

Chapter 571 - Find The Corpses Of People From God Realm

"The warrior guarding this tomb is not only strong, but also has quite a strong weapon." From a distance, Ye Chen could estimate the strength of the mysterious warrior guarding this tomb.

In addition, this warrior seems to have quite high intelligence, if Ye Chen insists on fighting this soldier then he will be quite inconvenient to fight this guard soldier.

"Looks like it will be a little difficult to get past this tomb guard soldier." Ye Chen felt that it would be difficult to get past the soldiers who were far ahead of him.

"So, what are you going to do now?" Chu Yuechan wants to know what Ye Chen will do next.

"I will try to use a method to get past this warrior." Ye Chen wanted to try a method, maybe this method could work to get past the warrior in front of him.

"Shadow Clone" Ye Chen made a Clone again, this time Ye Chen made a Clone that was much stronger than before, Ye Chen immediately ordered this Clone to pass through the tomb guard warrior.

Ye Chen's clone immediately rushed forward. This clone uses Nine Shadow Step to get past the tomb guard warrior.

When this Clone was about to pass by the tomb guard warrior, the tomb guard warrior immediately stabbed the Clone who intended to pass through him.

"Jlub" Ye Chen's clone was very easily stabbed by the spear of the tomb guard warrior.

Again, the movements of the tomb guard soldiers were very fast, the clone made by Ye Chen was unable to avoid the attacks from the tomb guard warrior.

Looks like Ye Chen's methods are useless, the Tomb Guard warrior is much stronger than he thought.

"Looks like I have to find a detour." Ye Chen decided to look for a detour, he couldn't go this way because he was guarded by a fairly strong warrior.

Ye Chen turned around, he looked for a crossroads that lay behind.

"Yuechan, will I still be able to get to the core of this tomb if I take a detour?" Ye Chen wants to know if he can reach the core of the tomb if he takes the detour route.

"Of course you can, but it will be much longer than this path." Chu Yuechan told Ye Chen that the detour would be much longer and take longer than the path chosen by Chu Yuechan.

"It doesn't matter, as long as you can reach the tomb safely, it doesn't matter if it takes a long time" in this case Ye Chen will not be in a hurry, he prefers to start slowly and carefully considering this place is very strange and full of dangers. .

Ye Chen knew that his life was far more valuable than the treasures stored in this place, no matter how strong the treasures in this place were, if Ye Chen died then he wouldn't be able to get what he wanted.

Ye Chen turned around and walked back to the intersection that he had previously passed.

"Master, you better be a little careful, the people from the previous God Realm passed this way." Chu Yuechan told Ye Chen that the people of God Realm had passed this route.

That meant that Ye Chen could meet people from the God Realm when he passed this road.

"Thank you for warning, I will be careful not to be caught by those people." Ye Chen will be careful not to find himself by the people from God Realm.

At this time Ye Chen still didn't know whether these people were good or bad, so he better be on guard if something untoward happened to him.

Ye Chen continued his journey, he immediately went to the front at full speed, Ye Chen returned to using the Clone to ensure that the path he was passing was safe from the traps in this place.

When Ye Chen walked for only a few minutes, Ye Chen found a corpse of a young man who just looked dead,

Ye Chen began to approach and confirm what was happening, when Ye Chen approached and confirmed what was happening, he found that the corpse's body was filled with deadly poison from various kinds of traps in this place.

It was obvious that this young man had been hit by enough traps that he died this way.

"The poison in this person's body is quite terrifying." Ye Chen can confirm that this poison is quite terrifying, even a cultivator who is already at the stage Divine Tribulation Realm could die if it got hit by this poison.

"Yuechan, what level do you think this guy was in when he was alive?" Ye Chen asked Chu Yuechan what rank this man had when he was alive.

"Maybe around the 4th or 5th stage of Divine Nascent Realm." Chu Yuechan told Ye Chen that this person was most likely at the 4th or 5th stage of Divine Nascent Realm.

"Is that how strong this person is", Ye Chen did not expect that the young man whose age was almost the same as Ye Chen had a cultivation base that was higher than him.

"Among the God Realm group of people, this person is probably the weakest." Chu Yuechan told Ye Chen that this person was the weakest among the people from God Realm.

"I see." Ye Chen nodded at Chu Yuechan.

Most likely this person was made a victim by his own group, in God Realm the weakest person would always be a tool for the stronger person.

That's why in God Realm strength is everything, if someone has strength they can rule at will, whereas if someone doesn't have strength then they will become a tool for a stronger person.

It could be said that God Realm adheres to a jungle system, where the strongest will survive.

Ye Chen started to move away from the corpse that was in front of him, he began to continue his journey to go to the core of the ancient tomb.

Ye Chen didn't dare to search this person's body because this person had quite a deadly poison all over his body.

After all, Ye Chen was sure that all of this person's belongings had been taken by the people from his own group.

There was no way they would simply abandon this person's belongings so easily, it would be a waste for the people of God Realm.

Ye Chen along with the Clone he made continued to explore this place, Ye Chen kept looking around this place to make sure that there wasn't anything that could threaten the safety he had.

"Master, there is a room in which there are some treasures." Chu Yuechan told Ye Chen that there was a room in which there was a treasure that was quite valuable.

Hearing this, Ye Chen immediately went to the room that Chu Yuechan said, after a while, Ye Chen finally arrived at the entrance to the room that Chu Yuechan said.

Ye Chen started to look at this door that was in front of him, Ye Chen began to find out a way to open this entrance.

"Looks like this isn't locked, all I need to do is lift this door up." Ye Chen finally found a way to open this entrance.

Ye Chen started to try to open the entrance door, Ye Chen tried his best to open the door to the room which was currently closed very tightly.

"Come on, open up" Ye Chen's face started to turn red when he tried to lift the door to the room upstairs.

The door to this room was very heavy, if Ye Chen didn't use his full strength then he wouldn't be able to open this entrance.

Chapter 572 - Harvest Treasure Artifacts

"Rumble. . ." After Ye Chen's considerable effort, finally the entrance was lifted by Ye Chen.

After the entrance opened, Ye Chen immediately went inside to see what was in this room.

When Ye Chen entered this room, he found that in this room there were various kinds of weapons ranging from armor, swords, spears, shields, bows, cudgel and many more weapons commonly used for major wars.

And what is surprising is that all these weapons are artifacts that are at Tier 9 and above.

"Wow." Ye Chen was quite surprised when he saw this room filled with various kinds of weapons that were quite valuable.

If you use a weapon in this place to do a war, then Ye Chen can ensure that victory can be obtained very easily.

"Looks like this room is a warehouse for storing weapons belonging to warriors." Chu Yuechan began to suspect that this room was used to store all the weapons that belonged to the warriors of the tomb owner.

"Yes, you are absolutely right, the owner of this tomb must be a ruler who loves to fight, with a fairly high weapon and this many artifacts, surely the owner of the ancient tomb always wins in every war he does", Ye Chen guessed that the owner of this tomb was someone who loves to fight.

Even the weapons of an ordinary warrior are at Tier 9 and above, Tier 9 artifact weapons are quite valuable weapons In God Realm, usually this high Tier weapon is used by influential people in God Realm, for example a sect leader or King Star Realm.

Ye Chen was so excited, he started counting all the artifact weapons in this place.

After calculating for a while, Ye Chen could estimate that this weapon was more than 1 million sets of spiritual weapons, with this much, if Ye Chen wanted to sell it he could become quite wealthy in God Realm.

"Hahahaha, I'm rich." Ye Chen is currently very happy, he actually got a very large catch.

Ye Chen was lucky because he had chosen a detour earlier, if he hadn't turned around earlier, he might not have found this arsenal.

"I have to quickly put all these weapons into the fairy gate storage room." Ye Chen had to quickly secure this weapon into the fairy gate storage room.

Ye Chen was afraid that someone else would enter this room and take this weapon from him.

All the weapons in this place could easily be put into the fairy gate storage room.

The fairy gate storage room could easily store the weapons set in this room.

"It's good that everything is safe," Ye Chen felt relieved that he had secured all the precious weapons that were here.

Ye Chen did not expect that at the beginning he had obtained this much treasure, if in the beginning Ye Chen had obtained this many weapons, then in this part of the ancient tomb must have stored something more valuable than this.

Ye Chen became impatient to head to the core of this ancient tomb, there was definitely something great waiting for him.

Ye Chen was preparing to leave this room, when Ye Chen wanted to get out of this room, he found that the entrance had been lost somewhere.

Ye Chen was quite confused by this, he couldn't possibly forget that the entrance was here, why did the entrance suddenly disappear somewhere.

"Rumble. . . , Rumble. . . , Rumble. . . " Suddenly from behind Ye Chen, there was a Rumble that was quite a lot.

When Ye Chen turned around, he found that behind him were already neatly lined up several dozen warriors who were fully armed as before.

These warriors started to surround Ye Chen, they brandished the weapons they had at Ye Chen.

"Oh Sit!!! "Ye Chen cursed very loudly, it seemed like he was caught in a trap that was deliberately set for the person who entered this room.

"Wow, Master, it looks like you were hit by a trap in this place." Chu Yuechan said to Ye Chen that he was hit by a trap in this place.

"You don't need to tell me, I already know that." Ye Chen already knew that he had fallen into a trap.

Ye Chen didn't have a route to escape, he could only fight against the tomb guard warriors who were in front of him.

The warriors in front of Ye Chen were quite strong, Ye Chen shouldn't let his guard down when he fought these soldiers.

"Ying'er , come out" Ye Chen called Yin Ying'er out, after Ye Chen called Yin Ying'er out, Divine Yin Yang Sword appeared in Ye Chen's right hand.

This time, Ye Chen couldn't play against the strong enemy who was neatly lined up in front of him.

Ye Chen immediately opened the Sage God's Water Vein, when Ye Chen opened the Sage God's Water Vein, he felt a boundless profound energy flowing through his body.

"Shadow Clone" Ye Chen immediately used his Shadow Clone technique to create hundreds of shadows, all of these shadows had the power of $\frac{1}{2}$ Ye Chen's.

"Attack !!!" Ye Chen ordered the Clone he made to attack the tomb guard soldiers who were in front.

The entire Clone immediately charged towards the tomb guard soldiers who had previously tried to surround Ye Chen.

"Clang. . . , Clang. . . , Clang. . . , "The battle began to break out between Ye Chen's Clone and the tomb guard soldiers.

In this battle, Ye Chen's Clone was slightly suppressed by the guards of this ancient tomb.

If it continued like this, then Ye Chen's Clone would sooner or later lose at the hands of the Ancient Tomb Guardian warriors.

Ye Chen had no choice but to join the fight together with the Clone he had created.

Ye Chen raised his Divine Yin Yang Sword and started to fight against this Ancient Tomb Guardian warriors.

Ye Chen attacked all the enemies in front of him, Ye Chen fought quite fiercely.

Somehow when Ye Chen fought this ancient tomb guard warriors, Ye Chen felt so excited, he was finally able to use the full strength he had without having to hold back.

By using the Divine Yin Yang Sword, Ye Chen could easily penetrate the armor that the tomb guard warriors had.

The Divine Yin Yang Sword tore through a Tier 9 Armor very easily.

It could be seen that the Yin Ying'er Spirit was much stronger than a Tier 9 armor artifact.

When Ye Chen managed to defeat the tomb guard warriors, Ye Chen saw that the ancient tomb guard soldiers had turned into a pile of armor scattered in front of him.

This discovery made Ye Chen understand that this ancient tomb guard was moved by a power hiding in armor.

When Ye Chen tore off the warrior's armor, the power hiding in the armor was immediately released out of nowhere.

So if Ye Chen wanted to defeat the warriors in this place, then he only needed to destroy the armor they were wearing.

Ye Chen already knew the trick to fight the warriors in front of him, so Ye Chen's chances of winning were even greater.

Ye Chen immediately ordered the Clone he created to distract these warriors so that Ye Chen could attack them.

Chapter 573 - Group From God Realm

Using the help of the Clone he had created, Ye Chen could easily defeat this ancient tomb guarding Warriors.

In a short time, the Warriors guarding the tomb turned into a pile of armor scattered on the floor.

"It's finally over." Ye Chen was glad it was over, after everything was finished, the clone that Ye Chen had made started to disappear, now in this place there is only Ye Chen.

"So, where is the way out" Ye Chen started looking for a way out, there's no way this place doesn't have a way out.

"The exit you were looking for is on the left wall." Chu Yuechan told Ye Chen that the exit from this room was on the left.

Ye Chen understood, he started to go to the left side of the wall to find a way out of this room.

Ye Chen started groping around for a button or handle that he could use to open the door that was in front of him.

After searching for a while, Ye Chen finally found a button to open the door in front of him.

Ye Chen immediately tried to press the button in front of him, "Rumblings. . .,Rumblings. . .,Rumblings. . ."
"When Ye Chen pressed this button, a Rumbling rang out in front of Ye Chen.

The wall in front of Ye Chen started to lift up and made a gap that was quite wide, Ye Chen immediately entered this gap.

After Ye Chen entered the gap, the wall behind Ye Chen closed again.

Ye Chen didn't really care when he saw that the wall behind him was closed again.

Ye Chen already got what he wanted from inside the room earlier, so now he doesn't care anymore if the room behind him is closed.

"It's time to continue the journey." Ye Chen decided to continue his journey to the core of the tomb.

On the way, Ye Chen used the same trick as before to get through every trap that was in this place.

During the trip through this place, Ye Chen had found 4 corpses of people from God Realm, these four people died just like the first person Ye Chen met.

The four of them were exposed to the poison that came from the trap in this place.

There had been at least 5 casualties from cultivators who came from God Realm, with the fall of five victims from God Realm that meant that the people of God Realm were getting smaller and smaller.

This is good enough for Ye Chen, the fewer people from God Realm then he can easily deal with them if the situation goes bad.

It has been almost 1 hour since Ye Chen started leaving the room earlier, until now Ye Chen did not find anything valuable around here.

"Yuechan, how long will it take for us to reach the core of this tomb?" Ye Chen asked Chu Yuechan how long it would take him to reach the core of this tomb.

"Master, the core of the tomb is still quite far below, at least with the speed you currently have, you can arrive at least another 5-7 hours, if there is nothing holding you back." Chu Yuechan told Ye Chen that he would reach the core This tomb is around 5 ~ 7 hours, that if Ye Chen doesn't meet something that can block his path.

"Huh? "Is that far?" Ye Chen doesn't believe that he still has to walk far enough to reach the very bottom of this ancient tomb.

"This is fast enough, if at this time I didn't guide you, it might take you days to get to the bottom of this tomb." Chu Yuechan told Ye Chen to stop complaining, if at this time Chu Yuechan didn't help guide Ye Chen, you could be make sure that Ye Chen will get lost and it will take a very long time to reach the bottom of this place.

Ye Chen was speechless when he heard Chu Yuechan's words.

From the start, it was Chu Yuechan who had guided Ye Chen to find a path to the core section, without Chu Yeuchan maybe Ye Chen would be troubled to find the right path.

It could be said that this ancient tomb is very broad, is there enough intersection that can make someone get lost and go the wrong way.

This place was not as difficult as a maze that could change at any time like the one in the ancient heritage site of the Azure Dragon that Ye Chen had visited.

It was easy enough here, but unfortunately the traps in this place were too many, to the point of limiting the movements of everyone who entered here.

Ye Chen started to stop complaining, if he continued to complain like this, then he wouldn't be able to get to the bottom of this place, Ye Chen decided to continue this journey that would last quite a long time.

Because this time Ye Chen was traveling alone, Ye Chen felt a little bored because there was no one he could talk to, only Chu Yuechan that Ye Chen could talk to.

Time passed very quickly, 3 hours passed very quickly.

That meant that Ye Chen's journey was halfway to the bottom of the ancient tomb.

"Hey Yuechan, isn't there a treasure store around here? ",Ye Chen asked Chu Yuechan if there was a room that contained artifact weapons like before.

"Master, there is only a few trash around here, so you don't have to waste your time picking up trash like that." Chu Yuechan did indeed find several objects in this place.

Unfortunately the objects around this place were only things that weren't as valuable as before.

So Chu Yuechan didn't want Ye Chen to spend time picking up the trash that was around this place.

"Okay." Ye Chen understands, he will not protest to Chu Yuechan.

"Master, in front there are people from God Realm ." Chu Yuechan told Ye Chen that in front there were people from God Realm.

Hearing Chu Yuechan's warning, Ye Chen started to be vigilant and was extremely cautious.

Ye Chen wanted to see people from God Realm, Ye Chen wanted to know what kind of look these people from God Realm had.

Ye Chen sneaked off to the place where the people of God Realm were.

After only walking a few hundred meters, Ye Chen managed to find the existence of people from God Realm.

Ye Chen immediately looked for a place to hide so that people from this God Realm would not see him.

Ye Chen began to see what people from God Realm were like.

When Ye Chen looked at the people from God Realm, he found that these people were still quite young, they might be the younger generation like Ye Chen.

Currently the total of these people numbered 12, if you added that to the dead, the total was probably more than 12.

Ye Chen started listening to the conversations these people were having.

"Damn, we have lost more than 13 people we have." A rather handsome young man looked quite angry when he found out that the people he had had died.

They now number less than ½ the number they should have.

"Young master Nang Bu, do we need to go back." Another young man suggested to just go back and not continue this journey.

"Pah . . .!" Nang Bu slapped the young man who just said to come back.

Nang Bu looked displeased when he heard the servant's words just now.

Chapter 574 - Eavesdrop On Conversations

"Are you stupid, we got here and you want us to come back?" Nang Bu scolded the servant in front of him.

"But young master Nang Bu, from earlier we only got things that weren't very good, I doubt that this tomb contains anything valuable.", The servant who was slapped by Nang Bu tried to explain that maybe in this place there were no valuable treasures. .

From earlier, the people of the God Realm had only found things that were not very useful for them to use.

The items found by the people of God Realm might not be of any use to them, but if these cultivators on earth were to find it, those cultivators would be very happy to find the trash in this place.

"Are you doubting me?" Nang Bu is increasingly dissatisfied with the servants in front of him.

Nang Bu's body began to emit a very intense pressure, this pressure made the people in this place start to sweat.

Ye Chen who was in the distance also felt a little bit of the pressure that Nang Bu gave off.

"This person name called Nang Bu is strong." Ye Chen can confirm that Nang Bu is strong enough.

"Of course, this guy is at least in the ninth stage Divine Nascent Realm, among these people that man is the most powerful. "Chu Yuechan told Ye Chen that this man named Nang Bu was the most powerful among this group From God Realm.

"No wonder, it looks like this person is the leader of this group." Ye Chen can now confirm that Nang Bu is the leader of this group.

"No-no, how could I doubt young master Nang Bu?" The servant began to be afraid after Nang Bu took out the strength he had.

"It's great if you understand, we will continue this journey to the core of this god of war's tomb." Nang Bu told all his services to continue the journey to the core of the tomb.

Nang Bu couldn't wait to see what inheritance he could get from the ancient tomb belonging to the god of war.

Nang Bu and her servants began to continue their journey to the core of the tomb.

Ye Chen saw the group's departure from Nang Bu, after confirming that they had all left, Ye Chen decided to come out of his hiding place.

"Hey Yuechan, did you just hear what that person said?" Ye Chen asked Chu Yuechan if she heard what Nang Bu just said.

"Of course I heard it, that person said that this place is the tomb of the god of war." Chu Yuechan of course heard that just now Nang Bu said that this is the tomb of the god of war.

"Do you know who the god of war is?" Ye Chen wants to know whether Chu Yuechan knows the god of war that Nang Bu said.

"Hmm, I have never heard anyone dare to call himself a god of war." Chu Yuechan had never heard of anyone in God Realm who had the title of a god of war

God Realm is a place where all the strongest beings live, if someone dares to claim to be a God of war it means that person must be the strongest person in the entire God Realm.

As far as Chu Yuechan knew, there was no god in the God Realm who dared to call himself a god of war, if that happened there would definitely be many Gods in the God Realm who would fight against the god of war.

"Then why did those guys say that this is the tomb of the god of war?" Ye Chen is getting more and more confused by this. Even Chu Yuechan, who has a very broad knowledge, doesn't know who the god of war that Nang Bu is referring to.

"To find out that we have to go to the inside of this tomb, there you might be able to find out the answer to your question." Chu Yuechan told Ye Chen to go to the interior of the ancient tomb so that he could find out who this god of war was.

It's the only way to know who the owner of this place is.

"Looks like there really is no other way but to go to the inside of this ancient tomb." Ye Chen would not find the answer to his question if he did not go to the inside of this ancient tomb.

Ye Chen decided to follow these people From God Realm , Ye Chen could use God Realm people to open up every trap in this place.

Since he had already passed half of the journey, it only took Ye Chen a few hours to reach the core of the tomb.

Currently, Ye Chen's condition still looks healthy, while the group from Nang Bu has started to get ragged, they again lost 2 people who were hit by the traps in this place.

Now the group from Nang Bu only left 10 people including Nang Bu Himself.

Nang Bu had paid an enormous price to get this far, he would not have retreated when he almost reached the very depths of this tomb.

Behind the darkness Ye Chen watched Nang Bu's group, he saw that this group was still on the right path to get to the core of this tomb.

"Looks like this person has a map to get to the core of this place." Ye Chen began to suspect that Nang Bu might have a map to get to the deepest part of this place.

Even though Nang Bu already had a map of this place, he was still hit by the trap in this place, it meant that the map that Nang Bu had was likely incomplete.

Nang Bu was too brave to take the risk of going to a place like this without an incomplete Map.

If it was Ye Chen, maybe he would think twice about entering this place without Chu Yuechan who could guide the way for him.

This tomb is very wide, if you get lost in this place it will be a little difficult to get out of this place, plus the traps here are like mines that don't end at all.

3 Hour again passed, should the core of this tomb already in sight.

After a while the Nang Bu group saw a gate that was very tightly closed, on the surface of this door was engraved an image of a person wearing an armor that was very cool with light around the person wearing this armor.

"Finally we arrived" Nang Bu looked very happy when he found out that he had arrived at the entrance to the core of the tomb.

"You guys quickly open this door for me" Nang Bu told the servants to open the door in front of him.

"okay." All the servants nodded, they immediately carried out the order that came from Nang Bu.

9 cultivators who were at the Divine Nascent Realm stage began to try to push through this gate.

"One, two, push" everyone started working together to push this gate to open.

These 9 people put all the strength they had to open the gate, Unfortunately after trying their hardest, they were unable to open this gate yet.

"Young Master Nang Bu, this door won't open." One of the servants reported to Nang Bu that this door did not want to be opened.

"You useless, quickly move aside" Nang Bu told the servants to move away from the gate.

Nang Bu himself this time will try to open this gate.

Chapter 575 - Sun Yang The Owner Of The Ancient Tomb

Nang Bu began to try to open the gate in front of him, Nang Bu used almost all the strength he had to push this gate to want to open.

"Damn , open it" Nang Bu's face started to become very red when he tried to open this gate.

Even though Nang Bu had used all the strength he had, it was a shame that this Gate was still firmly standing in its original position without moving the slightest.

The servants only saw Nang Bu who was currently trying to open this gate, in the hearts of these servants, they were all laughing at Nang Bu who looked very troubled when opening this gate.

Nang Bu started to get a little tired, he finally stopped to push this gate.

"Why are you just be quiet, hurry up and help me" Nang Bu ordered the servants to help him open this gate.

The servants who were previously be quiet , started to help Nang Bu to open the Gate.

With the combined strength of 10 people, this gate was still tightly closed.

Nang Bu's group began to give up, they were unable to open this Gate.

"Damn this gate can't be opened" Nang Bu started cursing and kicking the gate in front of him.

He felt very angry that this gate could not be opened no matter how hard they tried.

In the distance, Ye Chen saw what Nang Bu's group was doing, they seemed unable to open this gate.

If even Nang Bu's group of ten were unable to open the gate, then Ye Chen probably wouldn't be able to open this gate either.

"Young master Nang Bu, what should we do now?" The servants want to know what Nang Bu will do in this situation.

"Damn it." Nang Bu cursed in his heart, he currently doesn't know what to do to open this gate.

Even though Nang Bu had walked long enough to reach this planet, there was no way he would return to his original place without bringing anything, surely his family would be very angry because he returned without bringing anything.

Even though Nang Bu really hopes that he can use the legacy of God of War to become the strongest person in God Realm.

If Nang Bu heritage power from God of War , then the position of King Star Realm can be obtained by Nang Bu very easily.

When Nang Bu was desperate, he saw that the gate in front of him began to glow with a bright red color.

Seeing this strange thing Nang Bu and his servants began to retreat backwards to secure themselves.

"Hahaha, welcome adventurers, congratulations because you guys have arrived at this place alive." Suddenly a male voice sounded in everyone's ears including Ye Chen.

Ye Chen who was in the distance began to look around, he was currently looking for the source of the sound that sounded in his ears.

"Master, you don't need to find the owner of this voice, the current owner of this voice is behind that gate." Chu Yuechan told Ye Chen that the current owner of this voice was behind this gate.

"Yuechan, do you think this voice belongs to the owner of this place?" Ye Chen is actually starting to suspect that this voice belongs to the person who owns this tomb.

"Most likely yes, from what I feel it seems that this is just the soul of the owner of this place." Chu Yuechan told Ye Chen that this voice was the remnant of the soul of the owner of this ancient tomb.

"I see." Ye Chen nodded at Chu Yuechan, now Ye Chen knows that this voice comes from the owner of this ancient tomb.

"Who are you, hurry out and show yourself" Nang Bu told the owner of this voice to come out and show himself.

"Hahahaha, you stupid child, you might not be able to see me, but here I can see you" The owner of this place said to Nang Bu.

Nang Bu began to be curious about the owner of this voice, He wanted to know who the owner of this voice was.

"Who are you and what do you want to talk to us about?" Nang Bu asked who the owner of this voice was.

"Hahahah, my name is Sun Yang, I am the most feared God of War in my era." Sun Yang told Nang Bu who he was.

Hearing this, Nang Bu looks very excited, it looks like the map he obtained is not a lie, this is a tomb belonging to God of War.

Nang Bu himself also never heard of the name Sun Yang who was the God of War from the past, Nang Bu believed that Sun Yang certainly was a very great person.

There was no way someone with the title of God of War would be so weak, surely Sun Yang was a very strong person in the past.

"Ancestor Sun Yang, can I go inside to take the inheritance you have." Shameless Nang Bu immediately asked for the inheritance in this tomb.

"Hahaha, of course you can have it, but before that you have to pass the trial that I gave." Sun Yang told Nang Bu that he could take the inheritance he left behind if he succeeded in passing the trial that was given.

"Really, then quickly give a trial for me" Nang Bu immediately asked Sun Yang to give a trial so that Nang Bu can immediately get the inheritance in this tomb.

"Hahaha, you are very excited, but before you enter the Trial that I will give, I need to tell you a few things first" Sun Yang will tell a few things to Nang Bu before entering the Trial that he will give.

"What is it ?, just say" Nang Bu asked Sun Yang to say what to do before entering a Trial.

"This is a rule that you cannot ignore, first after you enter the Trial, then you will not be able to get out before completing all the challenges in the Trial." Sun Yang told Nang Bu the first rule he had to remember carefully.

Nang Bu began to remember what Sun Yang said.

"The second is that in the Trial you will not be able to cooperate with anyone including the people around you, you have to fight alone to get the inheritance I left behind." Sun Yang told Nang Bu that it is forbidden to cooperate to complete the Trial that he will give.

That meant that Nang Bu would not be able to use the servants he had to finish this Trial.

"And lastly, if you die in this Trial, it's the same as losing the life you have in this world".

Even though this was a Trial, if someone died in it then they would die in this world.

Hearing this, Nang Bu immediately became a little hesitant about accepting the Trial from Sun Yang, if he died in the Trial given by Sun Yang, then Nang Bu would die and couldn't come back to life.

Nang Bu began to think about the risks he had to take to get the inheritance left by this God Of War.

In addition, Nang Bu could not use his servants to help himself, he had to fight on his own to complete the Trial that Sun Yang would give.

Chapter 576 - First Trial (1)

Nang Bu is the type of person who likes to use other people as a shield for himself, now he is unable to do that.

"So how about any of you want to try it?" Asked Sun Yang to everyone who was here.

Everyone looked at each other, especially the servants from Nang Bu, some of them wanted to try the Trial that Sun Yang offered.

Some of Nang Bu's servants didn't want to continue like this, they also wanted to change the life they had for the better.

In order to do that they needed some strength, and right now right in front of them was a very powerful strength, that was being offered by Sun Yang.

Whereas a few more servants didn't want to try the Trial offered by Sun Yang, they were afraid to die, so they decided not to get involved in this matter.

What they wanted right now was to get out of this terrible place, for them this place was so terrifying that any moment of their life could float away if they weren't careful when they stepped around this place.

"You all quickly make your choice right now, if you don't make your choice right away, then I will kick you all out of this place." Sun Yang had run out of patience, he asked these people to make their choice right now.

"Fine, I agree" Nang Bu agreed to try it, after all Nang Bu had spent quite a long time to arrive at this place, there was no way he would return after seeing the legacy of God of War in front of him.

"I'm also joining" there are four servants of Nang Bu who also want to try the trial offered by Sun Yang, they want to get the inheritance from Sun Yang.

"Very good, then how about the five of you? , do you want to come or not?" Sun Yang asked the five people who haven't given their answer.

"Sorry but I don't want to join" Nang Bu's five servants said that they didn't want to take part in the Trial offered by Sun Yang.

"Too bad, if you don't want to come then I have no choice but to kick you out of this place." Nang Bu's five servants were immediately enveloped in a light.

The five of them were carried out of this place by this light.

After sending these people out, Sun Yang turned his eyesight to Ye Chen who was in the distance.

"You who are hiding there, do you want to join this Trial or get kicked out of this place like those people earlier" Sun Yang asked Ye Chen who was currently hiding in the dark.

Ye Chen saw that he had been found by Sun Yang, because Ye Chen had been found, he couldn't help but have to come out of his hiding place.

Ye Chen came out and stood in front of Nang Bu and the servants who were still left in this place.

Nang Bu and the remaining servants were quite surprised when they saw Ye Chen's appearance, so far they were completely unaware that all this time someone had been following them secretly.

"Who are you?" Nang Bu immediately asked who Ye Chen really was, he wanted to know how Ye Chen had followed them this far.

"Hahahaha, why would I introduce myself to an arrogant person like you, and there's no point in introducing myself to someone like you." Ye Chen was lazy enough to introduce himself to Nang Bu, it's better if he let Nang Bu don't know his name.

"You bastard say that to me, do you want to die?" The answer that came out from Ye Chen made Nang Bu a little angry, Nang Bu felt that he wanted to kill Ye Chen.

Nang Bu took a step forward and prepared to attack Ye Chen who was in front of him.

Ye Chen is currently in alert mode, if Nang Bu wants to attack him, then he is ready to counter the attack from Nang Bu.

"Stop" when Nang Bu wanted to attack Ye Chen, he was stopped by Sun Yang.

Nang Bu who intended to attack Ye Chen immediately stopped on the spot, Nang Bu felt that his body couldn't be moved.

"Why did you stop me? , hurry and let me go" Nang Bu asked Sun Yang to release himself.

"For now you can't fight, the time will come for all of you to fight" Sun Yang told Nang Bu to hold back.

There will come a time when all of them will fight against one another.

Nang Bu could only grit her teeth, it looked like she had to hold back for now.

"You must have heard what I said earlier, so how about it, do you want to join this Trial or not?" Sun Yang asked Ye Chen.

"Of course I will." Ye Chen of course will, there is no way he will miss an opportunity like this to get a very valuable treasure that is behind this door.

"Very good." Sun Yang looked very happy when he heard that Ye Chen was willing to take the Trial he would give.

"I will open this gate for all of you." Sun Yang will open the gate for everyone to enter.

The gate in front of Ye Chen and Nang Bu started to open, when the gate opened, Ye Chen, Nang Bu and everyone in front of the gate saw a rather huge portal.

This portal will likely take Ye Chen to the Trial place Sun Yang intended.

"All right, all of you can go inside, inside I will give the Trial I said earlier." Sun Yang told everyone to enter this portal.

Nang Bu and everyone here immediately moved towards the portal.

Meanwhile, Ye Chen slowly entered the portal in front of him.

When Ye Chen passed through the portal, he found that as far as the eye could see there was only a vast desert.

"What is this?" Ye Chen doesn't understand why he was taken to such a vast place, what kind of trial Sun Yang would give him.

Ye Chen looked around himself, he currently did not find the existence of Nang Bu and the others.

"Hahaha, all of you enter the Trial place, now I will tell the first trial that I will give to you" Sun Yang told everyone that they were already at the location where the Trial will be given.

"This first trial is very easy, all you need to do is defeat all the enemies in front of you, the time is not limited, so you don't need to worry about the time to fight all the enemies in front of you.

Sun Yang told everyone that the first trial that would be given was to give in to all the enemies that would appear in front of everyone who participated in this trial.

"Alright, no need to linger anymore, let's just start the trial." Sun Yang immediately started the trial for Ye Chen and everyone.

After Sun Yang's words came out, far in front of Ye Chen appeared several warriors made of stone from within the sand.

These soldiers appeared in enormous numbers, and in an instant, these soldiers filled the place in front of Ye Chen.

Ye Chen started to estimate the enemy in front of him, these enemies should be at least 10,000, this is quite a lot.

Chapter 577 - First Trial (2)

While the strength of this statue was the same as Ye Chen's cultivation base, the 10,000 stone warriors had a power base equivalent to cultivators at the 10th stage of the Overlord Realm.

This is a trial that is quite challenging for Ye Chen, he must be able to win against this warrior made of stone.

"The trial starts right away." Sun Yang told everyone that the trial that came from him had started.

After this Trial officially started, the stone warriors who were in front of Ye Chen immediately advanced towards Ye Chen, half of them immediately charged towards Ye Chen.

Meanwhile, the other half began to shower Ye Chen using ranged attacks to attack Ye Chen.

Ye Chen was currently being showered by thousands of stones that were enormous in size.

"Boom. . . , Boom. . . , Boom. . . , "The stones started falling and rained down on Ye Chen.

Ye Chen dodged the falling stones towards himself, Ye Chen flew to avoid all these falling stones.

When Ye Chen flew up, he was suddenly shot by the thousands of arrows shot by the stone warrior below.

In order to ward off this, Ye Chen was forced to create a fire shield that would block the arrows aimed at him.

The fire shield that Ye Chen made , very easily made all the arrows that hit this shield.

"Booom. . . , Booom. . . , Booom. . . , "The arrow that didn't hit Ye Chen landed and destroyed everything below.

Under Ye Chen's feet, there were now a lot of quite large crater, that were caused by the arrows fired by these stone warriors.

For the first time Ye Chen had fought on an actual battlefield, he had never fought this many enemies.

The stone warriors who were in the distance started to charge up their strength to shot yet another attack towards Ye Chen.

Whereas at this time several soldiers who had previously approached Ye Chen started to attack Ye Chen, they were also able to fly like cultivators.

Ye Chen was currently surrounded by thousands of stone warriors who were trying to attack him.

If Ye Chen doesn't immediately respond to attacks from the enemy, then Ye Chen will be even more troublesome when facing attacks that come from close and long distances simultaneously.

"One Hundred Thousand Fire Swords" Ye Chen immediately used One Hundred Thousand Fire Swords against this stone warrior.

The floating fire sword appeared behind Ye Chen's body, Ye Chen immediately controlled the fire sword to attack the stone warriors who surrounded him.

The fire sword immediately shot towards the enemy in front of Ye Chen, all the stone warriors were very easily destroyed by Ye Chen, they really didn't have a resistance against the flying Fire Sword that attacked them.

Even though these stone warriors were at the 10th Overlord Realm stage, they were still not as strong as ordinary cultivators at the 10 Overlord Realm stage.

What made it difficult for them to fight was simply that there were so many of them that it would be very difficult for an ordinary cultivator to fight these many warriors without anyone's help.

In an instant, the stone warrior near Ye Chen was easily destroyed.

Now only half of what remained in the distance was left.

Ye Chen, along with the Fire flying swords around him, immediately flew towards the enemy in the distance.

When Ye Chen came towards them, the stone Warriors had finished replenishing their strength back, they immediately shot stones and arrows towards Ye Chen.

Ye Chen did not back down when he saw the multitude of attacks coming his way, he used the One Hundred Thousand Fire Swordstechnique to deflect the attacks that were aimed at him.

By using the One Hundred Thousand Fire Swordstechnique, the stones and arrows that were pointing towards Ye Chen began to be cut and destroyed.

After crushing and chopping all the stones and arrows, Ye Chen immediately crushed the stone warrior in front of him.

"Slash. . . , slash. . . , slash. . . , slash. . . , "Again very quickly, Ye Chen destroyed all the enemies in front of him.

In a very short amount of time, Ye Chen was able to defeat 10,000 stone warriors.

"It's much easier than I thought." Ye Chen felt that this is much easier than previously imagined.

Ye Chen thought that the Trial given by Sun Yang would be much more difficult than he thought, it turned out to be much easier than imagined.

"Hoooo, looks like you finished this trial very easily" Sun Yang praised Ye Chen who could easily complete the trial he gave.

Even though Nang Bu and the others are currently very difficult to complete the Trial that he gave.

"I've finished with the first trial, now hurry up to the second trial." Ye Chen wanted to try the second trial immediately.

"Hahahaha, this first trial is still not over, you have to kill the last boss if you want to finish this first trial." Sun Yan told Ye Chen that he wanted to finish this trial, then he had to fight the boss of the Stone Warriior.

"Then where is the last boss? "Ye Chen wants to know where the last boss Sun Yang said.

"Hahaha soon you will definitely see it, so just wait a little longer" Sun Yang told Ye Chen to wait a little longer to find out who the last Boss he meant.

Ye Chen had no other choice but to wait for the last Boss that Sun Yang said appeared in front of him.

Only a moment after Ye Chen waited, the sand that was under Ye Chen began to shake and flew into the sky.

Seeing that the sand that was under his feet became strange, Ye Chen decided to fly upwards.

After Ye Chen flew up, right at the place where Ye Chen was standing earlier, there was an enormous mound that gradually started to rise to the surface.

Since this mound was covered in extremely thick sand, Ye Chen couldn't guess what would emerge from behind this mound.

The mound started to rise more and more upwards, even now it was higher than Ye Chen's flying height.

"Is this a monster?" Seeing the size of this thing is so enormous, Ye Chen started to suspect that this was a monster buried in the sand.

Little by little Ye Chen began to see the shape of this mound, it turned out that the mound that had just come out of the sand was a stone warrior whose size was super huge.

It turned out that the last boss that Sun Yang spoke of was a stone warrior whose size was super huge.

This stone warrior was at least about 15 kilometers tall, this was the biggest enemy Ye Chen had ever encountered.

"Wow, how big." Ye Chen looked up at the super boulder warrior in front of him.

This was Ye Chen's first time seeing a being of this size, even the tallest mountain in this world was still inferior when compared to this super huge stone warrior.

The stone warrior looked at Ye Chen who was below him, for this super large stone warrior, Ye Chen was like a grain of dust in his eyes.

Chapter 578 - First Trial (3)

"Gahhh." The super large stone warrior roared at Ye Chen, the roar of the super large stone warrior was so intense, his roar alone could sweep away everything in front of him.

The sand and stones that were around here were swept away by this monster's roar.

Even Ye Chen, who was right in front of the super large stone warrior, was about to be dragged away by the roar just now.

"This monster roar is so loud, my ears are buzzing" Ye Chen felt that his ears were buzzing when he heard the roar of the super large stone warrior.

If only the super massive Stone Warriors existed in the real world, that roar just now was enough to even out several cities at once.

It turned out that apart from having an enormous body, this stone warrior also had a much stronger strength than the small stone warrior Ye Chen had fought against.

The super large stone warrior started to raise his hand, he began to swing his huge hand towards Ye Chen.

"Bamm" Suddenly Ye Chen was hit by the huge swing of the super large stone warrior.

"Boom", Ye Chen hit the sand very hard, because it's too strong, Ye Chen made a crater that was very large and deep enough.

"Shit, what just happened?" Ye Chen doesn't know what just happened, he suddenly felt something very big and strong hit him just now.

"Master, you just got hit by the stone monster in front of you, even though this super large stone warrior has an enormous body, he has quite a fast speed." Chu Yuechan told Ye Chen that he was just hit by the super large stone warrior .

"So just now I got hit by this huge stone monster." Ye Chen didn't expect that this huge stone monster had such a fast speed.

Previously, Ye Chen had intended to avoid the swing of the monster's arm that was pointing at him, but just as he was about to move he was immediately hit with something very powerful.

Luckily there wasn't any injury on Ye Chen's body, he was still in good shape even after receiving the previous attack.

"My body just got stronger, is it thanks to the training I did? ", Ye Chen feels that his body is now very strong, he doesn't even feel any pain after receiving an attack like that.

"It's probably because of the True God Body Technique you cultivated and also the Azure Dragon inheritance you got." Chu Yuechan told Ye Chen why he now had such a much stronger physique.

Now that Ye Chen is cultivating the True God Body Technique to the fourth level, it is not strange that Ye Chen's physical strength is now extremely strong.

"Really, I just realized." Ye Chen just realized this, it turns out that the God Path technique and the inheritance of the Azure Dragon can make Ye Chen's body this strong.

"Alright, let's teach this ugly stone monster a lesson in order to know where he is." Ye Chen wanted to counter the attacks that came from the super large stone warrior.

Ye Chen didn't accept it because previously he was attacked when he was not ready, now he will seriously fight against this large stone monster.

"Gahhh." The stone warrior roared again, it seemed that this stone warrior didn't like the words that Ye Chen just said.

"Blink." Ye Chen immediately used a technique Nine Shadow Step to go to the head of this Super Large Stone warrior.

"Ugly stone monster, feel this." Ye Chen immediately hit the face of the stone warrior in front of him.

"Bamm" Ye Chen's punch immediately destroyed 1/4 of the head of the super large stone warrior.

Due to the impact of Ye Chen's attack that was too strong, the super large stone warrior started to lose balance and fell onto the sand that was behind him.

"Boom" The supersized rock warrior actually fell into the sand and made an extremely loud sound.

The super large stone warrior tried to get up from the sand, when the super large stone warrior wanted to rise up from the sand, the super large stone warrior saw that Ye Chen was returning to attack him.

"Still not, feel this." Ye Chen again attacked the super large stone warrior who was trying to get up from the sand.

"Bam. . . ., Bam. . . ., Bam. . . ., Bam. . . .," Ye Chen attacked the supersized rock warrior with a flurry of attacks.

The super large stone warrior who was about to rise before now fell back into the sand.

The super large stone warrior started trying to catch Ye Chen using the big hands he had, unfortunately the two hands that the super big stone warrior wanted to use to catch Ye Chen were actually destroyed by Ye Chen.

The large stone warrior's body began to crack and shatter in several parts by the physical attack launched by Ye Chen.

Ye Chen really didn't hold back this time, he used the physical strength he had to hit the body belonging to the super big stone warrior.

The current large stone warrior was utterly helpless, his body shattered to pieces by the attack that Ye Chen had launched.

"Die, Bam. . ." Ye Chen landed the final blow on the supersized Stone warrior.

The last attack launched by Ye Chen was extremely powerful, it immediately destroyed the super boulder warrior in front of him.

The supersized rock warriors had now become chunks of rock scattered everywhere.

"Who told you to find trouble with the wrong people." While stepping on the remains of the super large stone warrior's head, Ye Chen said that the super boulder warrior had the wrong choice Enemy.

"Hahaha, that battle was amazing, I didn't expect that you would fight with your bare hands to defeat the last boss." Sun Yang praised Ye Chen's battle against the Last Boss in this Trial.

"So can I now proceed to the second trial?" Ye Chen asked Sun Yang whether he could proceed directly to the second trial or not.

"Of course you can, but the problem is you have to wait for the others to finish first, this second trial will be very special, all of you who make it through the first trial will be in the same place to pass the second trial." Sun Yang told Ye Chen that in The second trial he will give.

Ye Chen will be in the same place as the people from God Realm who are able to pass the first trial.

Ye Chen himself didn't know what kind of trial the people from God Realm got, he didn't know whether they got the same trial as Ye Chen or different from the Trial that Ye Chen got.

"Then what if there isn't anyone who can make it through the first trial?" Ye Chen wants to know what if there isn't anyone who can get through this first trial.

"If no one can pass the first trial, then automatically you will try to pass the second trial yourself." Sun Yang told Ye Chen that if no one had passed the first trial, Ye Chen would automatically be alone in passing the second trial. .

"So that's how it is" Sun Yang's explanation made Ye Chen understand, so if no one passes the first trial, then Ye Chen will automatically pass the second trial by himself.

"You just wait here, I'll let you know when everything is over" Sun Yang told Ye Chen to just wait here while Nang Bu and the others tried to pass the first trial .

After Sun Yang said these words, now this place was completely silent, only the sound of the desert wind gusts could be heard around this place.

Chapter 579 - Evil Blood Crystals

Ye Chen was forced to have to wait for Whoever could finish the first Trial.

It was quite tedious when he had to wait for other people who had not completed this first trial.

As time began to pass, Ye Chen was currently sitting cross-legged on a Stone while waiting for the second Trial to start.

"Damn, it took so long." Ye Chen was getting annoyed because he was told to wait all this time, Ye Chen had already calculated the time, at least Ye Chen had waited for about 48 hours or about 2 whole days.

During these 2 days Ye Chen had only sat on a Stone while cultivating, there was nothing Ye Chen could do in this place, he could only wait while cultivating.

Indeed this is very tedious, but because Ye Chen wanted a valuable item that was owned by Sun Yang, Ye Chen had no other choice but to wait patiently.

When Ye Chen was very tired of waiting, suddenly a strange light enveloped him.

Ye Chen's gaze turned white when this light enveloped his body, Ye Chen couldn't see anything anymore, he didn't know what was happening at this time.

When Ye Chen regained his sight, he immediately looked around himself to find out where he was now.

Ye Chen found that he was transported to a very dense forest, this forest was filled with plants that were enormous in size.

Even the trees in this place can be around 5 km high.

Ye Chen felt that he became a super miniature human when faced with a tree this big and tall.

"Congratulations to those of you who have completed the first trial, you will continue to the second trial." Finally, Sun Yang's voice was heard again.

Sun Yang congratulated everyone who finished the first Trial.

"Alright, I will immediately tell you what this second Trial is like, in this second trial you have to find a red crystal that is scattered all over this place. Your target is 100 red crystals, if you can get 100 red

crystals and maintain it for the allotted time, then you will pass this second trial. "Sun Yang started telling everyone how to complete this second trial.

"In this second trial you can kill and seize crystals belonging to other parties that you two meet, the time for this trial is 3 days, after 3 days whoever manages to get 100 red crystals will Graduate" said Sun Yang to everyone.

Ye Chen started to listen to the rules that Sun Yang said, the point is that in this Trial, Ye Chen was one place with people who had succeeded in completing the first Trial.

That meant that God Realm people were around this place right now.

This time Ye Chen couldn't act carelessly anymore, he had to be careful not to get caught in the traps of those people from God Realm.

When Ye Chen was thinking about people from God Realm, suddenly in front of Ye Chen a pouch appeared that floated right in front of Ye Chen, Ye Chen did not understand why this pouch could appear in front of Ye Chen.

"This is a special pouch that you can use to store the crystals you are looking for." Sun Yang told Ye Chen and everyone that they could use this pouch to store the crystals they were looking for.

Ye Chen started to grab the floating pouch that was in front of him, he wanted to know what kind of pouch this was.

"hemm, This is like a storage ring, but it has a special barrier in it." Ye Chen saw that it was the same as a storage ring, but it was slightly different because this pouch had a strong barrier inside.

"Alright. The second trial officially begins, you can immediately search for the crystal." Sun Yang officially started the second trial, he told everyone to immediately go looking for the crystals scattered in this place.

Ye Chen didn't waste any time, he at full speed began to search for the location of the red crystal that Sun Yang had said.

Ye Chen started to go around this place, he was trying to find the red crystal that Sun Yang said.

"Where is the crystal." Ye Chen started looking around this place for the existence of the red crystal that Sun Yang had said.

Ye Chen even had to be willing to enter into a small gap to look for the red colored crystal that Sun Yang said.

After searching for about 20 minutes, Ye Chen finally managed to find a crystal that gave off a strange light floating above a tree.

"Could it be this crystal that is being searched for?" Seeing this red floating crystal, Ye Chen began to suspect that this was most likely the crystal he was looking for.

Sun Yang himself as the person who gave this Trial did not provide an overview of the crystal that should be searched for in such a wide area.

Sun Yang only said that the crystals to look for were red.

"Most likely this is the crystal you are looking for." Chu Yuechan told Ye Chen that this was most likely the crystal that Ye Chen was looking for.

"Let's take a closer look." Ye Chen decided to get closer to the crystal that was currently hovering above a tree.

After Ye Chen walked closer, he found that this crystal was red like blood, there was a dark aura stored in this crystal.

"This crystal is so terrifying, what exactly did the owner of the ancient tomb want with this blood crystal? "Ye Chen wants to know what Sun Yang will do with this crystal.

" master, This is an Evil Blood Crystal." Chu Yuechan told Ye Chen the name of this red crystal.

It turns out that this red crystal has the name Evil Blood Crystal.

"Evil Blood Crystal, isn't that a crystal that contains the Demon God's blood? ", Ye Chen said to Chu Yuechan.

Ye Chen of course knew quite a bit about the history of Blood Crystals, Blood Crystals came from the ancient Demon God that was injured during the great battle between God and Demon.

The blood of this scattered Demon God turned into Evil Blood Crystals that were scattered all over this world, and one of them was now in front of Ye Chen.

"Well that's true, the Evil Blood Crystal is a crystal that contains the blood of the legendary Demon God." Chu Yuechan confirmed Ye Chen's words.

Chu Yuechan didn't know what Sun Yang wanted, why did Sun Yang order Ye Chen to collect something like an Evil Blood Crystal, what Sun Yang really wanted.

"Let's collect these immediately so we can quickly get the target we want." Ye Chen started to use the bag he had previously obtained to store the Evil Blood Crystals.

After he finished saving the Evil Blood Crystals, Ye Chen immediately went to find another Evil Blood Crystal.

Ye Chen only got 1 piece, there are still 99 more targets to look for.

Ye Chen's time was very limited, he only had about 2 days, 23 hours, 30 minutes left to search for the Evil Blood Crystal.

This time is considered very small, considering that the Evil Blood Crystal is quite difficult to locate in such a wide area.

"Yuechan please help me find another Evil Blood Crystal." Ye Chen asked Chu Yuechan to Help Him find an Evil Blood Crystal.

Chapter 580 - Feud Between Master And Servant

It would take a while if Ye Chen searched for the Evil Blood Crystal by himself, it would be better to ask Chu Yuechan for help to help him obtain the Evil Blood Crystal.

That way Ye Chen could quickly get what he wanted.

"Okay, I'll try to help you." Chu Yuechan promised to help Ye Chen obtain the Evil Blood Crystal that he was looking for.

Ye Chen was very happy because Chu Yuechan wanted to help himself find the existence of the Evil Blood Crystal, Ye Chen was very sure that with Chu Yuechan's help, Ye Chen would very quickly get the Evil Blood Crystal easily.

Ye Chen immediately set out to look for the existence of the Evil Blood Crystal in this place.

When Ye Chen walked through this place, he found that around this place there were lots of magical beasts roaming around.

The magical beasts here are quite strong, even the magical beasts in the forest entrance to the Kunlun Holy Land cannot be compared to the magical beasts in this place.

Ye Chen didn't want to get too involved with the magical beasts in this place, he decided to avoid them and focus on looking for the Evil Blood Crystal.

With Chu Yuechan's help in a short time, Ye Chen had managed to obtain 50 Evil Blood Crystals, Ye Chen only needed 50 more to complete this Trial.

"Roar" a group of magical beasts shouted at Ye Chen, it seems that Ye Chen was found by the magical beast group.

This magical beast looks like a very large lizard with very large and sharp teeth.

"Lizard?" Ye Chen immediately knew what kind of magical beast was in front of him.

This Great Magical was enormous, the size was not at all normal for a Lizard monster

The Monster Lizard group went straight towards Ye Chen, they were trying to hunt down Ye Chen.

For the Lizard monsters, Ye Chen was a very delicious meal to eat.

"Move away, don't disturb my path." Ye Chen knocked the Lizard group away.

"Bam. . ." It was so easy for Ye Chen to hit one of the Lizard Monsters flying away from this place.

Seeing their friend being hit by Ye Chen, the other Monster Lizards tried to attack Ye Chen using the large tails they had.

The tail of the Lizard monster began to be enveloped by green light, it seemed that the Monster Lizard wanted to strengthen the power of their tail which they wanted to use to attack Ye Chen.

The tail of the monster Lizard began to hit Ye Chen's body.

Ye Chen currently looks just still doesn't move, he seems to have no intention of avoiding this attack.

"Bam. . . , Bam. . . , Bam. . . , Bam. . . ," Ye Chen was hit by the Monster Lizard's tail flick.

Because Ye Chen was crushed by a large number of the Lizard beast's tail, Ye Chen's current body was almost invisible.

The Lizard Monsters intend to pull their tails back, when they want to do that, some Lizard Monsters feel that their tails can't be pulled back.

When they looked at the tail they had, the Lizard monsters saw that their tail was being held by Ye Chen.

"I told you to get out of my way." Ye Chen looked annoyed that the Monster Lizard didn't want to get out of his way and instead tried to attack him.

Ye Chen gripped several Lizard's tails very firmly, he began to pull the tail of Lizard that he was holding, Ye Chen started spinning around like a Top spinning very fast.

Because the Lizard's tail was pulled by Ye Chen, the Monster Lizard also spun around like a Top.

After feeling that the spin he was doing was very fast, Ye Chen let go of the handle of the Lizard monster's tail.

The monster Lizard was immediately flown towards the horizon by Ye Chen.

Ye Chen was really no kidding, Ye Chen threw the Lizard monster away as far as possible.

The remainder of the Monster Lizard started to retreat little by little, they all started to be afraid after seeing Ye Chen be able to throw their friends so easily.

"Do you also want to try to fly like your previous comrades? ",Ye Chen smiled wickedly at the remaining Monster Lizard in front of him.

After hearing Ye Chen's words, the remaining Monster Lizard immediately fled from this place.

Even though they didn't know Ye Chen's words, they could see Ye Chen's evil smile that was intent on doing something bad to them.

Therefore, the Lizard monsters decided to run away from this place.

"Giggle." Chu Yuechan giggled when she saw the remainder of the Monster Lizard horde that was terrified by Ye Chen.

"Master, you are so evil, you actually made that little lizard scared like that." Chu Yuechan couldn't stop laughing when she saw what happened to the Monster Lizard horde who previously wanted to try to eat Ye Chen.

"What are small lizards, they look so big and scary." Ye Chen couldn't believe that Chu Yuechan would say that the Lizard monster just now was a small lizard.

Just about the size of a house with two floors, how could Chu Yuechan say that the Lizard was just now small.

"To me they are just small lizards. In God Realm, there are many monsters that are hundreds of times or even thousands of times larger than the super large stone warriors you previously fought," Chu Yuechan told Ye Chen.

Chu Yuechan had seen a monster that was even bigger than planet Earth, so it wasn't strange that he thought the lizard monster just now was small for once.

Ye Chen: "-_-".

Ye Chen was helpless, how could Chu Yuechan compare this lizard to the Magical Beast in God Realm, it was clear that in terms of the magical aspects of the beast in this place, it was nothing compared to the magical beast in God Realm.

"Master, in front there seems to be an Evil Blood Crystal that you are looking for, you better hurry before others get it." Chu Yuechan told Ye Chen to immediately take the Evil Blood Crystal that was in front.

"Alright, alright." Ye Chen understands, he will take the Evil Blood Crystal that is in front of him.

Ye Chen rushed forward, he went to the place where the Evil Blood Crystal was.

Again on the way Ye Chen met some magical beasts that blocked the way, Ye Chen didn't have time to face them all, he decided to hit and kick all the magical beasts that got in the way.

When Ye Chen arrived at the place where the Evil Blood Crystal was, he found that near this Evil Blood Crystal, there were two people who were fighting over the Evil Blood Crystal that was in front of them.

The two people fighting were of course Nang Bu and his own servant, they were currently fighting over the Evil Blood Crystal that was in front of them.

"You useless servant, how dare you go against your master's orders" Nang Bu looked very angry when he saw the servant who was in front of him dared to go against his orders.

"Hahaha, stupid Nang Bu, in this place you can't rule me, we are all here fighting each other over this crystal so don't expect that I will hand over this crystal for free to you." This servant is very brave to challenge Nang Bu who is the person he serve for a long time.
