His figure now is not like before, he now has a height of 182 cm, his body is no longer thin like it used to be and now it is filled with muscles, his face is very handsome, his hair is long because it is not cut. For one and a half years.

Ye Chen got up from the bed. He tipped his sign into a ponytail and left out of the ancient house.

Ye Chen immediately flew towards the forest and left the wheel of time. He looked around to find subjects. Ye Chen immediately landed in front of the fire fangs wolf, saw the arrival of Ye Chen. The fangs of the fire fist immediately roared and put on standby mode.

The wolf of fire fangs was getting closer but Ye Chen did not dodge or dodge it. Ye Chen instead raised his hand Bamm! Ye Chen's hands gripped the wolves' fire fangs and raised them into the air.

The two hot fangs were as if he could not hurt Ye Chen's palm, Ye Chen then twisted his body 360 Degrees and He turned faster and Ye Chen Threw the wolf of fire fangs into the air.

The fire fang wolf was thrown for tens of miles and finally hit the ground and made a hole as large as hundreds of meters

Seeing the fire fang wolf run away Ye Chen ah shook his head " Too bad even though I just started warming up "

"Chen" when ye Chen was about to look for new monsters to warm up A familiar voice called to him so he turned "over".

"Chen come with me there are important things I want to tell you" then Gu Xuan went towards the house, Ye Chen flew behind Gu Xuan.

"Sit down" Ye Chen immediately sat opposite Gu Xuan, "master. There are important things you want to tell you.

"It has been almost 20 months since I trained you and you also have mastered all the skills that I have, now is the time for you to go to your place of origin and solve your own (Ancient) body problems".

Ye Chen "I Understand Teacher"

"And remember well my last words, protect what is guarded for you even though the whole world is hostile to you and in this world strength is everything if you have no power then you will be trampled by strong people and all things that are guarded will be stolen from you" .

Gu Xuan was right one and a half years ago when Ye Chen did not have the strength of the thing he was guarded and loved to steal from the strong and rich, and when he decided to climb the path to eternity he swore in the future to protect the precious things he had.

"And make sure you do not expose the inheritance of a sage god because if it is known by greedy people, it will be dangerous for you." Gu Xuan advised Ye Chen the words he said were very serious.

"Even including the person closest to me, teacher? "Ye Chen asked

"Master" Ye Chen immediately stood up and tried to support him.

"Sorry Chen, I can't tell you that, when I remember that mistake, my heart felt stabbed by hundreds of knives so I'm sorry I can't tell you." Gu Xuan tried to stabilize his sitting position.

Ye Chen actually asked what was wrong that made his daughter angry with him but seeing the teacher's current condition he did not dare to ask and just nodded "good teacher I promise if one day I have great strength then I will take care of your daughter". Ye Chen patted his chest while promising.
