

Chapter 581 - Benefit From Enemy Battles

This servant was already very disgusted by Nang Bu's arbitrary attitude towards all of them, the reason the servant still followed Nang Bu was because he needed resources to cultivate, by following Nang Bu the servant could get the resources to cultivate.

Now that the situation had become different, he now had a chance to obtain enormous resources, when this kind of situation arose, of course he would not hesitate to turn around and attack Nang Bu.

Nang Bu was furious when he heard this, it was unexpected that the servant he brought here would cause trouble for himself.

"Damn, how dare you betray me, I'll kill you" Nang Bu could not wait to kill the servant in front of him.

Nang Bu rushed towards the servant in front of him, he stretched out his hand to attack the servant in front of him.

From Nang Bu's hands appeared two boxing gloves which looked quite cool.

This boxing glove seemed like an artifact as it emitted a special energy.

Nang Bu's boxing gloves are at least Tier 5 ~ 6, Nang Bu's weapon is not bad, it's good enough to be used by Nang Bu who is in the 9th stage of Divine Nascent Realm.

"Bastard , go to hell" Nang Bu tried to hit the servant in front of him using the full strength he had.

"boom" A explosion occurred when the boxing gloves Nang Bu was wearing hit the ground.

Nang Bu did use all the strength he had, it was seen when he was able to make an enormous hole in the ground.

Luckily the servant was able to avoid the attack that Nang Bu had just launched, he looked very easy to avoid the attack that was just launched by Nang Bu.

"Too slow" the A said to Nang Bu that he was too slow.

Nang Bu was getting angry when he was belittled by a servant.

"Bastard watch out, I'll definitely kill you" Nang Bu began to lose control over himself.

Currently Nang Bu is only filled with anger and a very strong desire to kill.

Nang Bu again tried to attack the servant in front of him, this time he tried to move faster and more agile than before so that the attack he made was able to hit the servant in front of him.

This time the servant tried to attack Nang Bu using the one-handed sword weapon he had.

"Bam. . . , Bang. . . , bam. . . , Bang. . . , bam. . . , Bang. . . , "The two weapons owned by Nang Bu and the servant collided with each other and made a very strong blow.

Whenever the weapons belonging to the two met, there was bound to be a little shaking around this place.

"The two of them looked evenly balanced." In the distance, Ye Chen could see the battle that was taking place between Nang Bu and servant .

Ye Chen saw that the strength of these two people was balanced, it meant that this Nang Bu u0026 servant was quite strong.

"Master, you are absolutely right, the strength of the two of them is indeed balanced, but there is still a slight gap between the two." Chu Yuechan told Ye Chen that there was still a slight gap between the strength of Nang Bu and the servant.

It was clear that Nang Bu was still slightly superior to his servants.

"We'll see who will win, after all the strength of the two is only a little different." Ye Chen wanted to see who would win in this battle.

The strength of the two could be said to be almost the same, so it was quite difficult to determine who was the winner.

Ye Chen also didn't know what aces the two of them kept, it could be that they were holding a surprise for each other.

The two of them continued to fight as they seemed to want to kill each other.

Chu Yuechan's words had some truth in Nang Bu's current dominance over the servants.

If it continues like this then it won't be long for the servants to lose to Nang Bu.

"Hahaha, quickly give up and accept your death" Nang Bu laughed when he saw himself starting to corner the servant in front of him.

Nang Bu began to attack very fiercely, he was very sure that he would win against this lowly servant.

"You are too confident, feel this, Saber Stab." The servant took advantage of the carelessness of Nang Bu, he attacked Nang Bu whose defense was very weak because he attacked in such a ferocious manner.

The servant's sword is now in Nang Bu's left chest, it can be seen that the servant's sword has difficulty penetrating the flesh that is in Nang Bu's body.

The servant felt very strange when he saw the sword he had was unable to penetrate Nang Bu's body.

"You idiot do you think your weak weapon is capable of penetrating the armor that I have" Nang Bu told me that the weak weapon of the servant would not be able to penetrate his body.

Behind the clothes, Nang Bu is currently wearing a strong armor given to him by his father, with the strong armor that Nang Bu has, it is not strange that the servant's weapon is unable to penetrate Nang Bu's body.

"You die" Nang Bu took advantage of this opportunity to attack the servant in front of him.

"Bam" The defenseless waiter was immediately hit by Nang Bu and sent him flying several kilometers.

It was clear that after taking a direct hit from the boxing gloves Nang Bu was wearing, the servant just now was clearly going to be seriously injured.

Nang Bu would not just let go of the servant who had dared to betray him, he had to kill the servant to satisfy himself.

Nang Bu went towards the servant whom he had knocked bouncing several kilometers.

Nang Bu didn't realize that she had left the Evil Blood Crystal in this place with Ye Chen.

Ye Chen, who saw this, immediately went to take the Evil Blood Crystal in front of him.

"You idiot, how could that person leave the Evil Blood Crystal with me." Ye Chen was very happy, in the battle that the two of them fought, Ye Chen was the one who benefited.

Ye Chen immediately put the Evil Blood Crystal in the pocket, after putting the Evil Blood Crystal in the pocket, Ye Chen immediately left this place to find another Evil Blood Crystal.

Some time after Ye Chen's departure, Nang Bu returned with a quite disappointed face, he found that the servant he had just hit had escaped from this place.

Nang Bu had completely failed to kill the servant who had betrayed him.

"Wait, where's my red crystal?" Nang Bu started looking for where the red crystal that was before was here.

As he remembered red crystals should be in this place, after searching for a while Nang Bu still did not find his red crystal.

Nang Bu did not know that the red crystal that was hers was currently in Ye Chen's hand.

"Damn, who is the person who dares to steal my red crystal" after a while Nang Bu finally realized that the Evil Blood Crystal that he found had been stolen by someone when he briefly left this place.

Nang Bu was currently looking very angry, not only did he fail to kill the maid just now, he had also lost the Evil Blood Crystal he had.

"Just watch out you thief, I will definitely find you and take back my red crystal." Nang Bu swore that he would reclaim the Evil Blood Crystal from Ye Chen.

Chapter 582 - Enter To Monster Lair

Nang Bu tried to find out who was the person who had stolen his Evil Blood Crystal, if he knew who was the person who had stolen his Evil Blood Crystal, then Nang Bu would definitely make that person pay for having dared to steal his Evil Blood Crystal.

Nang Bu immediately went to check around this place, most likely the thief who had stolen his Evil Blood Crystal was here.

Nang Bu did not know that at this time Ye Chen had gone very far, it was impossible for Nang Bu to be able to catch up and catch Ye Chen.

"Hahahaha, that person is so stupid, he actually gave me an Evil Blood Crystal for free." Ye Chen looked very happy when he saw the stupidity shown by Nang Bu, that man from God Realm was not what Ye Chen imagined.

At first Ye Chen thought that people who came from God Realm were smart and intelligent , not unexpectedly that there were also stupid people like Nang Bu.

"Giggle, master, I really believe that this person is currently looking for your whereabouts." After that incident, Chu Yuechan was very sure that Nang Bu must be looking for Ye Chen's whereabouts who had stolen his Evil Blood Crystal.

"Hahaha, just let him look for me, after all he will definitely not be able to find my whereabouts" Ye Chen was very confident that he would not be found by Nang Bu.

Ye Chen didn't care if he was sought by Nang Bu, after all if that person dared to look for him, Ye Chen had so many ways to deal with Nang Bu.

Ye Chen decided to go find more Evil Blood Crystals, Ye Chen believed that soon he would get 100 Evil Blood Crystals and finish this Trial.

"Master, there is a cave on your right side that contains several Evil Blood Crystals." Chu Yuechan found another Evil Blood Crystal for Ye Chen.

"Yuechan, good job." Ye Chen praised Chu Yuechan for being able to easily find the Evil Blood Crystal that Ye Chen was looking for.

"Fufufu, thank you for the compliment." Chu Yuechan felt a little happy when he was praised by Ye Chen.

Ye Chen didn't waste any more time, he immediately went to the place where the Evil Blood Crystal Chu Yuechan had said.

When Ye Chen arrived in front of the cave that Chu Yuechan said, he found that the entrance to the cave was covered with an enormous cobweb.

From this cobweb, it could be seen that it had been a long time since anyone had entered the cave.

"Hey Yuechan, are you sure that in this cave there is an Evil Blood Crystal that we are looking for? "Ye Chen is a little doubtful that what he is looking for is in a cave with lots of cobwebs everywhere.

"You don't need to worry, I can guarantee that there are about 10 Evil Blood Crystals in there." Chu Yuechan could guarantee that there were at least 10 Evil Blood Crystals inside.

"What 10? , that's an enormous number. "Ye Chen didn't expect that in this cave there were 10 Evil Blood Crystals.

"Of course, what else are you waiting for. Hurry up and get it." Chu Yuechan told Ye Chen to go and take the Evil Blood Crystal that was in the cave.

Ye Chen understood, he immediately broke into the cave, when Ye Chen entered the cave, he found that it was very dark and humid inside.

Because it was too dark here, Ye Chen decided to use the profound flames he had as lighting, after Ye Chen used the profound flames this place became bright.

Now Ye Chen can see what's around this place, this place is empty, there's nothing around this place except cobwebs.

The Evil Blood Crystal that Ye Chen was looking for was at the very depths of this place, so Ye Chen had to go deeper to find the Evil Blood Crystal he was looking for.

Ye Chen walked down this place, when Ye Chen walked around this place, he found that something was watching him.

Feeling something was watching him, Ye Chen started to be very alert, Ye Chen kept looking around this place to find what was watching him.

Too bad Ye Chen didn't find any sign of someone watching him.

"Maybe it's just my feeling." Maybe it's just Ye Chen's feelings.

Ye Chen started to ignore this, he continued walking towards the inside of this cave.

A few minutes later Ye Chen arrived at the depths of this cave, when Ye Chen arrived at the depths of this cave, he found that in the depths of this cave there were indeed 10 Evil Blood Crystals that Chu Yuechan said.

Besides the Evil Blood Crystal Ye Chen saw that in this place there were several skulls scattered on the ground, these skulls were covered by a spider web that was enormous in size.

"Uh bones, don't tell me that someone has tried this trial before." Seeing that there were human bones, Ye Chen began to conclude that before him someone had come here.

Ye Chen wanted to get close and confirm whether this was a human bones or not.

When Ye Chen walked closer to where the bones was, he felt a danger approaching, felt a danger approaching, Ye Chen immediately retreated back.

"Boom." An explosion occurred right where Ye Chen was standing just now, after the explosion occurred dust began to envelop this place.

Ye Chen has now retreated backwards, fortunately he believed in his instincts, otherwise he might have been hit by the explosion just now.

After the dust disappeared, Ye Chen could see that a large monster had appeared in front of him, when the dust was completely gone, Ye Chen finally saw what monster was in front of him.

The monster in front of Ye Chen is a huge spider that looks very terrifying.

This spider seemed to lock its gaze towards Ye Chen, this spider monster had already confirmed that Ye Chen was an intruder who had infiltrated this place.

That's right, this cave is a nest belonging to this spider monster, it looks like the bones that are scattered in this place are people who have been trapped and died at the hands of this spider monster.

"Squeak. . ., Squeaked. . ., Squeaked. . .," Ye Chen heard a squeaky sound from behind his body, when he looked around, he saw that this place had been filled with spiders that were slightly larger than Ye Chen's size.

It seemed that these little spider monsters were the children of the big spider monster in front of Ye Chen.

It turned out that the gaze that Ye Chen had previously felt came from the gaze of this little spider monster.

The number of spiders in this place was at least more than a thousand, if trapped in this place with this many spider monsters, it would be quite difficult to come out alive.

No wonder there are a lot of human bones here, it looks like the people who were here before were trapped and couldn't get away from the spider monster.

"Gahhh." The huge spider monster started screaming in a rather loud voice towards Ye Chen.

After the big spider monster shouted, the little spider monster that surrounded this place, started shooting Ye Chen using the spider web it had.

Chapter 583 - Defeat The Spider Monster

Ye Chen was currently being showered by countless spider webs created by the little spider monster.

Ye Chen's body was quickly trapped in the spider web that was shot out by the thousands of spider monsters that were in this cave.

The spider web that binds Ye Chen's body is very sticky and very difficult to remove, it can be seen that this spider web has been strengthened by the spider monster to bind Ye Chen's body.

Ye Chen had a little trouble moving when trapped inside this spider web.

Seeing this spider's attack was quite difficult to unleash, Ye Chen was forced to release the profound energy he had, an extremely powerful aura began to envelop Ye Chen's body.

After Ye Chen brought out the strength he had, Ye Chen easily got rid of the spider web that was on his body.

Ye Chen started to look at the huge spider monster in front of him, if he wanted to take the Evil Blood Crystal, he had to defeat this monster first.

"Hey Chu Yuechan, you must have not told me this on purpose, right?" Ye Chen guessed that Chu Yuechan didn't tell Ye Chen that the cave he had just entered was a lair of monsters.

"Master, what do you mean?" Chu Yuechan pretended not to know anything about this.

In her heart Chu Yuechan giggled when she heard Ye Chen's words, from the start Chu Yuechan did not warn Ye Chen that this cave was a spider monster's lair.

If Chu Yuechan had told Ye Chen from the start that in this cave was a lair of large spider monsters, Chu Yuechan was very sure that Ye Chen would not enter here.

It was for this reason that Chu Yuechan didn't tell Ye Chen that this place was a spider monster's lair.

"Gahhh" The huge spider monster roared at Ye Chen, it seemed this monster was telling all the little spider monsters that were here to attack Ye. Chen.

Sure enough, after the roar of the big spider monster, the little spider monster started to go towards Ye Chen, the cave became slightly trembled as thousands of giant spider monsters moved towards Ye Chen.

Ye Chen saw that the spider monster was rushing towards him.

"I'm a little lazy to fight against these monsters. I better end this battle right away." Ye Chen felt a little lazy to fight the spider monster which was heading towards him.

"Frost Nova" From Ye Chen's hand began to glow a pale blue, this Ice-like blue light shot straight at the spider monster who was currently heading towards him.

"Clink." The little spider monster that was in front of Ye Chen turned into an Ice statue.

"Frost Nova, Frost Nova, Frost Nova, Frost Nova, Frost Nova, Frost Nova, Frost Nova, Frost Nova, Frost Nova, Frost Nova" Ye Chen repeatedly used the Frost Nova technique to attack all the spider monsters that were in this place.

"Clink, Clink, Clink, Clink, Clink, Clink, Clink," all the spider monsters that were in this place were very easily turned into an Ice statue by Ye Chen.

Even the biggest spider has now turned into an Ice statue.

"End." Ye Chen finished this battle very quickly.

Now he needed to do was take all the Evil Blood Crystal and leave this place.

Ye Chen immediately went to the place where the Evil Blood Crystal was.

"Crack. . ." When Ye Chen wanted to take away the Evil Blood Crystal that was in the distance, Ye Chen heard the sound of ice breaking.

Hearing this, Ye Chen immediately looked around, when Ye Chen looked back, he found that the biggest Spider monsters was freed from Ye Chen's Ice technique.

Ye Chen thought that the spider monster would freeze to death immediately after being hit by Frost Nova, but it seemed that the Frost Nova technique didn't really work on the biggest spider monster.

"Gahh." The biggest spider monster was furious when he saw Ye Chen freezing all the little spider monsters.

The biggest spider monster leaped towards Ye Chen, this time the biggest spider monster itself was going to fight Ye Chen.

The biggest spider monster jumped and charged towards Ye Chen using the sharp and pointed legs that this monster had.

" Breaking Meteor Blow" Ye Chen seemed unwilling to dodge, he decided to try to counter the attacks of the biggest spider monster using the Breaking Meteor Blow.

"Bamm" Breaking Meteor Blow collided with the spider monster's sharp and pointed legs.

The collision just now made an extremely powerful blow, the small spider monster around here instantly shattered into pieces when it was hit by the impact caused by Ye Chen's and the biggest spider monster's attack.

Ye Chen and the biggest Spider monster both retreated after making the exchange just now, it was obvious that this huge spider monster's strength was comparable to Ye Chen's.

Even though Ye Chen had gotten stronger now, even Nangong Xiang herself had said to Ye Chen that Ye Chen's strength was now comparable to cultivators at the intermediate stage of Divine Nascent Realm.

It was of course a little shocking for Nangong Xiang considering that Ye Chen was now only at the tenth stage of the Overlord Realm.

"This spider monster is strong." Ye Chen felt a little pain in his hand from the exchange just now.

If only Ye Chen didn't use the full strength he had, that Ye Chen could have had bad luck.

"Gahhh." The biggest spider monster was getting angry with Ye Chen, it started shooting several spider webs that were enormous in size towards Ye Chen.

Ye Chen used the profound flames he had to burn the biggest spider web that was pointing towards him.

When Ye Chen used Profound Flame, the temperature in this place started to become extremely hot.

The biggest spider monster started to retreat when Ye Chen let out an extremely hot profound flame.

Ye Chen saw that the spider monster was retreating when he let out a profound flame.

"Looks like this spider monster is afraid of fire." Seeing this, Ye Chen began to conclude that this spider monster was afraid of profound fire.

Knowing the weakness of the biggest spider monster, it was time for Ye Chen to defeat this spider monster.

Ye Chen started to climb up to the ceiling of the cave in this place, Ye Chen began to make a special move above the ceiling of the cave.

On the ceiling of the cave began to appear a black cloud, this black cloud made the atmosphere of the cave different.

"DESOLATE PALMS second finger" Ye Chen uses the DESOLATE PALMS technique.

A giant palm with an ancient aura shot out from behind the clouds, this palm was different from usual, this time the ancient palm that came out from behind the clouds was enveloped by a profound fire.

This palm went straight towards the biggest spider monster below.

Seeing the terrifying power emanating from the palm with an ancient aura, the biggest spider monster tried to escape from this place.

Too bad the biggest spider monster didn't have time to save itself, the DESOLATE PALMS technique already locked onto the biggest spider monster.

"Boom" an enormous explosion occurred when the giant palm slammed into the biggest spider monster.

This cave started shaking and collapsed when it received the intense shock.

After the explosion disappeared, below was a crater that looked like a giant palm.

The biggest spider monster had completely disappeared without leaving anything behind, it seemed like its body was yawning from being hit by the DESOLATE PALMS attack.

Chapter 584 - Learn New Techniques

"This time is completely finished." Ye Chen had killed the biggest spider monster that lived in this place, now he can take the Evil Blood Crystal.

Ye Chen went and took the Evil Blood Crystals he had, he immediately put 10 Evil Blood Crystals into the pouch.

"My goal has almost been achieved." With the addition of 10 Evil Blood Crystals, Ye Chen's goal of completing this trial would soon be fulfilled.

Ye Chen did not immediately leave this place, he first examined the human bones that were in this place.

This still makes Ye Chen very curious, whether before Ye Chen and the others came here, there were people who had come to this ancient tomb.

After Ye Chen checked the human bones in front of him, Ye Chen found that these bones were indeed bones belonging to a cultivator who was a long time ago.

Ye Chen could estimate that the lifespan of these human bones was around 1,000 years.

"So before me, has anyone come here?" This discovery made Ye Chen know that before him there were already cultivators who had come here.

Too bad these cultivators didn't get what they wanted and died in a place like this.

Ye Chen started to examine the bones of other humans in this place, there was one bone that Ye Chen was most interested in, the one that was cross-legged in a corner. It seems this person used to die while sitting cross-legged like this.

Ye Chen started going to look at the bones he was attracted to.

"What is this?" Right behind the sitting human bones, Ye Chen found that there was a small box that this person had purposely kept.

Out of curiosity, Ye Chen tried to take the box that was behind this human bone.

Ye Chen took the small box and started to open this small box, with Ye Chen's strength, it was quite easy for Ye Chen to open this box.

In this small box Ye Chen found a book and a paper that was folded very neatly.

Ye Chen immediately took out the book and paper that was in the box.

Ye Chen began to open and saw the contents of the folded paper very neatly.

The contents of this paper are written: "Inside this box contains a technique that can make you possess any object in this world, I hope the person who finds this box can take advantage of the techniques contained in it".

"Huh, what do these words mean? I don't understand at all." Ye Chen still doesn't understand what the words written on this paper mean.

In this paper it is said that someone who can find this box will be able to have all the objects in this world.

"Hmm, I don't understand what is written on this paper." Ye Chen decided to make the paper in his hand, he focused on looking at the book he got.

On the cover of this book, there is no writing explaining what kind of book is in it, to find out what is in the book, Ye Chen has to open this book and see what is in it.

Ye Chen started to open the book and saw what was in this book, he began to read what was in this book.

In the book in Ye Chen's hand were written copies of two techniques namely Perfect Steal and God Eyes, these two techniques had complete descriptions of how to cultivate them.

Perfect Steal is a technique that allows the user to take all the items that are the farthest away, which is 500 meters.

God Eyes is a technique that can make the user see through anything, even walls / barriers can be penetrated and seen if using this technique.

"These two techniques are pretty good." Ye Chen felt that these two techniques were good enough to use.

Although these two techniques are not combat techniques, they are still quite useful to use in certain situations.

"Master, it looks like you found a very excellent technique, isn't that God Eyes technique most sought after by every man in this world?" Chu Yuechan said to Ye Chen.

"Huh, what's wrong with the God Eyes technique?" Asked Ye Chen to Chu Yuechan.

"_-_", Chu Yuechan was helpless, Ye Chen still didn't understand that the manual he had in his hand was so great.

"Master, just imagine, with this God Eyes technique you can see through the clothes of every woman you meet, no matter if they create a barrier, you can still see it." Chu Yuechan told Ye Chen about the greatness of the God Eyes technique just now obtained.

After hearing Chu Yuechan's words, Ye Chen realized that he had just discovered a technique that could see through anything in this world, that included breaking through the clothes that belonged to every woman he met.

When Ye Chen thought that he could see through the clothes of beautiful women, this made Ye Chen very excited.

"Fine, I'll save this and study it." Ye Chen decided to save this technique, he couldn't wait to learn this God Eyes technique.

Chu Yuechan shouldn't have told Ye Chen earlier, what Chu Yuechan was doing now was making the position of women all over the world a prey for Ye Chen.

Ye Chen already got what he wanted, now is the time for Ye Chen to go out and find a very quiet place to try to learn the two techniques he just acquired.

Inside this cave, it may be very quiet, the problem is that Ye Chen feels uncomfortable being in a cave like this, Ye Chen feels that he can't concentrate when he is in a place filled with bones.

"Sir, I don't know what your name is, but thanks to the techniques that exist within this box, I hope you can rest in peace in this place." Ye Chen prayed that the person who owned this box would rest in peace in this place.

After doing that, Ye Chen actually left this cave.

After leaving the cave, Ye Chen immediately darted towards a very quiet and calm place to learn the Perfect Steal and God Eyes that he had just obtained.

Ye Chen finally found a very suitable place to study the Perfect Steal and God Eyes techniques, he began to study the techniques he had acquired.

Ye Chen still had a fair amount of time before this Trial ended, so he could still casually learn the Perfect Steal and God Eyes techniques.

Ye Chen started to sink while learning the Perfect Steal and God Eyes techniques that he had just obtained, Ye Chen didn't realize that 2 hours had passed while he was learning the Perfect Steal and God Eyes techniques.

Within 2 hours, Ye Chen was able to use Perfect Steal and God Eyes almost perfectly.

"Time to try again." This time, Ye Chen wanted to try the Perfect Steal and God Eyes techniques he had just learned again.

First of all, Ye Chen wanted to try the Perfect Steal technique he got. "Perfect Steal" Ye Chen tried to take the pebble which was about 100 meters from where Ye Chen was.

The stone that was 100 meters from where Ye Chen was standing immediately disappeared and appeared on Ye Chen's palm.

Seeing this, Ye Chen immediately smiled with great joy, he was finally able to learn the Perfect Steal technique.

Now it's time for Ye Chen to try God Eyes technique, is Ye Chen really able to see through anything when using this technique.

"God Eyes" Ye Chen used the God Eyes technique, when Ye Chen used the God Eyes technique, he found that he could indeed see through all objects that were blocking his vision.

Now that Ye Chen could see everything in front of him with absolute clarity, nothing could obstruct Ye Chen's vision, including a barrier.

Ye Chen felt that his eyes seemed to be able to see anything at a great distance.

"This is so great." Ye Chen felt that this was so great, he did not think that he could see through anything.

This was different from Ye Chen's ability to only glance at the object he focused on, now Ye Chen could see through everything in front of him very clearly.

Even the dust that was hundreds of kilometers away could easily be seen by Ye Chen.

Ye Chen continued to use the God Eyes technique to look around this place, with the God Eyestechnique Ye Chen was sure he could find the Evil Blood Crystal very easily.

Chapter 585 - Power Of Perfect Steal

When Ye Chen used the God Eyes technique, he found that there was currently a battle between Nang Bu and two men.

The two men who were currently fighting Nang Bu were Nang Bu's servants, one was the servant that Nang Bu had previously injured and the other seemed to come to help the injured servant.

The two of them were currently trying to join hands to defeat Nang Bu.

"How interesting." From far away, Ye Chen could see the battle that Nang Bu and the other two were fighting.

From here Ye Chen could see a powerful battle that these three people were fighting.

In this battle the strength between Nang Bu and the two servants seemed comparable.

Ye Chen didn't need to know the reason the three of them were fighting, which was definitely the reason the three of them fought over the Evil Blood Crystal.

What reason would the three need if it weren't for the Evil Blood Crystal.

"What a coincidence there are three of them, it's time for me to try out the new technique I got." Ye Chen wanted to try the Perfect Steal technique on these people.

Ye Chen immediately stopped use the GodEyes technique that was being used, it was as if Ye Chen was going to the place of the great battle that had taken place between Nang Bu and his two servants.

In just an instant, Ye Chen had reached the close of the battle that were waging Nang Bu and his two servants.

Since the maximum distance to use Perfect Steal is 500 meters, Ye Chen has no choice but to get closer to being able to use Perfect Steal.

Because the three of them were fighting very seriously, they weren't aware of Ye Chen's arrival.

"Hehehehe, let's try to take these three people's pouch" Ye Chen couldn't wait to try to use the Perfect Steal technique on these three people from God Realm.

"Perfect Steal" Ye Chen's first used Perfect Steal towards Nang Bu, when Ye Chen did this, in the palm of his hand appeared a pouch that held the Evil Blood Crystal.

Ye Chen immediately looked at this pouch to find out how many Evil Blood Crystals Nang Bu had gotten.

It turned out that the Evil Blood Crystals that Nang Bu got was quite a lot too, this person managed to get around 23 Evil Blood Crystals.

"Hehehe, not bad." Ye Chen laughed evilly when he saw that in this bag there were 23 Evil Blood Crystals.

Ye Chen immediately took the Evil Blood Crystal out of this pouch and moved it into the pouch he had.

In an instant, Ye Chen had transferred Nang Bu's Evil Blood Crystal to his pouch, after he finished moving the Evil Blood Crystal into his pouch, Ye Chen immediately threw Nang Bu's pouch aside.

After getting Nang Bu's Evil Blood Crystal, it was time for Ye Chen to take the Evil Blood Crystal pouch belonging to the two servants who were fighting Nang Bu.

"Perfect Steal, Perfect Steal" Ye Chen directed Perfect Steal towards the two servants who were fighting against Nang Bu.

Two pouch reappeared in Ye Chen's palms, Ye Chen immediately saw how many of Evil Blood Crystals were in these two pouch.

The total Evil Blood Crystals in this bag were 16, so Ye Chen's Evil Blood Crystals were even 100.

"Hehehe good, I finally got what I wanted" Ye Chen was very satisfied to see the use of Perfect Steal, this technique is really very helpful for Ye Chen.

Ye Chen managed to take what he wanted, there was nothing more Ye Chen could do in this place, it was better to let these three fools fight as they pleased.

Ye Chen immediately slipped away from this place, until Ye Chen left, Nang Bu and his two servants still didn't know that the pouch containing their Evil Blood Crystal had been taken by Ye Chen.

What these three people did was pointless anymore, what the three of them were fighting over right now was already in Ye Chen's hands.

"Quickly hand over your red Crystal to me" Nang Bu ordered the two servants in front of him to hand over the Evil Blood Crystal to him.

"Do you think we fools are willing to hand over the red Crystal that we have worked so hard to get" One of the servants answered Nang Bu's question.

The servants refused to hand over the Evil Blood Crystal they had so painstakingly earned over to Nang Bu, after all, who is the fool who would want to hand over the Evil Blood Crystal they had worked so hard to get to someone like Nang Bu.

"You bastard, then don't blame me for killing the two of you." Nang Bu has lost his temper so much, he currently really needs the Evil Blood Crystal.

The time that Nang Bu has is running low, if Nang Bu doesn't immediately get 100 Evil Blood Crystals then he won't be able to pass this Trial.

Nang Bu began to raise the boxing gloves he had, he prepared to use her best technique to kill the two servants who had betrayed her.

Nang Bu began to gather a large amount of strength into one of his hands.

When Nang Bu did this, the area around Nang Bu started to shake, it felt like a very strong earthquake.

The ground around Nang Bu began to crack and crumble when Nang Bu released this powerful energy.

"This is bad", the two servants felt threatened when they both saw that Nang Bu intended to use the mainstay technique he had against the two of them.

Too bad these two servants don't have enough time to escape from the attack that Nang Bu will launch.

So like it or not the servants have to fight Nang Bu by using the mainstay techniques they have.

"Feel this, Super crushing punch" Nang Bu immediately launched the strongest attack he had towards the two servants in front of him.

Nang Bu hit with all his might towards the front, "Boom" a very strong explosion occurred when Nang Bu hit forward.

This explosion is very powerful, this explosion can sweep away everything in front of him, the forest in front of Nang Bu was swept away by this explosion.

Tens of kilometers of forest immediately flattened to the ground when he received the attack that Nang Bu had just launched.

"Hahahaha, die you two" Nang Bu looked very satisfied when he managed to hit the two useless servants he had.

Now it was time for Nang Bu to see if the two servants were dead or alive.

Nang Bu went to look for the whereabouts of the two servants who had just been hit by the super crushing punch, when she found two servants who had been hit by the super crushing punch.

Nang Bu found that the bodies of the two servants had been badly destroyed, even these two servants became quite difficult to recognize because their bodies were destroyed quite badly.

Nang Bu didn't care what happened to these two people, what Nang Bu wanted was the Evil Blood Crystal that they both had.

Nang Bu started looking for the Evil Blood Crystal pouch on the bodies of these two people, too bad after looking for a while, Nang Bu did not find what he was looking for.

"Damn, where these two people keep their red crystals" Nang Bu cursed because he did not find the Evil Blood Crystal pouch in the bodies of these two people.

Nang Bu was getting more and more dissatisfied, he kicked the bodies of these two very hard.

Chapter 586 - Pass The Second Trial

Nang Bu tried to take his Evil Blood Crystal pouch to see how many Evil Blood Crystals he had obtained.

When Nang Bu grabbed the Evil Blood Crystal pouch that he had, Nang Bu found that the pouch he had was gone.

"Wait a minute, where is my pouch" Nang Bu began to be confused looking for the pouch containing the Evil Blood Crystal that he had.

"Could it be that it fell somewhere?" Nang Bu started to suspect that his pouch fell somewhere.

That pouch is a very important thing for Nang Bu, there is no way that Nang Bu could drop something that important.

"Damn, why today I'm so unlucky" Nang Bu feels that today he is very unlucky, today he has had bad luck twice, first the Evil Blood Crystal was stolen by an unknown person and the second was a pouch containing Evil His Blood Crystal was gone.

Nang Bu did not waste the time he had, he immediately went to find the pouch he had, when Nang Bu was looking around this place, he found that his pouch had indeed fallen on the ground.

Seeing that it was the pouch he had, Nang Bu immediately went to take a look, when Nang Bu took the pouch he had, Nang Bu found that the Evil Blood Crystal that was in this pouch was gone.

"What?, Where is my red crystal?" Nang Bu was very surprised when he found that the in this bag were no longer there.

All the Evil Blood Crystals he possessed had completely disappeared somewhere.

"Bastard" Nang Bu threw his pouch aside, when he threw his pouch aside, Nang Bu found that there were two more pouches used to store Evil Blood Crystals.

"Wait a minute, whose pouch is that?" Nang Bu is curious about the other pouchs in this place.

Nang Bu began to take and look at the contents in the pouch, after he saw the contents in this pouch he found that these two pouchs were similar to Nang Bu's own, all the contents in them were no longer there.

"There must be someone who has taken the contents in this pouch" Nang Bu began to suspect that someone had taken the contents in his pouch and the other two pockets.

Nang Bu still didn't know who the person had done this.

Ye Chen's new skills were so great, there was no way that Nang Bu would have realized that the person who had taken his pouch was Ye Chen.

"Damn , I have to find someone who has dared to take my red crystal." Nang Bu swore that he would find someone who had dared to take his Evil Blood Crystal.

Nang Bu immediately went to look for traces of Ye Chen's whereabouts, Nang Bu hoped that he could find traces of Ye Chen.

Currently Ye Chen has found a very comfortable place to wait for time, now all Ye Chen needs to do is wait for the Trial time to run out.

"Hahahaha this is very easy, now I can relax while waiting for time to run out" Ye Chen was very happy, he had finished get 100 Evil Blood Crystals.

"If it weren't for the technique you just acquired I believe that you currently still haven't obtained 100 Evil Blood Crystals, "said Chu Yeuchan to Ye Chen.

"You're absolutely right, I didn't expect that this Perfect Stealtechnique was so extraordinary." Ye Chen must admit that the Perfect Steal technique he got was really good.

No wonder the contents of the letter had told Ye Chen that the contents in the box could make someone get what they wanted, apparently this was the reason.

With the Perfect Steal technique Ye Chen can take whatever he wants as long as it is within a 500 meter radius.

Time passed Ye Chen spent his time cultivating and practicing.

Until now, Nang Bu still did not find Ye Chen, so Ye Chen felt very, very peaceful.

"Time's up, for those who don't have 100 Red Crystals it will be considered a failure in this second trial." Sun Yang's voice sounded extremely loud all over this place.

After Sun Yang's words sounded, Ye Chen was suddenly enveloped by a white light.

After Ye Chen was covered by this white light, he no longer saw anything in front of him, everything in front of Ye Chen also turned white.

Ye Chen didn't know where he was going to move, whether there was still a third Trial or not.

When Ye Chen regained his sight, he found that he was currently standing in front of a door that looked very strange.

This door looks like it has carvings of the moon and dark clouds, the carvings on this door must have a meaning, otherwise it is impossible for someone to bother to carve this door.

Ye Chen wanted to know what kind of door was in front of him, he wanted to open it and find out what was inside this door.

When Ye Chen touched the door in front of him, he found that the door in front of him gave off a purple light.

Purple light began to envelop Ye Chen's body, when this purple light enveloped his body, Ye Chen felt that his body was like being sucked into this door.

"Master of caution this is. . ." Chu Yuechan tried to warn Ye Chen, unfortunately at this time Ye Chen couldn't hear anything from Chu Yuechan anymore.

Ye Chen was sucked into this strange door, when Ye Chen was sucked into this strange door the consciousness that Ye Chen had completely disappeared.

.
. .
. .
. .

Time had passed so long ago, finally after a while Ye Chen woke up.

When Ye Chen woke up, he found himself in a room with a very nice ancient interior.

Ye Chen looks confused, he doesn't know where he is right now, Ye Chen's mind is also very chaotic, he feels that he doesn't remember anything anymore.

"Click" Suddenly the door to this room was opened by someone, Ye Chen became very alert when he heard the door to this room being opened.

When Ye Chen went to look at the door, Ye Chen found that two very beautiful women had entered this place.

One of the beautiful women had snow-white hair and the other one had golden hair which was very beautiful.

These two beautiful women were of course Dongfang Xiu and Nangong Xiang who were the most beautiful goddesses in the current God Realm.

Ye Chen felt very confused when he saw Dongfang Xiu and Nangong Xiang who were in front of him.

"Ye Chen, are you awake?" Dongfang Xiu and Nangong Xiang gave Ye Chen a very gentle smile.

The smiles of Dongfang Xiu and Nangong Xiang were very beautiful, Ye Chen looked dazed when he saw the smiles possessed by these two beautiful goddesses.

Dongfang Xiu and Nangong Xiang approached Ye Chen, they both sat on Ye Chen's right and left.

Currently two of the four beautiful goddesses sat on Ye Chen's right and left, this was probably a scene that no one in this world could possibly imagine.

Ye Chen still didn't understand what was happening at this time

Chapter 587 - Endless Illusions

"Hey Ye Chen, how are you?" Nangong Xiang asked about the situation from Ye Chen.

"I'm fine." Ye Chen told Nangong Xiang that he was fine.

"By the way, why are you two here?" Ye Chen wants to know how Dongfang Xiu and Nangong Xiang can be in the same place as this time.

Dongfang Xiu should be currently in the God Realm, but why was she suddenly with Nangong Xiang, this made Ye Chen feel very strange.

"You're still asking why the two of us are here, aren't the two of us here worrying about you?" Cold Goddess Dongfang Xiu this time really looked very attentive to Ye Chen.

Ye Chen had never seen Dongfang Xiu care so much about himself to this point.

"Is it true?" Ye Chen just became even more confused, he started to become embarrassed when Dongfang Xiu became like this.

"Forget about it, let's do something more fun." Suddenly Dongfang Xiu and Nangong Xiang started to take off the clothes they were wearing.

Ye Chen who was in front of the two of them was quite surprised when he saw what Dongfang Xiu and Nangong Xiang were doing.

These two beautiful goddesses actually took off the clothes they were wearing in front of Ye Chen.

Right now the beautiful goddess Dongfang Xiu and Nangong Xiang were naked right in front of Ye Chen.

Two extremely perfect bodies belonging to Dongfang Xiu and Nangong Xiang were presented right in front of Ye Chen, this was a scene that Ye Chen would never have imagined in this life.

"Damn they are both too hot." Ye Chen saw that Dongfang Xiu and Nangong Xiang currently looked very seductive, they both had a charm that could confuse any man who saw them.

After taking off the clothes they had, Dongfang Xiu and Nangong Xiang climbed onto the bed, the two of them started to approach Ye Chen who was currently lying on the bed.

"Ye Chen let us help you." Dongfang Xiu took the initiative to help Ye Chen take off his clothes.

With very skillful moves, Dongfang Xiu could easily take off the clothes that Ye Chen was wearing.

Now Ye Chen only wore a man underwear on his body.

Ye Chen didn't know that Dongfang Xiu would be so brave like this, this Goddess of Cold was really very brave enough to take off the clothes that Ye Chen was wearing.

Seeing the beautiful bodies of Dongfang Xiu and Nangong Xiang that were so perfect, Ye Chen was of course very excited, Ye Chen's younger brother who was below started to raise his spear very high.

When Dongfang Xiu let go of the final barrier blocking younger brother Ye Chen, Ye Chen's enormous younger brother appeared.

"Fufufu, this is really very big." Dongfang Xiu looked surprised when she saw Ye Chen's large object.

Dongfang Xiu started holding Ye Chen's large object, she started to try this big thing's taste.

On the other hand Nangong Xiang tried to tease Ye Chen's upper body, Nangong Xiang kissed and started to play with Ye Chen's upper body.

Ye Chen looks troubled when teased by two beautiful goddesses who serve him above and below, for Ye Chen this stimulation is truly extraordinary, he has never felt stimulation like this.

Somehow the temptation of the beautiful goddess Dongfang Xiu and Nangong Xiang was too extraordinary, Ye Chen was confused by these two beautiful goddesses.

Ye Chen began to sink into the abyss of passion, what he wanted now was to try the tastes of these two beautiful goddesses.

Ye Chen's mind was now very empty, what was in his mind at this time was to do these two beautiful goddesses in front of him.

Ye Chen had even forgotten that the purpose he came to the ancient tomb was to get the treasures that were in the ancient tomb, it was unexpected that at this time Ye Chen would even be affected by this illusion in front of him.

Until now, Ye Chen was still not aware that what was in front of his eyes was just an illusion, the two beautiful goddesses Dongfang Xiu and Nangong Xiang were not in front of Ye Chen from the start.

What is in front of Ye Chen is just an illusion that will not end unless Ye Chen can fight it.

If Ye Chen fell into this illusion, then Ye Chen would be trapped in this illusory world forever.

Most people fail this Third Trial's test, the 3rd Trial's test is passing through an endless illusion, without a strong heart and will, it's very difficult to pass this Third Trial.

The door that Ye Chen just touched was the door to the endless world of illusions, whoever touched the door earlier would be trapped into an endless world of illusions.

Ye Chen currently still looks very confused, for some reason he feels that something is wrong with him.

"Ye Chen, why did you stop, come here quickly." Illusion Dongfang Xiu and Nangong Xiang tried to invite Ye Chen.

The illusions of Dongfang Xiu and Nangong Xiang were so seductive, there was no way an ordinary man could endure the temptation of the two beautiful goddesses of the God Realm.

"Not . . ., you are not Dongfang Xiu and Xiang who have eyebrows." After a very hard struggle, finally Ye Chen realized that the two beauties in front of him were not Dongfang Xiu and Nangong Xiang who Ye Chen knew.

There was no way that Dongfang Xiu and Nangong Xiang who Ye Chen knew would do something shameless like this, it was obvious that these two weren't Dongfang Xiu and Nangong Xiang.

"Ye Chen, what are you saying, this is us, don't you want to do something fun with the two of us." Nangong Xiang's illusion tried to persuade Ye Chen with very seductive words.

"That's absolutely right, come on over here and we can do something fun for the three of us." Dongfang Xiu's illusion was the same, she tried to persuade Ye Chen to do something fun.

"You two swindlers , quickly get out of my sight." Ye Chen tried to drive away the two con artists who were trying to confuse him.

The illusions of Dongfang Xiu and Nangong Xiang were easily pushed away by Ye Chen.

When the illusions of Dongfang Xiu and Nangong Xiang were chased away by Ye Chen, the nice room around Ye Chen started to blur and disappeared too.

Around Ye Chen now was only endless darkness.

"Master, you finally woke up, I thought you wouldn't be able to get out of that illusion." Chu Yuechan looked happy when she saw that Ye Chen had awakened.

"Yuechan what just happened to me? "Ye Chen is currently feeling dizzy and looks quite confused by what just happened.

"You just got caught in an endless illusionary technique, if you didn't fight back then you would be trapped in that illusion forever." Chu Yuechan told Ye Chen that he had just been trapped in an illusion without end.

"So that's how it is." After receiving Chu Yuechan's explanation, Ye Chen finally understood why he could meet Dongfang Xiu and Nangong Xiang who were seductive like that, it turned out that what he saw was just an illusion.

Fortunately, previously Ye Chen was not fooled by the illusion of Dongfang Xiu and Nangong Xiang, otherwise it was possible that Ye Chen would forever be trapped in that illusion.

Chapter 588 - Sun Yang Is Demon

"Where is the exit to this place? "Ye Chen is trying to find the exit from this dark place.

When Ye Chen looked around, he found that in the distance there was a bright speck of light that was slightly dazzling.

This possibility was the exit that Ye Chen was looking for, Ye Chen immediately went over to confirm that this was the exit he was looking for.

In just seconds, Ye Chen arrived in front of the exit he was looking for, Ye Chen immediately went to the exit of this dark place.

When Ye Chen came out of the darkness, he was greeted by a place that was very magnificent, this place was very beautiful, in this place there was a large statue made of gold.

What was engraved in this statue was a middle-aged man wearing an armor that looked very cool and very manly.

right in the middle of this place was a coffin that seemed to be sealed using a special seal that was extremely complicated.

"Hahahah, you finally come here." Suddenly in front of Ye Chen, a middle-aged man appeared wearing a very cool armor.

The person in front of Ye Chen looks like a Gold statue standing in front of Ye Chen.

" Who are you ? ", Ye Chen immediately asked who the middle-aged man was in front of him.

"Hahaha, idiot, this I am Sun Yang who gave you the Trial just now." The middle-aged man who was in front of Ye Chen started to introduce himself.

It turned out that the middle-aged man in front of Ye Chen was Sun Yang who had given Ye Chen the Trial.

"Oh so you are Sun Yang, so where's the legacy you said earlier? " Ye Chen immediately asked where the inheritance kept Sun Yang.

"Hahaha, you're too hasty, first where are the red crystals I told you to collect earlier" Sun Yang asked Ye Chen, where the Evil Blood Crystal had been collected by Ye Chen.

Ye Chen took the Evil Blood Crystal pouch and showed it to Sun Yang.

Looking at the Evil Blood Crystal in Ye Chen's hand, Sun Yang looked very excited.

"Quickly give it to me." Sun Yang asked for Ye Chen's Evil Blood Crystal.

"Wait a minute, quickly show me the legacy you have?" "Ye Chen can't easily hand over his Evil Blood Crystal, he wants to see the legacy left by Sun Yang first.

"kid, if you give the Evil Blood Crystal to me, I will immediately give my legacy to you." Sun Yang told Ye Chen gave the Evil Blood Crystal to himself, he would immediately give his inheritance to Ye Chen.

Ye Chen was not stupid, he felt that something was wrong with Sun Yang, why is Sun Yang so eager for the Evil Blood Crystal he has, what does Sun Yang need with this Evil Blood Crystal.

"You tell me first what you want to do with this red crystal." Ye Chen asked what Sun Yang wanted to do with the Evil Blood Crystal.

Ye Chen pretended that he didn't know about the Evil Blood Crystal, this was done so that Sun Yang would not be suspicious of him.

"Well if you want to know, actually the red crystal in your hand is a key used to unlock the legacy I left behind." Sun Yang told Ye Chen that the Evil Blood Crystal was the key used to unlock his inheritance.

" How to ?" Ye Chen asked Sun Yang.

"The method is very easy, if you put the red crystal on top of the coffin, the coffin will open, all the inheritance I left is in it," Sun Yang told Ye. Chen if the legacy he left behind is under the coffin.

Ye Chen began to look at the coffin in the middle of this hall, the coffin in the middle of this hall was indeed sealed by something very strong, even Ye Chen could not possibly break this seal.

"Master, this person is tricking you, the treasure you want is not in that coffin, the real treasure is under that Golden statue." Chu Yuechan warned Ye Chen if Sun Yang is trying to lie to Ye Chen.

It was clear that Chu Yuechan did not sense the treasures within the coffin, so it was likely that there were only bodies belonging to people who had died.

Hearing Chu Yuechan's words, Ye Chen became increasingly suspicious of Sun Yang, why would this person even want to deceive him, actually this person is willing to give his inheritance or not.

Ye Chen wanted to know what was in the coffin that was in the middle of this hall, he tried to use God Eyes to find out what was inside this coffin.

When Ye Chen saw using God Eyes, he found that in this coffin there was a body that was sealed using a very strong chain.

This body did not resemble the statue in front of Ye Chen at all, it looked more like a demon belonging to a very terrifying body.

Seeing this strange thing, Ye Chen immediately turned his gaze to Sun Yang who was in front of him, when Ye Chen saw Sun Yang who was in front of him using God Eyes, he found that the Sun Yang who was in front of him did not look like the golden statue in this place, this person looked more like the body inside this coffin.

It was clear that the Sun Yang in front of Ye Chen was disguising himself as a figure that closely resembled the statue in this place.

This discovery clearly made Ye Chen even more suspicious that the person in front of him was lying and planning something terrible.

"What are you waiting for, hurry up and give the red crystal to me, don't you want the legacy I have? " Sun Yang asked Ye Chen.

"Of course I want an legacy in this place, but it looks like you are lying to me, it is clear that in this coffin there is no treasure or legacy, and one more thing why do you pretend to be a figure in the statue. "Ye Chen started to unpack one by one the oddities he had found.

He felt that the soul of this person in front of him was using Ye Chen for his own benefit.

"Hahahaha, so I've been caught, what a very smart young man, it's only fitting that you can overcome all the obstacles in this place." Sun Yang's appearance began to change, now Sun Yang who is in front of Ye Chen looks like a demon that looks so terrible.

"Master, be careful, this soul in front of you is actually a demon." Chu Yuechan warned Ye Chen that what was in front of Ye Chen was a soul belonging to a demon.

Hearing Chu Yuechan's warning, Ye Chen immediately retreated as fast as he could.

Ye Chen's guess turned out that there was something wrong with this Sun Yang who was in front of him.

"kid, hurry up and give me that Evil Blood Crystal you have, if you don't give the Evil Blood Crystal to me , I'll kill you." The demon in front of Ye Chen said to Ye Chen to immediately hand over all the Evil Blood Crystals in Ye Chen 's hand.

Chapter 589 - Against Demon

Ye Chen saw the demon in front of him, it turned out that until now he had been tricked by this demon, from the beginning Sun Yang was not a God of war, he was only a demon from the beginning who wanted to free the main body he had.

From the start, both Ye Chen and everyone were mistaken when they thought this was an ancient tomb belonging to God of War, it turned out that this was a prison for the Demon in front of Ye Chen.

No wonder Chu Yuechan did not know who the God of War was, from the beginning there was no God of War at all.

"Yuechan, how strong is this demon soul in front of me?" Ye Chen asked how strong this demon soul in front of him was.

"Even though it's just a soul, the power of this demon soul is quite strong, with your current strength you will definitely be very difficult to defeat this demon." Chu Yuechan told Ye Chen that the demon in front had very strong power.

At least the current Ye Chen was no match for the demon in front of him.

"Is that so?" Ye Chen didn't expect that after he came this far, he would end up with such troublesome trouble.

"Kid, what are you waiting for, quickly hand over the Evil Blood Crystal to me" demon told Ye Chen to quickly hand over the Evil Blood Crystal to himself.

"Master, don't let this demon get the Evil Blood Crystal, if he is free from the seal, the earth will be very chaotic." Chu Yuechan told Ye Chen not to give the Evil Blood Crystal to the demon in front.

"I see, I will try not to give this Evil Blood Crystal to this demon." Ye Chen understood that this Evil Blood Crystal was the key to the Demon being freed from the seal that sealed his real body.

"Hurry up, my patience has a limit" Demon told Ye Chen to hand over the Evil Blood Crystal immediately before the Demon does anything bad to Ye Chen.

"I will not give you the Evil Blood Crystal." Ye Chen refused to give the Evil Blood Crystal to the demon in front of him.

"Damn it, if that's what you want, then I'll take it by force." The demon advanced towards Ye Chen, he was currently trying to take the Evil Blood Crystal that was in Ye Chen's hand.

Seeing the demon approaching him, Ye Chen immediately tried to attack the demon in front of him.

"Frost Age." Ye Chen tried to freeze the demons that were heading towards him.

The demon in front of Ye Chen stopped and turned into ice.

"It's easier than I thought." Ye Chen felt that this was easier than he thought, the demon in front of him was very easily sealed by the Frost Age technique that Ye Chen had just used.

"Master, don't be happy just yet." Chu Yuechan warned Ye Chen to be displeased so quickly.

"Crack" after Chu Yuechan's words came out, Ye Chen heard the sound of ice breaking, the demon in front of Ye Chen was already freed from the shackles of Ice.

"Hahaha, your technique is quite unique, but too bad you are still too weak to be able to use it to its fullest." Demon must admit that the techniques used by Ye Chen are very unique.

If only Ye Chen had a much higher strength than this time, surely the demons would find it very difficult to deal with Ye Chen.

Luckily Ye Chen is not that strong, so the demon can easily deal with Ye Chen.

"Prepare to die, Darkness Palm." The palm of the demon began to be enveloped in a terrifying dark aura, it seemed that the demon was planning to attack Ye Chen using this dark palm.

"Nine Shadow Step" Ye Chen tried to avoid the attack that the devil was making.

"Bam" the demon's attack missed and hit the floor below.

The floor that was hit by Demon's palm instantly turned dark.

"That's a very dangerous attack." Ye Chen could predict that if he had been hit just now, he would definitely look like the floor had turned dark when hit by the Darkness Palm.

"Again you can avoid my attack, it looks like you do have an ability that is quite unique" demon praised Ye Chen's ability again.

Ye Chen didn't care about this person's praise, all Ye Chen wanted was to end this battle as quickly as possible.

"What if we make a special offer." demon tried to make an offer to Ye Chen.

"Huh, what are you talking about? "Ye Chen doesn't know what kind of offer the demon in front of him wants to make.

"If you give the Evil Blood Crystal to me, I will give you a power and the most powerful power in this world." demon made a very tempting offer to Ye Chen.

"Do you think I am a fool who will be fooled for the second time, you have tricked me by pretending to be the God of War who owns this place, do you think your words will work on me? "Ye Chen doesn't believe the demon's words in front of him anymore.

Ye Chen had already been tricked by this demon, there was no way he would be fooled again the second time around.

"kid, I've given you opportunities many times, but still you don't use the opportunities I gave you, this time I will really seriously kill you." demon seems to have no words for Ye Chen, now he really will kill Ye Chen.

The demon rushed towards Ye Chen at maximum speed, this time the demon looked more serious about killing Ye Chen.

"Bam. . . , Bam. . . , Bam. . . , Bam. . . , "Ye Chen and demon exchanged several strikes, in this exchange Ye Chen was completely suppressed by the demon.

"There is no other choice." Ye Chen had no other choice but to open the Sage God's Flame Veins, if Ye Chen didn't open the Sage God's Flame Veins he wouldn't be able to fight this demon.

"Booom. . . , Booom. . . , Booom. . . , "After Ye Chen opened the Sage God's Flame Vein, he felt a huge force flowing through his body, Now Ye Chen's strength has increased tens of fold.

" One Hundred Thousand Fire Swords" near Ye Chen immediately appeared a thousand silver flying flames.

This time Ye Chen didn't use the profound flames that he had, Ye Chen this time used the Heavenly Silver Flame to deal with this demon.

" What ! ! ! , you have a Heavenly Flame. "The demon was a little surprised when he saw Ye Chen had a Heavenly Flame on his body.

"Of course I have it, with the Heavenly Silver Flame that I have, I can definitely kill you." Ye Chen was a little satisfied when he saw the demon in front of him was shocked when he saw that he had the Heavenly Silver Flame.

"Hahahaha that's great, I changed my mind and didn't kill you, I'd better make you a loyal puppet who will serve me" demon changed his mind, he won't kill Ye Chen.

Instead of killing Ye Chen, it would be better for him to use Ye Chen as his servant, with Ye Chen's Heavenly Silver Flame, it must be very helpful for him.

Chapter 590 - Pieces Of Chest Armor

"Dream, it will never happen." Ye Chen would never want to become someone else's puppet, it would be better for Ye Chen to die than to become a puppet controlled by Demon.

"Hahaha, it's a shame you don't have a choice here." The Demon told Ye Chen that Ye Chen didn't have a choice here.

The demon began to unleash a very terrible power of darkness, this place began to shake a little when the Demon brought out the power of darkness he had.

Even though this demonic power of darkness was extremely terrifying, it was still incapable of causing this place to collapse.

This place is very sturdy, if this place is not sturdy, then maybe this place will become a prison for this demon in front of him.

"Get ready." The demon began to use the darkness around him to attack Ye Chen.

"Move forward." Ye Chen started to control his thousand flying swords towards the Demon.

"Clang. . . , Clang. . . , Clang. . . , Clang. . . , Clang. . . , "The sound of the collision between the Heavenly Silver Flame and the power of darkness was inevitable.

Even though Ye Chen had already used the sage God's Flame veins, he was still unable to fight against the darkness possessed by the Demon.

The darkness possessed by this demon was truly terrifying, Ye Chen's several fire swords were sucked in by this darkness.

"I'm still not worth fighting this demon." Ye Chen was still unable to fight this demon in front of him.

The demon in front of Ye Chen was too strong for Ye Chen who had used the Sage God's Flame Veins.

"God Fire Sword." Ye Chen decided to use the strongest fire technique he had.

The thousand silver flames immediately coalesced into a flaming sword that emitted an aura even stronger.

The power of a thousand flaming swords is now within this one sword, now that the thousand swords are focused on a single point, that means the power of this one sword is extremely terrifying.

"Take this." Ye Chen tried to use the God Fire Sword to fight the demons.

The God Fire Sword advanced towards the demon

"Darkness Palm" The devil tried to fight against Ye Chen's God Fire Sword using only his bare-handed technique to deflect Ye Chen's God Fire Sword.

"Booom" The enormous explosion occurred when the God Fire Sword met the Darkness Palm.

This explosion was so enormous that it limited Ye Chen's vision.

Since this room wasn't very big, it wouldn't be strange that the explosion just now filled this place so easily.

After the explosion ended, this place was enveloped by a dense smoke.

"Is it working?" Ye Chen wants to know whether the attack just now can defeat the demon or not.

When the smoke started to dissipate from this place, Ye Chen saw that the demon was still in front of Ye Chen, just like the attacks made by Ye Chen had no effect on demons.

"That hurt quite a bit earlier too" Demon told Ye Chen that the God Fire Sword technique earlier hurt him a little.

Demon's words made Ye Chen very humiliated, he couldn't believe that such a powerful technique was unable to kill this demon in front of him.

"What should I do in a situation like this" Ye Chen was trying to think how he could beat this demon in front of him.

Ye Chen couldn't possibly sustain using Sage God's Flame Veins any longer, his body wouldn't be able to use Sage God's Flame Veins for too long.

After thinking for a while, Ye Chen finally had a way that might help him in this kind of situation.

"Hei Yuechan." Ye Chen called Chu Yuechan's name.

" Yes, what is up ? " Chu Yuechan answer Ye Chen.

"Do you think the treasure under the statue can help me fight this demon? "Ye Chen wants to know if the treasure under the statue can help Ye Chen fight this demon.

"I don't know, ." Chu Yuechan herself was not very knowledgeable about the matter.

The problem was Chu Yuechan didn't know whether Ye Chen could use that thing or not.

If Ye Chen wanted to use the treasure under the statue, Ye Chen had to be recognized as the master by that thing.

"I see, you also don't know whether it can help me or not." It seemed like Ye Chen had no hope of this.

"It's not like that, the problem is I don't know whether you can use that thing or not, to use a strong thing usually has to be recognized by the thing itself." Chu Yuechan told Ye Chen to use that thing, Ye Chen had to be recognized as the master by that thing.

"So that's how it is, then let's just try it" because Chu Yuechan said that, Ye Chen wanted to try it, if indeed Ye Chen couldn't use the thing under the golden statue, then Ye Chen had no choice but to fight against demons with all the abilities he had.

"Perfect Steal" Ye Chen tried to use Perfect Steal to take the treasure under the statue.

When Ye Chen used Perfect Steal ,right on Ye Chen's palm a piece of chest armor appeared.

Ye Chen was a little confused when he saw this piece of chest armor.

"Wait, what does this mean?" Ye Chen was a little confused when he saw this piece of chest armor.

"No way, how did you get that armor" Demon started to panic when he saw the armor in Ye Chen's hand.

The demons immediately rushed over to take the armor that was in Ye Chen's hand.

"Master, what are you waiting for, hurry up and try using that piece of armor." Chu Yuechan told Ye Chen to try the pieces of armor in his hand.

"Okay, I'll try." Ye Chen understands, he will try to use this piece of armor on his body.

Ye Chen started trying to put this piece of armor on his chest, when Ye Chen tried to put this armor on his chest, he found that the armor on his chest was now shining like a golden light.

" Noooooooooooooooooooo . . . "The devil screamed hysterically when he saw that Ye Chen could use pieces of chest armor.

"Booom." A golden light began to envelop Ye Chen's body, this golden light immediately knocked the demons back far away.

Ye Chen's body which was covered by golden light began to float into the air, the golden light enveloping Ye Chen began to turn into a cool full armor that was very similar to that worn by the golden statue in this place.

Ye Chen's body is now covered by an armor that looks really cool. Behind Ye Chen's back appeared 10 wings made of golden light.

The armor that Ye Chen wore looked like an angel that came down from heaven.

"Impossible, impossible, impossible." The demon continued to say impossible after seeing that the piece of chest armor that Ye Chen was wearing would be like that.

After using a piece of chest armor, Ye Chen felt that his body was enveloped by an extremely powerful force, Ye Chen had never felt this kind of power flowing around his body.

With this kind of power flowing around his body, Ye Chen felt confident that he could do whatever he wanted.
