

Chapter 791 - Xue Suyin, Zhang Shiyun And Nanhua Caiyi Discussed

"Eh where husband disappeared?" Xue Suyin was surprised when she saw Ye Chen disappeared from her sight that fast, she really didn't expect it to be Ye Chen can disappear that fast.

Not only was Xue Suyin surprised when she saw this, Zhang Shiyun was also shocked when she saw Ye Chen disappeared in an instant.

Among the three women in this room, only Nanhua Caiyi didn't seem surprised when she saw Ye Chen disappear in the blink of an eye.

"You don't need to be surprised like that, currently the master is entering the fairy gate." Nanhua Caiyi told Zhang Shiyun and Xue Suyin that Ye Chen entered the fairy gate.

"Fairy gate ?, what is it?" Xue Suyin and Zhang Shiyun simultaneously asked Nanhua Caiyi about the fairy gate.

Seeing that the two of them were curious, Nanhua Caiyi began to explain a little about the fairy gate she had just said to Xue Suyin and Zhang Shiyun.

Nanhua Caiyi herself also knew very little about the fairy gate, she could only describe to Xue Suyin and Zhang Shiyun about the fairy gate he had just referred to.

"Does a husband have such a great place?" Xue Suyin still didn't expect Ye Chen to have such a place.

Zhang Shiyun also thought the same thing as Xue Suyin, she did not expect that Ye Chen would have something like a fairy gate.

Xue Suyin and Zhang Shiyun both had never heard of what Nanhua Caiyi had just said, both of them wanted to know what kind of fairy gate Nanhua Caiyi had just explained to the two of them.

"I didn't lie to you two, master does have such things, and only women from master can enter that place." Nanhua Caiyi told Zhang Shiyun and Xue Suyin that only female Ye Chen alone can enter that place.

"So we can also go to that place?" Zhang Shiyun and Xue Suyin asked Nanhua Caiyi.

Xue Suyin and Zhang Shiyun wanted to see if the place was indeed as good and amazing as Nanhua Caiyi described.

"Of course, but you can only enter if master or Yanyan takes you inside." Nanhua Caiyi told Xue Suyin and Zhang Shiyun that they could only enter the fairy gate if Ye Chen or Zhao Yanyan invited them to enter.

Too bad, the two of them can't see for now, Ye Chen has just entered alone, no one can bring the two of them into the fairy gate except Ye Chen and Zhao Yanyan.

"I see." Zhang Shiyun and Xue Suyin nodded at Nanhua Caiyi, if both of them wanted to enter the fairy gate, they both had to ask Ye Chen or Zhao Yanyan for permission.

"Mistress, so what are we going to do to help our sister Shiyun regain her throne?" Nanhua Caiyi asked Xue Suyin what they would do to reclaim the royal family for Xue Suyin.

"You two don't need to be too formal when we're together, from now on you can call me Suyin" Xue Suyin told Zhang Shiyun and Nanhua Caiyi not to be formal with her anymore.

Now that they were both Ye Chen's women, there was no point in remaining as formal as they used to be.

Nanhua Caiyi and Zhang Shiyun nodded, from now on the two of them would call Xue Suyin a pretty familiar nickname.

"How about we just attack and eliminate all the rebels, it's not difficult to eliminate them all." Xue Suyin came up with a pretty cruel idea, she intended to eliminate all the rebels.

"Don't do it, if you do that then there will be no more people left in the royal family." Zhang Shiyun strongly rejected the idea that Xue Suyin just said, if they eliminate everyone then the royal family will have no one left. , it was no different from the collapse of the royal family.

"Then what do you want?" Xue Suyin asked what Zhang Shiyun wanted.

"I just want to punish people who really rebel against me, I don't want people who are forced to share the consequences actions of the rebels'." Zhang Shiyun told Xue Suyin and Nanhua Caiyi that she was punishing people who really wanted to rebel against her.

Zhang Shiyun didn't want people who were forced to participate in the slaughter by Xue Suyin's idea just now.

"Shiyun you are too kind, if it was me maybe I would have eliminated all the people who betrayed me" Xue Suyin felt Zhang Shiyun was too good, if only Zhang Shiyun's position was Xue Suyin, Xue Suyin would have eliminated all the rebels no matter if they were forced by another party or not.

Zhang Shiyun smiled at Xue Suyin, "Sister Suyin, I am a Queen, if I act as cruel as you want to do, then my people will be afraid of me." Zhang Shiyun explained why she acted this way.

Zhang Shiyun's position was a good Queen in the eyes of all people, Zhang Shiyun would definitely not commit the cruel act suggested by Xue Suyin.

"So how do you go about reclaiming the throne that you have, do you already know who are the enemies you have to fight and save?" Xue Suyin asked Zhang Shiyun if she knew about the enemy she had to fight and save.

Here people who want to rebel are pure and because they are forced to be quite vague, it is a little difficult to know who the real enemy is who rebels purely against Zhang Shiyun.

"That was one of the reasons I came here, I wanted Sister Suyin to find information about it to me." Zhang Shiyun wanted Xue Suyin to find enemy information for herself.

"This request of yours is really very troublesome, if only you weren't my sister I would definitely refuse this troublesome request." Xue Suyin was helpless with Zhang Shiyun's request ,Zhang Shiyun's request was really very troublesome.

Zhang Shiyun smiled when she heard Xue Suyin's words just now, it seems that her request is quite difficult to carry out.

Xue Suyin immediately called her disciple to come here, a few moments later Yui Mui and Yui Mi entered Xue Suyin's room.

"Master what orders you ask" Yui Mui and Yui Mi immediately knelt in front of Xue Suyin, they both looked scared of Xue Suyin.

After their defeat at the martial arts tournament, Xue Suyin scolded the two of them, because of this, Yui Mui and Yui Mi were afraid that when Xue Suyin caled them, both were afraid that Xue Suyin would punish them.

"You two bring some senior disciples and some elders to sneak into the royal capital, I want you to find information about the people involved in the coup that took place in the royal family." Xue Suyin gave her orders to Yui Mui and Yui Mi.

Yui Mui and Yui Mi listened Xue Suyin's orders, both of them would do as Xue Suyin ordered to sneak into the royal capital.

"I allow all of you to use all kinds of means to get information, make sure your movements are not noticed by the enemy." Xue Suyin told her to move carefully and discreetly.

"master, we understand." Yui Mui and Yui Mi nodded at Xue Suyin, both of them understood what they had to do.

"Then what are you waiting for, quickly carry out this order, I'm waiting for news from you as soon as possible" Xue Suyin ordered Yui Mui and Yui Mi to immediately go carry out their duties.

Yui Mui and Yui Mi nodded, the two of them immediately left the room to find a senior female disciple and an elder to help them find the information Xue Suyin wanted.

"Shiyun, I can only do this, I can't guarantee that the information my people get will be 100% accurate, at most they can only get 80%." Xue Suyin told Zhang Shiyun that the information that might be obtained couldn't be 100% accurate, Xue Suyin could only guarantee 80% what could be obtained in a situation like this.

"It doesn't matter, as long as the information is useful, then that's enough." Zhang Shiyun didn't mind this, as long as he had the necessary information, Zhang Shiyun could move against his enemies.

"While waiting for the women to get information, how about we take a break, my body is still tired from the long battle with my husband." Xue Suyin invited Zhang Shiyun and Nanhua Caiyi to rest for a while.

After a long battle with Ye Chen, Xue Suyin was still exhausted, she needed more time to rest to recover.

Zhag Shiyun and Nanhua Caiyi also felt the same way, they were currently still exhausted from the battle they had previously done together with Ye Chen.

Even Zhang Shiyun and Nanhua Caiyi could feel that their feet were soft just standing like this.

It can't be denied that Ye Chen is such a strong man, even those three who cultivated the Queen Heart Silk technique still had a hard time dealing with Ye Chen.

Xue Suyin, Zhang Shiyun and Nanhua Caiyi climbed onto the bed, the three of them rested on the bed to recuperate themselves.

"Caiyi, you look even beautiful and enchanting since our last meeting." Xue Suyin looked at Nanhua Caiyi. According to her, Nanhua Caiyi has become even beautiful and enchanting since their last meeting.

"That's because I often get master's essence, master's essence is amazing, Besides being rich in Yangqi it also has extraordinary beauty effects." Nanhua Caiyi told Xue Suyin and Zhang Shiyun about this precious secret.

Xue Suyin and Zhang Shiyun looked at each other when they heard this.

Each party felt that they looked even more beautiful now than a few days ago, it seemed that what Nanhua Caiyi had just said was the truth.

Xue Suyin and Zhang Shiyun hurriedly picked up a mirror to take a look at their appearance.

"It's true that I've become even prettier than before." Xue Suyin and Zhang Shiyun were surprised to find this discovery, unexpectedly doing Dual Cultivation with Ye Chen would have this extraordinary effect.

Besides their strength increased significantly, they also became more and more beautiful and looked even more moist, the advantage of them doing Dual Cultivation together with Ye Chen was too amazing.

If the women in the Spring Palace knew about this, surely they would flock to ask Ye Chen for a Dual Cultivation session, this advantage was really very valuable for a woman who came from a place like the Spring Palace.

Apart from the beauty effect, Xue Suyin and Zhang Shiyun's strength had also increased, by relying on Ye Chen's Yangqi which was pure and extremely rich, the two of them had directly broken through to the early realm of the Divine Nascent Realm.

Now this world has three people who have broken through to the Divine Nascent Realm.

"I can't possibly lie to you two, the essence of Yangqi master is indeed very special." Nanhua Caiyi proudly said to Xue Suyin and Zhang Shiyun.

Xue Suyin and Zhang Shiyun smiled at this, it seemed that they now had a man who was quite competent in every way.

Xue Suyin, Zhang Shiyun and Nanhua Caiyi continued to discuss about Ye Chen, especially Xue Suyin, Zhang Shiyun who wanted to know more about Ye Chen.

Apart from that Xue Suyin, Zhang Shiyun and Nanhua Caiyi discussed when is the right time to execute the Shen Clan and the rebels.

The three of them had already agreed to attack during the Shen Clan throne ceremony which would probably be held in a few hours.

At that time all the rebels will definitely attend the event, it will be easier for the three of them to catch all the rebels there.

Instead of catching rats that were hiding, they lured them with bait and got them all out of their hiding places, it was easier than having to search for the rebels one by one.

It could be said that Zhao Yanyan's idea was quite brilliant, with the idea Zhao Yanyan had, they could immediately paralyze all enemies very quickly and easily.

now they only need to wait for the results of the work from Yui Mui and Yui mi, the information from Yui Mui and Yui mi will be of use to catch anyone who is genuinely rebelling against Zhang Shiyun.

Chapter 792 - Passion Goddess Technique

Meanwhile Ye Chen had entered the fairy gate to make Divine awakening, within Ye Chen's fairy gate there was no need to fear being disturbed by anyone

here was the safest and most peaceful place Ye Chen could think of.

"Why is it so quiet here?" Ye Chen felt that something was wrong, this place was so lonely, there wasn't a single woman that Ye Chen had met.

Usually Ye Chen would meet some beautiful women from the Frozen Ice Sect who had become women, but this time Ye Chen did not see a single woman in this place.

"It's because your women can't enter here anymore, Yanyan who carried the key to the fairy gate is in the Kunlun Holy Land with you, so right now there's no one who can bring them inside the fairy gate." Chu Yuechan appeared near Ye Chen, Chu Yuechan told Ye Chen why it's quite quiet here now.

Ye Chen really forgot small things like this, when he went with Zhao Yanyan, Ye Chen forgot to give the key to the entrance to the fairy gate to the woman.

Ye Chen should have given the entrance key to the fairy gate to Liu Yue, Su Meng, Fu Lanling or Lin Rouxi.

Now all the women can't enter to Fairy Gate because they don't have an access to enter here anymore.

Zhao Yanyan was with him, so nothing else could lead them inside the fairy gate.

"Is there no one in this place?" Ye Chen asked if there wasn't in this place anyone anymore.

"There is only Lanling in this place, unfortunately Lanling is in closed-door practice, she will soon break through to the Divine Nascent Realm, so for now you won't be able to disturb her or it will affect the breakthrough Lanling will make." Chu Yuechan told Ye Chen, if there is only Fu Lanling in here.

The current Fu Lanling couldn't be bothered because she was doing closed-door training to break through to the Divine Nascent Realm realm, so Ye Chen couldn't bother Fu Lanling on this matter.

Ye Chen can't do something about this, Ye Chen woman may have to be patient in a little bit, after the matter in the Holy land is over, Ye Chen will come back soon.

Before going to make Divine Awakening Pill, Ye Chen wanted to see his status at the fairy gate.

Ye Chen saw that the gate had leveled up again from the previous level which was only lvl 15.

The higher the level, the more experience Ye Chen must get, it means that Ye Chen needs more women to speed up the increase in the level of the fairy gate.

The fairy gate uses a level system, the more Ye Chen has women and trains them to a higher level, the faster the fairy gate will level up.

The higher the fairy gate, the more benefits Ye Chen and his women can get.

For example, the purity level of Energy within the fairy gate gets better over time, this makes everyone's cultivation faster.

"This time, is the prize I got attractive or not?" Ye Chen wanted to know whether he got an attractive gift or not.

Last time Ye Chen didn't get anything interesting for himself, only a few pills and medicinal herbs that Ye Chen got as well as some new things that Ye Chen and all the women had access to.

Ye Chen hopes that this time he can get something good.

Ye Chen started to see the reward he got from the 4x consecutive rise of the fairy gate.

Congratulations on reaching level 19 from the master of the gate fairy , this is the reward you will get = 1x Passion Goddess technique, 1x God Creator Hammer, 2x Phoenix Tears, Special Alchemist Room & Artifact Creator Special Room, training domain has been opened.

Apart from those few items earlier, there were also some ranked pills Strength, Defense, Speed and pure energy absorbing speed, there were also some plants that didn't know what they were used for right now.

Ye Chen looked at the gift he got, the present this time might be a little interesting than the last time.

Ye Chen started to look at the complete details about the item he just got.

Passion Goddess technique, this is a Dual Cultivation technique that can make people who cultivate this technique can easily get a Goddess heart.

It is necessary to know that a Goddess is a supreme existence, it is quite difficult to obtain them by normal means, even Ye Chen who has the King's heart technique still has a hard time getting a Goddess like Nangong Xiang.

With the Passion Goddess technique, the chances of Ye Chen getting Nangong Xiang will be even greater.

God Creator Hammer, this is a Hammer that gods use to make the best artifacts, with the God Creator Hammer anyone can make a high class artifact easier and faster.

The God Creator Hammer will definitely be of use to Ye Chen in the future, it can be used to make a good weapon that Ye Chen can resell.

Phoenix Tears, these are pure Phoenix Tears, Phoenix Tears can heal all kinds of internal and external wounds even if that person is already on the brink of death.

It could be said that this was a high ranking healing item that was hard to find even in God Realm.

The Alchemist Room & Artifact Creator Room , as the name implies, is a special room created for Alchemists and Artifact Creators to increase success in the process of making pills and weapons.

Incidentally this is what Ye Chen really needs at this time, in the Alchemist Special Room, Ye Chen can increase the success rate of himself in making the Divine Awakening Pill.

The latter was a training domain, it was a domain devoted to training combat strength and agility in battle.

In this domain, anyone is free to make and choose enemies according to their wishes, there are no restrictions on making the enemies they want to fight.

It could be said that the training domain was a place in the game world. where everyone is free to determine the enemy they will fight.

"Wow, this is pretty good." After reading this description, Ye Chen felt very satisfied, this time the gift that Ye Chen got was really very useful for him.

Especially the special Alchemist room that had just opened, in this room, the success process in making pills would increase, this was good news for Ye Chen who wanted to make Divine Awakening Pill.

With this Special Alchemist room, Ye Chen's failure rate in making Divine Awakening Pill could be smaller.

Chapter 793 - Make Divine Awakening Pill (1)

"Hi Yuechan, is this Passion Goddess technique good?" Ye Chen asked Chu Yuechan if this Passion Goddess technique was better than the king's heart technique he currently had.

"Master, the Passion Goddess technique is a very powerful dual cultivation technique, this technique has long since disappeared from this world." Chu Yuechan explained to Ye Chen what kind of Passion Goddess technique Ye Chen that had just acquired.

"How come a great technique like this can disappear from this world?" Ye Chen asked Chu Yuechan.

"The reason this technique disappeared from this world, is because the goddesses of the past annihilated the owner and owner of all copies in this world, the Passion Goddess technique is a technique that can threaten the existence of a beautiful goddess who once lived in God Realm".

"The past user of the Passion Goddess technique made the goddesses of the God Realm his servants, this caused the anger of other goddesses that made the user of this technique eliminated from this world, in your hand this is the last copy in this world" Chu Yuechan told Ye Chen if the Passion Goddess technique in his hand was the last copy in this world.

"Is this technique really that great?" Ye Chen did not expect that the Passion Goddess technique in his hands would be so powerful that he could turn a goddess with a strong mind into a slave.

"Why would I lie to you, this technique is indeed the most powerful Dual Cultivation technique ever in history, if you cultivate it you can subdue someone like a goddess even" Chu Yuechan told Ye Chen to learn the Passion Goddess technique.

"If it is that great, then I will learn it, hehehe" Ye Chen chuckled after hearing Chu Yuechan's explanation, this technique Ye Chen could use to deal with women who were difficult to handle casually.

Even though Ye Chen learned this technique, he would not be like his predecessor who used the Passion Goddess technique to enslave the beautiful goddesses in the God Realm, Ye Chen did not want himself to provoke the anger of the beautiful goddesses in God Realm.

Ye Chen always tried to avoid conflict with a woman if it didn't really matter, women were so strange creatures, they could do really, really crazy things if they made them angry.

Ye Chen would rather fight hundreds of people than conflict with a woman, it was very troublesome for Ye Chen.

The second item is the God Creator Hammer, this is an item for an artifact creator.

For now, Ye Chen's artifact creator level is still very low when compared to his Alchemy level, which is why the God Creator Hammer is still not very useful to Ye Chen.

For now, the God Creator Hammer may not be useful, but in the future the God Creator Hammer can definitely be useful for making artifacts for the women.

Ye Chen saw the third item he got, the third item was Phoenix Tears. This was an item that could save someone from deadly wounds.

Phoenix Tears are very top class healing items, they can be a savior when doing war, you can say this is a second life that is owned when the war occurs.

The previous three items were the best items, Ye Chen was satisfied with this.

"Yuechan let's go to the Alchemist Special Room." Ye Chen invited Chu Yuechan go to the Alchemist room, as well as Ye Chen wanted to ask for a recipe for making Divine awakening pills From Chu Yuechan .

"OK." Chu Yuechan quickly agreed, agreeing to go to the Alchemist's room together with Ye Chen.

Here Ye Chen told Chu Yuechan to guide the path for himself, Ye Chen did not know where the Alchemist Special Room was, which was why he asked Chu Yuechan to guide him.

Chu Yuechan happily guided Ye Chen towards the Alchemist Special Room.

With Chu Yuechan's direction, Ye Chen very quickly arrived at the Alchemist Special Room.

"Is this a special room for making pills?" Ye Chen looked around this room, he thought this room looked quite ordinary, there was nothing special in this room.

"Don't just judge things by the outward appearance, this place is designed to make a pill, the temperature in this room is maintained at all times, this makes the pill making process easier to do."

"Besides, the walls in this place can absorb lightning during the high-tier pill-making process, so the master doesn't have to worry about being struck by lightning when making a Pill." Chu Yuechan explained a little about the Alchemist Special Room to Ye Chen.

"That's amazing." After hearing Chu Yuechan's explanation, Ye Chen became convinced that this room was indeed made for an Alchemist.

"Yuechan, where is the recipe for making Awakening Pill Divine?" Ye Chen asked where is the recipe for making Divine Awakening Pill.

"This is the recipe for making Divine Awakening Pill." Chu Yuechan's hand appeared a scroll, inside this scroll were the steps needed to make Divine Awakening Pill.

Ye Chen took the scroll that had just appeared in Chu Yuechan's hand, he began to open and study the contents in this scroll.

Ye Chen carefully studied the manual for making the Divine Awakening Pill.

Chu Yuechan did not leave this place, she would continue to accompany Ye Chen to make the Divine Awakening Pill.

After reading the contents for a while, Ye Chen understood the steps to make a Divine Awakening Pill.

"Yuechan, in making the Divine Awakening Pill, I need a little help from you." Ye Chen said that he needed Chu Yuechan's help to make the Divine Awakening Pill.

In order to make Divine Awakening Pill, Ye Chen needed immense amounts of Profound Energy, Ye Chen's Profound Energy alone wouldn't be enough to make Divine Awakening Pill, that's why Ye Chen needed Chu Yuechan to help.

Actually Ye Chen could have used Sage God Water Veins to overcome this, but it was not a good solution because it could affect the pill making process.

The Sage God Water Veins required a lot of mental strength to use, which was why the Sage God Water Veins could not be used for this kind of situation.

Making pills already consumed enough mental strength to keep the medicinal ingredients from burning, if you had to add to using the Sage God Water Veins, it would be even harder for Ye Chen, that's why Ye Chen had more to ask Chu Yuechan for help to solve this problem.

With Chu Yuechan's strength, it shouldn't be difficult to borrow the profound Energy he possessed a little to make a Divine Awakening Pill.

"I will help you with that, that's why I'm here." Chu Yuechan already knew that Ye Chen would need help from her in the process of making Divine Awakening Pill, that's why Chu Yuechan was here.

"Thank you very much." Ye Chen was grateful that Chu Yuechan wanted to help him in the process of making the Divine Awakening Pill.

"Master does not need to thank you, it is my duty to help you." Chu Yuechan told Ye Chen not to thank her, it was Chu Yuechan's job to help Ye Chen.

"Then let's start right now" Ye Chen invited Chu Yuechan to start the process of concocting the Divine awakening pill.

"Come on." Chu Yuechan nodded, she was ready whenever Ye wanted.

Chapter 794 - Make Divine Awakening Pill (2)

Ye Chen started preparing the furnace and the materials needed to make the Divine Awakening Pill.

Ye Chen started to take out grass root light, qili fruit, ginseng of life edge and a dual dragon cauldron, all the ingredients needed by Ye Chen to make the Divine Awakening Pill have been fulfilled.

Now it remains only the process of making Divine Awakening Pill, before making the Divine Awakening Pill, Ye Chen didn't forget to warm up a little by making a few pills first.

Meanwhile, Chu Yuechan waited very patiently beside Ye Chen, She letting Ye Chen do a warm-up before making the Divine Awakening Pill.

Chu Yuechan knew that making Divine awakening pills required careful preparation, so that the slightest mistake of everything could evaporate and disappear.

If that happens, then it will be a loss for Ye Chen, Ye Chen only has one chance, if Ye Chen fails, then Ye Chen will have more difficulty finding materials for making Divine Awakening Pill.

Ye Chen warmed up for a while, Ye Chen already felt that he was quite ready to make the Divine Awakening Pill, the Divine Awakening Pill was a tier seven pill, making the Divine Awakening Pill a little difficult to do.

Ye Chen prepared himself to make the Divine Awakening Pill.

Ye Chen started to put the ingredients one by one into the dual dragon cauldron, he began to refine and refine the existing ingredients one by one.

Since it was a high grade pill, the refining and refining process took quite a long time.

It takes tens of hours for the refining process of Grass root light, Qili fruit, Ginseng of life edge, until it is ready to be made into a pill.

In this process, Ye Chen was very careful, he used all his thoughts to focus on the Cauldron.

He kept the temperature inside the Cauldron to remain like this, in this process Ye Chen used the Heavenly Silver Flame which would make the pill yield even purer and better than using ordinary flames.

Inside this Special Alchemist room, Ye Chen could feel that it was easy enough to control the temperature inside the Cauldron, this was probably one of the greatness that this Special Alchemist room had.

Chu Yuechan watched from the side what Ye Chen was doing, she didn't want to disturb Ye Chen who was focused inside the Cauldron.

Chu Yuechan could understand that Ye Chen couldn't be bothered in this situation, if Ye Chen was bothered in this situation then the materials inside the Cauldron would evaporate to ashes.

Chu Yuechan continued to observe Ye Chen who was making pills, she was waiting for the time to help Ye Chen with the Profound Energy she had.

After approximately 12 hours, Ye Chen finally finished completely refining and refining all the ingredients, it was time to inject profound energy into the refined and refined materials.

"Yuechan please help me" Ye Chen asked Chu Yuechan to help himself in this important process.

Chu Yuechan nodded, she went behind Ye Chen's body, Chu Yuechan started channeling her profound energy to Ye Chen.

When Chu Yuechan channeled her profound energy to Ye Chen, Ye Chen felt a profound energy surge that was very strong in his body, Chu Yuechan's profound energy was very strong, Chu Yuechan's cultivation level must be so high that she had this profound energy.

Until now, Ye Chen did not know what level Chu Yuechan had, whether Chu Yuechan was a cultivator in the realm of a true god or not.

Ye Chen did not have time to admire Chu Yuechan's strength, he had to immediately inject his profound energy into the previous material has been refined and refined.

With the help of Chu Yuechan's Profound Energy flowing into Ye Chen's body, Ye Chen could do this very easily.

Ye Chen did not know how long the process would take for this matter, it was certain that this process would take a little longer than the previous process.

Ye Chen and Chu Yuechan had no choice but to be patient in this important process, if they were impatient, then the pills made could become imperfect or flawed.

Ye Chen and Chu Yuechan patiently went through this process to completion, the two of them continued to work together in this important process.

Several days quickly passed within the fairy gate, Ye Chen and Chu Yuechan continued to work together to make the Divine Awakening Pill

.
. .

Meanwhile, the situation in the Wu Clan manor

to date Zhao Yanyan and Nangong Xiang had not listened to Ye Chen's news, the two of them kept wondering where Ye Chen was at the moment, why did Ye Chen come back so long.

Even though today the Shen Clan already intends to declare themselves the new rulers of the royal family.

"Where exactly are the husband and Queen, why don't they have any news yet, several days have passed." Zhao Yanyan was increasingly anxious about Ye Chen and Zhang Shiyun's whereabouts.

Until now, Ye Chen and Zhang Shiyun had not given them any news, if it continued like this they could miss a golden opportunity to turn things around.

If Zhang Shiyun wasn't here at the right time all plans would go awry.

"It's been a long time since Ye Chen and Shiyun left, what exactly were they doing in that place?" Nangong Xiang felt strange, why did not the two of them return, it should be with Ye Chen's current strength, it would not be difficult to conquer the Spring Palace Mistress and take what he wanted.

The two of them should be back by now with the necessary reinforcements.

"Do I need to go pick them both?" Nangong Xiang intends to go get Ye Chen and Zhang Shiyun who were currently at the Spring Palace.

"Bang" When Zhao Yanyan and Nangong Xiang were discussing Ye Chen and Zhang Shiyun the door suddenly opened very loudly.

"Sister Yanyan, something bad happened." Xing Mei walked in and shouted at Zhao Yanyan who was in the room.

"Young Sister Mei please calm down and explain what happened ,so I understand." Zhao Yanyan told Xing Mei to explain what happened even more calmly.

"That, grandfather Wu and some of these Clan members just left this manor and headed to the royal palace where the Shen Clan was coronated, they looked like they wanted to fight against the Shen Clan.

"Xing Mei told Zhao Yanyan that Wu Ping just left with some other Wu Clan members.

"What ! ! !, how can grandfather just leave like that?" Zhao Yanyan was shocked when she heard this news, she did not expect that Wu Ping would go together with the Wu Clan members to the royal palace, this was completely beyond Zhao Yanyan's expectation.

"Young Sister Mei, why don't you stop them?" Nangong Xiang asked why Xing Mei didn't stop Wu Ping and the others.

"It's because I didn't know when they left, I was just told by the guards about this." Xing Mei told Nangong Xiang that she too had just found out about this matter.

"Sister Xiang, let's follow my grandfather, I'm afraid something bad will happen to them." Zhao Yanyan invited Nangong Xiang to go together with herself to catch up with Wu Ping and the others.

"Fine, let's go." Nangong Xiang nodded, she was willing to accompany Zhao Yanyan to go after Wu Ping and the others.

"Young Sister Mei, you go to the Spring Palace and find Ye Chen, tell him to come back soon" Zhao Yanyan told Xing Mei to go after Ye Chen.

"Okay, I understand." Xing Mei understood, she would go after Ye Chen who was in the Spring Palace.

"Let's go" Zhao Yanyan invited Nangong Xiang to go after Wu Ping and the others, while Xing Mei immediately went to the Spring Palace to meet Ye Chen.

Chapter 795 - Make Divine Awakening Pill (3)

Meanwhile, Ye Chen and Chu Yuechan were currently still focused on the process of making the Divine Awakening Pill, the two of them still couldn't relax because the process of injecting Profound Energy was still not finished.

Ye Chen and Chu Yuechan no longer knew how long it had been for them to make the Divine Awakening Pill, they were so focused on the process of making the Divine Awakening Pill that they didn't know how much time had passed inside the fairy gate.

After a while, the purified ingredients are ready to be extracted into a pill.

It was only one step away before Ye Chen and Chu Yuechan managed to make the Divine Awakening Pill.

Ye Chen had to be very careful in this last process, he had to be extra careful so as not to fail in this process.

Ye Chen started to condense the essence of grass root light, qili fruit, ginseng of life edge that had been refined into a Divine awakening pill.

"Boom.. . Boom.. . Boom.. . Boom.. . " When Ye Chen did the final process, the contents inside the Cauldron started to explode, a thunderous roar began to sound when Ye Chen did the process of extracting the pills.

Due to the effect of this special room, the lightning that was outside couldn't injure Ye Chen, the lightning that wanted to attack the Cauldron was partially absorbed by this room ,so the damage rate wasn't too high.

This made the process of making Divine Awakening Pill easier, Ye Chen was no longer afraid of being disturbed by lightning strikes when making a Divine Awakening Pill.

"Is it success?" After all the processes Ye Chen went through, it was time for Ye Chen to see the results of the Divine Awakening Pill he had made.

Ye Chen hurriedly snapped his fingers to open the cauldron's cover, when Ye Chen opened the cauldron's cover, a very fragrant medicinal aroma began to fill the entire room.

Ye Chen and Chu Yuechan could smell this fragrant medicinal scent, only from this medicinal scent did the two of them know that they had successfully made the Divine Awakening Pill.

Ye Chen hurriedly looked inside the dual dragon cauldron, Ye Chen wanted to see how many pills he had managed to make.

When Ye Chen looked into the dual dragon cauldron, he found 3 pieces with 3 colors adorning the surface red, white and yellow.

"Why are there only three, I should have made more than three." Seeing this result, Ye Chen felt a little disappointed, even though he had extracted the previous essence into several pills, unexpectedly that only 3 were made by Ye Chen.

"Pah." Chu Yuechan suddenly hit Ye Chen's head from behind.

"Ouch" Ye Chen shouted in pain when he was hit by Chu Yuechan, even though Chu Yuechan was already gentle when she hit Ye Chen, Ye Chen still felt a little pain.

"Yuechan, why did you hit me?" Ye Chen asked why Chu Yuechan hit himself like this.

"That's because you are very greedy, do you know that with your current ability you are actually not the time to make a Pill that is at Tier 7, you are still lucky enough to be able to make 3 Divine awakening pills" Chu Yuechan scolded Ye Chen who was too greedy.

Ye Chen was indeed not yet time to make a Pill in Tier 7, if it weren't for this room and a capable Cauldron, Ye Chen would have failed.

"Hehehe" Ye Chen could only chuckle when he heard what Chu Yuechan just said.

Ye Chen did not deny that Chu Yuechan's words just now were true, he was not yet time to make the Divine Awakening Pill, if he didn't give Chu Yuechan's help and a good place like this, Ye Chen might fail to make the Divine Awakening Pill.

Ye Chen took the three Divine awakening pills that were in the dual dragon cauldron, he began to see the three Divine awakening pills he had made.

Ye Chen took out a needle from the fairy gate storage room

Ye Chen started to check the purity level he managed to achieve when making the Divine Awakening Pill.

When Ye Chen checked the purity level of the Divine Awakening Pill, Ye Chen found that the Divine Awakening Pill that Ye Chen had just made was 100% pure.

This result was beyond Ye Chen's expectation, Ye Chen thought that the Divine awakening pill he had just made only had a purity level of about 80%, the results that Ye Chen could achieve could be said to be quite excellent.

"Very good, now I only have to give this to Zhao Yanyan" Ye Chen was very satisfied, now Ye Chen only has to give this to Zhao Yanyan and Zhao Yanyan will immediately break through to the Divine Realm level.

For the remaining 2 Divine Awakening Pills in his hand, Ye Chen will give it to the woman, Ye Chen doesn't know which woman will get the remaining 2 Divine Awakening Pills, Ye Chen will think about this for later.

"Yuechan, thank you very much. This is all thanks to you." Ye Chen thanked Chu Yuechan. To express his gratitude to Chu Yuechan, Ye Chen hugged Chu Yuechan who was in front of him.

Chu Yuechan was quite surprised by what Ye Chen was doing, she did not expect that Ye Chen would suddenly hug her like this.

This time Chu Yuechan did not fight back when hugged by Ye Chen, she obeyed when hugged by Ye Chen.

This was Ye Chen's first time hugging this beautiful fairy in front of him, the feeling of hugging Chu Yuechan was very pleasant.

Time passed, Ye Chen was currently embracing a peerless beauty in his embrace.

Chu Yuechan is a beautiful woman, Chu Yuechan's beauty is at the level of a goddess.

"Master is enough, your woman outside must be waiting for you." Chu Yuechan pushed Ye Chen away from her, Chu Yuechan felt a strange feeling when she was hugged by Ye Chen.

Ye Chen felt a little lost when Chu Yuechan pushed himself away.

"Yes, you are absolutely right, it looks like everyone is waiting for me." Ye Chen understood what Chu Yuechan was referring to, the women should have been waiting for him out there.

Ye Chen himself didn't know how many days had passed since he made the Divine Awakening Pill with Chu Yuechan.

What Ye Chen and Chu Yuechan knew had taken a long time to make the Divine Awakening Pill.

It must have been more than 10 days this inside fairy gate .

"Yuechan, I'll go first" Ye Chen said goodbye to Chu Yuechan, he had to leave the fairy gate.

Ye Chen turned into a ray of light and disappeared from within the fairy gate.

"You idiot, the two of us are connected to each other, how can you say goodbye to me" Chu Yuechan grumbled slightly at Ye Chen's words just now.

Ye Chen and Chu Yuechan can connect anytime and anywhere. It was a strange thing when Ye Chen said goodbye in such a manner.

Chu Yuechan started to touch the part of her body that Ye Chen had previously hugged, she could still feel the slight warmth that Ye Chen gave her.

Just now was Chu Yuechan's first time having had quite an intimate relationship with Ye Chen, she did not expect that being hugged by Ye Chen would feel comfortable like that.

"Forget it." Chu Yuechan shook her head, she shouldn't be affected by this kind of thing that could affect her feelings.

Chu Yuechan previously promised to become Ye Chen's woman if Ye Chen had grown strong enough, for now Ye Chen is still not strong enough, Ye Chen is still not worthy of getting herself.

Chapter 796 - Preparations Before War

When Ye Chen came out of the fairy gate, he found that Xue Suyin's room was empty, all the women seemed to have left this place.

"Where do they think they went?" Ye Chen started to wonder where Xue Suyin, Zhang Shiyun and Nanhua Caiyi had gone.

In order to search for the whereabouts of Xue Suyin, Zhang Shiyun and Nanhua Caiyi, Ye Chen used the connections he had with women.

This way Ye Chen could easily find the whereabouts of Xue Suyin, Zhang Shiyun and Nanhua Caiyi.

It so happened that Xue Suyin, Zhang Shiyun and Nanhua Caiyi were in the same location, this made it easier for Ye Chen to find the three of them.

Ye Chen immediately went to where Xue Suyin, Zhang Shiyun and Nanhua Caiyi were, Ye Chen wanted to know the current situation of the three.

When Ye Chen came to see Xue Suyin, Zhang Shiyun and Nanhua Caiyi, Ye Chen found that Xue Suyin, Zhang Shiyun and Nanhua Caiyi were talking to a beautiful woman who was no stranger to Ye Chen.

This beautiful woman is of course the bad girl Xing Mei, Ye Chen doesn't know why Xing Mei can be in this place, it should be that Xing Mei is currently with Zhao Yanyan to guard the Wu Clan manor.

"What are you doing in this place?" Ye Chen came and asked Xing Mei who was talking together with Xue Suyin, Zhang Shiyun and Nanhua Caiyi.

Xue Suyin, Zhang Shiyun, Nanhua Caiyi and Xing Mei immediately turned to look at Ye Chen.

"Ye Chen, Husband, Master" Xue Suyin, Zhang Shiyun, Nanhua Caiyi and Xing Mei all called Ye Chen's name together.

The three of them looked very happy when they saw Ye Chen had come out of the fairy gate, Xue Suyin, Zhang Shiyun, Nanhua Caiyi quite missed Ye Chen who was inside the fairy gate for several days

Ye Chen approached Xue Suyin, Zhang Shiyun, Nanhua Caiyi and Xing Mei, he wanted to know what Xue Suyin, Zhang Shiyun, Nanhua Caiyi and Xing Mei were doing.

"Xing Mei, why are you here?" Ye Chen asked why Xing Mei was here.

"That, sister Yanyan just sent me here, she wants you to come back right away, Shen Clan and the rebels have gathered to celebrate the coronation of the new ruler "Xing Mei explained to Ye Chen that today is the coronation ceremony of the Shen Clan who will become the new ruler of the royal family. .

"So it has started?" Shen Clan has already started its action, now is the right time to fight against Shen Clan.

"Suyin, Caiyi, Shiyun let's go to the capital" Ye Chen invited Xue Suyin, Zhang Shiyun, Nanhua Caiyi to go to the royal capital.

Xue Suyin, Zhang Shiyun, Nanhua Caiyi nodded at Ye Chen, the three of them had wanted to do that from earlier.

"Husband, I will bring the women and elders who are here to help catch the enemy." Xue Suyin suggested bringing several women and elders who were in the Spring Palace to help with their work.

"It will be quite useful, you can do it." Ye Chen said to Xue Suyin that he agreed that Xue Suyin wanted to bring some women from the Spring Palace to help in this matter.

"Then I will call them." Xue Suyin call several strong women in the Spring Palace to head to the royal capital.

In just an instant, there were dozens of women who came here, from the strength they possessed, these women were all at the upper stages of the 6th stage of the Overlord Realm.

"Looks like this is the only one in the Spring Palace at the moment." Xue Suyin looked at the arrival of the women, the number of strong women was only half that of the Spring Palace, the other half was currently outside the Spring Palace doing what they did want.

"Sister Suyin, it doesn't matter, this is more than enough." Zhang Shiyun, said that this alone was enough to help them catch the rebels that were there.

With the strength possessed by Xue Suyin, Zhang Shiyun, Nanhua Caiyi the three of them were more than enough to shake the Shen Clan and the Kunlun Holy Land.

"All of you, this time we will fight against the rebels who currently control the royal family, you prepare yourself for battle." Before leaving, Xue Suyin did not forget to tell all the women to prepare themselves because they will be fighting the rebels.

"Okay Mistress, we understand." All the women nodded at Xue Suyin, they were already prepared for something like this.

"Very good." Xue Suyin nodded to these women, she was quite satisfied listening to the answers that came from all of these women.

"Husband, everything is ready, we can go at any time." Xue Suyin said that when everything was ready, they could leave whenever Ye Chen wanted.

"Then let's go right now" Ye Chen didn't want to waste any more time, he wanted to go right now to the royal palace.

Ye Chen took out the profound ark that Dongfang Xiu gave him.

A profound ark that was enormous in size appeared above the Spring Palace palace.

Zhang Shiyun, Xue Suyin and the women of Spring Palace saw the profound ark that Ye Chen had just pulled out, they thought that Ye Chen's profound ark looked so magnificent, they had all never seen an profound ark like Ye Chen's.

Xing Mei was quite surprised when she saw the profound ark that Ye Chen had just brought out, if Xing Mei didn't remember wrongly, this profound ark should belong to Goddess Dongfang Xiu who came from the Sacred Heaven Star Realm.

How come the goddess Dongfang Xiu's profound ark can be in Ye Chen's hands, is this just a or not, if this is indeed an clone why is it so similar to the real thing.

Back when she was a child, Xing Mei had seen Dongfang Xiu passing by using this profound ark on top of the Immortal Destiny Star Realm, so it wasn't strange that Xing Mei knew a little about the Profound Ark that Ye Chen had just unleashed.

"Let's go up" Ye Chen invited Xue Suyin, Zhang Shiyun, Nanhua Caiyi, Xing Mei and the women from the Spring Palace to board the profound ark.

Ye Chen didn't want to waste any more time, that's why he immediately invited all the women to get on the profound ark.

By using the profound ark they were able to speed up their way to the royal capital.

If they all flew then they would have to wait for each other, Ye Chen , Xue Suyin, Zhang Shiyun, Nanhua Caiyi and Xing Mei might be able to fly at incredible speeds.

However, the women of the Spring Palace couldn't do something like that, they could only fly at normal speeds.

If that happened, it could not help that Ye Chen, Xue Suyin, Zhang Shiyun, Nanhua Caiyi and Xing Mei would have to wait for the women from the Spring Palace.

It was for this reason that Ye Chen decided to use his profound ark to transport everyone, besides, with this profound ark, they could shorten the time to go to the royal capital.

All the women nodded, they immediately climbed onto the profound ark that had just pulled out Ye Chen.

Xue Suyin, Zhang Shiyun, Nanhua Caiyi, Xing Mei and the women from the Spring Palace immediately boarded the profound ark.

After everyone boarded the profound ark, Ye Chen immediately moved the profound ark towards the royal capital.

The profound ark immediately shot towards the royal capital.

Chapter 797 - Against The Rebels (1)

Meanwhile, Wu Ping is currently bringing all the experts possessed by the Wu Clan to the royal palace, himself and the Clan members intending to stop the Shen Clan who want to ascend the throne.

Wu Ping could no longer stand what the Shen Clan wanted to be the ruler of the royal family.

Wu Ping knew very well the consequences that if the Shen Clan became the new ruler, there would be a lot of people who would suffer.

Wu Ping knew more than anyone about the Shen Clan, nothing good would happen if the Shen Clan ruled the Kunlun Holy land.

Wu Ping and his entourage tried to enter the palace, when entourage Wu was Ping's about to enter the palace, they were already waiting by some cultivators who wore robes to hide their appearance.

"Hahaha, finally the Wu Clan dared to come out of their nest" one of the people said to Wu Ping.

These people have been prepared in this place to await the arrival of the Wu Clan and those who are disobedient to the Shen Clan.

These people obtained orders to eliminate anyone who intended to disrupt the Shen Clan's coronation process as the new ruler.

"You all get out of my way, I have nothing to do with you" Wu Ping had nothing to do with these people.

Wu Ping has nothing to do with the Shen Clan himself, nothing to do with these people.

"Do you think you can rule us, Duke Wu here will be your tomb, prepare to die, all attack the people of this Wu Clan" the leader of the cultivators ordered his men to attack Wu Ping and other members of the Wu Clan.

"Everyone, let's fight against these shameless dogs." Wu Ping didn't want to lose, he tried to raise the morale of all the Wu Clan members behind him.

All members of the Wu Clan are very enthusiastic, they will fight to the point of their bloodshed.

" Bam.. . , Bam.. . , Bam.. . , Bam.. . "The battle between members of the Wu Clan and the rebels broke out, right in front of the royal palace there was a very chaotic battle.

In terms of the number of the Wu Clan, the Wu Clan is clearly far outnumbered by these rebels.

Coupled in terms of the strength of the rebels being above the clouds, it is clear that the Wu Clan is not an opponent of these rebels who are partly members of the powerful royal family.

In a short time the members of the Wu Clan were very easily pressured by the rebels, in terms of strength and number the Wu Clan was clearly defeated.

The chances of winning for the Wu Clan are very little or almost non-existent.

Wu Ping did not think that the enemy would prepare such strong men to guard the entrance, and even with all the experts the Wu Clan had, they could not provide a resistance to the enemy.

"Hahaha, Duke Wu, is this the only ability you have, you make me disappointed", the leader of the rebels laughed when he saw the members of the Wu Clan have been pressed so hard.

"Don't underestimate us, we can still fight with you" Wu Ping told the rebels that they could still fight.

"Hahaha, Duke Wu you should look at what's around you, your people are partially injured you can't possibly win from us" the leader of the rebels said that Wu Ping could not possibly win against them.

Wu Ping began to look at the people around him who had been slightly injured from the brief battle that had just taken place, it was clear that the difference in power they had was very far.

Wu Ping did not expect that the Shen Clan would have so many great supporters like this, in fact what made these strong cultivators want to follow and obey the Shen Clan to this extent.

" Duke Wu Get ready to accept your death, everything is going well, a full attack on these people "the leader of the rebels told all the rebels to launch an attack on the people of the Wu Clan.

All the enemies immediately used the various techniques they had, they all launched attacks towards the people of the Wu Clan.

"Everyone is quick to create a barrier to repel this attack" Wu Ping ordered everyone to work together to create a barrier to repel this attack.

Wu Ping and the experts of the Wu Clan made a very strong barrier, they really hoped that the barrier they made would be able to withstand attacks from the enemy.

Because the enemies come from a variety of different backgrounds, the attacks of these people are quite varied, there is fire, wind, water, earth, Earth.

almost all the elements mixed into one take on a horrible attack.

"Boom.. ., Boom.. ., Boom.. ., "A devastating explosion hit the barrier created by Wu Ping and the members of the Wu Clan.

The barrier that was created began to vibrate, it was seen that the barrier was not able to withstand the combined attack of hundreds of cultivators who joined hands to attack the barrier created by the Wu Clan.

"Crack.. ., Crack.. ., Crack.. ., Crack.. ., "The sound of cracks began to be heard, it could be seen that the barrier created by Wu Ping and the experts of the Wu Clan would be destroyed.

" Damn" Wu Ping cursed very hard, the enemy they faced was too strong, they could not withstand the lucky attack that was launched continuously towards them.

"bomb" The barrier made by the people Wu Clan was destroyed, the people Wu Clan were attacked by the enemy and flew everywhere.

After being attacked like this, the people of the Wu Clan must have been very badly injured, they are clearly no longer able to fight against the enemy, This is the end of them all.

Wu Ping is currently injured, he suffered external injuries from the recent explosion, it can be seen that Wu Ping's body is now full of wounds.

"Seeing the Wu Clan who was already in this state, the leader of the rebels went to see Wu Ping, he went in front of Wu Ping who was currently wounded.

"Hahaha, Duke Wu, you are really a fool, do you think that with the strength of the Wu Clan alone you can win against your Shen Clan, you are too narrow-minded "the leader of the rebels said to Wu Ping.

"Shen Bem so it's you" after hearing this person's voice up close, Wu Ping finally knew who was in front of him.

The man in front of him was Shen Bem, he was the first elder of the Shen Clan.

"Hahaha, so you already realize that this is me? , as expected from Duke Wu "Shen Bem began to open his head covering, he showed his original appearance to Wu Ping.

"You Shen Clan are really shameless dogs, how can you rebel like this against the royal family, aren't you ashamed of your ancestors who have been helped by the first ancestors of the royal family" Wu Ping said to Shen Bem in front of him.

"Hahaha Duke Wu, the past is the past now the ancestors of the royal family are no more, there is no point in serving Zhang Shiyun as a Queen, it is better for our Shen Clan to take the new leadership to make the royal family as successful as before " Shen Bem said to Wu Ping.

Chapter 798 - Against The Rebels (2)

The Shen Clan's ambition was immense, they wanted to rule all of the Kunlun Holy Land for themselves.

Even one day the Shen Clan wants to eliminate Shaolin, Spring Palace and the Gates of Eternity Sect, it can be said that right now the Shen Clan only uses the Gates of Eternity Sect as their stepping stone only, when the time comes the Shen Clan will also destroy the Gates of Eternity Sect.

Wu Ping was a little surprised when he heard that the ancestor of the royal family was gone, no doubt the Shen Clan was so brave enough to carry out a coup, it turned out that the ancestor of the royal family was no longer there.

Without the royal family ancestors, the Shen Clan would definitely be able to easily dominate the royal family, without the family ancestors there was Shen Clan no need to be afraid of the anger they would receive from the royal family ancestors.

"You Shen Clan are truly ungrateful." Wu Ping cursed Shen Bem fiercely at what he just said.

Wu Ping was truly furious when he saw the unthankful Shen Clan to the royal family's first ancestor who had made the Shen Clan what it is today.

If the royal family's first ancestor had not given the position of duke to the Shen Clan from the start, the Shen Clan would definitely not have been able to become what it is today.

"Hahaha you stupid old man, do you think our Shen Clan would not be able to be like it is today without the royal family's help?, Our Shen Clan was able to come to this point not because of the royal family, the Shen Clan was able to come to this point because of our own struggles." Shen Bem said to Wu Ping that the Shen Clan was able to reach this point not because of the help of the royal family, this result was obtained by the Shen Clan from the hard work they had put in so far.

The Shen Clan had done a lot to get to this point, they had done a lot of things to reach the highest point they wanted to reach.

This point was only half of the Shen Clan's original objective, the Shen Clan's original aim was to take over all corners of the Kunlun Holy Land.

Ruling the royal family was only their initial goal, the Shen Clan had a long way to go to achieve their goal.

Wu Ping didn't expect that Shen Bem would be blessed like this, the people of the Shen Clan were truly shameless.

"Duke Wu for now I will not kill you first, before you die you should watch the Shen Clan begin to become the ruler of this Kunlun Holy land." Before killing Wu Ping and the other members of the Wu Clan, Shen Bem wanted Wu Ping and the others to witness the beginning of the Shen Clan who would become the new leader of this Kunlun Holy Land.

The Coronation ceremony Shen Clan will be broadcast throughout this Kunlun Holy Land, everyone in every corner of the Kunlun Holy Land will know that the Shen Clan will become the new ruler of the royal family.

Shen Bem took a projection screen for Wu Ping and the other members of the Wu Clan, he wanted them to see the Shen Clan coronation ceremony to become the new ruler.

Wu Ping was very helpless, currently he can't do anything about this problem, Wu Ping can only see Shen Clan becoming the new ruler.

On the projection screen in front of him, Wu Ping can see Shen Ao who is currently on the throne in the palace, Shen Ao is seen wearing an imperial robe, it can be seen that Shen Ao is just waiting for the coronation process where he will be given a crown on her head.

After the process is carried out, Shen Ao will officially become the new ruler of the royal family replacing Zhang Shiyun.

Shen Ao is currently smiling with great satisfaction, it seems that Shen Ao is currently very happy about this.

Wu Ping felt very irritated when he saw the victorious smile shown by Shen Ao, The smile that was shown by Shen Ao was really a mockery for Wu Ping.

No matter where they were, Wu Ping and Shen Ao would always cross paths, neither Wu Ping nor Shen Ao liked it when they saw one of them win.

Now Wu Ping felt displeasure when he saw Shen Ao get a victory like this, he thought this bad guy didn't deserve to be a King.

This man was more worthy of being a bandit than a king.

Wu Ping closed her eyes and she didn't have a chance to stop this anymore.

"Grandpa! ! ! " When Wu Ping closed her eyes and accepted her defeat, she suddenly heard Zhao Yanyan's voice.

Wu Ping hurriedly opened her eyes to see the source of this sound, when Wu Ping opened her eyes to see the origin of this sound, she found Zhao Yanyan flying above the sky.

Next to Zhao Yanyan was a woman with golden hair and wearing a mask to hide her appearance, the woman beside Zhao Yanyan was of course Nangong Xiang.

Zhao Yanyan saw the state of Wu Ping who was currently injured, Zhao Yanyan was worried when she saw Wu Ping who was currently injured.

Zhao Yanyan immediately went towards Wu Ping herself trying to save Wu Ping who was injured.

"Yanyan, wait a moment" Nangong Xiang stopped Zhao Yanyan who wanted to go see Wu Ping's condition.

"Sister Xiang, why did you stop me?" Zhao Yanyan questions Nangong Xiang who stopped her, even though Zhao Yanyan wants to save Wu Ping who is currently injured.

"Yanyan, there are so many enemies, if you go there in this way, you will be attacked by the enemies there, the people there are very strong, you who are now not their opponent" Nangong Xiang telling Zhao Yanyan the reason she stopped Zhao Yanyan from going to save Wu Ping.

Nangong Xiang did not want Zhao Yanyan to be reckless like this, if Zhao Yanyan was injured, then Nangong Xiang would feel even more troublesome to handle this matter.

"Yanyan, let me deal with these people first" Nangong Xiang told Zhao Yanyan that she would take care of these people first.

Zhao Yanyan nodded, she allowed Nangong Xiang to deal with these people.

Nangong Xiang moved forward towards the enemy, without saying a word, a golden colored flame began to envelop Nangong Xiang's body.

The flames that enveloped Nangong Xiang's body felt extremely hot, even the rebels in the distance felt the unbearable heat of Nangong Xiang's flames.

They felt like they were exhausted just from the heat emitted by Nangong Xiang's Heavenly Gold Flame.

The Heavenly Golden Flame was a heavenly flame, it wasn't strange that these people felt hot when they were quite far from Nangong Xiang.

Nangong Xiang started to raise her hand, when Nangong Xiang raised his hand, the Heavenly Golden Flame that was around her began to charge towards the enemy.

Shen Bem felt an uncomfortable feeling when he saw Nangong Xiang in this place, to be honest Shen Bem was quite afraid of Nangong Xiang, this woman was the most feared existence in this Kunlun Holy Land.

"Everyone hurry up for cover" Shen Bem ordered everyone to set up a barrier to deflect Nangong Xiang's Heavenly Golden Flame.

Everyone understood, they hurriedly created a very solid defense to fend off Nangong Xiang's attack.

The defenses these guys put up were quite a lot, at least their barrier would be hundreds of layers.

These people did not dare to underestimate Goddess Nangong Xiang, according to the rumor that Goddess Nangong Xiang possessed such terrifying strength that even these higher-ups in the Kunlun Holy Land were afraid of her.

Chapter 799 - Shen Guo

The Heavenly Golden Flame began to attack towards the barrier created by the enemy, very easily the Heavenly Golden Flame began to break through the barrier created by the rebels.

The Heavenly Golden Flame very easily melted the barriers created by people.

These people looked utterly shocked when they saw that the barrier they had created could easily be penetrated by Nangong Xiang's Heavenly Golden Flame.

The Heavenly Golden Flame began to hunt down the people who were hiding behind the barrier.

"Ahhh.. ., not. . ., Help me. . ." Behind the barrier came a scream of pain that was quite loud.

The rebels were currently being burned by Nangong Xiang's Heavenly Golden Flame, they lost their hands, feet and some of their limbs which were burned to ashes by the Heavenly Golden Flame.

The rebels looked very desperate when attacked by the Heavenly Golden Flame, these people really did not have a resistance against the Heavenly Golden Flame when they tried to fend off the Heavenly Golden Flame, they were burned by the Heavenly Golden Flame themselves.

People didn't know what else to do in this situation, they felt so desperate.

Shen Bem did not expect that Nangong Xiang would become this strong, with his cultivation level which had already reached the 9th Overlord Realm, Shen Bem still could not fend off the Heavenly Golden Flame that attacked him.

In a short time, all the enemies were paralyzed by Nangong Xiang, Nangong Xiang was indeed worthy of being a former cultivator at the peak of Divine Realm, Nangong Xiang's strength was indeed very strong even though Nangong Xiang's meridians were flawed.

"Yanyan let's take your grandfather and these people away from here, in this place is really not safe" after taking out all the rebels. Nangong Xiang suggested to Zhao Yanyan to go take Wu Ping and the others to a safer place.

"Sister Xiang you are absolutely right, let's take people away from here." Zhao Yanyan agreed with Nangong Xiang's words, they should leave this place as soon as possible and take care of Wu Ping and the others.

If they were left in this condition, then they could all die, Zhao Yanyan didn't want that to happen, he didn't want to see the grandfather and the Wu Clan members die like this.

Zhao Yanyan and Nangong Xiang used their own power to take Wu Ping and the Wu Clan members away from this place.

"Where are you going, do you think after making such a mess that you can leave this place?" an old man's voice said to Zhao Yanyan and Nangong Xiang who wanted to leave this place.

Nangong Xiang and Zhao Yanyan immediately looked up to find who was the one who stopped them, when Nangong Xiang and Zhao Yanyan looked up, both of them saw that there were tens of thousands of cultivators surrounding the two of them.

These people were clearly stronger than the previous opponents of Nangong Xiang, it was clear that this was the full force prepared by the Shen Clan to welcome Zhang Shiyun who would most likely come here to thwart the Shen Clan from ascending the throne.

The Shen Clan was not that stupid, they had also predicted that in Shen Ao's coronation ceremony there would be people attacking, the Shen Clan had made an anticipation by preparing their best cultivators to prevent Zhang Shiyun from reclaiming his power.

"Everyone hurry up and activate the Array formation." An old man who had the highest level of cultivation told everyone who was here to activate the formation that had been prepared to welcome the enemy.

An array formation large enough to enveloped the bodies of Nangong Xiang and Zhao Yanyan, the bodies of Zhao Yanyan and Nangong Xiang were enveloped by an array called Heaven Pillars Law

"Yanyan quickly drew near to me" Nangong Xiang told Zhao Yanyan to get closer to her.

Nangong Xiang knew very well about the Heaven Pillars Law Array formation, this was an Array formation that was given by Nangong Xiang to Zhang Shiyun to tackle the enemy who wanted to attack the royal palace.

Nangong Xiang did not expect that one day the Array formation she gave to Zhang Shiyun would be used on her in this manner.

The Heaven Pillars Law Array is a high rank Array formation, to activate it requires quite a lot of strong cultivators.

With this many cultivators, they would all be able to activate the Heaven Pillars Law Array.

The Heaven Pillars Law Array was a powerful formation, Nangong Xiang who was trapped in it would definitely have a hard time getting out of the Heaven Pillars Law Array's array.

In addition, around Nangong Xiang there are Zhao Yanyan and members of the Wu Clan who are very tenacious when dealing with these powerful Heaven Pillars Law Array.

10 pillars extending into the sky formed around the royal palace, these pillars looked so high that they could not be seen at the ends of these pillars.

When 10 pillars appeared a terrifying profound pressure began to fall on Nangong Xiang, Zhao Yanyan and the Wu Clan members who were badly injured.

This profound pressure was terrifying enough, Nangong Xiang was even affected by this pressure.

Even a strong cultivator like Nangong Xiang who possessed realm strength slightly higher than half a step towards Divine Realm was affected by the Heaven Pillars Law Array formation.

"What is this pressure?" Nangong Xiang was quite surprised by this terrifying pressure, she did not expect that the Heaven Pillars Law Array formation would be so terrifying as this.

Zhao Yanyan and the members of the Wu Clan felt such a terrible pressure that it made it difficult for them to breathe or stand up.

If only the current Nangong Xiang had not used the profound energy she had to protect Zhao Yanyan and the Wu Clan members, it would have been for Zhao Yanyan and the Wu Clan Members to suffer serious injuries due to this intense profound pressure.

Nangong Xiang began to look around this place, she began to see the cultivators surrounding her at this time.

With such frightening pressure, there should be among these people a cultivator who had a cultivation base in the Half-step to Divine Realm realm, otherwise how could the Heaven Pillars Law Array have this kind of pressure.

Nangong Xiang started to look around this place, after looking around Nangong Xiang found that the old man who had just led the activation of the Heaven Pillars Law Array was a cultivator who was half a step towards the Divine Realm.

Nangong Xiang began to observe this person closely, trying to remember whether he had ever met this old man before.

After searching through his memory for a while, Nangong Xiang had met this man, if Nangong Xiang was not mistaken this man was Shen Ao's father named Shen Guo, he was one of the people in the Shen Clan who had the highest level of cultivation, as Nangong Xiang remembered The level of Shen Guo is the tenth level of the Overlord Realm.

It was unexpected that several hundred years without meeting this person had stepped into the half-step realm to the Divine Realm.

No wonder the Shen Clan embarked on their ambition to rule the royal family, it turned out that behind them was Shen Guo who had reached the Realm of Half-step towards Divine Realm.

It wasn't strange that the Shen Clan had the courage to stage a coup against Zhang Shiyun, it turned out that Shen Guo was the one who guaranteed the Shen Clan success to stage a coup.

Chapter 800 - Forced Into Bad Situations

"So you are the reason the Shen Clan is so brave in carrying out a coup, I never thought you could break through to the realm of half a step to Divine Realm" Nangong Xiang said to Shen Guo who was in front of her.

"You have realized my true strength, I really can't hide anything from Goddess Nangong" Shen Guo could only smile when he was caught by Nangong Xiang.

Shen Guo knew that there was no way he could hide from Nangong Xiang, this woman was too strong for him to handle alone.

If Shen Guo had not used the Heaven Pillars Law Array formation, he would have very little chance of winning against Nangong Xiang.

Thanks to the Heaven Pillars Law Array formation as well as the help from these people, Shen Guo managed to trap Nangong Xiang into the Heaven Pillars Law Array formation.

Shen Guo firmly believes that the Heaven Pillars Law Array formation activated by this many people is strong enough to defeat Nangong Xiang who is known as the strongest cultivator in the Kunlun Holy Land.

"I didn't expect that someone like you could break through to the Half-step to Divine Realm realm." Nangong Xiang still didn't expect that Shen Guo would break through to the half-step realm realm.

It was completely unthinkable for Nangong Xiang and Zhang Shiyun, it was unexpected that one of the Shen Clan members would break through to the realm of Half-step towards Divine Realm and launch such a big coup.

wonder the Shen Clan managed to convince these people to betray Zhang Shiyun, this is most likely due to Shen Guo who has been in the realm of half a step towards Divine Realm.

In this Kunlun Holy Land there are only a few people who reach the realm of half a step towards Divine Realm, most of these people are old monsters who have terrifying strength.

It wasn't strange that when the Shen Clan had an expert like Shen Guo who had reached the realm of half a step to Divine Realm, these people were willing to betray Zhang Shiyun.

In this Kunlun Holy land strength is everything, with strength you can do anything including making your enemies loyal.

"Hahaha, you praise this old man too much, this old man feels quite flattered by the goddess's words." Shen Guo smiled when he heard the praise from Nangong Xiang.

"Shen Guo, hurry and let us all go right now" Nangong Xiang told Shen Guo to let them all go.

"Hahaha, Goddess Nangong you really are so cute, if I let you go now, then you will definitely turn against all of us, I wouldn't be that stupid to let go of a strong woman like yourself" Shen Guo wouldn't let Nangong Xiang go, if it did himself let go of Nangong Xiang, so it was certain that Shen Guo had troubles that were difficult to solve even if he had the support of the tens of thousands of cultivators nearby.

Shen Guo didn't want to find a way by letting go of Nangong Xiang, Shen Guo preferred to eliminate a huge threat like Nangong Xiang.

"If you don't let us go now, I might get rid of all of you." Nangong Xiang warned Shen Guo to let them go or she will eliminate them all.

Nangong Xiang could not possibly last for a long time in the Heaven Pillars Law Array, she had to rush out of this Array formation or she would really be trapped and could no longer escape from this Array formation.

With Nangong Xiang's current strength, Nangong Xiang had to use a forbidden method to get out of the Heaven Pillars Law Array formation, that was the only chance that Nangong Xiang could use.

Nangong Xiang's method was to burn off her blood essence in order to obtain more strength than the strength he currently possessed.

This method is almost the same as what Fu Lanling did when she was forced by Ye Chen to the peak of anger when Fu Lanling still didn't know Ye Chen.

At that time, Fu Lanling burned her legacy of Phoenix blood to obtain the most amazing power.

After using this method, Fu Lanling could not use the Phoenix Flame for a certain period of time, which was quite detrimental for Fu Lanling.

meanwhile Nangong Xiang did not have a Phoenix inheritance like Fu Lanling, she could only burn her Life Blood Essence instead.

With Nangong Xiang's current body condition that was so bad, if Nangong Xiang did this, then the condition of her body would be even worse than at this time.

Nangong Xiang had no other choice, she only had that choice for now.

If Nangong Xiang didn't do that, Nangong Xiang and the others would still die under the Heaven Pillars Law Array formation, it would be better for Nangong Xiang to put up a fight than to wait for the enemy to kill them all.

"Hahaha, Goddess Nangong, you really are joking with all of us, look at you right now, you look like a chicken ready to be slaughtered, how can you still have time to threaten us like that" Shen Guo laughed at Nangong Xiang's words, according to him Nangong Xiang's words just now were a very funny joke.

It wasn't just Shen Guo who laughed when he heard this, many people started laughing when they heard the words that Nangong Xiang had just said.

"Sister Xiang, what should we do now, we can't leave this place." Zhao Yanyan asked Nangong Xiang what the two of them should do in this state.

Zhao Yanyan had a little trouble thinking of a way out of this many enemy encirclement, she couldn't think of a way around it.

It could be seen that Zhao Yanyan's face was pale due to the profound pressure pressing on her, Zhao Yanyan's cultivation level was very Low, so it wasn't strange that Zhao Yanyan felt pressured by this pressure.

"Yanyan, I will use a special method to get the two of us out of this place." Nangong Xiang told Zhao Yanyan that he was going to use a special method to get the two of them out of the enemy's encirclement.

"Sister Xiang, don't tell me that you are going to use a forbidden method for that, your body condition is not good." Zhao Yanyan already understood exactly what Nangong Xiang wanted, Nangong Xiang would definitely want to use a special method against these people.

"Yanyan we have no other choice, if we continue like this, We will also still die at the hands of these people, it's better to put up a fight than to wait like this" Nangong Xiang told Zhao Yanyan that the two of them had no other choice.

Nangong Xiang was very confident that if these people would not let go of her, they would definitely eliminate her and the Wu Clan because she was considered a threat that could threaten them in the future.

Zhao Yanyan was speechless when he heard what Nangong Xiang said, it was true that in this situation they would still be killed because they were considered a threat by the Shen Clan.

Until now, Ye Chen, Zhang Shiyun and Nanhua Caiyi still haven't come, if only Ye Chen was here then maybe they could get out of this situation.

"Husband, where did you come here quickly?" Zhao Yanyan hoped that Ye Chen would come here soon.

Nangong Xiang prepared to burn her blood essence to fight these people.

"Boom" suddenly there was a powerful explosion that shattered the Heaven Pillars Law Array formation, everyone was forced back by the explosion that just happened.
