

A True God 741

Chapter 741 - Second Half Martial Arts Competition (1)

"-_-", Ye Chen felt so helpless, Zhang Shiyun continued to stimulate himself like this which made the little brother below very annoyed.

Ye Chen felt that he wanted to immediately push Zhang Shiyun down and rape her in this place.

Honestly, Ye Chen has never played in the middle of a flower garden like this before, maybe it would feel great to do it in the open like this.

Zhang Shiyun saw that Ye Chen's younger brother was getting excited again when he teased him, this made Zhang Shiyun very happy.

"Ye Chen, do you want to do a little fun together with this Queen?" Zhang Shiyun asked if Ye Chen would like to do something fun with herself like that night.

Even though her current identity was that of a Queen, Zhang Shiyun was very brave enough to invite Ye Chen to have an opposite relationship with Ye Chen.

"Maybe we can find the right time to do that, now I have to return to the competition" after saying those words Ye Chen immediately left this garden.

He immediately flew back to the Colossal stadium where the competition was about to resume.

Ye Chen actually wanted to do this together with Zhang Shiyun, but time did not allow Ye Chen to do such things.

If Ye Chen did that together with Zhang Shiyun now, then that Ye Chen would not have time and made Ye Chen feel very uncomfortable.

Ye Chen didn't like being bothered by other people like that night, he thought this kind of thing annoyed him.

"Fufufu" Zhang Shiyun giggled when she saw Ye Chen run away like that, Zhang Shiyun thought that Ye Chen was afraid that she would eat Ye Chen again.

"OK, I have to go back to my place too, I want to see what Ye Chen will do next." Zhang Shiyun also had to return to her throne.

Zhang Shiyun wanted to see the performance that Ye Chen would show, whether Ye Chen would make her satisfied or not in this competition.

Zhang Shiyun left the pavilion in this garden, she went to the colossal stadium to see what good things would happen.

.
. .
.

"That woman is brave enough to tease the master, she doesn't know the consequences she could get by doing that." From a very far place Nanhua Caiyi saw the meeting that Ye Chen and Zhang Shiyun were having.

She saw from start to finish what Ye Chen and Zhang Shiyun were doing.

"Huftt, looks like she can't be helped anymore." Nangong Xiang felt sorry for Zhang Shiyun, it seemed that Zhang Shiyun was looking for a problem to the wrong person.

Whereas previously Nangong Xiang had warned Zhang Shiyun not to seek a case with Ye Chen, unfortunately Zhang Shiyun ignored her warning and looked for a little trouble with Ye Chen.

Nangong Xiang and Nanhua Caiyi were able to come here because they saw Ye Chen being brought by Shun Buzi to the royal palace.

Nangong Xiang and Nanhua Caiyi who were curious then followed Ye Chen to near this flower garden and saw the conversation that Ye Chen and Zhang Shiyun were having.

"Should I warn that woman to stay away from master?", Nanhua Caiyi asked Nangong Xiang did she need to give a warning to Zhang Shiyun to go away from Ye Chen.

"Looks like it's unnecessary, that woman is stubborn, surely she won't want to listen to you, after all Ye Chen seems to like her, so let's just leave them both alone." Nangong Xiang stopped Nanhua Caiyi who wanted to warn Zhang Shiyun.

It didn't matter if Zhang Shiyun became Ye Chen's woman, Zhang Shiyun could become Nangong Xiang's sister.

Nangong Xiang and Zhang Shiyun's relationship was quite good, so Zhang Shiyun would turn a blind eye to her female friend who tried to seduce her man.

"Let's go back to our seats, I want to see the competition that Ye Chen will do." Nangong Xiang invited Zhang Shiyun back to their seats to see what would happen next.

Whether Ye Chen was going to be serious or not in the next round, Nangong Xiang wanted to see it.

Nangong Xiang and Nanhua Caiyi flew back to the special seats they had.

.
. .
. .
. .

Before returning to the Colossal Stadium, Ye Chen tried to calm his younger brother who was angry because of the provocation that Zhang Shiyun had previously done.

Next time Ye Chen will definitely make Zhang Shiyun kneel under his younger brother, he will make that beautiful, Sexy, graceful and seductive Queen serve his younger brother.

"Little friend, you be about it first, there will be time to do that." Ye Chen tried to calm his friend in down below.

(Lol, wkwkwkwk).

After feeling that he had calmed his body and mind enough, Ye Chen immediately returned to where the competition was.

When Ye Chen returned to the colossal stadium, Ye Chen found that in the middle of the arena was a large Ten Floor pagoda made of gold that shone brilliantly.

Ye Chen was a little confused as to why this huge pagoda was in the middle of the arena, actually what would happen in the next round.

Ye Chen immediately returned to his seat, when Ye Chen returned to the participant's side of the royal family, all the participants from the royal family looked directly at Ye Chen.

They wanted to see if Ye Chen had any injuries after meeting Queen.

When the participants from the royal family saw Ye Chen, they were a little surprised when they saw Ye Chen appearance is still very neat.

All the participants from the royal family were shocked when they saw Ye Chen's appearance was still very neat after meeting Queen.

Had Queen not previously punished Ye Chen for humiliating the face of the royal family?.

All the participants began to wonder what had previously happened between Ye Chen and Zhang Shiyun for nearly 30 minutes.

If these people found out that Ye Chen was drinking tea with Queen just now then they would definitely be dumbfounded.

Ye Chen ignored the gaze of the participants from the royal family, Ye Chen began to relax in his chair while waiting for the next round to start.

Time passed, finally the second half was about to begin.

"All participants immediately gather in front of the pagoda" Shun Buzi told all participants to immediately gather in front of this Ten Floor pagoda.

Hearing this call, the participants enthusiastically went to the front of this Ten Floor pagoda.

In no time all the participants arrived at the entrance to the Ten Floor pagoda made of gold.

"I will explain the competition that you will do in this second round" Shun Buzi will explain the competition that will be held by all participants in this second round.

"This is a pagoda with very strong deep pressure inside, each floor has a different depth of pressure, the higher the floor you will climb, the higher the profound pressure you will get on your body" Shun Buzi explained about the pagoda ten floors behind him.

"What you have to do in this second round is very easy, all you need to do is get as high as possible to the floor in this pagoda, the higher you go up, the higher you can get points" said Shun Buzi to everyone participants who are here.

"Besides that, don't force yourself to go up to a higher floor if you are really not strong, if you force and can't survive, then you will be automatically ejected from the Ten Floor pagoda and not get a point" Shun Buzi told to people not to push themselves if they are not strong or they won't get Points in this second half.

"The second half time is 2 hours, as long as you can stay on the floor where you are until the time runs out, then you will get Points according to the floor you are on." Shun Buzi continued to explain to all the participants so they know what they are going to do inside this Ten Floor pagoda.

"Is there a question?" Shun Buzi asked if there were any participants who wanted to ask further questions about this second round competition.

What Shun Buzi had previously said was very clear, they already understood what they had to do in this second round.

"I have a question, can we fight in there?" One of the participants asked whether it was allowed to do a fight in there or not.

"Very good question, you can of course fight each other, but are you really sure that you are capable of fighting under immense pressure?" Asked Shun Buzi to the participants in front of him.

The participants did not answer Shun Buzi, they had not tried how strong the profound pressure was in the pagoda so they could not tell whether they could fight or not.

"You can fight with each other in there, but be careful not to make yourself lose for fighting under the intense pressure that is deep inside." Shun Buzi warned everyone not to do battle because it would actually makes them unable to earn a point.

"Are there any other questions?" Asked Shun Buzi to the participants in front of him.

After getting the answers what was needed, all the participants couldn't wait to enter this pagoda.

"If no one asks, then let's just start this second half, ready.. . . , Start.. ." Shun Buzi started this second round competition.

an incense stick began to be lit indicating that the second half had begun.

After officially started, all the participants immediately ran into the ten-story pagoda, everyone looked like a swarm of ants fighting over a sweet treat.

Chapter 742 - Second Half Martial Arts Competition (2)

All the participants wanted to be the first to reach the top floor, so they all entered as fast as they could to get the best position.

the royal family, the Gates of Eternity Sect, Shaolin and Spring Palace began to enter the Ten Floor pagoda.

This second round was truly very profitable for the great powers such as the royal family, the Gates of Eternity Sect, Shaolin and the Spring Palace.

They can cooperate with each other to fight enemies who dare to find trouble while they are inside.

When the other participants were running very fast to get inside, Ye Chen looked very relaxed, he walked very casually as if he was not participating in a competition.

All viewers really disliked seeing Ye Chen who was not serious while participating in this competition.

"Huuuuuuuu" some of the audience started cheering Ye Chen with words that belittled Ye Chen.

Ye Chen didn't care at all if these people cheered on him, Ye Chen would just do this slowly, it's not good to rush to climb a pagoda.

When Ye Chen entered the pagoda, he found that inside this pagoda was wider than it looked on the outside.

As Shun Buzi said, inside this place there is indeed a deep pressure that can make one feel pressured by a very heavy burden.

According to Ye Chen, this place was very suitable for someone to practice the cultivation they had.

A person who practices under this kind of profound pressure will benefit much more than practicing outside this place.

As for Ye Chen's current cultivation base, the pressure on this floor was completely imperceptible, Ye Chen even felt that this was tantamount to being outside the pagoda.

Ye Chen started to look around this place, he found that the surroundings of this place were empty, there were no more people on the first floor, it seemed that people had started to go up to the second floor.

Seeing that no one was on the first floor, Ye Chen decided to continue up to the second floor.

Just like the first floor, the second floor was also empty, no one was on this floor.

All the participants in this competition had an average cultivation base, so it wasn't strange that they could easily go upstairs without a hitch.

When Ye Chen arrived at the third floor, Ye Chen finally saw several participants who were trying to get used to this pressure before going up to the fourth floor.

The profound pressure on this floor had started to become a little heavy, for people who were still unfamiliar they would feel a little heavy when under this kind of pressure.

Ye Chen started to pass people who were getting used to this pressure, he continued to climb to the fourth floor.

When Ye Chen got to the fourth floor, more and more people began to look difficult to walk under this heavier pressure, there were some participants who walked very slowly, and there were some

participants who even had to crawl in order to move forward, besides There were several participants who could not afford anymore and were kicked out of this place.

Seeing the participant who had forced himself to be kicked out from this fourth floor, the other people began to give up and didn't move from where they were right now.

They will try to withstand this pressure until time runs out, there's no point in pushing to the fifth floor if you don't have confidence.

The possibility that they will be kicked and not get a point, it will be a huge loss for normal participants like those who rely heavily on points to get prizes in this competition.

Ye Chen didn't want to stay any longer on this fourth floor, he decided to go up to the fifth floor and see what was happening on the fifth floor.

If the conditions for the participants on the fourth floor alone were like this, Ye Chen didn't know what would happen to the participants who had ascended to the fifth floor.

Whether their condition was better or even worse than this participant on the fourth floor, Ye Chen wanted to see first hand what happened to the participants who came from the royal family, the Gates of Eternity Sect, Shaolin and Spring Palace.

Ye Chen walked past several participants who were trying to fight in order to climb to the fifth floor.

The participants who were here were extremely shocked to see Ye Chen able to walk normally under such intense profound pressure.

Almost all the participants who took part in the competition had remembered Ye Chen, they remembered Ye Chen because Ye Chen had the worst result in the first stage.

It was unexpected that the person who got the worst result in the first half would easily walk under such intense pressure, this was almost unbelievable for the participants on the fourth floor.

Ye Chen very casually walked past the participants on the fourth floor, a few moments later Ye Chen arrived at the stairs leading to the fifth floor.

Ye Chen immediately went up to the fifth floor, very quickly Ye Chen disappeared from the sight of the participants who were still trapped on the fourth floor.

All the participants looked dumbfounded when they saw this nonsense, their brains still couldn't process how Ye Chen could easily walk in this state of intense profound pressure.

The people on the fourth floor were embarrassed because they lost to the low-scoring one in the first competition, if even the low-scoring person could easily pass this floor.

How come those who previously scored higher than Ye Chen in the first round couldn't do it, if Ye Chen could do it then they should be able to do it too, people started to get excited about going up to the fifth floor, all the participants strengthened the determination they had to go up to the fifth floor.

The spectators outside were watching what was going on inside the pagoda through a monitor specially prepared by the royal family so that these people could see what was going on inside the pagoda.

The main focus of the audience is on the fifth floor of the pagoda, it is on this fifth floor that participants from the royal family, the Gates of Eternity Sect, Shaolin and Spring Palace are struggling to break through to the sixth floor.

It can be seen that the participants who come from the royal family, the Gates of Eternity Sect, Shaolin and Spring Palace look troubled when walking on this fifth floor, the pressure in this fifth floor is so strong that it makes the genius of the royal family, Gates. of Eternity Sect, Shaolin and Spring Palace had a little trouble breaking through them.

What is happening on the fifth floor looks more exciting than what is happening on the fourth floor, on this fifth floor all the participants are trying to race to reach the stairs leading to the sixth floor first.

There are several participants who lead the way for example Mo Coun, Tai Ji, Yui Mui, Yui Mi and Zhang Jingu.

While Shen Fuma this time looked inferior to these five, he seemed to be having a hard time catching up with Mo Coun, Tai Ji, Yui Mui, Yui Mi and Zhang Jingu.

Mo Coun, Tai Ji, Yui Mui, Yui Mi and Zhang Jingu walked very slowly, every step they took was like climbing a thousand steps, it felt very hard to walk in this place.

Chapter 743 - Second Half Martial Arts Competition (3)

The pressure on the fifth floor alone was troublesome enough, all the participants didn't know what kind of pressure there was on the sixth floor or above, it would definitely be more difficult than this fifth floor.

Unlike the first half, this time Mo Coun, Tai Ji took the lead, both of them seemed to be serious about showing their strength.

Meanwhile, Yui Mui and Yui Mi are a little behind Mo Coun, Tai Ji, these two beautiful and sexy women are having a hard time dealing with the deep pressure on this floor.

Yui Mui and Yui Mi are not like Mo Coun, Tai Ji who has a very strong physique, so it is not strange that the two of them seem to have a hard time catching up with Mo Coun, Tai Ji.

While the other participants in the back were trying their best to move forward, they used all their strength to try to get past this profound pressure on the fifth floor and be the first to reach the sixth floor.

Ye Chen just went up to the fifth floor. When Ye Chen went up to the fifth floor, he saw that this fifth floor was filled with the best participants from the royal family, the Gates of Eternity Sect, Shaolin and Spring Palace.

Ye Chen could see that the conditions of the people in this place were slightly better than those on the fourth floor who had to crawl to be able to walk forward.

"It's so busy here, it looks like everyone is trapped on this floor." Ye Chen muttered in a low voice.

If calculated, the time has only been running for about 20 minutes, so these people still have about 100 minutes left to go up to the sixth floor.

Time is still a little long, Ye Chen wants to spend a little of the time he has having fun on this fifth floor.

Ye Chen knew what to do to spend his time, he might be able to tempt the female participant who came from the Spring Palace to spend this quite a long time.

The women from the Spring Palace were famous for teasing men and treating them as tools, this time Ye Chen wanted to tease a little of the women from the Spring Palace who looked troubled while walking on this fifth floor.

First Ye Chen approached the woman from the Spring Palace who was at the very back, this woman seemed to be lagging far behind her female friends who were already in front.

"Hi, miss. You look a little troubled here, do you need a little help here?" Ye Chen said to the woman who was nearby.

The woman from the Spring Palace who was struggling immediately turned towards Ye Chen, when this woman turned towards Ye Chen, she found a handsome young man who was already standing by her side, this handsome young man if I'm not mistaken there was a young man who got the lowest score in the first round. .

This woman did not expect that the man with the lowest score could rise to the fifth floor which has such intense profound pressure.

"I'm busy, so don't bother me for now." This woman immediately threw Ye Chen away, she didn't seem to want to serve Ye Chen in a situation like this.

If this is a normal condition and is not in competition, this woman would probably like to deal with handsome Ye Chen, she likes handsome men like Ye Chen, this is the best thing that women from Spring Palace like.

"Oh so you don't want my little help, then see you later", Ye Chen walked away leaving this woman from the Spring Palace.

Because this woman didn't want to be talked to, Ye Chen was forced to leave this woman and look for a woman to talk to.

It was possible that the other women from the Spring Palace would be better than the first woman Ye Chen tried to talk to.

The woman that Ye Chen had previously talked to was shocked when she saw that Ye Chen could walk very normally in this place.

This woman could hardly believe what she was seeing right now, under such intense pressure, a person who was previously underestimated by everyone including all the participants, could walk very easily under such intense pressure.

Ye Chen left the woman just now, he started trying to start a conversation with another beautiful woman who was in front.

Unfortunately, just like before, Ye Chen got a very unpleasant repellent.

Ye Chen did not expect that he would be rejected like this by women, he was not usually rejected out of hand like this by women.

Ye Chen had tried to talk to the four women who came from the Spring Palace and received rejection, now only Yui Mui and Yui Mi were left that Ye Chen had not tried to approach.

"Hello girls, are you guys okay here?" Now Ye Chen tries to get close to Yui Mui and Yui Mi.

Yui Mui and Yui Mi immediately looked at Ye Chen, just like the woman Ye Chen had approached before, Yui Mui and Yui Mi looked at Ye Chen with a strange look.

"You, how come you were on this floor?", Yui Mi asked Ye Chen, she felt a little surprised to see Ye Chen on the fifth floor.

"Of course I went up here using the available stairs" replied Ye Chen very casually to Yui Mi.

Yui Mi "-_-".

Yui Mi also knew that going up here had to use stairs, what Yui Mi wanted to know was how Ye Chen could go up to this fifth floor with the strength he currently had.

Whereas previously the results of Ye Chen's strength were so low even below the average person who participated in the competition, there was no way with Ye Chen's previous strength to be able to arrive at the fifth floor which had profound pressure so strong and heavy that even Yui Mi herself found it difficult to walk normally on this fifth floor with her current strength .

Meanwhile the viewers who were watching the match from the projection screen were shocked when they saw Ye Chen had arrived on the fifth floor.

They all didn't believe that Ye Chen, the weakest among all the participants, could reach the fifth floor of this pagoda.

"This, how could this be? "People could hardly believe what they were seeing right now, they didn't expect that Ye Chen would be able to go up to the fifth floor and compete with the geniuses who previously had good scores.

In addition, this person had the courage to approach the woman from the Spring Palace who was famous for eating men dry like corpses.

"Yanyan Look at that, he started to show his fangs to the beautiful woman he met" Ye Xiu said to Zhao Yanyan who was beside her.

"Giggling, it seems to be expected from a husband, he still has time to tease a woman even in a competition like this." Zhang Yanyan giggled when she saw Ye Chen trying to approach a beautiful and sexy woman from the Spring Palace.

The reaction shown by Zhao Yanyan was beyond Ye Xiu's expectation, Ye Xiu did not believe that Zhang Yanyan would be happy when she saw Ye Chen flirt with another unknown woman in front of her like this.

Meanwhile at the royal palace, Nanhua Caiyi smiled when she saw Ye Chen who was trying to get close to Yui Mui and Yui Mi, she was happy to see Ye Chen attracted to the woman from her place.

"Are the two women your disciple?", Nangong Xiang asked Nanhua Caiyi whether Yui Mui and Yui Mi were her students.

"Both of them are not my disciples, both of them are direct disciples of that woman" Nanhua Caiyi told Nangong Xiang that Yui Mui and Yui Mi were not her students.

"So these two women are disciples of that woman, it is only fitting that both of them possess extraordinary cultivation bases and techniques," Nangong Xiang said to Nanhua Caiyi.

"Both of them are disciples of that woman, both of them currently have not shown the strength they have," said Nanhua Caiyi to Nangong Xiang.

"You mean these two women still hold back the strength they have?" Asked Nangong Xiang to Nanhua Caiyi.

"To be more precise the two are hiding the real power they have, if the two of them expose their strength, they will have reached the 6th floor earlier than all the other participants" said Nanhua Caiyi to Nangong Xiang.

"The Spring Palace is becoming more and more mysterious, I think you can tell a little of the secrets that the Spring Palace has.", Hearing Nanhua Caiyi's words, Nangong Xiang became curious about the Spring Palace.

Nangong Xiang wanted to know more secrets that the Spring Palace had from Nanhua Caiyi.

"Since we will become sisters in the future, then I will tell you a little secret from the Spring Palace." Nanhua Caiyi agreed to tell the secret of the Spring Palace to Nangong Xiang.

Nanhua Caiyi began to tell Nangong Xiang the secrets and strengths of the Spring Palace.

On the other hand, Nangong Xiang was listening carefully to every single word that was said by Nanhua Caiyi.

Meanwhile Zhang Shiyun who sat on her throne was very satisfied when she saw Ye Chen show his true strength.

This way, Zhang Shiyun could confirm that the royal family would get first place in this competition.

"Ye Chen, you are doing very well, this Queen will definitely give you a present after this is over." Zhang Shiyun would definitely give Ye Chen a gift after this was over.

There is no need to ask again what gift Zhang Shiyun will give, from the start Zhang Shiyun wanted Ye Chen to bend her knees under her pomegranate skirt and become a loyal person in her side.

It would be great fun if Ye Chen became a loyal person who would obey her.

Chapter 744 - Second Half Martial Arts Competition (4)

"younger sister, don't waste the time you have talking to this man, we have to catch up with the people in front." Yui Mui told Yui Mi to ignore Ye Chen and focus on the competition they were in at the moment.

"Well older sister, I understand." Yui Mi nodded at Yui Mui, she was really very obedient to her older sister.

Yui Mi started to ignore Ye Chen and continued walking towards the sixth floor.

"Hey, don't ignore me like that." Ye Chen tried to catch up with Yui Mi who started to ignore her.

"Don't follow the two of us anymore, don't you have anything else to do but do something like this? " Yui Mui said to Ye Chen.

Yui Mui didn't like Ye Chen to bother the two of them at important times like this.

"I just want to help both of you, I never thought that my kindness would be rejected continuously" Ye Chen looked sad when he offered his kindness to all the women from the Spring Palace.

Ye Chen's initial intentions were quite good, he wanted to give all these women a little help so that the first impression they got was good.

It was unexpected that all the women from the Spring Palace would reject him in this way.

Even though women are related to Nanhua Caiyi, who is a woman as well as a loyal servant that he has.

"We don't need help from a weak man like you, you better go and mind your own business." Yui Mui couldn't stand Ye Chen anymore, this man was so annoying that it made Yui Mui's blood go up.

If this had not been in the competition, Yui Mui would have used all kinds of means to discipline a bad boy like Ye Chen.

Yui Mui likes to discipline bad guys like Ye Chen, it's very, very fun to do.

"Okay, if you don't need my help I'll go, see you upstairs", Ye Chen said goodbye to Yui Mui and Yui Mi, he immediately walked away leaving Yui Mui and Yui Mi.

Because his kindness was rejected, Ye Chen decided to go upstairs, these women are a little boring, Ye Chen can't play with these women a little.

Yui Mui and Yui Mi were again shocked when they saw that Ye Chen could walk completely normally under such strong pressure, they couldn't believe that a man they thought was weak could do such a thing.

Because he felt that this place was very, very boring, Ye Chen decided to go up to an even higher floor, Ye Chen decided to relax on the top floor, on the top floor surely Ye Chen could find peace and be able to relax as he pleased.

Ye Chen very quickly passed Mo Coun and Tai Ji, these two people were shocked when they saw a shadowy figure that passed the two of them so easily as if there was no obstacle in the way.

The viewers outside were again dumbfounded by what Ye Chen was doing, they were speechless when they saw Ye Chen passing Mo Coun and Tai Ji so easily as if Ye Chen was walking on a freeway. .

Many people rubbed their eyes in disbelief at what they were seeing right now, people they previously despised and laughed at could easily pass the superior participant who had.

Ye Chen finally arrived at the stairs leading to the sixth floor, when Ye Chen arrived at the stairs leading to the sixth floor, Ye Chen found a barrier blocking his path.

In order to ascend to this sixth floor, Ye Chen needed to use his strength to get past this barrier.

For Ye Chen something like this was very easy, it was like a child's play for Ye Chen.

Ye Chen used his strength to break through the barrier in front of him with the little strength Ye Chen had, the barrier could easily be opened.

Ye Chen can now enter through the gap in the barrier he just created.

Before Ye Chen went upstairs, he didn't forget to turn around and look at all the participants on the fifth floor.

"You all look like snails crawling" Ye Chen said to all the participants on the fifth floor.

Ye Chen was literally making jokes to everyone who was here like a crawling snail.

After such a blessing to everyone in this place, Ye Chen crossed the barrier and disappeared from the sight of everyone on the fifth floor.

Everyone on the fifth floor was silent like a statue when they saw that Ye Chen could easily climb to the sixth floor.

All of them still couldn't process what just happened, they didn't know how Ye Chen could climb to the sixth floor so easily.

After a while, finally some people could respond to what happened.

"Damn, that person dared to underestimate us all".

"How dare that person insult us".

"Just watch out later I'll definitely make him pay what he said".

All the participants on the fifth floor started to get rowdy with the words that Ye Chen just said, they were all very angry at Ye Chen.

In an instant, Ye Chen became the enemy of all the participants in this competition.

Right now Mo Coun, Tai Ji, Zhang Jingu, Yui Mui and Yui Mi were still shocked by what had happened.

They still couldn't believe that the weakest competitor in this competition could get past them all so easily.

This was something the five of them had never imagined.

Mo Coun, Tai Ji, Zhang Jingu, Yui Mui and Yui Mi felt embarrassed by what Ye Chen had just done.

The five of them were fine if they were defeated by one of the other geniuses in this place, but when they were defeated by the weakest person, they felt utterly humiliated.

they all decided to use all the strength they had to catch up with Ye Chen.

Mo Coun was the first to start using all of his strength to catch up with Ye Chen.

Tai Ji also started using all the strength he had, Tai Ji no longer held back like before.

Yui Mui and Yui Mi looked at each other, they both nodded at each other, both of them agreed to use their strength that they had been hiding from all the participants.

Yui Mui and Yui Mi started to use their real strength as they tried to catch up with Ye Chen.

When Yui Mui and Yui Mi released the strength they had, it became a little easier for them to walk under this pressure.

Although they couldn't be as relaxed as Ye Chen, the two of them were already quite good when compared to the other participants.

What Nanhua Caiyi said was true, this Young and sister still hid their true strength.

Zhang Jingu also didn't want to lose to other participants such as Mo Coun, Tai Ji, Yui Mui and Yui Mi, she put all the strength he had to catch up with Ye Chen.

Thanks to the words just spoken by Ye Chen, all the participants were finally willing to use all the strength they had, they all no longer held back for this second round competition.

Meanwhile outside the situation was more electrifying than inside the pagoda, everyone started getting rowdy when talking about what Ye Chen just did.

They all don't believe that Ye Chen could easily pass the participants genius from the Gates of Eternity Sect, Shaolin, Spring Palace and the royal family whom they all thought were stronger than Ye. Chen.

Chapter 745 - Ten Floor (1)

Currently Zhao Yanyan was very happy when she saw Ye Chen who had started to show strength in this competition.

Wu Ping also felt very proud when he saw Ye Chen get first place in this second round, he hoped that Ye Chen could win the competition to be first.

That would definitely earn the Wu Clan an award for helping the royal family gain first place in this competition.

Ye Chen is Zhao Yanyan's husband, Ye Chen can already be considered a part of the Wu Clan.

On the other side, Shen Ao felt very unhappy when he saw Ye Chen get the first position.

Shen Ao already knows the identity that Ye Chen has, this man is the one who has made his son Shen Fuma very deeply ashamed.

Shen Ao had already decided that he needed to get rid of Ye Chen immediately, if this man was given time to develop longer, then in the future he would cause unnecessary trouble.

Shen Ao doesn't like tougher problems in the future, it's better to end things immediately before it's too late.

Zhang Shiyun was currently smiling full of interest when she saw Ye Chen passing all the participants from the Gates of Eternity Sect, Shaolin, Spring Palace, she was satisfied with the performance shown by Ye Chen.

After arriving on the sixth floor Ye Chen immediately went to the seventh floor, just like before, Ye Chen could easily go up to the seventh floor.

The spectators outside were again in an uproar with what was doing Ye Chen, they all continued to be shocked by what was doing Ye Chen at this time.

Some people started to speculate weirdly about Ye Chen, some speculated that Ye Chen used a unique method to get through the pressure in the pagoda, there were also some people who suspected that Ye Chen was using a fraudulent method to get past the pressure in the sixth floor pagoda.

Everyone started to suspect Ye Chen's way of getting past the pressure on the sixth floor just now, they still couldn't believe that Ye Chen could get past the pressure and barrier on the sixth floor so easily.

"Bam" Ye Chen went back up to the eighth floor, there was nothing that could stop Ye Chen's footsteps, not even the pressure and barrier on the seventh floor.

Everyone was shocked when they saw Ye Chen climb back up to the eighth floor very quickly.

They no longer knew what could stop Ye Chen's footsteps.

Ye Chen now looked like a train that nothing in front of him could stop.

He broke through whatever was blocking the path, no matter if it was profound pressure or a layered barrier, all of them could easily be passed by Ye Chen.

"Bam" Again Ye Chen broke through the barrier to the ninth floor.

Ye Chen continued to climb to the top floor this pagoda had ever seen.

"This fellow is truly insane, he has actually been able to ascend to the ninth floor, this is something that has never happened in history." One by one the people were in disbelief when they saw what they were currently seeing.

Never in history had anyone been able to ascend to the ninth floor of this ten Floor pagoda, even the greatest genius in history could only ascend to the eighth level, even that did not last long in the face of the pressure within the eighth floor.

And this time they saw that there was someone capable of climbing to the ninth floor of this pagoda, It seems like a new history will be rewritten by Ye Chen.

It should be noted that only people with 100 years of age can enter this ten Floor pagoda, when someone who is over 100 years old enters this pagoda, they will be automatically expelled when trying to enter this ten floor pagoda.

"Boom", when everyone was busy talking about Ye Chen who could go up to the ninth floor, they suddenly heard a very loud roar.

The people turned their attention back to the projection screen in front of them, when they looked at the projection screen, everyone could see that Ye Chen was currently trying to open the final barrier in front of him.

"Geez, he's actually going up to break through to the tenth floor?" Everyone couldn't believe that Ye Chen would break through to the last floor in the pagoda.

Today they saw something they had never seen in this life, a young man who was considered weak suddenly able to ascend to the tenth floor which is inside the ten-story pagoda.

Ye Chen had broken through the floor to the tenth floor, he easily broke through the barrier leading to the tenth floor.

After Ye Chen broke through to the tenth floor, the projection screen became completely dark, the projection screen was no longer able to display what was on the tenth floor.

All the spectators could only be silent when they saw Ye Chen who had broken through to the tenth floor, they still didn't understand how this happened, everything happened so fast that they could no longer conclude what had just happened.

"Ye Chen, you really don't know how to restrain yourself." Zhang Shiyun felt helpless when she saw Ye Chen who had broken through to the tenth floor so easily.

Ye Chen really didn't know the meaning of the word restraint, he actually used his true strength to climb to the tenth floor and make a fuss like this.

"Husband is really amazing, he can easily climb to the tenth floor." Zhao Yanyan felt that Ye Chen was so extraordinary.

"With the cultivation he currently has, it would be weird if he couldn't go up to the tenth floor," Ye Xiu said to Zhao Yanyan.

Ye Xiu was not too surprised when she saw what Ye Chen had just done, as someone who was always with Ye Chen, Ye Xiu naturally knew how strong her current master was.

"Well, you may be right, a husband is very strong, something like this will definitely be very easy for him" Zhao Yanyan agreed with Ye Xiu's words.

.

.

.

"It's so boring here, I want to play with Ye Chen & Zhao Yanyan a little bit." Meanwhile, Xing Mei felt very bored when she was with the people from the Gates of Eternity Sect.

Xing Mei wanted to go to Zhao Yanyan's side and have fun with Zhao Yanyan.

During these few days, Xing Mei's relationship with Zhao Yanyan had become very good, Zhao Yanyan often invited Xing Mei to play which made Xing Mei quite like Zhao Yanyan.

Xing Mei started to look at the people from the Gates of Eternity Sect who was beside her, she began to compare people with Zhao Yanyan.

These people were so boring that no one even wanted this to talk to Xing Mei.

Xing Mei did not know that the people from the Gates of Eternity Sect were afraid of her, with Xing Mei's very special status, no one dared to offend Xing Mei even Hong Zim and Hong Yepu did not dare to offend Xing Mei.

"Sigh.. ." Xing Mei could only sigh, she only hoped that the task of being a spy would end soon so that she could quickly play and do fun things together with Ye Chen and Zhao Yanyan.

Chapter 746 - Ten Floor (2)

Ye Chen had currently arrived at the tenth floor of this pagoda, in contrast to all the vast empty floors that Ye Chen had previously passed, this tenth floor was much narrower and smaller than all the floors Ye Chen had crossed.

In addition, this place is so dark that it is like being in a vacuum of darkness where no light can enter.

"This place is so dark, it seems I have to use the little lighting I have." Ye Chen started to use the profound flame he had for the lighting.

With the help of Ye Chen's profound flames, it should be enough to provide light for Ye Chen to see what's on this tenth floor.

From Ye Chen's palm came out a profound fire, When Ye Chen used the profound flames that he had, suddenly Ye Chen's profound flames were sucked in by something in this place.

Ye Chen's profound flames suddenly couldn't control and ran chopping towards the corner within the tenth floor.

This discovery surprised Ye Chen a little, he didn't expect that something like this could happen on the tenth floor.

Ye Chen's profound flames began to ignite all the furnaces attached to the walls.

In just an instant this place that was previously dark was now completely brightened by the flames.

Now Ye Chen could see very clearly what was around him.

Around himself, Ye Chen saw a canvas that was black in color that stretched around this place.

This canvas is attached to almost every corner of the wall in this place.

Ye Chen looked a little confused by this black canvas that was empty, he started to get closer and see what exactly this canvas meant being put in this place.

Ye Chen started to observe the canvas around here, after watching for a while, Ye Chen did not find anything wrong with the canvas in front of him.

"Hey, Yuechan, do you know what this is?" Ye Chen asked Chu Yuechan about the black canvas that was in front of him.

"Master, it looks like it's just an ordinary canvas, there's nothing special about this canvas." Chu Yuechan didn't feel anything special from the canvas stuck to the wall.

"Are you sure if there is nothing strange about this canvas? ,Then why is this canvas positioned right here?" Ye Chen asked Chu Yuechan.

"Master, I am not the one who made this place, so I don't know what the maker of this place wants." Chu Yuechan really didn't know what this black canvas meant, he didn't feel anything special about this black canvas.

Ye Chen became even more curious when he heard that Chu Yuechan didn't know what this was.

Ye Chen began to stretch out his hand towards the black canvas in front of him, he began to touch the canvas and find out what the purpose and purpose of this canvas was placed in this place.

when Ye Chen touched this canvas, he found that it actually looked like a very hard rock.

Ye Chen started trying to use his Profound Energy on this black canvas.

when Ye Chen used the profound energy he had on this canvas.

Suddenly the part of the black canvas that Ye Chen touched started to glow slightly, it seemed that this black canvas was absorbing the profound energy that Ye Chen had.

This discovery made Ye Chen a little surprised, Ye Chen hurriedly pulled his hand back.

"What just happened?" Ye Chen doesn't know what just happened, he just feels a little strange feeling when he uses the profound energy he has on this canvas that is in front of him.

"Master, it looks like this canvas reacts with the profound energy you have, why don't you try to flow more profound energy into the black canvas." Chu Yuechan immediately told Ye Chen to use more profound energy on the canvas.

"You have a point too, let me try one more time." Ye Chen agreed with Chu Yuechan's words, he was trying to use up more of the profound energy he had on this canvas.

Ye Chen touched the canvas in front of him again, this time Ye Chen did not hold back and used up a considerable amount of profound energy.

"Crack.. .., Crack.. .., Crack.. ..", "When Ye Chen used a huge amount of profound energy, suddenly a cracking sound sounded loudly in Ye Chen's ears.

This sound came from the black canvas that was in front of Ye Chen, this black canvas started to crack everywhere.

Seeing the black canvas in front of him cracked, Ye Chen started to worry and tried to pull back the profound energy he had.

"Master, don't stop." When Ye Chen wanted to stop, Chu Yuechan suddenly stopped Ye Chen, Chu Yuechan didn't want Ye Chen to stop halfway like this.

Chu Yuechan began to suspect that behind this black canvas was hidden something.

It was for this reason that Chu Yuechan didn't want Ye Chen to stop halfway, he wanted Ye Chen to destroy the thing that covered this wall.

"Very well, if you say that." Ye Chen nodded at Chu Yuechan, Ye Chen was very confident in Chu Yuechan's words.

Ye Chen continued to flow the Profound Energy he had onto this canvas.

"Crack.. .., Crack.. .., Crack.. ..", "The sound of cracking was getting louder and louder, the wall in front of Ye Chen sounded like it was about to collapse and collapse.

Ye Chen ignored this, he continued to flow his profound energy into the black canvas in front of him.

" Bomb. .. " An explosion occurred, this explosion made the black object that previously covered the black canvas of the wall bounce off all over.

Ye Chen immediately released a barrier to protect himself from the black shrapnel flying everywhere.

After the black object that covered the canvas disappeared, Ye Chen saw a very beautiful painting that even exceeded the image that could be captured by a modern camera.

Ye Chen began to approach and observe the painting in front of him, he wanted to know the meaning of the painting on the wall.

When Ye Chen looked at this painting, he found the figure of a very, very familiar person, this was the Sage God that Ye Chen had seen before.

On the other side, Ye Chen also found a figure of a beautiful woman who was familiar to him, this woman in this painting was very similar to Shen Niang's Goddess of Life and Mercy statue.

Why are two figures of true gods in this painting, what exactly is the meaning contained in this painting.

Ye Chen continued to observe the painting in front of him, in this picture Ye Chen found that Shen Niang, who is the Goddess of life and mercy, is said to be a soft-hearted woman throughout the universe, is being depicted slaughtering millions of people.

"Hey Yuechan, isn't this woman the same as a statue of the Goddess of Life and Mercy, Shen Niang?" In order to make sure that Ye Chen's memory was still good and correct, Ye Chen asked Chu Yuechan.

"It seems that it really is the Goddess of Life and Mercy, Shen Niang." Chu Yuechan confirmed that the woman in this painting was the Goddess of Life and Mercy, Shen Niang.

Chapter 747 - Trying To Dig Up The Secrets That Are In The Painting.

"Why do you think Goddess of Life and Mercy is depicted slaughtering many people in this painting?" Ye Chen asked Chu Yuechan why would someone paint something like this.

"To be honest I don't really understand this painting, I don't know why the Goddess of Life and Mercy who is the goddess of life who has the best heart is depicted killing so many people like that." Chu Yuechan did not know the meaning of the painting in front of her, in history there has never been mentioned something like what is in this painting.

"Actually what this painting maker wanted, why would he want to make something like this" Ye Chen became curious about the painting maker, why did that person dare to portray the Goddess of Life and Mercy, Shen Niang, in this way.

"Let's have a careful look, maybe this painting maker wants to tell us about the story that happened in the past." Chu Yuechan told Ye Chen to take a closer look at the beginning of the painting in front of her.

It is possible that Ye Chen can get a sense of what is contained in this painting.

"Okay" Ye Chen nodded at Chu Yuechan, he began to observe some parts of the painting in front of him.

After observing this painting for some time, finally Ye Chen began to know that this painting depicts a story that happened between the Sage God & Goddess of Life and Mercy in the past.

"Yuechan, it looks like this painting is a historical story in the past." Ye Chen began to conclude that this was a historical story that existed in the past.

"It is likely that what you said is true, but why is the story that this person described is so different from the history I know of?" Chu Yuechan felt a little confused, what was in this painting was not like the known history of the Era of the True Gods.

"Is what is told in this painting different from what you know?" Ye Chen asked Chu Yuechan.

"You could say, what is in this painting is very different from the history of the Era of true Gods, for example, Goddess of Life and Mercy, in the past she was killed by a demon god, that is one of the reasons how gods and demons are hostile until now. this." Chu Yuechan began to explain the origin of the enmity that had occurred between Gods and Demons.

The initial enmity between gods and demons was caused by the murder committed by the demon god at the Goddess of Life and Mercy.

Goddess of Life and Mercy is the kindest and most revered Goddess in the past, as the most beautiful woman in history, she has never been contaminated by a crime that exists in this world, the Goddess of Life and Mercy is described as a woman full of love and kindness.

When the news about the Goddess of Life and Mercy being killed by the Demon Lord, all the Gods and Goddesses in the entire God Realm were very angry, they didn't accept it when they found out that the purest, beautiful, and good woman in this world was killed by a demon.

This makes all the Gods and Goddesses angry and intends to seek justice, unfortunately the Demon Gods don't want to admit that those who killed the Goddess of Life and Mercy and the demon side accuse the Gods of having killed one of the Demon Gods.

Because of this, war finally broke out, Gods and Demons started to fight, they defended the justice they had.

Both Gods and Demons both felt right on their own matters.

Chu Yuechan explained in great detail everything he knew about the history that took place in the era of True Gods.

Ye Chen listened to Chu Yuechan's explanation very carefully, this was a very good knowledge that was useful for Ye Chen.

"Master Take a good look at this painting, at first the Goddess of Life and Mercy was adored by many people, and in the next painting the body of the Goddess of Life and Mercy suddenly appeared to give off a dark aura that was depicted as terrible, after which there was a massacre incident like that "Chu Yuechan told Ye Chen to look carefully at the image in this painting.

"If I'm not mistaken the Goddess of Life and Mercy has the elemental power of life that is inclined towards light, how can a Goddess of Life and Mercy have such a power of darkness isn't that very strange?" Chu Yuechan said to Ye Chen.

"You are absolutely right, I also feel strange about this, plus in that part it shows that the Sage God is sealing the angry Goddess of Life and Mercy." Ye Chen pointed to the part of the picture where the Sage God was sealing the Goddess of Life and Mercy.

In the picture shown by Ye Chen, you can see that the Sage God is sealing the Goddess of Life and Mercy.

The possible reason the Sage God sealed the Goddess of Life and Mercy was because the Goddess of Life and Mercy started slaughtering so many people.

Ye Chen felt that the images in this painting were connected to one another.

Chu Yuechan also thought the same thing Ye Chen thought, he thought that the part of the Sage God image that was sealing the Goddess of Life and Mercy had something to do with the part of the image of the Goddess of Life and Mercy slaughtering many people.

Ye Chen and Chu Yuechan began to think very hard about what really happened from beginning to end, what was the real reason the Goddess of Life and Mercy had committed such a slaughter, and why could the Goddess of Life and Mercy have the power of darkness, what exactly was wanted by This painting maker creates a very confusing painting like this one.

Ye Chen and Chu Yuechan felt dizzy when it came to finding out the truth that had happened.

They are confused enough to know the intent of the creator of this painting.

Ye Chen scratched his head, after thinking for several tens of minutes, he still didn't know the meaning of this painting.

"Forget it, I'm dizzy thinking about this, I will observe another angle of this painting." Ye Chen felt dizzy thinking about this, he no longer wanted to think about what the cut of this image meant.

Ye Chen went to the other side of this painting, when Ye Chen went to the other side of this painting, he found a star image where the Sage God Seals the body of the Goddess of Life and Mercy.

"Hmm, why is this star familiar to me?" Ye Chen again felt that this star was no longer foreign to Ye Chen.

"Isn't that the star where you and the goddess named Dongfang Xiu escaped from the pirates who were aiming for the Heavenly Silver Flame?" Chu Yuechan reminded Ye Chen that the star in the picture was very similar to the Snow Polar Star, the place where Ye Chen and Dongfang Xiu were hiding from the pirate named Xui Jin.

"Oh yeah, you are absolutely right, this star is very similar to the star I visited with Dongfang Xiu during the escape, if I'm not mistaken it is called Snow Polar Star." Ye Chen finally remembered that the star in this painting was very similar to Ye Chen, Ye Chen used Snow Polar Star to hide together with Dongfang Xiu.

Chapter 748 - Secret In Void Abyss

"Yuechan, don't tell me that the place we visited at that time was the place where the Sage God sealed the Goddess of Life and Mercy," said Ye Chen to Chu Yuechan.

After seeing the image of the Snow Polar Star, Ye Chen began to be able to predict what was going on.

"If that is the place where the Sage God seals the Goddess of Life and Mercy, then that means the painting in front of you is real," Chu Yuechan told Ye Chen.

Chu Yuechan could hardly believe the current reality.

Chu Yuechan did not expect that she would see the truth of history in a place like this.

"So that means behind the Void Abyss is sealed Goddess of Life and Mercy, Shen Niang?" Ye Chen asked Chu Yuechan.

"After seeing this, the possibility that you said before might be quite large." Chu Yuechan said that the possibility that Ye Chen had just thought of was very large.

If the person who drew the picture of this painting really didn't lie, then behind the abyss of the Void Abyss, there should be a Goddess of Life and Mercy sealed as told in this painting.

"Unfortunately we can't confirm that ourselves considering we can't get past the Void Abyss." Ye Chen helplessly said.

Ye Chen himself couldn't get past the Void Abyss, if he passed the Void Abyss then Ye Chen would immediately turn into nothing.

"Looks like you can only keep this matter for a while, if one day you have inherited the dimensional principle left by the Sage God." Chu Yuechan also couldn't do something about this matter, what Chu Yuechan could do was hope that Ye Chen be able to inherit the Sage God's Dimensional principles.

"So there is nothing we can do except search for the inheritance of the Dimensional principle left by the Sage God," Ye Chen said to Chu Yuechan.

"That's right." Chu Yuechan nodded at Ye Chen.

"Master, please keep a copy of this painting, let me study it personally, this is something very interesting." Chu Yuechan was very interested in this, she wanted Ye Chen to immortalize this painting to study in the future.

"OK." Ye Chen agreed to Chu Yuechan's request, he began to immortalize the painting on the wall using the imaging stone.

After immortalizing the image into the imaging stone, Ye Chen immediately stored this imaging stone into the fairy gate storage room for Chu Yuechan to study.

"Thank you very much, you are a very good master." Chu Yuechan thanked Ye Chen for granting the small request she had.

"You're welcome" Ye Chen felt happy to be able to help Chu Yuechan, usually Chu Yuechan was a person who always helped himself in every problem he encountered, from time to time Ye Chen wanted to repay the help Chu Yuechan gave him.

Now that there is nothing else for Ye Chen to do in this place, Ye Chen can only wait for the time of this second round competition to end.

When Ye Chen wanted to sleep and relax in this place, suddenly a light enveloped Ye Chen's body.

Ye Chen knew what was going on right now, it seemed like the second half time had ended and the participants were about to be kicked out of the pagoda.

Ye Chen was completely unaware that time passed so quickly when he researched the frescoes on the tenth floor of this pagoda.

Ye Chen was immediately teleported out of the pagoda to the outside world, not only did Ye Chen seem like the one who was forcibly teleported out, almost all the participants who managed to survive inside the pagoda were teleported out.

The conditions of all the participants looked very exhausted after a long battle against the pressure inside the pagoda.

Among all the participants who took part in this second round, only Ye Chen still looked fresh and healthy without looking sluggish and sweaty like the other participants who entered the pagoda.

All of the audience focused their eyes on Ye Chen, they couldn't believe that Ye Chen was previously able to ascend to the top floor of this pagoda.

The people here were very curious about what Ye Chen saw on the tenth floor of the golden pagoda.

Earlier when Ye Chen broke through to the tenth floor, the projection screen could no longer display what was happening, so everyone was curious what Ye Chen had managed to find on the top floor of the golden pagoda.

Too bad the curiosity they had couldn't pay off, because they couldn't find out about it directly from Ye Chen.

After all, it was impossible for Ye Chen to tell the people who were here what he had just found on the tenth floor of the golden pagoda.

It is better that Ye Chen keep what he finds to himself, there is no point in Ye Chen telling things like this to outsiders

"The result, the end for this second round has been decided, congratulations to the participants who managed to survive" Shun Buzi congratulated all participants who managed to survive in this competition.

Shun Buzi's tone seemed very happy with the results obtained this time by Ye Chen, he was happy that the royal family managed to get first place in this second round.

The second half's score was far more than in the first half, with Ye Chen being able to climb to the 10th floor then the score Ye Chen got might be able to take Ye Chen to one of the ten seats.

Results for the time being.

Chairs 1 and 2 are still occupied by Yui Mui and Yui Mi

Chairs 3 and 4 are still the same occupied by Mo Coun and Tai Ji, meanwhile Zhang Jingu climbed from seat 7 to seat 5.

Meanwhile, because of the previous achievements made by Ye Chen, he now got the 10th seat, this is a very good increase from the last position to the 10th position.

Shen Fuma has now dropped from 6th place to 9th place, in the second half just now, Shen Fuma is not as good as the other participants who made it to the sixth floor.

The result this time was completely beyond people's expectations, the participant they previously thought was bad was actually able to get the 10th seat position very easily.

"Okay, you guys have another 30 minutes to rest, after 30 minutes we will continue the third round of competition, Shun Buzi told all the participants to rest and recover from the fatigue they suffered.

All the participants were very happy because they were given 30 minutes to recuperate.

All the participants immediately used the time given by Shun Buzi to rest, they didn't waste their time, just one second was very useful to recover their profound Energy.

Unlike the other participants who tried to recover themselves, Ye Chen currently looks very relaxed enjoying the time given by Shun Buzi, the 30 minutes given by Shun Buzi can be used to relax and relax his back a little.

30 minutes had passed so fast, it was time for the third half to begin.

"The break time has ended, now we will enter the third round or it can be called the last round in this competition" Shun Buzi told all the participants that this competition was already in the last round.

Chapter 749 - Seductive Illusion

"This time I will not tell you what you will meet in this third round competition, you have to find out for yourself what you will face yourself" this time Shun Buzi did not tell the participants what they will facing in this third round, participants must find out for themselves what they are going to facing.

"Prepare yourself the third round will start soon" Shun Buzi told all the participants that the third round will start soon.

All participants felt confused, they did not know what would happen in this third round, this third round was so mysterious to all the participants.

An array began to envelop the bodies of all the participants in the arena, in an instant the eyes of all the participants turned white and could see nothing else.

Ye Chen was also transferred to a very strange place, he didn't know what kind of place this was.

"Where is this?" Ye Chen started to look around this place, he started to find out where he is right now.

The place where Ye Chen was currently standing was a very large flower garden, Ye Chen could barely see the end of this flower garden.

Right behind Ye Chen was an immense lake, right around this lake he saw various kinds of beauty that were extremely astonishing.

These women look like goddesses who come down from the sky to bathe in the cool lake water.

The most interesting thing that Ye Chen could see was that this woman's clothes were very transparent, this might have been innate or had indeed become transparent because of being exposed to lake water which made it wet and became translucent.

"Glup.. "This scene was so stimulating, Ye Chen felt excited when he saw the exquisite scenery that was currently displayed right before his eyes.

If a man saw the scene that Ye Chen was currently seeing, it was certain that they would immediately run and pounce on the beauty that was in the lake.

The current Ye Chen still had complete awareness, he would not do such a thing to these beautiful women.

"Sister Look, there is a very handsome man." Seeing Ye Chen suddenly appeared, the woman who was around the lake immediately told other women who were around him.

The women who were soaking in the lake immediately looked at Ye Chen.

In a short time, Ye Chen was stared at by dozens of pairs of eyes belonging to beautiful women who were soaking in the lake.

"Handsome guy, come here" one of the women who looked mature and had a brave attitude invited Ye Chen to come closer to them.

Seeing these women inviting himself, Ye Chen immediately went over to approach, there was no way that Ye Chen would refuse the invitation from these beautiful and seductive women.

Ye Chen walked closer to the lake, he was standing right on the edge of the lake, when Ye Chen was standing right by the lake, one of the women pulled Ye Chen into the lake.

" Come here, don't be shy, let's join us" One of the women asked Ye Chen joined them for soak a refreshing in the lake water.

Ye Chen was quite surprised at the courage shown by these women, these women were very brave in teasing him.

When Ye Chen entered the lake water, other beautiful women started walking towards Ye Chen, they started swarming Ye Chen as if the ants who just got a sugar were very sweet.

These beautiful women started to touch Ye Chen's body, they seemed to be trying to tease Ye Chen.

Ye Chen started to feel that something was wrong in this place, he felt that these beautiful women were very brave enough to do this kind of thing.

Whereas at first Ye Chen saw these beautiful women as innocent goddesses who did not know the things between men and women, but after seeing this Ye Chen changed the mind he had.

Ye Chen didn't know why the third round competition became like this, why was he even trapped in a place like this along with several beautiful beauties who were near him right now.

Ye Chen started to close his eyes, he started trying to do something about this.

The women who were near Ye Chen were getting bolder and bolder, they tried to tease and touch Ye Chen's rather muscular body.

These women look like hungry women who want men.

In this condition, Ye Chen still looked very calm, he was really not provoked by the temptation of these women.

" all of you, Get away from Me ." Ye Chen tried to get rid of these women, he was driving these women away as far as possible.

With great ease, these women were blown away by Ye Chen.

The beautiful women that had previously surrounded Ye Chen were flown in all directions, these women hit the water and turned into tiny particles.

Ye Chen already knew that he was in an illusion, that's why Ye Chen chased the women away.

The women just now were just an illusion created by someone to confuse Ye Chen's mind.

If previously Ye Chen really fell into illusory temptation just now, then it is certain that Ye Chen will have a hard time getting out of the illusion temptation just now.

After driving all the illusions of women away, Ye Chen opened his eyes, when Ye Chen opened his eyes, he found that he had returned to the battle arena.

Ye Chen looked around to find out what really happened, when Ye Chen looked around to find out what happened, Ye Chen found that the other participants were currently closing their eyes.

All the participants now looked like statues that didn't move at all.

It seemed that all of the participants around Ye Chen were trapped in the illusion created by the array just now, for Ye Chen to be able to come out of the illusion just now, otherwise the current Ye Chen would still be trapped like everyone around him.

Ye Chen decided to leave this Array, he moved away from the participants who were trapped in an illusion.

The spectators were closely observing what was happening to all the participants in the array, they were all looking at who was the first participant to make it out of this illusory Array.

When the audience saw that Ye Chen had managed to come to his senses, everyone was shocked again, again Ye Chen could be the first to finish the third round very quickly.

The third round has only started for a few minutes, it is unexpected that Ye Chen has managed to break his illusion.

Zhang Shiyun smiled when she saw Ye Chen broke the illusion very quickly.

"Ye Chen, you are truly amazing, it seems this Queen did not wrongly choose you to represent the royal family." Zhang Shiyun was very pleased with this result.

With the results currently obtained by Ye Chen, Ye Chen should be able to get first place.

In this third round, the points that can be obtained are far more than in the first and second round, this third round is the most difficult stage for all young cultivators.

The illusion created by the Array is an illusion created by using one's own deepest wish, it makes it difficult for people trapped in this Array to get out because it is their own wish that has not been fulfilled or has not been fulfilled.

The desire in the heart was something that would be difficult for anyone to refuse even if it was a talented cultivator like them all.

Chapter 750 - All Of You Advance At The Same Time

Time is running out, all the current participants still don't get out of the illusion they made themselves, they are trapped in the fun of the illusion they created.

The elders of each of the great powers were worried about the disciples following this third round.

The audience continues to observe the changes that occur to the participants, from the changes issued by these people alone can make the audience know what happened to them in the illusion.

Mo Coun is currently emitting a very dense bit of killing aura, it can be seen that Mo Coun is carrying out a massive massacre.

Mo Coun looks very happy when he commits a murder like this.

On the other side , Tai Ji looks very sweaty, it is possible that at this time, Tai Ji is facing the fear that he has.

The illusions that are created can vary depending on the person himself, there are those that create fear, pleasure, lust, sadness and many more illusions that can be created.

For example, the illusion that Ye Chen had previously created, Ye Chen's illusion was lust, because Ye Chen was a pervert, so it wouldn't be strange for him to create an illusion of Lust like that.

It wasn't just Ye Chen who might create the illusion of Lust, it seemed that all the women from the Spring Palace had also made something similar to Ye Chen or even more obscene than what Ye Chen was making.

It could be seen that the faces of the women from Spring were getting slightly reddened and their breathing was fast, this alone was enough to prove what these women were doing in the illusion they were creating.

Another 30 minutes had passed until now there was no sign of any of the participants waking up.

All the spectators are eagerly waiting for the results of the genius participants in this third round, whether they can return to being the best or the night they will be beaten by the regular participants who take part in this competition.

If these participants don't get a good position in this third round, then it is certain that Ye Chen will get first place.

This could be an extraordinary thing considering Ye Chen started from the last position.

After a while, finally a participant managed to wake up from the illusion.

The participant who woke up after Ye Chen was not from the great power controlling the Kunlun Holy Land, it was a regular participant who managed to fight off illusions of his own.

This makes people disappointed, which is not what most people expect.

After one participant woke up, the other participants also started to wake up, as if they had managed to win against the illusion they had created.

Among the participants who woke up were mostly regular participants, while the participants from the royal family, the Gates of Eternity Sect, Shaolin and Spring Palace still couldn't win against the illusions they created.

With this result, it seems like the first place belongs to Ye Chen, considering that the best participants could not finish this third round challenge well.

Finally, after a long wait, Mo Coun and Tai Ji managed to break the illusion they had.

After being followed by Yui Mui and Yui Mi, these two women were finally able to break out of the illusion.

Zhang Jingu returned to being the last of all geniuses, he was completely deluded by the illusionary Array.

After Mo Coun, Tai Ji, Yui Mui, Yui Mi and Zhang Jingu came out of the illusion, more participants started to come out of the illusion.

As more and more participants came out of the illusion, the participants in the array became fewer and fewer, only a few left yet.

The one who hadn't come out was Shen Fuma, he really enjoyed being in the illusion.

" This time Shen Fuma's results are much worse than before, it is certain that Shen Fuma will lose the seat he has because of this.

After a long time, finally all the participants successfully completed this third round challenge, this way the final result can be determined.

The first position was of course obtained by Ye Chen, as a winner 2 x in a row made Ye Chen's score soar from the last position to the first position.

Meanwhile, the second position is still held by Yui Mui, followed by Mo Coun in the 3rd position and in the 4th position is Yui Mi , the fifth position is Tai Ji.

Zhang Jingu is now in the sixth position, this position is not bad but when compared to geniuses other like Yui Mui, Yui Mi, Mo Coun and Tai Ji , then Zhang Jingu can be said to be the worst.

This result left Zhang Jingu feeling dissatisfied, he didn't get the result he wanted.

Unfortunately this is already the last round, if Zhang Jingu wants a better seat, then Zhang Jingu will have to challenge.

Zhang Jingu looked at Ye Chen, no matter what happened Zhang Jingu had to get the first seat that belonged to Ye Chen.

It wasn't only Zhang Jingu who wanted Ye Chen's seat. Yui Mui, Yui Mi, Mo Coun and Tai Ji also wanted Ye Chen's seat.

All the participants were also eyeing Ye Chen's seat, they wanted the first seat that belonged to Ye Chen.

All the participants still thought that Ye Chen was weak, so it was not strange that all the participants were eyeing the chair that was owned by Ye Chen.

"Everyone we will go to the last stand where all of you can take seats from the current owner, I will explain the rules to you" Shun Buzi said to all the participants that they can take the seats owned by the participants who sit among these 10 seats.

Even though they can take the seats owned by the winners there is a rule they must accept before challenging the winners.

"Okay, I will read the rules, first: if you lose against the person you are fighting, then automatically the consolation prize you get for your participation will belong to the person you are fighting against, second: you can only challenge one person, you don't. allowed to challenge 2 times in a row. "Shun Buzi started explaining the rules if he wanted to take seats from the winners.

The rule that Shun Buzi just said was quite burdensome for all the participants, if they lose against the person they are going to challenge, then their prize for joining this tournament will belong to the person they are challenging.

Even though they don't get 1st to 10th positions, all participants who take part in this competition will get a consolation prize to celebrate this.

Even though it was only a consolation prize, it was quite valuable for a normal participant who was short on resources.

This was a very difficult choice, if they wanted one of the ten seats then they had to sacrifice the consolation prize they got.

"Okay now you decide your choice, do you want to challenge the champions or not?" Shun Buzi asked all the participants whether they wanted to continue challenging the champions or stop here.

All participants looked at each other, some participants who lacked confidence in their strength withdrew and did not continue this.

Those with self-confidence still want to continue against one of the ten winners who get a seat.

Shun Buzi saw that almost half of the participants had withdrawn, while the other half still wanted to try their hand at this competition, they wanted to show their strength by challenging those who had already won seats.

"Very good, you have made your choice, now is the time for you to prove your abilities." Shun Buzi gave a little motivation to all the participants who wanted to challenge the geniuses who got seats.

Shun Buzi started asking all the participants which one by one they wanted to challenge, 99% of the remaining participants wanted to challenge Ye Chen and grab the first seat that Ye Chen had.

They thought that Ye Chen was the weakest participant, so their chance of getting the first seat was wide open.

Shun Buzi was helpless to see this, it seemed that all these participants were eyeing the first seat Ye Chen got.

"Ye Chen, all these participants are challenging you, do you dare to accept their challenge?" Shun Buzi asked Ye Chen if he was willing to accept all these challenges.

If Ye Chen refused this challenge, then Ye Chen would automatically be kicked out of his own seat.

"Of course I will accept this challenge, all of you advance at the same time I will fight all of you at the same time" Ye Chen said to all the participants who dared to challenge him.
