

A True God 841

Chapter 841 - Started The Battle With The Gates Of Eternity Sect (2)

"In the past I could not get your mother, now you will be a substitute for your mother, hahaha" Hong Man started to burst out laughing, he had already decided to get Zhao Yanyan in front of him.

Hong Man will do whatever he can to get Zhao Yanyan.

Zhao Yanyan was more and more dissatisfied with Hong Man, this man made herself more and more disgusted.

After doing that to her mother, Hong Man still had evil thoughts towards Zhao Yanyan, how could Zhao Yanyan not be annoyed by this.

Luckily, her mother didn't marry a man like Hong Man, if only her mother had married a man like Hong Man, Wu Zheli would have suffered a lot.

"Hong Man, I will definitely avenge my parents, prepare yourself" Zhao Yanyan said to Hong Man.

Zhao Yanyan could not stand Hong Man's behavior anymore, she decided to end this all as soon as possible.

"Hahaha, you are joking with me, you want to take revenge, hahaha, no problem, I will catch you and make you one of my concubines." Hong Man felt funny at Zhao Yanyan's words, according to him Zhao Yanyan was not a threat to him.

Zhao Yanyan raised her eyebrows in dissatisfaction, this man really didn't think of her as an enemy, this made Zhao Yanyan very angry.

Zhao Yanyan started playing her Saint Light Zither, when Zhao Yanyan was playing Saint Light Zither, Hong Man's body suddenly bounced very far.

The strength of the Saint Light Zither is very terrifying, with just one snap of the string it can blow Hong Man's body up to hundreds of miles, before hitting the ground and making a crater tens of miles in diameter

Zhao Yanyan has not used her full strength, she still has enough restraint so as not to immediately kill Hong Man.

If Zhao Yanyan killed Hong Man too quickly, then it would be too easy for Hong Man.

.
. .
.

On the other side Zhang Shiyun and Xue Suyin met Hong Gijun and Hong Tien, both of whom intended to play games with these two men.

"Your opponents are us, let's have a little fun" Zhang Shiyun and Xue Suyin said to Hong Gijun and Hong Tien.

Hong Gijun and Hong Tien's bodies stiffened when they saw Zhang Shiyun and Xue Suyin who were already in front of them.

To Hong Gijun and Hong Tien, Zhang Shiyun and Xue Suyin were the women they avoided the most, it was clear that these two women were the most terrible women in the Kunlun Holy Land.

It would be better for Hong Gijun and Hong Tien against hundreds of powerful magical beasts than against Zhang Shiyun and Xue Suyin.

Hong Gijun and Hong Tien had no other choice, they both had to fight Zhang Shiyun and Xue Suyin.

If Hong Gijun and Hong Tien were unwilling to fight then it was certain that the other disciples and elders would completely lose their fighting spirit.

If that happened then the Gates of Eternity Sect would be doomed to collapse.

"Bitch, get ready I'll kill you two" Hong Gijun started to brave himself against Zhang Shiyun and Xue Suyin, if he was afraid of fighting then he would definitely lose.

In a battle of self-confidence and courage is the key to victory, without it Hong Gijun and Hong Tien.

"You are brave enough to say such words to both of you, it seems like a brat should be punished" Xue Suyin and Zhang Shiyun both didn't like this, they were both annoyed when someone dared to call them that.

The two of them were now Ye Chen's women, they shouldn't let their reputation go bad in public.

Zhang Shiyun and Xue Suyin looked at each other, both of them nodded at each other.

Zhang Shiyun and Xue Suyin had agreed to kill Hong Gijun and Hong Tien in an extremely painful manner.

What Hong Gijun had just done was the biggest mistake he had ever done in this life, the two of them had made a beautiful and sexy woman like Zhang Shiyun and Xue Suyin angry.

When a woman was angry, they could do all kinds of crazy and unreasonable things, that was something Ye Chen tried to avoid no matter what.

"Let's join hands against Queen Zhang and Spring Palace Mistress " Hong Tien invited Hong Gijun to join hands against Zhang Shiyun and Xue Suyin.

"I understand" Without being asked by Hong Tien, Hong Gijun already understood that they had to join hands if they wanted to win against Zhang Shiyun and Xue Suyin.

Profound lightning began to envelop Hong Gijun and Hong Tien's bodies, the two of them headed straight for Zhang Shiyun and Xue Suyin.

"Piercing Lightning spear hand ", Hong Gijun and Hong Tien hands were covered by lightning, it could be seen that Hong's hands Gijun and Hong Tien began to turn into a lightning spear which they could use to pierce Zhang Shiyun and Xue Suyin's bodies.

Zhang Shiyun and Xue Suyin looked very relaxed when they saw what Hong Gijun and Hong Tien were doing.

"You stupid man" Xue Suyin and Zhang Shiyun started waving their hands, when the two of them did this, an invisible blade of wind appeared and went towards Hong Gijun and Hong Tien.

Hong Gijun and Hong Tien were completely oblivious to the attacks that Xue Suyin and Zhang Shiyun had just carried out.

The two of them continued advancing forward towards Zhang Shiyun and Xue Suyin, Hong Gijun and Hong Tien currently looked like an unstoppable train, they advanced forward without the slightest bit of resistance.

"Slash.. . , Slash.. . , "Hong Gijun and Hong Tien didn't realize, the hand they were both using for the technique Piercing Lightning spear hand had been cut off and turned into a mist of blood.

"Hey old man, where is your right hand?" Hong Gijun asked Hong Tien whose right hand disappeared.

Hearing this, Hong Tien immediately looked at his right hand, when he did this, Hong Tien found that his right hand was missing.

"Arghh, my hand." Hong Tien started screaming when he realized that his hand was missing.

Hong Gijun even smiled when he saw this, he just enjoyed the free show in front of him.

"Stop smiling and look at your hand too" Hong Tien told Hong Gijun to look at his right hand.

Hong Gijun started to look at his hands, when he looked at his right hand, he found that his right hand had also disappeared.

"Arghh" Just like Hong Tien, Hong Gijun shouted too.

Both of them didn't know what just happened, they both didn't feel anything when their hands disappeared.

Zhang Shiyun and Xue Suyin smiled when they saw the faces shown by Hong Tien and Hong Gijun.

"Are you two ready to feel something more than this" Zhang Shiyun and Xue Suyin said to Hong Tien and Hong Gijun.

Hong Tien and Hong Gijun immediately looked at Zhang Shiyun and Xue Suyin who were in front of him, it was clear that this was what Zhang Shiyun and Xue Suyin were doing.

Hong Tien and Hong Gijun became more and more afraid of Zhang Shiyun and Xue Suyin, both of them did not expect Zhang Shiyun and Xue Suyin to be so terrifying.

Chapter 842 - Zhao Yanyan Vs Hong Man

Zhang Shiyun and Xue Suyin started tormenting Hong Gijun and Hong Tien, both of whom seemed to be having a lot of fun doing this.

Meanwhile Ye Chen, Nangong Xiang, Nanhua Caiyi , Ye Xiu and Xing Mei fought the elders who came from the Gates of Eternity Sect.

With the strength they currently possessed, Ye Chen, Nangong Xiang, Nanhua Caiyi , Ye Xiu and Xing Mei easily defeated all the elders from the Gates of Eternity Sect.

If all the elders are defeated, it is certain that all the disciples in the Gates of Eternity Sect will also surrender and will not dare to fight again.

The elder is the heart of the Sect, if all the elders are defeated then all the disciples will definitely lose their confidence in fighting the enemy.

.

.

.

Meanwhile Hong Man was trying to get up from the ground, Hong Man's chest was badly injured by the sudden attack Zhao Yanyan had just carried out.

"Damn, that beautiful woman is so strong." Hong Man really did not expect that Zhao Yanyan would become that strong.

with just one chorus of zither performed by Zhao Yanyan, Hong Man turned into a state like this.

Zhao Yanyan started to descend in front of Hong Man, she looked at Hong Man with a look of intense hostility.

"What are you, why do you have such great strength?" Hong Man asked Zhao Yanyan, he wanted to know where Zhao Yanyan got such great strength.

"I'm just an ordinary human who came from the mortal world , I came here to take revenge on you" Zhao Yanyan told Hong Man that he came from the mortal world.

"Impossible, there is no way that you are from the mortal world, with the strength you currently have, you must have been in this Kunlun Holy Land for a long time." strength like Zhao Yanyan.

"It's up to you to believe it or not, and there's no point in me explaining it to you." Zhao Yanyan didn't want to explain this to her enemy, there was no point explaining things like this to her enemy.

"Damn, you want to play with me, I will definitely beat and catch you" Hong Man said that he would beat and catch Zhao Yanyan.

It would be a waste if Hong Man killed Zhao Yanyan, Zhao Yanyan's beauty was still useful for him to use.

Profound lightning started to envelop Hong Man's body, Hong Man looked like a lightning man.

"Get ready, I'll beat you soon" Hong Man said that he would beat Zhao Yanyan soon.

"Thunder Crash" Hong Man rushed straight at Zhao Yanyan, he tried to hit Zhao Yanyan who was in front of him.

"Light Shield" Zhao Yanyan created a protection of light around herself.

Hong Man didn't really care about the protection Zhao Yanyan put up, Hong Man continued to charge forward towards Zhao Yanyan.

"Bang.. ." Hong Man hit the light shield made by Zhao Yanyan, when Hong Man did this, Hong Man was the one who was bounced.

The light shield that Zhao Yanyan made was so strong, it was almost impossible to break through the light shield that Zhao Yanyan had created.

"What the hell, why is it so hard?" Hong Man truly couldn't believe that the shield that Zhao Yanyan made would be that strong.

Even his flagship attack that could pierce anything in his path could not penetrate the Light Shield that Zhao Yanyan had created.

"Chain of Light" Zhao Yanyan immediately used the Chain of Light to seal Hong Man's movements.

A chain of light appeared around Hong Man's body, this chain directly tied Hong Man's body so that Hong Man could not move.

Seeing that there was a chain sealing his body, Hong Man tried to break away from this chain of light, using all his strength to break away from this chain.

Even though he had used all the strength he had, Hong Man still seemed to be having a hard time breaking away from the chains that bound his body.

"Damn it, why is this chain so strong, what kind of chain is this." Hong Man cursed so hard, he couldn't escape from the snare of the chain of light.

"What you are doing is useless, you will not be able to escape from this chain's snare" Zhao Yanyan said to Hong Man that he would not be able to escape from her chain's snare.

Chain of Light was a high ranking technique that Zhao Yanyan had trained so hard, Hong Man would definitely not be able to escape this snare.

Hong Man began to grit his teeth, he could not believe that he would lose to Zhao Yanyan.

Hong Man felt that his dignity as a man had been humiliated by Zhao Yanyan.

If it continued like this, Hong Man would not have the face to lead the Gates of Eternity Sect.

"I have no other choice but to use that." Hong Man had no other choice but to use that method to deal with Zhao Yanyan.

"Thunder Spirit of Life" Hong Man used a forbidden technique. A thunderbolt colored like blood began to envelop Hong Man's body.

Hong Man's skin color also turned red like blood, so many veins protruded from Hong Man's body.

Thunder Spirit of Life is a technique that can increase Hong Man's strength, speed and endurance up to tens of times.

The Thunder Spirit of Life is a technique that is quite dangerous for the user, to use the Thunder Spirit of Life the price to pay is the pain the user continues to feel.

It could be said that even though Hong Man had an increase in strength that could be said to be extraordinary, Hong Man had to endure an unbearable pain in his body.

When Hong Man used the Thunder Spirit of Life, Hong Man's confidence increased, he was very confident that he could beat Zhao Yanyan easily.

Zhao Yanyan looked normal when she saw the change in strength and appearance shown by Hong Man, even though he had used the Thunder Spirit of Life, Hong Man was still unable to threaten herself.

"Prepare yourself , young lady, I will end this very quickly" Hong Man said that he would end this quickly.

Hong Man couldn't use the Thunder Spirit of Life for a long time, if Hong Man used the Thunder Spirit of Life for a long time, then Hong Man's body could be seriously injured.

Hong Man tried to break the chains around himself, he tried to destroy the chains of light using his bare hands.

When Hong Man tried to destroy the Chain of Light, Hong Man found that the Chain of Light was very hard and very strong, with Hong Man's strength having increased tens of times, he was still unable to cut or destroy the Chain of Light that bound him.

"Why doesn't it want to be destroyed?" Hong Man felt strange when he saw the Chain of Light in his body did not want to be crushed or cut, Hong Man's strength seemed unable to destroy the Chain of Light that was chaining him.

"I told you that you will not be able to destroy my Chain of Light, whatever you do you will not be able to run from that place" Zhao Yanyan said to Hong Man that he would not be able to break free from the Chain of Light.

"No way, I can definitely escape this damn chain." Hong Man once again tried to destroy the chain of light that sealed his body.

Chapter 843 - Gates Of Eternity Sect Ancestor Came Out

Hong Man again tried to destroy the chain that shackled his body, this time Hong Man used the full strength he had.

Too bad Hong Man's second attempt was in vain, Hong Man was still unable to break the chains that held him back.

"I told you what you did was useless" Zhao Yanyan said that what Hong Man did was pointless.

No matter how hard Hong Man tries, Hong Man will definitely not be able to escape from her Chain of Light.

"Hong Man, be prepared to receive punishment for what you have done" Zhao Yanyan started playing the Saint Light Zither that was in her hand, Zhao Yanyan used the curse of Melody on Hong Man.

Hong Man, who heard the voice of the Saint Light Zither, began to feel that his head was very painful.

The pain was so intense, Hong Man had never felt anything like this in his life.

Zhao Yanyan began to strengthen the power of his Melody curse.

"Arghh damn, this hurts so much." Hong Man started screaming in pain, he couldn't stand the pain he was suffering from.

Now it's not just his head that hurts, almost every part of Hong Man's body is in a lot of pain.

The screams made by Hong Man were quite hysterical, no one would know what kind of pain Hong Man was currently experiencing.

A strong cultivator like Hong Man who was the leader of the Gates of Eternity Sect screamed hysterically like this, this was definitely inconceivable for anyone in the entire Gates of Eternity Sect.

Since Hong Man's body is currently in chains, Hong Man can't move too much, if only Hong Man weren't shackled by the chains, Hong Man would have been rolling on the floor because of this unbearable pain.

"Stop playing the Zither, the sound is so terrible." Hong Man tried to tell Zhao Yanyan to stop playing Saint Light Zither.

To Hong Man, the sound that came out of the Saint Light Zither was like a poison that made Hong Man's headache.

Hong Man had never heard of something as terrifying as this, he really couldn't stand the Sound that came from the Saint Light Zither that Zhao Yanyan was playing.

Zhao Yanyan seemed unwilling to stop, she continued to play Saint Light Zither and strengthened her Melody curse technique.

Hong Man was really in torment, Hong Man's body started twitching and trembling when he heard Saint Light Zither's voice.

Even though the sound produced by Saint Light Zither was very melodious and very beautiful for other people not far from this place to listen to.

Unfortunately for Hong Man this was the worst voice he had ever heard in his life.

Hong Man's brain started to feel very hot, he really couldn't stand the sound of Saint Light Zither's music.

"Stop, stop, please stop." Hong Man tried to beg Zhao Yanyan to stop torturing himself with this terrible voice.

For the first time a leader of the Gates of Eternity Sect begged a woman like this, this had never happened in the history of the Gates of Eternity Sect.

Even though Hong Man had begged Zhao Yanyan like this, Zhao Yanyan seemed unwilling to stop playing Saint Light Zither.

The normal Zhao Yanyan would stop when the enemy had surrendered, Zhao Yanyan would definitely let go of the enemy who had admitted defeat.

However, this time it was different, the person in front of her was the person who had killed her father without mercy, for what Zhao Yanyan felt sorry for a man like Hong Man who had made her parents die, Zhao Yanyan would definitely never let Hong Man go.

It turned out that the usually kind-hearted Zhao Yanyan could do things like this if needed, she didn't hesitate to act cruelly to the enemy who had made her loved ones suffer and killed.

Hong Man began to close his eyelids, Hong Man looked no longer strong enough to endure this excruciating pain, he would rather die than have to feel this kind of torture, according to Hong Man this was truly inhuman.

At times like this, Hong Man could still think like this, even though when he killed and tortured someone he had never thought of anything like this.

Hong Man's brain exploded because it couldn't stand the Saint Light Zither's power which was too terrifying.

Hong Man's body became stiff like a corpse, it can be seen that Hong Man had died at the scene.

It was unexpected that the most powerful ruler who ever existed in the history of the Gates of Eternity Sect would die from a sound of the Zither being played by a woman, people would definitely not believe this.

Seeing that Hong Man had died, Zhao Yanyan decided to stop playing Saint Light Zither, Zhao Yanyan did not expect that Hong Man would die like this, even though Zhao Yanyan wanted to punish Hong Man to suffer even more, unexpectedly Hong Man would not be strong and die this way.

"Sigh.. ." Zhao Yanyan let out a sigh of hers, this was the first time Zhao Yanyan had killed someone.

For some reason Zhao Yanyan felt a little guilty about this matter, there was a bit of a strange feeling in her heart when Zhao Yanyan killed someone.

"Wife, are you finished?" Ye Chen came and approached Zhao Yanyan who looked confused, Ye Chen asked whether Zhao Yanyan had finished her business with Hong Man.

Ye Chen himself was done with his business, he had already taken care of the elders and disciples of the Gates of Eternity Sect.

Zhao Yanyan didn't say much, she suddenly left and hugged Ye Chen's body which was not far from her.

Ye Chen saw what Zhao Yanyan was doing right now, it seemed Zhao Yanyan's heart felt chaotic after killing Hong Man.

"Wife, everything is fine." Ye Chen tried to calm Zhao Yanyan who was in his arms, he started stroking Zhao Yanyan's perfect back.

"Husband, what I did before was wrong?" Zhao Yanyan asked Ye Chen, she wanted to know whether what she had previously done was wrong or not.

"You are not wrong, you have done something right, if you let this man live any longer, surely there will be more people who will suffer because of him?" Ye Chen said that what Zhao Yanyan did was absolutely correct.

" Is it true ?" Zhao Yanyan asked Ye Chen.

Ye Chen nodded lightly at Zhao Yanyan who was in his arms.

" wife, Your and I have entered the world of cultivators, you have to get used to things like this." Ye Chen told Zhao Yanyan to get used to this kind of thing.

The world of cultivators is quite a cruel world, if you don't have the strength you might be killed by the enemy.

Zhao Yanyan nodded at Ye Chen, it seems like what Ye Chen said was right, she didn't need to be guilty after killing Hong Man.

"bastard, How dared to corrupt this Sect." A voice filled with anger resounded throughout the entire Gates of Eternity Sect.

This voice was filled with such terrifying pressure, it was obvious that this voice was being emitted by a very strong cultivator.

Ye Chen and Zhao Yanyan looked towards the source of the sound, when the two of them looked towards the source of the sound they both saw two male figures flying above the sky.

These two figures were clearly the ancestors of the Gates of Eternity Sect.

Chapter 844 - Gates Of Eternity Sect Ancestor Was Furious

These two old men were definitely the ancestors of the Gates of Eternity Sect, it could be seen from the clothes they were both wearing, the clothes these two were wearing were clearly from the Gates of Eternity Sect.

These two ancestors came at a very late time, the Gates of Eternity Sect had already been destroyed in the hands of Ye Chen and his allies, now the buildings belonging to the enormous Gates of Eternity Sect had become rubble scattered everywhere.

Seeing that the Gates of Eternity Sect had been crushed and turned into rubble, the two ancestors who had just come out were furious.

The two of them exerted an extremely terrifying pressure around their bodies, the pressure of these two people was clearly at the half-step level to Divine Realm.

"Finally you two old monsters want to come out of your hiding place, I thought you would not come out and still hide in your hiding place" Xue Suyin said to the two ancestors of the Gates of Eternity Sect who had just appeared.

It can be seen that Xue Suyin is familiar with the two ancestors of the Gates of Eternity Sect.

Xue Suyin was almost in the same generation as the ancestor of the Gates of Eternity Sect, so it wasn't strange that Xue Suyin knew about the two of them.

The names of these two old men were Hong Mao and Hong Duyun, both of them were great ancestors who belonged to the Gates of Eternity Sect.

"Xue Suyin, so this is all your doing." Hong Mao said in a tone filled with hatred and an extremely heavy killing aura.

If ordinary people were in front of Hong Mao, then they would immediately pee in their pants because of the fear caused by Hong Mao's immense killing aura

With a killing aura like this, it was certain that Hong Mao had killed a lot of people in his life.

In the past this person might have killed countless innocent cultivators to make the Gates of Eternity Sect what it is today.

"Of course, I have done this, don't you like what I'm doing right now?" Xue Suyin said to Hong Mao, he wasn't afraid of the killing aura that Hong Mao gave off at all.

"You old woman bastard, I will take revenge for what you have done to Sect. this" Hong Duyun was as angry as Hong Mao, he immediately went towards Xue Suyin, Hong Duyun intended to take Xue Suyin's life.

Hong Mao did not remain silent, he also went to attack Xue Suyin, it would be easier to defeat Xue Suyin if the two of them joined hands.

"Who are you calling an old woman, you two old folks." Xue Suyin felt very angry when she heard Hong Mao and Hong Duyun's words.

Women were creatures that hated being called old women the most, so it was not unusual for Xue Suyin to get angry when she heard the words that were spoken by Hong Mao and Hong Duyun.

Xue Suyin intended to teach a lesson to two old stodgy monsters who dared to insult her, both of them had to accept the consequences because had dared to insult her.

Xue Suyin intends to fight against Hong Mao and Hong Duyun ,.

"BAM.. ."When the three of them were about to face off, suddenly someone came and interfered in their business.

Hong Mao and Hong Duyun were forced back by this surprise attack.

The person who suddenly came and interfered in Xue Suyin, Hong Mao and Hong Duyun's affairs was Ye Chen.

"Husband, you don't need to step in like that, just let me handle this matter." Seeing Ye Chen stepping in, Xue Suyin told Ye Chen to leave this matter to her.

"Let me take care of them, these two people really dare to insult my wife beautiful" Ye Chen said to Xue Suyin that he would handle these two old monsters.

Xue Suyin felt a very sweet feeling in her heart, she felt happy to be praised by Ye Chen.

No matter what kind of woman, they would be weakened by the praise that Ye Chen's sweet words carried.

"Okay, if that's what you want then do it." Xue Suyin finally let Ye Chen handle these two old monsters, Xue Suyin quite believed in Ye Chen's strength.

Ye Chen should be able to handle Hong Mao and Hong Duyun so easily.

"Brat who you are ?, how dare you interfere in our battle." Hong Mao told Ye Chen to get out of the way, they had business to settle with Xue Suyin.

"Your opponent is me, so come here" Ye Chen said that he would be the opponent for Hong Mao and Hong Duyun.

"You really don't know the difference between heaven and earth, let me tell you the difference in our strength." Hong Mao advanced towards Ye Chen, intending to attack Ye Chen who was in front of him.

"Thunder Hammer Fist" Hong Mao's fist turned into a Thunder hammer, Hong Mao intended to use the thunder hammer fist to kill Ye Chen.

Hong Mao really didn't hold back, he was using his full strength in carrying out this attack.

"Husband, be careful" Zhang Shiyun told Ye Chen to be careful, he was worried about Ye Chen's safety.

"Shiyun, don't worry, husband will be fine, trust him." Xue Suyin told Zhang Shiyun to believe in Ye Chen's abilities.

Ye Chen can definitely win against the attack launched by Hong Mao.

"Die, you bastard." Hong Mao landed a his punch at Ye Chen.

The speed of Hong Mao's blows was so amazing, some people could barely see the movements of Hong Mao's attacks.

Ye Chen could clearly see the attack that Hong Mai was going to make, he began to stretch out his hand to fend off Hong Mao's attack.

"boom" Hong Mao thunder hammer hit Ye Chen's hand which was used to block this attack.

"Hahahaha, die you brat.. .", Hong Mao's words immediately stopped in his throat, he saw that Ye Chen was holding back the Thunder Hammer Fist's attack.

"It's too easy to endure." Ye Chen said that Hong Mao's attack was too easy for him to endure.

Hong Mao was speechless when he saw Ye Chen parry his attack only with his bare hands.

Ye Chen used his other hand to hit Hong Mao's head.

"BAM.. ." Hong Mao was beaten down and hit the plant very hard.

"boom", The ground under Ye Chen immediately had a hole when it was hit by Hong Mao, the diameter of this hole was not small, at least it's tens of miles, it could be seen that the power used by Ye Chen was quite strong.

Hong Duyun gawked when he saw the strength possessed by Ye Chen, it was unexpected that the young man who himself underestimated had such amazing strength.

The spectators who were here were as shocked as Hong Duyun's, they couldn't believe Ye Chen hit an ancestor from the Gates of Eternity Sect so easily.

"bastard" Hong Mao's rise up from the hole, it was seen that Hong Mao was very angry with Ye Chen, Hong Mao's head was currently filled with blood, it seemed like Ye Chen's attack just made Hong Mao's head leak.

Hong Mao was very angry when he found out that his head was badly injured because of Ye Chen's attack, Hong Mao had to take revenge for what Ye Chen had just done.

Hong Mao's body began to be covered by lightning red like blood, besides that Hong Mao's skin color also turned red like blood.

Chapter 845 - I Will Drag You With Me

From this alone it can be seen that Hong Mao used the forbidden technique Thunder Spirit of Life to deal with Ye Chen.

"Brat, I will kill you" Hong Mao said that if he was going to kill Ye Chen, Ye Chen must really pay for what happened to him.

"Don't just talk a lot, show me the strength you have" Ye Chen told Hong Mao not to talk much, Ye Chen hates people who talk a lot but don't have a power.

Hong Mao hated Ye Chen more and more, he felt that Ye Chen was very annoying and was very shameless to himself.

"Wush.. ." Hong Mao darted towards Ye Chen, he began to stretch out his hands towards Ye Chen's neck.

Hong Mao's hands were currently covered with lightning, Hong Mao's hands were now like a knife that could cut anything he held.

"Sky wind Law " Ye Chen's used the Sky wind Law technique to attack Hong Mao who was heading towards him.

A very strong wind shot out from Ye Chen's body, this wind immediately blew Hong Mao who intended to harm Ye Chen.

"Argghh" again Hong Mao was flown by quite loudly.

Hong Mao's fate is really very bad, he has been treated like this twice by Ye Chen.

"Cough.. ." Hong Mao vomited a mouthful of blood, the wind that hit his body was so intense that it made his internal organs shift slightly.

"This brat's power really doesn't make sense at all, how could this person have such strength at such a young age?" Hong Mao was confused by the strength displayed by Ye Chen, the strength possessed by Ye Chen was completely abnormal.

If it continued like this Hong Mao would not be able to win against Ye Chen, Hong Mao also only had a little time to use the Thunder Spirit of Life, he shouldn't waste any more time.

"I will try to end this with just one strike." Hong Mao decided to end this with just one strike.

Hong Mao got up from the ground, he heading back towards where Ye Chen was.

After arriving near Ye Chen, Hong Mao started making a very strange hand gesture.

Ye Chen saw that Hong Mao still didn't give up when fighting against him, this old man still insisted on fighting him.

After a while, Hong Man finished making strange hand movements, "Heaven Thunder Sword" Hong Mao started to raise two of his fingers towards the sky, when Hong Mao did this red lightning began to gather on top of his two fingers.

Lightning began to gather and form a sword, the size of this sword increasing every second.

In just a matter of a few breaths the sword made of red lightning had become immense.

This sword was at least several kilometers long and several hundred meters in diameter.

The sword is made of dozens also to the hundreds of lightning strikes, if to burst power definitely will be terrible destruction once, this is like a nuclear bomb that could explode at any time.

"Brat, let's see if you can fight this strongest technique I have, hahaha" Hong Mao burst out laughing, once Ye Chen was hit by this attack, it was certain that Ye Chen would turn to ashes.

Seeing Hong Mao's attacks that looked so powerful, Ye Chen decided to go higher up into the sky, starting to make a movement above the sky.

"Where are you going to run. I won't let you escape. "Seeing Ye Chen trying to escape, Hong Mao immediately aimed at Ye Chen's body using the Heaven Thunder Sword.

The Heaven Thunder Sword immediately rushed towards Ye Chen, this super large sword targeted Ye Chen who was above the sky.

It just so happened that Ye Chen had finished making the necessary preparations.

"DESOLATE PALMS second finger" Ye Chen used his DESOLATE PALMS second finger to deflect the attacks of the Heaven Thunder Sword that were heading his way.

From behind the clouds appeared a giant palm with two fingers open, this giant palm began to descend towards the direction of the Heaven Thunder Sword.

The Heaven Thunder Sword and DESOLATE PALMS are getting closer to each other, soon these two super strong attacks will collide.

"boom" ,The collision was completely unavoidable, an extremely powerful impact could be felt by everyone within a few hundred mile radius of this place.

Countless cultivators were blown away by the impact of the power generated by the Heaven Thunder Sword and DESOLATE PALMS.

"Gahh", Hong Mao tried to defend the Heaven Thunder Sword he was using, Hong Mao didn't want the Heaven Thunder Sword to lose against Ye Chen's DESOLATE PALMS technique.

"Crack.. ., Crack. ., Crack.. .", The Heaven Thunder Sword used by Hong Man started to erode, it could be seen that the Heaven Thunder Sword started to shatter in the hands of DESOLATE PALMS.

"Cracked", Heaven Thunder Sword shattered under the power of the DESOLATE PALMS.

When the Heaven Thunder Sword was shattered, nothing else was in the way of DESOLATE PALMS.

"Arghh, no", Hong Mao shouted loudly enough, trying to escape the DESOLATE PALMS attack, too bad Hong Mao couldn't do that because he didn't have the strength to do that.

"Boom.. . "Hong Mao was hit by the DESOLATE PALMS second finger, an extremely powerful explosion occurred in this place.

This explosion made a very strong earthquake, the earthquake produced by DESOLATE PALMS, can be felt by every area in the Holy Land of Kunlun.

Hong Mao who was hit by the DESOLATE PALMS technique would definitely die, there was no way Hong Mao could withstand such a powerful attack.

Now that Hong Mao is dead, now it only remains to take care of Hong Duyun.

From the beginning to the end, Hong Duyun only saw the battles Hong Mao and Ye Chen fought, he did not help Hong Mao who looked troubled when fighting Ye Chen.

Even though Hong Duyun really believed that Hong Mao could handle Ye Chen, he didn't expect Hong Mao to die at Ye Chen's hands.

"Now you just live alone, what are you going to do now?" Ye Chen said to Hong Duyun, Ye Chen wants to know what Hong Duyun will do right now.

"Tch, it looks like I don't have a chance to win." Hong Duyun felt that he didn't have a chance to win against Ye Chen and his allies.

"So you decided to give up?" Ye Chen said to Hong Duyun.

"My life and death are in this Sect, because I don't have a chance to win against all of you, then I will try to bring some of you together with us to the afterlife." Hong Duyun said to Ye Chen that he would take some of the people in here with him to the funeral.

"Huh?, What are you talking about?, I don't understand at all." Ye Chen didn't understand what Hong Duyun was talking about, maybe Hong Duyun was crazy because the Gates of Eternity Sect had been destroyed.

"All of you who are in this place should immediately know what I mean." Hong Duyun said that Ye Chen and everyone in this place will know what he just said.

Ye Chen and everyone in this place are getting more and more curious about what Hong Duyun will do, they all want to know what Hong Duyun will do.

Chapter 846 - Circle Of Demon Sacrifice

Hong Duyun started to cup his hands forward, he began to chant a spell that was very strange for his to hear.

"What the hell is he doing?" Ye Chen started to wonder what Hong Duyun was up to.

"Master, looks like this person intends to use a forbidden technique that requires a soul sacrifice." Chu Yuechan told Ye Chen that this person used a forbidden technique whose use had to use a soul sacrifice.

"What, are you sure about that?" Ye Chen didn't believe that Hong Duyun would use such a forbidden technique that required a sacrifice to use it.

After a while, Hong Duyun finally finished chanting his strange spell, After a while Hong Duyun finally finished chanting his strange spell.

"Circle of Demon Sacrifice" Hong Duyun's shouted towards the As sky.

soon as the sky that was already dark turned red like blood, the clouds that were once dark have now turned red like blood.

The lightning that was also currently striking was slightly blackish red, this was very, very strange for everyone around here.

"Ahhhh... ", suddenly hysterical screams occurred in almost all locations, these hysterical screams did not come from the cultivators of the royal family or the Spring Palace, these screams came from the disciples and the Elder Gates of the Eternity Sect.

Ye Chen immediately looked at the disciples and elders of the Gates of Eternity Sect, when Ye Chen looked at them, he found that blood had started to come out from these people's body parts.

These people seemed to be in a lot of pain, their souls seemed to have been absorbed by something that was beyond the clouds.

"This is bad, it looks like this person intends to inflame the people of his own Sect, this old man is really out of his mind." Ye Chen really couldn't understand what Hong Duyun was doing, Hong Duyun really sacrificed people of his own sect to use forbidden techniques.

Ye Chen had to stop this person, he couldn't allow Hong Duyun to do something cruel like this.

"Stop" Ye Chen tried to stop the madness that Hong Duyun was doing.

Too bad before Ye Chen could act, Hong Duyun's body had been eroded and turned into a mist of blood.

"It's useless, once the Circle of Demon Sacrifice technique is activated it can't be canceled, be prepared to all of you to come with me to the funeral, hahaha" Hong Duyun burst laughter before he completely disappeared from this world.

"Damn it." Ye Chen was annoyed by this, that old man had actually done such a terrible thing.

"Rumble.. ., Rumble.. ., Rumble.. ." The ground around this place began to violently shake, the ground began to split open everywhere.

An extremely hot lava rose from the split ground and gushed upwards.

"Everyone, leave this place immediately." Ye Chen told everyone to leave this place immediately, the phenomenon around this place is really absurd.

Ye Chen might have no problem in this place, but this doesn't apply to cultivators from the royal family and the Spring Palace, they might be dragged into this calamity.

If that happened, then it would be inconvenient for Ye Chen and the others.

All the cultivators from the royal family and Spring Palace immediately left this place, they immediately moved away from this dangerous place.

These people could sense an approaching danger, which was why they all immediately fled from this place.

"Husband, what's going on?" Zhao Yanyan, Zhang Shiyun, Xue Suyin and other women came over to Ye Chen, they all wanted to know what was happening right now, why suddenly something strange happened around the former Gates of Eternity Sect building.

"Looks like the ancestor of the Gates of Eternity Sect used a forbidden technique that inflated everyone from his own Sect." Ye Chen explained what happened to Zhao Yanyan and the others.

"Hong Duyun is really very crazy, he incited innocent people to take revenge on us." Xue Suyin did not expect that Hong Duyun would do something crazy like this.

"That old monster is really very crazy." Zhang Shiyun also thought the same thing as Xue Suyin, she thought that Hong Duyun was quite crazy.

"Forget about that, do you guys know what kind of forbidden technique is this?" Nangong Xiang asked Xue Suyin and Zhang Shiyun, he wanted to know if the two of them knew what Hong Duyun was using.

"I never knew that the Gates of Eternity Sect had this kind of technique, this is my first time seeing it." Xue Suyin said that this was the first time she had seen this kind of thing.

"I'm the same too, this is the first time I've seen something like this." Zhang Shiyun was also the first time seeing something like this, she didn't know what technique Hong Duyun had just used.

"Rumble.. ., explosion.. ., Rumble.. ., explosion.. ., Rumble.. ., explosion.. .," "From the underground there was a very terrible explosion, cracks are getting more and more severe from time to time, these cracks are spreading very quickly, if it continues like this everything in the territory of the Gates of Eternity Sect will vanish.

The red clouds in the sky began to form a vortex of enormous size, this vortex began to descend down towards the cracks that were underground.

The clouds in the sky seemed to have been sucked into the ground, it seemed that something in the ground was sucking these clouds into the cracks.

When the red cloud entered, Ye Chen felt an extremely terrifying pressure, this pressure was more terrifying than the pressure of a cultivator who was in the Divine Nascent Realm.

"What exactly is down there, why is there such a terrible pressure down there." Ye Chen began to wonder what was down there.

"Master, it looks like there is a dangerous creature down there, I can feel that this creature is trying to get out from under there." Chu Yuechan felt a creature coming out from under there.

This creature must be very strong, considering the pressure that strong this has.

"Roar.. .." from underground came a scream that could make the ears pain.

"What's under there, why is the pressure this creature exudes so strong?" Zhang Shiyun felt pressured by the pressure exerted by the being below there, Zhang Shiyun's cultivation base was still in the early Divine Nascent Realm.

Even though she was already in the early Divine Nascent Realm, Zhang Shiyun was extremely pressured by the pressure emanating from the beings down there.

It was not only Zhang Shiyun who felt pressured, almost all women felt pressured when faced with the pressure emanating from the creatures that were underground.

"Bang.. .., Bang.. .., Bang.. ..," The chunks of land that are below begin to rise and are thrown to the surface, because they are mixed with lava, the chunks of rock that are thrown look like meteors falling from the sky.

"Everyone, let's retreat first" Ye Chen invited all the women who were near him to withdraw, Ye Chen felt that here was quite dangerous for them.

"Come" Zhao Yanyan and all the women nodded at Ye Chen, they completely agreed with Ye Chen's suggestion, who chose to temporarily retreat.

This place was dangerous enough for all of them, they didn't know what Being was below them.

Chapter 847 - Fight Giant Demon (1)

Ye Chen and the woman retreated and moved away from this place, they were all looking for a safe place to see what was going on.

"BOOM", a few moments after Ye Chen and the others left their place, an extremely powerful explosion occurred around the Gates of Eternity Sect, this explosion was so strong that it made the ground around the Gates of Eternity Sect lifted and scattered around. all directions

"The creature came out." Ye Chen felt that a creature that was hiding underground had finally come to the surface.

Sure enough, a monster with an enormous size came to the surface.

This monster had two sharp horns and an extremely terrifying face, this creature's body was covered in dark red lightning like blood.

"Gahahahaha, I'm finally free." This huge monster burst out laughing when he found out that he had been freed.

The voice possessed by this huge monster is really very terrible, anyone will definitely be horrified when they hear the voice possessed by this huge monster.

This monstrous monster was not completely free, only its upper body had come to the surface, while its lower body seemed to be still underground.

"Is that a Demon?" Ye Chen started to wonder if this huge monster was a Demon or not.

"Ye Chen, it looks like that huge creature is a Demon." Nangong Xiang said to Ye Chen that this huge monster was a Demon.

From the aura emitted by this monster, Nangong Xiang could tell that this monster was a very dangerous demon.

"Was the technique that the ancestor of the Gates of Eternity Sect just used to summon a Demon out?" Ye Chen said in a low voice.

"Master, the possibility can happen, that old man has used a lot of soul offerings, it must be a technique to summon this demon." Chu Yuechan said to Ye Chen that it might happen.

Hong Duyun had used almost all the elders and disciples of the Gates of Eternity Sect to summon this monster, most likely the forbidden technique used by Hong Duyun was a technique closely related to demons.

"It was unexpected that a large Sect like the Gates of Eternity Sect would have a technique to summon demons." Ye Chen did not expect that the Gates of Eternity Sect would have a technique to summon such a large and powerful Demon.

Ye Chen turned his attention towards the gigantic demon in front of him.

The giant demon tried to get out of the ground, when the giant demon tried to get out of the ground, the giant demon found that it couldn't pull its lower body off the ground.

"Gahhh... , damn it, I'm still not completely free. "The giant demon felt furious when he found out that he was still not completely free from the seal that held him.

"You stupid humans, they definitely don't give proper offerings." The demon started cursing Hong Duyun who didn't give himself a proper offering.

If only Hong Duyun gave him a decent offering, then it was certain that he would be able to move freely without being trapped in this place.

The giant demon began to look around this place, it just so happened that around this place there were a lot of strong cultivators from the royal family and the Spring Palace.

"Gahahaha, that's great, I can use these guys to get out of this annoying prison" The Giant demon intended to use this cultivator to break out of his seal.

If a giant demon ate people, he would definitely be able to get out of the lava puddle that sealed him.

When Ye Chen listened to the words of the giant demon, he felt a very bad feeling, Ye Chen felt that this demon had bad intentions for everyone around this place.

Ye Chen's bad feelings became a reality, the giant demon began to stretch out his long arms towards Ye Chen and the cultivators near Ye Chen.

"Husband, this giant creature intends to attack us." Zhao Yanyan told Ye Chen that the giant demon was trying to attack them all.

"Yanyan, you protect everyone who is here, meanwhile all of you please help me fight this giant demon" Ye Chen gave directions to all the women around him.

Ye Chen gave directions to the women around him, Ye Chen needed everyone's help to deal with the Demon who wanted to eat them all.

"OK, we will try to help you as much as we can." All the women agreed to work together to help Ye Chen fight the Demon.

Zhao Yanyan, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin and Ye Xiu knew that the Demon in front of them was very strong, they had to work together to fight this Demon.

Among all the women who were here, only Xing Mei was unwilling to answer Ye Chen, Xing Mei didn't seem to care much about things like this.

"Bad girl, you have to help too." Ye Chen told Xing Mei to help them fight a strong enemy like this Demon.

"I'm willing to help, but I want a gift from you." Xing Mei said that she wanted a gift from Ye Chen.

This bad girl really didn't want to give her help for free, if Ye Chen wanted help from Xing Mei, Ye Chen had to give Xing Mei a gift.

"Alright, after all this is over, I will give you what you want." Ye Chen had no choice but to promise Xing Mei.

Ye Chen did not have time to argue with Xing Mei on the current situation, the demon in front of them was very dangerous, if he wasted his time serving Xing Mei, then that would be a problem.

"You promised, make sure to keep your promise later." Xing Mei was satisfied when she heard the answer given by Ye Chen, the answer given by Ye Chen was quite satisfying for Xing Mei.

"Let's make this monster return to its original place" Ye Chen said that he would return this terrible demon to its original place, which is underground.

"Fine." All the women agreed with what Ye Chen said, they should return this demon to the underground.

Ye Chen, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei immediately advanced towards the giant demon, they tried to destroy the Giant Demon's huge hand.

" Frost Age" Ye Chen used the Frost Age technique to seal the movements of the demons.

When Ye Chen used the Frost Age technique, the Giant Demon's entire body froze into an Ice statue.

Even though Ye Chen's initial intention was only to freeze the Giant Demon's arm, it was unexpected that the Demon's entire body froze completely.

What Ye Chen did gave him a chance Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei to attack.

Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei did not miss the opportunity Ye Chen gave them, they all launched their respective attacks towards the Demon.

Nangong Xiang used the Heavenly Golden Flame to attack the Demon.

Ye Xiu also used his yellow flames to attack the demons.

Meanwhile Nanhua Caiyi, Zhang Shiyun, Xue Suyin used their wind power to cut the demon's body.

Meanwhile, Xing Mei used her sword to cut through the Demon's body.

Xing Mei was a cultivator who cultivated the lightning, so Xing Mei's techniques wouldn't be of much use against a demon who had lightning shields all over her body.

Even though she couldn't use the power of the heavenly lightning law that she was proud of, Xing Mei's physical strength was still more than enough to fight a demon.

Xing Mei was very confident that she could win against this ugly Giant demon

Chapter 848 - Fight Giant Demon (2)

"BOOM.. ., BOOM.. ., SLASH.. ., SLASH.. ., SLASH.. ., SLASH.. .", "The attacks carried out by Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei directly hit the Giant Demon's body.

Due to the impact of the attacks carried out by all the women, extremely dense dust enveloped the Giant Demon's body,

"Did it work?" Ye Chen and all the women were curious whether their attack had succeeded or not in incapacitating the Giant Demon.

"Whuss.. ." a mercury-sized arm attacked Ye Chen, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei.

"Everyone avoiding" Ye Chen told Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei to leave as quickly as possible from where they were now.

Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei immediately retreated as fast as they could.

"Boom" a very powerful explosion occurred due to the Giant Demon's attack.

luckily Ye Chen ,Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei had left there. If they didn't leave this place, maybe they could be seriously injured or even die.

"You lowly humans dare to attack this King." Giant Demon was angry with Ye Chen, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei who dared to injure him.

"That attack just barely scratched this monster?, How strong is this Demon?" Nanhua Caiyi couldn't believe that their combined attack could only slightly scratch the Giant Demon's arm.

"This demon is too strong, if he is completely free from the seal, then it will be very dangerous." Nangong Xiang could not think anymore if this Giant Demon managed to escape from the Seal.

Just now the power of the Giant Demon is already very strong, if the Giant Demon is released from the seal, then the Giant Demon's strength will definitely be very terrible.

"Our chances of defeating this Giant Demon are limited, if this Giant Demon manages to break free from the Seal that shackles him, then we won't have a chance to win." Ye Chen said to all the women that they only have a limited chance, if the Giant Demon is completely free, then they can't win.

All of the women who were here nodded, they completely agreed with the words that Ye Chen had just said, they had to defeat the Giant Demon before the Giant Demon was free from the seal holding him.

"All of you quickly see, that monster's arm is healing really fast." Xing Mei said to Ye Chen and all the women that the Giant Demon's arm was healed at a terrifying speed.

Ye Chen Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu, were stunned when they saw this, it seemed that the enemy had a very fast regeneration rate.

"Dammit, why does the Demon race have the ability to regenerate this fast?" Ye Chen cursed very loudly, why did the Demon Race have this rate of regeneration at this rate, did all Demon races really have this rate of regeneration.

"Foolish human, I will eat you all ." Giant Demon again stretched out his hand towards Ye Chen, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei, intending to win everything.

" Chain of Light", when the Giant Demon's arm was about to catch Ye Chen and the others, a chain of light appeared and shackled the Giant Monster's arm.

Zhao Yanyan at the back wouldn't let the Giant Demon catch Ye Chen and the others, he decided to help seal the Giant Demon's movements.

While Zhao Yanyan was sealing the Giant Demon's movements, the cultivators from the Royal Family and the Spring Palace helped Zhao Yanyan attack the Giant Demon.

"Everyone quickly retreat." Zhao Yanyan told everyone to retreat first, the Giant Demon seemed to be stronger than they all thought.

Ye Chen, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei immediately retreated to rearrange their formation.

It's a shame that the attacks carried out by the cultivators of the royal family and the Spring Palace didn't help much, they all barely worked against the Giant Demon.

"Where do you want to run away, I will not let you guys run away that easily, I will eat you all", the Giant Demon began to move his large arm.

When the Giant Demon moved his arm, Zhao Yanyan's Chain of Light started to make a gurgling sound, it could be seen that the technique Chain of Light Zhao Yanyan used was unable to hold the Giant Demon's movements any longer.

"Sword of light" Zhao Yanyan's immediately used his Sword of light technique to attack the Giant Monster's arm, hundreds of swords of light appeared around the Giant Monster's arm.

These hundreds of swords of light directly pierced the Giant Monster's arm.

"Arghhh, it hurts." The Giant Monster screamed in pain when the blade of light pierced his arm.

Ye Chen looked directly at the Giant Demon, it seemed that the light technique used by Zhao Yanyan had a painful effect on the Giant Demon.

"I see, this demon is weak against light." Ye Chen now understood that this Giant Demon was weak against Zhao Yanyan's Light element.

"Alright, I have an idea to win against this Giant Demon." Ye Chen had an idea that could make himself win against this Giant Demon.

"Ying'er come out" Ye Chen told Yin Ying'er to come out and help himself.

When Ye Chen summoned Yin Ying'er, Divine Yin Yang Sword immediately appeared in Ye Chen's right hand.

"All of you please evacuate everyone from this place" Ye Chen said to Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei to evacuate people away from this place.

Ye Chen already knows the purpose of this Giant Monster, it looks like the Giant Monster wants to eat everyone here to make a sacrifice so that he can escape the seal that holds him.

That meant that if the cultivators from the royal family and the Spring Palace remained here, this would make it easier for the Giant Demon to be free from the seals that shackled its lower body.

It was better for Ye Chen to have these people go as far away from this place as possible.

"Husband, are you sure you want to fight this monster alone?" Zhang Shiyun began to worry about the safety of Ye Chen who wanted to fight this Giant Demon alone.

"You don't need to worry, believe me, you all hurry up and take these people away from this place, meanwhile Yanyan, please help me from behind" Ye Chen told all the women to believe in him.

here Ye Chen only needed help from Zhao Yanyan, while for the others, they could help him to evacuate the people who were still around this place.

"Everyone, believe in Ye Chen, let's do what we have to do" Nangong Xiang said to Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu to believe in Ye Chen.

Nangong Xiang herself had enough confidence in Ye Chen's ability, Ye Chen could definitely win against this Giant Demon.

There was no way that a man who could melt his heart would become an ordinary man, Ye Chen would definitely have a way to win against a Giant Demon

Nangong Xiang's words made Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu believe in Ye Chen, they all started to believe that Ye Chen could win against the Giant Demon.

Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin, Ye Xiu and Xing Mei immediately went to evacuate everyone to get as far away from this place as possible, they all left Ye Chen and Zhao Yanyan alone in this place.

Chapter 849 - Fight Giant Demon (3)

"Husband, what are your plans now?" Zhao Yanyan asked what plan Ye Chen had right now.

"Yanyan, you help me by using your Goddess Melody Technique, I'm sure you already know what you have to do." Ye Chen briefly explained what the two of them should do now.

"Okay, I understand." Zhao Yanyan immediately understood, he would do his job, he would become a support for Ye Chen.

"Good, then let's do it." Ye Chen nodded with satisfaction at Zhao Yanyan, now he was going to go up against the Giant Demon.

Ye Chen advanced towards the Giant Demon, while Zhao Yanyan started playing the Saint Light Zither to give Ye Chen support.

When Zhao Yanyan started playing her Saint Light Zither, Ye Chen felt that his strength had increased several times.

This was the first time Ye Chen experienced Zhao Yanyan's Goddess Melody Technique.

Zhao Yanyan is now only focused on giving Buff to Ye Chen's strength, therefore the benefits that Ye Chen will get will be many times over.

"Want to go where you guys, I will not let you go so easily" seeing the cultivators who should be his food leave this place, the Giant Demon was very angry, he tried to stop these people from leaving this place.

If he didn't get more blood, then it was certain that he wouldn't be able to get out of this annoying puddle.

" Stop averting your eyes, your opponent is me" Ye Chen said to the Giant Demon who intends to stop cultivators from the royal family and the Spring Palace who intend to escape from this place.

"Human bastard, don't get in my way, I'll kill you" Giant Demon was really angry with Ye Chen, he felt annoyed seeing Ye Chen who always blocked his path.

"Red Lightning Balls" from the Giant Demon's body started to pop out several human-sized lightning balls, these lightning balls shot towards Ye Chen.

"Shadow Clone" Ye Chen's cast dozens of shadows to outwit the Giant Demon.

He hoped that the Clone he made could outwit the attacks carried out by the Giant Demon.

Sure enough, the Red Lightning Ball that was just issued by the Giant Demon began to hunt the Clone that was summoned by Ye Chen.

With the Giant Demon's Red Lightning Ball attack being tricked, Ye Chen felt he had more freedom in attacking the Giant Demon.

"truly troublesome human being." The Giant Demon felt that Ye Chen was such a pain.

The Giant Demon's arms began to change into an enormous lightning sword.

When the Giant Demon's arm turned into a lightning sword, Zhao Yanyan's Chain of Light was immediately cut into pieces, it could be seen that the Giant Demon's arm that had turned into a sword was extremely sharp.

It seems that this Giant Demon can modify its body at will, the Giant Demon is even able to make its arms into a huge and very long lightning sword.

" die ,You human." The Giant Demon swung its sword arm towards Ye Chen.

"" Ying'er get ready to fight, let's beat this ugly monster. "Ye Chen said to Yin Ying'er to get ready, he would come face to face with this Giant Demon's attack.

Ye Chen used part of the Heavenly Armor on his arm which he used to hold the Divine Yin Yang Sword, with the help of the Heavenly Armor, Ye Chen was sure he could fend off the attacks from the Giant Demon.

"Clang." A very loud crashing sound occurred, Divine Yin Yang Sword facing the giant demon's sword arm, this impact made the earth and boulders around here fly everywhere.

It could be seen that the strength of what Ye Chen and the Giant Demon had just used was almost equal.

In the exchange of these attacks, Ye Chen was forced back several hundred meters.

It can be seen that Ye Chen still can't match the Giant Demon even after using the help of the Heavenly Armor, Divine Yin Yang Sword and Buff the strength given by Zhao Yanyan.

"Damn, my arm feels numb", Ye Chen felt his arm go numb when he received an attack from a Giant Demon.

"Master, why are you so reckless, how could you take a demon's attack in such a manner." Chu Yuechan started to scold Ye Chen for the carelessness he had just done.

Earlier that was a very dangerous thing, if only Ye Chen didn't get help from Heavenly Armor, the buff strength given by Zhao Yanyan, then it is certain that Ye Chen might get hurt when he met the Giant Demon's attack.

"Sorry.. ., sorry.. . "Seeing that Chu Yuechan was very worried about what he had just done, Ye Chen had to apologize to Chu Yuechan, he knew that what he had just done was something very dangerous.

"It's good if you understand, next time don't do things like that again." Chu Yuechan was happy that Ye Chen understood what she had just said, Chu Yuechan hoped that Ye Chen would no longer repeat things like that.

Ye Chen refocused his attention on the Giant Demon, when Ye Chen returned to focus his attention on the Giant Demon, Ye Chen found that the Giant Demon's sword arm was injured by the attack he just did.

Even though this wound wasn't too wide, still Ye Chen's just now was able to injure the Giant Demon.

The Divine Yin Yang Sword is powerful enough to fight demons that have the ability to regenerate quickly, this can be seen from the wounds of the Giant Demon that cannot regenerate on its own.

"What the hell, why my body can't regenerate?" The Giant Demon looked surprised to find that his body could not regenerate.

The wound on his arm couldn't heal like before, this was really very strange.

Giant Demon relies heavily on his regeneration ability, it is one of the most powerful powers he has.

The only drawback of this regeneration technique is that when fighting light element users, usually the wounds caused by light element users will be a little difficult to heal.

Strangely, right now his wounds really can't heal, this is a very strange thing for a Giant Demon.

"Looks like my attack was successful." Ye Chen was satisfied to see the Giant Demon who looked panicked when he found out that he could not regenerate.

Now that Ye Chen has the confidence to win against the Giant Demon, Ye Chen has the key to victory in the form of the Divine Yin Yang Sword in his hand, the Divine Yin Yang Sword is truly the natural enemy of God and Demon.

"Yanyan, you distract this Giant Demon, I'll attack him back" Ye Chen wanted Zhao Yanyan to distract the Giant Demon while he went to attack the Giant Demon.

"OK" Zhao Yanyan nodded at Ye Chen, she would try to distract from the Giant Demon.

"Good, then let's start" Ye Chen was very confident in Zhao Yanyan, Ye Chen was very sure that Zhao Yanyan could distract from the Giant Demon.

Ye Chen didn't think much, he immediately went towards the Giant Demon.

"Human bastard, how dare you injure the king's body, I will make you pay for it." Giant Demon was very angry with Ye Chen, Ye Chen was very brave to injure himself.

The Giant Demon started attacking Ye Chen using his extremely sharp sword arm.

Chapter 850 - Fight Giant Demon (4)

"Chain of Light, sword of light", Zhao Yanyan immediately used two of her techniques to attack the Giant Demon, intending to use this technique to distract the Giant Demon from Ye Chen.

Chains of light and Swords of light instantly appeared and attacked the Giant Demon's body.

"Arghh" Giant Demon roared in pain as it received Zhao Yanyan's smooth attack.

Light is a demon's greatest weakness, so it shouldn't be strange that Zhao Yanyan's attacks were painful to the Giant Demon.

"Damn woman, don't bother me." The Giant Demon turned its attention to Zhao Yanyan, according to him the power of Light possessed by Zhao Yanyan was very disturbing to him.

What Zhao Yanyan did was successful, she managed to turn the Giant Demon's attention to her.

Ye Chen didn't miss the opportunity Zhao Yanyan gave him, he immediately opened his Wind Veins.

By opening the Sage God Wind Veins Ye Chen's speed increased very rapidly.

"Alright, let's chop up this monster." With the increased speed he had, Ye Chen believed that he could attack the Giant Demon at will.

"Nine Shadow Step", Ye Chen used Nine Shadow Step to attack the Giant Demon, when Ye Chen did this, Ye Chen's attack speed was amazing.

"Slash... , Slash... , Slash... , "In a matter of seconds, Ye Chen had landed hundreds of slashes on the Giant Demon's body.

"Arghhh... " The Giant Demon felt pain all over his body from the attack made by Ye Chen.

The attack that Ye Chen had carried out was as painful as the attack that came from Zhao Yanyan.

"You two are really human bastards." The Giant Demon was already furious with Ye Chen and Zhao Yanyan, these two lowly humans were really getting into a lot of trouble.

"Damn, so hard." Ye Chen had a hard time slashing the Giant Demon's body, the Giant Demon was so hard that it was hard to cut it into pieces.

Ye Chen could only inflict a pretty deep wound on the body of a giant demon, although this wound was deep enough for Ye Chen, it was still not enough to harm a giant demon.

When Ye Chen wanted to attack the Giant Demon, a terrifying black wind began to envelop the Giant Demon's body.

Seeing the wind with terrifying power envelop the Giant Demon's body, Ye Chen retreated slightly.

Ye Chen wanted to see what this Giant Demon would do.

The black wind completely enveloped the Giant Demon's body, when this happened the Giant Demon's body which was previously red began to turn black.

Six black demon wings began to appear behind the Giant Demon's back, Plus the black wind enveloped the Giant Demon's body.

"Human, you two have forced me to show my real body, now you will feel the consequences." The Giant Demon began to flap the six wings behind its back.

When the Giant Demon did this, a terrifying wind started shrouding around this place.

Several super large tornado were starting to form around this place, these vortex sucked everything around this place into tornado

All the objects that entered the tornado instantly turned into dust particles, it could be seen that this tornado was like countless swords.

"This is bad, Yanyan is in danger." Ye Chen immediately went towards Zhao Yanyan, Ye Chen was worried that Zhao Yanyan would be hurt if he was sucked into this tornado.

Ye Chen himself already had the inheritance of the wind from the Sage God, that meant that this tornado would not be able to injure him.

The problem was that Zhao Yanyan was not the same as Ye Chen, Zhao Yanyan could still be injured if she got too close to this super large tornado.

"Yanyan, come here." Ye Chen immediately pulled Zhao Yanyan to his side, trying to secure Zhao Yanyan from the tornado.

"Hahaha, you two are looking for trouble with the wrong people, be prepared to accept the consequences" The Giant Demon laughed when he saw Ye Chen and Zhao Yanyan who were panicking about the tornado he had just created.

The Giant Demon started to control all the existing tornado towards Ye Chen and Zhao Yanyan.

Dozens of tornado immediately headed towards Ye Chen and Zhao Yanyan, Ye Chen and Zhao Yanyan were immediately surrounded by all the tornado that were around the two of them.

"Whoosh.. ." all the tornado crashed into each other, Ye Chen and Zhao Yanyan were trapped directly in them.

When all the tornado of the hurricane crash into each other, it can be seen that these tornado are starting to coalesce into one and create an even bigger tornado.

Nearly everything hundreds of miles away from this place is sucked into this tornado.

"Hahaha feel that" Giant Demon laughed when he saw Ye Chen and Zhao Yanyan trapped in the tornado, the Giant Demon was very confident that Ye Chen and Zhao Yanyan would die in the tornado that was like billions of rotating flying swords.

Ye Chen and Zhao Yanyan were still holding out in the tornado, both of them were currently fine within this tornado.

"Husband, the Giant Demon seems to be getting stronger and stronger, he now has terrible strength." Zhao Yanyan said to Ye Chen that the Giant Demon is getting stronger and stronger.

"Yanyan, you are absolutely right, the Giant Demon is getting stronger, plus he can change his power like this." Ye Chen completely agreed with Zhao Yanyan's words, Giant Demon has indeed become more and more stronger after changing form.

Ye Chen had to rethink the way to defeat the Giant Demon.

"The skin of the Giant Demon is very hard, the Divine Yin Yang Sword has a little trouble penetrating the Giant Demon's skin." Ye Chen really had a hard time breaking through the Giant Demon's thick skin, if only Ye Chen could penetrate the Giant Demon's skin, then Ye Chen might be able to win against the Giant Demon.

"This Giant Demon's skin is really tough, if only we could attack the inside of this Giant Demon's body, then we might have a chance to kill him" Zhao Yanyan said to Ye Chen.

"Yanyan There it is" When he heard Zhao Yanyan's words, Ye Chen had an idea to defeat this Giant Demon.

"What?" Zhao Yanyan asked what Ye Chen was thinking.

"We can defeat this Giant Demon from within, I'm sure this Giant Demon's inner body will be very weak." Ye Chen told Zhao Yanyan of his idea.

the way to defeat an enemy who had a strong body like this was to destroy it from within, that was the most effective method that could be used in a situation like this.

The outer body of a Giant Demon may be very hard, while the inner body of a Giant Demon will become soft, to defeat a Giant Demon, Ye Chen needs to destroy this Giant Demon from within, For that Ye Chen needs to enter the body of a Giant Demon.

"But isn't it too risky to enter the body of a Giant demon?" Zhao Yanyan felt that what Ye Chen was doing was too risky.

"You don't need to worry, I have a way of doing that." Ye Chen had a way of doing this, that way he could stay in the Giant Demon's body.
