

Alphas Broken Mate by Elizabeth Johanne Chapter 11

Fort Night

Andrew's POV

When I wake up I feel Lina's leg over me. She has really curled up to me. I smile and feel the warmth from her body. I run my hand over her hair and down her back. I see goosebumps form over her skin and she moans in her sleep. Hearing her moan makes Mark go crazy in the back of my mind. I take a few deep breaths to control him and then I feel tingles coming from my side to my stomach up to my chest. I take in a quick breath. I feel her giggle at my reaction.

"Oh you think it's funny to tease me?" I say. I flip her over on her back and lay on top of her and go for her sides to see if she's ticklish. Pleased to find out she is. She's giggling and trying to push my hands

away.

"Haha no! Haha stop! Not fair!" She's laughing so hard. I stop tickling her and just watch her laugh. She's so beautiful when she laughs. It's the first time I've heard her laugh like this. She settles down and pushes my shoulder.

"Don't tickle me." She says with a smile.

"Oh well am I allowed to do this?" I ask as I lean down and kiss her.

"Yes" she says as I pull away "And what about this?" I ask as I kiss down her neck

1

Neck

"Yes" she says as she closes her eyes "And this?" I ask as I make my way to her mark spot.

"Yes" she almost whispers. Her breathing is heavier and faster.

"And this?" I move my hand under her shirt and place my hand on her br***t and find her ni***e. She moans instantly and it drives me crazy hearing her moan from my touch. I press myself into her so she

can feel how much I want her. She wraps her arms around me pulling me in. I tug on her ni***e gently and she gasps and digs her nails into my back. My face is still buried in her neck and I run my teeth over her mark spot. I'm not going to mark her but I know how sensitive this spot can be. She lets out another moan. I move

my hand down to her waist and stop before I go further. "You haven't said yes yet little mate" I pull my head up to look her in her eyes. My lips graze hers. She knows I'm waiting for permission before I go

further.

"Yes" she whispers

And with that I slide my hand down the front of her shorts. I rub my fingers over the top of her underwear and can feel how excited I have made her which only excites me more. I unbutton her shorts and take them off along with her underwear.

"And little mate am I allowed to do this?" I slide my hand between her legs and rub my thumb on her nub and I hear her gasp. I rub harder and start trailing kisses down her neck. I hear more moans escape her mouth. Each moan driving Mark crazy in my mind. I slip a finger through her folds and into her entrance, she takes in a sharp breath and arches her back. I kiss down to her ni***e and take one in my mouth and su*k.

"Yes Andrew!" She moans and I am in heaven hearing her moan my name.

I move faster in and out of her as I can feel the tension rising within her. I slide another finger in her and she lets out another moan as it enters. I can feel she is almost there when I nibble on her ni***e. I hear her cry out in pleasure and feel her explode, but I don't stop. I let her release one more time before coming back to her face. She is flushed and out of breath and the most beautiful sight.

"Good to know what I'm allowed to do little mate." And I kiss her nose.

+15 MUS

Fort Night Kisses me.

"But you've already done so much for me already today." She says with a smirk. I laugh.

"Let me take care of you Lina. In more than one way." I kiss her and get up and head for the bathroom. "How hot do you like your bath?!" I yell from the bathroom.

"HOT!" She yells back. Of course you do.

I run the bath and head back to the bedroom. She's still laying in bed.

"Do you want me to put you in the tub?" She nods. I scoop her up and place her in the tub gently.

"I'll go make us some breakfast." She grabs my arm.

"But you only know how to make like 3 things." She says looking worried I'm going to make a large stack of pancakes again. I laugh.

"I'll ask Rachel to help so there will be more than just pancakes." I kiss her forehead, head to my room, and change clothes. I ask Rachel for help and she meets me in the kitchen.

"Well you look happy." Rachel says giving me a side glance. "Maybe I am." I give her a side eye back. Rachel just smiles and goes back to making this French toast casserole. I am making some eggs.

When we are done we call Murphy and Lina to come down. We made French toast casserole, fresh whipped cream, eggs, sausage, and bacon. We all sit at one side of the table and eat. It's delicious! And then we hear thunder crash outside and the rain comes.

"Damn, no boat today." Murphy says. "And no bonfires." I add

"We could have a lazy day, make a fort and watch bad scary movies." Lina says. I am shocked by what a great idea that is.

"Heck yeah! I'll get started on the fort, Drew help me!" Murphy says rushing from the table. "You're just trying to get out of doing the dishes." Rachel yells at Murphy "I'll help." Lina says. "I'll just be right back." She grabs a cup of coffee and steps out onto the porch.

I peek out the window and see she hands the cup to Gamma Lucas. They talk for a minute and then she heads back inside.

Catalina's POV "Gamma Lucas" I say as I step out the door of the lake house. I hand him a cup of coffee. "Luna." Gamma Lucas takes the cup. "Oh I wish you wouldn't call me that. I'm not the Luna." I say looking down. "Not yet. But you are my Luna." Gamma Lucas says with a smile. "Do you think I'll be good at it?" I ask

"I think you will be great. You came and brought me coffee. You are in there having a good time and you thought of little old me. That's what a Luna does. While the Alpha deals with the business portion of the pack, the Luna deals with the people of the pack. I am proud to call you my Luna." Gamma Lucas says smiling at me. I smile back and head back inside to help Rachel clean up.

I'm at the sink washing dishes. "Rachel, who's Sienna?" I ask.

"Ugh she's this warrior she-wolf in the pack. When I first got here she was the one who you threatened to beat up." She laughs at the last part.

"We'll already don't like her." I say and she laughs again.

Fort Night whole Jackson uning napped. i ask.

She nods. "Yes, but I understand if you don't want to do that right now with all that's happened."

"The thing is, I do want to do it." I say, and then I hear a loud squeal!

"Wow babe what?" Murphy says from the other room.

"She wants to do the mating ceremony!" Rachel squeals. Andrew comes walking into the kitchen. He places his hands on my shoulders.

"Seriously? Are you sure baby?" He looks me in my eyes. I nod and smile.

"Yes I do. I think I'm ready." I say. Andrew pulls me into a hug and kisses the top of my head.

"If you're sure. I know a few people who will be happy about this. And I know Rachel can't wait to plan it." He says.

Rachel told me about the mate ceremony a few days ago to help me understand some things about the pack. The mate ceremony is basically like an engagement party. Andrew introduces me to the pack and neighboring packs. The pack holds a large party where I am announced as his mate and the future Luna of the pack. Basically I'm telling everyone I'm ready to be Luna.

"I have one request though." I add. "Anything babe." He says "I don't want my family to attend." I say shyly. I know the family of the future Luna typically attends. "Ok baby. We won't invite them." He says bringing me into another hug.

"Oh my goddess we have so much planning to do! And SHOPPING!" Rachel is really excited. "We need to head back tomorrow to plan." She adds.

"Oh please don't cut this short on my account" I say upset this will end.

"Linas right we can stay one more day." Murphy looks just as upset as I feel. I love how he wears his feelings on his sleeve.

"Murph is right. One more day here will do us all some good." Andrew adds.

"Fine, but I'm making a few calls tomorrow to get the ball rolling. We have to send the invites out as soon as possible." Rachel explains.

"And your mom is going to be so excited." She adds talking to Andrew. Oh no I haven't even met Andrew's family. We need to do that before this whole ceremony.

"When am I going to meet your family?" I look up and ask him.

"We'll plan a dinner when we get back, ok?" He says looking down at me.

"I'd like that." I smile

"Ok future Luna, I'm really excited about the ceremony, I love a good party, but ladies come look at this fort your men have built for you." Murphy says proudly. I had actually forgotten about the fort. We walk around the corner to the living room and there is a fort made out of chairs, blankets, and cushions. It's honestly impressive and Murphy's face is glowing with pride. I giggle and take Andrew's hand. We walk over to get a better view.

"Wow guys. I'm seriously impressed." Rachel says. I nod in agreement. We all climb in and turn on an old scary movie and the rest of the night is the same. We laugh at all the bad acting and the "scary" monsters. We have pizza delivered and just have a really good time in each other's company. I spend a lot of time cuddling Andrew and it's nice. I guess I fell asleep downstairs because I wake up in bed next to Andrew who is out cold,

on his face. He can tell me about this female he moves to the side and seen as eyes DOK a and then to me

*Hey baby." Andrew says in a sexy voice.

"Hey mate." I say the last part loud, I've never called him that, but I felt like I needed to claim him loudly

"Lina have you met Sienna?" Andrew asks

"Oh no I haven't. Hello, I'm Catalina, Andrew's mate. I heard you received the invitation to the mating ceremony, looking forward to seeing you there." I say as I stand in between her and Andrew and wrap my arm around his waist and place my other hand on his side being very possessive. Sienna just looks shocked

"Hi yes I did receive it. she says still a bit in shock "I think I like jealous Lina" Andrew says in my mind.

"Great! If you could excuse us for a minute." I say dragging Andrew away. We jump back on his boat for a bit more privacy.

"Were you trying to make me jealous?" I whisper yell at him. What? No Lina! I wouldn't do that." Andrew says

Well what were you doing letting her hug you and have her arm on you. And yes I was jealous, ok? I'm getting a little louder.

*Lina baby listen to me. I love you and only you. I only have eyes for you. I need you to believe me Sienna has always tried to be more with me but nothing has ever happened." Andrew tries to explain, growl at her name. Andrew giggles and shoot him daggers with my eyes.

"Baby calm down. How about I spend the rest of the day with you so if any woman comes close to me you can scratch her eyes out?" Andrew says raising an eyebrow. I realize now I may have overreacted.

"Fine you stay by my side the rest of the day." I say

Yes Luna. Mmhmm I like you giving me orders." Andrew says going for my sides to tickle me. "No don't you dare." I say slapping his hands away.

The rest of the day is better. Andrew stays by my side and Sienna keeps clear of us. I start having fun again. By the end of the day I notice Sienna has left early. We all part ways and head back to the lake house. Andrew and I take a bath together. Nothing too steamy happens, we are both exhausted from being in the sun all day, being surrounded by people, and drinking. We cuddle up into bed and fall fast asleep.
