

### **Chapter 851 - Enter Into The Giant Demon's Stomach**

"Yuechan, what do you think, by using the Heavenly Armor, I can enter this demon's body?" Ye Chen asked Chu Yuechan for advice, he wanted to know whether or not he could enter the body of a giant demon using Heavenly Armor.

"If you fully use the Heavenly Armor on your body, the chances of you doing that are quite large." Chu Yuechan said that Ye Chen could possibly enter safely if he used Heavenly Armor on his entire body.

Heavenly Armor is a Heavenly Tier artifact, if Ye Chen uses Heavenly Tier, he will be very difficult to injure by the Giant Demon.

"Very good, then let's start the plan." After hearing Chu Yuechan's words, Ye Chen decided to immediately carry out his plan.

"Yanyan, I will destroy this Tornado, after this Tornado is gone you immediately attack the Demon with all your strength, after you do that immediately retreat to a safe place" Ye Chen started telling Zhao Yanyan what he should do.

"Fine, I will do as you say" Zhao Yanyan immediately nodded to Ye Chen, she would immediately do what Ye Chen just said.

"Very good." Ye Chen nodded with satisfaction at Zhao Yanyan, Zhao Yanyan was really very easy to work with him.

Ye Chen immediately went to the core of this Tornado, intending to destroy this tornado from its core.

Every technique had a weakness, this included the tornado currently confining Ye Chen and Zhao Yanyan, this tornado must have a weakness that Ye Chen could use to destroy it.

"Found" After searching for a while, Ye Chen finally found the core of the Tornado, if Ye Chen broke this core, then this Tornado would immediately vanish.

"Sky wind Law", Ye Chen used Sky wind Law to break the core of the Tornado, this is the only way to break this Tornado..

An extremely powerful blast of wind shot out from Ye Chen's body, this blast of wind blew away the wind within the Tornado.

When the core of the foundation held by the Tornado collapsed, the Tornado immediately disappeared into thin air.

"What !!!" The Giant Demon was quite surprised when he saw the Tornado he had made disappear, he had no idea what had happened, why did the Tornado he made suddenly disappear like this.

"Yanyan, now" Ye Chen told Zhao Yanyan to attack the Giant Demon right now.

Zhao Yanyan understood, he immediately attacked the Giant Demon with all the strength she had.

As thousands of swords of light began to form around Zhao Yanyan's body, Zhao Yanyan immediately turned all of these blades of light towards the Giant Demon.

The Giant Demon was completely unprepared for the attack that came from Zhao Yanyan, because it was not ready for the attack that came from Zhao Yanyan, he had to accept Zhao Yanyan's attack which was very painful.

"Arghh, it hurts." The Giant Demon started to roar in pain, its mouth opened very wide as it roared in pain.

This was Ye Chen's chance to enter, he shouldn't waste any more time.

Ye Chen opened his wind veins again, instantly Ye Chen's speed increased very rapidly.

Ye Chen immediately flew into the Giant Demon's mouth, when Ye Chen was about to enter the Giant Demon's stomach, Ye Chen immediately wore the Heavenly Armor around his body, a very cool Armor with 10 wings made of golden light.

After wearing the Heavenly Armor on his body, Ye Chen was no longer afraid when he entered the Giant Demon's body, he was very confident when he fully used the Heavenly Armor on his body.

"Husband, I wish you success." Zhao Yanyan could only pray for Ye Chen's success.

Zhao Yanyan hoped that Ye Chen could defeat this Giant Demon, after completing her task, Zhao Yanyan decided to retreat to a place that was a little safer, here it was too dangerous for him.

Using the Heavenly Armor on his body, Ye Chen easily entered the Giant Demon's body which was dark and damp like a cave.

Luckily, Ye Chen got the light from the golden light wings on his back, using this, Ye Chen could clearly see everything around this place.

Around this place it is very dirty, there are lots of rubble and rubble scattered everywhere, it looks like this Giant Demon swallowed all these things into its stomach.

"This place is really very dirty, who wants to live in a place like this" Ye Chen said that this place is so dirty, there is no way anyone would want to live in a dirty place like this.

"This is a demon's stomach, who wants to live in a place like this." Chu Yuechan began to shake his head.

This is the stomach of a demon, that is so terrifying, who would want to live in a place like the stomach of a terrifying like demon.

"Roar", When Chu Yuechan had just finished saying her words, there were several small magical beasts appearing among the rubble, it seemed that these magical beasts were the inhabitants of this place.

"\_-" Chu Yuechan did not expect that in this place there would be a horde of magical beasts, what was the actually doing Magical Beast Horde in the stomach of a Giant Demon, were they all swallowed up by a giant demon or something.

"Hooo, so it turns out. There are also magical beasts living in this place, it's interesting. "Ye Chen was a little surprised when he saw that there were several magical beasts living in the Giant Demon's stomach.

These magical beasts are quite powerful because they can survive in the stomach of monsters like Giant Demons.

These magical beasts looked at Ye Chen, they all considered Ye Chen to be a very dangerous enemy.

In view of the aura which is owned by Magical Beast in this place, be can sure that the Magical Beast in this place have the power of darkness.

So when they saw the Heavenly Armor that wearing Ye Chen was, all of the Magical Beasts felt very threatened by Ye Chen's Heavenly Armor.

"Human how dare you enter my body, my pet can quickly kill this intruder" Giant Demon spoke to Ye Chen, he even ordered the Magical Beast who was inside to kill Ye Chen.

The Giant Demon really felt nauseous and sick when he felt the radiance emitted by the Heavenly Armor, this really made the Demon very uncomfortable.

"Oh, so this magical beast is your pet, then I will kill them all" Ye Chen wanted to kill all the magical beasts in this place.

The magical beasts who were in this place growled louder at Ye Chen, it seemed they all understood what Ye Chen had just said.

"Are you mad at me, if you are angry go ahead" Ye Chen challenged all the magical beasts that were in this place.

When Ye Chen just finished his words, all the Magical Beasts who were in this place immediately rushed towards Ye Chen, they looked like they wanted to attack and kill Ye Chen.

Ye Chen smiled when he saw this, it seems like it will be easier than he thought.

The magical beasts in this place were quite stupid, they were easily provoked by Ye Chen's fiery words.

The Magical Beast horde that was in this place immediately headed towards Ye Chen, they all intended to gang up on Ye Chen.

### **Chapter 852 - Defeat Giant Demon**

"BAM.. . , BAM.. . , BAM.. . , BAM.. . , BAM.. . , BAM.. . , "All of the Magical Beasts simultaneously attacked Ye Chen with their full strength.

when all the Magical Beasts attacked Ye Chen, they were instead the party that was knocked back.

"Hahaha" Ye Chen laughed when he saw the magical beast attacking him bounce off like that, it was so funny to be a spectacle.

All of the Magical Beasts started shaking their heads, they all felt dizzy after receiving the blow just now.

Almost all of the Magical Beasts didn't know what had just happened, suddenly when they attacked Ye Chen, they were all blown away by an extremely terrifying force.

"Is that all you have, if that's all you have, then forget about defeating me" Ye Chen said to all the magical beasts in front of him.

The Magical Beast felt very angry when they heard Ye Chen's words, they all tried to attack Ye Chen again.

"BAM... , BAM... , BAM... , BAM... , BAM... , BAM... , "All the magical beasts tried to attack Ye Chen.

Again, the Magical Beast that tried to attack Ye Chen was blown away, they bounced back while trying to attack Ye Chen.

"You idiots, what are you doing, hurry and kill this guy." The Giant Demon ordered all the Magical Beasts in his stomach to immediately kill Ye Chen.

He actually felt an extremely uncomfortable feeling from the Heavenly Armor Ye Chen wore.

All Magical Beasts started to step back step by step, they no longer dared to attack Ye Chen, it can be seen that they were all scared by what Ye Chen had just done.

they all disobeyed even orders from their masters.

"So you don't dare attack me anymore? If you don't dare to attack me anymore, then let me attack you." Seeing that the Magical Beast didn't want to attack him, Ye Chen decided to attack the Magical Beast.

When Ye Chen had just started attacking, all of the existing magical beasts began to scatter away, they all tried to avoid Ye Chen.

Ye Chen didn't let the Magical Beasts run away so easily, he started chasing after all the Magical Beasts trying to escape.

Ye Chen was seen playing romp with the Magical Beast in the Giant Demon's stomach.

With Ye Chen's speed, the Magical Beasts had absolutely no chance of escaping, they were all easily killed by Ye Chen.

"BAM... , BAM... , BAM... , BAM... , BAM... , "Ye Chen hit one by one the Magical Beasts that he managed to chase, one punch from Ye Chen was strong enough to kill all the magical beasts in this place.

In just a few minutes, Ye Chen had killed all the magical beasts around this place, he quickly got rid of all the annoying Magical Beasts.

"Finally finished, it's time to take care of this Giant Demon." After finishing eradicating the Magical Beasts living in this place, it was time for Ye Chen to take care of the Giant Demon.

Ye Chen will definitely make the Giant Demon feel great pain before being annihilated.

Ye Chen started hitting the cave wall that was in this place, the belly of the giant demon really looked like a rock.

No wonder the Giant Demon's skin was very hard, the inside of its body just looked like a rock.

"BAM... ", Ye Chen hit the Giant Demon's stomach wall

'Arghh.. . "The Giant Demon roared in pain when the stomach wall was hit by Ye Chen using the assistance of the Heavenly Armor.

Needless to say, Ye Chen's strength rose quite a lot when he fully used the Heavenly Armor.

So Ye Chen's punch was truly so powerful that the Giant Demon felt excruciating pain.

It didn't stop there, Ye Chen hit the Giant Demon's stomach wall again, Ye Chen did a continuous punch on the Giant Demon's stomach wall.

The Giant Demon roared in pain, this roar could be heard thousands of Mill away.

No one could tell what a Giant Demon was currently feeling, the pain that a Giant Demon was feeling really couldn't be described in words.

After satisfied beating up the Giant Demon, Ye Chen started to summon the Divine Yin Yang Sword that he had.

"Time to end this all" Ye Chen decided to end it all, it was time to kill the Giant Demon.

Ye Chen started to use his Divine Yin Yang Sword to cut down the Giant Demon's stomach wall, this time Ye Chen very easily broke through the Giant Demon's skin.

"Arghh, you bastard, watch out you." The Giant Demon started to roar with a louder voice than before, it could be seen that the current Giant Demon was feeling unbearable pain.

Ye Chen didn't really care about the screams that came from the Giant Demon, he kept slashing and stabbing the Giant Demon's stomach wall.

A pain that was far more terrifying than before was felt by the Giant Demon, the Giant Demon grabbed his stomach which was injured by the attack from the Divine Yin Yang Sword.

The Giant Demon started to try to hit its own stomach, He trying to crush Ye Chen from the outside.

Unfortunately what the Giant Demon was doing was fruitless, instead the Giant Demon's wounds were getting worse.

"You stupid Demon" Ye Chen immediately labeled the Giant Demon as a fool, how could a Giant Demon injure himself like this, this thing was really too stupid to do.

The Giant Demon was quite stubborn, even though Ye Chen had injured him very badly, the Giant Demon still didn't show any signs of defeat.

It could be seen that the Giant Demon was still able to withstand the pain caused by Ye Chen's attack.

"You are so stubborn, you better go back to where you should be." Ye Chen told the Giant Demon to return to where he should have been.

Ye Chen opened the Water Veins he had, after opening the Water Veins, Ye Chen began to infuse his Profound Energy into the 10 wings on his back.

The 10 golden wings on Ye Chen's back started to give off an extremely dazzling light.

With the help of the Sage God Water Veins, Ye Chen can use his profound energy at will without worrying about running out.

This bright light illuminates all corners around the Giant Demon's stomach.

"What is this?" The body of the Giant Demon started to glow like an incandescent light bulb, when his body glowed, Giant Demon felt like he was melting.

"What happened to my body, why did my body melt?" for the first time the Giant Demon felt a sense of panic that scared him.

Little by little the Giant Demon's body began to melt like a candle heated to an extremely high temperature.

"No way, this can't be happening" Giant Demon started screaming hysterically when he saw his body start to melt, he could not believe what was happening to him.

"Not... , this can't be happening, this king can't possibly lose." The Giant Demon started screaming hoarsely, the Giant Demon's body had completely melted away and was devoured by the magma which is underneath its body.

After the Giant Demon completely returned to the ground, the ground that was under Ye Chen began to close again, the fiery red magma began to disappear and was replaced by rock debris scattered all over the place.

After defeating the Giant Demon, Ye Chen immediately withdrew his Profound Energy, he immediately released the Heavenly Armor from his body.

"It's finally over." Ye Chen felt very relieved when he found out that the Giant Demon had been defeated, now the problem has really been completely resolved.

### **Chapter 853 - The War Is Over**

The chaos caused by the Giant Demons was extremely terrifying, the several hundred miles around this place were completely leveled to the ground.

"Master, why are there so many demons hiding on this planet, what kind of secret does this planet actually have." Chu Yuechan said to Ye Chen.

Chu Yuechan herself could not understand why there were so many demons sealed in this place, things like this didn't often happen just anywhere.

This is the second time Ye Chen has met a demon with a very high rank, according to Chu Yuechan, this is very, very absurd.

"Yes, you are absolutely right, it is quite strange when I met several demons recently." Ye Chen felt the same way as Chu Yuechan, this time he had met demons that were sealed twice in a row, this was something that was very rare to find

"Yuechan, haven't you been on this earth long enough, don't you know anything about this matter?" Ye Chen asked if Chu Yuechan didn't know about this matter.

According to Ye Chen, the fairy gate should have been on this Planet quite a while, so Chu Yuechan should know something about this matter.

"Even though the fairy gate has been on this planet for a long time, I don't know anything about your planet, I have always been inside gate fairy , so how could I possibly know about such a thing." Chu Yuechan told Ye Chen that he didn't know about this issue.

During this time Chu Yuechan had been constantly inside the fairy gate, so even though the fairy gate had been on earth for a long time, basically Chu Yuechan didn't know anything about this planet.

"Master, the planet where you live is really very strange, it seems like a lot of secrets are stored on this planet." Chu Yuechan felt that there were a lot of secrets stored on Planet Earth.

"What do you mean?" Ye Chen asked Chu Yuechan.

"I mean, the earth where you live has a very complex history, just imagine on this earth stored various kinds of things that are very valuable and difficult to find."

"For example, the Heavenly Armor, Divine Yin Yang Sword and some very valuable inheritance left in this place, you will not be able to find them even if you look for them in high ranking stars in God Realm" Chu Yuechan told Ye Chen about Some valuable items and inheritance that Ye Chen would not be able to find even if he searched the God Realm.

Ye Chen started to think about the words that Chu Yuechan just said, what Chu Yuechan said had a point too.

There are indeed so many treasures and inheritances that are very valuable on earth, this thing will really be very difficult to find even if you are in the God Realm.

Ye Chen began to wonder if on earth there were still many hidden treasures and legacies waiting to be exposed.

"Husband" When Ye Chen and Chu Yuechan were discussing planet Earth, suddenly Zhao Yanyan, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin and Ye Xiu came.

They all immediately went to Ye Chen's side, all of them looking worried about Ye Chen.

"Husband, are you okay" Everyone immediately asked Ye Chen they all wanted to know if Ye Chen was okay after fighting the Giant Demon alone.

Ye Chen was touched by the attention given by all his women, he was lucky enough to get the attention of Zhao Yanyan, Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin and Ye Xiu.

All the men in this world will definitely be very jealous of what Ye Chen is currently getting, Ye Chen gets the attention of peerless beautiful women, all men must dream of this in their dreams.

"You all calm down, I'm fine, you don't need to worry" Ye Chen said that he was fine, he was completely unharmed when dealing with a Giant Demon, it's just that Ye Chen was a little tired due to using the Sage God Veins in quite a long time.

"Ye Chen, how did you beat that Demon?" Nangong Xiang wanted to know how Ye Chen defeated the Giant Demon, she wanted to hear this directly from Ye Chen.

Ye Chen began to tell all the women how he defeated the Giant Demon, in his story Ye Chen hid a little about the existence of the Heavenly Armor.

.  
. .

"I'm tired, let's get out of this place." Ye Chen felt quite tired, he wanted to rest and recover immediately.

"Alright, let's go back to the royal capital." Seeing Ye Chen's slightly exhausted condition, Zhao Yanyan decided to bring Ye Chen back to the royal capital, where Ye Chen could quickly recover.

All the women immediately agreed with what Zhao Yanyan said, it's better that Ye Chen should immediately be brought back to the royal capital to rest, there is no one there to bother Ye Chen.

Zhao Yanyan decided to go and bring Ye Chen back to the capital, meanwhile Nangong Xiang, Nanhua Caiyi, Zhang Shiyun, Xue Suyin and Ye Xiu remained in this place to clean up the mess.

they had to give a cultivator the command to clear this place, there was no way they would leave a place full of corpses scattered all over the place.

the war is over, the dead deserve a proper burial.

The women felt sorry for the disciples from the Gates of Eternity Sect that their own ancestors had to sacrifice.

Whereas initially, the women wanted to catch and secure these people, unexpectedly they would be made a sacrifice to free the Demon, this is something that is not imagined by everyone.

Cultivators from the royal family and the Spring Palace began to work together to clean up this place.

Apart from cultivators from the royal family and the Spring Palace, Zhang Shiyun Called her soldiers here, she needed these people to help clean up this place.

With the cooperation of so many cultivators at once, they should be very quick to clean up the chaos in this place.

.  
. .

We turn to the mortal world that is near Ye Chen's villa.

"Oh so this is the place where the woman we supervise lives, so interesting." Nie Nuren said to Yu Ting who was next to her.

"Master, looks like this is Ye Chen's villa." Yu Ting told Nie Nuren that this is likely Ye Chen's villa.

"Ye Chen ?, oh isn't that the man who has hurt you, I didn't expect him to have a place with such a complex and intricate of array like this, it seems that man is a cultivator who is quite a genius", after seeing the array in around This villa, Nie Nuren can conclude that Ye Chen is quite a genius.

Here Nie Nuren looked at several arrays she had never seen in this lifetime.

"Master, that man is indeed the person who has hurt me, I want to take revenge over and over again, it's a shame that all the efforts I have put in are useless." Yu Ting told Nie Nuren that all the effort she had used to deal with Ye Chen failed.

None of Yu Ting's attempts were successful when she wanted to deal with Ye Chen.

"It's not strange if you fail to deal with this man named Ye Chen, it looks like he is a very smart guy, I like to play around with smart men like this, you leave everything to your teacher, I'll take care of this man", Nie Nuren quite likes dealing with smart men, she likes to step on the self-esteem of smart men like Ye Chen.

#### **Chapter 854 - Yu Ting And Nie Nuren Started Their Action**

"Thank you so much that Master is willing to help me." Yu Ting was really happy when she heard that Nie Nuren was willing to help her take care of Ye Chen, this made Yu Ting's business easier.

Yu Ting felt herself taking down two birds using one stone, apart from taking revenge on Lin Rouxi, Yu Ting could also take revenge on Ye Chen.

This was something that Yu Ting had hoped for a long time ago.

Finally, now that she had her chance to take revenge on Ye Chen, Nie Nuren would soon make Ye Chen like a tramp who would beg for forgiveness from herself.

"Okay, then let's catch the woman named Lin Rouxi first, we can make that woman hostage for us." Nie Nuren was already planning to kidnap Lin Rouxi.

Nie Nuren intended to use Lin Rouxi as a hostage to lure Ye Chen to fall into the abyss of despair.

After observing Lin Rouxi for several days, Nie Nuren had come to a conclusion of hers, the relationship between this woman and the man named Ye Che must be very close, it could be seen from Lin Rouxi who often said Ye Chen's name when she was alone.

"Okay." Yu Ting immediately nodded at Nie Nuren, she agreeing with what Nie Nuren said, they could use Lin Rouxi as a hostage, so they both didn't have to bother dealing with Ye Chen.

Nie Nuren is truly a woman who is very careful in taking actions, she has thought things through very carefully.

Yu Ting and Nie Nuren immediately broke into the Array around Ye Chen's villa.

With Nie Nuren's cultivation base, Nie Nuren had a little trouble breaking through the Array around the Villa.

"It really is so troublesome." Nie Nuren felt a slight inconvenience as she tried to break through this Array.

This array was deliberately created by Ye Chen to deter intruders, when Nie Nuren entered, Nie Nuren was automatically detected as an enemy.

Several beauties came out when they sensed the Array around the villa was active.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin immediately came out to see what was going on, when they all came out, they found two women who had infiltrated the villa.

"Who are you?" Liu Yue immediately asked who these two women were, he wanted to know who the two mysterious women dared to infiltrate their place.

Yu Ting and Nie Nuren happened to be wearing a robe, so the identities of the two were vague.

"Fufufufu, it looks like we were caught very easily, it seems that there are several beautiful women with strong cultivation who live in this villa." Nie Nuren laughed when she saw herself being found by the woman who lived in this villa.

After entering the territory of Ye Chen's Villa, Nie Nuren realized that in this villa there were a lot of cultivators with a fairly high cultivation base, Nie Nuren began to think that this villa was a base for a hidden sect in the mortal world.

Nie Nuren began to see one by one the beautiful women in front of her, the beauty of these women was truly does not make sense, Nie Nuren even had to admit that she was at a level far from Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

Nie Nuren had to admit that she was a little jealous when she saw the beauty that Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin had.

"I asked once again, who you are, and what do you want to infiltrate this place." Liu Yue asked Yu Ting and Nie Nuren again.

Liu Yue still had her patience, so she did not immediately attack Yu Ting and Nie Nuren who were in front of her.

In addition, Liu Yue felt a very dangerous feeling from one of the two mysterious people who had sneaked into the villa's territory.

Liu Yue's instinct told her that Nie Nuren was a very dangerous woman.

Liu Yue tried to be careful when dealing with these two intruders, she didn't want to be too hasty in taking an action, this could harm to her and the sisters around her.

"You don't need to know who I am, I only have business with one of you." Nie Nuren refused to reveal her identity to Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

She didn't want to expose herself so quickly in front of her enemies, it would be more fun if she act mysteriously in front of her enemies.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin started to raise their brows, they were really very dissatisfied with the answer that came from Nie Nuren.

"Thief, we will arrest and interrogate you." Su Mengxin was very dissatisfied when she heard Nie Nuren's words.

Apart from daring to barge into the villa, this woman acted extremely arrogant in front of all of them, this made the women very annoyed with Nie Nuren and Yu Ting.

"Are you sure you can catch me, why don't you try it, fufufu." Nie Nuren laughed when she heard what Su Mengxin had just said.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin were becoming more and more annoyed by Nie Nuren's arrogance, this woman was really very arrogant.

On the other side, Yu Ting was currently just silent, she did not expect that in this house there would be several women with extraordinary beauty living in this villa, these women clearly had a beauty that far exceeded her and her master.

"What the hell, why are there so many beautiful women living in Ye Chen's villa, are they all Ye Chen's women?" Yu Ting really couldn't understand Ye Chen, how could Ye Chen have so many beautiful women inside in one time like this.

In addition, Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin were such amazing beauties, they could be described as goddesses who descended from the sky into this world.

"Everyone, let's work together to fight this woman, I feel that this woman is very strong and very dangerous." Liu Yue invited Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin to work together against Nie Nuren.

Liu Yue felt that it would be difficult for them to win against Nie Nuren if they didn't cooperate.

Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin nodded at Liu Yue, they really had to work together to win against Nie Nuren.

"Go ahead, I want to see what kind of abilities you all have, whether you guys really have an ability or just a pretty useless vase" Nie Nuren challenged Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

Nie Nuren didn't even hesitate to insult Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin as useless flower vases.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin didn't immediately get angry when they heard Nie Nuren's words.

All of them wouldn't get caught up in the provocation that Nie Nuren was doing.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin already realized that Nie Nuren was provoking them all into anger and losing the control they had.

## **Chapter 855 - Against Nie Nuren**

If that happened, it would be a loss for Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

Nie Nuren slightly raised her eyebrows when she saw that Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin were not provoked by her words, it was obvious that these women were very clever.

It seemed that she couldn't provoke Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin with her words.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin were smarter than Nie Nuren thought.

Liu Yue was the first woman to decide to attack Nie Nuren, right behind Liu Yue were Ling Yin and Mu Lanyin who intended to help Liu Yue who was attacking Nie Nuren.

Nie Nuren did not remain silent when she saw what Liu Yue, Mu Lanyin and Ling Yin were trying to do.

Nie Nuren created a wind barrier around herself, this wind barrier aimed to ward off the arrivals of Liu Yue, Mu Lanyin, and Ling Yin.

"Blue Moon Shadow blink." Liu Yue used her technique Blue Moon Shadow blink, when Liu Yue used this technique, she was immediately behind Nie Nuren's body.

Liu Yue did not waste the opportunity she had, she immediately slashed Nie Nuren's back using the blue jade sword in her hand.

"Slash.. .". The blue jade Sword slashed through Nie Nuren's back.

Nie Nuren was completely unaware of Liu Yue who was already behind her body, Liu Yue moved without being detected by Nie Nuren.

Nie Nuren's robe was immediately cut by Liu Yue's blue jade sword, Liu Yue's attack could only slightly scratch Nie Nuren's body.

"How is she already behind me?" Nie Nuren really didn't understand how Liu Yue had gotten behind her so quickly.

Liu Yue had even broken through the wind barrier she created with the greatest of ease.

"How dare you stab me in the back, I'll make you regret it." Nie Nuren was quite angry with what Liu Yue had just done.

Liu Yue actually dared to stab herself in the back in a way that even Nie Nuren didn't know.

Nie Nuren started to raise her palms, She intending to pat Liu Yue who was behind her body.

"Blue Moon Shadow blink." Liu Yue again used the Blue Moon Shadow blink to move to a place that was safer from Nie Nuren's attack range.

"BAM". Nie Nuren's attack succeeded in hitting the shadows created by the Blue Moon Shadow blink technique.

Nie Nuren really didn't realize that what she just attacked was just a shadow substitute that Liu Yue had, she was very sure that her attack hit Liu Yue.

While Liu Yue distracted Nie Nuren's own attention, this was a good opportunity for Mu Lanyin and Ling Yin to attack Nie Nuren.

"Ice phoenix explosion" Mu Lanyin made an ice statue that resembled an ice phoenix.

The Ice Phoenix statue made by Mu Lanyin looked like it had a life of its own, this Ice Phoenix statue immediately headed towards Nie Nuren who was focused on Liu Yue.

"Boom" when the Ice Phoenix statue hit Nie Nuren, there was an extremely powerful ice explosion, this explosion froze the area around the villa frozen into ice.

Nie Nuren's body was covered in ice, Nie Nuren looked like a human statue exquisitely carved by Mu Lanyin.

While Nie Nuren was trapped in the Ice, Ling Yin took this opportunity to attack Nie Nuren.

"Shadow Dance" Ling Yin started to use her butterfly knife to stab Nie Nuren.

Ling Yin didn't hold back at all, she was using the full strength she could use.

Ling Yin hopes that her attack can kill Nie Nuren who is in front of her.

"Jlub. .." Ling Yin managed to stab Nie Nuren in a very perfect way.

"Crack" when Ling Yin managed to stab Nie Nuren, the ice covering Nie Nuren's body started to crack and break into pieces.

It could be seen that Nie Nuren's body was only slightly scratched by the combined attack Liu Yue, Mu Lanyin and Ling Yin had just carried out.

"You guys really are so annoying." Nie Nuren was already starting to lose the patience she had, she couldn't believe that Liu Yue, Mu Lanyin's and Ling Yin attacks could scratch her.

Even though the difference in their strength was so far away, it should be that the attacks from Liu Yue, Mu Lanyin and Ling Yin couldn't hurt her.

Perhaps the difference in strength between Liu Yue, Mu Lanyin and Ling Yin was quite large when compared to Nie Nuren, but the cultivation techniques they learned were of a much higher level than Nie Nuren's, so Liu Yue and Mu Lanyin still had resistance. when fighting Nie Nuren.

"Our attacks can only scratch her, it looks like this woman is much stronger than we imagine", Liu Yue's guess was correct, Nie Nuren is indeed a fairly strong cultivator.

Nie Nuren started rushing towards Liu Yue, Mu Lanyin and Ling Yin, intending to attack Liu Yue, Mu Lanyin and Ling Yin.

When Nie Nuren intended to attack Liu Yue, Mu Lanyin and Ling Yin, suddenly around Nie Nuren's body, springs appeared that gushed very profusely.

This spring immediately enveloped Nie Nuren's body, now Nie Nuren is trapped in a water prison.

Lin Rouxi directly sealed Nie Nuren's movements using her technique Ocean Prison, now Nie Nuren's movements will be limited while in this seawater prison.

Nie Nuren felt a little difficult when she was inside the water prison created by Lin Rouxi, the pressure inside this water prison was immense.

If ordinary humans were confined within Lin Rouxi's water prison, it was certain that their bodies would instantly shatter and crumble.

Luckily, Nie Nuren had such a high level of cultivation, so the pressure in the water didn't really risk her life.

Nie Nuren intends to use her wind power to get rid of the water enveloping her.

As Nie Nuren wanted to get rid of the water around herself, Nie Nuren felt her consciousness become a little blurry.

Nie Nuren felt that she was about to lose consciousness.

This was Qing Cheng's doing, Qing Cheng used her inheritance from her purple butterfly to control Nie Nuren's mind.

Thanks to the frequent training she did, Qing Chen was able to use her inherited purple butterfly very freely.

As long as the other party has a weak and careless mind, then Qing Cheng can immediately step in and control the thoughts of the opposing party.

Too bad Nie Nuren's mind was strong enough, Qing Cheng had a little trouble controlling the thoughts that this woman had.

What Qing Cheng could do right now was only to make Nie Nuren weak and helpless, so she could create a situation where other women could freely attack Nie Nuren.

Su Mengxin, Liu Yue, Mu Lanyin and Ling Yin took advantage of the gap created by Lin Rouxi and Qing Cheng.

They all worked together to attack Nie Nuren using their full strength.

" Rain Goddess Flower petals"

" Blue Moon Light"

"Ice phoenix explosion"

"hurricane vortex"

Su Mengxin, Liu Yue, Mu Lanyin and Ling Yin used their full strength in this technique.

### **Chapter 856 - Dangerous Poison (1)**

"Boom", the attacks made by Su Mengxin, Liu Yue, Mu Lanyin and Ling Yin hit Nie Nuren very precisely.

Yu Ting who was near Nie Nuren was blown away when she received the blast wave that came from the technique released by Su Mengxin, Liu Yue, Mu Lanyin and Ling Yin.

"master" Yu Ting's immediately shouted Nie Nuren's name, she was quite worried that Nie Nuren would be defeated by these beautiful women who appeared.

If Nie Nuren lost, then Yu Ting would no longer have the support to deal with Ye Chen and Lin Rouxi.

Yu Ting didn't want this to happen, she really hoped that Nie Nuren could survive and win against Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

"Did we succeed?" Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin began to wonder whether the attack they had just taken overcame Nie Nuren or not.

Because the smoke from the explosion enveloped the bodies of Nie Nuren, Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin, they couldn't see whether Nie Nuren had lost or not.

They all had to wait for the smoke to completely dissipate to find out whether Nie Nuren had lost or not.

The smoke gradually started to dissipate, as the smoke started to dissipate, Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin could see the shadow of a person standing in the middle of the smoke.

Nie Nuren didn't seem defeated even after taking the combined attack they all put up with.

Right now the clothes Nie Nuren wore were completely smashed to pieces, it could be said that Nie Nuren was currently naked, plus Nie Nuren's hair was disheveled due to the strong impact caused by Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin's combined attack.

Seeing that her master was fine, Yu Ting felt very relieved, it seemed that she didn't have to worry about failure, her master was too strong, Ye Chen's women would not be able to beat her master.

When the clothes she was wearing shattered to pieces, Nie Nuren didn't immediately pick up a new set of clothes, Nie Nuren looked very relaxed as she exposed her naked body.

Nie Nuren really didn't expect that the combined attacks carried out by Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin would be this great.

"What the heck, why do I feel weak in front of these women, is there something wrong here?" Nie Nuren felt that something was wrong with her, she felt very weak when faced with attacks by Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

Even though the difference in their strength was quite high, it should be that with this difference in strength, Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin couldn't do anything to her.

Nie Nuren began to look at the arrays around this place, it seems that the arrays around this place are the cause of Nie Nuren's strength to become weaker.

"I see, it turns out that it's because of the Array's effect that they are here, and they're all very strong." Nie Nuren finally came up with a good conclusion to this matter.

Most likely the reason she had become weak was because she was in this array.

Nie Nuren must destroy the Array around this place, so that he can freely fight against these beautiful women.

"It didn't work, this Sexy woman is really very strong," said Liu Yue to all the women next to her.

Seeing that their combined attacks were unsuccessful, all the women were extremely disappointed.

"Sister Yue, we'd better use the Array Formation left by the husband, it seems like the only way we have to fight this woman." Su Mengxin said to Liu Yue was to use the defensive Array Formation left by Ye Chen for them.

With that Array formation they had the chance to win against Nie Nuren.

"Do we need to use that thing?" Liu Yue asked Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin, she wanted to know if they should use the defensive array right now for against Nie Nuren.

"I agree with what sister Mengxin said, we should use the Array power left by the husband." All the women agreed with what Su Mengxin said, they wouldn't be able to win if it continued like this.

Nie Nuren was so powerful that even the combined attacks they launched couldn't have much impact on Nie Nuren.

If they continued fighting in this manner, sooner or later they would definitely lose to Nie Nuren's hands.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin started to activate the Array formations that were in this place, each of them controlling a single array formation.

Nie Nuren, who wanted to attack the Array Formation, immediately stopped in place, feeling a terrifying pressure around herself.

"What happened?" Nie Nuren was a little confused by what was going on, suddenly a terrifying pressure pressed down on her body.

Apart from that there were several Fireball, Ice Ball and several flying swords strikes that were heading towards Nie Nuren.

Due to the pressure pressing down on her body, Nie Nuren couldn't avoid the attacks that were heading her way.

"Boom.. ., Boom.. ., Boom.. ., Boom.. ., Slash.. ." Nie Nuren's body was hit by the incessant attack.

The attack this time had an enormous impact on Nie Nuren, Nie Nuren's body was severely injured by the attack launched by the Array.

"Uh, bastard." Nie Nuren had to endure the pain in her body, parts of her body were partially blistered by the attack just now.

Nie Nuren rose from the ground, staring herself at Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin with a very powerful murderous gaze.

The current Nie Nuren is really furious at Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

"All of you are the first women who can put me in this state, you must pay for what you have done." Nie Nuren said to Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

These women must pay for what they have done to her.

Nie Nuren started to take something from her storage room ring, Nie Nuren took out a bottle that contained a black liquid that was thick and looked terrible.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin were confused by what Nie Nuren wanted, they started to wonder what Nie Nuren was trying to do right now.

Nie Nuren started to open the lid of the bottle which was filled with a black liquid which looked terrible, she used her wind power to throw the liquid that was stored in the bottle.

"Everyone be careful." Ling Yin immediately rushed in front of everyone, himself creating a special barrier to hold back the liquid that Nie Nuren had just thrown out.

The liquid that Nie Nuren had just thrown so easily broke through the barrier created by Ling Yin, this liquid directly hit Ling Yin's body.

Ling Yin's body which was hit by the black liquid instantly turned a little dark, a moment later Ling Yin felt weak and very helpless.

### **Chapter 857 - Dangerous Poison (2)**

"Sister Yin" several women shouted when they saw Ling Yin fall down after being hit by the black liquid just now.

Su Mengxin, Lin Rouxi and Qing Cheng intended to help Ling Yin who had just fallen.

"Wait a minute, don't touch her." Liu Yue immediately stopped Su Mengxin, Lin Rouxi and Qing Cheng from touching Ling Yin.

Su Mengxin Lin Rouxi and Qing Cheng immediately stopped on the spot. " Sister Yue why are you stopping us? " Su Mengxin, Lin Rouxi and Qing Cheng asked Liu Yue who suddenly stopped them from seeing Ling Yin's condition.

"If you touch sister Yin now, then you will be contaminated by that poison." Liu Yue said to Su Mengxin, Lin Rouxi and Qing Cheng.

Liu Yue had already realized that the black liquid that Nie Nuren had just used was an extremely dangerous poison.

After listening to the explanations that came from Liu Yue, Su Mengxin, Lin Rouxi and Qing Cheng finally understood why Liu Yue had stopped them.

If they touch Ling Yin now, then they will also be contaminated by the poison that Ling Yin possesses.

"You are a very smart woman, I think I have to get rid of you first." Nie Nuren saw that Liu Yue was a very smart woman, a woman like Liu Yue was a very troublesome thing for Niu Nuren.

That's why Nie Nuren intended to defeat Liu Yue first.

Nie Nuren again raised the bottle in her hand, intending to shoot the black liquid that was in the bottle at Liu Yue.

When Nie Nuren intended to shoot the poison that was in the bottle at Liu Yue, suddenly a fire arrow shattered the bottle in her hand.

The bottle that was in her hand broke and hit at Nie Nuren's hand.

"Arggh." Nie Nuren shouted, as the poison liquid hit her hand.

Nie Nuren's hand instantly turned black when it was hit by the poison liquid.

The poison quickly spread, the poison began to spread throughout Nie Nuren's hands, in an instant Nie Nuren's body was full of poison.

Fu Lanling descended from the sky, she descended right in front of Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

"Are you all right?" Fu Lanling asked about the circumstances of Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Ling Yin.

"Sister Lanling, this is very bad, Sister Yin was exposed to a very dangerous poison." Liu Yue immediately explained to Fu Lanling what had happened.

Fu Lanling immediately saw Ling Yin's state, she found that Ling Yin's body had turned black in several places.

Fu Lanling immediately took an action, she immediately stopped Ling Yin's blood flow so that the poison would not spread quickly.

When Fu Lanling touched Ling Yin's body, she found that the poison in Ling Yin's body was trying to enter her.

Seeing this, Fu Lanling immediately stopped the flow of blood in her hands.

Fu Lanling has absolutely no idea what kind of poison Nie Nuren used to poison Ling Yin, the poison that Nie Nuren used was very strange and had never been seen by Fu Lanling.

Fu Lanling immediately turned her attention towards Nie Nuren, when Fu Lanling turned her attention towards Nie Nuren, she saw that Nie Nuren's body had completely turned black.

Just like Ling Yin, Nie Nuren also fell to the ground and was unconscious.

Nie Nuren was far worse than Ling Yin, herself being exposed to more poison than Ling Yin had.

Yu Ting was very scared when she saw the condition of her master like this, her master looked like she was dying and was at the edge of death.

"It's bad that I have to leave this place", feeling that Nie Nuren couldn't do much, Yu Ting decided to immediately leave this place.

Her great master was already in a terrible state, if Yu Ting continued to be in this place, then she would likely be judged by Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng and Fu Lanling.

"Where are you going, after injuring one of us, you want to go like that" Seeing Yu Ting wanting to run away from this place, Fu Lanling immediately went to stop Yu Ting.

Fu Lanling only needed to use her own pressure to knock Yu Ting out, because Fu Lanling had just entered the entry level of the Divine Nascent Realm, the pressure Fu Lanling had could easily knock Yu Ting unconscious.

Nie Nuren is currently in a bad state due to the poison, meanwhile Yu Ting is now unconscious.

"Sister Lanling ,how is sister Yin condition, can she still be saved?" Su Mengxin asked Ling Yin's state.

As the person closest to Ling Yin, Su Mengxin was very worried about Ling Yin's situation.

"Her condition is quite bad, I don't know what kind of poison that woman used, for sure that woman's poison is very dangerous and very contagious, you all don't want to touch Sister Yin body." Fu Lanling told Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng about the dangers of poison suffered by Ling Yin.

"Then what should we do now, if we don't do something, Sister Yin's life could be threatened." Su Mengxin was quite confused about what to do in a situation like this, she didn't know what to do to heal Ling Yin.

If even Fu Lanling couldn't do anything to the current state of Ling Yin, then what power could Su Mengxin have even less knowledge than Fu Lanling.

"I will immediately look for husband and Master, they might know a way to solve this problem." Fu Lanling decided to immediately look for Ye Chen and Nangong Xiang.

The two of them just might know a way to heal Ling Yin.

"Sister Lanling, husband is currently in the Kunlun Holy Land, you can search there." Liu Yue told Fu Lanling about Ye Chen's current whereabouts.

"Fine I understand, I'll be right there." Fu Lanling didn't dare delay, she immediately went towards the Kunlun Holy Land with the full speed she had.

Liu Yue, Su Mengxin, Lin Rouxi, Mu Lanyin, Qing Cheng could only see Fu Lanling's departure, they all hoped that Fu Lanling would return to this place as soon as possible.

"What should we do with these two people." Qing Cheng wanted to know what to do with Yu Ting and Nie Nuren.

"Let's see who the other intruder is." Lin Rouxi was very curious about the identity of the other intruder.

Lin Rouxi immediately went towards Yu Ting, she started to open the robe that Yu Ting was wearing.

When Lin Rouxi opened the robe that was wearing Yu Ting, he discovered that the woman in this robe was Yu Ting.

"This" Lin Rouxi was quite surprised when she saw that the person behind the robe was Yu Ting, it turned out that the mastermind behind all of this was Yu Ting, who was Ye Chen's ex-girlfriend.

Liu Yue, Su Mengxin started getting closer towards Lin Rouxi, the two of them wanted to know who the person Nie Nuren was with.

wasn't this Ye Chen's ex-girlfriend, so she was the one behind all of this

### **Chapter 858 - Linger, Why Are You Here?**

Liu Yue felt angry when she found out that the woman behind all this was Yu Ting.

Almost all the women in this place of course know about Yu Ting, they all know that Yu Ting is the woman who left Ye Chen when Ye Chen was in trouble.

This woman had really been looking for trouble with Ye Chen, this made all the women angry with Yu Ting.

If only Ye Chen had told them to ignore Yu Ting. Liu Yue, Su Mengxin, and Lin Rouxi must have packed Yu Ting a long time ago.

"This woman is really very wicked, even though Ye Chen has been kind and let her go many times." Lin Rouxi completely agreed with what Liu Yue had just said.

Yu Ting is truly a very wicked woman, a woman like Yu Ting is no longer worthy of being given the opportunity to repent.

"Is it necessary for me to freeze her in the Eternal Ice that I have?" Mu Lanyin came and said to Liu Yue, Su Mengxin and Lin Rouxi.

Mu Lanyin volunteered to use the Eternal Ice Technique to Seal Yu Ting up.

With the Eternal Ice technique, then Yu Ting will forever freeze without being able to melt unless someone deliberately frees her.

Liu Yue, Su Mengxin and Lin Rouxi looked at each other, they started to wonder if they should do something like that to Yu Ting.

After discussion for a while, Liu Yue, Su Mengxin and Lin Rouxi finally came to a decision.

They all agreed with what Mu Lanyin just said, they could seal Yu Ting in eternal ice, so Yu Ting would no longer be able to cause trouble for them.

If they let Yu Ting go again, Yu Ting would definitely continue and continue to look for unnecessary trouble, instead of repeating it, Liu Yue, Su Mengxin and Lin Rouxi decided to seal Yu Ting in a place far away and could not be found by anyone.

"Sister Lanyin, we all agree with what you just said, let's seal this woman in the Eternal Ice you have." Liu Yue said that they all agreed with what Mu Lanyin had just suggested.

Liu Yue, Su Mengxin, Lin Rouxi and Mu Lanyin began discussing the place where they should seal Yu Ting using immortal ice.

After a brief discussion, everyone finally agreed to seal Yu Ting in a remote place that was rarely visited by people.

The mountain was considered a good place for this, There wouldn't be anyone who would find Yu Ting's existence.

Liu Yue and Mu Lanyin went to a remote mountain not far from this city, the two of them carried Yu Ting's unconscious body.

While Su Mengxin, Lin Rouxi and Qing Cheng remained at the Villa, they both kept Ling Yin's condition from getting worse.

If Ling Yin's condition turned bad before Ye Chen's arrival, then it would be very dangerous for Ling Yin.

Returning to the Kunlun Holy Land to be precise in the Wu Clan Manor.

Ye Chen is currently lying on the bed with his eyes closed, it can be seen that Ye Chen is currently in the process of recovering from himself.

Next to Ye Chen was Zhao Yanyan who gave Ye Chen a lap for the headrest.

Zhao Yanyan's snow-white and soft thighs were used by Ye Chen as a substitute for a pillow.

Needless to say, the sensation of lying on Zhao Yanyan's lap was much more comfortable than a real pillow.

It has been several hours since Zhao Yanyan brought Ye Chen back to the capital, until now Ye Chen still hasn't fully recovered.

"Click" The door to the room where Ye Chen and Zhao Yanyan were opened very slowly, people from outside tried not to make a sound when they entered the room.

Seeing the door opened by someone, Zhao Yanyan immediately looked towards the entrance, when she looked towards the entrance Zhao Yanyan saw Nangong Xiang who was already standing in front of the entrance.

"Sister Xiang, what's wrong?" Zhao Yanyan asked about what happened to Nangong Xiang.

"I just want to see the situation of Ye Chen, is he getting better?" Nangong Xiang asked Zhao Yanyan.

"husband is just exhausted, taking a short break will make him fine." Zhao Yanyan told Nangong Xiang that Ye Chen needed a little rest for a while to recover.

Nangong Xiang nodded when she heard that Ye Chen was only a little tired, Nangong Xiang felt relieved when she found out about this.

Nangong Xiang walked towards Zhao Yanyan's side, she sitting right beside Zhao Yanyan.

Since there was nothing Nangong Xiang could do, Nangong Xiang decided to go back and accompany Zhao Yanyan to take care of Ye Chen.

At least this was what Nangong Xiang could do for now.

.  
. .  
.

"Bang.. ." this time the entrance to this room was opened quite loudly by someone.

Zhao Yanyan and Nangong Xiang were quite surprised by what had just happened.

"Master" from outside Fu Lanling burst inside, she immediately shouted the name of Nangong Xiang.

Zhao Yanyan and Nangong Xiang were shocked when they saw Fu Lanling in this place.

"Lanling ,why are you here?" Nangong Xiang asked why Fu Lanling was here.

"I came here because something bad happened" Fu Lanling told Zhao Yanyan and Nangong Xiang that something bad happened.

"Something bad?, What happened?" Zhao Yanyan immediately asked what was happening to Fu Lanling.

"That, sister Yin was poisoned by a very strange poison." Fu Lanling told Zhao Yanyan and Nangong Xiang about what had happened.

" What! ! ! " Zhao Yanyan and Nangong Xiang both shouted when they heard this news.

"How could that be?" Nangong Xiang asked Fu Lanling.

Fu Lanling started explaining what happened to Nangong Xiang and Zhao Yanyan, herself briefly explaining what had happened to Zhao Yanyan and Nangong Xiang.

Zhao Yanyan and Nangong Xiang listened to the explanation given by Fu Lanling, they didn't expect that something like that would happen.

The voices of Zhao Yanyan, Nangong Xiang and Fu Lanling were very loud, Ye Chen, who was resting, was immediately awakened by a loud sound created by Zhao Yanyan, Nangong Xiang and Fu Lanling.

Ye Chen woke up from his sleep, when Ye Chen just woke up from his sleep, Ye Chen started to look around this place,

When he looked around this place, Ye Chen found that there were two new women who were here.

One is Nangong Xiang and another is Fu Lanling.

"Linger, why are you here?" Seeing Fu Lanling was in this place, Ye Chen immediately asked what happened.

Fu Lanling didn't want to waste any more time, she told Ye Chen what happened.

"What? Ling Yin got poison? What kind of poison is it?" Ye Chen immediately asked about the poison that Ling Yin suffered.

"Husband, I don't know, the poison suffered sister Yin is really weird. I even got contaminated just from touching her." Fu Lanling started to show her hand that she had previously used to touch Ling Yin.

When Fu Lanling raised her hand, Ye Chen, Zhao Yanyan and Nangong Xiang could see Fu Lanling hand which was slightly black.

Ye Chen, Zhao Yanyan had absolutely no idea what kind of poison Fu Lanling was suffering from at this time

### **Chapter 859 - God Slaughter Poison**

"Linger let me see it." Ye Chen immediately got up from Zhao Yanyan's lap, he immediately went to see the state of Fu Lanling.

"Ye Chen, master. stop there." When Ye Chen wanted to see the state of Fu Lanling, Nangong Xiang and Chu Yuechan simultaneously tried to stop Ye Chen.

"What is wrong?" Ye Chen immediately asked Nangong Xiang and Chu Yuechan who stopped him.

"Ye Chen, it is a poison called God Slaughter poison." It is a poison that is very dangerous and very deadly if you touch it just a little bit. "Nangong Xiang said to Ye Chen that the poison in Fu Lanling's hands was a type of poison that was very deadly.

"What!!!" Ye Chen was shocked when he heard what Nangong Xiang had just said, he had just found out about such poison.

"Xiang, what kind of God Slaughter poison" Ye Chen wanted to know about the God Slaughter poison that Nangong Xiang had just talked about.

"Ye Chen is a very dangerous poison left behind during the era of the gods, this poison is even said to be able to kill a god." Nangong Xiang began to tell Ye Chen about God Slaughter poison.

Ye Chen was dumbfounded when he heard what Nangong Xiang had just said, not expecting Fu Lanling to be hit by something so dangerous like this.

"Then how to cure it" Ye Chen asked a way to cure the God Slaughter poison that was in Fu Lanling's body.

Nangong Xiang seemed silent when she heard Ye Chen's question, Nangong Xiang didn't know how to answer Ye Chen's question.

Ye Chen saw the awkwardness shown by Nangong Xiang, it was seen that Nangong Xiang did not know how to cure God Slaughter poison.

"Master, you better bring Sister Lanling into the fairy gate as soon as possible, I will help her suppress the poison, if it is not treated immediately it will be very dangerous." Chu Yuechan spoke to Ye Chen in a quite serious tone, he immediately told Ye Chen to brought Fu Lanling inside the fairy gate.

"Very well, I understand." Ye Chen immediately did what Chu Yuechan said, he had to bring Fu Lanling into the fairy gate.

"Linger, let's enter the fairy gate immediately." Ye Chen invited Fu Lanling to enter the fairy gate, over there Chu Yuechan had a way to deal with this.

"Husband, you better go see Sister Yin condition, her current condition is much worse than mine." Fu Lanling told Ye Chen to take a closer look at Ling Yin's condition, Ling Yin's condition was much worse than hers right now.

"I understand, I will come back soon and see the condition of Ling Yin, Yanyan please bring Linger into the fairy gate, I will return to the mortal world to see Ling Yin's condition." Ye Chen told Zhao Yanyan to bring Fu Lanling into inside fairy gate, while Ye Chen himself will see Ling Yin's condition in the mortal world.

"Very well, you can leave the matter to me, you can go to the mortal world now." Zhao Yanyan understood, she would bring Fu Lanling into the fairy gate.

"Very good, then I'll leave everything to you." Ye Chen nodded in satisfaction at the answer given by Zhao Yanyan.

Now Ye Chen can go back to his villa and see Ling Yin's condition.

"Ye Chen, I will come with you" Nangong Xiang decided to come along with Ye Chen, she wanted to know where this God Slaughter Poison came from.

"OK" Ye Chen didn't mind when Nangong Xiang wanted to come with him.

Ye Chen and Nangong Xiang immediately left this room, after leaving the room.

After Ye Chen left, Zhao Yanyan immediately took Fu Lanling inside the fairy gate to get help.

.  
. .  
.

Meanwhile Ye Chen immediately took out his profound ark, intending to use this profound ark to return to the city.

In that case Ye Chen didn't want to delay much time, he had to go immediately to where Ling Yin was.

Ye Chen brought Nangong Xiang up onto the profound ark, after the two of them boarded the profound ark, Ye Chen immediately operated this profound ark towards the mortal world.

This ark was moving at full speed, with a speed like it was certain that Ye Chen and Nangong Xiang would soon arrive at his villa.

.  
.

Meanwhile the situation at Ye Chen's villa.

Su Mengxin. Lin Rouxi and Qing Cheng continued to monitor Ling Yin's situation, both of them confirmed that Ling Yin would be fine.

From time to time Ling Yin's condition was getting worse and worse, you can see that Ling Yin's condition started to slowly deteriorate over time.

"why husband, not came here " Su Mengxin was getting more and more worried about Ling Yin's situation, she kept praying that Ye Chen would return as soon as possible.

"Rumble.. ." while Su Mengxin was praying, she heard a rather loud roar that came from the direction of the horizon.

From the direction of the horizon one could see that there was a profound ark approaching very fast in this direction.

Su Mengxin was naturally familiar with this profound ark, it was clear that this was the profound ark that belonged to Ye Chen.

Su Mengxin was very happy when she found out that Ye Chen had returned, the prayer she had previously done was answered very quickly.

After arriving at the top of the villa, Ye Chen and Nangong Xiang immediately descended downstairs, the two of them immediately descended towards Ling Yin's side where almost her entire body had turned black.

"Husband" When Ye Chen came down, he was welcomed by Su Mengxin, Lin Rouxi and Qing Cheng .

"Husband, quickly see the condition of Sister Yin right now" With a worried expression, Su Mengxin told Ye Chen to immediately see Ling Yin condition.

"Mengxin calm down, I've heard about what happened on Ling Yin." Ye Chen tried to calm Su Mengxin who looked worried about Ling Yin.

Su Mengxin became relieved when Ye Chen heard what had happened, he hoped that Ye Chen could treat the poison that was in Ling Yin's body.

Ye Chen immediately went to Ling Yin's side, he saw Ling Yin's condition, whose body had turned black, if Ye Chen didn't come as fast as he could, surely Ling Yin wouldn't be able to be helped anymore.

"Yuechan, is it possible for me to bring Ling Yin into the fairy gate?" Ye Chen asked if he could bring Ling Yin into the fairy gate.

Ling Yin was still not completely Ye Chen's woman, so he wondered if she could bring Ling Yin into the fairy gate.

"unfortunately that's not possible, the level of the fairy gate is still too low to bring outside women inside, you need at least Level 21 or more if you want to bring outside women into the fairy gate." Chu Yuechan told Ye Chen that the level of The fairy gate was still not enough to bring an outside woman who was not yet completely Ye Chen's woman to enter into the fairy gate.

Ye Chen was quite disappointed when he heard this, he was quite disappointed because he was slow in increasing the level of the fairy gate.

### **Chapter 860 - Flower Of Life Seven Color**

"Master, you don't need to worry, even though you can't bring this woman into the fairy gate, you can still save her by using an item called the Yong Heng sleeping box that I have, I'll give it to you." Chu Yuechan told Ye Chen that she had a way to.

Ye Chen didn't know what Chu Yuechan was trying to give him, he had absolutely no idea what the Yong Heng sleeping box was.

Chu Yuechan gave Ye Chen something like a coffin, strangely the chest given by Chu Yuechan was made of ice and had some strange carvings around it.

Ye Chen opened the lid of the Yong Heng sleeping box, when Ye Chen opened the lid of Yong Heng sleeping box, he found that inside the Yong Heng sleeping box there was an ice fog covering the contents of Yong Heng sleeping box.

"What is this?" Ye Chen asked Chu Yuechan about the Yong Heng sleeping box in front of him.

"Master, this is Yong Heng sleeping box, this thing can slow down the time a person sleeps in it. If you put Ling Yin inside, then she will be fine for a while." Chu Yuechan started explaining about Yong Heng sleeping box.

Yong Heng sleeping box is a bed that can slow downtime for the person sleeping in it.

Hearing Chu Yuechan's explanation, Ye Chen immediately put Ling Yin into the Yong Heng sleeping box.

Ye Chen used his strength to lift and put Ling Yin into the Yong Heng sleeping box.

After Ling Yin fully entered, Ye Chen finally closed the lid of the Yong Heng sleeping box.

Ye Chen felt quite relieved when he had confirmed that Ling Yin was safe for the time being.

"Yuechan how about the state of Linger, is she alright?" Ye Chen asked about the state of affairs from Fu Lanling.

"Sister Lanling is currently fine, I have sealed the poison in her body, so for the time being she will be safe." Chu Yuechan told Ye Chen that she had temporarily sealed the poison in Fu Lanling's body.

Ye Chen was relieved to hear that Fu Lanling was also fine, finally, Ye Chen was able to feel calm for a while.

"husband, How about a Ling Yin Condition?" Su Mengxin, Lin Rouxi, and Qing Cheng came over to Ye Chen's side, they all asked if Ling Yin was okay or not.

"All of you calm down, for the time being, Ling Yin is fine, you don't need to worry anymore," Ye Chen told Su Mengxin, Lin Rouxi, and Qing Cheng that Ling Yin was fine.

Su Mengxin, Lin Rouxi, and Qing Cheng felt relieved when they heard that Ling Yin was fine,

"Husband, do you have any way to heal Sister Yin?" Su Mengxin asked if Ye Chen had a way to cure Ling Yin.

"For that matter, I will ask Yuechan." Ye Chen didn't know how to cure the God Slaughter poison that was on Ling Yin and Fu Lanling's body.

He needed Chu Yuechan to tell himself how to heal the God Slaughter poison that was on Ling Yin and Fu Lanling's body.

"Yuechan, do you have a way to cure the poison that is in Ling Yin and Linger's body?" Ye Chen asked Chu Yuechan.

"I do have a way to cure God Slaughter poison, but you need a medicinal ingredient that is very rare and quite difficult to find," Chu Yuechan said to Ye Chen.

Chu Yuechan had a way to cure the God Slaughter poison that was in Ling Yin and Fu Lanling's body, the problem was that a very rare medicinal substance was needed to do that.

"Tell me what ingredients you need, maybe I can help you find it." Ye Chen said what ingredients are needed to heal the God Slaughter poison in Ling's Yin and Linger body.

"That material is called Flower of Life Seven Colors." Chu Yuechan told Ye Chen about the medicinal ingredients needed to heal Ling Yin and Fu Lanling.

"Flower of Life Seven Color" Ye Chen muttered in a fairly low voice.

"Yuechan, roughly where can I get the Flower of Life Seven Color," Ye Chen asked where he could get the Flower of Life Seven Color that Chu Yuechan just said.

"This material is something that is very difficult to find even in God Realm, there is only a race that can cultivate a Flower of Life Seven Color, that race is a legendary Elf race." Chu Yuechan said to Ye Chen that Flower of Life Seven Color can only be found in the Elven village.

"Elf race, where do you think they live?" Ye Chen asked Chu Yuechan.

"Master, the Elf Race is a race that is quite hidden from the public, it is very difficult to find the whereabouts of the village they live in." Chu Yuechan told Ye Chen that the Elf race was quite difficult to find.

The Elf Race is a race that is quite hidden from the outside world, only a few people have ever met and interacted with the Elf Race.

Ye Chen was quite disappointed when he heard this news from Chu Yuechan, it seemed that he would have a hard time finding the Flower of Life Seven Color.

"Master, why don't you ask Nangong Xiang, that woman might know where the Elf Race is".

"Isn't that woman a former empress, surely she knows many things about God Realm that rarely normal people know." Chu Yuechan told Ye Chen to ask Nangong Xiang, Nangong Xiang might know a little about the existence of the Elf race.

Ye Chen looked at Nangong Xiang who was not far from him, it seemed that he had to ask Nangong Xiang about this matter.

Ye Chen started walking towards Nangong Xiang, Nangong Xiang herself was currently watching Nie Nuren's body which had turned into a black liquid that was disgusting as hell.

If Ye Chen was late in helping Ling Yin, then Ling Yin could have the same fate as Nie Nuren whose body melted because of the God Slaughter poison Eat it.

"Xiang, what are you doing?" Ye Chen approached and asked what Nangong Xiang was doing.

"Ye Chen, I am observing what God Slaughter poison is like, this is the first time I have seen the real God Slaughter poison." Nangong Xiang said that she was researching God Slaughter poison.

"Xiang, you better not play with that poison, it is something very dangerous." Ye Chen told Nangong Xiang not to mess with God Slaughter poison.

Ye Chen didn't want Nangong Xiang to have the fate of Ling Yin and Fu Lanling.

Nangong Xiang was quite touched when she saw Ye Chen worrying about her, Ye Chen was really very concerned about her.

"Ye Chen, you don't need to worry, I won't mess around with this dangerous poison, all I want is to research this God Slaughter Poison," Nangong Xiang told Ye Chen that she intended to research God Slaughter Poison.

Nangong Xiang was curious about how the enemy got this God Slaughter poison, she wanted to know where God Slaughter poison came from.

God Slaughter Poison had long since disappeared from the God Realm, so it wasn't strange that Nangong Xiang was a little interested in researching this matter.

"Xiang, I want to ask you something." Ye Chen decided to ask Nangong Xiang about the Elf Village problem.

"What's is that?" Nangong Xiang asked Ye Chen.
