

A True God 531

Chapter 531 - Solve Problems Very Easily

In an instant, Ye Chen, Zhao Yanyan, Lin Rouxi, Cheng Mengyan, Nanhua Caiyi and Feng Xue arrived at the top of the villa.

Everyone immediately got off right in front of the villa, after getting off the villa, Ye Chen lowered Feng Xue to the ground.

Feng Xue currently has a lot of questions for Ye Chen, she wants to know what just happened, why Ye Chen, Zhao Yanyan, Lin Rouxi, Cheng Mengyan and Nanhua Caiyi can fly like that.

"You must have a lot of questions right? ", Ye Chen said to Feng Xue.

Feng Xue immediately nodded at Ye Chen, Feng Xue does have a lot of questions for Ye Chen.

"Then let's go inside, I'll explain everything to you" Ye Chen would explain everything to Feng Xue, he would tell Feng Xue that he and all women were cultivators.

Feng Xue and the all women followed Ye Chen into the Villa.

After entering the Villa, Ye Chen started explaining everything to Feng Xue, Feng Xue was quite surprised to find out about this, it was unexpected that Ye Chen was a very strong cultivator.

Feng Xue certainly knows a little about cultivators, cultivators that Feng Xue knows are people who are skilled at fighting and fighting, she doesn't know that cultivators can fly like Ye Chen.

It seemed that Feng Xue had very little knowledge of this matter.

"Yanyan, can you call your grandfather, I want to talk to him." Ye Chen asked Zhao Yanyan to call Zhao Jinshan.

Zhao Yanyan understood, she immediately called her grandfather's number and handed it to Ye Chen.

Call connected " Yanyan,what are you calling me? ", Zhao Jinshan immediately asked Zhao Yanyan to call himself.

" grandfather, I am Ye Chen" Ye Chen told Zhao Jinshan that this was him.

"Oh Ye Chen, it turns out to be you, what do you want to call me with Yanyan's cellphone? "Zhao Jinshan wants to know what need Ye Chen calls him.

"grandfather here i has a little problem, can you help me solve that problem? ",Ye Chen asked Zhao Jinshan if he could help himself solve the problem he was having.

"What kind of problem, explain to me first." Zhao Jinshan wanted to know what kind of problem Ye Chen had to need help from him.

Zhao Jinshan knew how good Ye Chen was, there was no way Ye Chen would ask himself for help with such a small problem.

Ye Chen started explaining to Zhao Jinshan about the problem he was having.

"Ye Chen, if it's your problem you can ask your other grandfather-in-law for help, I'm sure he can help you very easily." Zhao Jinshan suggested to Ye Chen to just ask Su Wansen for help.

It wasn't that Zhao Jinshan didn't want to help Ye Chen, the problem was that Zhao Jinshan's current authority wasn't too strong, because of this Zhao Jinshan suggested Ye Chen to ask Su Wansen for help.

Su Wansen's strength in the military world is so great, he will definitely very easily deal with Ye Chen's problems.

"Okay, thanks for the suggestion, then I'll ask Grandpa Wansen for help" because Zhao Jinshan already said that he couldn't help Ye Chen in this matter.

Ye Chen should just ask Su Wansen for help, as the highest general in this country, this problem would be very small for Su Wansen.

"Mengxin, please come here." Ye Chen immediately called Su Mengxin here.

It so happened that at this time Su Mengxin was in the backyard with Mu Lanyin and Qing Cheng, Su Mengxin, who heard Ye Chen's call, immediately went to see Ye Chen.

" husband? ,What's wrong ", Su Mengxin immediately asked what Ye Chen had to call her.

Feng Xue was surprised when she saw a glamorous and beautiful woman like Su Mengxin in this place, Feng Xue of course knew about Su Mengxin , Su Mengxin was the first beauty in the capital.

Feng Xue did not expect that Su Mengxin who was the first beauty in the capital would become Ye Chen's woman.

Feng Xue started to wonder how many women Ye Chen had, why were all the women Ye Chen had so beautiful.

This made Feng Xue feel a little bit inferior to Ye Chen's woman.

"Mengxin, can you call your grandfather, I have something I want to talk to him about," Ye Chen told what he wanted to Su Mengxin.

"Wait a minute, let me take my cell phone." Su Mengxin didn't ask Ye Chen many questions, she immediately took her cellphone in her room.

Su Mengxin couldn't use the phone that was in this house, if she used the phone in this house, Su Wansen would most likely not receive calls from her.

Because of this, Su Mengxin needed her cellphone to call her grandfather.

Ye Chen hoped that Su Wansen could help himself, if Su Wansen couldn't help himself either, then Ye Chen would step in himself and start threatening the news stations to pull the news about him and Feng Xue's scandal.

Su Mengxin returned very quickly with her cellphone, it just so happened that she had already called Su Wansen.

"Grandpa, Ye Chen wants to talk to you, here he is." Su Mengxin immediately handed over her cellphone to Ye Chen.

"Hello grandfather," Ye Chen greeted Su Wansen.

"Ye Chen, why do you want to talk to me, is there something you want to say to me?" Asked Su Wansen to Ye Chen.

"Yes, that's right." Ye Chen immediately told what he wanted with Su Wansen.

"I see, it's quite easy, I will immediately erase all the news about it, but I have a request for you." Su Wansen was indeed able to easily erase the news about Ye Chen and Feng Xue's scandal.

The problem is that Su Wansen doesn't do that for nothing.

"What is that request?" Ye Chen asked Su Wansen.

"Tomorrow you come here together with Mengxin" Su Wansen's request was very simple, he only wanted Ye Chen and Su Mengxin to go to the capital to meet him.

"Okay, I agree with that, tomorrow I and Mengxin will go there." Ye Chen very quickly agreed to the request that came from Su Wansen.

"Hahaha that's great, tomorrow I'll be waiting for you" Su Wansen looked very happy when he found out that Ye Chen agreed with his request.

"I will immediately order my soldier to delete the news, you don't need to worry" Su Wansen had promised Ye Chen, he will delete the news about Ye Chen and Feng Xue were extremely fast.

"Thank you very much." Ye Chen thanked Su Wansen.

After thanking Ye Chen hung up with Su Wansen.

"How?", Zhao Yanyan asked Ye Chen.

"Everything has been resolved, soon all the news about Feng Xue will disappear." Ye Chen told all the women who were here that the news about Feng Xue would soon disappear.

"That's very good, now no one will dare to bother Feng Xue anymore." Zhao Yanyan looked happy when she heard this, this way nothing else would bother Feng Xue.

"Mengxin, tomorrow we will go to the capital to meet your grandfather, he wants us both to go there." Ye Chen told Su Mengxin that tomorrow they both have to go to the capital.

"Okay, I haven't seen grandfather in a long time either." Su Mengxin had no problem returning to the capital, after all, she hadn't seen her grandfather in a long time.

Chapter 532 - Special Military Headquarters

all the news about Ye Chen and Feng Xue disappeared from this world, the military power was really strong, they very quickly erased all the news in the media.

They did it so cleanly, hardly a trace was left.

Ye Chen was very happy to know this, the matter was resolved very easily, now no one else dared to make bad news about Feng Xue.

If anyone dared to make bad news about Feng Xue and Ye Chen, then these people's accounts would be frozen for a while.

this can prevent irresponsible people from making the problem even more difficult.

Since the problem was over Ye Chen decided to return to cultivation within the fairy gate, he wanted to become even stronger as soon as possible.

Feng Xue is currently with Zhao Yanyan, it looks like Zhao Yanyan is very happy when Feng Xue is in this villa.

when Zhao Yanyan was happy that Ye Chen was also happy to see her.

Zhao Yanyan invited Feng Xue to sing a few songs together, it was quite rare for Zhao Yanyan to be able to sing with the idol she liked.

Feng Xue quite liked singing with Zhao Yanyan, not only was Zhao Yanyan's musical instrument good, Zhao Yanyan's voice was also quite melodious.

Zhao Yanyan almost has everything to become a star, she is beautiful, smart, has a good voice, can play musical instruments very well and there are still many advantages that Zhao Yanyan has.

With all that Zhao Yanyan currently had, Feng Xue firmly believed that Zhao Yanyan could become a very big star in the entire world.

Unfortunately Zhao Yanyan didn't have any interest in such matters, she felt that her current life was pretty good, she was enjoying living together with Ye Chen and the other women in this villa.

At night, Su Yuya actually came to Ye Chen's villa, she was greeted quite warmly by all of Ye Chen's women.

Feng Xue was again shocked when she found out about this, it was unexpected that Su Yuya also became Ye Chen's woman, it seemed that Feng Xue had underestimated Ye Chen he really gathered all the beautiful women in this world.

.
. .

Meanwhile in a room that was quite nice, Yu Ting looked at her cellphone, Yu Ting looked very upset when she found out that the news of the scandal carried out by Ye Chen and Feng Xue had suddenly disappeared from the media around the world.

Even though Yu Ting had taken great pains to add fuel to this matter so that Feng Xue's fans would hunt down Ye Chen, unfortunately all the news that was written was lost somewhere.

"Damn, Ye Chen must have a strong person behind him, otherwise there is no way the news will disappear like this." Yu Ting was very sure that Ye Chen had someone strong enough behind him.

Yu Ting estimated that the person behind Ye Chen had no weak influence, if that person could get rid of news like this so easily, that person would certainly have very strong influence in this country.

"Looks like I have to find another way to deal with Ye Chen." Yu Ting looked very annoyed once again, she failed to get revenge on Ye Chen yet again.

"Miss, are you not asleep yet?" Suddenly a middle-aged man entered Yu Ting's room, this middle-aged man was only wearing an underwear when he entered Yu Ting's room.

Yu Ting looked at the middle-aged man who had just entered her room.

This middle-aged man was quite a wealthy businessman in this city, Yu Ting had just conquered this middle-aged man and made him her loyal servant.

With the charm that Yu Ting has, of course she can easily control people at will, any man who Yu Ting wants will not be able to run from her grasp.

"Come here and lick my feet." Yu Ting told a middle-aged man to come up to her and lick her legs.

This middle aged man could not go against the orders coming from Yu Ting, he went and knelt in front of Yu Ting, this middle aged man started to lick Yu Ting's legs.

Yu Ting smiled when she saw the man in front of her serving her like this "Ye Chen just wait, soon I'll definitely make you kneel under my feet" Yu Ting couldn't wait to make Ye Chen kneel under her feet.

.
. .
.

The days quickly changed.

When morning came, a helicopter suddenly descended in front of Ye Chen's villa gate.

This helicopter is a helicopter belonging to the army, last night Su Wansen again contacted Su Mengxin and told her that he had prepared a transportation for Ye Chen and Su Mengxin to go to the capital.

Su Mengxin originally rejected her grandfather's good intentions, however now that Ye Chen and Su Mengxin were cultivators, they could easily go to the capital by flying.

Unfortunately Su Wansen continued to force Su Mengxin, in the end, finally because of Su Wansen's insistence, Su Mengxin wanted to use the transportation provided by her grandfather.

Last night Su Mengxin already told this to Ye Chen, therefore Ye Chen Su Mengxin was waiting for the helicopter right in front of the villa gate entrance.

There was a female soldier who got out of the helicopter, Ye Chen still clearly remembered this woman, this woman was the woman who had picked up Su Mengxin when she was kidnapped.

If I'm not mistaken this woman is a member of the Dragon army.

"Greetings, Miss Mengxin, I was assigned by the general Su to pick up both of you. "This woman saluted Su Mengxin, she introduced herself that she was sent here by Su Wansen.

Su Mengxin just nodded at this woman, "please take us to Grandpa's place." Su Mengxin asked the female soldiers to take the two of them to where Su Wansen was.

"okey, please both of you get in." The female soldiers ordered Ye Chen and Su Mengxin to get into the helicopter.

Ye Chen and Su Mengxin immediately got into the helicopter, after the two of them entered, the helicopter immediately flew out of the Golden Eagle district and headed towards the capital city.

On the way to the capital, Ye Chen and Su Mengxin chatted very casually, while the female soldiers were silent and listened to the conversation that Ye Chen and Su Mengxin had.

In just a few hours this helicopter had passed the capital.

Ye Chen felt a little strange when they passed the capital, actually where Ye Chen and Su Mengxin were going by this helicopter.

"We just passed through the capital, right? ,Where are we actually going?" Asked Ye Chen to the female soldier in front of him.

The female soldier nodded at Ye Chen. "We are going to the special military base near the capital, General Su is currently there." This woman told Ye Chen that they were going to a special military base near the capital.

This base is a forbidden zone where no one can enter freely, people who want to enter this military base must have special permission, otherwise they will be labeled as the enemy who is breaking

It was for this reason that Su Wansen insisted on Su Mengxin and Ye Chen to use the transportation he had prepared.

A few moments later the helicopter arrived at the military base which was said by the female soldiers.

Chapter 533 - Long Shumin

Ye Chen looked down at the military headquarters below, below Ye Chen saw that this was an enormous military base with various kinds of sophisticated equipment inside.

This equipment serves to defend this military base from enemy attacks who try to enter the military base.

Here Ye Chen sees that there are several heavy defense equipment such as anti-aircraft weapons and anti-missile weapons, which are quite a lot, if someone tries to break in without a permit, then it is certain that they will be the target of this defense system.

The helicopter immediately descends to the bottom, after the helicopter has actually landed safely, the helicopter door begins to open.

Ye Chen and Su Mengxin immediately got out of the helicopter, when both of them got out of the helicopter, a man with a burly body immediately approached Ye Chen and Su Mengxin.

"General Su has been waiting for both of you inside, let's follow me." The male soldier told Ye Chen and Su Mengxin to follow himself to where Su Wansen was.

Ye Chen and Su Mengxin followed this male soldier towards the place where Su Wansen was.

The male soldiers immediately took Ye Chen and Su Mengxin to the building where Su Wansen was.

Su Wansen is currently in an anti-nuclear building in this military base, this building is very tightly guarded, penetrating this place will be quite difficult to do.

The male soldiers took Ye Chen and Su Mengxin to a special room, in this room Ye Chen saw that there were two people who were seen discussing something.

One is Su Wansen's grandfather and another is a beautiful woman who has a tall and very good body, this woman is at least almost the same height as Ye Chen.

Apart from being beautiful and tall, this woman is also a cultivator who is already in the Emperor Realm, this woman is already strong enough, with this kind of strength she should have a fairly high position in the military.

When Ye Chen and Su Mengxin entered this room, Su Wansen and the beautiful woman immediately looked at Ye Chen and Su Mengxin.

"Grandfather, hello." Su Mengxin immediately greeted Su Wansen who was currently discussing something together with a beautiful woman.

"Oh Mengxin, Ye Chen so you two have come." You two sit down first, I'm currently discussing something quite important, "Su Wansen told Ye Chen and Su Mengxin to sit on the chairs in this room.

Su Wansen himself is currently discussing something very important with the beautiful woman in front of him.

"So Long Shumin, continue your report earlier." Su Wansen wanted Long Shumin to continue the report they had previously talked about.

It turned out that this woman's name was Long Shumin, she was the leader of the Dragon Army which was rumored to be able to kill thousands of enemies by herself.

"General Su, there are people outside here, so. . . ." Long Shumin told Su Wansen that there were outsiders here.

"You don't need to worry, these two are not outsiders, one is my granddaughter and one is my son-in-law." Su Wansen told Long Shumin that Ye Chen and Su Mengxin were not outsiders.

"But. . .", Long Shumin looked a little hesitant to say this information, when Ye Chen and Su Mengxin were in this place.

"Just say it quickly." Su Wansen told Long Shumin to say the information she wanted to say.

"Alright." Long Shumin nodded, she started to tell Su Wansen about the information she had.

Ye Chen who was here could easily overhear the conversation Su Wansen and Long Shumin were having.

In this conversation Long Shumin told Su Wansen that if the people sent to reclaim the biological weapons of mass destruction failed, they all disappeared without a trace.

"So it failed again?" Su Wansen did not think that this mission would fail again, it seems the enemy is too strong that everyone who has been sent failed to reclaim the biological weapons of mass destruction.

"Then what about other countries, did they succeed in sending people to seize the weapons", asked Su Wansen to Long Shumin.

Long Shumin shook her head. "General Su, other countries also failed to seize the weapon, they also experienced the same thing as us." Long Shumin informed that other countries also failed to reclaim the weapons of mass destruction.

The biological weapon that Su Wansen meant was a weapon developed by some crazy professors, the weapon was sponsored by many rich people in this world, the purpose of making weapons of mass destruction was also unknown until now.

If this weapon is successfully launched, it is certain that this world will have the biggest battlefield in the history of this world.

That is why various countries try to seize this weapon or try to destroy this weapon of mass destruction.

Too bad the efforts made by all the countries did not bear fruit, the people who had been sent to seize the weapons, no one ever returned or sent word, all of them completely disappeared without a trace.

"General Su, do we need to send more people there?" Long Shumin asked if it was necessary to send more people there.

"Don't do it, we don't know what it is like there, if we continue to act like this then we will waste the best people we have." Su Wansen immediately rejected the idea Long Shumin had proposed.

Su Wansen did not want to be reckless and send people again to the place of such a strong enemy, it would be very risky if Su Wansen sent people to a strange and unknown place.

"Then what should we do?" Long Shumin wanted to know what to do in a situation like this.

Should they just let it go and see the biological weapons of mass destruction being used by bad people.

"It's quite difficult." Su Wansen felt that it was very difficult, he had to make a decision as quickly as possible, every second was very valuable in this kind of situation.

"Grandpa, do you need help?" Su Mengxin asked Su Wansen if she needed help or not.

Su Wansen and Long Shumin immediately looked at Su Mengxin with strange looks, this matter was a big enough problem how could Su Mengxin offer help in such a big problem.

"Miss Su, this matter is not something you can handle." Long Shumin told Su Mengxin that this matter was a serious problem that Su Mengxin could not solve.

"Are you underestimating me?" Su Mengxin looked displeased when she found out that Long Shumin was looking down on her.

"I don't mean to look down on you, I'm just talking about reality." Long Shumin didn't actually mean to look down on Su Mengxin, the problem was that this was something that not just anyone could help solve this.

"Humpp." Su Mengxin sniffed at Long Shumin.

"Grandpa you just tell me your problem, maybe Ye Chen and I can help you solve this problem." Su Mengxin asked again about the problem Su Wansen was having.

Su Wansen saw the confidence that Su Mengxin had, Su Mengxin looked very confident in being able to solve this problem, Maybe Su Mengxin could indeed help himself solve this problem.

Chapter 534 - A Test Challenge From Long Shumin

"It might be a little long if I have to explain, I hope you will listen to my explanation." Su Wansen told Ye Chen and Su Mengxin about the origin of this problem.

This problem stems from a few months ago, a few months ago the country's spies discovered an illegal study being carried out on a remote island far from the mainland.

On the island, a biological weapon experiment was found in the form of a very dangerous parasite.

These parasites can enter the human body and control the humans they enter.

Humans who are controlled by this parasite will no longer be able to do their will.

Parasitic biological weapons were also found to have extremely terrifying abilities, they were like living weapons and had a mind of their own.

Besides that they can also multiply very quickly, they can infect other humans and control them, it will be very dangerous if this parasite starts to invade humans in this world.

It is possible that all humans in this world will be controlled by this parasite, if that happens then there will definitely be a big war against these parasites.

Su Wansen himself couldn't imagine what would happen if they had to fight a human being possessed by parasites, it would definitely be the biggest battle that would happen in this world.

That's why before this parasitic weapon is released all over the world, all countries try to seize it and if it is not possible then they are forced to destroy this parasite.

This parasitic weapon is very frightening, if it is released then all humans on this earth will be replaced by this parasite, that's why Su Wansen and Long Shumin call this a weapon of mass destruction that can make humans on this earth disappear and be replaced by parasites.

Su Wansen himself still doesn't know the purpose of this weapon, why do people make parasitic weapons like this, whether the goal is to destroy mankind, rule the world or indeed to provoke a big war on this earth, it is still a mystery for Su Wansen.

"Have you understood my story just now?" Su Wansen asked Su Mengxin and Ye Chen.

Su Mengxin and Ye Chen nodded, they both understood what was going on, it turned out that Su Wansen was currently trying to seize or destroy the parasitic weapon that he had just said.

"Do you now understand why this problem can't be solved by someone like you", Long Shumin told Ye Chen and Su Mengxin that this problem was very difficult to solve, even Long Shumin herself had headaches when dealing with problems like this.

"You don't underestimate us like that, I really believe that my husband can help with Grandpa's problem, right?", Su Mengxin looked at Ye Chen.

Su Mengxin looked at Ye Chen for help with this matter.

Su Mengxin herself felt that the parasitic weapon her grandfather said was very dangerous, if it was released, Su Mengxin could be sure that a war between humans and parasites would definitely happen.

"That's right, I might be able to help you." Because Su Mengxin asked Ye Chen to help his grandfather, Ye Chen couldn't help but help Su Wansen solve this problem.

"Hemppp." Long Shumin sniffed at Ye Chen and Su Mengxin, she couldn't believe that a young man like Ye Chen could help with such a big problem.

"You are young and you don't know anything, you better go home with your wife and wait at home." Long Shumin told Ye Chen to take Su Mengxin home.

Su Mengxin didn't like it when people dared to underestimate Ye Chen like this, for some reason Su Mengxin wanted to come forward and teach Long Shumin a lesson.

Su Mengxin was now a highly trained cultivator, she certainly wouldn't be afraid when faced with Long Shumin.

Seeing that Su Mengxin wanted to come forward and teach Long Shumin a lesson, Ye Chen immediately stopped Su Mengxin from doing something so reckless.

"Mengxin calm down, don't be provoked by this woman's words" Ye Chen told Su Mengxin to calm down in the face of Long Shumin's words.

Ye Chen himself did not really care about Long Shumin's words, Long Shumin currently didn't know the strength that Ye Chen and Su Mengxin possessed, that's why she still thought that Ye Chen and Su Mengxin were only normal humans.

"Grandfather, I might be able to help you with that matter. You can tell me where the biological weapons are? ", Ye Chen asked about where the biological weapon is.

"That . . .", "Didn't you hear what I said just now, you two should go home, this is not something a child like you can solve", when Su Wansen wanted to answer Ye Chen's question, suddenly Long Shumin interrupted Su Wansen's words.

Long Shumin told Ye Chen and Su Mengxin to come back and not interfere in this matter.

"So what if I want to help in this matter, don't you believe in the abilities I have?" Ye Chen asked Long Shumin.

"I don't believe it", Long Shumin firmly told Ye Chen that she didn't believe Ye Chen had the ability to solve this problem.

Ye Chen smiled when he heard this, "then what can make you believe that I have the ability to solve this problem", said Ye Chen to Long Shumin.

"I will believe in you if I see for yourself the abilities you have. Do you dare to take a test from me?" Long Shumin asked Ye Chen.

Long Shumin felt it was pointless to talk to Ye Chen, it was better for her to let Ye Chen know through the strength she had.

"Hmmm interesting." Ye Chen stroked his chin when he heard Long Shumin's challenge.

"Why are you afraid to take my test?", Long Shumin said to Ye Chen.

Seeing Ye Chen who was hesitating, Long Shumin immediately cornered Ye Chen by belittling him.

"Who said I'm afraid, then I will take a test from you", seeing Long Shumin underestimate himself, Ye Chen immediately accepted Long Shumin's challenge.

"Good, that's just a man if you just retreated then I would have already thought of you as a coward." Long Shumin was happy to see Ye Chen accept her test.

Long Shumin couldn't wait to let Ye Chen know what kind of strength she had.

"Come with me to the practice room, I will tell you which test you are going to take" Long Shumin told Ye Chen to follow her.

Ye Chen immediately followed behind Long Shumin towards the Dragon Army's special training room.

After Ye Chen and Long Shumin left, now only Su Mengxin and Su Wansen were left here.

"Grandpa, let's go see them." Su Mengxin invited Su Wansen to see what kind of test Long Shumin would give Ye Chen.

"That's not necessary, we can see them from this place." Su Wansen told Su Mengxin that the two of them could see what Ye Chen was doing from this place.

In Su Wansen's room there is a screen that can monitor all the places in this military base, so from within this room alone Su Wansen can control everything very easily.

"Oh" Su Mengxin just found out that in her grandfather's office there is something like a screen that can monitor all the activities in this military headquarters.

Since Su Mengxin could see what was coming from this room, she didn't follow Ye Chen and Long Shumin into the practice room.

Chapter 535 - You Have Nice Curves

Ye Chen followed Long Shumin towards a fairly large training ground, in this training ground there were countless tools for training the body.

In this place there are also some people who are training their bodies, agility and instincts.

When Ye Chen and Long Shumin entered here, everyone in this place immediately looked at Long Shumin, everyone here looked very respectful and admired Long Shumin more than anything.

Long Shumin was the most powerful legend in the Dragon Army, naturally she would be highly respected by all the soldiers from the various divisions.

Long Shumin ignored the gazes from these people, she led Ye Chen towards an arena used for battle.

"You two go down, I want to use this arena to train." Long Shumin ordered the two people above the arena to go downstairs.

The two people who were training immediately stopped, the two of them very obediently descended from the arena.

"What is your name ? "Long Shumin asked Ye Chen's name, she didn't know Ye Chen's name yet.

"My name is Ye Chen, you are free to call me" Ye Chen told Long Shumin his name.

"A name that's not bad, my name is Long Shumin, you can also call me whatever you like." Long Shumin introduced herself to Ye Chen.

"Then I'll just call you Shumin." Ye Chen said to Long Shumin.

Long Shumin immediately turned to Ye Chen, Long Shumin did not expect that Ye Chen would call herself with such an intimate name.

"It's up to you, I will explain the rules of the test that I will give you." Long Shumin began explaining the test rules Long Shumin was going to give Ye Chen.

"Just say it, I hope it will be a little challenging." Ye Chen told Long Shumin to tell him what test she would give.

"You're very confident at all, I like the confidence that you have the" Long Shumin love with the confidence that is owned by Ye Chen, Long Shumin intended to break down Ye Chen's confidence .

"Ye Chen, I'll only give you one test. This test is very easy to do, all you need to do is land one hit on me in battle on the arena, if you can do it then I'll admit it." Long Shumin tell Ye Chen that this test will be finished if Ye Chen can attack her.

"Huh, just like that?" , Ye Chen didn't expect that the test Long Shumin gave would be so easy to carry out.

"Of course." Long Shumin nodded at Ye Chen, Long Shumin smiled slightly evil at Ye Chen.

Long Shumin intended to use the strength she had to teach Ye Chen a little lesson, Long Shumin couldn't wait to beat Ye Chen up the arena bag.

"Are you ready?" Long Shumin asked Ye Chen.

"Of course, I'm ready whenever you want", Ye Chen told Long Shumin that she was ready at any time.

"Then let's go up." Long Shumin invited Ye Chen to go up on the arena.

Ye Chen immediately went up to the arena, Ye Chen went to the other side of the arena, Long Shumin also went to the other side of this arena, the two of them faced each other face to face.

Right now the people who were previously practicing went straight to see the fight that Long Shumin and Ye Chen were doing, they wanted to see how Ye Chen's fate would be in Long Shumin's hands.

Will Ye Chen suffer defeat or the opposite.

"Let's start now", Long Shumin started this test, she told Ye Chen to start moving.

The strange thing happened, when Long Shumin had told Ye Chen to start this test, Ye Chen was still seen standing in his original place, he didn't seem to have any interest in fighting Long Shumin.

The people below were also confused by what Ye Chen was doing, why did he just stand there and not attack Long Shumin.

"Why are you just not moving, didn't I tell you earlier that the test has started?" Long Shumin immediately questioned Ye Chen who was only be quiet and didn't want to attack her.

"Now that I think about it, I don't like to attack women, how about we change the rules a little?" Ye Chen said to Long Shumin.

"You don't need to worry about that, I'm not a weak woman." Long Shumin was somehow insulted by Ye Chen's words.

Ye Chen really dared to think of herself as a weak and helpless woman, as the leader of the Dragon Army Long Shumin felt very humiliated.

Currently Long Shumin felt like she wanted to hit Ye Chen really hard.

"Still you are a woman, I feel like it is inappropriate to do such a thing" said Ye Chen to Long Shumin.

Long Shumin started to be furious with Ye Chen, for some reason this young man in front of her was so annoying.

"Then what do you want?" Long Shumin immediately asked what Ye Chen wanted.

Ye Chen smiled when he saw Long Shumin agree to his request.

"What if the rules are changed like this, if I can touch you 3 times then I win, how do you agree or not?", Ye Chen asked Long Shumin.

"Fine, I agree." Long Shumin very quickly agreed with Ye Chen's suggestion.

Long Shumin wanted to beat Ye Chen up quickly, so Long Shumin agreed very quickly.

"Good then let's just start." Ye Chen told Long Shumin to get ready.

Long Shumin had been ready a long time ago, she waited for Ye Chen to come towards her, after which she would immediately beat Ye Chen.

The crowd below cheered as the battle began as they started supporting their respective heroes.

In this place, of course, most people wielded Long Shumin, with Long Shumin's strength and experience on the battlefield so much, there was no way Long Shumin would lose to this unknown youth.

As people waited for the battle to start, something very strange happened, suddenly Ye Chen disappeared from before them, these people did not know where Ye Chen had gone, he was like lost in the earth.

Even Long Shumin didn't see where Ye Chen had gone at this time, when Long Shumin was busy looking for Ye Chen's whereabouts, Long Shumin suddenly felt that someone was holding her waist.

"You have nice curves." Ye Chen said behind Long Shumin.

Long Shumin was very surprised when she saw Ye Chen behind her, Long Shumin reflexively tried to attack Ye Chen who was behind her.

Ye Chen who was behind immediately avoided the attack that came from Long Shumin.

Seeing that Ye Chen could easily dodge the attacks launched by her, Long Shumin also fell backwards.

The audience cheered even more when they saw the extraordinary battle between Ye Chen and Long Shumin, the people below could barely see the movements Ye Chen and Long Shumin were making.

"I didn't think that you would hide your strength from me." Long Shumin did not expect that Ye Chen was a cultivator just like her, no wonder this man was not afraid at all when he faced her.

"Hehehehe, I never said I wasn't a cultivator." Ye Chen chuckled at Long Shumin.

Long Shumin was irritated by Ye Chen, since Ye Chen was a cultivator, Long Shumin wouldn't hold back anymore.

Long Shumin took the initiative to attack Ye Chen.

Chapter 536 - Knocked Long Shumin To The Floor

Meanwhile, in Su Wansen's office.

Su Mengxin and Su Wansen were currently looking at the tests that Ye Chen and Long Shumin were doing. The two of them looked very seriously at the battle that Ye Chen and Long Shumin were doing.

"That's great, Ye Chen is completely capable of matching Long Shumin." Su Wansen was quite surprised to see that Ye Chen was able to match Long Shumin in all sorts of ways.

Long Shumin was completely inconvenienced by Ye Chen, this was the first time Su Wansen had seen Long Shumin into this state.

"Fufufu, grandfather, Ye Chen is still not serious, if he is really serious, then that woman has lost a long time ago." Su Mengxin told Su Wansen that at this time Ye Chen was still not too serious.

If Ye Chen really seriously uses the strength he has, then it is certain that Ye Chen will win very easily over Long Shumin.

"Is it true ? "Su Wansen doesn't believe that Ye Chen will be that strong, it seems like the boy chosen by his granddaughter is quite strong.

Su Mengxin was very happy when talking about the strength that Ye Chen had to her grandfather, Su Mengxin was just like an ordinary woman, she liked to boast about the man she had.

Su Mengxin looked back at the surveillance monitor, she wanted to see what would happen next between Ye Chen and Long Shumin.

.
. .
.

Currently Ye Chen was avoiding the attacks Long Shumin kept on, Long Shumin looked very eager to attack Ye Chen.

"Shumin, you are so aggressive, do you actually want to test me or not? , here you can see who is the participant. "Ye Chen said to Long Shumin who was in front of him.

The position between Ye Chen and Long Shumin seemed to be reversed, Ye Chen was currently like an instructor who was training Long Shumin.

"I never said that I wouldn't attack you, so to make this challenge more difficult, I've decided to attack you." Long Shumin tried to save her face, she made a very sensible excuse to answer Ye Chen's words.

"I see," Ye Chen said to Long Shumin.

"Don't just stay quiet, come on fight me." Long Shumin told Ye Chen to fight himself.

"I don't need to fight you, all I need is to touch you two more times and I'll pass test this" Ye Chen smiled evilly at Long Shumin.

Right now all Ye Chen needed to do was touch Long Shumin twice and he would pass this test.

"I won't let you do that easily." Long Shumin told Ye Chen that she wouldn't let Ye Chen touch herself easily again.

"Really, then how about this" Suddenly Ye Chen appeared beside Long Shumin, Ye Chen poked Long Shumin's cheek.

Seeing that Ye Chen was already beside him, Long Shumin immediately stepped back, Long Shumin, who had just stepped back, grabbed her cheek that was just poked by Ye Chen's finger.

Long Shumin was again surprised by Ye Chen's speed, Long Shumin did not expect that Ye Chen would disappear and appear next to him.

"It's already two, so it's one more short, hahahaha." Ye Chen laughed at Long Shumin.

Ye Chen only needs one more step and he will pass this test, this is very easy for Ye Chen, Ye Chen feels that this is just a child's play.

"Damn, what kind of speed does this guy have, why can he move that fast." Long Shumin started cursing Ye Chen in her heart.

Long Shumin began to wonder how Ye Chen had obtained such a terrifying speed.

Long Shumin couldn't even see Ye Chen's movements, Ye Chen's movements were too fast, Long Shumin's eyes couldn't see them.

Long Shumin also still has one chance, if Ye Chen touches her once, then she will lose.

Long Shumin must not let this happen, she must not lose to Ye Chen.

From Long Shumin's body began to be enveloped by flashes of lightning that scattered everywhere.

The people who were near the arena immediately moved away, they tried to stay away so as not to be hit by the lightning coming out of Long Shumin's body.

"I admit that if you are strong enough, this time I will be serious against you." Long Shumin seemed to be putting all the strength she had.

Whatever happened, Long Shumin must not lose from Ye Chen, she had to make Ye Chen fail this test, otherwise Long Shumin would lose her face.

"Hoo, so you've decided to be serious, that's great, go ahead and show all the strength you have." Ye Chen told Long Shumin to come forward and show the strength she had.

Long Shumin felt challenged by Ye Chen's challenge, she started to take a square to attack Ye Chen.

"Bamm." As Long Shumin shot towards Ye Chen, the arena below cracked and shattered.

This crack started to expand and destroyed the arena that Ye Chen and Long Shumin were using to carry out this test.

Long Shumin's move was like lightning, she started attacking Ye Chen with a flurry of attacks.

Ye Chen started to dodge all the attacks launched by Long Shumin, Ye Chen looked very relaxed in dodging Long Shumin's attacks.

Long Shumin this time didn't seem to be holding back anything anymore, she started attacking Ye Chen with the full strength she had.

The practice room shook violently every time Long Shumin launched an attack on Ye Chen.

At this rate the training room would be destroyed by Long Shumin.

"Everyone hurry out of here and save yourselves." One of the majors ordered the people who were here to evacuate themselves immediately.

If they continued here, they could be crushed by the rubble of the concrete, which began to crumble little by little.

The current Long Shumin was unaware that what she was doing nearly shattered this practice room to concrete rubble.

Currently, Long Shumin's thoughts only wanted to hit Ye Chen, who was always dodging and dodging.

Long Shumin had forgotten everything around her, and now her fighting instincts pushed her to do this.

Ye Chen saw that Long Shumin seemed to have lost control a little, if she allowed Long Shumin to continue like this, then this training room could collapse and be destroyed by Long Shumin's blind attack.

Ye Chen went towards Long Shumin, Ye Chen opened the two hands he had and started to pounce at Long Shumin, Long Shumin was finally knocked down by Ye Chen to the floor.

Long Shumin wasn't prepared for Ye Chen's counterattack, the result was that Long Shumin was knocked to the floor by Ye Chen.

Long Shumin's body was crushed by Ye Chen, she felt that she couldn't move when she was locked by Ye Chen's hands and body.

Ye Chen and Long Shumin's current position looked very ambiguous, the current Ye Chen looked like he was knocking a helpless woman into the floor.

"What are you doing, hurry up and let me go," Long Shumin told Ye Chen to let go herself.

Long Shumin finally regained consciousness, she felt a little embarrassed when she saw the position she took with Ye Chen, Long Shumin looked like a weak woman who was being bullied by Ye Chen.

Chapter 537 - Golden Paradise Island

"I'll let you go if you want to admit that I passed this test." Ye Chen told Long Shumin that he would let go of Long Shumin if he wanted to admit that he passed this test.

Long Shumin gritted her teeth when she heard Ye Chen's condition, for some reason Long Shumin felt that she still didn't want to admit that Ye Chen was stronger than herself.

suddenly Long Shumin felt a huge hot, hard object poke through her lower abdomen.

Long Shumin was not an innocent woman, she naturally knew what kind of thing was poking her stomach at the moment.

"This guy has quite a bit of capital too." Long Shumin's face started to turn slightly red when she imagined Ye Chen's huge weapon.

Long Shumin felt a strange feeling when she felt Ye Chen's large object, Long Shumin wanted to get away from Ye Chen a little.

Too bad Long Shumin couldn't break away from Ye Chen, no matter how long Long Shumin tried, she was still unable to break away from Ye Chen's grip.

"Well I acknowledge your abilities, now hurry up and let me go" Long Shumin finally had no other choice but to acknowledge Ye Chen's abilities.

Ye Chen smiled when he heard this, now that he had Long Shumin's acknowledgment, so this woman would no longer protest against himself.

Ye Chen immediately let go of Long Shumin who was under him, Ye Chen got up and slightly moved away from Long Shumin's body.

The liberated Long Shumin started to stand up from the floor, Long Shumin looked at Ye Chen with an extremely complicated gaze.

Long Shumin started to be curious about where Ye Chen came from, why did he have this strong power, it seemed like Long Shumin would have to find out Ye Chen's identity in the secret state database.

"Let's go back to General Su's room." Long Shumin invited Ye Chen back to Su Wansen's room.

Ye Chen had passed the test he made, inevitably Long Shumin had to admit Ye Chen's abilities.

Ye Chen followed Long Shumin back towards the room where Su Wansen and Su Mengxin were.

A while later Ye Chen and Long Shumin returned to the place where Su Wansen and Su Mengxin were.

"How is the result?", When Ye Chen and Long Shumin entered, they were immediately greeted by a question from Su Mengxin.

Su Mengxin actually already knew the results of the battle test conducted by Ye Chen and Long Shumin, it's just that right now Su Mengxin was acting ignorant in front of Long Shumin.

"He does have quite a bit of ability." Long Shumin immediately answered Su Mengxin's question.

Long Shumin still refused to lose to Su Mengxin, which was why Long Shumin refused to acknowledge Ye Chen's abilities.

"Really, then why did you drop so easily by my husband?", Su Mengxin asked Long Shumin.

There was a hint of a wicked smile on Su Mengxin's face, she had really played with Long Shumin.

Su Mengxin was a smart woman, naturally she could easily play with Long Shumin.

Su Mengxin's words just now literally slapped Long Shumin's face, Long Shumin was speechless after hearing Su Mengxin's words.

"Damn, this couple is so annoying, why do I have to meet this annoying couple." Long Shumin felt very annoyed at Ye Chen and Su Mengxin.

These two people could easily fool Long Shumin.

"That's enough, Mengxin You don't need to continue with this." Su Wansen immediately stopped Su Mengxin from going any further.

Long Shumin was still a very important person in this country, Su Wansen still had to give Long Shumin face.

"Yes, grandfather." Su Mengxin was very obedient to her grandfather, she no longer teased Long Shumin.

Long Shumin was very relieved to find out that Su Wansen helped herself, Long Shumin was very grateful for the help provided by Su Wansen.

"So can I know where the parasite weapon is? ",Ye Chen started to shift the subject to the main issue they previously discussed.

Long Shumin: "The weapon is on an island called Golden Paradise Island, it is an island that is not listed on the world map".

Long Shumin: "The island is bound by an agreement signed by all the countries in this world and the great powers that control this world".

Long Shumin: "It means that in that place international law can not affect at all, every country in this world can not do anything to the people who are there"

Long Shumin: "The island is also inhabited by more than millions of people. most of them are very rich and influential people in this world. "

Long Shumin explained in detail where the parasitic weapon was now.

Ye Chen nodded after hearing the brief explanation Long Shumin gave.

"If there are no laws there, then what about the people who live on the island?" Ye Chen asked Long Shumin.

"Ye Chen, in that place there is no such thing as law, everyone is free to do whatever they want, even if they want to kill, carry out forbidden experiments, or set up a terrorist base, all things are allowed in that place", Su Wansen told Ye Chen that it was. is a very free place without any law.

"That means there is a gathering place for criminals around the world?" Ye Chen said to Long Shumin and Su Wansen.

Long Shumin and Su Wansen nodded to Ye Chen, Golden Paradise Island is a place where greedy humans gather, they are free to do whatever they want on the island.

"Besides that Golden Paradise Island is the most beautiful place in this world, all your dreams and everything you want ,you can find there." Long Shumin told Ye Chen that Golden Paradise Island is the most beautiful and best place in the world.

the place is similar in heaven made by humans.

"Does that include the resources for cultivation?" Ye Chen asked Long Shumin.

"Of course, you can search for all the resources to cultivate that you will never find in this world." Long Shumin answered Ye Chen's question.

Hearing this, Ye Chen was very, very interested, he currently needed resources to get stronger, therefore Ye Chen needed a lot of resources to cultivate.

In that place called Golden Paradise Island, Ye Chen would probably find the resources he had been looking for all this time.

This is not bad, apart from saving humanity, Ye Chen can also search for resources in that place, according to him, it is very, very profitable for Ye Chen.

"Fine, I'll go over there and destroy that parasitic weapon." Ye Chen wanted to go to the Golden Paradise Island that Su Wansen and Long Shumin said.

"You make decisions so quickly, are you sure you want to go to a place like that?" Long Shumin asked Ye Chen.

"Of course, I want to go to that place." Ye Chen wanted to go to Golden Paradise Island, he wanted to find as many resources as possible in that place.

"Well if you decide, I will immediately prepare a transportation for you." Long Shumin will prepare a special transportation to go to Golden Paradise Island.

"I also want to join." Su Mengxin wanted to come with Ye Chen to go to Golden Paradise Island.

Chapter 538 - Preparations To Go Golden Paradise Island

Su Mengxin wanted to come along, she wanted to help Ye Chen in this matter.

"Sorry Miss Su, but this mission is for one person only, so you can't go" Long Shumin told Su Mengxin that this mission was for one person only.

If Ye Chen brought more people then he would be suspected by the enemies there, that's why it would be better for Ye Chen to go there alone to infiltrate the enemy's place.

" But why ? "Su Mengxin asked Long Shumin why she wasn't allowed to come with Ye Chen.

"Mengxin this mission is very secretive, if you join it will only be troublesome for Ye Chen, your identity will be easily known, especially in the past the person who ordered you to kidnap you also came from Golden Paradise Island." Su Wansen told Su Mengxin not to come to Golden Paradise Island.

It was a very dangerous place, there would definitely be lots of people eyeing Su Mengxin, Su Wansen didn't want Ye Chen to be inconvenienced because of this.

"My grandfather is no longer a weak girl like before, now I am a cultivator, so I am very confident in my abilities." Su Mengxin tried to convince her snicker that she wanted to come along with Ye Chen.

"Mengxin, maybe you should just stay here, that place is just a place filled with evil and greedy people, so there's nothing fun you can do there." Ye Chen told Su Mengxin to just stay here.

Instead Ye Chen does not believe in the ability belong to Su Mengxin, this problem is on a mission to sneak into the enemy, with beauty Su Mengxin certainly, Su Mengxin will attract the attention of people in the Golden Paradise Island.

As Su Wansen said, there is a place where greedy people are, they will definitely do anything to attain Su Mengxin's Glamorous beauty.

Ye Chen didn't want that to happen, it was better for Su Mengxin to stay here with Su Wansen,

"Well, if you say that" Su Mengxin is a little disappointed with this, even though she hopes that she can help Ye Chen in this matter. .

"Ye Chen come with me, I'll give you a little information before you go to Golden Paradise Island" Long Shumin told Ye Chen to follow her.

Long Shumin intended to provide Ye Chen with the information needed for the Mission this time.

Ye Chen followed Long Shumin leaving this room, Su Mengxin could only see Ye Chen and Long Shumin's departure.

"Mengxin, don't be sad like that, I'm sure that Ye Chen can do it." Su Wansen started comforting Su Mengxin who looked sad.

"Grandpa is not the thing that makes me sad, I'm sad because I can't come with Ye Chen" Su Mengxin was n't worried about Ye Chen, she believed that Ye Chen would definitely return home safely.

What made Su Mengxin sad was that she couldn't come with Ye Chen, even though Su Mengxin wanted to fight by Ye Chen's side.

"Never mind, let's take Ye Chen off." Su Wansen asked Su Mengxin to escort Ye Chen away.

Su Mengxin followed her grandfather to the place where Ye Chen was leaving, she would deliver Ye Chen's departure.

.
. .

Ye Chen was currently being taken by Long Shumin to a very mysterious place, where there were stored a lot of files about the secrets that existed in this world.

Long Shumin began to search the archives on Golden Paradise Island, Long Shumin very quickly found the archives she needed.

"This you read and memorize carefully, this is a map of the Golden Paradise Island and the hidden locations that we know." Long Shumin gave Ye Chen the data archive about Golden Paradise Island.

Ye Chen received the Archives from Long Shumin's hands, he began to open the archives and study the contents inside.

"I'll go away for a while, you just memorize everything in that archive." Long Shumin will go and take care of the transportation that Ye Chen will use, she will also make Ye Chen an identity so she can enter the Golden Paradise Island.

Ye Chen nodded at Long Shumin, he started to study the contents in the archives in his hand.

Ye Chen very quickly memorized the contents in the archive Long Shumin gave him, he quickly memorized the map of the Golden Paradise Island.

Ye Chen looked at the photos of the buildings in Golden Paradise Island, it was unexpected that all the buildings there were made of pure gold and were very beautiful.

It seems that what Long Shumin said was right, there is the most beautiful place in this world, there is almost no city in this world that can compete with Golden Paradise Island.

"Click" after being away for a long time, Long Shumin finally returned to this room.

"Have you finished studying it? ", Long Shumin asked Ye Chen.

Ye Chen Nodding to Long Shumin, Ye Chen has studied everything in the archives that Long Shumin gave him.

"Oh, yes. Then where is the information about the enemy? ", Ye Chen asked Long Shumin.

"As for the information from the enemy who has this precision weapon, we are still not clear who the person behind all this is, so you should find out all that yourself." Long Shumin told Ye Chen that they still had no information about who was behind the creation of this parasitic weapon.

"So I have to find it myself on this large enough island?", Ye Chen said to Long Shumin.

"Of course, do you think being an intruder is easy, you have to find out everything by yourself" Long Shumin smiled at Ye Chen.

It seems that this will not be as easy as Ye Chen imagined, Ye Chen has to find out which enemy has this parasitic weapon, this job is quite difficult as well.

"Do you want to change your mind and run away?, It's still not too late to do that," Long Shumin said with a slight condescension to Ye Chen.

"Who wants to run away, I am not a cowardly man." Ye Chen is not a cowardly man, he will not run away just because of a small matter like this.

"Very good, then this is your identity and bank card that I have prepared, in this card there are more than 5 billion dollars, you can use it as you wish." Long Shumin handed over an identity and a bank card to Ye Chen.

The reason Long Shumin gave Ye Chen that kind of money was because everything on Golden Paradise Island was so expensive, that 5 billion dollars would not be enough to live there for 1 month on Golden Paradise Island.

Because of this only very rich and very influential people could stay and go to that place.

"If you are ready, come with me to the transportation I have prepared for you." Long Shumin invited Ye Chen to go to the transportation that he had prepared for Ye Chen.

Ye Chen understood that it was time to leave, he followed Long Shumin towards an airplane hangar.

Inside this hangar there is a private jet that can fly at an incredibly fast speed.

"This is a private jet for you, you are going to Golden Paradise Island by this private jet." Long Shumin told Ye Chen that he was going to Golden Paradise Island by way of this private jet.

Chapter 539 - Cao Zuque

Ye Chen looked at the private jet in front of him, according to Ye Chen this was not bad at all, he liked the transportation provided by Long Shumin.

"Not bad, you bothered to prepare something like this for me," said Ye Chen to Long Shumin.

"Don't be too overly concerned with yourself, I prepared this so that you don't get embarrassed when you get to that place, if you go on a regular plane you will be laughed at by the people there," Long Shumin said to Ye Chen.

On Golden Paradise Island, private jet planes are considered completely normal, rich people usually take the most luxurious cruise ship in the world to go to Golden Paradise Island.

Long Shumin didn't want Ye Chen to go to Golden Paradise Island by using a cruise ship, Ye Chen might end up on Golden Paradise Island for days.

Because of this, Long Shumin prepared a private jet for Ye Chen, Long Shumin wanted Ye Chen to arrive at Golden Paradise Island as soon as possible.

"I forgot one more thing to tell you, I've hired a guide for you there, this guide will take you around Golden Paradise Island" Long Shumin told Ye Chen if he had hired a guide for Ye Chen.

This would be a camouflage if Ye Chen was just a normal person who was going to Golden Paradise Island, so the enemy would not be suspicious of Ye Chen's movements.

"Okay, I understand, then I'll go first." All preparations have been completed, it's time for Ye Chen to go to Golden Paradise Island.

"Don't die in that place." Long Shumin said to Ye Chen, Long Shumin didn't want Ye Chen to suffer the same fate as the people she had previously sent, Long Shumin hoped that Ye Chen could complete this mission.

"Hehehe, if I could come back, would you invite me to dinner?", Ye Chen said to Long Shumin.

"It's fine, if your wife doesn't mind that," Long Shumin said to Ye Chen.

"You don't have to worry, Mengxin definitely won't mind that." Ye Chen smiled at Long Shumin, teasing this woman was quite fun.

Long Shumin smiled wryly when she heard this, "hurry up and don't waste time." Long Shumin told Ye Chen to get on the plane.

Ye Chen got into a private jet, he began to sit on the seat on this private jet.

After Ye Chen entered the private jet, this plane began to be removed from the aircraft hangar, the private jet was ready to fly.

"An attractive man." Long Shumin looked at the private jet used by Ye Chen, Long Shumin felt that Ye Chen was a slightly attractive man.

Long Shumin only hoped that Ye Chen could destroy that parasitic weapon, otherwise she would not know what the fate of this world would be like.

Private jets begin preparing to take off from the runways of the aircraft.

In the mirror of Ye Chen's private jet, he could see Su Mengxin who was near the jet liner, he saw Su Mengxin waving at him.

Ye Chen also waved at Su Mengxin, he smiled towards Su Mengxin who was far away.

The private jet that Ye Chen was in immediately began to take off leaving the runway.

The private jet that Ye Chen was using flew towards the Golden Paradise Island was located.

Su Mengxin could only see the departure of the jet plane that Ye Chen was in.

"Mengxin, Ye Chen is gone, let's go back home, I'm sure your parents will miss you." Su Wansen invited Su Mengxin to come home.

"Grandfather, you know how mom and dad act for, they are too busy to work, so they can't possibly miss me." Su herself Mengxin was n't too excited when talking about her mother and father.

In Su's family , everyone was busy, so they didn't have time for Su Mengxin.

In Su's family, Maybe only Su Wansen would occasionally accompany Su Mengxin at home, while Su Mengxin's father and mother never once accompanied Su Mengxin, they were too busy and busy to work.

This reason made Su Mengxin feel at home living in Ye Chen's villa, where Su Mengxin felt more alive with the sister who was always near her.

"Even though they rarely have time for you, they are still your father and mother, you better meet them occasionally." Su Wansen tried to persuade Su Mengxin to go see her mother and father.

Su Wansen knew how Su Mengxin's life had been. From a young age, Su Mengxin rarely got the attention of her father and mother, Su Mengxin's father and mother were too busy to have no time for Su Mengxin.

It was for this reason that Su Wansen let Su Mengxin live with Ye Chen, he didn't want his granddaughter to be alone at home constantly.

"Well, if grandfather insists, I will meet them" because Su Wansen persuaded her, Su Mengxin was willing to meet her father and mother.

"Good, then let's go home right now." Su Wansen invited Su Mengxin to return to the Su family mansion in the capital.

Su Mengxin nodded, she followed behind Su Wansen.

.

.

At this time, the private jet that Ye Chen was riding was heading towards Golden Paradise Island, it is estimated that arriving there will take about 10 hours more.

because Ye Chen still had quite a long time, Ye Chen could use the time he had to cultivate on this private jet.

Ye Chen started cross-legged and closed his eyes, he started to cultivate.

Time is ticking, in no time more than 10 hours have passed, now in outside getting dark .

Ye Chen felt very strange why he hadn't heard a sound on this jet plane before, he felt that he was on this jet alone.

Ye Chen used the spirit sense he had, to find out if there were people on this plane, after using spirit sense, Ye Chen realized that in this plane there was only himself, this jet plane was controlled by a special Ai program made by the military .

"It is fitting that it is very quiet here, it turns out that I have been here alone all this time." It turned out that in this plane there was only Ye Chen alone, no one else was on this plane.

Private jets began to approach a large island that was shining very brightly, seeing this island alone Ye Chen immediately knew that this island was Golden Paradise Island.

From up here Ye Chen could see a very amazing view of Golden Paradise Island, Golden Paradise Island looked so beautiful from up here, almost all Ye Chen saw was a golden glint that could spoil Ye Chen's eyes.

Private jets began to approach the island of Golden Paradise Island, these planes began to go down to the airport on Golden Paradise Island.

The plane landed safely and nothing bad happened, Ai controlling this private jet seemed more intelligent than Ye Chen imagined.

After landing safely Ye Chen immediately got off the plane, when Ye Chen got off, he was greeted by several people with very sophisticated uniforms, this uniform you might only encounter in films in theaters.

"Quickly take out the identity you have" one of the people wearing a sophisticated uniform asked Ye Chen's identity.

Ye Chen gave the identity card that Long Shumin had given to the person in front of him.

The person in front of Ye Chen took the identity card that was owned by Ye Chen.

This person used a special tool to scan Ye Chen's identity card.

A few moments later Ye Chen's identity was confirmed, after Ye Chen's identity was confirmed, the person in front of Ye Chen returned the identity card to Ye Chen.

"This is yours, you have access to this island." The person in the sophisticated uniform told Ye Chen that he was allowed to enter Golden Paradise Island.

"Thank you." Ye Chen smiled and accepted the identity card brought by the person in front of him.

"You take this person outside." One of the people was ordered to take Ye Chen out of this airport.

"okay" The person who was ordered to accept the assigned task, he started escorting Ye Chen out of this airport.

Ye Chen followed the person in sophisticated clothes in front of him, this person in sophisticated clothes escorted Ye Chen out of this airport.

"Enjoy your days on Golden Paradise Island." This person congratulated Ye Chen.

After congratulating Ye Chen, this person returned to his guard post.

Ye Chen was left alone in this very foreign place, Ye Chen didn't know where to start looking for clues about parasitic weapons on an island of this size.

"Are you Ye Chen?" When Ye Chen was confused about where he was right now, suddenly beside Ye Chen was a beautiful woman who had a pretty good appearance.

This woman is wearing a very beautiful gold colored dress, wherever this woman looks like a woman who comes from a very rich family.

"Yes, I am Ye Chen, what is the need for me?" Ye Chen immediately asked this beautiful woman's needs.

Ye Chen was a little wary of this beautiful woman who knew the name he had, there shouldn't be anyone who knew about Ye Chen name.

"Thankfully, my name is Cao Zuqe, I am the guide that has been hired for you." This woman introduced herself to Ye Chen.

This woman said that she was a guide assigned to guide Ye Chen while on this island.

Ye Chen remembers that Long Shumin said that if she had hired a driver for Ye Chen, maybe this beautiful woman was the driver that Long Shumin said.

Chapter 540 - Heaven Garden

"So you are a guide for me?" Asked Ye Chen to Cao Zuqe.

Cao Zuqe nodded at Ye Chen. "That is indeed my job" said Cao Zuqe to Ye Chen.

"Young Master Ye Chen, come with me, I will take you around this island" Cao Zuqe invited Ye Chen around this place.

Ye Chen nodded lightly at Cao Zuqe, he followed Cao Zuqe out of the airport area.

Cao Zuqe invited Ye Chen to go to a sports car that looked very luxurious, if this were in the normal world the price of this sports car would have been tens of millions of dollars.

"Let's get on my car." Cao Zuqe told Ye Chen to get on the car she had prepared.

Ye Chen nodded, he got into the car. Together with Cao Zuqe, Ye Chen and Cao Zuqe got into the car.

"Young Master Ye Chen, do you have a place you wanna go" Cao Zuqe asked if Ye Chen had a place to go.

"Then can you take me to the place where medicinal herbs are", first Ye Chen wanted to see the place where medicinal plants were, he wanted to see medicinal plants on this island.

"Of course, if that's what you want then I'll take you to the place where medicinal plants are." Cao Zuqe nodded to Ye Chen, she would take Ye Chen to the place where the medicinal plant sales center is on Golden Paradise Island.

Cao Zuqe immediately drove to the center of the medicinal plant sale on Golden Paradise Island.

On the way Ye Chen could see that the people here were not ordinary people, they were all quite great and strong cultivators.

When he arrived near the medicinal plant sales center in this city, Ye Chen started to look around him, Ye Chen saw that there were a lot of rare medicinal plants that were very difficult to obtain in this world.

Cao Zuqe also started explaining about the shops around here, Cao Zuqe explained in great detail, she was indeed worthy of being a guide.

"Then where is the biggest shop in this place." Ye Chen immediately asked about the biggest shop in Golden Paradise Island.

"The biggest shop is there, you see the tallest building, the people who are here usually call this place a heaven garden."

"There must be all the plants you are looking for there, but the problem is the price of the plants over there is a bit more expensive than the other shops around here." Cao Zuqe pointed at the large building in front of them, which is the biggest medicinal plant shop on Golden Paradise Island.

"No problem, let's go there and have a look." Ye Chen told Cao Zuqe that he wanted to take a look into the heaven garden.

"Okay, if you insist, I'll take you into the heaven garden" because Ye Chen asked to go to the heaven garden.

Cao Zuqe immediately drove her car towards the heaven garden building.

Cao Zuqe immediately parked her car right in front of the heaven garden building, they both immediately got out of the car.

When Ye Chen and Cao Zuqe got out of the car, both of them were greeted by several very, very friendly waiters, this waiters immediately took Cao Zuqe's car to the parking lot, they also immediately guided Ye Chen and Cao Zuqe into the heaven garden building.

When Ye Chen entered the heaven garden, he could feel a very rich aroma emitted by the medicinal plants around here, it was unexpected that the medicinal plants around here were so good.

All the plants here are very well cared for by the waiters of the heaven garden.

"Please choose the plants you are looking for, if you feel you don't know about the plants here, you can both immediately call me." The waiters said goodbye to withdraw from Ye Chen and Cao Zuqe.

Ye Chen immediately went to see what was in the heaven garden.

This is truly extraordinary, it is unexpected that there are so many medicinal plants here, Ye Chen can even search for medicinal plants that are very rare in this place.

Ye Chen began to look at the price of every rare medicinal plant he saw, the price on each plant was written from 1,000 to one that reached 30,000 Gold Coil, Ye Chen didn't really know what currency this called Gold Coil was.

"What currency is used in this place?" Ye Chen asked about the currency used in this place.

"The currency used in this place is called Gold Coil, 1 Gold Coil = 100,000 dollars, you can exchange your money at the exchange provided in this place", Cao Zuqe told Ye Chen that Ye Chen could exchange the money he had for Gold Coil.

"Huh? "Ye Chen was very surprised when he heard this, if 1 Gold Coil = 100,000 dollars then 5 billion dollars on Ye Chen's card = 50,000 Gold Coil.

Whereas the prices of goods here are quite expensive, money Ye Chen's can be said to be very little if used to buy medicinal plants in Golden Paradise Island.

Ye Chen thought that the 5 billion dollars Long Shumin gave him was quite a lot, not to think that it would only be a little to use on Golden Paradise Island.

"Damn it, if I had known earlier, I would have asked that woman more." Ye Chen grumbled in his heart.

If Ye Chen found out that the fees at this place were very expensive, he would ask Long Shumin for more money.

"Young Master, what's wrong? "Seeing Ye Chen being weird, Cao Zuqe immediately asked Ye Chen.

"No, nothing." Ye Chen told Cao Zuqe that nothing happened.

"By the way, where is the place to get quick money? "Ye Chen asked where is the fastest place to get money.

Since Ye Chen didn't have enough money to buy the medicinal herbs in this place, Ye Chen couldn't help but find a way to earn money.

"There are lots of quick ways to earn money in this place, but the easiest is by Stone gambling." Cao Zuqe told Ye Chen the fastest way to get Gold Coins.

"What kind of Stone gambling did you say earlier? "Asked Ye Chen to Cao Zuqe.

"Stone gambling I mean you choose a random stone, after that there will be an object called Coil, this coil is the material that is made to make Gold Coil, it all depends on the luck you have" Cao Zuqe explained briefly to Ye Chen about the stone gambling she previously suggested to Ye Chen.

"Hemm, is that so, then let's go there, I want to try it" Ye Chen asked Cao Zuqe to escort himself to the place where the stone gambling was said by Cao Zuqe.

"Okay, come with me" Cao Zuqe asked Ye Chen to follow her.

It so happened that the place Cao Zuqe said was not too far from the heaven garden building, so Ye Chen and Cao Zuqe could quickly arrive at the stone gambling place that Caop Zuqe said .

In this place there are multitudes of rich people who are trying to find their fortune in this stone gambling place, some come here to seek pleasure and waste their money, some hope that they can find a treasure in a pile of stones is in this place.
