

The representatives sent by all the major factions weren't weak, with their current strength, they were all strong enough to cause chaos in a large country.

"Looks like it will be a little interesting." Ye Chen felt that it would be a little interesting, he wanted to see how strong the people sent by the Big Faction were.

Luo Bing headed towards the main building in the military district, this building was the place for important military events to be held.

After arriving in front of the building, Ye Chen, Luo Bing and madam Laura got out of the car.

The three of them immediately went up to the top floor of this building, that was where the representatives of all the factions were located.

The security inside the building was much tighter than outside, there were a lot of guards at every corner of the entrance, they all guarded the place to be safe from unwanted things.

Madam Laura guided Ye Chen and Luo Bing into a room, within this room there were several people sitting around the table.

Everyone sitting here had a companion behind them, it seemed that the people behind were assistants to the representatives of the great factions who were sent to this city.

When madam Laura, Ye Chen and Luo Bing entered the room, everyone immediately directed the attention they had to madam Laura, Ye Chen and Luo Bing who had just entered the room.

Madam Laura smiled at the people who were in here.

The people here looked normal when they saw Madam Laura's arrival, they didn't look at Madam Laura with a special look.

"Tch, old grandmother, finally you came too, we are tired here to wait for you" a man around 35 ~ 40 years old sneered at Madam Laura who came very late.

This man called Woody, he was a representative of the Dark Legacy Faction, this person's strength was comparable to a cultivator who was at the ninth stage of the Overlord Realm.

Woody is not a human, he is a half-monster human .

The members of the Dark Legacy Faction are indeed dominated by half-monster humans, many Half-Monster Humans who join together with the Dark Legacy.

The members of the Dark Legacy Faction are also known to be very arrogant, they consider themselves more special than the other factions.

The strength of the Dark Legacy cannot be underestimated, they currently control nearly 1/4 of the area in the western world.

While the rest are controlled by the Holy Church, Chaos Bridge, Blue Esper, Carmilla's Rose.

It can be seen that the strength of the Dark Legacy is indeed strong, because of this they are so arrogant.

"Hey Woody watch your talk, it is rude to talk like that to Madam Laura." A handsome young man with blonde hair scolded Woody who was very rude when talking to Madam Laura.

This handsome young man named Kriss, he is a representative from the Holy Church, this person's strength is also at the ninth stage of the Overlord Realm.

"Who are you? , how dare you criticize me. "Woody looked displeased with Kriss's words, he immediately replied to Kriss with provocative words.

The Holy Church and the Dark Legacy have a pretty bad relationship, they often clash on everything, because of this the two representatives don't seem to get along.

"Woody, don't be arrogant just because you come from the Dark Legacy faction, if you make me angry then my sword will cut you to pieces." Kriss looks displeased with the provocative words that Woody did.

He didn't even hesitate to fight Woody right away.

"Do you think I'm afraid to fight with brats like you, let's prove who is the strongest between us two" Woody looks increasingly in front of Kriss, he even challenged Kriss to fight and show the strength they have.

Kriss is a knight, he certainly won't stand still when he receives this kind of provocation.

Kriss starts to stand up from the chair he has, he prepares to pull out the Holy sword he has, while Woody also gets up from his chair, he is ready to change shape.

"You two stop." When Woody and Kris wanted to fight in this place, a 40 year old man stopped them both.

This man was Wei Cou he was the representative of the Kunlun holy land, Wei Cou was currently at the tenth stage of the Overlord Realm.

Among the people who were here, Wei Cou was the strongest one, it seemed like the Kunlun Holy Land had sent a strong person just in case something like this happened.

This country was the territory of the Kunlun Holy Land, they could not possibly allow the other factions to cause chaos in a place like this.

It was because of this that the Kunlun Holy Land sent quite a strong representative.

Woody and Kriss immediately stopped doing what they both wanted to do.

The strength displayed by Wei Cou was extraordinarily strong, this made Woody and Kriss feel intimidated.

After Wei Cou stepped forward, Woody and Kriss finally calmed down, the two of them returned to their seats.

"Seriously, you two are like little kids." A Sexy woman with silver hair sneered at Woody and Kriss.

This woman is Marry, she is a representative of Carmilla's Rose.

"Who do you call a child? ,You old woman who is afraid of the sun." Woody immediately replied to Marry who had previously dared to sneer at himself.

On the other hand, Kriss's attitude seems normal in responding to Marry's words, in his heart Kriss is only a little dissatisfied with the words that came out of Marry's mouth.

Sexy woman Marry raises her eyebrows in dissatisfaction, Marry hates when someone dares to call herself an old woman.

Every woman will not like it when someone calls her old Woman, including Marry, Marry hates the most when someone dares to call herself an old woman.

"Little kid, you better go home, you really don't deserve to be in a place like this with us." Marry used some pretty stabbing words to Woody.

Marry is a smart woman, she will definitely win if she argues with a man like Woody who can only rely on the emotions he has.

Woody's anger is getting more and more unstoppable, now he really wants to destroy Kriss and Marry who are in front of him.

"Boom. . . ."When the situation started to get tense between Woody, Kriss and Marry.

Wei Cou suddenly slapped the table in front of him into small pieces.

He had lost quite a bit of the patience he had when facing the Representatives sent by the other large factions.

"Can't you just pause for not doing something like this? "Wei Cou couldn't stand to see the disagreement that was happening.

Here at the moment they are discussing an important issue, everyone must get rid of the enmity, resentment and ego they have.

Chapter 417 - The Future Of The World

All factions do not have good relations with each other, they are all fighting each other to become the most powerful in this world.

So it's not strange that the representatives sent by each of the major factions are hostile towards each other.

After Wei Cou showed the strength he had, Woody, Kriss and Marry finally wanted to calm down.

The representatives of the other major factions seemed not to care about what was happening right now, they seemed not to care about the dispute that had just happened.

"Madam Laura, please sit on the chair that has been provided." Wei Cou invited Madam Laura to sit on the chair that had been provided.

Madam Laura walked towards the empty chair in front of her, after arriving near the empty chair Madam Laura immediately sat on this chair.

Whereas Ye Chen and Luo Bing stood behind Madam Laura.

The representative people of the Great Faction ignored Ye Chen and Luo Bing, to them Ye Chen and Luo Bing were nothing but ants in their eyes.

It was because of this that they ignored Ye Chen and Luo Bing.

"Madam Laura, so what problem was it that you asked for a meeting like this?" Wei Cou immediately asked Madam Laura.

The people who were here were sent here because Madam Laura, Madam Laura was the one who had requested this kind of meeting.

Actually the people here were very lazy when told to come to this meeting, but because the higher-ups ordered them to come to this meeting, they couldn't refuse it.

They all wondered what Madam Laura was going to tell them all.

surely madam Laura will tell you what will happen in the future.

"Actually there is an important thing I want to say to all of you big factions controlling this world, this is about the future of everyone in this world." There is an important thing that Madam Laura wants to tell all the big factions.

"Old granny, don't be so convoluted like that, hurry and just say straight to the main point." Woody told madam Laura to immediately tell directly what will happen to this world.

Woody looked very rude when talking to Madam Laura.

Madam Laura didn't look annoyed or angry when she heard Woody's words, she was used to receiving this kind of attitude from the members of the Big Faction.

If Madam Laura didn't have the ability to see the Secret of Heaven, surely the Great Faction would not have noticed her in the slightest.

All major factions only want to take advantage of Madam Laura who can see what will happen in the future.

Ye Chen didn't expect that the people here would be so arrogant, they looked so arrogant with people who were weaker than them.

Actually, Ye Chen didn't really like the people sent by each big faction, but since Ye Chen was here guarding Madam Laura's safety, Ye Chen would try to hold back a little.

"OK, I will go straight to the main point of the argument, soon this world will experience a tremendous shift in power, there will be many great powers coming to our Earth, they have a much stronger power than all of your factions combined." Madam Laura told all the Faction representatives who were here that some very strong people would come to this Earth.

These people will do a lot of damage on this Earth.

"Madam Laura are you kidding with all of us, you said there will be great powers coming to this earth and they are stronger than all of us?" Wei Cou could hardly believe the words that came out of Madam Laura's mouth.

Not only did Wei Cou not believe Madam Laura's words, all the representatives sent by each faction also did not believe Madam Laura's words.

The Holy Church, Chaos Bridge, Dark Legacy, Carmilla's Rose, Yagatama orochi, Blue Esper, Devil Lucifer, Kunlun Holy Land have been the rulers of this world for thousands of years, until now the power they have still can't be shifted by anyone.

The Holy Church, Chaos Bridge, Dark Legacy, Carmilla's Rose, Yagatama orochi, Blue Esper, Devil Lucifer, Kunlun Holy Land really did not let their position be compromised by anyone in this world.

"It's up to you whether you want to believe my words or not." Madam Laura doesn't care if the eight great factions don't believe the words she has said before.

Madam Laura's task is only to give an early warning to all factions, if they don't listen to it, then Madam Laura will not be harmed in this case either.

Everyone here began to think about what Madam Laura had said, if that was true then their power would really be very threatened.

Madam Laura's words can be confirmed to be 99% accurate, in the past Madam Laura has published major events that will happen in this world, and as a result it happened, so Madam Laura's words can be trusted to be true.

"Madam Laura, can you explain this in more detail to all of us?" Wei Cou wants to know about this matter in more detail.

Madam Laura shook her head, "I can only tell you this much. If I tell you more then Heaven will be really angry with me." Madam Laura could not tell more and more clearly to the representatives of all factions present here.

Heaven's secret is something that is very dangerous, if you get out of line then heaven will be really angry.

"Damn, Old Granny, don't be such a mysterious person, hurry up and tell us more details." Woody wanted to know more clearly about this matter.

Woody would not stop until he got what he wanted from Madam Laura.

"I told you that I can't tell you any further, if you really want to know then you just have to wait, time will answer the questions you have right now." Madam Laura still insisted on not giving full details of what was going to be happen in the future later.

Woody was not satisfied after hearing the answer that came out of Madam Laura.

"Hey old grandma, the patience I have has limits, hurry up and tell us everything you know, otherwise don't blame me for using violence against you." Woody threatened to use violence if Madam Laura didn't tell himself all the things she knew.

Ye Chen started to dislike when he saw Woody threatening the weak Madam Laura, if Woody dared to move on to madam Laura, then Ye Chen would teach this person a lesson that will not be forgotten.

"I emphasize once again, I can only tell you that far, what you are going to do next is none of my business." Madam Laura still insisted on not telling everything she knew to the representatives sent by the Eight Great Faction.

"You old grandma, know where you are" Woody got up from his chair, he went towards madam Laura.

Madam Laura was just an ordinary person, how could she possibly be able to fight against Woody who had strength comparable to a cultivator at the ninth stage of the Overlord Realm.

Madam Laura could only surrender to the circumstances she had, she only had hope in Ye Chen who was behind her.

"Woody stop" Kriss tries to stop Woody from doing bad things to madam Laura.

Unfortunately Kriss was a little late, he didn't have time to stop Woody.

"Boooooom" a strong explosion occurred, the whole building was shaking because of this explosion.

Chapter 418 - Sparked A Misunderstanding Among The Great Faction

The tremors and explosions just now brought the main military district building to a slight angle.

After the explosion, this room was now covered with a very thick dust.

Everyone in this Room started to be very alert at all, they all wanted to know what was going on here.

Time passed, after the explosion no suspicious movements occurred in this room.

The dust that covered the room started to disappear, after the dust disappeared, everyone could see a hole forming in the floor that was in front of them.

Not only was the floor at this level hollow, all the floors below had holes as well.

If you go deeper, this hole forms into the underground that is under the main building in the military district.

The holes in all the floors in this building were formed due to Ye Chen's attack on Woody.

Earlier when Woody wanted to do something bad to Madam Laura, Ye Chen used the nine shadow steps to go to Woody's side.

Unknown to anyone in this place, Ye Chen immediately threw a very powerful blow at Woody.

Woody, who didn't know anything, was immediately dropped by Ye Chen's attack.

The floor in this building was unable to withstand the impact of Woody's body, the result was that all of the floors in this building were damaged due to the force generated by Ye Chen's attack.

Even the ground formed a very deep hole because it was unable to withstand the impact that occurred.

Fortunately, this building is strong enough to bear the impact and shocks that occur, if only this building was not strong, maybe at this time the building would have collapsed due to the previous collision.

After launching the attack earlier, Ye Chen immediately returned to Madam Laura's side.

What Ye Chen just did not see anyone in this room, the speed shown by Ye Chen was extremely fast, no one here was able to see the movements Ye Chen was making.

"What's going on here?", Wei Cou has no idea what happened in this place, he didn't see what happened before.

Here Wei Cou's strength is the highest, if Wei Cou doesn't know what happened just now, then the representatives from the other big factions also don't know what happened just now.

"Rumble. . . , Rumble. . . , Rumble. . . , Rumble. . . " From the underground of this building again there was a tremor like an earthquake.

Someone suddenly climbed from the hole in the floor, the person who came to the surface was Woody.

Woody's current state is not well, Woody's head looks quite badly injured, Woody's head is currently filled with blood that is still dripping.

"Who was the person who just attacked me?", Woody shouted to everyone who was in this place.

Woody currently looks very, very angry, Woody's face and eyes turn red because of the anger that has reached the peak.

"What are you saying?", I didn't see anyone making a move in this room at all.

Wei Cou did not see any of the people here move from where they were standing.

The only person moving was Kriss, he was moving to stop Woody from doing something bad to Madam Laura.

But before Kriss can reach Woody, an explosion of unknown origin occurs.

At that time, Woody was attacked by an unknown person.

everyone here didn't see the person who had just attacked Woody at all, so they felt strange hearing Woody accuse them of carrying out an attack.

"Don't lie to me, it's obvious just now that I felt someone hit my head very strongly, quickly tell which of you did it ? ", Woody could not believe that none of these people attacked him.

The attack from Ye Chen made Woody's head feel very sore and dizzy.

Woody had to find the person who had attacked him before, surely one of the big faction representatives was the culprit.

"Woody, none of us attacked you, so what evidence do you have to accuse one of us? ", Kriss spoke to Woody.

Hearing this, Woody looked at Kriss with a very strong murderous look.

"Kriss, I'm sure you are the culprit right? "Woody started to accuse Kriss as the perpetrator who attacked him.

"You can not accuse me like that, before I was far from you, so I am not the one who has attacked you" Kriss tried to defend himself.

"If not you then who will? , in this room only you and Marry who previously had a conflict with me.

"Woody suspects two people in this room, the first is Kriss and the second is Marry.

Previously these two people had conflicts with him, so it was very likely that these two people had previously attacked him secretly.

"Don't take me into your troubles, I've been sitting here quietly without moving the slightest bit." Marry didn't accept it when she was accused of being the one who attacked Woody.

Marry is getting fed up with Woody's attitude, she feels very annoyed with Woody who comes from the Dark Legacy Faction.

"So you two don't want to admit it? , Good, good, then I might have to make you two admit what you have done. "Since words don't work, Woody will use force to get these two people to talk.

"Rumbled. . . "Woody's body starts to emit a green aura.

Woody's body gradually started to get bigger and higher, now Woody's height was about 4 ~ 5 meters.

on Woody's body, there are two new hands, now Woody's total arms are four.

Woody's head also begins to change and enlarge, Woody's head turns into a bull-like that has enormous horns.

"Roar. . . "Woody howled very loudly, this super strong roar made the lights and windows here smash to pieces.

Woody has finished transforming into a monster, it turns out that Woody's true form is a Minotaur Monster.

"You two get ready to feel my anger." In a hoarse voice, Woody spoke to Kriss and Marry.

Woody didn't waste much time, Woody immediately aimed at Kriss and Marry.

he intends to attack Kriss and Marry who are in front of him.

Kriss and Marry will not remain silent when they will be attacked by Woody.

The two of them began to unleash their strength, Kriss and Marry ready to welcome Woody's attack.

"Boom" another explosion occurred, this time Marry and Kriss were forced to leave the main building of the military district.

In the exchange just now the two of them were forced to retreat backwards, as a result both of them were forced to leave the main building of the military district.

After being forced out of the main building in the military district, Kriss and Marry are now floating outside the building.

Seeing Kriss and Marry outside the building, Woody comes out of the building, he hovers right in front of Kriss and Marry.

"You ugly bull, why are you dragging me into this kind of trouble?" Marry was very irritated when Woody dragged herself into battle.

"Shut up old bitch, soon I'll make you pay for everything." Woody called Marry as the Old bitch.

Marry's face darkened when she heard Woody's taunts.

"Hehehehehe, very interesting. . ., I never thought that there would be people who would dare to call this woman like that, I definitely won't let you go. "Marry laughed so creepily, just hearing it can make people feel chills.

Chapter 419 - Disrespectfully Expelled

Around Marry's body began to emit a blood red aura, this aura began to enlarge and covered several hundred meters around Marry.

As the blood red aura shot out, the originally bright sky instantly turned dark, red thunder began to descend around the military district.

The military district immediately turned dark like night, the people from the Dragon Army's special forces were on standby when this strange phenomenon occurred.

When they found out that there was an extremely strong battle near the main building of the military district, the men from the Dragon Army special forces immediately rushed towards the main building of the military district.

Unfortunately before they could get close, they were blown away by the overwhelming force, the people from the Dragon Army special forces couldn't get close to the main building of the military district.

Seeing a power that was beyond their capabilities, the Dragon Army's special forces could do nothing, it was completely beyond their control.

Seeing that Marry wants to fight with him, Woody also shows the strength he has.

When the two great powers met, the military district began to fill with strange phonemes.

Starting from strong winds, lightning, to an earthquake.

Kriss who is in the middle of Woody and Marry must be dragged into the flow of battle.

Kriss pulls out the holy sword that he has, after Kriss pulls out the holy sword a golden aura is immediately emitted by the holy sword that is in Kriss's hand.

The golden aura emitted by the holy sword was not weak at all, its strength was able to match the strength of Woody and Marry's.

When the power of the holy-sword joined the battle, the situation became even more chaotic.

The wind, thunder, and earthquake were getting stronger around the military district,

There are even a few parts of the city that are affected by the power struggle that is being carried out by Woody, Marry and Kriss.

Woody was the first to start the movement, this time the targets were Marry and Kriss.

Woody is too confident in his abilities, to the point of challenging Marry and Kriss at the same time.

Marry and Kriss start moving, they all aiming for each other, there are no allies in this battle.

"Booomm. . . , Bammm. . . , Booomm. . . , Bammm. . . , Booomm. . . , Bammm. . . , "The battle of Woody, Kriss and Marry finally broke out.

The three of them attacked each other, when the battle from when the representatives of the Dark Legacy, the Holy Church, Carmilla's Rose broke out, the situation within the military district became very bad.

Luckily everyone who lived in the military district had been transferred prior to this important meeting.

So within the military district currently empty, there were only people from the Dragon Army Special Forces who were within this military district.

"You three stop! ! ! "Wei Cou tries to stop Woody, Marry and Kriss who want to do battle in a densely populated place like this.

Unfortunately Woody, Kriss and Marry have not listened to Wei Cou's words, the three of them are already focused on the battle they are currently doing.

The three of them could no longer be bothered by anything else around them.

Wei Cou was angry when he was ignored by Woody, Kriss and Marry.

This was the Place of strength of the Kunlun Holy Land, in case the representatives of the Dark Legacy, the Holy Church, Carmilla's Rose made trouble here.

Then the Kunlun Holy Land would lose face in front of all the great powers that were attending this secret meeting.

And again, Wei Cou will definitely be blamed for not being able to overcome this.

Wei Cou had no other choice but to stop these three people using the strength he had.

Wei Cou Immediately released the power he had, when the power of the tenth level of the Overlord Realm was released, an intense pressure immediately enveloped the Military District.

Representatives from other large factions were currently watching the battle of Woody, Kriss, and Marry.

When they were enjoying watching an interesting show, they felt the intense pressure exerted by Wei Cou.

These people retreated a little when they felt the power released by Wei Cou, the strength that Wei Cou released was really very dominating.

Wei Cou immediately left the main building in the military district, he soared into the sky where Woody, Kriss and Marry were fighting.

Wei Cou immediately joined the battle that was being carried out by Woody, Kriss and Marry.

The battle became even more lively when Wei Cou Joined.

When Wei Cou joined the battle, Woody, Kriss and Marry were immediately cornered by Wei Cou.

The three of them were unable to fight the Wei Cou who had cultivated at the tenth stage of the Overlord Realm, the difference in their strength was still quite large.

"Boom. . . , boom. . . , boom. . . , "Woody, Kriss and Marry were pushed back by Wei Cou's palms.

Wei Cou is famous for his ability called God's Hand, with this flagship technique he can easily overcome Woody, Kriss and Marry who are making a mess in this place.

Woody, Kriss and Marry both suffered injuries from Wei Cou's palms.

Wei Cou who is in the middle looks at Woody, Kriss and Marry.

"If you don't want to stop, then I will hurt you more than this, what I showed you just a warning to all of you." Wei Cou gave a stern warning to Woody, Kriss and Marry who had caused a riot in this meeting.

"Damn, this guy is strong." Woody cursed Wei Cou in his heart, he didn't expect Wei Cou to be this strong.

Kriss and Marry also have to admit that Wei Cou is much greater than the two of them.

Kunlun's Holy Land actually sent great people in this gathering, they were already on guard in case this kind of situation happened.

"Mr. Wei Cou, I'm just looking for a justice here, you have to help me seek justice from these two people." Woody asked Wei Cou not to help him seek justice.

"Bad bull, don't just accuse people, I'm not the one who attacked you" Marry tried to defend herself. she was dragged into battle because of Woody who accused her.

"I'm not the one who attacked you either." Kriss also defended himself.

"You two are shameless, you must have worked together to trap me from the beginning." Woody did not believe the words of Kriss and Marry.

"Shut up. . .!", Wei Cou told Woody, Kriss and Marry to be quiet for a moment.

"Enough of this the problem that the three of you have done, I am forced to expel you from our territory." Wei Cou was forced to expel representatives from the Dark Legacy, the Holy Church, Carmilla's Rose.

If these three people were still here then the dispute would not be resolved.

Woody, Kriss and Marry could only grit their teeth when Wei Cou was disrespectfully kicked out.

Woody, Kriss and Marry cannot be angry with Wei Cou, this is the realm of the Kunlun Holy Land, if they cause more trouble than this, then it is certain that more strong cultivators will be sent by the Kunlun Holy Land to help Wei. Cou.

Woody, Kriss and Marry have no other choice but to leave here.

The three of them flew towards the west, the three of them disappeared towards the horizon.

Chapter 420 - Meeting Ends

The assistants from Woody, Kriss and Marry followed their employer going westward.

Ye Chen smiled with satisfaction when he saw Woody being kicked out of this place.

The person who had made trouble from the start was Ye Chen, everyone here didn't realize that Ye Chen was the one who had caused a problem to the point that Woody, Kriss and Marry had a battle.

This time Ye Chen really won without bothering to pick up, he borrowed other people's strength to drive Woody away.

After seeing the departure of Woody, Kriss and Marry. Wei Cou returned to the main building of the military district which had been badly damaged by Woody, Kriss and Marry.

"I apologize for the disturbance that happened just now." Wei Cou apologized to the representatives of the Big Faction who were still in this place.

After all, Wei Cou was the host of this place, it was only right that he gave guests a comfortable thing.

Due to the battle incident carried out by Woody, Kriss and Marry might make the representatives of the other big factions feel uncomfortable.

"Hahaha, you don't need to apologize for the problem just now, we were a little cheered up by the performance just now." The representatives of the big factions who were here were amused by the spectacle that had just happened.

"If there is nothing else that we will discuss, then I will say goodbye to return to my Faction, I will report what Madam Laura said to the higher ups".

One by one the representatives of the great faction decided to leave this place, they had to return immediately to report the prophecy that came from Madam Laura.

If it was true that there would be great powers coming to earth, then they would have to be prepared for the worst outcome.

All the representatives of the major factions returned to the secret places belonging to their factions.

Now in this place only Ye Chen, Luo Bing, Madam Laura, Wei Cou and Wei Cou's assistant remained.

"Madam Laura, I apologize profusely because of the incident just now, I can barely protect your safety" Wei Cou apologized to Madam Laura.

If the explosion had not occurred, Madam Laura might have had something bad at this time in Woody's hands.

"You don't need to worry, I don't mind that at all." Madam Laura doesn't blame anyone for this.

In this place only Madam Laura had guessed what had happened before.

Madam Laura knew that all this chaos was Ye Chen's doing, Ye Chen was the one who made Woody, Kriss and Marry fight like that.

Even though Madam Laura knew about this matter, she didn't tell anyone that Ye Chen was the one who had caused trouble.

Ye Chen did this for herself, so Madam Laura couldn't possibly tell those people that Ye Chen was the culprit.

"I have already told what will happen in the future, from here it is all up to you. The big faction wants to respond to this in what way", Madam Laura's task has been completed, she has given an early warning about the problems that will occur in the future. .

Madam Laura hopes that the Big Faction will respond to this very wisely.

"Then I also have to go first, bye." Madam Laura also decided to leave this place.

There was nothing else that Madam Laura could do in this place, her task of bringing the news to all the major factions was over.

Now it's time for her to leave this place, madam Laura is feeling very tired, she needs a little time to rest a little before going to other places in the world.

"I will make sure your words will reach the higher-ups of the Kunlun Holy Land Faction, thank you for this warning." Wei Cou is grateful for the early warning that was told by Madam Laura.

With this warning, at least in the future they will be able to prepare in advance for this.

After Madam Laura and Wei Cou exchanged their farewells, Madam Laura led Ye Chen and Luo Bing to leave this building.

Wei Cou could only see the departure of Madam Laura, Ye Chen and Luo Bing.

Wei Cou sighed at the incident that had just happened, this meeting was not what Wei Cou expected.

Everything was really very chaotic, he hoped the higher ups would not scold or punish him for this incident.

"Sir, is it possible that the man behind Madam Laura is the one who made the mess before? ", Wei Cou's assistant started to say.

"Impossible, that person only has such a very weak cultivation, he can't possibly injure the Representative of the Dark Legacy Faction to that extent." Wei Cou couldn't believe that Ye Chen was the one who had attacked Woody.

It was impossible for a weak person like Ye Chen to be able to fight Woody who had the strength equal to that of a cultivator at the ninth stage of the Overlord Realm.

Ye Chen used the Reideran Pendant Necklace to hide the real power he had, so the people who were here thought Ye Chen was weak.

Because of this, Ye Chen could fool everyone from the big factions who were previously here, it was impossible for everyone from the representatives of the big factions to suspect Ye Chen who only had weak strength.

"Sir, but. . ." Wei Cou's assistant wants to talk more.

"Enough. . ." Wei Cou raised his hand, he told the assistant behind him to shut up.

"It's all my fault for not seeing the previous incident correctly, so don't find fault with others in this matter if you don't have any evidence", Wei Cou scolded the Assistant behind him for accusing others without any evidence.

"Sir, I'm sorry." Wei Cou's assistant apologized.

"Good." Wei Cou nodded at his assistant.

"I will return to the Kunlun Holy Land, you take care of the matters that are here for me." Wei Cou wanted to return to the Kunlun Holy Land, he left the responsibility for repair to his Assistant.

"Okay, I understand." Wei Cou's assistant understands the task Wei Cou gave him, he will take care of all the damage that is here.

After leaving the responsibility to his assistant, Wei Cou left this place, he immediately flew towards the Kunlun mountains.

He had to immediately tell Madam Laura's words to all the higher ups in the Kunlun Faction.

Wei Cou's assistant did what he had to do.

.
. .
. .
. .

Ye Chen, Luo Bing and Madam Laura went to the hotel that Madam Laura had specially prepared.

They went to the hotel because of a request from Madam Laura, Madam Laura said she was tired and needed rest, so Luo Bing took Madam Laura to a special hotel that had been prepared by the Six Door Organization.

After arriving at the hotel, Luo Bing immediately led Madam Laura to the room that had been prepared.

Luo Bing brought Madam Laura into a hotel room which was quite luxurious.

"Madam Laura this is your room, if there is anything else you can call me, I will be in the room next to you." Luo Bing told Madam Laura that she would be right in the room over here.

Madam Laura nodded at Luo Bing.

After escorting Madam Laura into the room, Luo Bing decided to come out of Madam Laura's room, she would let Madam Laura rest in peace.
