

Chapter 461 - Was Found By Person From God Realm

"Booom. . , Bamm. . , Booom. . , Bamm. . , Booom. . , Bamm. . , "Ye Chen and Sirius exchanged attacks several hundred times.

In the exchange of attacks that Ye Chen and Sirius did, Ye Chen was slightly suppressed by the attacks carried out by Sirius.

"Humans, now you know how strong I am, do you still doubt if I am called God by my followers?" Sirius boasted of the strength he had.

"I told you that you are still not worthy of a nickname like that." Ye Chen still hasn't admitted that Sirius has the power equal to God.

God is a powerful existence, if indeed Sirius had God-level power, then Ye Chen would have been defeated earlier.

"You lowly human, you still don't admit it, then die." Sirius attacked Ye Chen again.

"Booom" Ye Chen was forced back again by the attack carried out by Sirius.

If it continued like this then Ye Chen wouldn't be able to win against Sirius.

"Maybe this is the right time to open the Sage God's Flaming Veins." This was the time for Ye Chen to use the Sage God's Flaming Veins.

Ye Chen opened the Sage God's Flaming Veins.

After opening the sage God's fire vein, Ye Chen's current strength was explosive.

Ye Chen immediately used Nine Shadow Steps to move towards Sirius's side.

Sirius didn't see the Nine Shadow Steps used by Ye Chen, when he realized that Ye Chen was right beside him.

"Breaking Meteor Blow" Ye Chen immediately launched a sneak attack towards Sirius.

Sirius did not have time to avoid the attack launched by Ye Chen.

"Bamm. . . "As a result Sirius was hit by Ye Chen's attack.

Several of Sirius's sharp teeth fell out when he was hit by Ye Chen's Breaking Meteor Blow.

Sirius was also forced back hundreds of meters by Ye Chen's attack.

Sirius was quite surprised when he saw the strength possessed by Ye Chen suddenly increased so much, Ye Chen was now several times stronger than before.

After opening the Sage God's Flaming Veins, Ye Chen was now even stronger than Sirius, now it was Ye Chen's turn to have the upper hand.

Sirius started to get up from the ground, he looked a little troubled when he got up from the ground, this was the first time a creature could injure him.

"No wonder you dare to doubt that I am a god, it turns out that you are hiding such a great power." Now Sirius understands why Ye Chen doesn't admit that he is a God, it turns out that Ye Chen has that great power.

"So now you understand why you are not worthy to become God ?, with your current strength you are still very far away from being called God" Ye Chen told Sirius that he was still far from being God.

"Hahaha, interesting, then I'll also show you my true strength" Sirius will show Ye Chen his true strength.

Sirius started to burn the Wolf God blood that was within his body.

When Sirius burned the wolf-god blood that was in his body, Sirius's body started to get bigger and bigger, Sirius's white fur also turned red like blood.

Sirius's wounds completely healed immediately after he burned the Wolf God blood on his body.

Sirius returned to where he was before he was injured by Ye Chen's Breaking Meteor Blow.

Apart from physical changes, Sirius's strength has also grown even stronger.

"Let's continue the previous battle, this time I'll make sure that I will win." Sirius immediately disappeared from where he was currently standing.

Sirius reappeared behind Ye Chen. "Die" this time it was Sirius's turn to launch a sneak attack towards Ye Chen.

"Booom." Sirius's attack struck right where Ye Chen was standing.

"So you can dodge my attacks just now, not bad." Sirius already knew that Ye Chen could dodge the attack he just did.

Sirius also knew that Ye Chen was currently behind him.

" So you decided to use the inheritance of blood that you have against me" said Ye Chen to Sirius.

"If I don't use it now, I will lose in your hands." Sirius was forced to use the legacy he had against Ye Chen.

if he didn't use this matter, Sirius would currently have already lost to Ye Chen.

Ye Chen became curious about where Sirius got such an inheritance from, whether in this western continent there was also an inheritance left by God's Beings.

"Human why are you just silent, come on fight me" Sirius challenged Ye Chen to immediately fight with him.

Ye Chen immediately forgot about this, right now he had to fight Sirius.

"One Hundred Thousand Fire Swords" a thousand silver flaming swords appeared behind Ye Chen.

After opening the Sage God's Flaming Veins, Ye Chen was now able to show the third tier of the One Hundred Thousand Fire Swords.

Ye Chen directly controlled the thousand flaming swords behind him towards Sirius.

The "Hell Prison" of a thousand flaming swords instantly created a prison that locked Sirius.

Sirius was currently locked up by Ye Chen's thousand flaming swords.

"Bang", Sirius tried to destroy the sword prison that was currently enclosing him.

The attack carried out by Sirius was unable to destroy Ye Chen's sword prison.

"Super Ice Blast" Sirius started shooting several Ice Balls towards the Fire Sword Prison that was enclosing him.

The flaming sword prison began to waver a little when Sirius used this attack.

"Super ice Blast, Super ice Blast, Super ice Blast" Sirius repeatedly used this technique to attack the Fire Sword Prison, as a result Ye Chen's Fire Sword Prison began to collapse.

Seeing this, Ye Chen pulled back the flying fire sword that he had.

It seemed like it was impossible to lock up Sirius who had such destructive power.

"God Fire Sword" the thousand flaming swords began to gather and merge, this made a sword even stronger

After a thousand flaming swords were combined into one, now the power of this fire sword became very devastating.

"Go on", the God Fire Sword shot straight at Sirius.

"Super Ice Blast" Sirius tried to shoot the God Fire Sword which was currently aiming towards him.

The ice ball that Sirius fired instantly melted before it even touched the God Fire Sword.

"Slash. . . , Slash. . ."The God Fire Swordsliced off two of Sirius's four legs.

"Arggggg. . . Sirius growled in pain as two of his legs were cut off by Ye Chen's God Fire Sword.

seeing Sirius unable to move for a while, Ye Chen didn't waste this opportunity, he intended to end this fight right away.

The God Fire Sword rose to the sky, the God Fire Sword began to enlarge and expand, the God Fire Sword was now hundreds of meters long.

The temperature around this place started to get very high, the forests and rocks that were here started to melt because the heat was too high.

Sirius, who was right under the God Fire Sword, felt that his body was so hot right now, he felt that he could melt because of the heat released by the God Fire Sword.

Sirius felt a dangerous feeling from the God Fire Sword that Ye Chen was currently showing.

Sirius wanted to get as far away from the God Fire Sword as possible, unfortunately at this time Sirius was still unable to move because Ye Chen had cut the two legs he had.

Sirius's two legs were also long enough to regenerate, at this time Sirius couldn't avoid leaving the attack that was about to be carried out by Ye Chen.

"Everything's over here, shoot." The God Fire Sword locked onto Sirius, the God Fire Sword gathered strength, the God Fire Sword fired a silver colored Flame laser towards Sirius.

"Cracked" when the God Fire Sword was about to shoot a fire laser at Sirius, suddenly Ye Chen's God Fire Sword shattered into pieces.

"Cough" Ye Chen immediately vomited blood when the technique he was using was destroyed.

Ye Chen did not understand how his God Fire Sword could be destroyed.

Who was the one capable of destroying the God Fire Sword this easily.

"Finally after searching for a long time we found the source of the Heavenly Silver Flame." From above the sky appeared 2 people wearing ancient clothes.

The two of them looked at Ye Chen and Sirius who was below.

Ye Chen immediately looked up to see who the person had just arrived here.

When Ye Chen looked up, he saw two people in traditional suits hovering above the sky.

Ye Chen did not know these two people, he was very foreign to the two people who had just appeared above the sky.

Just now Ye Chen listened to these two people's words, Ye Chen heard that these two people clearly mentioned the Heavenly Silver Flame.

It seems that the arrival of these two people concerns the Heavenly Silver Flame that is in Ye Chen's body.

"Master, you better run quickly now, the strength of these two people is very strong, you are no match for the two of them." Chu Yuechan firmly warned Ye Chen to immediately run away from the two people who had just arrived at this place.

The cultivation possessed by these two people was terrifying, Ye Chen was definitely not the opponent of these two.

Ye Chen is not a coward, he will not run away from battle.

Ye Chen got up from the ground, he took a healing pill from the fairy gate storage room, Ye Chen immediately took a healing pill.

After Ye Chen's condition started to improve, Ye Chen looked at the two people who had just come with extremely hostile gazes.

It was clear that these two people had previously destroyed his God Fire Sword.

The Heavenly Silver Flame started to come out of Ye Chen's body, the Heavenly Silver Flame covered Ye Chen's entire body.

"Looks like the Heavenly Silver Flame has merged with this person, how are we going to explain this to Mr. Xui Jin." The two people in the sky saw that the Heavenly Silver Flame had completely fused with Ye Chen's body.

"We just bring this person back, about what will be done to this person, let Mr. Xui Jin decide" These two people intend to bring Ye Chen back to their master.

"That's a good idea, then let's take this person" one of the people went towards Ye Chen, this person intended to take Ye Chen to Xui Jin.

"DESOLATE PALMS second finger" Ye Chen immediately used the second finger DESOLATE PALMS.

A giant palm with an ancient aura appeared from behind the clouds, this palm had two fingers open, this giant palm was ready to hit the person who was heading towards Ye Chen.

The person who was going towards Ye Chen immediately stopped, he looked at the direction where the ancient palm had appeared.

This person waved his hand, instantly the giant palm shattered into particles.

"What?" "Ye Chen doesn't believe that DESOLATE PALMS can be destroyed this easily.

"Interesting technique, it seems you have some abilities." People from God Realm praised Ye Chen's DESOLATE PALMS technique.

If only the current Ye Chen was as strong as he was, then the current situation would probably be different from the current one.

"Master, I told you that these two people are very strong, why didn't you run away earlier?" Chu Yuechan scolded Ye Chen who did not immediately run away when he had the opportunity.

At this time, Ye Chen was too late to escape from the two people from God Realm.

The person from the God Realm headed towards Ye Chen, he prepared to take Ye Chen to be brought to where Xui Jin was.

Just before the hands belonging to person from God Realm could touch Ye Chen's body, an ice barrier enveloped Ye Chen.

"Clinkkk." A person's hand from God Realm immediately turned into ice when it touched this barrier.

person from God Realm immediately retreated as far as possible from Ye Chen.

Ye Chen didn't know where this barrier came from, he was very grateful for the Ice barrier protecting him.

Suddenly around this place began to appear a lot of snow butterflies, when this snow butterfly appeared, the temperature in this place began to drop dramatically, the temperature in this place became very cold.

a woman descending in a white ancient dress began to descend from the sky, this woman descended right in front of Ye Chen.

Chapter 462 - Meet With Again Dongfang Xiu

The woman who arrived in front of Ye Chen wore a veil and had snow-white hair.

even though this woman's face was covered by a veil, it still was can't cover up the beauty that this woman has.

This beautiful woman can dazzle any man who sees her.

Ye Chen looked at the beautiful woman who had just descended right in front of him, Ye Chen saw that this woman had long, snow-white hair, just from looking at the hair that belonged to a beautiful woman, Ye Chen could tell who this beautiful woman was.

"Dongfang Xiu? "If this is true, then the beautiful woman in front of Ye Chen right now must be Goddess Dongfang Xiu.

Ye Chen didn't understand how Goddess Dongfang Xiu would come and save himself.

After Ye Chen's treatment at that time, Goddess Dongfang Xiu must have had a grudge with Ye Chen.

"Wow. . . , wow. . . , look who this came, we didn't expect that a cold goddess would voluntarily show herself. "The two people who came from God Realm looked happy when they found out that Dongfang Xiu had shown herself.

So far they have been searching for Dongfang Xiu's whereabouts for a very long time, Dongfang Xiu is very skilled at hiding herself, the people who belong to Xui Jin are having a hard time finding the whereabouts of Dongfang Xiu.

It was unexpected that this time Dongfang Xiu would instead show herself voluntarily like this in front of them.

"You should go right now, the life that belongs to this person is mine, so don't you dare to touch him" Dongfang Xiu spoke in a very cold voice.

Ye Chen felt goosebumps when he heard Dongfang Xiu's voice, Goddess Dongfang Xiu's cold voice was completely similar to the woman Ye Chen had previously hit while lost in the mist.

So the soft thing that Ye Chen had previously touched was Dongfang Xiu's double peak.

no wonder Ye Chen felt familiar with the sensation of the soft object he had previously touched.

Ye Chen immediately remembered the words that Dongfang Xiu just said, this made Ye Chen start to break out in cold sweat.

"It's over, this beautiful goddess will definitely want to kill me too." It was clear from the words that previously came out of Dongfang Xiu, Dongfang Xiu wanted Ye Chen's life.

This is a very difficult situation for Ye Chen, both parties are currently eyeing Ye Chen's life, Ye Chen really looks like an item that both parties are fighting for.

"Hahahaha, it's so funny, we came here on purpose to target you, how could we possibly go after finding you." People who come from God Realm don't want to leave this place.

Their initial objective was to capture Dongfang Xiu and take the Heavenly Silver Flame that Dongfang Xiu had.

Now it is different, the Heavenly Silver Flame has now merged with Ye Chen, so the two of them now only need to take Dongfang Xiu and Ye Chen to the place where Xui Jin is.

Dongfang Xiu emitted an extremely powerful killing aura towards the two people from the God Realm.

Apart from giving off an extremely powerful killing aura, Dongfang Xiu also started to show her power.

When Dongfang Xiu showed her power all the things and living things around here turned into Ice.

Even the current Sirius had been turned into ice by the power that Dongfang Xiu exuded.

The two people from the God Realm felt the killing aura emanating from Dongfang Xiu.

"Don't waste any more time, let's immediately catch this woman and bring her to the boss." The two men who came from God Realm went to Dongfang Xiu's collar.

They took out the weapons they had, both of them charged towards Dongfang Xiu.

All the snow butterflies around here started to head towards the two people from God Realm.

Snow butterflies began to envelop the two people from God Realm.

The two people from the God Realm used their profound fire power to repel the snow butterflies that were around them.

"Feel this" they both attacked the snow butterfly that was around them both.

"Clink" before the two of them were able to attack the snow butterflies that enveloped their bodies.

The two people who came from God Realm were instantly frozen into Ice sculptures by the Snow Butterflies.

The two of them didn't have time to put up a fight, they were instantly turned into a chunk of ice by Dongfang Xiu.

"Crack", the two people who came from God Realm broke, they both became shards of ice that flew in all directions.

What Dongfang Xiu did was both beautiful and terrifying, Ye Chen did not expect that Dongfang Xiu would become this strong.

Even the two people from God Realm were defeated by Dongfang Xiu in a matter of seconds.

From the start Dongfang Xiu was indeed stronger than the two people from God Realm.

The two people just now were overconfident because they both thought that currently Dongfang Xiu was still injured.

So they had the extra courage to fight Dongfang Xiu who they thought was injured, it was unexpected that Dongfang Xiu had fully recovered and was currently at the peak of the strength she had.

Dongfang Xiu didn't say anything more after that, she turned around and looked at where Ye Chen was.

Dongfang Xiu looked at Ye Chen with the crystal clear eyes she had.

Ye Chen felt goosebumps when he felt the gaze emanating from Dongfang Xiu.

Dongfang Xiu started walking towards where Ye Chen was at the moment.

Seeing Dongfang Xiu walking towards this direction, Ye Chen started walking backwards.

Too bad that behind Ye Chen there was an ice barrier created by Dongfang Xiu, so Ye Chen couldn't retreat any further than.

Dongfang Xiu kept getting closer to Ye Chen, every step taken by Dongfang Xiu made Ye Chen's heart beat very fast.

Dongfang Xiu stood right in front of Ye Chen, she began to stretch out her hand towards Ye Chen's face.

The current Ye Chen couldn't move, Dongfang Xiu's hands made Ye Chen unable to move the body he had.

"It's over, this woman definitely intends to kill me." Ye Chen closed his eyes and prepared to accept the worst that he would get.

Suddenly Ye Chen felt a very cold hand pulling his ear very strongly.

"Ouch it hurts." Ye Chen felt pain when his ear was pulled very hard.

When Ye Chen opened his eyes, he saw that Dongfang Xiu was the one who had pulled his ear very hard.

"Thief boy, do you still remember me?" Dongfang Xiu called Ye Chen in a very soft voice.

Ye Chen felt like his bones were going to melt when he heard this extremely gentle goddess Dongfang Xiu voice.

Dongfang Xiu had now turned back into the young woman Ye Chen had first met.

All the chills that Dongfang Xiu had previously had instantly vanished.

"Beautiful goddess Dongfang Xiu please let go of my ear, it hurts so much" Ye Chen asked Dongfang Xiu to remove her hand from his ear.

Dongfang Xiu didn't want to let go of Ye Chen's ear, she tugged on Ye Chen's ear even more forcefully.

"Ouh. . ouh. . . Ye Chen felt even more pain when Dongfang Xiu tugged on his ear even more.

Chapter 463 - Battle Between Cultivators Who Were At The Divine Realm Stage

After a while finally Dongfang Xiu wanted to let go of Ye Chen's Ears.

Dongfang Xiu turned around and turned her back on Ye Chen's body.

Ye Chen's ears turned very red from being pulled by Dongfang Xiu for too long.

Ye Chen rubbed his ear which was currently burning, Dongfang Xiu actually tugged at his ear very hard.

"That, Goddess Dongfang Xiu, why did you save me" Ye Chen wanted to know why Dongfang Xiu suddenly saved himself.

Even though Ye Chen and Dongfang Xiu should have their own enmity, so Ye Chen wanted to know why Dongfang Xiu took the initiative to help him.

"You misunderstood, I didn't save you, I saved the Heavenly Silver Flame from falling into the wrong hands." Dongfang Xiu didn't want to admit that he saved Ye Chen because of her own will.

"Oh so, it's like that." Ye Chen scratched his head a little confusedly.

"Oh yeah, Goddess, Dongfang Xiu, who were those people, are they your enemy?" Ye Chen wanted to know if the previous people were the enemies of Dongfang Xiu.

"Not enemies, to be precise they are bandits from God Realm, the name of the bandit group earlier is fire embers, they are a very dangerous group, they like to loot the belongings of weak cultivators." Dongfang Xiu explained who the people were. he just killed.

The people that Dongfang Xiu had just killed turned out to be bandits from the God Realm.

"Is the target they are looking for is you?" Ye Chen wanted to know if the target of the bandits earlier was Dongfang Xiu.

"They are not completely targeting me, what they are aiming for is the Heavenly Silver Flame that is in your body." Dongfang Xiu told Ye Chen that these bandits were aiming for the Heavenly Silver Flame in Ye Chen's body.

"Targeting the Heavenly Silver Flame in my body? Isn't the Heavenly Silver Flame completely fused with my body, so they should no longer be able to take it" said Ye Chen to Dongfang Xiu.

"You're too naive, even though they can't take the Heavenly Silver Flame out of your body, they still have a lot of means that can be used to control the Heavenly Silver Flame in your body".

"For example, you can be turned into a puppet so they can control you at will." Dongfang Xiu told Ye Chen what the bandits could do to him.

What Dongfang Xiu said was true, the bandits could make themselves into puppets that they could control at will.

In the past, Gu Xuan had also told Ye Chen to never expose the legacy of the Sage God because of things like this, Gu Xuan also didn't want Ye Chen to be made into a puppet by evil people in God Realm.

It seemed that from now on Ye Chen had to be careful not to expose too much of the inheritance he had.

"Rumble. . . , Rumble. . . , Rumble. . . , "While Ye Chen was talking privately with Dongfang Xiu, he suddenly heard a roar approaching them.

"Looks like that person came." Dongfang Xiu muttered, Dongfang Xiu knew that Xui Jin had found her whereabouts.

"Thief brat, you better stay inside that barrier, if you leave then you will die." Dongfang Xiu warned Ye Chen to stay within the barrier he created.

"I'm not a thief boy, my name is Ye Chen." Ye Chen didn't like to be called that way by Goddess Dongfang Xiu.

"I don't care, you are a kid thief to me." Dongfang Xiu's tone turned cold again.

"Did I just make a mistake, why is this goddess turning cold to me?" Ye Chen said in his heart.

Ye Chen got goosebumps again when he heard the cold voice that Dongfang Xiu had, to be honest Ye Chen preferred Dongfang Xiu's voice before, it was better than the cold voice that Dongfang Xiu used today.

The roar became louder and closer, suddenly a profound ark appeared from behind the clouds, the profound ark that appeared from behind the clouds was 1/3 the size of the ark that Nangong Xiang had.

The profound ark began to descend and land on the expanse of ice that Dongfang Xiu had made.

On top of the ark stood a man wearing ancient clothes, at this time the man who was on the profound ark was looking at Nangong Xiang.

"Hahaha, I finally found you are also a beautiful goddess, quickly give the Heavenly Silver Flame back to me, otherwise don't blame me for doing something bad to you." Xui Jin immediately asked his Heavenly Silver Flame back to Dongfang Xiu.

"I will not give the Heavenly Silver Flame to you, from the start it was not yours, and you also do not deserve to have the Heavenly Silver Flame." Dongfang Xiu did not want to hand over the Heavenly Silver Flame to Xui Jin.

Xui Jin became furious when Dongfang Xiu refused to hand over the Heavenly Silver Flame to him.

"Do you know? I always get whatever I want, even if it has to steal the Heavenly Silver Flame from you." Xui Jin intended to seize the Heavenly Silver Flame from Dongfang Xiu's hands.

Xui Jin currently doesn't know that the Heavenly Silver Flame has fused with Ye Chen's body, all he knows is that the Heavenly Silver Flame is still in Dongfang Xiu's hands.

Xui Jin began to exert a tremendous amount of pressure, an extremely violent earthquake and terrifying phenomena began to hit around this place.

Behind Xui Jin's back began to form a bird wing made of Profound Flames.

The width of these wings was approximately 1 km, when Xui Jin flew his wings of fire. The trees, mountains and rocks in the forest were immediately swept away by Xui Jin's flutter of affection.

Nearly 1/8 of what was inside the Eternal Mist Forest was swept away by Xui Jin's fluttering wings.

If only Ye Chen was not currently in this barrier, then he would definitely be swept away by Xui Jin's fluttering wings.

"Beautiful goddess, are you ready for a second defeat?" Xui Jin is very confident that he can win back from Dongfang Xiu.

The current Dongfang Xiu looked very calm, not a single ripple could be seen in him.

Only a killing aura that was strong enough was directed towards Xui Jin.

Dongfang Xiu took out a very thin sword from her storage ring.

The thin racer that Dongfang Xiu just took was called the snow butterfly sword.

Even though this sword looked very thin, its sharpness was beyond doubt, it could cut through several mountains with just one slash.

Xui Jin didn't want to lose, he took out a two-handed sword from the storage room ring he had.

Xui Jin pointed the two-handed sword in his hand towards Dongfang Xiu.

"Let's continue the battle at that time." After saying this Xui Jin flew towards Dongfang Xiu.

Dongfang Xiu did the same, she flew towards Xui Jin.

The two of them used the weapons in their hands to attack each other.

"Bang. . ." the snow butterfly sword clashed with the sword that Xui Jin had,

the impact that had just happened swept away everything around this forest, the forest that was here now became a vast expanse of empty land.

Chapter 464 - Dongfang Xiu Sacrifice

All the plants and living things that were here evaporated into thin air.

Dongfang Xiu and Xui Jin continued to exchange several attacks, every time they exchanged attacks, this place became more and more destroyed.

The impact of the strength of the two of them was too terrifying, if anyone got close to the battle that Dongfang Xiu and Xui Jin were doing, it was certain that they would immediately disappear like the forest that was here before.

Ye Chen was fortunate enough to be inside this barrier, if he had not previously been inside the barrier set up by Dongfang Xiu, Then maybe Ye Chen will disappear like the forest that is here.

"Is this a battle between cultivators at the Divine Realm stage?" This was the first time Ye Chen had seen a battle being fought by cultivators at the Divine Realm stage.

"Hmmm, that Goddess Dongfang Xiu is so great, even though she has a cultivation much lower than her enemy, she can still keep up with her enemies" Chu Yuechan said to Ye Chen.

"Hei Yuechan, what level of cultivation do these two people have." Ye Chen asked Chu Yuechan about the level of cultivation that Dongfang Xiu and Xui Jin had.

"That woman is currently at the second stage of the Divine Preceptor Realm, while that man is in the seventh stage of the Divine Preceptor Realm." Chu Yuechan told Ye Chen the level of Dongfang Xiu and Xui Jin.

"Isn't the difference in level that Goddess Dongfang Xiu has so much when compared to the enemy she fights?" Ye Chen said to Chu Yuechan.

"From the start that woman has an excellent foundation, plus she has an inheritance of high rank making her able to compete with the enemies she faces." Chu Yuechan told Ye Chen why Dongfang Xiu was able to fight an enemy who had a power far above the strength possessed by Dongfang Xiu.

Ye Chen understood, it was not strange that Dongfang Xiu had a very good foundation, considering that Dongfang Xiu came from Sacred Heaven Star Realm, it was not strange that he had a very good foundation.

Sacred Heaven Star Realm was one of the strongest stars in God Realm, they couldn't possibly be stingy with Dongfang Xiu when it came to calm resources.

Certainly since childhood Dongfang Xiu had obtained a lot of the best medicine in God Realm, so she had an excellent foundation.

"Boomm. ., Bang. . ., Boomm. ., Bang. . ., Boomm. ., Bang. . .," In the sky Dongfang Xiu and Xui Jin still exchanged a few strikes.

The longer the two of them fought, Dongfang Xiu seemed to be experiencing pressure from Xui Jin.

It seemed like Dongfang Xiu was getting tired from fighting an enemy that was much stronger than herself.

"How interesting, you've become stronger now since we last fought." Xui Jin had to admit that Dongfang Xiu had gotten stronger since the last time they met.

Even he was currently having a little trouble defeating Dongfang Xiu.

Dongfang Xiu didn't respond to Xui Jin, she didn't seem willing to waste her words for Xui Jin.

"Let's finish this child play, I can't wait to get back the Heavenly Silver Flame." Xui Jin couldn't wait to get the Heavenly Silver Flame from Dongfang Xiu's hand.

Xui Jin raised his two-handed sword to the sky, a flames began to envelop Xui Jin's two-handed sword, these flames made a very large and very high pillar in the sky.

The length of this pillar of fire is at least 10 Km, if you look closely, this is not a pillar of fire, but a very long and enormous fire sword.

"Great Fire Sword" Xui Jin slashed this great sword down, a very long and large fire sword started to descend towards Dongfang Xiu and Ye Chen.

Dongfang Xiu couldn't stay still as she saw a terrifying force coming his way.

Dongfang Xiu started to close her eyes, when Dongfang Xiu closed the eyes she had, behind Dongfang Xiu's body suddenly appeared a snow butterfly with a very large size.

"immortal Blizzard", the snow butterfly that was behind Dongfang Xiu noble flapped the wings that he belonged to.

As the snow butterflies flapped their wings, a blizzard began to envelop the entire territory of the Dark Legacy Faction.

Everything in the Dark Legacy Faction's territory turned into ice, be it plants, monsters, Demi Humans or others, instantly turned into ice.

In this place, what could not be turned into Ice by the blizzard was only Xui Jin's large fire sword.

Xui Jin's large fire sword could no longer move downwards, the large fire sword was resisted by the Immortal blizzard created by Dongfang Xiu.

When the Great Fire sword scattered with the blizzard, it created a friction that caused the heavens and earth to shake violently.

"This is a crazy battle." Ye Chen who was below felt that the battle currently being fought by Dongfang Xiu and Xui Jin was simply insane.

"Yagggghhhhhhh" Xui Jin used all the strength he had to break through the blizzard created by Dongfang Xiu.

The Great Fire sword began to move down again towards Dongfang Xiu and Ye Chen who were below.

The current Dongfang Xiu was at the limit she had, he was no longer able to use any more force than this.

"It's useless, I'm still not this person's opponent." Dongfang Xiu felt that she was currently not an opponent for Xui Jin.

The Great Fire sword was getting closer to Dongfang Xiu and Ye Chen.

Seeing the Great Fire sword approaching, Dongfang Xiu used the huge butterfly behind her to deflect the large and long fire sword.

"Booom." The Great Fire sword Dongfang Xiu's huge butterfly, then hit the ground.

"Bommm. . ." "An enormous explosion occurred when the huge flaming sword hit the ground.

This huge explosion is equivalent to thousands of atomic bombs exploding simultaneously.

The territory of the Dark Legacy Faction that was previously covered in ice was now blown away by the huge explosion caused by the Great Fire sword .

All the monsters and Demi humans that were in the Dark legacy faction were now gone without the slightest trace.

The strength of a Divine Preceptor Realm is indeed terrifying, this kind of power is truly capable of destroying a large country and its contents.

"Cough. . . , cough. . . , "Ye Chen coughed so painfully, Ye Chen thought he had died after being hit by such a powerful attack.

Ye Chen felt that his body felt very heavy, when he opened his eyes, Ye Chen saw that Dongfang Xiu was currently on top of his body.

Dongfang Xiu hugged Ye Chen's body very tightly, there was a little blood seeping from Dongfang Xiu's mouth, it seemed that Dongfang Xiu was quite badly injured from receiving the attack just now.

Ye Chen started to remember what happened before, when the Great Fire sword was about to hit him, he did see that before that happened Dongfang Xiu was hugging him.

It seemed, Dongfang Xiu protected Ye Chen from the Great Fire sword attack.

Ye Chen didn't expect that Dongfang Xiu would sacrifice herself to protect himself like this.

Ye Chen immediately saw how Dongfang Xiu was in his arms.

"Hahaha, beautiful goddess, I told you that you are currently not a match for me." Xui Jin laughed at Dongfang Xiu's state in Ye Chen's arms.

Ye Chen looked at Xui Jin with an extremely hostile gaze

Chapter 465 - Forced To Flee From The Earth

"Hey-hey weak man why do you look at me with a look like that, do you want to die?" Xui Jin doesn't like the way Ye Chen looks at him.

"I really want to kill you" Ye Chen is currently eager to kill Xui Jin.

Unfortunately at this time Ye Chen was not an opponent for Xui Jin, if Ye Chen forced him to fight then Ye Chen would immediately lose before he could touch Xui Jin.

In addition, at this time Ye Chen could not back down, inevitably Ye Chen had to fight against Xui Jin.

"Hahaha, you who are so weak like that want to kill me? , you make me laugh." Xui Jin laughed at Ye Chen who wanted to kill himself.

For Xui Jin at this time Ye Chen was very weak, one finger belonging to Xui Jin could easily beat Ye Chen.

Dongfang Xiu who was in Ye Chen's arms started to wake up a little, Dongfang Xiu stretched out her hand towards the necklace on her neck.

When Dongfang Xiu's hand touched the necklace on her neck, the necklace on Dongfang Xiu's neck began to give off a dazzling light.

Xui Jin's gaze turned white when he saw this dazzling light.

This blissful light began to wrap around Ye Chen's body and Dongfang Xiu's body.

This bright light flew towards the sky, Ye Chen and Dongfang Xiu were carried flying away from the earth by this light.

"Damn, you want to run again, I won't let you escape that easily." Xui Jin wouldn't let Ye Chen and Dongfang Xiu escape that easily.

Whatever happens, Xui Jin must catch Dongfang Xiu.

Xui Jin pursued the direction where a bright light carried Ye Chen and Dongfang Xiu away.

Xui Jin used the profound ark he had to catch up with Ye Chen and Dongfang Xiu.

.
. .
.

Currently Ye Chen and Dongfang Xiu were in a profound ark that was extremely shiny.

The light that had previously enveloped him and Dongfang Xiu turned out to be a profound ark.

This profound ark flew at high speed leaving planet earth.

"Cough. . ., cough. . .," Dongfang Xiu who was in Ye Chen's arms spat out blood from her mouth.

Dongfang Xiu's internal organs were badly injured from receiving the fire sword strike from Xui Jin.

Seeing Dongfang Xiu's bad condition, Ye Chen immediately stretched out his hand towards Dongfang Xiu's chest.

Ye Chen started to give the profound energy he had to help the wounds Dongfang Xiu had suffered from getting worse.

Even though Ye Chen had given the profound energy he had to help ease the wounds that Dongfang Xiu was currently suffering from.

The condition of Dongfang Xiu seemed to be getting worse every time, Dongfang Xiu's injuries were too severe so that the usual way could not relieve the injuries suffered by Dongfang Xiu.

Ye Chen stopped giving the profound energy he had to Dongfang Xiu.

Ye Chen took out a set of gold needles from within the storage room of the leaving gate.

Ye Chen intended to do treatment for Dongfang Xiu right now

"Sorry but I have to do this." Ye Chen first apologized to Dongfang Xiu, after that Ye Chen laid Dongfang Xiu on the floor of the profound ark.

The floor in this profound ark is very clean and shiny, so it should be very clean to take a nap (Lol).

Ye Chen started to take off the white ancient dress that Dongfang Xiu was wearing.

After the white Ancient Dress wore by Dongfang Xiu was removed, Dongfang Xiu's half naked body was now visible to Ye Chen.

Ye Chen did not have time to admire Goddess Dongfang Xiu's beautiful body, currently Ye Chen was too focused on saving Dongfang Xiu whose condition was getting worse every second.

Ye Chen started doing treatment for Dongfang Xiu, Ye Chen used gold needles on several acupuncture points that were related to internal organs.

Ye Chen returned to using the profound energy he had to heal Dongfang Xiu's internal organs.

6 hours had passed, Ye Chen continued to provide treatment for Dongfang Xiu.

Ye Chen's profound energy was almost depleted because it was used too much to heal Dongfang Xiu's internal organs.

The wounds that Dongfang Xiu was suffering from are now getting better, fortunately Dongfang Xiu's situation is getting better so that the profound energy released by Ye Chen does not go to waste.

After Dongfang Xiu's condition had improved, Ye Chen stopped doing treatment for Dongfang Xiu.

"Sigh, it's finally over, I'm so tired." Ye Chen was relieved that Dongfang Xiu's situation had improved.

Even though Dongfang Xiu's condition was getting better, Dongfang Xiu was currently still unconscious, Dongfang Xiu was currently still unconscious.

Ye Chen decided to take Dongfang Xiu to the room that was in this profound ark.

When Ye Chen saw Dongfang Xiu who was half naked, Ye Chen was almost nosebleed, Ye Chen could see Dongfang Xiu's very perfect body.

Although this was not the first time Ye Chen had seen Dongfang Xiu's naked body, to Ye Chen this was still very amazing.

Who is the man who would stand to see one of the four beautiful Goddesses in God Realm naked like this.

Ye Chen was sure that there would be no man who could stand to see a beautiful goddess like Dongfang Xiu in this state.

Nangong Xiang was probably a woman of comparable beauty to Dongfang Xiu.

Unfortunately Ye Chen had never seen Nangong Xiang's naked body, Ye Chen's relationship was still just touching and kissing.

Dongfang Xiu's double peak was so perfect, Ye Chen unconsciously stretched out his hand and touched the softest thing in the entire universe.

The feeling of touching this object is so extraordinary, Ye Chen is very grateful to be able to touch this for the third time.

"Giggle, master, if you can't stand it, just bring the beautiful goddess in front of you to the bed." Chu Yuechan giggled at Ye Chen, Chu Yuechan suggested Ye Chen to take Dongfang Xiu to go to bed.

Hearing Chu Yuechan's voice, Ye Chen finally regained consciousness, he immediately pulled back his hand from Dongfang Xiu's soft peak.

"Ehem, Yuechan, I owe my life to this beautiful goddess, so I can't possibly do something like that to the woman who helped me." Ye Chen coughed lightly at Chu Yuechan.

"Hemm. ., you still don't learn from your past mistakes, if this woman wakes up again, maybe she will take your life." Chu Yuechan said sarcastically to Ye Chen.

"That won't happen, I really believe that this beautiful goddess won't do anything bad to me." Ye Chen firmly believed that Dongfang Xiu wouldn't do bad things to him.

"It's up to you." Chu Yuechan didn't seem to care anymore about Ye Chen.

Ye Chen carried Dongfang Xiu towards one of the rooms in this profound ark.

When Ye Chen entered one of the rooms in this profound ark, Ye Chen was quite surprised.

The room inside this ark was extremely luxurious, it was even more luxurious than Nangong Xiang's profound ark.

Ye Chen put Dongfang Xiu on the soft bed in this room.

After putting Dongfang Xiu on the bed, Ye Chen took Dongfang Xiu's veil which was currently covered in blood.

Dongfang Xiu's real face at the moment was right in front of Ye Chen.

Dongfang Xiu was very beautiful, Ye Chen couldn't help observing Dongfang Xiu's beautiful face.

Chapter 466 - Mysterious Star

"Master, the man who previously started approaching us." When Ye Chen was observing Dongfang Xiu's beautiful face, suddenly Chu Yuechan told Ye Chen that Xui Jin was currently catching up with this profound ark.

"What!!" Ye Chen didn't expect that Xui Jin could catch up with Dongfang Xiu's profound ark.

Even though Dongfang Xiu's Profound Ark looked quite splendid, so it should have had a very fast flying speed.

"I feel that this profound ark is getting slower and slower." Chu Yuechan told Ye Chen that this profound ark was getting slower and slower.

If the Profound Ark continued to move at this rate, sooner or later Xui Jin could catch up with the Profound Ark that Dongfang Xiu had.

"Is it possible that this Ark ran out of energy?" Ye Chen began to suspect that this profound ark was ran out of energy..

To move a profound ark needed a source of pure energy, this pure energy source can be found in various profound crystals in this world.

So apart from being used to increase cultivation, Profound Crystals could also be used to operate a profound ark.

Apart from profound crystals, there are also several objects that can be used to replace them, as long as pure energy is stored inside it, it can be used to move a profound ark.

The faster and bigger the deep ark, the more energy consumption will be.

"That might happen, you better see it right now" Chu Yuechan told Ye Chen to see if it was true that this profound ark ran out of energy.

Ye Chen understood, he immediately left this room, Ye Chen headed to the place where the room to control this profound ark was.

Ye Chen could easily find the room where to control this profound ark.

"Looks like this is the place." Ye Chen looked around to find where to fill the energy belonging to this profound ark.

Ye Chen found a place where there was a Purple Profound Crystal, this was definitely a Purple Profound Crystal.

Crystal there are several kinds, each type has a different color and energy purity.

Here are the Profound Crystal levels: Green Profound Crystal, Blue Profound Crystal, Yellow Profound Crystal, Purple Profound Crystal, Divine Red Crystal, and finally the Divine Rainbow Crystal which is the rarest profound Crystal in the entire world.

The lowest was the Green Crystal, while the highest was the Divine Rainbow Crystal.

"Why doesn't a profound ark this good use the Purple Profound Crystal." Ye Chen saw that a profound ark this good was only moved by using the pure energy contained within the Purple Profound Crystal.

"Well, maybe this is just to cut operational costs, even though the goddess who owns this profound ark is very rich, they won't want to use the Divine Rainbow Crystal to operate a profound ark, they might prefer to use the Divine Rainbow Crystal on their own." Chu Yuechan told Ye Chen that the Divine Rainbow Crystal is an extremely rare item.

The people of God Realm could not possibly use something that good to operate a profound ark, unless the profound ark itself required a Divine Rainbow Crystal to operate.

Usually such a profound ark was about the size of a star, so it took a lot of energy to run.

"I never thought that people from God Realm who were rich would be stingy like this." Ye Chen did not expect that people from God Realm would be stingy like this.

Ye Chen took out several Divine Rainbow Crystals. from the fairy gate storage room, after which he replaced the Purple Profound Crystal with the few Divine Rainbow Crystals he had.

Ye Chen has a lot of Divine Rainbow Crystals in his body, the Divine Rainbow Crystals that he got from the ancient heritage place are still so numerous that Ye Chen and his women have a hard time to finish off the Divine Rainbow Crystals that Ye Chen has.

"-_- " Chu Yuechan didn't know what to say in a situation like this, she didn't believe that Ye Chen would use several precious Divine Rainbow Crystals for something like this.

even though one Divine Rainbow Crystal seed was enough to move this profound ark for 1 whole month.

Who in the world would use that many Divine Rainbow Crystals just to operate a profound ark like this.

Maybe in this world Ye Chen was the only one who could do something like that.

After being replaced by several Divine Rainbow Crystals, this profound ark began to shake slightly and let out a rumble.

The profound ark started to get faster and more faster, the speed that the profound ark showed was now hundreds of times faster than before.

.
. .
. .
. .
. .

"Hahahaha, where are you going to run away? You won't be able to escape from me." Xui Jin laughed when he saw Dongfang Xiu's profound ark getting closer to the profound ark he had.

Soon Xui Jin would be able to catch up with Dongfang Xiu's profound ark.

In order to catch up with Dongfang Xiu's Profound Ark, Xui Jin used all the Purple Profound Crystals he had to speed up this Profound Ark.

If Xui Jin didn't do this, then the profound ark he possessed wouldn't be able to catch up with Dongfang Xiu's profound ark this fast.

Xui Jin had paid an exorbitant price to catch up with Dongfang Xiu's profound ark.

If he was unable to catch up with Dongfang Xiu's profound ark, then Xui Jin would incur an enormous loss.

As Xui Jin's profound ark got closer to Dongfang Xiu's profound ark, suddenly Dongfang Xiu's profound ark that was in front of him rumbled very loudly.

Dongfang Xiu's Profound Ark started to get even faster and more faster.

In just an instant, Dongfang Xiu's Profound Ark drew further distance from the Profound Ark that belonged to Xui Jin.

Dongfang Xiu's Profound ark began to get very far away for Xui Jin, Dongfang Xiu's profound ark became smaller and smaller and disappeared from Xui Jin's sight.

Xui Jin could only dumbfounded when he saw this, Dongfang's Profound Ark had left him far behind.

"Damn, what just happened." Xui Jin didn't understand what just happened.

.
. .
. .

"Looks like we've left that person far behind." Ye Chen was relieved to have left the person who was chasing him far behind.

"Of course, it would be weird if you couldn't leave that person behind after using such a large number of Divine Rainbow Crystals," Chu Yuechan said to Ye Chen.

"Where do you think is a suitable place to hide for a while?" Ye Chen asked Chu Yuechan for advice.

Ye Chen is still a little unfamiliar with the places in outer space.

"Just keep going forward, far ahead you will find a star that you can use to hide there for a while." Chu Yuechan advised Ye Chen to hide in a star far in front of them.

"Okay." Ye Chen understood, he was trying to control this profound ark towards the star that Chu Yuechan said.

In order to cover the tracks from Xui Jin, Ye Chen twirled slightly at the few stars he passed

After traveling for about 10 hours, finally Ye Chen arrived at the mysterious star that Chu Yuechan mentioned.

"Is this the star you said earlier?" Ye Chen asked Chu Yuechan.

Chapter 467 - Dongfang Xiu Woke Up

"Yes, this is the star I meant earlier" Chu Yuechan told Ye Chen that this was the star she was talking about.

"Are you sure this star can be inhabited, just look from here all parts of it are covered by snow" Ye Chen doubted that this star could be inhabited by himself and Dongfang Xiu.

From this profound ark, Ye Chen could see that the entire star was covered in snow and ice.

The size of this star is about 100x larger than Earth, so this star is really very large.

"You don't need to worry, you can hide in this star for a while." Chu Yuechan told Ye Chen not to worry, although this place was indeed covered in snow and ice, this place was very suitable for hiding.

the climate and temperature that existed here was no match for Xui Jin who had previously chased after Ye Chen and Dongfang Xiu.

The high mountains and ravines in this star can easily be used to hide from enemies.

"It's fine if this is the most suitable place in your opinion to hide from that person" Ye Chen started moving this profound ark towards the mysterious star in front of him.

Ye Chen finally entered the mysterious star covered in snow and ice.

The temperature in this star is very low, ordinary humans cannot possibly survive if they have to live in extreme temperatures like this.

Luckily, Ye Chen has already inherited the Sage God, so Ye Chen won't be affected by the cold temperature in this star.

Along the way, Ye Chen only saw a stretch of snow and ice that stretched far away before his eyes.

"Hey Yuechan, are we currently in the God Realm =?" Ye Chen asked if this star had entered the realm of God Realm.

"This star still hasn't entered the God Realm = the God Realm realm is still far ahead of us." Chu Yeuchan told Ye Chen that the God Realm realm was still far ahead of us.

"So God Realm is still far ahead of us?" Ye Chen didn't expect that God Realm would still be far ahead of us.

Ye Chen was looking for a very safe place to put this profound treasure so that Xui Jin wouldn't find him.

Finally, after finding the right place, Ye Chen finally felt relieved.

He hoped that after this Xui Jin would never find him again.

"Now everything is safe, it's time for me to see the situation of Dongfang Xiu." After making sure everything was under control, Ye Chen intended to see the situation of Dongfang Xiu.

Ye Chen left the profound ark control room, he went towards the room where Dongfang Xiu was.

When Ye Chen returned to the room where Dongfang Xiu was. Ye Chen saw that Dongfang Xiu was currently still unconscious.

"Looks like he's still not awake" Ye Chen said in his heart.

Dongfang Xiu still didn't wake up, he was currently sleeping very soundly.

Ye Chen approached Dongfang Xiu, Ye Chen wanted to see how Dongfang Xiu's current condition was.

After checking the situation of Dongfang Xiu, Ye Chen concluded that Dongfang Xiu had gotten even better, maybe in the next few hours Dongfang Xiu would wake up.

When Ye Chen saw Dongfang Xiu, Ye Chen found that Dongfang Xiu's clothes were still not very well worn, Ye Chen could see Dongfang Xiu's half naked body.

Seeing this, Ye Chen decided to tidy up Dongfang Xiu's clothes, if Dongfang Xiu woke up and found himself in this state, maybe he would try to kill Ye Chen again.

Ye Chen very deftly tidied Dongfang Xiu's clothes back to the way they were before.

After Ye Chen tidied up Dongfang Xiu's clothes, Ye Chen slept beside Dongfang Xiu's body.

This mattress was so comfortable, Ye Chen really felt that his thoughts became very relaxed when he lay on this bed.

"What should I do now, I can't go back to earth, if I force my way back to earth now then I will endanger Zhao Yanyan and the others." Ye Chen started to think how he could get out of this kind of situation.

"Sigh." Ye Chen sighed, it seems like it will be very difficult to get out of this kind of situation.

Unconsciously Ye Chen fell asleep on this comfortable bed, Ye Chen was really tired, he needed a little time to rest for a while.

Time passed, both Ye Chen and Dongfang Xiu slept very peacefully.

"Erm." Dongfang Xiu's lashes started to tremble, she looked like she had started to regain consciousness.

Ye Chen's guess was right that Dongfang Xiu was now conscious.

When Dongfang Xiu opened her eyes, she saw the handsome face Ye Chen had.

Dongfang Xiu was still a little confused by what was happening right now.

Dongfang Xiu still doesn't know what's going on here, why is Ye Chen currently sleeping beside herself.

When Dongfang Xiu felt her hand, she felt that she was holding something very large and warm.

Out of intense curiosity Dongfang Xiu began to look down.

When Dongfang Xiu looked down, she saw that right now her gentle hands were holding Big brother Ye Chen downstairs.

"Ahhh. . "Dongfang Xiu unconsciously shouted and squeezed Ye Chen's large object very hard.

Ye Chen, who is currently dreaming of beautiful things, suddenly felt that his younger brother who was under was squeezed very strongly.

"Arggg" Ye Chen groaned in pain, at this time Ye Chen was in tremendous pain.

Ye Chen tried to let go of Dongfang Xiu's hand that was on his younger brother.

After successfully letting go of Dongfang Xiu's hand, Ye Chen rolled on the bed while holding his object which was in a lot of pain.

" Are you okay ? "Seeing that Ye Chen looked so bad, Dongfang Xiu immediately asked Ye Chen.

Ye Chen was speechless, this pain made Ye Chen want to cry.

Seeing Ye Chen not answering herself, Dongfang Xiu became very worried.

Dongfang Xiu felt a little guilty, it seemed like what he did previously hurt Ye Chen a lot.

After about 15 minutes of enduring the pain, the pain finally started to subside.

Ye Chen started to look at Dongfang Xiu with a hostile gaze, this beautiful goddess really almost made him lose his source of life.

Dongfang Xiu turned her face to the side, at this time Dongfang Xiu didn't dare to look at Ye Chen anymore.

"Where are we now? ", Dongfang Xiu's tone turned very cold towards Ye Chen.

"How do I know, why don't you see it yourself" Ye Chen spoke indifferently to Dongfang Xiu.

Ye Chen was still angry with what Dongfang Xiu had previously done to his younger brother who was downstairs.

Dongfang Xiu with exquisite movements started to get off the bed, she went outside to see where they were right now.

After Dongfang Xiu left the room, only Ye Chen was left in this room.

"Damn, just watch out you Dongfang Xiu, I will definitely get back at this." Ye Chen vowed to repay what Dongfang Xiu did to him.

If something happened to his belongings below, then how could Zhao Yanyan and the other women Ye Chen be, they would definitely be sad for the rest of their lives.

Ye Chen could only pray that nothing would happen to his thing below.

Chapter 468 - Stuck With The Cold Goddess

After feeling better, Ye Chen decided to head outside.

Ye Chen wanted to see what Dongfang Xiu was doing

When Ye Chen came out, he saw Dongfang Xiu on the profound ark, Dongfang Xiu was currently looking at the vast expanse of snow and ice.

Ye Chen approached the direction where Dongfang Xiu was

"So do you know where we are right now? ", Ye Chen asked Dongfang Xiu where they are currently.

"If I'm not mistaken right now we are in a Snow Polar Star, it should be near the border with God Realm." Dongfang Xiu told Ye Chen that they were currently in a star called Snow Polar .

The current Dongfang Xiu was still the same as before, the tone of voice that Dongfang Xiu showed to Ye Chen was very cold.

The reason this star is called the Snow Polar because all parts of this star are covered by snow and ice that never melts.

"Heemmm, you look familiar with this star, have you ever come here? "Ye Chen saw that Dongfang Xiu was familiar with a star called the Snow Polar

"You're so right, I came here a long time ago, I never thought that I would come back to this place again." Dongfang Xiu felt a little nostalgic for the Snow Polar Star.

"Get down quickly." Dongfang Xiu told Ye Chen to get off this profound ark.

"I don't want, I'll just stay here, you just get off by yourself" Ye Chen refused to get off the profound ark, he wanted to be inside this profound ark, here is more comfortable than down there.

Dongfang Xiu got off from her profound ark, after Dongfang Xiu got off from the profound ark she owned.

The profound ark suddenly gave off a dazzling light, the profound ark began to disappear and turned back into the necklace that was currently on Dongfang Xiu's neck.

Ye Chen, who was on top of the profound ark, was immediately kicked out of the profound ark, resulting in Ye Chen falling into the snow below.

"Damn, this woman must have done it on purpose." Ye Chen felt that Dongfang Xiu was deliberately doing this to himself.

"You must be doing this on purpose, right?" Ye Chen looked very dissatisfied when he said this to Dongfang Xiu.

"Didn't I already tell you to get off the profound ark, you don't want to listen to me." Dongfang Xiu didn't seem to have a fault with Ye Chen.

Ye Chen "-_-"

"Just wait, one day I'll definitely reply to this" Ye Chen muttered in his heart.

Ye Chen would definitely repay what Beautiful Goddess Dongfang Xiu had done to him.

"Let's go." Dongfang Xiu invited Ye Chen to go find the safest hiding place in the snow polar star.

Dongfang Xiu knows where the safest place is in the Snow Polar Star.

Without waiting for an answer from Ye Chen Dongfang Xiu flew towards the south.

Ye Chen stood up from the snow, Inevitably Ye Chen had to follow Dongfang Xiu, Ye Chen currently still needed Dongfang Xiu to get out of this situation.

Ye Chen caught up with Dongfang Xiu, Ye Chen and Dongfang Xiu flew towards the south.

Ye Chen didn't know where Dongfang Xiu would take himself to.

"Where are we going? ", Ye Chen asked where Dongfang Xiu was going.

"Don't ask too many questions, just follow me." Dongfang Xiu told Ye Chen not to ask too many questions.

Ye Chen became more and more annoyed with Dongfang Xiu, this woman was really too indifferent and cold to himself.

Ye Chen felt quite confused about how Dongfang Xiu could have this temperament, sometimes Dongfang Xiu would be cold and sometimes Dongfang Xiu would turn into an arrogant young lady who had a temper that didn't make any sense at all.

This matter is still a mystery for Ye Chen.

On the way, either Ye Chen or Dongfang Xiu were silent, both of them were unwilling to say a word.

Until something strange happened to Dongfang Xiu, Dongfang Xiu suddenly lost her balance and fell down.

Dongfang Xiu fell on top of the vast expanse of snow, Ye Chen who saw this immediately went to see how Dongfang Xiu was doing.

"Are you okay?", Ye Chen asked the state of Dongfang Xiu.

"My head just feels a little dizzy." Dongfang Xiu answered Ye Chen, Dongfang Xiu currently felt that her head was very dizzy, it seemed like Dongfang Xiu was pushing herself too much.

Dongfang Xiu's state had not fully recovered, she was too careless to force herself to travel like this when her condition had not fully recovered.

"You're pushing yourself too much, we better find a place to rest." Ye Chen told Dongfang Xiu that she was pushing herself too much.

"I'm fine, let's continue our journey." Dongfang Xiu insisted on continuing this journey.

When Dongfang Xiu tried to stand up, she felt very weak, as a result Dongfang Xiu fell back into the snow.

Ye Chen shook his head, this goddess is too stubborn, even though her current condition is not good.

Dongfang Xiu tried to stay strong in front of Ye Chen, she didn't want to be seen as a weak woman in front of Ye Chen.

Ye Chen walked in front of Dongfang Xiu, he took Dongfang Xiu's body, Ye Chen carried Dongfang Xiu like carrying a princess.

"What are you doing, hurry up and put me down." With a cold voice, Dongfang Xiu told Ye Chen to put down herself.

"You just shut up and don't do anything troublesome for me." Ye Chen told Dongfang Xiu to obey himself.

Ye Chen took Dongfang Xiu to fly, Ye Chen intended to find a safe place for himself and Dongfang Xiu.

The current Dongfang Xiu was very obedient, she was huddled in Ye Chen's arms, for some reason she felt a very comfortable feeling when she was in Ye Chen's arms.

This was a very comfortable feeling for Dongfang Xiu, Dongfang Xiu began to remember the past when she was a little girl.

When Dongfang Xiu was a child she used to ask her mother for a hug, now that Dongfang Xiu is an adult she would never ask her mother for something like that.

Dongfang Xiu closed her eyes, she continued to enjoy this feeling.

Ye Chen is currently looking for a suitable place to live in for a while.

After traveling around for a long time, Ye Chen finally found a cave that he could live in for a while.

Ye Chen brought Dongfang Xiu into this cave, after entering the cave, Ye Chen saw that this cave was very clean, it was suitable to be used as a place to live for a while.

"Are you okay if we stay in this place for a while?" Ye Chen asked Dongfang Xiu who was in his arms.

Dongfang Xiu opened her eyes and started looking around, she saw that this cave was quite suitable to be used as a place to live for a while.

"It's up to you." Dongfang Xiu answered Ye Chen indifferently.

After being with Dongfang Xiu for a while, Ye Chen was getting used to Dongfang Xiu's coldness.

Ye Chen took out a bed from the fairy gate storage room.

After taking a bed from the fairy gate storage room, Ye Chen put Dongfang Xiu on the bed.

"You rest here, I'll go look around this place" Ye Chen told Dongfang Xiu to rest here.

Dongfang Xiu did not answer Ye Chen's words, she was currently closing her eyes and trying to recover.

Ye Chen was so helpless, how could he be stuck with a woman like this, if only Ye Chen didn't need Dongfang Xiu to get out of this kind of situation, Ye Chen would have left this woman a long time ago.

Chapter 469 - Goddess Of Life And Mercy

Ye Chen decided to go take a look around this place.

"Wait a minute" when Ye Chen wanted to go look around this place, Dongfang Xiu suddenly stopped himself.

"What is wrong?", Ye Chen asked Dongfang Xiu.

"Make sure not to use the Heavenly Silver Flame that you have anymore." Dongfang Xiu warned Ye Chen not to use the Heavenly Silver Flame, so that Xui Jin would not find the two of them.

"I already know that" without having to tell Dongfang Xiu, Ye Chen already knows this, he won't use the Heavenly Silver Flame carelessly anymore.

"It's good when you understand" Dongfang Xiu said to Ye Chen.

After saying this to Ye Chen, Dongfang Xiu closed her eyes again, she was currently starting to heal herself.

Ye Chen left Dongfang Xiu alone.

Ye Chen started to explore this cave, he went deeper and deeper into this cave.

Ye Chen moved as far away from Dongfang Xiu as possible. "Hey Yuechan, where is the whereabouts of the treasure you said earlier." Ye Chen immediately asked where the treasure that Chu Yuechan had previously said was located.

"The treasure is deep in the depths of this cave, you just keep going." Chu Yuechan told Ye Chen that deep in this cave there is a treasure that might increase Ye Chen's strength.

Ye Chen currently really needs strength, he now knows that he is currently very weak and requires a lot of resources to increase the strength he has.

Ye Chen purposely didn't tell Dongfang Xiu that there was a hidden treasure here, Ye Chen was still a little dissatisfied with the treatment that Dongfang Xiu had done to his belongings downstairs.

It would be better for Ye Chen to manipulate this treasure for himself.

Ye Chen went to the inside of this cave, it was unexpected that this cave was so deep, after walking for about 30 minutes Ye Chen still had not found the end of this cave.

"Hey Yuechan, is it still far? ", Ye Chen wants to know whether the place where the treasure is still far away or not.

"Be patient, you will arrive at that place soon." Chu Yuechan told Ye Chen to be more patient.

"Okay." Ye Chen understood, he continued to go deeper into this cave.

A few moments later Ye Chen arrived in front of a gate made of ice which was very thick and very sturdy.

This gate made of ice had several inscriptions that were quite strange, Ye Chen began to read the writing engraved inside this gate.

On this ice gate was engraved a word that reads "Even eternal light can lose its light if its core is destroyed, everything in this world can change over time, time will continue to change everything, no one can prevent that from happening".

What do these words mean? ",Ye Chen is confused by the words engraved on this Ice gate.

"Master, can you read this language? "Quite surprised Chu Yuechan asked Ye Chen.

"Of course I can read it, can't you read the engravings of this writing? "Asked Ye Chen to Chu Yuechan.

Chu Yuechan: "-_ -".

"This is an ancient language before the existence of Gods, I never thought that you could read an ancient language like this, where did you learn a language like this? ", Chu Yuechan asked Ye Chen where did he learn a language like this.

even Chu Yuechan herself did not understand this language.

"I don't know, these words just crossed my head" replied Ye Chen to Chu Yuechan.

"-_ -", Chu Yuechan didn't know what to say to Ye Chen anymore.

"I will try to open this gate." Ye Chen will try to open this gate.

When Ye Chen touched the Ice gate using the fingers he had.

The Ice Gate suddenly started to give off a blue light, after which the Gate started to rumble and began to open.

Chu Yuechan was quite surprised when he saw this, unexpectedly with just one touch that Ye Chen did, the Ice gate opened by itself.

After the ice gate opened, Ye Chen saw that inside this gate stood a statue of a very beautiful woman.

Even though it is only a statue, the beauty that this statue shows is extraordinary, this is the first time Ye Chen has seen a beauty that is beyond his imagination, even Chu Yuechan, who according to Ye Chen is the most beautiful, still loses when compared to a figure engraved in this statue.

"Wow, it's so beautiful, who is the woman who is engraved on this statue." Ye Chen was quite surprised by the beauty engraved on this statue.

"Master stop being surprised like that, it's just a statue, there's no need to be surprised just seeing a statue like this." Chu Yuechan looked displeased when Ye Chen praised the figure of beauty engraved on this statue.

For the first time, Chu Yuechan felt that she was so inferior to the figure engraved on this statue, this made Chu Yuechan feel very annoyed.

Chu Yuechan did not think that she would lose to a statue.

"So why, I'm only talking that the woman who is engraved in this statue is very beautiful." Even though it is only a statue, the beauty that is engraved on this statue is very-very beautiful.

If a statue alone could be this beautiful then what about the real figure, wouldn't she be a goddess of beauty that is peerless.

"Hemp." Chu Yuechan snorted coldly at Ye Chen.

Ye Chen ignored Chu Yuechan who looked annoyed, he went closer to the goddess statue that was standing in front of him.

When Ye Chen got closer, he saw an inscription that wasn't much different from the one engraved on the Ice gate.

Written here: the goddess of life and mercy, Shen Niang.

"So this beautiful woman's name is Shen Niang." Now Ye Chen knows the name of the woman engraved on this statue.

"What?, Shen Niang ?, master are you sure?" Chu Yuechan was shocked again when Ye Chen said that this woman was Shen Niang.

"Indeed it is written like that here," replied Ye Chen to Chu Yuechan.

"Do you know anything about this woman's name? ", Asked Ye Chen to Chu Yuechan.

"Master how can you not know Shen Niang's name, she is one of the true gods just like the Sage God" Chu Yuechan explained to Ye Chen.

"Oh yeah, I just remembered that Shen Niang is one of the true Gods who has the nickname the Goddess of Life and Mercy" Ye Chen just remembered this.

"Why is your reaction only like this, in front of you is the figure of the most beautiful legendary woman ever recorded in the God Realm," Chu Yuechan said to Ye Chen.

Chu Yuechan now understood why she could lose to the figure in this statue, it turned out that this woman statue was the first beauty ever to exist in God Realm.

"Didn't you just tell yourself that this is just a statue, so there's no need to be surprised like that when you see something like this." Ye Chen returned the words Chu Yuechan previously used to himself.

"-_- " Chu Yuechan was speechless, it was unexpected that Ye Chen would say the words she previously used.

Chapter 470 - Void Abyss

Ye Chen continued to observe the goddess Shen Niang statue, Ye Chen did not find anything special about the statue of the Goddess of Life and Mercy ,Sheng Niang.

"There is nothing special about this statue" Ye Chen felt that there was nothing special about the statue of the goddess Shen Niang.

This made Ye Chen a little disappointed, because there was nothing special about this statue. Ye Chen decided to move forward.

When Ye Chen stepped forward, he found a small pool that contained an extremely pure energy

Such pure energy had never been seen by Ye Chen.

Ye Che approached the pool, Ye Chen saw that this pool was very shallow, when he tried to touch the water in this pool.

When Ye Chen touched the water in this pool, he felt that an extremely pure energy had rushed into his body.

This pure energy was too much for Ye Chen to absorb right now, the result was a lot of pure energy leaking out of Ye Chen's body.

"Master stop, this water has too much energy for you, if you force it to absorb it, then the pure energy will be Wasted". Chu Yuechan warned Ye Chen that the pure energy contained in this water was too heavy for Ye Chen to absorb at this time.

"Then how do I absorb this pure energy?" Ye Chen asked Chu Yuechan how to absorb the pure energy in this pool.

"Unfortunately there is no technique as powerful as that which can allow you to fully absorb the pure energy in this pool of water, unless you have a cultivation comparable to Dongfang Xiu, you will not be able to fully absorb the pure energy contained in this water." Chu Yuechan explained. if Ye Chen's cultivation was the reason he couldn't absorb the energy contained in this pool.

If Ye Chen insisted on absorbing this very pure energy, then a lot of very pure energy would be wasted.

"Damn, again because I'm weak." Again, the strength factor made Ye Chen unable to absorb the pure energy contained in this pool of water.

The level of a cultivator is one of the determinants of their capacity to absorb pure energy, the higher the level of cultivation they have, the more pure energy capacity they can absorb.

This is why Ye Chen can only absorb a little of the pure energy contained in this water, the rest is wasted because Ye Chen's capacity is lacking.

"So what are you going to do now, are you going to keep this thing to yourself in the future or are you going to give this thing to Dongfang Xiu? ", Chu Yuechan asked Ye Chen.

"Why do I have to give something valuable like that to that woman, I better save this for future use." It would be better if Ye Chen kept this for himself in the future.

Ye Chen felt a little disappointed because he couldn't take advantage of a treasure in front of him.

"Don't be too disappointed like that, up ahead there is still a treasure more valuable than this pool." Chu Yuechan tried to comfort Ye Chen.

"You're right, let's just continue on our journey." Since Ye Chen couldn't take advantage of this pool of water for now, Ye Chen decided to continue the journey.

Ye Chen went to the inside of this cave, when Ye Chen continued to explore the inside of this cave, he felt a very familiar feeling calling out to him.

This feeling was the same as when Ye Chen was in the Frozen Ice Sect, he currently felt something like this when he discovered the existence of the Sage God's Water Crystal.

"Could it be that there is a Sage God crystal in front?" Ye Chen muttered in his heart, Ye Chen became a little excited when he knew this.

Just a few tens of meters in front of him, Ye Chen saw an extremely dense darkness, this darkness seemed to have no end.

Seeing this strange thing in front of him, Ye Chen immediately stopped.

"What's that in front? ", Ye Chen asked Chu Yuechan about the weirdness that was right in front of him.

"This, this, isn't this the Void Abyss." Chu Yuechan was shocked again when she saw a Void Abyss in front of Ye Chen.

"Void Abyss? , isn't that only in myth? "In the past Ye Chen studied the Void Abyss.

Void Abyss is a Null dimension where every object or anything that enters it will be immediately transformed into nothing.

"Master, you are absolutely right, I never thought that I could see the Void Abyss in a place like this." Chu Yuechan herself saw the Void Abyss for the first time in her life.

The Void Abyss was something that cultivators in this world could rarely see and find.

Void Abyss is created when a dimension collapses, every thing and life in this world occupies a dimension, when the dimension that is occupied by objects and life collapses, there is a Void Abyss.

"How can we get past this Void Abyss? "Ye Chen asked Chu Yuechan, maybe Chu Yuechan knows how to get past the Void Abyss in front of them.

"The only way to get past the Void Abyss is to create a new dimension within the Void Abyss itself, but that is something that is absolutely impossible to do, the dimensional principle is something that is very difficult to learn, in the history of God Realm, The only person who can understand the principle of dimension is the Sage God. "Chu Yuechan explained the only way one could pass the Void Abyss.

"So the only way is to learn Dimensional principles." Ye Chen now understood that if he wanted to pass the Void Abyss, he had to be able to understand the dimensional principle.

"You are the heir of the Sage God, so in the future you should be able to use Dimensional principles" Chu Yuechan said to Ye Chen.

Ye Chen is the heir of the Sage God, so Ye Chen should be able to learn dimensional principles like Sage God.

"So if I want to pass through the Void Abyss then I have to inherit the Dimensional principles from Sage God." If Ye Chen wants to pass the Void Abyss then he has to get the inheritance of the dimensional principles left by the Sage God.

"Yes, that's very true, if you want to pass through the Void Abyss you have to get the inheritance of the dimensional principle from the Sage God, if you can get the dimensional principles, then you will be able to obtain the immense treasure that is behind this Void Abyss" Chu Yuechan tell Ye Chen what he will get behind this Void Abyss.

Ye Chen was quite tempted by the words of treasure that Chu Yuechan said, unfortunately at this time Ye Chen still had not obtained the inheritance of the Sage God Dimensional Principle, even Ye Chen did not know the existence of that inheritance.

After all, the legacy of the Sage God was scattered all over the world, so Ye Chen could only rely on the luck he had to find the legacy that the Sage God left behind.

"This trip was wasted, I didn't get anything from this place", Ye Chen felt that this trip was really a waste of time.

Ye Chen had traveled quite far, it was unexpected that Ye Chen didn't get anything from this place.

With a feeling of disappointment Ye Chen returned to the place where Dongfang Xiu was.

"Giggle." Chu Yuechan giggled at the sight of this kind of Ye Chen.
