

A True God 931

### Chapter 931 - Help From Yin Ying'er

Even though Ye Chen had tried continuously without giving up, he even tried to learn from the mistakes he had made, unfortunately Ye Chen was still unable to master the **Dao of Sword**.

"This is more difficult than I thought." Ye Chen felt that it was much more difficult than he thought.

Finding the **Dao of Sword** is a pretty difficult thing to do, the **Dao of Sword** is really very difficult and very mysterious.

"Should I just give up and look for another technique?" Ye Chen started thinking about giving up and looking for another sword technique for himself.

If Ye Chen continued like this then he would not be able to master the **God Master One Sword** technique.

Ye Chen started to think whether he should do it now, whether he should retreat or continue to master the **God Master One Sword** technique.

After much deliberation, Ye Chen finally decided to continue studying **God Master One Sword**, even though this technique was indeed it was difficult to learn, but this technique was quite powerful if it could be mastered by Ye Chen.

Ye Chen decided to continue studying **God Master One Sword**, he had to find his own **Dao of Sword**.

Ye Chen felt dissatisfied before he could master his own **Dao of Sword**, Ye Chen felt challenged to keep trying to learn **God Master One Sword**.

Ye Chen again tried to practice his slashes, he tried to continuously and continuously use all the abilities he had to train **God Master One Sword**.

"Master, what are you doing?" Yin Ying'er suddenly appeared beside Ye Chen, she asked what Ye Chen was doing at the moment.

Yin Ying'er was quite curious about what Ye Chen was doing, that's why Yin Ying'er asked what Ye Chen was doing.

According to Yin Ying'er, what Ye Chen did was really very strange.

Ye Chen started swinging a tree branch as if he was doing something strange.

Whoever is a freak who wants to swing a tree branch like Ye Chen, Ye Chen really looks very strange when he swings a tree branch

"I'm studying the **Dao of Sword**" Ye Chen explained to Yin Ying'er that he was studying the **Dao of sword**.

"Oh, so master is studying the **Dao of Sword**." Yin Ying'er nodded to Ye Chen, she now understood what Ye Chen was doing.

"But why are you swinging weapons randomly, that's not the way to use the **Dao of Sword**" Yin Ying'er told Ye Chen that it's not a way to learn the **Dao of Sword**.

"Huh, what do you know about the **Dao of Sword**?" Ye Chen asked Yin Ying'er who was beside him.

"The **Dao of Sword** is a combination of feelings, thoughts and also the weapon you wield, as long as you can unite the three you will enter the state of the Dao of Sword, and can control your weapon perfectly." Yin Ying'er suddenly gave a brief explanation to Ye Chen about the Dao of Sword that Ye Chen is currently studying.

Ye Chen gaped at the explanation that Yin Ying'er had just said, unexpectedly Yin Ying'er would give a more concise explanation on how to learn the **Dao of Sword**.

"Ying'er how did you know about this?" Ye Chen immediately asked where did Yin Ying'er know this.

"I don't know, those words just suddenly crossed my mind." Yin Ying'er didn't know how she came to know about this matter, all the words she just said flashed through her mind suddenly.

"-\_- " Ye Chen didn't know what to say, he thought that Yin Ying'er knew about the **Dao of Sword**, but what Yin Ying'er said was something that crossed his mind.

"Hmmm" Ye Chen started to think about the words that Yin Ying'er just said, he thought what Yin Ying'er said might be worth trying.

After all it wouldn't harm for Ye Chen to try what Yin Ying'er had just told him.

"Huff" Ye Chen began to concentrate fully, he began to try to unite his feelings, thoughts and the sticks in his hands.

Ye Chen this time no longer considered the tree branch in his hand as before, now Ye Chen tried to consider the tree branch in his hand to be the most perfect and most powerful weapon of him in this world.

Ye Chen also felt that now that he was more at one with the world around him, he had truly become one with nature.

Very quickly, Ye Chen was able to unite the heart, mind and stick of wood in his hands, now Ye Chen has started to enter the Dao of Sword.

Ye Chen's breath looked very peaceful,, plus now the aura around Ye Chen looked completely different.

The aura around Ye Chen could intimidate enemies that were nearby.

After feeling completely at one with the sword and the area around him, Ye Chen started trying to use the One God Slash.

This time Ye Chen slashed in a seemingly slow motion, although Ye Chen's movements were slow, the slash Ye Chen was trying to shoot was far more terrifying than before.

"Slashes. . Ye Chen's slash , hit the training dummy right at the training dummy's weakest point.

Just now Ye Chen could sense the weak point of the training dummy in front of him, that's why he decided to land his slash on that part.

Ye Chen immediately looked at the training dummy, when Ye Chen looked at the practice dummy, he found that there were a few cuts.

Although this incision is still very shallow, it is already a very good thing.

During the few hours of training, Ye Chen had never scratched the body of the training puppet one bit, all the attacks that Ye Chen had previously carried out had absolutely no effect on this wooden puppet.

"Yes it works" Ye Chen looked very happy when he managed to leave a mark on the body of the training doll, finally after a long time he was able to leave a mark on the body of the training doll.

This was a huge improvement for Ye Chen, Ye Chen had probably started to understand a little about the *Dao of Sword*.

Ye Chen had to thank Yin Ying'er, if not for Yin Ying'er's very simple explanation perhaps, Ye Chen would still have a hard time understanding the *Dao of Sword*.

The explanation given by Yin Ying'er was really very easy for Ye Chen to understand, this allowed Ye Chen to easily enter the Dao of Sword state.

"Ying'er thank you very much, you are really very helpful, muah. . ., muah . . ., muah . . ." Ye Chen started to lift Yin Ying'er and started to kiss Yin Ying'er on the cheek.

Yin Ying'er's reaction looked very ordinary when she was kissed by Ye Chen, Yin Ying'er was confused by what Ye Chen was doing right now, why did Ye Chen kiss her like this.

"Ying'er do you want a present?" Ye Chen asked Yin Ying'er.

Because Yin Ying'er's services were very useful, Ye Chen decided to give Yin Ying'er a gift.

"Is it true?" Yin Ying'er's eyes immediately lit up when she found out that Ye Chen was going to give her a present.

Yin Ying'er was indeed still a child, her reaction immediately changed when Ye Chen talked about gifts.

"Of course say whatever you want" Ye Chen told Yin Ying'er to say whatever she wanted.

### **Chapter 932 - Ice Jade Barrier Broken**

"Hmm" Yin Ying'er started to think about what she wanted, after thinking for a while, Yin Ying'er knew to ask what gift Ye Chen.

"I want master only." Yin Ying'er pointed at Ye Chen, Yin Ying'er said that she wanted Ye Chen.

"huh want me?" Ye Chen couldn't believe that Yin Ying'er wanted him, what this little girl really wanted from him.

Why did Yin Ying'er want him, Ye Chen's mind started to run wild, he started to think of strange things that were beyond reason.

"Yes, I want to suck more blood that belongs to the master" Yin Ying'er suddenly hugged Ye Chen, she started to thrust her fangs into Ye Chen's neck.

Ye Chen felt a slight pain in his body, it could be seen that Yin Ying'er was starting to suck his blood.

This little vampire really only wanted food, nothing something other than food could interest her.

Yes, at least Yin Ying'er didn't ask Ye Chen anything strange, Yin Ying'er only asked Ye Chen something ordinary.

Yin Ying'er continuously sucked Ye Chen's blood, this time she sucked much more than usual.

Ye Chen was afraid that he would bleed to death before fighting Hun Chao.

"Uhhh, it's delicious" Yin Ying'er was very satisfied, this time she was really full of the food that Ye Chen gave her.

"Alright, I'll go back to sleep, if master needs help, master can wake me up" Yin Ying'er said to Ye Chen that she was going back to sleep.

Yin Ying'er is really a very lazy spirit, after eating her full Yin Ying'er went straight to bed.

"-\_- " Ye Chen was rendered helpless by what Yin Ying'er did, this little vampire really likes sleeping too much.

As Ye Chen recalled, Yin Ying'er rarely interacted with outsiders, every day Yin Ying'er only spent all her time sleeping and sleeping.

Yin Ying'er turned into a glimmer of light, she had already returned to her comfortable bed.

"Alright, I should just continue my practice." Ye Chen decided to continue his training, he didn't want to waste any more time.

Ye Chen currently had very limited time, he wanted to quickly resolve the matter with Hun Chao.

Hun Chao has spread fear throughout this world, the evil creature must be immediately banished to a faraway place so that it no longer interferes with the lives of the remaining creatures on earth.

After what Hun Chao did, Ye Chen didn't know how many people were still alive, Hun Chao had committed a massive massacre, of course this would affect the civilization in this world.

Ye Chen had just mastered the Dao of Sword, now was the time for him to perfect God Master One Sword.

After successfully mastering the Dao of Sword, Ye Chen's confidence immediately rose, now Ye Chen is very confident that he can master God Master One Sword.

Ye Chen only needed a little more time to fully refine God Master One Sword, after that it was time to seek a reckoning with Hun Chao.

.

.

Meanwhile in the territory of the Blue Esper.

Right now Mu Xueying was keeping an eye on Hun Chao, she was currently making sure that Hun Chao would not escape from the shackles that held her at this time.

currently beside Mu Xueying was Mei Yueli, Mei Yueli had been keeping an eye on Hun Chao since these few days.

While Mu Xueying was busying herself with Dual Cultivation together with Ye Chen, Mei Yueli was kept busy by keeping an eye on Hun Chao.

"Why are you looking at me like that?" Mu Xueying asked why Mei Yueli kept looking at her with such a strange look.

"Senior Sister, there seems to be something different about you right now." Mei Yueli told Mu Xueying that there was something different about Mu Xueying.

"What does it mean?" Mu Xueying immediately asked the meaning of the words that Mei Yueli had just said.

"That, Senior Sister now looks more mature and prettier than before, even your skin looks really nice and moisturized." Mei Yueli told Mu Xueying about the great changes Mu Xueying had experienced after Dual Cultivation.

"What do you mean, I don't see a strange change" Mu Xueying said to Mei Yueli.

Mu Xueying tried to hide the changes she had experienced after doing Dual Cultivation together with Ye Chen.

Mu Xueying had naturally discovered quite a significant change in herself after doing Dual Cultivation together with Ye Chen.

After Dual Cultivation with Ye Chen, now Mu Xueying looked even more beautiful, all parts of her body felt better than before.

Mu Xueying already knew that Ye Chen had an ancient "Yang" body, not to think that the effect of possessing an ancient "Yang" body could provide this kind of benefit when dual cultivation.

If this matter was really found out by the women from the God Realm, surely all the women from the God Realm would come to earth and go straight to arrest Ye Chen.

The temptation to be beautiful and strong was something that was very difficult for anyone to resist, even if it was a cold goddess who had no heart or feelings.

"Senior Sister how can you lie like that, you obviously look different from a few days ago, what exactly did that man do to you" Mei Yueli started to interrogate Mu Xueying, she wanted to know if Mu Xueying really did that together with Ye Chen.

"What are you saying, I'm helping her out of debt, so don't fantasize too much" Mu Xueying said to Mei Yueli.

Mu Xueying told Mei Yueli to forget what had happened, she didn't want Mei Yueli to talk too much and make all her secrets exposed in front of Ye Chen.

"Why do you look like you're trying to hide something, are you actually doing it or not with Ye Chen?" Mei Yueli was even more curious if Mu Xueying did that together with Ye Chen.

Why did Mu Xueying look like she was trying to hide what she and Ye Chen had done from her.

"Yueli, listen to this carefully, in the future don't ever talk about this matter again, this is a sensitive and embarrassing matter, I hope you don't bring up this matter anymore" With a serious face, Mu Xueying told Mei Yueli not to bring it up again this problem.

Mu Xueying found it embarrassing to keep bringing up the Dual Cultivation matter together with Ye Chen.

"Alright" Mei Yueli nodded, she would not bring up the trouble Mu Xueying and Ye Chen had done.

Mei Yueli could only keep her curiosity deep, she couldn't upset Mu Xueying, if it was Mu Xueying then Mei Yueli wouldn't know what kind of anger she got.

"Crack . . ." While Mu Xueying and Mei Yueli were having a conversation, suddenly a loud crack was heard.

This voice was clearly the sound that came from the Ice Jade Barrier which was currently collapsing.

Hearing this voice, Mu Xueying and Mei Yueli immediately looked at the Ice Jade Barrier, both of whom saw that the Ice Jade Barrier was gradually cracking.

It could be seen that the Ice Jade Barrier had already reached its limit and was about to break.

"Clank. . ." The Ice Jade Barrier completely shattered into shards of Ice crystals that flew in all directions.

Ice Crystal Shards It looks like hail that just fell from the sky.

### **Chapter 933 - One Step In Battle**

"Hahaha, I'm finally free, you all just wait I will take revenge for what you have done to me" a few moments after being fully released from prison, Hun Chao immediately shouted as loud as possible

It could be seen that Hun Chao was truly happy to have been released from the Ice Jade Barrier's confinement. Now Hun Chao could take revenge on Mu Xueying who had locked him.

That woman had to pay for what she had done to Hun Chao.

"Senior Sister, see that the evil demon has been liberated, Plus he looks much stronger than last time." Mei Yueli pointed at Hun Chao, Mei Yueli felt that Hun Chao felt stronger than the last battle they had.

"You're right, it seems that he has become much stronger." Mu Xueying nodded to Mei Yueli, she also felt that Hun Chao had become stronger than last time.

It seemed that within these 7 days Hun Chao had cultivated and increased his strength, Hun Chao's cultivation speed was truly extremely fast.

During these 7 days, Hun Chao refined the blood that he had obtained from the people he had killed, so it was not surprising that Hun Chao's strength had increased slightly from last time.

"Senior Sister what should we do now?" Mei Yueli immediately asked what they would do now.

If Hun Chao got stronger, then their chances of winning would also get smaller.

"You don't have to worry, leave this matter to me, You just wait and see from here." Mu Xueying told Mei Yueli to stay in this place, meanwhile Mu Xueying would go and take care of Hun Chao.

The current Mu Xueying was extremely confident, she was really very confident that she could fight Hun Chao so easily.

Mu Xueying's cultivation increase was enormous after Dual Cultivation with Ye Chen, now Mu Xueying had become much stronger than a few days ago.

With Mu Xueying's current cultivation, Mu Xueying should be able to easily win over Hun Chao.

"Senior Sister, wait a moment." Mei Yueli intended to chase after Mu Xueying, she wanted to try to help Mu Xueying against Hun Chao.

"Stay there" in a nonchalant tone Mu Xueying told Mei Yueli to stay here, she didn't want Mei Yueli to interfere in this matter.

Mei Yueli could only stay where she was when she heard what Mu Xueying had just said, Mei Yueli had no choice but to stay here and see what Mu Xueying would do.

Mu Xueying was currently heading straight for Hun Chao, descending right in front of Hun Chao.

Hun Chao immediately looked at Mu Xueying who had just arrived, he was really happy when he saw Mu Xueying coming here.

"Hahaha, it's great that you came to this place yourself, now I don't have to bother looking for you anymore," Hun Chao said to Mu Xueying.

Mu Xueying was silent when she heard what Hun Chao had just said.

Mu Xueying's expression looked very ordinary and indifferent, Hun Chao's words were like a passing wind that was not worthy of her hearing.

"What's with that your expression?" Hun Chao looked at Mu Xueying's normal expression, he thought this was an insult to Hun Chao.

"Are you done with that nonsense of yours?" Mu Xueying spat out a few words for Hun Chao.

Although only a few words came out from Mu Xueying, Mu Xueying's words were really painful for Hun Chao to listen to.

"You bastard Bitch, just watch out for you I will make you regret for daring to speak to this Master like that" Hun Chao immediately charged towards Mu Xueying.

Hun Chao intended to attack Mu Xueying with all his might.

This time Hun Chao wanted Mu Xueying's life, so it wasn't strange that Hun Chao didn't hold back when attacking Mu Xueying.

Hun Chao used his dark palm to attack Mu Xueying, Hun Chao aiming right at Mu Xueying's heart.

Mu Xueying looked relaxed in the face of Hun Chao's attack, she only slightly waved her hand.

"**Ice Pillar**" from under Hun Chao's body instantly came out a very large Ice, this Ice instantly enveloped Hun Chao's entire body.

Hun Chao was now trapped inside the ice pillar, he could no longer move after being trapped inside the Ice pillar.

Mu Xueying's battle was really very short, Mu Xueying could very easily seal Hun Chao in Ice.

Mei Yueli gaped at what had just happened, she didn't expect that Mu Xueying would win so easily, Mu Xueying is now really very strong, in just a few seconds she managed to defeat Hun Chao.

The current Hun Chao was no longer able to move, now that he was completely sealed within the Ice Pillar.

Hun Chao was also surprised to see Mu Xueying's increase in strength, Mu Xueying actually became much stronger than the last time they fought.

Even after increasing his strength Hun Chao was still defeated very easily by Mu Xueying.

"You can stay there for a while, someone else will beat you besides me" Mu Xueying told Hun Chao that someone would beat and kill Hun Chao.

Hun Chao just had to wait for that person to arrive at this place, that person would definitely arrive at this place soon.

Even though Hun Chao was currently trapped inside the Ice Pillar, Hun Chao could still hear and see what Mu Xueying had just said, Hun Chao was truly furious at what Mu Xueying had just said.

If the current Hun Chao could be free, then Hun Chao would definitely curse and berate Mu Xueying, this woman considered him too weak.

Hun Chao started to wonder who Mu Xueying was referring to, he wanted to know who would actually defeat him.

Hun Chao didn't think at all that the person Mu Xueying had just talked about was Ye Chen, he thought Ye Chen would definitely not survive the attack from him that time.

The attack that time contained a lot of dark energy that could disrupt the function of the cultivator's body, Ye Chen was definitely dead and impossible to save.

After Mu Xueying finished sealing Hun Chao, Mu Xueying returned to the side of Mei Yueli who was behind the clouds.

"Senior Sister, that was really so great, how did you have that kind of power?" a Moments after Mu Xueying came to Mei Yueli's side, Mei Yueli immediately gave Mu Xueying a compliment.

Mei Yueli was taken aback by the power that Mu Xueying had just displayed, Mu Xueying's strength was really much stronger than she knew.

Mei Yueli began to wonder where Mu Xueying had gotten such an ability, whereas just a few days ago Mu Xueying's strength was still the same as hers, but now Mu Xueying's strength had far surpassed hers.

This was truly a very amazing thing for Mei Yueli.

Mu Xueying looked confused to answer Mei Yueli's question, she couldn't possibly answer that the increase in her strength was due to Dual Cultivation together with Ye Chen.

It would be very embarrassing for Mu Xueying if she were to tell the truth about her increased strength.

"Senior sister, why are you just keeping quiet, quickly tell me where did you get such power from?" Mei Yueli asked where did Mu Xueying get the power boost from

### **Chapter 934 - Ye Chen Came To The Battlefield**

"Actually this is my true strength, a few days ago the strength I had was still not fully recovered, now that I've recovered, so this person is no match for me" Mu Xueying tried to find a reason that was reasonable enough to avoid Mei Yueli's question.

"Oh so Senior Sister's strength hasn't fully recovered so far." Mei Yueli very easily believed what had just said Mu Xueying, Mei Yueli believed that Mu Xueying's strength had not fully recovered all this time due to the long sleep she had endured..

"Yes, that's what happened" Mu Xueying immediately confirmed what she had just said, trying to convince Mei Yueli that what she had just said was the truth.

Mei Yueli was quite easy to deceive, she was very easy to believe Mu Xueying's words without suspecting what Mu Xueying said was true or not.

"That, then why don't you kill that man right away, isn't it with the strength you currently have, you can kill that person?" Mei Yueli said to Mu Xueying.

Now that Mu Xueying already possessed such immense power, it should not be difficult for Mu Xueying to kill Hun Chao.

"That person is very difficult to kill, only Ye Chen can take care of that demon." Mu Xueying told Mei Yueli that Ye Chen was the one who could overcome Hun Chao.

The weapons and tools to defeat Hun Chao were in Ye Chen's hands, which meant that only Ya Chen could take care of Hun Chao.

"Oh yes, that man has the tools to seal this demon, so only he can defeat the demon" Mei Yueli now remembered that the tool used to seal the demon was in Ye Chen's hands, only Ye Chen could seal the demon.

"It's good that you understand." Mu Xueying nodded in satisfaction when she saw that Mei Yueli understood what she meant.

Now that Mu Xueying no longer needed to explain in more detail to Mei Yueli, Mei Yueli already knew the reason why she had only restrained Hun Chao and didn't kill him with her own hands.

"Cracks . . ." from below came the sound of ice cracking.

Hearing this cracking sound, Mu Xueying and Mei Yueli immediately looked in the direction where Hun Chao was.

When Mu Xueying and Mei Yueli looked at Hun Chao, they both saw that the Ice pillar created by Mu Xueying was starting to crack.

It could be seen that the Ice pillar was currently being devoured by the power of darkness, the power of darkness seemed to be trying to eat the Ice pillar that was holding up Hun Chao's body.

The Ice pillar's cracks were getting bigger and bigger, in the near future it seemed like the Ice pillar would completely shatter into pieces.

"The power of darkness is really very troublesome." Mu Xueying felt that Hun Chao's power of darkness was really very troublesome, the power of darkness was like a plague that could cause Mu Xueying's Ice to be damaged and destroyed.

"Clank. . ." The Ice Pillar instantly turned into chunks of Ice that scattered in all directions.

"Do you think you can hold me back with that technique of yours have?" Hun Chao said to Mu Xueying who was far ahead of him.

According to Hun Chao, Mu Xueying's Ice technique was still less powerful than the Ice Jade Barrier, that's why Hun Chao could easily destroy Mu Xueying's Ice Pillar.

"I still have many ways to stop you." Mu Xueying said to Hun Chao that she still had many ways to stop Hun Chao.

"Don't be arrogant too soon, I will definitely beat you, I will show you the experience I had during the past God and Demon battles" Hun Chao looked very, very serious, this time he would show all his abilities to fight Mu Xueying.

According to Hun Chao, Mu Xueying was a very worthy opponent for him, Hun Chao had to be really serious about fighting an enemy like Mu Xueying.

An extremely terrifying darkness aura began to envelop Hun Chao's body and the surrounding area.

The area around this place was so dark that it was hard to see.

This darkness is different from the darkness of the night, the darkness that occurs is very gripping, it can make everyone frightened just from being in this darkness.

"Yueli, you better retreat first, I will start a battle with this person" Mu Xueying told Mei Yueli to withdraw right away, Mu Xueying intended to start a more serious battle with Hun Chao.

Mu Xueying had a bad feeling for Hun Chao, it seemed that Hun Chao this time brought out all of his abilities, Hun Chao really couldn't hold back against her anymore.

This time Hun Chao had really brought out all the strength he had.

Mu Xueying started to use her Profound Energy, Mu Xueying's body was enveloped by the Ice mist which had an extremely low temperature.

Anyone who dared to approach Mu Xueying would definitely instantly turn into an Ice statue.

The area around Mu Xueying began to turn into a vast expanse of Ice Field.

It was unknown how large the expanse of the Ice field had just been formed by Mu Xueying's aura.

Both of them were powerful cultivators who had reached quite a high realm once, it wasn't strange that the battles they had had affected what was around them.

it is even possible that this battle will affect conditions in all corners of the planet earth, given the extraordinary strength of the two.

From the aura battle that Mu Xueying and Hun Chao had fought, it could be clearly seen that Mu Xueying was far superior in terms of cultivation.

Even though Mu Xueying was vastly superior to Hun Chao, Hun Chao's experience on the battlefield was not to be underestimated.

Hun Chao had fought countless Gods in the past, surely Hun Chao's experience would be very rich.

When the two great powers of Mu Xueying and Hun Chao met, there was an earthquake and shock that could be felt in almost half of the earth's territory, this naturally showed how strong the power of Mu Xueying and Hun Chao was.

Mu Xueying and Hun Chao looked at each other, both of them preparing to do battle at any moment.

It was obvious that the two of them were currently waiting for the other side to take the initiative first.

"Boom" A very powerful explosion occurred in the middle of the location of the two, Mu Xueying and Hun Chao were both shocked when they saw an explosion occur right in front of the two of them.

The explosion just now was strong enough to send dust flying all over the place, limiting the visibility that Hun Chao and Mu Xueying had a little bit.

A strange figure began to appear behind this dense dust, this foreign figure who had just arrived was difficult to see.

This made Mu Xueying and Hun Chao unable to see who the person who had just fallen right in front of their eyes was.

The dust gradually began to subside and disappear, the figure in the dust began to appear very clearly.

The figure who just came turned out to be Ye Chen, Ye Chen had just arrived at this place.

Ye Chen had finished his training, now he was ready to fight Hun Chao and take revenge for his past mistakes.

This time Ye Chen will definitely try his best to defeat Hun Chao, he promises to defeat the Demon who has made this world chaotic and spread fear on the earth.

### **Chapter 935 - Ye Chen Shows His Strength**

"Ye Chen" Mu Xueying immediately muttered under her breath when she saw Ye Chen who had come to this place.

Ye Chen has finally come to this place, now that her task of restraining Hun Chao is completely finished, now Mu Xueying only needs to leave this matter to Ye Chen.

"You again, you again, aren't you tired of coming over and interrupting my business?" Hun Chao looked very annoyed when he saw that the person who had just arrived was Ye Chen.

Hun Chao thought that Ye Chen had died and would no longer bother him, to think that this person would still come alive and appear in front of him.

"I hope you don't get tired of meeting me, this time will probably be our last meeting" Ye Chen said to Hun Chao who was standing in front of him, Ye Chen told Hun Chao that this might be their last battle.

"You are absolutely right, this time will indeed be our last battle, this time I will make sure to really kill you" Hun Chao said to Ye Chen that he would kill Ye Chen.

"We'll see who loses." Ye Chen very firmly answered Hun Chao's challenge.

"Mu Xueying, I will take care of Hun Chao" Ye Chen told Mu Xueying that he would take care of Hun Chao.

"It's up to you." In an indifferent tone of voice, Mu Xueying replied to Ye Chen.

"huh. ." Ye Chen couldn't help but sigh when he heard Mu Xueying being indifferent to him, this woman was still the same as always.

Ye Chen had already gotten used to Mu Xueying, he could already accept Mu Xueying's indifferent attitude.

Ye Chen turned his attention to Hun Chao, now Ye Chen was looking straight at Hun Chao.

"Ying'er help me" Ye Chen called out to Yin Ying'er, immediately the Divine Yin Yang Sword appeared in Ye Chen's hand.

Yin Ying'er is really very obedient to Ye Chen, as long as Yin Ying'er is given a gift by Ye Chen, then this little loli will do what Ye Chen wants.

"Go ahead" Ye Chen told Hun Chao to come forward and fight him.

"Alright, get ready to go to the afterlife." Hun Chao advanced towards Ye Chen, trying to attack Ye Chen who was in front of him.

"**Darkness Palm**" Hun Chao attacked Ye Chen with the Darkness Palm.

Ye Chen was currently silent, he slightly closed his eyes, it seemed that Ye Chen was very calm.

Hun Chao smiled when he saw Ye Chen close his eyes, it seemed that this person was resigned to his death.

"Die bastard" Hun Chao tried to land the Darkness Palm right on Ye Chen's head, he wanted to try to break Ye Chen's head.

"Slash" Suddenly Hun Chao heard the sound of a slash entering his eardrums.

Moments after a slashing sound was heard, Hun Chao's right hand that he used to attack Ye Chen suddenly broke off.

Hun Chao panicked when he saw what had just happened, he immediately retreated far back.

Hun Chao immediately grabbed his arm which was gone, an excruciating pain could be felt by Hun Chao from this wound.

The Divine Yin Yang Sword was a weapon that could kill God & Demons, so it wasn't strange that Hun Chao felt a lot of pain when he received Ye Chen's powerful slash just now.

"This shit hurts, what kind of sword does this kid actually have, why can this sword hurt me?" Hun Chao began to wonder what kind of sword was in Ye Chen's hand, why this sword hurt him so much.

Plus currently Hun Chao was unable to regenerate his body, now Hun Chao's hand couldn't recover.

Luckily the Divine Yin Yang Sword had the ability to negate regeneration, this made Demons like Hun Chao find it very difficult to deal with Ye Chen and the Divine Yin Yang Sword.

"Just accept your defeat here." Brandishing the Divine Yin Yang Sword, Ye Chen told Hun Chao to accept his defeat here.

"The battle has just begun, don't be too quick to conclude who the victor is." Hun Chao said that the battle had just begun, the winner and loser were still not completely determined.

Even though he lost one arm, Hun Chao could still fight Ye Chen, he could still use various techniques to deal with Ye Chen.

"So you don't want to give in, then I will make you feel a painful pain" Ye Chen would make Hun Chao suffer, Ye Chen would make sure to make Hun Chao suffer a lot.

From Ye Chen's body began to pour out a profound fire as well as a profound ice simultaneously.

Right now Ye Chen's body was covered in profound fire as well as profound ice, auras that were blue like ice and red like fire started to swirl around Ye Chen's body.

"That. . . From a distance, Mu Xueying and Mei Yueli were shocked when they saw Ye Chen releasing Fire and Ice at the same time like that, it was a very shocking thing for Mu Xueying and Mei Yueli.

"He, He, He can use two elements at once?" Mei Yueli stuttered slightly when she said this, she couldn't believe Ye Chen could use fire and ice at the same time.

"I just found out that he can use two elements at once like that." Mu Xueying just found out that Ye Chen can use Ice and Fire at the same time like this.

This was quite a shock for Mu Xueying who was from the God Realm.

"Senior Sister, this man named Ye Chen really has abilities that are very close to our Master, what will the master think if she sees this?" Mei Yueli asked Mu Xueying.

Master Mei Yueli and Mu Xueying could use two elements just like Ye Chen, the peak lord who was a master of Mei Yueli and Mu Xueying could use Ice and Fire.

That was why Mu Xueying and Mei Yueli had their respective powers of Ice and Fire.

Their master can both control fire and ice at the same time, she is a woman who has a special body that allows her to control fire and ice in her body.

"Looks like Ye Chen is different from master, just see if he can use both elements at once, I don't think master can use her elements like Ye Chen" Mu Xueying said to Mei Yueli who was at the side.

"Yes, I saw it too, it seems that Ye Chen is much more powerful than the master" Mei Yueli agreed with what Mu Xueying said, Ye Chen was indeed much better at controlling Ice and fire.

In the God Realm people with Two Elements were extremely rare, there were very few people who could use the two elements in the God Realm.

People like this were usually geniuses that influential sects and clans within the God Realm would seek out.

Moreover, users of conflicting elements, it was something that was extremely difficult to find.

Contrasting element users usually have their own risk, maybe the two elements in their body injure themselves, that's why there are only a few people who are able to use Two opposing elements in this world.

Ye Chen was different from people like this, he was the heir of the Sage God, so Ye Chen could control all the elements that the Sage God used to possess.

If Ye Chen also used his wind element right now, then Mu Xueying and Mei Yueli would be even more shocked.

### **Chapter 936 - Power Of God Master One Sword (1)**

What Ye Chen was doing just now had taken them both by surprise, if Ye Chen showed the wind element, then it would leave Mu Xueying and Mei Yueli speechless.

"Oh so you are now in the early stages of the Divine Spirit Realm, it's only natural that you now have the courage to challenge me." Hun Chao had just realized that Ye Chen's current strength had increased quite a bit from the previous battle.

So it wasn't strange that Ye Chen's confidence was extremely high to win against Hun Chao.

"I'm never afraid to challenge you, nothing in this world can scare me" Ye Chen said to Hun Chao that he was never afraid against Hun Chao.

"You arrogant person, do you think with your current strength you can beat me?, your cultivation is still far from that of this master" Hun Chao told Ye Chen that his cultivation is still much higher than Ye Chen's, there are There was a huge gap between the cultivations of Hun Chao and Ye Chen.

"Cultivation level isn't everything, I'm here with a weapon that can hurt you, even if your cultivation is higher than mine, I can still beat you" Ye Chen told Hun Chao that cultivation level wasn't everything.

Ye Chen had all kinds of tricks to increase his strength, if Ye Chen took out all the flagship cards behind his hand, he might now be much stronger than Hun Chao.

Ye Chen still kept his flagship card just in case something bad happened to him.

"We'll see, **Darkness Chain**" Hun Chao immediately used the **Darkness Chain** technique, around Hun Chao's body appeared dozens of dark chains that emitted a terrifying sound.

Hun Chao directly controlled **Darkness Chain** to attack Ye Chen, Hun Chao's goal was very clear, he wanted to capture Ye Chen's soul and torture it before destroying it.

Ye Chen started to slightly move the Divine Yin Yang Sword in his hand, when Ye Chen did this, the chains of darkness that were coming towards him were instantly cut into pieces.

"What's that?" Chao Hun back made shocked by what has just been done by Ye Chen, just now he could not see what he has just done by Ye Chen.

"Ye Chen, so you can understand the Dao of Sword" Mu Xueying said in a low voice, she felt a little happy when Ye Chen had understood the Dao of Sword.

"Senior Sister what did you just say?" Mei Yueli who was at the side immediately asked back what Mu Xueying had just said.

Mei Yueli probably misheard the words Mu Xueying just said.

"I said that Ye Chen has understood the Dao of Sword." Mu Xueying said to Mei Yueli that Ye Chen had understood the Dao of Sword.

"Huh?, impossible, how could he comprehend the Dao of Sword at such a young age?" Mei Yueli could hardly believe what she had just heard from Mu Xueying.

Ye Chen had mastered the Dao of Sword, this was something that Mei Yueli could hardly believe.

Mei Yueli naturally knew how difficult it was to understand the Dao of Sword, even an elder who had lived for tens of thousands of years still had a hard time understanding the Dao of Sword.

"Ye Chen is indeed very talented, in just a few days he was able to learn the Dao of Sword, this is quite impressive" Mu Xueying said to Mei Yueli that Ye Chen only needed a few days to learn the Dao of Sword.

"Huh?, he learned the Dao of Sword in just a few days?" Mei Yueli was completely taken aback by what Mu Xueying had just said.

What Mu Xueying said was truly shocking to Mei Yueli.

Just imagine, Ye Chen could learn the Dao of Sword in just a few days, while others would take thousands or even hundreds of thousands of years just to be able to learn the beginning of the Dao of Sword.

If the sword masters found out that Ye Chen only needed a few days to learn the Dao of Sword, then they would definitely vomit blood.

They had already spent all their time studying the Dao of Sword, if they heard this news then they would definitely have a heart attack.

"This guy's talent is terrible." Mu Xueying confirmed what she had just said to Mei Yueli, Ye Chen's talent was truly terrifying, it wasn't strange that at such a young age Ye Chen could have a fairly high cultivation.

Mei Yueli agreed that after hearing what Mu Xueying just said, Ye Chen's talent was truly terrifying.

.

.

Back in the battle, at this time Hun Chao again tried to attack Ye Chen with the Darkness chains he had.

It was a pity that Ye Chen again cut all the chains that would approach him.

"you. . ., it turns out that you have mastered the Dao of Sword, hemp, it's only natural that you can cut off my arm easily, apparently this is the reason" Hun Chao finally realized that Ye Chen had just used the Dao of Sword when parrying his attack.

Ye Chen was currently silent, he didn't answer Hun Chao's words.

Ye Chen thought it was pointless to answer Hun Chao's question, it would be a waste of his energy, it was better for him to solve this matter as soon as possible and seal Hun Chao.

Ye Chen started walking towards Hun Chao, Ye Chen walked like he was walking on a normal street, Ye Chen didn't seem in a hurry to attack Hun Chao.

Hun Chao was very wary of Ye Chen's arrival, this time Hun Chao felt the threat that Ye Chen was giving him.

Hun Chao was actually not afraid of Ye Chen's Dao of Sword, what he was afraid of was the Divine Yin Yang Sword currently in Ye Chen's hands.

The Divine Yin Yang Sword was extremely terrifying to Hun Chao, just being touched by this thing was already extremely painful for Hun Chao.

Actually if Ye Chen didn't have the Divine Yin Yang Sword, perhaps Hun Chao wouldn't have too much trouble against Ye Chen, since Ye Chen had the Divine Yin Yang Sword, this put Hun Chao in really serious trouble.

"Damn it, at this rate I will really lose to this guy" if it continued like this, then Hun Chao would really be defeated by Ye Chen.

Hun Chao didn't like to accept defeat like this, there was no way he would lose to a brat like Ye Chen again, this would embarrass Hun Chao who was the most feared and respected Demon in the Demon Realm.

Hun Chao saw that Ye Chen was getting closer to him, it would be really bad when Ye Chen fully approached here.

"Damn it, I have no choice but to use the strongest technique I have" Currently Hun Chao had no other choice but to use the strongest technique he had.

Hun Chao was already completely cornered, if Hun Chao didn't take action then he would be defeated by Ye Chen.

Hun Chao didn't want to lose a second time, this time he had to win against Ye Chen.

Hun Chao started to close his eyes, he started chanting words in a foreign language that Ye Chen couldn't understand.

### **Chapter 937 - Power Of God Master One Sword (2)**

Even though Ye Chen didn't understand the language Hun Chao was speaking, Ye Chen knew what Hun Chao was trying to do.

It was obvious Hun Chao was trying to use a high ranking technique that he had.

Ye Chen couldn't allow Hun Chao to use such a dangerous technique, he had to stop what Hun Chao was trying to do right now.

Ye Chen rushed to attack Hun Chao, he swing his Divine Yin Yang Sword towards Hun Chao.

It was only a moment before Ye Chen swing his sword, Hun Chao's body was already enveloped in an extremely dense darkness.

This darkness began to spin and form a vortex of wind that sucked everything in.

Seeing this, Ye Chen immediately retreated backwards, he immediately went to protect himself from the vortex of darkness that tried to suck up everything around this place.

The vortex of darkness was really very strong, it was able to suck anything into it, various items such as stones, concrete, trees and trash were easily sucked into the dark market.

This vortex of darkness was like a black hole that could suck anything into it.

Right now Ye Chen was trying to hold on, he was trying not to be sucked in by this vortex of darkness.

If Ye Chen were to be sucked into this vortex, then it is certain that he would have a bad ending so Ye Chen tried to survive so that he would not be sucked into the vortex of darkness.

"What exactly is that person doing?" Mei Yueli started to wonder what Hun Chao was doing, why Hun Chao was sucking things and stuff around this place.

"I feel something bad about this" Mu Xueying felt something bad about this, she felt that Hun Chao was doing something dangerous.

The vortex of darkness was continuously active and sucking everything in, not even sand and gravel were spared from the rage of this vortex of darkness.

In a very short time the surroundings where Ye Chen was located became extremely clean, all the objects that were previously around Ye Chen had been sucked into the vortex of darkness.

After a while, the vortex of darkness finally stopped and disappeared, now only the remnants of darkness could be seen by Ye Chen.

Ye Chen looked at the darkness that was in front of him, behind this darkness Ye Chen felt something strong.

Ye Chen didn't know what Hun Chao had just done, for sure what Hun Chao had just done was to defeat him.

"Clear. . ." suddenly from behind the darkness Ye Chen saw a pair of eyes that were red like blood, the size of these eyes was quite large, they were even bigger than Ye Chen's body.

From its size it must be a monster or something very large.

Ye Chen was very curious about this huge figure in front of him, Ye Chen waved his hand, a strong wind began to blow away the darkness in front of him.

When the darkness in front of Ye Chen disappeared, Ye Chen could see a huge monster that had a pair of wings, large pointed teeth and sharp claws.

From a glance this monster has a stature like a human, it's just that his figure is much more terrible and scary.

"Hahaha, it seems that the transformation I have done is successful." The huge monster let out a voice that closely resembled Hun Chao, most likely this big being that was currently in front of him was Hun Chao.

"So you changed your body to be much bigger?" Ye Chen said to Hun Chao.

Ye Chen didn't look surprised when he saw Hun Chao's transformation, Ye Chen was already a little used to the techniques possessed by Demon that sealed this Earth.

"You don't look surprised by the changes I made?" Hun Chao asked Ye Chen.

"Why should I be surprised by your transformation, isn't the bigger your body, the slower you are" Ye Chen said to Hun Chao.

"Who said a big body would be slow" Hun Chao was now behind Ye Chen, he moved behind Ye Chen at a fairly fast speed.

"So even though you're big you can still move that fast, it's quite impressive too" Ye Chen said to Hun Chao.

Even though Hun Chao's movements were fast, just now Ye Chen could still see them clearly, so he wasn't too surprised and panicked at the speed that Hun Chao had just displayed.

"Die you bastard" Hun Chao used his sharp claws to attack Ye Chen, he intended to slicing Ye Chen's body in front of him.

Ye Chen immediately blocked Hun Chao's attack, he used the Divine Yin Yang Sword to block Hun Chao's attack.

In this exchange of attacks Ye Chen was blown away by the impact of Hun Chao's attack.

"Boom. . ., Boom . . , Boom . . , Boom . . , Boom ."Ye Chen was flown hundreds of kilometers and crashed into several hills and mountains around this place.

The hill that Ye Chen had hit was smashed into pieces, mountains and hills were instantly hollow and shattered everywhere.

"Damn, that sword is really annoying." Hun Chao saw the claws in his hands, Hun Chao could now see that his claws had been partially cut off by Ye Chen's sword.

If Hun Chao confronted Ye Chen again, then it was certain that his claws could be cut off by Ye Chen's sword.

Ye Chen is currently out of the rubble of the boulder that buried himself, Ye Chen came out and started to clean the dust that was on his body.

Hun Chao's attack just now didn't hurt Ye Chen at all, the attack just now wasn't strong enough to injure Ye Chen's body which was already strengthened by Heavenly Armor.

"It seems that I have to end this as soon as possible, if I'm delay too much time, Hun Chao will only get stronger and stronger" Ye Chen felt that he had to end it all, the longer Hun Chao got stronger, if he continued to let it go, it would be difficult to stop & seal it.

"Time to try **God Master One Sword** technique." Ye Chen felt that it was time for him to use the **God Master One Sword** technique.

"Ying'er are you ready?" Ye Chen asked Yin Ying'er.

"Aye, I'm ready whenever Master needs it." Yin Ying'er was ready at any time, she was ready to defeat Hun Chao.

"Good, let's defeat this ugly Demon." Ye Chen was happy that Yin Ying'er was ready to defeat Hun Chao.

Ye Chen began to enter into the Dao of Sword Mode, he began to completely fuse with Yin Ying'er.

Since Yin Ying'er is a spirit, this makes Ye Chen easily unite his thoughts and feelings with Yin Ying'er, he is now one with Yin Ying'er.

Profound ice and fire began to envelop the Divine Yin Yang Sword, Ye Chen intended to try to combine his power with the God Master One Sword technique.

Ye Chen was really very strange, he loved doing this kind of crazy experiment.

After all the preparations were done, Ye Chen started to open his eyes.

**"One God Slash"** Ye Chen started to swing his sword horizontally towards Hun Chao who was in the distance.

Ye Chen's slashing power contained extremely terrifying power, it was certain that it could cut through anything that stood in the way.

" slash . . ." Instantly the sky that was previously dark due to thick black clouds instantly brightened, all the dark clouds were swept away by One God Slash's slash.

### **Chapter 938 - Sealing Hun Chao**

Hun Chao's massive body was currently sliced into two pieces, Hun Chao's massive body could easily be cut by Ye Chen's slash from a great distance away.

Hun Chao's body that had been cut in half fell to the ground, it could be seen that Hun Chao had lost his support.

Mei Yueli and Mu Xueying showed shocked expressions when they saw what had just happened, both Mu Xueying and Mei Yueli looked completely shocked when they saw the power of the slash that Ye Chen had just executed.

"What technique was that just now?" Mei Yueli started to wonder about the technique that Ye Chen had just used, she thought that the technique that Ye Chen had just used was very powerful and very cool.

Mu Xueying also wanted to know what technique Ye Chen had just used, she also thought that the technique just now was very powerful.

With just one slash, Ye Chen was able to get rid of the dark clouds and also cut off Hun Chao's huge body.

The power of the slash just now was extremely powerful, with that kind of power Ye Chen might be able to split this earth into two pieces.

Hun Chao started to get up from the ground, he used his hands to support his body due to the powerful attack that Ye Chen had just launched.

Hun Chao had lost half of his body, now only the upper half remained.

Hun Chao couldn't regenerate, that's why he couldn't recover his body that was cut off by the slash from the Divine Yin Yang Sword.

"Bastard" Hun Chao was really furious when he saw his body being cut like this, an unstoppable rage had started to ooze out of Hun Chao's body.

Hun Chao was really tired of being beaten by Ye Chen, he could no longer stand being beaten by Ye Chen in this way.

"Enough of this humiliation, I will destroy you and this planet" Hun Chao said to Ye Chen that he would destroy Ye Chen and this planet.

It was obvious that Hun Chao was really fed up of fighting Ye Chen, he wanted to immediately destroy Ye Chen and the contents of this planet.

Hun Chao started to flap his wings to fly into the sky, Hun Chao started to raise his two hands up.

**"Super Explosion Great Darkness"** in the middle of Hun Chao's two palms started to emit a dark energy that felt extremely terrifying.

This darkness started getting bigger and bigger, in an instant the size of this sphere of darkness was several times bigger than Hun Chao's body.

"Master, you must stop that attack, otherwise maybe half the planet will be destroyed." Chu Yuechan immediately warned Ye Chen to immediately destroy the attack that Hun Chao was trying to carry out.

"I see, I will not allow Hun Chao to destroy the earth" Ye Chen will not let Hun Chao destroy the earth.

This was his homeland, he would never let someone like Hun Chao destroy his homeland.

Ye Chen had already decided that he would use the second move of **God Master One Sword** technique to defeat Hun Chao.

The second step of the **God Master One Sword** technique is called God Master Shadow Sword, this is a technique that can trick the eyes of the enemy who sees it.

Ye Chen started to rotate the Divine Yin Yang Sword in his hand clockwise.

When Ye Chen did this, behind the Divine Yin Yang Sword appeared a shadow that was very similar to the Divine Yin Yang Sword.

People who saw this would definitely think that the Divine Yin Yang Sword had a lot of clones.

With so many shadows like this, it will be difficult for the enemy to see where the real Divine Yin Yang Sword is, this makes it difficult for the enemy to guess the direction of Ye Chen's attack.

"Humans prepare to accept your defeat, I will destroy this planet and its contents." Hun Chao had already finished preparing for **Super Explosion Great Darkness**.

Now he just needs to throw the Super Explosion Great Darkness in his hand down, then the **Super Explosion Great Darkness** will automatically explode and wipe out all the remaining life on this earth.

When Hun Chai intended to cast **Super Explosion Great Darkness**, Ye Chen aimed a slash at Hun Chao.

**"God Master Shadow Sword"** Ye Chen started to slash the Divine Yin Yang Sword towards Hun Chao.

"Slash. . ., Slash . . ., Slash . . ., Slash . . ., Slash . . ., Slash . . .," hundreds of slashes instantly landed on Hun Chao's body.

Hun Chao's body instantly turned into small pieces when this happened.

Even though Ye Chen had only just made a few slashes, didn't expect the result to be like this.

Due to the second step of the God Master Shadow Sword technique, Ye Chen's slashes just now seemed a little bit, but in reality Ye Chen slashed repeatedly.

The second step of the God Master One Sword technique looked much more terrifying than the first step, even Hun Chao had no resistance when faced with the second step of the God Master One Sword technique.

Hun Chao didn't make a sound of pain at all when he was defeated by Ye Chen, he didn't have time to scream when Ye Chen crushed his body.

"You son of a bitch, how dare you destroy my vessel, now all my efforts have been in vain" Hun Chao's remnant Soul was currently flying in front of Ye Chen, this remnant soul looked angry at Ye Chen for destroying his body.

Even though Hun Chao had gone to great lengths to reposition the body just now so that he could use it for his old body, unfortunately his body had just been destroyed, so all of Hun Chao's efforts were now wasted.

"That's my original goal, I was deliberately destroying other people's bodies that you have taken over" Ye Chen's original goal was to destroy the body of the person who had been taken over by Hun Chao.

Right now Ye Chen only needed to seal the remnants of Hun Chao's soul again.

Hun Chao's remnant soul was really so stubborn, even with the Divine Yin Yang Sword, Ye Chen couldn't annihilate Hun Chao.

It seemed that the only way was to seal Hun Chao and put him in a place where no one would ever find him again.

"Then, I will take over your body, only, it seems that his body is suitable for my soul container for the time being" Hun Chao intends to take over Ye Chen's body, he is attracted by Ye Chen's body which has a terrible power.

Hun Chao started to get closer to Ye Chen, he really wanted to take over Ye Chen's body.

Ye Chen didn't miss this golden opportunity, Ye Chen immediately took the heirloom of the golden coffin that Sun Yang's ancestor had given him.

Ye Chen instantly opened it right in front of Hun Chao, Hun Chao's remnant soul immediately stopped when Ye Chen took out a golden coffin heirloom.

Hun Chao looked scared by the heirloom of the golden coffin that Ye Chen had just taken.

"Now you go back to where you belong." Ye Chen immediately activated the golden coffin heirloom.

The golden coffin heirloom instantly sucked Hun Chao in.

Hun Chao tried to fly away, unfortunately what he did was completely in vain, Hun Chao's remnant soul was sucked into the heirloom of the golden coffin.

"no . . .!!!!" Hun Chao screamed hysterically as his remaining soul entered into the heirloom golden coffin, this time Hun Chao really looked very desperate.

Ye Chen ignored Hun Chao's screams, kept trying to seal Hun Chao into the heirloom golden coffin.

## Chapter 939 - Time To Change The Earth

Hun Chao can easily be put in a golden coffin heirloom.

"Fucking. quick release me from this rotten prison" from within Hun Chao started trying to destroy the heirloom golden coffin.

Unfortunately what Hun Chao did didn't work out, Hun Chao couldn't get out of the golden coffin heirloom.

"Hehehe, now that you can't run away anymore, you should immediately tell me where you hid your real body" with an evil smile Ye Chen immediately interrogated Hun Chao, he wanted to know where Hun Chao had hidden his real body.

"I will never tell where my real body is." Hun Chao refused to tell Ye Chen where he hid his real body.

"So you really don't want to tell me, well then I will throw you to the deepest place on this earth so that no one can find you anymore" Ye Chen said to Hun Chao that he would throw Hun Chao into the deepest place on this earth.

Ye Chen knew that he would not get anything from Hun Chao, surely Hun Chao would not want to tell Ye Chen where his real body was.

Therefore it was better for Ye Chen to throw Hun Chao and this golden chest somewhere where it was impossible for anyone to find.

Ye Chen already knew where he should throw Hun Chao, Ye Chen started to lift the golden chest that was used to seal Hun Chao.

"Ye Chen where are you going?" Mu Xueying and Mei Yueli immediately asked where Ye Chen would take Hun Chao to go.

"I will take this person to a place that is very difficult for anyone to find." Ye Chen told Mu Xueying and Mei Yueli that he intended to take Hun Chao to a faraway place and no one could find him.

"Alright then go." Mu Xueying and Mei Yueli welcome Ye Chen to go bring Hun Chao.

Ye Chen nodded, he left while taking Hun Chao to a place very far away.

"Senior Sister, where do you think Ye Chen will take the Demon go??" Mei Yueli asked Ye Chen.

"I don't know about the matter, but the further he takes the demon away the better" Mu Xueying said to Mei Yueli.

Mei Yueli completely agreed with what Mu Xueying said, Mei Yueli hoped that Ye Chen would take Hun Chao to a place that no one knew about.

"Then let's go back." Mei Yueli invited Mu Xueying to come back.

Mu Xueying nodded, she and Mei Yueli headed back to the Kunlun Holy Land territory.

.

Ye Chen was currently flying towards the direction of a volcano, himself descending right at the peak of this volcano.

Ye Chen looked into the crater of this volcano, the crater of this volcano was still filled with scorching lava.

"Very good, it seems this is a suitable place for the entrance to the bottom of the earth".

Ye Chen intended to use this volcano as an entrance into the earth, Ye Chen intended to put Hun Chao at the bottom of the earth where no one would find him.

Ye Chen had consulted with ancestor Sun Yang to change the location of Hun Chao's place, and ancestor Sun Yang told Ye Chen to seal Hun Chao in the depths of the earth, it was the only place no one would ever think of visiting.

Ye Chen immediately took Hun Chao to dive into the lava pool, he brought Hun Chao to the deepest part of the earth.

Since Ye Chen had the inheritance of Flame Veins, the magma in this place could not injure Ye Chen.

Ye Chen quickly dived to the deepest part he could reach.

After several tens of minutes, Ye Chen finally arrived at the end road, the front was deadlocked and could not advance anymore.

Ye Chen didn't know how many thousand miles he had dived, this must have been very deep and impossible for cultivators from the God Realm to reach.

The temperature in this place is also extremely high, it is difficult for weak cultivators to be in this place.

"Human, what are you trying to do, where are you taking me right now?" Hun Chao asked Ye Chen where they were now.

Hun Chao couldn't see anything, around him there was only an endless magma sea.

"This will be your new residence." Ye Chen told Hun Chao that this would be Hun Chao's new residence.

"What !!!, I prefer my old place!" Hun Chao protested when Ye Chen said that this place would be his new home.

"Hahaha, do you think I would be that stupid to put you in that place so you can fool the visitors like before and before?, that will never happen, just enjoy your time here for good" Ye Chen waved his hand towards Hun Chao, he immediately went to the surface.

"Bastard, hurry back right now, take me away from this place" Hun Chao kept yelling at Ye Chen, he told Ye Chen to take himself away from this place.

Unfortunately Ye Chen had already left this place, so Ye Chen could no longer listen to Hun Chao's ramblings.

Ye Chen very quickly rose to the surface, himself immediately came out of the volcanic crater, now Ye Chen is right at the top of this volcano.

"Finally everything is finished, now what to do with Earth?" Ye Chen started to think about what he should do with the current earth.

Hun Chao has made a very terrible destruction, it is very difficult to restore the earth as before.

"It seems that I have to change this world." Ye Chen felt that if he had to change this world, maybe it was time for this world to change from a normal world to a Cultivator World.

The world's population has been greatly reduced, now that the population is very small, it will be easier to start introducing these people to cultivation.

It was also in case that if the world went into chaos again like this, the Earthlings could defend themselves.

Ye Chen would come up with a plan of his own, he would try to implement this change as soon as possible, he hoped that everyone could start adapting to what Ye Chen was going to do.

Ye Chen was going to ask Zhang Shiyun for help to arrange everything, with Zhang Shiyun being the current ruler of the Kunlun Holy Land, Zhang Shiyun would definitely very easily implement changes to the current world.

All the major factions that control the world have been destroyed, right now the world has no one in charge so everyone is free to make their own choices.

"Alright I've decided, that I will change everything" Ye Chen has decided to change everything, from now on this world will be a new World where everyone has the right to choose their choice, no more big factions will monopolize the resources, everyone can enjoy it.

This arrangement may not be quick to do, it may take tens to hundreds of years to completely change the Earth today.

Ye Chen decided to return to the city, he would discuss this with Zhang Shiyun and the people who still had influence in this world.

### **Chapter 940 - Holiday**

almost 3 weeks had passed since the massive attack carried out by Hun Chao.

Now the remaining people are working together to restore this world.

The population is getting smaller and there are only a few people left in the whole world.

It is estimated that only about 10% of the world's population currently remains, while 90% have died at the hands of Hun Chao.

The remaining people try to rebuild their civilization.

Meanwhile there are now several new sects that have started to exist, the rules of the world have been changed, now cultivators no longer need to hide themselves from the mortal world.

The remaining people also began to take an interest in cultivation, they all became interested and joined several small sects that were currently doing large-scale recruitment.

It can be said that the earth has really started to change completely, a new era has really started again.

Now everyone has the right to determine their own destiny without being enslaved by the old rules made by the great powers that control this world.

.

.

While the hero who has saved the world and changed the world is currently reclining on a chair near the pool, meanwhile around him there are dozens of beautiful women swimming and having fun around the pool.

All of these women were of course Ye Chen's women, they were enjoying a vacation after almost 2 weeks of tiring work.

Ye Chen and his wives played an active role in helping to restore this world, they were actively helping to restore this world, so it wasn't strange that they wanted to take this one day vacation.

Ye Chen originally wanted to train, but he was dragged by all the women to come and join in on this holiday.

As a result, Ye Chen enjoyed the beautiful scenery that was currently presented in front of him.

Needless to say, this scene is really very amazing, at this time all the women look very seductive, Ye Chen is a little itching to play with all of them.

Ye Chen was lucky enough to see a scene like this, not all men could be as lucky as Ye Chen to see a scene like this.

"Husband, don't you want to join everyone in the pool?" Zhao Yanyan came to Ye Chen, Zhao Yanyan asked if Ye Chen didn't want to join the women who were currently playing in the pool.

"No, I'd rather be here and watch them play." Ye Chen said that he would rather be here and see all his wives playing and having fun in the pool.

If Ye Chen joins the pool, he is afraid that something will happen to all his wives, maybe his younger brother below will not stand it and decide to attack all the women in the pool :).

"Husband, you better join in the fun with all of us, don't waste your time practicing and solving problems." Liu Yue came over to Ye Chen, Liu Yue told Ye Chen to rest and enjoy this time.

This kind of thing happened quite rarely, so Liu Yue wanted Ye Chen to relax a little for even one day.

Liu Yue knew very well that Ye Chen had the responsibility on his shoulders to save Ling Yin, but Liu Yue hoped that Ye Chen would relax even more and could take the time he had to relax a bit.

"Yue, you don't have to worry, I won't push myself, I know my limits" Ye Chen said to Liu Yue that he knew very well how far his limits were.

"Good, then let's have some fun." Liu Yue and Zhao Yanyan simultaneously dragged Ye Chen into the pool, both of them wanting Ye Chen to join in on the fun.

Ye Chen was helplessly forced to enter the pool, he started to participate in the games played by the women in the pool.

It could be said that today Ye Chen was really having fun with the women in this pool, he really enjoyed playing and having fun in the pool together with his peerless beauty.

Laughter that was very pleasant to hear began to sound in Ye Chen's ears, Ye Chen was delighted to hear this laughter.

Ye Chen was still Ye Chen, while having fun with his wives, Ye Chen started to take advantage of all the beautiful women who were in this pool.

He began to touch the body and flirt with the women in the pool.

Since all the women who were in the pool were his wives, no one put up any resistance when Ye Chen took advantage of them, everyone looked happy when Ye Chen touched and watched them.

If a woman already belongs to a man, they usually don't get angry when their man touches them.

Days like this were rare, so it wasn't strange that Ye Chen wanted to enjoy this a little longer.

Unknowingly it was getting dark, it was time for everyone to get out of the pool and change into their usual casual clothes.

Ye Chen was a little reluctant to end all of this, but as time passed, he couldn't continue like this.

Now Ye Chen had to return to his busy life to train and strengthen himself again and reach the peak of cultivation.

"Husband, there is a beautiful woman outside looking for you" Li Qingzu who had changed into a maid outfit suddenly came to Ye Chen, he told Ye Chen that outside there was a beautiful woman looking for him.

After fully professing her love for Ye Chen, now that Li Qingzu had called Ye Chen a husband, she really could no longer leave Ye Chen.

Even though Li Qingzu has become Ye Chen's woman, Li Qingzu is still a maid in this house, she likes to help Xiao Lulu clean this villa.

"Who's looking for me at night like this?" Ye Chen asked who was looking for him at this time of night, he wanted to know who the beautiful woman was looking for him at this time of night.

"That I don't know, I'm quite unfamiliar with that woman, that woman must have a slightly old-fashioned appearance" Li Qingzu didn't know who the woman was looking for Ye Chen was, he had never seen a beautiful woman currently looking for Ye Chen.

Ye Chen became curious about the beautiful woman looking for him, Ye Chen decided to go and see for himself.

"Okay, I'll go and see for myself." Ye Chen said to Li Qingzu that he would go and see the woman.

"Um. ." Li Qingzu nodded to Ye Chen, he decided to go back to the kitchen together and help Xiao Lulu and the others to prepare dinner.

After a long day of activities, all the women must be hungry, that's why after this there will be a dinner party.

Anyway, today they will all have fun and forget their daily life of cultivating and cultivating.

Ye Chen immediately went towards the entrance, when Ye Chen arrived at the entrance of the Villa, Ye Chen saw a woman who had long straight black hair with her back to him.

From the back alone this woman already looks beautiful, Ye Chen began to wonder what kind of face this woman had.

"Miss, why are you looking for me?" Ye Chen immediately asked the beautiful woman in front of him, Ye Chen wanted to know who this woman in front of him really was.

The beautiful woman with long black hair turned around and looked at Ye Chen.
