

A True God 681

### **Chapter 681: an alchemical battle challenge from Ye Chen**

So it's not strange that Hong Tei is called the King Pill, Hong Tei's ability has been recognized by all the great cultivators in the Kunlun Holy Land.

"So you are a student of Hong Tei, it is fitting that you have great abilities like this, it turns out that you are a student of a King Pill" Qin Shao looked surprised after hearing that Kang Dim was a student of Hong Tei.

No wonder Kang Dim's abilities are much higher than Min Cu's, it turns out that he is a student of an Alchemist master like Hong Tei.

Under the direction of a great person like Hong Tei a person like Kang Dim could definitely become an extremely powerful Alchemist.

Min Cu was quite surprised to find out the identity possessed by the enemy he had just fought, which didn't expect Kang Dim is a student of a very great person.

After finding out that Kang Dim was a student of a great Alchemist like King Pill, Min Cu finally accepted the defeat that had happened.

Wu Ping was currently raising the eyebrows he had, Wu Ping didn't expect that Kang Dim was King Pill Hong Tei's disciple, so it would be very difficult to deal with this matter.

Wu Ping's plan to get Qin Shao out of the Shen Clan might be a little difficult if it involved a person like Hong Tei who had considerable strength by his side.

"Caiyi, who is Hong Tei, is he a great person" Ye Chen asked about Hong Tei to Nanhua Caiyi who was beside him.

Nanhua Caiyi came from the Kunlun Holy Land, she should have known about Hong Tei or King Pill which made everyone shocked when they heard it.

"Sister Caiyi, who is Hong Tei, is he really such a great person that everyone here respects him a lot?"

"Zhao Yanyan also wants to know about this from Nanhua Caiyi, she wants to know who it is Hong Tei that these people are talking about.

"Hmm, Hong Tei is the most talented Alchemist ever in the history of the Kunlun Holy Land, he is a person who has abilities that no one can match until now".

"Because of the prowess possessed in making a Pill many strong people in the Kunlun Holy Land want to befriend him, even the strong people who are currently at the peak of power in the Kunlun Holy Land become good friends of Hong Tei, if anyone those who dare mess with Hong Tei, then they will receive consequences that no one imagined." Nanhua Caiyi told Ye Chen and Zhao Yanyan about Hong Tei that these people were talking about.

Hong Tei is a very great person, he has a connection with strong people in the Kunlun Holy Land, if anyone dares to mess with Hong Tei, they will immediately become enemies of the strong cultivators who are currently occupying the peak of strength in the Kunlun Holy land.

That's why people avoided looking for trouble with Hong Tei or they would be sent to their funeral.

"Then where did Hong Tei come from?" Ye Chen asked where Hong Tei came from.

"If I'm not mistaken Hong Tei is an elder of the Gates of Eternity Sect." Nanhua Caiyi told Ye Chen that Hong Tei came from the Gates of Eternity Sect.

Hearing what Nanhua Caiyi just said, Zhao Yanyan immediately felt displeased with Kang Dim who became a student of Hong Tei.

Zhao Yanyan already considered the Gates of Eternity Sect to be her enemy, so she disliked everyone who came from the Gates of Eternity Sect.

It seemed that the people from the Gates of Eternity Sect were arrogant people, first Hong Won and now Zhao Yanyan saw that Kang Dim was also very arrogant towards everyone who was here.

When he heard that Hong Tei was from the Gates of Eternity Sect, Ye Chen made an evil smile towards Kang Dim.

"So this person is from the Gates of Eternity Sect, how interesting, Yanyan, do we need to embarrass this person?" Ye Chen asked Zhao Yanyan who was beside him.

"Husband, let's help grandfather Wu and make people regret that they dare to come here." This time Zhao Yanyan immediately supported Ye Chen, she supported Ye Chen to humiliate a man named Kang Dim.

"Hahahaha, sir Qin, now you know that my friend has a great teacher and is very influential, if only you had fought then this matter would be complicated" Shen Fuma very arrogantly said to Qin Shao.

Shen Fuma shamelessly used Hong Tei's status to bully Qin Shao and Wu Ping, this way Qin Shao and Wu Ping would definitely not dare to sound dissatisfied in this matter.

If previously Qin Shao and Wu Ping had dared to voice their dissatisfaction in the match just now, they would definitely get into trouble from Hong Tei.

"Okay Mr. Qin, let's get out of this place, Duke Wu goodbye hahahaha" Shen Fuma invited Qin Shao to leave this place, before leaving Shen Fuma did not forget to humiliate Wu Ping in front of everyone here.

It was rare for Shen Fuma to be able to humiliate Wu Ping like he is now.

The current Wu Ping could only grit his teeth, he did not expect that he would be humiliated by a junior like Shen Fuma in front of everyone like this.

"Hey wait a minute" When Shen Fuma, Kang Dim and Qin Shao wanted to leave the Qin pavilion, suddenly there was someone who dared to stop the three of them.

Hearing that someone dared to stop the three of them, Shen Fuma immediately turned around to see who had dared to stop him.

When Shen Fuma turned around, he saw a handsome young man standing several tens of meters away from him.

Next to this young man were two extremely beautiful women that Shen Fuma had never met in this life, the beauty of these two women could not be described because they were too beautiful, in this royal capital there were hardly any young women who could be compared to the two beauties, who was beside young man

Shen Fuma and Kang Dim were a little excited when they saw the beauty that the two beautiful women who were beside the young man had, both of whom wanted to take the two beautiful women beside young man away with them.

The handsome young man standing in front of Shen Fuma was of course Ye Chen, Ye Chen stopped Shen Fuma who wanted to run away from this place.

Ye Chen couldn't possibly let Shen Fuma escape from this place, he had to make this man pay for daring to cause trouble in this place.

" what do you want from me ?" Shen Fuma asked what Ye Chen wanted from him.

Although Shen Fuma answered Ye Chen's question, Shen Fuma's vision was currently focused on the two beautiful women who were beside Ye Chen.

Shen Fuma's eyes couldn't leave his sight from the two beautiful women who were beside Ye Chen's left and right.

"I want to fight an Alchemical battle with you, do you dare to accept my challenge" Ye Chen didn't want to mince his words, he told Shen Fuma that he wanted to do an Alchemical battle with Kang Dim who was beside Shen Fuma.

Hearing Ye Chen's words just now, everyone here was completely dumbfounded, they didn't expect that Ye Chen would dare to challenge Kang Dim in an alchemical battle.

### **Chapter 682: Your bet is too small**

The people here didn't hear wrong just now when Ye Chen challenged a great alchemist like Kang Dim.

Kang Dim is a very great and talented Alchemist, after seeing the ability that Kang Dim just showed in the Alchemical battle against Min Cu.

Everyone here knows how great the strength Kang Dim possesses, with the Alchemist skills that Kang Dim currently has, it is possible that no young talent is capable of fighting Kang Dim in terms of Alchemy.

And now they saw that there was a fool who had just challenged Kang Dim to an alchemical battle.

These people thought Ye Chen was a fool for daring to challenge a great Alchemist like Kang Dim.

"Huh?, You want to challenge my friend who is a student of King Pill Hong Tei, are you not joking with us." Shen Fuma felt that Ye Chen was a fool who dared to challenge him.

"Why is it that if your friend is a disciple of King Pill, I want to challenge him, are you afraid to fight with me?" Ye Chen said to Shen Fuma and Kang Dim with provocative words that were quite harsh.

Ye Chen used provocative words to lure Shen Fuma and also Kang Dim to compete with him.

The best way to deal with arrogant people is in a slightly provocative way, that way they will feel angry and want to fight against Ye Chen.

"Hahahaha, afraid of you, are you joking with me, I Shen Fuma will never be afraid of anyone." Hearing this, Shen Fuma burst out laughing, he had never heard words like what Ye Chen did at this time.

"Then what are you waiting for, hurry up and accept the challenge that I give you , if you really dare with me" Ye Chen told Shen Fuma to accept the challenge he just said.

"How interesting, no one has ever dared to challenge me in the way you do now." Shen Fuma felt called by the challenge given by Ye Chen, he felt that he wanted to make this handsome young man know who he was.

"Okay, I will accept the challenge you gave, but we have to make a bet so that the losing party can feel the consequences." Shen Fuma accepted Ye Chen's challenge, he showed a condition that is a bet with Ye Chen.

Ye Chen smiled when he heard Shen Fuma ask himself to bet, from the start this was what Ye Chen wanted from Shen Fuma, because Shen Fuma originally wanted to bet with him, Ye Chen is naturally happy about this ,so if Shen Fuma loses later he has no reason not to obey him

"OK, I agree with this, it won't be an interesting thing if there is no stake in the Alchemical battle." Ye Chen easily agreed with what Shen Fuma wanted.

"Ye Chen, what are you doing?" Wu Ping suddenly came in front of Ye Chen, he tried to stop Ye Chen who was trying to find trouble with Shen Fuma and Kang Dim.

Wu Ping was not afraid to fight the Shen Clan, but when it came to Kang Dim who was Hong Tei's disciple, Wu Ping couldn't do too much in this matter.

One lose was enough for today, Wu Ping didn't want Ye Chen to suffer again in front of Shen Fuma and Kang Dim.

" Grandfather Wu, you don't have to worry about this matter, I just want to see how great the person who becomes disciple from King's Pill, I want to know if he's really good or not. " Ye Chen told Wu Ping not to worry about him.

Ye Chen had full confidence to overcome these two people.

Wu Ping "but the problem.. .".

"Grandfather, believe in Ye Chen, he must be able to fight this man very easily." Zhao Yanyan who was beside Ye Chen tried to convince Wu Ping that he would believe in Ye Chen.

Zhao Yanyan really believed in Ye Chen, Ye Chen would be able to overcome Kang Dim very easily.

"Hohoho, Duke Wu so apparently this guy is your people, interesting." Shen Fuma just found out that Ye Chen and Zhao Yanyan are people from the Wu Clan.

When he found out that Ye Chen was from the Wu Clan, Shen Fuma wanted to make a bet with Ye Chen even more.

It was rare for Shen Fuma to humiliate the Wu Clan twice in a row like this, he wouldn't have missed something like this.

"Then let's just start the Alchemical battle, my friend is ready whenever you want" Shen Fuma told Ye Chen to start the Alchemical battle they had agreed on.

"Then what will you bet in the Alchemical battle this time" Ye Chen asked what would be at stake by Shen Fuma is in the match this time.

"I will bet 50 Purple Profound Crystals, instead, I want the two women beside you if you lose." Shen Fuma immediately bet all the Purple Profound Crystals he has to bet with Ye Chen, this man is also very outspoken wanted Zhao Yanyan and Nanhua Caiyi who were beside Ye Chen.

Everyone gathered in this place was shocked when they heard the bet that Shen Fuma had just said, 50 Purple Profound Crystals was an enormous amount, this was enough for the cultivators here to increase their strength so quickly.

"Kid, don't mess with my granddaughter or you will suffer the consequences" Wu Ping was furious when she found out that Shen Fuma wanted Zhao Yanyan as a bet.

Wu Ping was very sensitive about Zhao Yanyan, of course he would be very angry when he heard that Shen Fuma wanted Zhao Yanyan as a bet.

"Grandpa calm down." Seeing Wu Ping getting out of control, Zhao Yanyan tried to calm down Wu Ping from doing something unreasonable.

Zhao Yanyan also actually disliked what Shen Fuma had just said, Zhao Yanyan was currently trying to remain calm and not provoked by Shen Fuma's words.

"Hahaha isn't the bet you gave that is very small." Ye Chen laughed when he heard the bet that Shen Fuma had just said.

Once again, Ye Chen made all the cultivators here constantly dumbfounded, the people around here at this time wanted to beat up With stupid Ye Chen.

50 Purple Profound Crystals was an enormous amount, it was enough to build a mansion that was magnificent and magnificent.

If 50 Purple Profound Crystals were used to go to a brothel, a person could stay in the brothel for a number of years.

It was for this reason that the people who were here wanted to hit Ye Chen for daring to say that 50 Purple Profound Crystals was an extremely small amount.

For the people who were here 50 Purple Profound Crystals was quite a lot, but for Ye Chen 50 Purple Profound Crystals was an infinitesimal amount, it was not worth wasting time on a bet like this.

"Then what do you want from me?" Shen Fuma asked Ye Chen what he wanted from him, Shen Fuma wanted to know what Ye Chen wanted.

"I want 50% of the total territory of your Shen Clan", Ye Chen said that he wanted 50% of the territory owned by the Shen Clan.

### **Chapter 683: issued a Tier 9 Armor Set to bet on**

"Huh? , A are you kidding me? "Shen Fuma still can't believe what he just heard.

Ye Chen really wanted 50% of the territory that the Shen Clan had, this was the craziest thing Shen Fuma had ever heard.

Not only did Shen Fuma feel that Ye Chen was a lunatic, the cultivators in this place also felt that Ye Chen was a very insane person, he wanted something completely absurd like the 50% of the Shen Clan territory.

The Shen Clan territory was 50% large enough to create a trading area that was twice as large as the Wu Clan Territory they currently occupied.

It could be imagined how valuable the Shen Clan's 50% territory would be.

"I'm not kidding with you, what I said was really serious." Ye Chen put on a serious face towards Shen Fuma.

"Hahaha" Shen Fuma burst into laughter at Ye Chen, Shen Fuma thinks Ye Chen is like a stupid clown who is making a joke for himself.

"Hahaha, you are really very funny, you look like a stupid clown cheering everyone here, hahahaha" Shen Fuma kept laughing out loud when he heard the ridiculous thing that Ye Chen just said.

"Hahahaha" almost everyone in the crowd laughed along with Shen Fuma, they also thought that Ye Chen looked like a clown entertaining the audience.

Wu Ping still didn't understand what Ye Chen wanted, why did Ye Chen embarrass himself like this.

Ye Chen looks normal when laughing by everyone here, to Ye Chen this person actually looks like an ignorant fool, so it's better for Ye Chen to ignore these people.

"Don't you dare accept a challenge from me, then why not just say it earlier" Ye Chen said to Shen Fuma who was currently still laughing at himself.

Hearing Ye Chen's words Shen Fuma immediately stopped laughing, he looked at Ye Chen who was currently making a serious expression.

"I certainly still dare to accept your challenge, but the stakes you said earlier are completely incomparable to what you have right now." Shen Fuma told Ye Chen that he did not have something equal to 50% of the Shen Clan's territory.

"Really, then how about this." Ye Chen took out something from the fairy gate storage room, he put the item he picked up in front of everyone who was here.

The item that Ye Chen just took was a set of armor that looked really good, plus the aura of Ye Chen's armor set was incredible.

The people here could confirm that this was a set of high ranking artifacts that were extremely rare to find.

"What is that?" Shen Fuma immediately asked what Ye Chen just brought out.

"This is a rank ninth artifact set, I think it is quite valuable as a bet item." Ye Chen told Shen Fuma that this was a Tier nine armor set.

"Huh?" Shen Fuma looked dumbfounded when he heard what Ye Chen just said.

If I heard correctly, Ye Chen just said that this is an Artifact that is in tier 9.

This is something that Shen Fuma never imagined, it is necessary to know that in this Kunlun Holy Land, the highest artifact is usually at Tier 4 and 5, while Tier above is an artifact that is very difficult to find, only strong people can own artifacts above Tier 5, Tier 5 and above artifacts are extremely expensive, even the Shen Clan which is a large Clan only has One artifact in the 6th tier, it is also an heirloom left by the Shen Clan ancestors.

This is why Shen Fuma was surprised when he heard Ye Chen say that this armor set was at Tier 9.

"You're not kidding me, are you serious?" Shen Fuma asked Ye Chen if he was joking or not.

"Why am I joking with you, I'm really telling the truth, if you don't believe you can see it for yourself" Ye Chen didn't play around when he took out the tier nine armor set he got from exploring Devil's prison.

Ye Chen still had quite a few sets of armor like this, so it didn't matter if he used one to bet with Shen Fuma.

Ye Chen himself knew that in this Kunlun Holy Land it was very rare for High Tier artifacts like this, surely Shen Fuma would easily be attracted and want this Tier 9 armor set.

Shen Fuma was an extremely greedy person, if he had found out that this was a high level armor set, he would definitely try to get this rare set for himself.

Shen Fuma started to approach and looked at the Tier 9 armor set that Ye Chen had just issued, when Shen Fuma took a closer look, he found that this was really a very high class artifact.

Even the heirloom artifacts that the Shen Clan possessed were far inferior when compared to the armor set that Ye Chen had just released.

"This really is a armor set Tier nine" Shen Fuma said what said Ye Chen becomes a truth.

The cultivators who had previously insulted Ye Chen were now dumbfounded, their jaws opened so wide they could even touch the ground.

They couldn't believe that the person they just laughed at had a tier 9 set of armor.

This was something that made no sense to everyone in this place.

Everyone of course knows that the artifacts in tier 9 are extremely valuable and invaluable.

Moreover, what Ye Chen just took out was a complete set, it meant that it was far more valuable than the entire territory that the Shen Clan currently had.

Wu Ping still couldn't believe that Ye Chen had a Tier 9 armor set, he tried to get closer and see for himself the armor set that Ye Chen had just issued.

When Wu Ping saw for himself the set of armor that Ye Chen had just released, Wu Ping was a little shocked, he couldn't believe that Ye Chen actually had a tier 9 armor set.

"This is really genuine" Wu Ping also strengthened the authenticity of the set. the armor that Ye Chen just took out.

Hearing Duke Wu say that this is real, everyone started to believe that the set of armor that Ye Chen just brought out was an artifact that was in tier 9.

"How would you bet with me or not? ", Ye Chen asked Shen Fuma if he would have a bet with himself.

Shen Fuma started to look at the artifact that Ye Chen had just released, if he could get this from Ye Chen, then Shen Fuma would get an enormous contribution to the Shen Clan.

That means Shen Fuma will certainly become the Clan Master of the Shen Clan, if he succeeds in getting this from Ye Chen.

Shen Fuma had already decided that he had to get this Tier 9 armor set from Ye Chen no matter what.

Shen Fuma is very confident in himself, he is sure that Kang Dim will be able to win the match very easily.

"Hey Kang Dim, what percentage do you trust against this young man?" Shen Fuma asked Kang Dim, he wanted to know the confidence that Kang Dim would have if he went against Ye Chen.

#### **Chapter 684: Ye Chen Vs Kang Dim (1)**

"Don't ever underestimate me, in this Kunlun Holy Land there is almost no one who can beat me in terms of alchemy, so I have above 90% confidence to beat this person." Kang Dim told Shen Fuma that he had full confidence to fight Ye Chen. .

Kang Dim is very confident in his Alchemist abilities, so it's not strange that he dares to guarantee that he can win against Ye Chen.

"My friend , i will never underestimate the abilities you have, but this young man is a little strange if I have to say" Shen Fuma feels that Ye Chen is a little strange and mysterious, even Shen Fuma finds it difficult to understand Ye Chen.

"You don't need to be afraid of someone like him, I am here, I will definitely beat him very easily." Kang Dim told Shen Fuma not to be afraid of Ye Chen, as long as he is there everything will be fine.

"Very well, then I will accept this person's bet." Shen Fuma will make a bet with Ye Chen.

"So what decision did you make?" Ye Chen was tired of waiting for too long, he wanted to hurry up and make this person feel the consequences for looking for trouble in this area.

"Okay, I agree, I'll bet 50% of the Shen Clan territory with you." Shen Fuma finally agreed to make a bet with Ye Chen.

Everyone held their breath when they saw the bet made by the two, the bet made by Ye Chen and Shen Fuma was enormous, this was the biggest bet these people had ever seen.

News of this kind would very quickly spread throughout the royal capital, it would be an enormous matter to talk about.

"Good, let's get started right away." Ye Chen nodded with satisfaction when he saw Shen Fuma accept his challenge, now Ye Chen just needs to beat Kang Dim in the alchemical battle.

"So what kind of alchemical battle do you want?" Kang Dim asked about the alchemical battle that Ye Chen wanted.

"What tier of pills can you currently make?" Ye Chen asked Kang Dim what tier Pill he could make.

"I can make pills in tier 4" Kang Dim told Ye Chen that he could make pills in Tier 4.

Everyone was quite surprised when they heard that Kang Dim could make a pill in Tier 4 at such a young age, they did not expect that a young man like Kang Dim could already make Pills that are in Tier.

"Alright, then let's make pills that are in tier 4" because Kang Dim can make pills at Tier 4, Ye Chen will fight with Kang Dim in making Tier 4 pills.

Actually, Ye Chen can make pills with more Tier. high again, but he didn't want to do that, Ye Chen just used Tier 4 Pills to beat Kang Dim.

"Are you serious about fighting me on the Pill that is Tier 4? "Kang Dim doesn't believe that Ye Chen will challenge himself in the Alchemical battle in Tier 4 pills.

"Of course I'm serious about this problem." Ye Chen said to Kang Dim that he was very serious about this problem.

"Well if that's what you have, I will follow this game." Kang Dim agreed with what Ye Chen wanted, he would follow Ye Chen's wish.

After all, the results will look the same, Ye Chen will definitely lose in his hands.

Ye Chen nodded at Kang Dim, after nodding at Kang Dim, Ye Chen walked towards Qin Shao.

"sir Qin, I want all the Tier 4 pill manual recipes you have." Ye Chen asked Qin Shao to give him all the Manuals recipe for making Pill that was at Tier 4 for himself.

"What do you need the Manual for making pills from me for? " Qin Shao asked Ye Chen what he wanted with the Tier 4 pill manual recipe he had.

"Of course I want to use it to fight with that person." Ye Chen told Qin Shao that he wanted to use the Pill Manual that Qin Shao had to fight against Kang Dim.

Ye Chen began to explain in detail what he was going to do to Qin Shao.

After gaining enlightenment from Ye Chen, Qin Shao finally understood what Ye Chen wanted from the pill manual recipe he had.

"Okay, I understand." Qin Shao nodded at Ye Chen, he was a little interested in what Ye Chen just said.

"Qin Shao started to take out all the copies of the Pill Manual recipe he had, what Qin Shao just took out was a copy of the original manual recipe he had.

This copy is not permanent, it will disappear within 4 ~ 12 hours after the seal is opened.

Normally the Qin pavilion would sell these copies to cultivators who wanted this Pill Manual.

Because this manual is temporary, once used it will immediately disappear and cannot be traded back to other people.

This was quite a lucrative business for the Qin Pavilion.

Ye Chen looked at the dozens of scrolls that were in front of Qin Shao, it seemed that these were all the Pill manuals that were in Tier 4 that belonged to the Qin Pavilion.

The number of Tier 4 Pill manuals that the Qin Pavilion possessed was quite large as well, Ye Chen firmly believed that this wasn't all the Qin Pavilion had.

"In this Alchemical battle we will randomly choose the Pill manual that is here, each of us has to make what is in the manual that we have taken, whoever can make pills with perfect purity will win the this battle "Ye Chen explained the rules of the game to Kang Dim.

"Okay, I understand." Kang Dim nodded at Ye Chen, he felt that the Alchemical battle this time was more challenging than before.

This makes each of the two of them will not know what they will make later, it could be easy and it could be very difficult.

"Then you can choose first" Ye Chen invited Kang Dim to choose first.

Kang Dim went to have a copy of the manual recipe in front of him, he randomly picked up a copy of the pill manual recipe that was in the pile.

Kang Dim starts to open a copy of the manual of the pills he just took, Kang Dim wants to know if he found something difficult or mundane to make.

When Kang Dim removed the seal and looked into the copy of the pill manual, he found something that was very familiar to him, this was the manual recipe for making a fire resonant pill.

This was a pill commonly used by cultivators at high levels to help them make a Tier 5 pill and above.

By using a fire resonant pill, the probability of failure can be minimized by 15%, this is a weapon belonging to Alchemists to make a pill above Tier 4.

This pill can make one's own fire more stable and easier to control.

Things like this are very functional when doing the process of making a Pill for Alchemists.

Kang Dim was quite happy when he took a copy of the manual to make a fire resonant pill, this is something that is quite easy to make.

Kang Dim has already made fire resonant pills, so this will feel like turning your palm over to Kang Dim.

## Chapter 685: Ye Chen Vs Kang Dim (2)

"I found something good here, this way it will be easy to beat you" Kang Dim said to Ye Chen that he could definitely beat Ye Chen.

Ye Chen only smiled when he heard Kang Dim's words, he didn't really care about this person's words.

Ye Chen went and took out one of the copies of the manual recipe for making pills.

Just as Kang Dim , Ye Chen took one of the copies of the manual pill recipe that was in the pile.

After taking out a copy of the manual pill recipe, Ye Chen immediately broke the seal that was in the manual pill recipe copy.

When Ye Chen wanted to break the seal that was in the manual pill recipe copy, Ye Chen found that the manual pill recipe copy didn't have a seal, that meant it was an original Pill manual recipe.

When Ye Chen opened the manual pill recipe, Ye Chen found a formula that was a little foreign to him, Ye Chen had never seen such a complicated manual.

Ye Chen's face immediately turned black when he saw the writing never seen before .

Ye Chen had seen countless manuals for making pills, but this time he had actually gotten something out of the ordinary.

"Sir Qin, why is this manual in a strange language?" Ye Chen asked Qin Shao about the manual he just took, Ye Chen didn't understand what was written in the manual at all.

"Oh, it's a manual that I happened to find while exploring in a remote place, I myself don't understand the language in it manual ." Qin Shao told Ye Chen that he also didn't know the language in the manual pill recipe. .

"I see." Ye Chen nodded at Qin Shao, since the Pill manual was not known in the language, Ye Chen had to take another new one.

Ye Chen put the manual pill recipe back into place, when Ye Chen wanted to take another copy of the manual pill recipe, he was stopped by Shen Fuma.

"Wait a minute, didn't you say that participants are only allowed to take 1, since you took a copy of the manual pill recipe, then you have to make what's in it." Shen Fuma forbade Ye Chen to take a copy of the new manual pill recipe. .

He wanted to make it difficult for Ye Chen to use the unknown manual pill recipe, that way he would easily get what he wanted.

"Isn't that a little unfair, it's clear the manual pill recipe doesn't have the language in it, how can this be called a fair match?" Nanhua Caiyi tried to protest because of the injustice that was happening.

It was clear that Ye Chen had gotten something unusable, how could this be called a fair match.

"Beautiful lady, it wasn't me who said that just now, it's clearly the Young Man who was beside you who said that." Shen Fuma said that he took these words from Ye Chen.

So it's not his fault for using the words just now to corner Ye Chen.

"You brat, you are brave enough to say that to me, I think I have to discipline you a little so that you understand where you are." Nanhua Caiyi was already quite annoyed with this man, Nanhua Caiyi wanted to teach a lesson to Shen Fuma who was quite arrogant.

"Caiyi stop." Ye Chen stopped Nanhua Caiyi who wanted to move against Shen Fuma.

Nanhua Caiyi was again rendered helpless, even though she wanted to teach a lesson to Shen Fuma, but she was always stopped by Ye Chen repeatedly.

After stopping Nanhua Caiyi, Ye Chen immediately turned his attention to Shen Fuma.

"Well, since I previously had said that to you, then I will make a pill that is in the prescription manual pills" Ye Chen told Shen Fuma if he will make the pill in the recipe manual pill that is in his hands.

Although this would be a little difficult to do, Ye Chen remained confident that he could do this.

After all, Ye Chen likes new unknown things like this, so this will be an interesting challenge for Ye Chen.

"Very good, you are a man who keeps the words you said just now." Shen Fuma looked very happy when he found out that Ye Chen was going to make something that was in the manual pill recipe that didn't know what was in it.

This will make Shen Fuma's victory even higher than before, Shen Fuma is very confident that Ye Chen will not be able to solve that mysterious manual pill recipe.

When Ye Chen couldn't break Secret the manual pill recipe, Shen Fuma would get the set of armor he wanted from Ye Chen.

Shen Fuma had already imagined that if he brought the Tier 9 Armor Set back home, it would definitely be a shock to his entire Shen Clan.

After taking a copy of the manual pill recipe, Ye Chen and Kang Dim went to their respective tables, it was at this table that the two of them would mix the one that was in the manual pill recipe copy.

Zhao Yanyan and Nanhua Caiyi stood guard beside Ye Chen, the two of them would guard Ye Chen from the side so that no one would interfere.

Zhao Yanyan and Nanhua Caiyi were afraid that Shen Fuma would do something cheating that could make Ye Chen lose this match.

Because Kang Dim already knew what kind of pill to concoct, Kang Dim immediately took the necessary items.

Meanwhile Ye Chen was currently studying the manual pill recipe in a strange language that he had never seen.

Ye Chen started to observe the contents in the manual pill recipe, Ye Chen tried to find out a little clue that could be used to find out what kind of pill this was.

Since the time in this match was not fixed, Ye Chen could casually study the contents in the manual pill recipe he obtained.

Ye Chen really didn't know the language that was in this Pill manual recipe.

"Hey Yuechan, what kind of manual is this, why is the language so complicated" Ye Chen asked Chu Yuechan about the language that was in the manual pill recipe copy he had in hand.

"Oh this ?, this is a special code seal, if you can break Code Seal it , then you will find out what is in it." Chu Yuechan explained to Ye Chen that this was a Special code seal, if Ye Chen wanted to know what was inside , Ye Chen should be able to break this special code.

"Oh, I see, thank you for explaining it to me" Ye Chen thanked Chu Yuechan for explaining this to himself.

After getting Chu Yuechan's explanation, Ye Chen started trying to use the Mental power he had to break the seal of the code that was inside.

When Ye Chen used his Mental power to look into the manual pill recipe, he found dozens of seals that were quite complicated to break.

As Chu Yuechan said, this was a special code that had to be compiled in order to break the seal.

It may take a little while to break all of the seals in the manual pill recipe.

Ye Chen used all the full concentration he had to crack this special code.

At the moment Ye Chen was closing his eyes and trying to crack the Special code contained in the manual pill recipe.

Kang Dim has now started the first process in making a pill.

### **Chapter 686: Ye Chen Vs Kang Dim (3)**

Kang Dim started to put the ingredients one by one in the order needed to make the fire resonant pill.

Because Kang Dim had repeatedly made fire resonant pills, he looked very relaxed when making fire resonant pills.

Kang Dim doesn't seem to have a burden to make a fire resonant pill, he looks very easy to make a fire resonant pill.

Kang Dim looks very quickly refining all the ingredients to make a fire resonant pill, this looks very relaxing for Kang Dim.

Everyone who was here started to look at Ye Chen and Kang Dim, all of them wanted to see who would win this match.

The people who were here started to question what Ye Chen was doing, they wanted to know what Ye Chen wanted, why did Ye Chen not start it and instead closed his eyes and did nothing at this time.

Is Ye Chen really unable to read what's in the manual pill recipe he got, maybe that is the only reason why Ye Chen still hasn't started to make a pill.

Wu Ping is currently going to Qin Shao's side, he wants to know what Qin Shao thinks of Ye Chen.

"Sir Qin, do you know what Ye Chen is doing right now?" Wu Ping asked Qin Shao what Ye Chen was doing at the moment.

How come Ye Chen hasn't started yet and only closed the eyes he has.

This made Wu Ping a little confused by what Ye Chen was currently doing.

"I also don't really understand what he's doing at the moment, but I can confirm that this young man wants to try to study the contents in that mysterious pill manual recipe." Qin Shao also didn't understand what Ye Chen was doing at this time, however, he knew that Ye Chen was trying to solve the secret that was in the manual pill recipe he just got.

"Is it possible that he can solve the secret in the manual pill recipe?" Wu Ping asked Qin Shao if Ye Chen could solve the secret in that mysterious manual pill recipe.

"For that matter I don't know either, I have studied the manual pill recipe for several years, but until now I still don't know the secret in the manual pill recipe." Qin Shao said with uncertainty.

Qin Shao himself had been trying to learn the secret in the manual pill recipe for many years, but until now he had yet to find a bright spot to solve the secret in the manual pill recipe.

The secret in the manual pill recipe was extremely complicated, even an old alchemist with extraordinary experience like Qin Shao was still unable to solve the secret of the manual pill recipe.

So it might be unlikely that Ye Chen could solve the secret in the manual pill recipe.

Wu Ping understood, it seems that currently Ye Chen is in very serious trouble, the possibility of Ye Chen winning against Kang Dim is very small because of this problem.

Ye Chen was currently trying to break the code seal that was in the manual pill recipe.

Ye Chen only needed a little more time for himself to finish all of this.

Ye Chen actually used all the thoughts he had to try to break this Code Seal.

This code seal was more complicated than Ye Chen thought, Ye Chen even had to extra use his mind to break this code seal.

If you take a closer look at this time, you will find that Ye Chen's face is covered in sweat, this proves how hard Ye Chen is trying to crack this Seal code.

Zhao Yanyan started to get closer to Ye Chen, she took a handkerchief and started to wipe the sweat off Ye Chen's face.

What Zhao Yanyan doing right now was quite striking, what Zhao Yanyan doing right now caught the attention of the people around here.

The men here felt very jealous when they saw Ye Chen get this kind of treatment from Zhao Yanyan the Very beautiful.

They also want to get treatment like Zhao Yanyan did to Ye Chen, they really want a beautiful woman to do something like Zhao Yanyan doing is currently.

Zhao Yanyan ignored the dissatisfied gaze emanating from the people who were here, she continued to wipe Ye Chen's face which was currently full of sweat.

Even though Zhao Yanyan didn't know what Ye Chen was doing right now, she believed that Ye Chen was doing something very difficult, Zhao Yanyan could tell from the sweat that Ye Chen spat out.

The current Ye Chen must be trying very hard to solve the puzzle that is in this pill manual recipe.

Meanwhile, Kang Dim is currently almost finished making his Pills, it will not be long before the Pill made by Kang Dim is finished.

And until now Ye Chen has not done anything to put up a fight against Kang Dim.

"Looks like I will win very easily" Kang Dim felt that he would win very easily.

This can be seen from Ye Chen who hasn't done anything until this second.

People looked back at Ye Chen, who until now had kept his eyes closed, If Ye Chen had still not done anything until this second, then it was the same as Ye Chen giving up without a fight.

Some people even believed that Ye Chen had given up on this match.

when people thought that Ye Chen had given up on fighting Kang Dim.

Suddenly the manual pill recipe that was in Ye Chen's hand let out a golden light that was quite dazzling.

When this light appeared, the strange language inscription that was on the manual pill recipe began to move like it was alive.

These writings began to move and create a new script which became the ancient Wuxia language.

"Don't say that he managed to solve the secret in the manual pill recipe." Qin Shao said in a slightly trembling voice.

Qin Shao couldn't believe what he was seeing right now, Ye Chen was capable enough to solve the secret in the manual pill recipe that he couldn't even break.

Qin Shao began to see the talent that Ye Chen had, it seemed that Ye Chen was much more talented than he thought.

Hearing this from Qin Shao, everyone immediately knew what was going on at this moment.

It seemed that Ye Chen had just solved the secret in the manual pill recipe.

Most people didn't know what was happening right now, all they knew was that Ye Chen did something so great, to the point that Qin Shao praised him so much that it was like that.

After finishing breaking the Seal code, Ye Chen started to open his eyes, he looked at the manual pill recipe he was currently holding.

"It's finally finished." Ye Chen was happy because the efforts he put in had finally yielded good results.

Ye Chen immediately studied the manual pill recipe that was in his hand, he began to study the contents in the manual pill recipe that was in his hand.

When Ye Chen studied the contents in the manual pill recipe, he found that it was a manual recipe for making a pill called Dolingzhu Pill.

#### **Chapter 687: Ye Chen Vs Kang Dim (4)**

Dolingzhu Pill is a pill that increases all the strength possessed by the person who took this pill.

Starting from strength, defense, speed, and stamina up to 10x.

Unfortunately, this pill can only be used once in 1 day, even then the effect can only last a maximum of 10 minutes.

Even though this had its drawbacks, It was a pill that was already extremely extraordinary because it was at Tier 4, even Tier 5 Pills did not have as great an effect as the Dolingzhu pill prescription.

It seemed like Ye Chen had just hit a jackpot that was good enough to use in the future.

Moreover, the materials used to make these pills were quite easy to find, even Ye Chen had a lot of stock to make these pills Dolingzhu.

The ingredients required are 1000 year ginseng, Profound Grass, Tier 4 fire monster Core and Tier 4 earth monster Core and Tier 4 Wind Monster Core.

four are pretty much Ye Chen's, Ye Chen has quite a lot, Profound Grass, Monster Core. Tier 4 flames and Tier 4 Earth monster cores and Tier 4 wind monster cores.

While Ginseng was 1000 years old, Ye Chen was absolutely certain that in this Kunlun Holy Land there was an enormous amount of it.

Ye Chen didn't waste the time he had, he started asking Qin Pavilion Disciples whether they had any Ginseng over 1000 years old or not.

Disciples from the Qin Pavilion nodded at Ye Chen, they had an immense supply of 1000 years of Ginseng.

It's not difficult to get 1x 1000 year old Ginseng for Ye Chen.

"Use mine for a while." Min Cu suddenly offered Ye Chen a 1000 year old Ginseng.

Seeing the kindness of Min Cu, Ye Chen did not hesitate to accept the 1000 year Ginseng from Min Cu's hand.

"Thank you very much." Ye Chen thanked Min Cu who gave himself 1000 years of ginseng.

"If you want to thank me, then you have to beat that person" Min Cu said to Ye Chen to beat Kang Dim if he wants to thank himself.

"You don't need to worry, I will beat that person no matter what" Ye Chen said to Min Cu that he would soon beat Kang Dim.

"Good, I hope what you say is true" Min Cu nodded at Ye Chen, he hoped that Ye Chen would really beat Min Cu.

After getting all the ingredients to make Dolingzhu pills, Ye Chen immediately returned to his table that should have been used to concoct a pill earlier.

Ye Chen took out a Dual Dragon Cauldron from the fairy gate storage room, after taking the Dual Dragon Cauldron, Ye Chen immediately started the process of making Dolingzhu pills.

Because the Dual Dragon Cauldron was too flashy to the eye, everyone looked at the Dual Dragon Cauldron in front of Ye Chen.

"He has a pretty good Cauldron too." As an old Alchemist, Qin Shao could tell that Ye Chen's Dual Dragon Cauldron was quite good.

The better the cauldron you have, the faster and younger it will be in controlling the temperature in the cauldron.

Ye Chen first started to enter the 1000 year old Ginseng and Profound grass to be refined first.

In this process, Ye Chen only needed less than 30 seconds, the refining speed that Ye Chen carried out was extremely fast.

After finishing refining the 1000 year old ginseng and profound grass, Ye Chen started refining all the necessary monster cores.

The process of refining a Core usually takes quite a long time because the Core itself is quite difficult to melt, especially this is a Core belonging to a Monster that is in Tier 4, it will definitely take a little more time to refine it.

Tier 4 monsters usually had the strength equivalent to a cultivator at the Emperor Realm / Ancient Warrior Realm stage.

So it's not strange that it will take quite a while to refining.

In order to shorten the time to refine three Tier 4 Core monsters, Ye Chen had to use the Heavenly Silver Flame to shorten the time, so that he could catch up with Kang Dim.

Ye Chen started to use the Heavenly Silver Flame. Inside the Dual Dragon Cauldron the flames that were previously red now turned silver.

Since the Dual Dragon Cauldron was closed, no one realized that Ye Chen was currently using his Heavenly Silver Flame.

Using the Heavenly Silver Flame, Ye Chen very quickly refined all the cores into a liquid.

Now all Ye Chen needed to do was extract everything into a pill.

After doing this process, Ye Chen will complete all the processes that have been learned from the manual pill recipe.

This looked very easy for Ye Chen, who already had the experience to make higher tier pills.

Kang Dim has now also reached the final stage, he will soon finish making the fire resonant pill.

"Hehehe looks like this time the victory will be mine" Kang Dim said to Ye Chen with great confidence.

Kang Dim is very confident that he will win this match.

"Let's see who will win and who will lose in this match" Ye Chen answered the challenge from Kang Dim.

He would definitely beat Kang Dim in the speed of concocting a pill.

"Then prepare yourself to lose." Kang Dim began to accelerate to make a Pill, he used all the strength he had to make a Pill.

What Kang Dim is doing now shows that he will soon finish the final stage.

Ye Chen didn't want to lose to Kang Dim, he also started to speed up the final process of extracting the pill.

"Boom.. ., Boom.. ., Boom.. ., "A small explosion occurred inside Ye Chen and Kang Dim's cauldron.

It looks like the two of them will both finish making a Pill.

Moments after the explosion occurred, Ye Chen and Kang Dim took the hands they had away from the Cauldron.

The two of them actually finished at the same time, this was quite a shock for everyone who was here.

Even though Ye Chen started it much slower than Kang Dim, it was unexpected that he was able to match Kang Dim in completing making a pill.

Everyone knew who was the winner in pill making speed, Ye Chen definitely won against Kang Dim in terms of pill making speed.

"You've also finished." Kang Dim was quite surprised when he saw Ye Chen finished like him, this person's speed was too terrifying.

"Of course you're done, let's see whose pill is better" Ye Chen told Kang Dim to determine who is the winner and who is the loser in this match.

"Alright, let's let sir Qin judge whose pill is better." Kang Dim wanted Qin Shao to judge whose pill was better between hers and Ye Chen's.

"sir Qin, please whose pill score is better between the two of us." Ye Chen invited Qin Shao to become a judge in this assessment.

"OK, I'll judge the pills you two made." Qin Shao agreed to become a judge in the match that Ye Chen held.

Qin Shao is a pretty fair person, Ye Chen and Kang Dim believes that he will make a fair and impartial assessment.

Wu Ping smiled when he saw Ye Chen's Alchemy ability, even Qin Shao who was beside him had always praised Ye Chen's abilities.

That proves that Ye Chen's ability is quite great in Alchemy.

### **Chapter 688: Appraisal Time**

It turned out that his granddaughter found a man who was quite competent, the Alchemist profession was the most noble profession in this Kunlun Holy Land, as long as Ye Chen continued to be an Alchemist, then Zhao Yanyan would not suffer if she continued to be with Ye Chen.

Qin Shao started to approach and inspect Kang Dim's Cauldron,

"sir Qin, quickly score my Pills." Kang Dim roughly told Qin Shao to evaluate the fire resonant pill he had just made.

Without being told by Kang Dim, Qin Shao already knew what he had to do, Qin Shao started to open the lid of the Cauldron and saw what was inside.

Qin Shao started to take the fire resonant pill made by Kang Dim, the fire resonant pill is now in Qin Shao's hand.

It can be seen that this fire resonant pill is more than perfect, there are several red lines that can be seen if you look closely.

Qin Shao started to take out a special needle that was used to examine a pill.

Qin Shao started to pierce the pill using the needle in his hand, he began to measure the purity and effectiveness of the fire resonant pill Kang Dim had just made.

When Qin Shao examined the fire resonant pill made by Kang Dim, he found that the level of purity achieved by Kang Dim reached 80%, this could already be said to be extraordinary for a young alchemist like Kang Dim.

"Ambient purity level and 80% effectiveness" Qin Shao started announcing the results obtained by Kang Dim.

" applause.. , applause.. , applause.. , "Everyone started applauding when they heard that the pills made by Kang Dim have up to 80% purity and effectiveness.

Everyone started praising Kang Dim's alchemy talent, at a young age Kang Dim was able to make a Tier 4 Pill with a purity level of up to 80%, this was quite an achievement for Kang Dim.

Some of the old Alchemists who saw this were a little embarrassed by themselves, they couldn't believe that in the younger generation there was someone like Kang Dim who could match their abilities who had been trained for hundreds of years.

Kang Dim was overjoyed when he heard Qin Shao's judgment, he began to raise his hands up like an invincible champion.

Shen Fuma looked delighted when he found out that the results obtained by Kang Dim were excellent.

With the results currently being obtained by Kang Dim, that should be enough to make him a victory.

Shen Fuma can't wait to ask for Ye Chen's Armor set, if Ye Chen refuses to hand over the Tier 9 armor set, Shen Fuma will take it by force, Shen Fuma doesn't care if there is a battle with the Wu Clan.

As long as he carried the Tier 9 armor set that Ye Chen had, the Shen Clan would definitely protect himself from the Wu Clan's rage.

"You have extraordinary talent at such a young age." Qin Shao praised Kang Dim's talent.

"Of course I have extraordinary talent, otherwise it is impossible for my Master to make me a disciple." Kang Dim said to Qin Shao in a tone that was quite cocky.

Hearing this Qin Shao shook his head, even though Kang Dim had good talent, this person was too arrogant to see that everyone was inferior to him, one day he would definitely suffer the consequences because of the arrogance he had.

Qin Shao placed the fire resonant pill on Kang Dim's table, after placing the fire resonant pill on Kang Dim's table, Qin Shao walked towards Ye Chen's table.

Qin Shao was already very curious about the pill that Ye Chen had just made, he wanted to know what pill Ye Chen had managed to make using the Pill manual recipe that was difficult to break.

When Qin Shao came to Ye Chen's table, Ye Chen greeted Qin Shao with a smile.

"Please value the pill I made." Ye Chen invited Qin Shao to assess the pill he had just made.

Ye Chen's attitude was 180 ° different from Kang Dim, Ye Chen was quite polite and friendly towards an old man like Qin Shao.

Ye Chen has always been like this, as long as the other party is not the enemy, then Ye Chen will be friendly to the other party.

"What's the name of the pill you just made?" Qin Shao asked Ye Chen what he just made, Qin Shao wanted to know what kind of pill Ye Chen just made.

"The name of this pill is Dolingzhu pill, this pill has the effect of increasing strength, defense, speed, and stamina up to 10x." Ye Chen started explaining to Qin Shao about the Dolingzhu pill he just made.

"Huh? ", Qin Shao was dumbfounded when he heard what Ye Chen had just said, he did not believe that Dolingzhu the pill that Ye Chen had just made would have such a powerful effect.

Among the Tier 4 Pills that Qin Shao knew, perhaps none could match the Dolingzhu Effect Pill that Ye Chen had just said.

All the cultivators who were here were dumbfounded when they heard Ye Chen's explanation about Dolingzhu pills, they also didn't believe that Tier 4 Pills could have the effect of increasing, strength, defense, speed, and stamina up to 10x.

This was impossible for a Pill that was only at Tier 4, most likely a Pill that had the same effect as what Ye Chen had just said was at Tier 5 or 6 and would be very expensive in the market.

"Is what you said right?" Qin Shao asked Ye Chen if what he just said became the truth.

"Of course I'm telling the truth, how could I possibly lie about this matter" Ye Chen said that he would not lie about this problem.

"Then I want to see it myself." Qin Shao wanted to see it with his own eyes.

He wanted to see Dolingzhu pill that had just made Ye Chen.

"Have a look for yourself." Ye Chen invited Qin Shao to see for himself the Dolingzhu pill that he had just made.

Qin Shao started to open the lid of the dual dragon cauldron that Ye Chen had, when Qin Shao opened the lid of Ye Chen's dual dragon cauldron, he found that in the dual dragon cauldron there were several pills that emitted brilliant flashes.

Qin Shao immediately stopped in place when he looked inside the dual dragon cauldron, Qin Shao could not believe what he was seeing right now.

even Qin Shao, who had been pursuing the Alchemist profession, couldn't believe what he was seeing at the moment.

The pill in Ye Chen's dual dragon cauldron was so perfect, Qin Shao could see this from a brilliant glint.

"Hey old geezer, how long are you going to stand there and do nothing, quickly rate that person's pill." Kang Dim is impatient with his winning result.

Kang Dim wanted Qin Shao to immediately evaluate Ye Chen so that this match would be over.

Qin Shao was still standing still, he was currently staring straight at Dolingzhu Pill that was inside Ye Chen's dual dragon cauldron.

### **Chapter 689: winners and losers have been determined**

Qin Shao still looked surprised when he saw what was inside Ye Che's dual dragon cauldron.

"Sir Qin, Sir Qin, Sir Qin," Ye Chen tried to call Qin Shao for three times, Ye Chen wanted Qin Shao to rate the pill Dolingzhu he was making.

Hearing Ye Chen's calls for three times, Qin Shao finally woke up from his shock.

Qin Shao was currently trying to calm himself down, even though he had tried his best to calm himself down, Qin Shao still had a shock in his heart.

Qin Shao began to stretch his hand into the Dual Dragon Cauldron.

When Qin Shao reached his hand into the Dual Dragon Cauldron, everyone who was here focused the sight they had onto Qin Shao's hand that was used to retrieve the pill that Ye Chen had just made.

Qin Shao was still standing still, he was currently staring straight at Dolingzhu Pill that was inside Ye Chen's Dual Dragon Cauldron.

Everyone wanted to know what kind of pill form that was described by Ye Chen just now, was it much better than Kang Dim's or not.

Qin Shao started to take out the Dolingzhu Pill that was inside the Dual Dragon Cauldron, when Qin Shao took out the Dolingzhu Pill, everyone could see a Pill that looked so shiny, they had never seen such a shiny pill in their life.

"This is the best pill I have ever seen in my life." Qin Shao said that the pill that Ye Chen made was so beautiful that it made Qin Shao feel happy just by holding it.

In this world there was nothing most precious to Alchemists except being able to hold a beautiful Pill like the one Ye Chen had made, so it wasn't strange that Qin Shao had become like this when he saw the Dolingzhu Pill made by Ye Chen.

Not only Qin Shao who felt that the pills that Ye Chen made were very beautiful, the other Alchemists who were here also admitted that the pills made by Ye Chen were very beautiful.

They were the same as Qin Shao, they had never seen such a good and beautiful pill thing in their lives.

"The outside does not determine the purity of the pill." Kang Dim told everyone that the appearance of a pill is not judged by its appearance, to see whether a pill is good or not, it is necessary to carry out a test of purity level and the level of effectiveness of the pill itself.

Everyone agreed with Kang Dim's words, a pill is not judged from the outside alone, a good pill should be judged by its purity and effectiveness.

It could be that the outward appearance was deceiving to the eye, but the purity and effectiveness of the pill could not be faked.

"Master Qin, please value the pill I made." To prove that his pill was better than Kang Dim's, Ye Chen asked Qin Shao to assess the pill he had made.

Qin Shao nodded to Ye Chen, he started taking out a needle to grade a pill, he wanted to know the purity and effectiveness of the pill in his hand.

Everyone was currently looking at the assessment Qin Shao was making, they wanted to know who would win in this match.

When Qin Shao was assessing the Dolingzhu pill in his hand, all cultivators focused on listening to the answer Qin Shao would issue.

Among these people, there were two people who were currently looking forward to Ye Chen's results.

One is Shen Fuma and one is Wu Ping.

Shen Fuma hopes that Ye Chen will lose this match, while Wu Ping hopes that Ye Chen can win this match so that the Shen Clan will feel the embarrassment that Wu Ping previously received from Shen Fuma

" this is the most perfect pill I have ever had look in this life, 100% purity and effectiveness level. "Qin Shao announced to everyone the results that Ye Chen had obtained.

When everyone heard what Qin Shao had just said, everyone in this place was silent as if they were obedient, not a single sound could be heard except for a gust of wind that was blowing around the place.

" Ehhhhh " everyone screamed in disbelief at what Qin Shao just said.

They were all shocked when they heard that Ye Chen made a Pill with 100% purity and effectiveness, something no one in the Kunlun Holy Land had ever seen.

no alchemist had yet been able to make a pill with a purity level of up to 100%.

Even King Pill Hong Tei could not only make a Pill with a purity and effectiveness up to 90%.

So it wouldn't be strange for these people to be surprised when they heard that Ye Chen had managed to make a pill with a 100% purity level, this was a miracle for everyone in this place.

When listening to the results obtained by Ye Chen, Shen Fuma's face immediately darkened, Shen Fuma's body trembled when he found out that Ye Chen was the winner in this Alchemical battle, Ye Chen.

Whereas previously Shen Fuma was very confident that Kang Dim would win this match, it was unexpected that the situation would turn out like this.

"You must be lying, how could he manage to make a pill with 100% purity, even my master can't do that." Kang Dim still couldn't believe the result of this defeat.

Kang Dim is a person who always wins, he has never tasted defeat, so it's not strange that Kang Dim doesn't accept his defeat.

"I speak the truth, if you don't believe you can invite other Alchemists to judge them, they will definitely give you the same answer." Qin Shao told Kang Dim that this result was pure without any engineering by him.

Qin Shao himself was still a little difficult to believe that the Dolingzhu pill made by Ye Chen would have a purity level of up to 100%, this was a result Qin Shao had never imagined.

"The winners and losers have been determined, now is the time to keep the bet we previously made." Ye Chen collected the bet previously made by himself and Shen Fuma.

He wanted to collect 50% of the territory owned by the Shen Clan from Shen Fuma.

The current Shen Fuma's face was extremely dark, he was currently being stared at by the thousands of eyes belonging to the cultivators here.

Everyone wanted to know whether Shen Fuma would keep his bet or not.

Shen Fuma currently looks confused what to do about this matter, there is no way he will keep the bet he previously made with Ye Chen, it is clear that if the Shen Clan will not agree to this, he will definitely get punished after coming back.

While on the other side, if he did not keep the agreement that was previously made with Ye Chen, Shen Fuma's reputation would greatly decline in the eyes of the public, this was not a good thing for Shen Fuma.

Shen Fuma felt a very heavy pressure, he had to immediately make up his mind on matters.

"Ye friend, before I was just joking with you, what I said was just a joke, let's just forget about this." Shen Fuma turned his face away in front of everyone who was here.

This was better than Shen Fuma getting a pretty harsh punishment from the Clan.

### **Chapter 690: Shen Fuma didn't want to pay the bet**

Shen Fuma is truly shameless, he is actually trying to run away from the responsibility he has created with Ye Chen.

"Hey brat from the Shen Clan, do you dare to run away from the bet you previously agreed with Ye Chen?" Wu Ping immediately stepped forward to collect the bet previously made by Ye Chen and Shen Fuma.

Wu Ping couldn't possibly let this go away 50% of the Shen Clan territory was quite precious, Wu Ping shouldn't just let this end.

Wu Ping was currently in a very happy atmosphere, finally he was able to avenge a boy like Shen Fuma who had dared to create chaos in his territory.

This was all thanks to Ye Chen who had won the match just now, thanks to Ye Chen Wu Ping not losing face in his own territory.

"Duke Wu, I was just playing around. I'm not serious about doing that, if you want to collect the bet, then you can ask my friend Kang Dim." Shen Fuma started giving this problem to Kang Dim.

Because Kang Dim was incompetent, it made Shen Fuma lose, which was why Shen Fuma could only place all this blame on Kang Dim.

"Why did you drag me into your betting problem, I have nothing to do with the bet you made." Kang Dim did not accept the words from Shen Fuma just now.

From the start, Kang Dim had nothing to do with Shen Fuma's betting problems, he only acted as an Alchemist invited by Shen Fuma to help solve a problem.

But now that Shen Fuma was instead using himself as a shield, this made Kang Dim dissatisfied.

"Isn't this a loss for you, so you have to take responsibility for this matter." Shen Fuma wants Kang Dim to take responsibility for losing against Ye Chen.

If only Kang Dim won against Ye Chen, this situation would never have happened to Shen Fuma, Shen Fuma would definitely bring Ye Chen's set of armor.

But reality is not as good as his wish, Kang Dim had actually lost against Ye Chen made Shen Fuma had to pay a very high price for this problem.

Even Shen Fuma had to pawn the reputation he had in order to get out of this matter.

"You shameless" Kang Dim began to berate Shen Fuma, this person dared to speak like that to himself.

Kang Dim who didn't accept immediately rushed to Shen Fuma's side, he wanted to attack Shen Fuma.

Kang Dim didn't care anymore, he wanted to beat up this shameless young master of the Shen Clan.

Shen Fuma who saw the direction of Kang Dim's attack immediately made a defense to fend off the attack that was about to be carried out by Kang Dim.

"Bamm" Kang Dim and Shen Fuma's palms met and made a small explosion.

In the exchange that just happened, Kang Dim had clearly suffered a crushing defeat.

It could be seen that Kang Dim's fighting strength was insignificant compared to Shen Fuma.

Kang Dim is an Alchemist who spends his time every day making pills, so it is not strange that Kang Dim's cultivation base is low.

The cultivators here couldn't believe that Shen Fuma and Kang Dim would instead fight and blame each other.

This is a lot different from before, where the two of them seem to get along very well like close friends.

"It's useless you fight me, you are no match for my strength" Shen Fuma told Kang Dim if he's not a worthy opponent for himself.

"Damn it." Kang Dim gritted his teeth, he just wasn't a worthy opponent for Shen Fuma.

"Look, one day I will make you pay for what you did today." Kang Dim gave a warning to Shen Fuma, after giving a warning to Shen Fuma, Kang Dim left this place.

"Where are you going?" Seeing that Kang Dim wanted to leave this place, Shen Fuma tried to chase after Kang Dim, the reason Shen Fuma was chasing Kang Dim was not to capture Kang Dim, but Shen Fuma wanted to use this to escape from this place.

After escaping from this place, Shen Fuma will explain everything to Kang Dim so that Kang Dim doesn't get angry with him.

Just as Shen Fuma wanted to catch up with Kang Dim, someone suddenly grabbed his shoulders.

The person holding Shen Fuma's shoulder was Ye Chen, Ye Chen was currently holding Shen Fuma from escaping from this place.

"Quickly let me go, I want to chase after that person, he must be responsible for this problem." Shen Fuma tried to run away from Ye Chen, but Shen Fuma seemed unable to escape from Ye Chen's hand that was holding himself so strongly. .

"Do you think I will be fooled by the charade you are doing right now, if you think so then you are an idiot", Ye Chen already knew that Shen Fuma was trying to do a drama so he could escape from this place.

Shen Fuma's charade was too easy for Ye Chen to guess.

"Glup" Shen Fuma swallowed his own saliva, he started breaking out in a cold sweat when he found out that Ye Chen already knew the clever plan he was making to get out of this place.

It seemed that Ye Chen was much smarter than Shen Fuma thought, from the start this person had pretended to be an idiot in order to deal with him.

"Hey, guys hurry up and let me go, I was just kidding when I made a bet with you" Shen Fuma tried to ask Ye Chen to let go.

"Do you think you can just run away from the bet we agreed on? , you have to pay what you promised as soon as possible, otherwise don't blame me for making regret for coming here. "Ye Chen gave a warning to Shen Fuma to immediately keep the promise they had previously made.

Otherwise Ye Chen will do something bad for Shen Fuma.

"I won't do it, no matter what you do I will never give you that bet." Shen Fuma refused to pay the bet they had previously agreed to.

"Brat, you dare not to keep the bet you've made, do you dare to call yourself a boy" Wu Ping started helping Ye Chen to humiliate Shen Fuma.

Wu Ping was going to let this brat from the Shen Clan get retribution for having dared to break the promise he made in what was done with Ye Chen.

In this way the Shen Clan's reputation in the royal capital will decline due to the actions of Shen Fuma who is the son of the current leader of the Shen Clan.

"I don't care, I won't pay a dime to your Wu Clan." Shen Fuma still insisted that he didn't want to pay the bet he previously agreed with Ye Chen.

"Well if you still insist on not paying it, then I have no other choice, Caiyi please take care of this person, do whatever you want to this person" Ye Chen told Nanhua Caiyi to take care of Shen Fuma.

"Fufufu, master, I've been waiting for these words for a long time, you don't need to worry, let me take care of this person, I'll make sure that he will get a lesson that he never forgets in this life." Nanhua Caiyi smiled with a face, slightly evil, it looks like Shen Fuma will suffer at the hands of Nanhua Caiyi.
