Chapter 3520

Chu Yuan suddenly frowned, "It seems that you are determined to embarrass me."

"However, Yuedu, do you really think that as long as you block me, then Brian Chu will be able to escape and survive?"

"Then I can only say that you are so wrong."

Chu Yuan shook his head and said sadly.

"You and I know that Brian Chu is already at the end of the strong crossbow. Don't say the title is strong, it is my Chumen Mountain who chases him at will, so I can kill him at will."

"So, it doesn't matter if I participate in the hunt or not."

With a sneer, Chu Yuan immediately turned his head to look at Tang Yun and the others: "Xiao Yun, and the top ten elders of Chumen, are responsible for chasing and killing Brian Chu, and I will leave it to you."

"He was seriously injured and he couldn't walk far."

"You are in charge of an area, leading the members of your family, and starting a carpet search."

"I don't believe it, that Brian Chu, who is a broken body, can still run away from under the nose of my Chumen?"

"It's the same sentence, I want to see people when I live, and I want to see corpses when I die!"

Chu Yuan knew that the Moon God was blocking him, and he was afraid it would be difficult to get rid of it.

But it doesn't matter, it's enough to rely on the remaining powerful Chumen to hunt down a dying bereavement dog.

"Yes!"

"Old Patriarch rest assured, we will definitely capture that Brian Chu!"

"Then he will be smashed into thousands of pieces, his bones will be frustrated, and we will avenge our dead brother!"

For a time, everyone in Chumen was filled with indignation.

One by one, like a mad dog, centering on this place, they searched in all directions.

"Sect Master, let's go too."

Great Elder Tang Xian looked at Tang Yun and urged.

Tang Yun nodded and joined the army searching for Mark.

"Chu Yuan, why are you so cruel?"

“Why let him make a living?”

“He Brian Chu, after all, is the descendant of your Chu family, the flesh and blood of your son.”

“You kill him, you are not afraid of waiting for your son to return in the future, will you face it without face?”

Seeing the Truman who was dispersing in all directions, the Moon God frowned.

With so many people, she couldn't stop it.

The current Moon God could only restrain Chu Yuan alone.

Facing the question from the Moon God, Chu Yuan suddenly sneered: “Our Chu family's housework, so don't bother you.”

“Instead of worrying about me, it's better to worry about the next night.”

“Do you think, how long can he hide?”

“Hahaha...”

Chu Yuan's wanton laughter echoed throughout the Chumen Mountains.

At this time, the entire Truman was dispatched.

Among the mighty mountains and forests, inch by inch, he searched for Mark's trace.

At this time, Mark was hidden in a cave by the Moon God.

His injury was too serious, and the successive battles had already overdrawn Mark's body.

Now he, almost even a drop of vitality, can hardly condense.

He can only choose to hide in the cave, adjust his breath slowly, and try to recover a little energy.

However, Mark knew very well that he could not hide here for long.

It was only a matter of time before his location was revealed under that all-out search.

Mark only hopes to be able to come a little later at this time, in this case, he may be able to recover some strength.

However, things in the world often backfire.

Soon, outside the cave came the voice of a strong man from the Chu Sect.

.....

“Ma De, where do you think Brian Chu can go?”

“Could it be possible that you have already escaped from the Trumen Mountains?”

....

“Impossible. He has been beaten like that by our old doorman. I am afraid that he can’t walk steadily. In such a short period of time, it is impossible to go far.”

....

“Go, there is a cave in front, let’s go over and take a look...”

....

While speaking, those footsteps are getting closer and closer.

Mark hid behind the entrance of the cave, holding his breath, quietly listening to these people approaching.

Mark can only pray now, there are few people coming, and the strength is not strong, so he might be able to kill them by surprise attack.

However, after they approached, Mark’s heart was cold.

There were three people here, one master, and two powerful people.

With this lineup, Mark can already wait to die.

Chapter 3521

“It seems that I, Brian Chu, should be killed today.”

After feeling the cultivation base of the three people outside the cave, Mark couldn’t help laughing at himself, and the delicate faces were full of sadness.

Mark had already given up, and simply sat there, waiting for the arrival of the strong from the Chu Sect.

With the opponent’s lineup, Mark knew very well that at this time, he would do nothing in vain.

His current strength is a wild dog coming, and it is possible to kill him. What’s more, there is a martial arts master on the other side?

In this way, Mark sat in the cave, quietly waiting for them to approach, waiting for them to walk into the cave, waiting for them to find themselves and then bring them back to the sect to ask for merit.

However, at this moment, there were several breaking noises from outside the cave.

Immediately afterwards, there was a burst of blasting sound.

Afterwards, everything fell into silence.

“Um?”

“what happened?”

Mark, who was hiding in the cave, was full of doubts.

He moved his steps hard, wanting to go to the entrance of the cave to see the situation.

However, before he took a few steps, Gaia’s figure appeared at the entrance of the cave.

Behind him, there are a group of Dragon God powerhouses such as Owen and Binghuangce.

At the moment when they saw Mark, the eyes of Gaia and the others were undoubtedly red immediately.

“Dragon Lord, you...you...”

At the entrance of the cave, Gaia and the others were stunned, looking at the man in front of them in disbelief.

They couldn't imagine that Brian Chu, the Lord of the Dragon God Temple, who once horrified the world and covered all directions, was now so haggard.

He was covered with blood and bruised all over.

The once handsome face, at this moment because of weakness, is pale and can't see the slightest blood.

Is this still their dragon lord?

Is this still Brian Chu who horrified the world back then?

If you can't see Mark's face clearly, I guess Gaia can do it. This one in front of you is a dead old man.

Bang bang bang bang!

With four consecutive beeps, all of Gaia knelt down.

The heavy body smashed on this ground.

The boulder shattered, causing the entire mountain to tremble.

The four Gaia, who had been in the weather for a long time and one generation, knelt down, their old eyes turned red unconsciously.

The murky tears flowed down their old faces in a vertical and horizontal direction.

“Dragon Lord, God of Earth and Mountain...”

.....

“The God of Bronze and Fire...”

....

“I'll wait for the rescue to arrive, please dragon lord to punish!”

....

“Please punish the dragon lord!”

Boom~

The four Gaia bowed their heads and bowed, tears of the old man.

His forehead hit the ground, smashing deep pits.

At this time, the four Gaia were both heartbroken and ashamed.

They didn't arrive in time to help Mark, and the dragon lord who hurt them was seriously injured.

Mark looked at them, but smiled, his weak voice slowly sounded: "Why are you old things here?"

"Who told you that I am here."

Mark said weakly, perhaps because of his weakness. At the end of the talk, another mouthful of blood came out from his mouth.

When Gaia and others saw this, they became even more anxious: "Dragon Lord, don't talk anymore."

"This is the medicine Yueyao Medical Immortal asked me to bring."

"Should be able to help you quickly regain some strength."

"I just don't know, you have such a serious injury, how effective this medicine can be."

While Gaia spoke, he quickly handed a jade bottle to Mark, and then urged Mark to take the medicine.

Soon, those pills turned into a stream of pure abilities, slowly moisturizing Mark's already rich body.

Although the effect was not great, at least, Mark recovered a little bit of strength.

With gritted teeth, I can stand up and walk slowly.

"Dragon Lord, don't stay here for long."

"When I came, Truman was searching for you all over the mountains."

Chapter 3522

"We will take you out of here first."

"When you return to the hot summer and Noirfork, you will be safe."

After all, this is the base camp of Trumen, and there are people from Trumen everywhere.

Gaia and the others must take Mark out of here as soon as possible.

After returning to the hot summer, it will undoubtedly be much safer.

The two places are tens of thousands of miles apart, and the hot summer is where the Martial God Temple is stationed, and Noirfork is Mark's basic plate.

As the saying goes, crossing the river and dragon can't get through the tiger.

When Mark returned to his turf, the people of Chu Sect wanted to catch Mark, and they were not so easy to catch.

"go!"

Without further ado, after Mark temporarily recovered some strength, Gaia immediately picked up Mark, and a group of five quickly fled towards the outside of the cave.

However, as soon as they walked out of the cave, they felt several powerful auras sweeping towards here.

“No, someone is here!”

“Gaia, you take the dragon master first!”

“Here we are blocking.”

Ice Emperor Su Muqiu’s expression changed, and he immediately said to Gaia.

“go?”

“Did you leave?”

“My Chumen Mountain has already laid a net of heaven and earth, today, Brian Chu, you can’t escape with your wings!”

The chaos here just now naturally attracted the attention of the nearby Trumen.

There was a roaring loud sound, and dozens of experts from the Chu Sect were surrounded here.

Of the six leading players, the worst of them all have half-step title strength. The strongest was Tang Xian, the Great Elder of Trumen, ranked in the top ten in strength, far surpassing Gaia and the others.

These six people, without exception, were all the elders of Truman.

When they heard the movement, they brought people to besieged and killed.

Sure enough, Mark was here.

“What should we do now?”

“It seems that I can’t leave?” Gaia’s face paled.

Owen also had this gloomy face, full of dignity.

“There is no way, I can only rush out strongly.”

“Furthermore, a quick fight!”

“Otherwise, it will only attract more powerful people in a while.”

“If the master of the Truman has arrived, we won’t have any chance of escape.” Owen said in a deep voice.

The four of them looked at each other, and they all nodded, preparing for a while to directly use the strongest technique to break through the encirclement of Chumen.

“Gaia, it’s mainly you!”

“Remember, no matter what for a while, find the opportunity and immediately take the dragon master out.”

“The three of us will do our best to buy you time.” Owen and others once again told Gaia.

Gaia nodded: "Okay!"

After the four of them discussed, they no longer had any hesitation, and their power exploded immediately.

The four auras, like a dragon, rise up into the sky.

The terrifying majesty, like a torrent of torrents, sits between the world.

In the end, the four forces converge in one place.

With the combination of the four titles, how powerful is that power?

The power of terror stirs the situation.

Just like a shining sun, it blooms instantly on the top of Chumen Mountain.

Immediately afterwards, in the trembling eyes of the elders of Chumen, the four Gaia stomped their feet and screamed: "Ice and fire mysterious dragon fight, now!"

Booming~

It is like thunder running through the sky and the earth, and like electric light directly hitting the heart of the sky.

After the four dragon gods drank together, I saw that the world was changing and thunderclouds were rolling wildly.

Endless power lingers and gathers.

Soon, a thousand-hundred-meter-long dragon light and shadow broke out of the cocoon between the sky.

The dragon runs through the heavens and the earth, covering the sky and the sun.

The whole body is scaled, like armor and steel.

Half as red as fireworks, half as blue as ice and snow.

Half of it is as hot as fiery magma, and half is as cold as Jiuyou Xuanbing.

It is these two forces of ice and fire that mutually reproduce and restrain each other, once they appeared, they slammed into the Chu Sect powerhouse with the might of annihilating the world.

Tang Xian and other elders of Chumen were undoubtedly shocked, and while shouting to make everyone retreat, they asked the elders to take action together to fight the enemy together.

However, even if the six elders of Truman joined forces to fight the enemy, under the majesty of the ice and fire profound dragon, they were still defeated by a single blow.

The raging fire and ice dragon swept the Quartet.

All the strong in Truman vomited blood and flew upside down!

"Gaia, go!!!"

Chapter 3523

“Gaia, go!”

At the moment when the Four Dragon Gods gathered fire and defeated the elders of Chumen, Gaia seized the time, like an arrow from the string, carrying Mark crazy and fleeing towards the bottom of the mountain.

The remaining three people, including Owen, were in charge of the queen, struggling to hold back the powerful Chumen who came one after another.

“Damn it!”

“How can these old things be so strong?”

Tang Xian had already gotten up from the ground, even if he was as strong as him, he was actually injured under the attack of the same degree just now.

At the corner of the mouth, the blood stains were still wet.

This is true even for him, not to mention the remaining elders.

Except for one or two standing behind, only minor injuries, the remaining three, with broken ribs and blood flying, were beaten and lost their combat effectiveness in one move.

The elder with the weakest strength was directly penetrated in his chest during the collision just now.

Falling to the ground, blood flowed, no more anger.

“Eight Elders!”

“Elder Eighth, wake up...”

For a time, all the powerful Chumen rushing around came around, watching the eighth elders of the Chumen who had lost their lives, and some of them shed tears.

Tang Xian clenched his palms tightly, his eyes full of Bing Han: “Damn Brian Chu!”

“If you don’t kill you, how will you be able to afford the heroic spirit of Chumen who died?”

The roar of anger resounded throughout the world.

Then, under the leadership of Elder Tang Xian, a more violent pursuit and siege began again.

Before Mark went to the Chu Sect on both occasions, almost all the active combat power of the Chu family was defeated, especially the two elders Xuan Ming, who could no longer participate in the encirclement and suppression because of his injuries.

However, don’t forget that most of Truman’s combat power is still there.

Especially Tang Yun was defeated by Ye Fanjian before.

However, in the previous battle, Mark had kept his hands, but it only caused some injuries to Tang Yun, and did not really defeat the Chu Sect master.

Now that Tang Yun has been trimmed, her strength can already show 50% or even 60% of her heyday.

Therefore, even if the four dragon gods arrived, Mark would still have difficulties to escape from Chumen Mountain.

Owen and the others are clearly aware of this.

Therefore, in order to reduce the pressure on Gaia's side and smoothly send Mark out of Mount Chumen, the Owen trio chose a completely different path from Gaia's when they retreated.

In addition, Gaia retreated while fighting, deliberately creating a big momentum in order to attract the attention of the Truman powerhouse.

Whoosh whoosh~

The wind was violent, and Gaia was galloping.

The speed is so fast, in the mountains and forests, there are many afterimages.

"Dragon Lord, hold on."

"very soon..."

"It won't take long before we can rush out."

Gaia is still running, but Mark behind him is getting weaker and weaker.

The pill that Yueyao Medical Immortal asked him to bring was only maintained for a while after all.

"Damn the Chu Family!"

"Damn Truman..."

"How can we kill our dragon so terribly?"

"Twenty years later, when Gaia stepped into the realm of the gods, I had to blow up the entire Chumen Mountain."

"Repay the dragon lord today with an arrow of revenge..."

Gaia was sad, but he couldn't help cursing.

In this way, Gaia ran for more than ten kilometers in a row.

Seeing, he was about to run out of this mountain forest.

But who could have imagined that at this moment, a fierce momentum quietly spread from the front.

When Gaia looked up again, he suddenly found that at the end of his sight, there was a person standing there.

No one else, but the great elder of Truman, Tang Xian!

"you you..."

“How can it be?”

“Isn’t Irving holding you back?”

“Why did you run ahead of us?”

Gaia stopped, stared, looking at the elder Truman in front of him in disbelief.

Tang Xian snorted: “The two tricks of adjusting the tiger away from the mountain are okay to deal with others, but to deal with me, I can only say that you are too naive.”

Yes, when Gaia and Owen fled in two separate ways, Tang Xian had already seen suspicion.

Chapter 3524

He asked a large number of Truman powerhouses to chase Owen.

But he went all the way south, hurried to the pass of Chumen Mountain, and waited here, waiting for the rabbit.

In fact, as Tang Xian had expected, Gaia took Mark and fled in another direction as expected.

“If I remember well, you are Gaia, king of Persia.”

“You are also considered the king of the roost, why do you fall for yourself and worship a junior as your master?”

“Brian Chu is now over. I urge you to look back in time and look for the good lord.”

“Otherwise, if you don’t realize it, you don’t know that Brian Chu will fall with this, and you will be buried with him.”

Tang Xian was condescending, smiling faintly.

Looking at Mark and their eyes, it was like looking down at two ants.

The fact is also true.

The two Gaia nowadays, in Tang Xian’s hands, are they different from the fish on the chopping board?

He is the top ten titled powerhouse in the top ten.

If the four dragon gods didn’t use the Ice and Fire Profound Dragon, they would join forces, and they would not necessarily be his opponents.

What’s more, now only Gaia is left.

As for Mark, he was already a waste, and Tang Xian could completely ignore Mark’s threat.

“Hahaha..”

“Your Excellency is right.”

“Actually, I wanted to change the gate a long time ago.”

“If I hadn’t been for the guys like Irving to force me with knives, I wouldn’t have been to Chumen Mountain for a trip to this muddy water.”

“Or, let’s make a deal.”

“I will leave our dragon to you, will you let me go?”

“how?”

Gaia carried Mark on his back and asked Tang Xian.

Tang Xian nodded, “If the King of Persia really thinks so, it would be the best.”

“The enemy should be settled but not settled. In fact, I don’t want to start with the king of Persia.”

“Well!”

“I will give you the Dragon Lord.”

“Connected!”

Gaia laughed, and then threw Mark behind him towards Tang Xian.

Tang Xian just thought that Gaia was fooling him. Now that he saw this guy really throwing Mark over, Tang Xian was undoubtedly overjoyed and hurried forward to pick him up.

“Ha ha...”

“Thanks to King Bos for this great gift.”

Tang Xian laughed.

But as soon as his laughter fell, he didn’t take a few steps forward. Gaia, who was still standing still, stepped on the ground and rushed out instantly.

“I thank your mother!”

Gaia yelled aloud, his figure only like an arrow from the string.

With a leap, he overtook Mark and slammed an iron fist on Tang Xian’s head fiercely.

“not good!”

Mark, who was thrown in just now, blocked Tang Xian’s vision.

So when Tang Xian found out that Gaia had attacked, it was already too late.

In a hurry, Tang Xian quickly raised his arm to block the vital, and resisted Gaia’s heavy blow.

The earth cracked and the rocks flew across.

Tang Xian was instantly repelled by a hundred meters.

However, after all, he was one of the top ten powerhouses in the sky list. After resisting Gaia’s punch, Tang Xian stepped on the ground and immediately began to counterattack.

Gaia at this time had undoubtedly realized that he could no longer escape with Mark's words.

Therefore, at the time of the crisis, Gaia made a decisive decision, hugged Mark with both hands, and then drew all the strength of his body to gather everything on his arms.

Just like this, it's like a volcanic eruption.

Gaia held Mark and threw it towards the bottom of Chumen Mountain.

boom!

Juli smashed the world, and the sonic boom swept the void.

Mark's figure, under the influence of this force, almost turned into a stream of light, and shot towards the outside of Chumen Mountain, shooting wildly.

"Dragon Lord, live!"

"You must live~"

Gaia's eyes were red, and he roared hoarsely.

"stop!"

"This damn thing!"

Seeing Mark thrown it out to Gaia, Tang Xian, the Great Elder of Trumen, was undoubtedly anxious in an instant.

He turned and chased after him.

But how could Gaia make him wish.

He rushed over, hugged Tang Xian, and pulled Tang Xian back to Shengsheng with the force of his waist.

"Go away!"

"Are you looking for death?!!!"

Chapter 3525

"If you don't want to die, just get out of me!"

In the mountains and forests, Tang Xian, who was entangled by Gaia, cursed angrily.

The duck with its mouth is about to fly.

One can imagine how eager Tang Xian was at this time.

He had a magnificent face, beating Gaia violently, and roaring angrily.

But how could Gaia make him happy.

No matter how threatening Tang Xian was, Gaia always held him tightly.

Even if he was kicked into the air, Gaia would immediately rush up to entangle Tang Xian again.

In order to give Mark a chance to escape.

“Dragon Lord, stay alive!”

“We must live...”

Gaia’s mouth was full of blood, but looking at the direction Mark was thrown away by him, he couldn’t help crying.

Phoo~

The storm was bitter, and Mark’s body was wrapped around with huge force, and he flew straight for dozens of kilometers.

How strong is the power of the titled master?

What’s more, the act of sending Mark away almost used up all of Gaia’s power.

It is conceivable that Mark would be carried by this huge force and how far he would fly.

“Gaia!”

“you...”

Mark, who was still deep in the air, was in a complicated mood.

He looked at the towering Chumen Mountain in the distance, and could vaguely see the title-level battle in the distance, and he could also hear the deafening crash.

Mark knew that these were his four strong dragon gods, who were leaving to protect him and fighting against the strong Chumen.

Also, Gaia, who was just now, would rather stay and confront Tang Xian by himself, but also use his strength to send him down to Chumen Mountain.

Gaia’s alive voice contains what kind of hopes and expectations.

“How can I, Brian Chu, how can you wait for me like this?”

The river was long, but Mark’s mood was extremely sad.

He wanted to rush up to fight alongside them, but he also knew that in his current situation, even if he rushed up, it would not have any effect at all.

However, just when Mark was full of grief, his body had already leapt across the mountains and forests, and a few steps forward, he was already able to leave the mountain boundary of Chumen Mountain.

However, when Mark was about to escape to the sky, he saw that where the mountain and the forest met, there were several black-clothed figures standing proudly.

They are like ghosts in the dark night, and ghosts from hell.

Just stand there like that.

Thirteen people!

Black hair, black clothes and black robe, if not for the two pairs of eyes filled with chills, it is estimated that no one would think that they would be human.

No one knows how long they have been waiting here.

It's like a messenger guarding the gates of hell, quietly waiting for the dying person to step into it.

boom!

Finally, when Mark flew here, one of them raised his palm and suddenly pressed it.

The vigorous energy condenses a wall of air in front.

Mark slammed into it with a bang, and all the kinetic energy on his body instantly dissipated.

The earth smashed into a deep hole, and the sky was filled with dust.

Mark's body trembled, a mouthful of blood, and he vomited out again.

However, after Mark fell to the ground, dragging his broken body, he crawled towards a huge boulder behind him.

Then, Mark leaned against the boulder, calmly and calmly, looking at the thirteen powerful men in black in front of him.

These thirteen people, without exception, are all titled masters!

The momentum soaring to the sky, just standing there, it was like a raging fire burning.

The surging power, almost here, weave a net of heaven and earth.

And Mark is the turtle in that urn.

Seeing these people and feeling the rich murderous intent emanating from them, Mark was not afraid, just raised his head and smiled.

"Ha ha..."

"Ha ha ha ha..."

"I didn't expect Brian Chu to have such a face."

"Let's get thirteen powerful titles to encircle me at the foot of Chumen Mountain."

"It's better to fall into your hands than to die under a few Xiao Xiaomen."

"It's not in vain that I declared it by Brian Chu I."

Chapter 3526

Mark couldn't help laughing, and the laughter was full of sadness.

What is meant by everyone pushing the wall down.

Maybe this is it?

At the beginning, Mark went to the Chu Sect and used his own power to break through the countless powerhouses of the Chu Family. If Chu Yuan hadn't appeared last, Mark would have stepped on the foot of the world's largest wealthy.

However, even if there was a god-level powerhouse in the Chu family, under the threat of Mark, the Chu family still regressed and admitted that they would send someone to the hot summer to apologize.

Mark at that time was so beautiful.

Ranked number one in the sky, fame as a young man, shocking the world.

The old house in Noirfork, grandpa's birthday, all heroes and heroes from all over the world come to worship and present birthday gifts.

However, when the prosperity is gone, who would have thought that Brian Chu, who was terrifying the world a few months ago, is now dead.

Tang Yun wanted to kill him, the Jones family wanted to kill him, the Chu family wanted to kill him, and now a dozen mysterious people appeared suddenly and wanted to kill him.

There are many people in the world who are icing on the cake, people who fall into the rock, and only those who give charcoal in the snow are rare.

No one is good for a thousand days, and no one is good for a hundred days.

After the peak, it withered.

However, Mark's peak is too short.

The legend of Wushuang titled No. 1 in the sky list is only a flash in the pan after all.

Under Chumen Mountain, Mark smiled sadly.

Escape from Truman is already extremely slim.

Therefore, being surrounded here, Mark did not have too many surprises and disappointments.

On the contrary, this ending gave Mark a kind of relief.

At least, he can live and die together with his four dragon gods.

If the four of Gaia fell here, and he escaped to life alone.

In the future, it is Mark who can avenge this revenge for them, and the guilt and regret in his heart will eventually hold back his life.

Now, falling down with them under the Chumen Mountain might not be the best ending.

Mark at this time was already willing to die.

However, before he was about to die, Mark looked at them and asked: "My friends who are dressed like this, shouldn't be from Chumen."

"I don't regret dying in your hands."

“But before I die, I just want to know, what hatred I have with you, why did you kill me?”

Mark’s weak words sounded slowly among the mountains and forests.

The thirteen people remained speechless, like stone sculptures one by one, standing here, and the rustling night breeze set off their clothes and hunted.

Perhaps, it is to see the heroes in their twilight days, and sympathize with each other.

Faced with Mark’s question, one of them finally opened his mouth: “The wood is beautiful and the forest wind will destroy it.”

“There is no hatred between you and me.”

“But when a person is too dazzling, then his existence is itself a mistake.”

“Brian Chu, you ended up today. I only blame you for being too sharp.”

boom!

The words fell, and the thirteen titled powerhouses in front of them broke out in full power.

Numerous Qi Jins were shot at the same time, the true essence gushing, and the majestic strength gathered under this mountain into a true vitality sword.

Then, this lightsaber containing endless power turned towards Mark below, and instantly cut it away!

The thirteen masters worked together to cast spells, even in Gaia’s heyday, they may not survive, let alone Mark, who is already at the end of the battle?

Under the storm, Mark slowly closed his eyes, with a serene smile on his calm face.

Just when Mark was already desperate, who would have thought that a sword flower lighted up in the distance of Tianhe.

That sword aura swept all over the place with the ice-cold sword intent that was exclusive to someone.

Immediately afterwards, a voice that Mark was not familiar with, wielding the sword art that Mark was not familiar with, exquisite in the world!

.....

“The heavens and the earth are in the sky, and the moon is like a hook. It’s hard not to ask for it!”

...

“Yunyan Sword Art, the first sword, Merry!!!”

Chapter 3527

“Heaven and earth hate so much, and the lonely cry in the night does not last long.”

....

“The second sword of Yunyan Sword Art, Bing Xin!”

.....

The cold and majestic voice resounded through the world.

At that moment, Mark only saw that at the end of the Tianhe, there was a ray of light shining.

The vertical and horizontal sword aura, like a thunder from the sky, penetrates the sky and the earth, and the electric light directly hits the heart of the sky.

The terrifying majesty made the mountains tremble, and the clouds on the horizon were shattered by the shock.

“This this...”

“Damn it, who could it be?”

“Aren’t all Brian Chu’s powerful men constrained by the people of Chu Sect?”

After feeling the vertical and horizontal sword intent coming from behind, the thirteen powerhouses almost subconsciously, their whole bodies trembled.

Because they actually felt an unusually terrifying threat from the sword intent behind them.

“How to do?”

“Kill Brian Chu first, or block him first?”

The sword intent behind it smashed the sky and covered the earth, and the Chu Tian Mansion in front of them was only a few hundred meters away.

For a while, these people hesitated.

“nonsense!”

“Naturally live first.”

“Brian Chu will wait and kill again, and I will work together first to solve this uninvited guest!”

The leader made a decisive decision, and instead of killing Mark, he turned his gun to face the descendants.

After all, there was no deep hatred between them and Mark.

There is no need to take his own life in order to kill him.

Therefore, after weighing the pros and cons, these people undoubtedly chose to solve the problems behind them first, and then kill Mark.

“good!”

“Shoot with one piece!”

Although now, they still don’t know who the person is.

However, the so-called glimpse and see all the leopards.

A person who can display such a majestic sword intent must be an extremely terrifying person.

Can not tolerate any contempt by them.

So, after making up their minds, these people no longer hesitate.

Full of power, burst out.

The majestic power, like rivers, lakes and seas, rushed down from them for nine days.

“Wujiyin!”

....

“Bo Ruo Palm!”

.....

“Zeus sword!”

.....

“Cross Slash...”

.....

Thirteen titled powerhouses did their best, and thirteen terrorist attacks appeared instantly.

In just a short time, the world was surging.

The thirteen attacks, like thirteen rivers and seas, gathered and rushed.

Looking from a distance, it's just like a sea of rivers and rivers.

A torrent of annihilating the world suddenly cut off towards the place where the sword energy gathered in front.

In the depths of Tianhe, the sword light that lit up was equally bright.

After the previous two swords fell, immediately followed by the number of swords and slashes.

Full of six sword auras, just like six dragons, soaring out.

Then, the attacks of the thirteen titled powerhouses slammed into confrontation.

Bang!

The noise was deafening.

At the moment when the two sides attacked and collided, an incomparable shock wave diverged crazily in all directions.

Even Mark, who was a hundred meters away, had already tried hard to find a low-lying place to avoid the aftermath of the battle.

Can still be affected, vomiting blood was shocked far away.

But fortunately, it was just the aftermath of the collision.

And Mark hid in a low-lying place.

Otherwise, there is no need for anyone to kill, and the aftermath of the two parties' fighting would have already shaken Mark to death.

After the boom, the battle did not end.

The battle ahead actually fell into a short stalemate.

Although the winner has not yet been determined, the expressions of the thirteen black-robed powerhouses have undoubtedly changed.

In the old eyes, there was surprise and panic.

"This this.."

"Who the hell is this?"

"Can you block the joint offensive of 13 titled powerhouses waiting for me?"

These people in black were full of tremors, and only felt that their scalp was numb.

I thought that the energy under Mark's banner was too terrifying, right?

Just Mark alone caused Chu Men to turn upside down.

Now, there was another one who was able to withstand the attacks of their thirteen strong men.

Chapter 3528

"Damn it!"

"I don't believe it anymore."

"There are so many of us, why can't he be alone?" In the storm, these black-robed men shouted angrily.

The next moment, the offensive in his hand was once again fierce.

The forward attack was a lot stronger in an instant.

Seeing that when the opponent's sword intent gradually dissipated, there was already a triumphant smile in the old eyes of these black-clothed powerhouses.

But who would have thought that in the next moment, the cold voice sounded again.

Mark in the distance seemed to feel something, he looked up, his expression trembled.

"This is?"

"The realm of the unity of humans and swords!"

Stabbed!

The long sword slashed the sky and the earth, and the sword energy clashed into the sky.

In the next moment, this long night seemed to be split in the middle.

An incomparably bright sword gas burst out.

“Seeing that the king did not bow his head, the three immortal swordsmen bowed their heads!”

“The seventh sword of Yunyan Sword Art, invincible!!!”

Boom~

The storm raged, Tianhe exploded.

At the top of Xinghai, Mark only saw that beautiful shadow, turned into a sword, and turned into light.

Conflict is dark, broken and obstructed.

After the invincible sword intent fell, the combined blow of the thirteen strong men shattered like falling glass.

“what?”

At that moment, these black-clothed powerhouses were all shocked.

They have been in the martial arts world for decades, and these peerless swords are undoubtedly the first encounter in their lives.

I saw the vertical and horizontal sword energy sweeping across the eight wilderness.

After breaking through their attacks, the remaining power remained unabated, and they swept toward them fiercely.

Whoosh whoosh~

After the sword light flashed, this time fell into silence.

When the storm dissipated, there was only a peerless shadow left in Tianhe, which was independent of the world.

Under the moonlight, she covered her face with a veil and her long skirt fluttered.

Long black hair, like a waterfall, flows down.

As for the thirteen powerful men in black, a sword mark appeared on their arms.

The red blood flowed down their arms slowly.

These people showed pain in their eyes. Fei stopped just after retreating for a thousand meters, and then looked at the figure ahead under the dark night with eyes full of jealousy and solemnity.

“Dare to ask your surname?”

“Such exquisite swordsmanship is rare in the world.”

“Please also report the famous taboo, so that I can wait to know in the future, by whom?”

The deep voice sounded immediately.

These people looked like falcons, staring straight ahead.

However, facing their questions, the figure did not answer.

After a moment of silence, the icy voice of Senran just sounded.

“For three seconds, die or get out!”

Binghan’s words were extremely murderous and majestic, and there was no room for change at all, which was beyond doubt.

“you...”

When the thirteen black-clothed powerhouses heard the other side’s tone, their expressions were undoubtedly pale with anger.

For the first time in so many years, they have been so despised.

“three!”

.....

“two!”

....

The figure in front had already started for a few seconds.

The long sword in his hand was also slowly raised.

Seeing this, the black-clothed powerhouse knew that he couldn’t kill Mark this time.

In desperation, he had to retreat.

“Hmph, the mountains will not turn, the river will turn, we have the destiny to see you again in the future!”

The leader snorted coldly, then waved his hand.

These thirteen black-clothed powerhouses turned around and disappeared in the long black clothing.

The mountains and forests here return to silence.

In this world, only Mark and her were left.

At this moment, Mark, leaning on a tree, looked at her from a distance.

But the woman didn’t look at him, she always turned her back to him.

Speechless for a long time.

In the end, Mark broke the silence.

“Don’t you want to say something to me?” Mark chuckled softly.

However, there is still no answer.

That beautiful shadow didn’t say a word in the end, lifted up her footsteps, and was about to leave.

The woman was about to leave, the blood in her mouth had been pressed forever, and she finally vomited it out. The pretty face, which was already pale, was weakened again by a few points.

The white veil is already stained with blood.

“Rhyme!” Mark was shocked.

Chapter 3529

Seeing the beauty weeping blood, at that moment, Mark’s heart suddenly felt anxious and distressed.

He didn’t care about the injuries on his body, and ran over with a painful face, and hugged the shadow that was about to fall into his arms.

When Mark held her in his arms again, the two of them faced each other in a moment, and the pair of jade-like bodies in their arms trembled suddenly if they were electrocuted.

She didn’t know why, when she felt the embrace of this man again, she had an urge to cry.

An inexplicable emotion surged from the bottom of my heart. In an instant, her nose was gone, and her beautiful eyes were already flushed.

However, even so, this stubborn woman still severely suppressed the sorrow in her heart.

After the disordered breath in the veins stabilized, she broke free from Mark’s arms, then got up and left.

“Tang Yun, won’t you kill me?”

“If you missed this opportunity today, if you meet again next time, it will be the day when your Tru Sect will be destroyed.”

Looking at the graceful and luxurious beautiful shadow ahead, Mark asked in a deep voice.

But even so, the figure still didn’t mean to turn back.

Long black hair was flying in the wind, and the blood-stained veil swayed slightly.

Facing what Mark said, the person only replied: “You have admitted the wrong person, I am not Tang Yun.”

“Moreover, we will never see each other again.”

Slow words sounded quietly.

No one knows whether what she said was to Mark or to himself.

From this, it is enough to see the tangled and guilty heart in her heart.

If you don't lose him, you lose the sect.

Born in Chumen since childhood, grew up in Chumen.

Zongmen is everything in her life.

She once thought that for the great cause of the sect, she could give everything or abandon everything.

But only, when facing the man in front of her, her years of persistence and integrity were ruined.

However, when she was full of sorrow, suddenly, a pair of hands behind her leaned forward.

Then, under her horrified gaze, Mark actually embraced her whole body.

He suddenly pulled off the blood-stained veil, and the stunning face that belonged to Tang Yun's allure appeared under the sky and the earth.

The beauty of some women is exquisite and elegant.

At the moment when Tang Yun's face was revealed, even the moonlight seemed so dim.

"what are you doing?"

"let me go!"

Mark's bold move undoubtedly frightened the Lord of Truth.

She yelled in shame, panic in her beautiful eyes.

In a panic, Tang Yun pushed Mark away forcefully.

Maybe it was because of too much strength, Mark fell to the ground, in pain.

Tang Yun was undoubtedly scared by Mark's behavior.

She turned and ran to help Mark: "Are you okay, I... I didn't mean it."

Tang Yun was full of guilt, and her words were full of self-blame.

She must have tried too hard just now, and she was involved in Mark's injury.

He is a fool, knowing that Mark is bruised and bruised now, and he treated him so rudely just now.

Tang Yun was undoubtedly more uncomfortable when he thought of this, and tears remained uncontrollably after all.

However, Tang Yun was still blaming herself here, but Mark smiled slyly on the other side, and turned around and pressed the majestic master of Truman under her body.

Then, regardless of Tang Yun's panic and shame, Mark immediately kissed Tang Yun's warm lips.

At that moment, Mark only felt that the woman under him, the delicate and delicate jade body, tightened in an instant, and her beautiful eyes instantly became huge.

Red lips are entangled, lips and teeth are dependent on each other.

It has been so long, although the two have already touched their skin several times.

But today, for the first time, two people have such close contact in a sober state.

Chapter 3530

Close, she heard Mark's gasp and the sound of his heart beating.

Is this the feeling of kissing?

Is this the feeling of love?

In a daze, Tang Yun suddenly felt that his body and soul were trembling under Mark's unexpected kiss.

It is a very strange feeling.

Ethereal and sacred, just like you, in harmony with each other.

Tang Yun has never experienced the feeling of harmony in his mind for so many years.

Even when she stepped into the title realm and broke through the shackles, there was no such moment that made her spirit tremble.

"Ohhhhh..."

At first, Tang Yun was still shy because of panic, and still struggling, making a whining sound in her mouth.

But only a moment later, the master of Truman, who was outstanding and graceful, gave up all resistance.

Slowly closed his eyes, and began to try to cater to Mark's kiss.

Breathing gradually became rapid, and her pretty face, which was originally snow-white, also gradually flushed.

Until the end, reason and reserve were ruined, leaving only the glue-like entanglement.

Soon, two people were lost in it.

I don't know how long it took before Mark let go of the girl under him and left the gentle and alluring lips.

The galaxy is blooming, and the moon is like water.

The two men and women were lying quietly on the grass.

The hurried and heavy gasps gradually subsided into silence.

"Aren't you leaving?" Tang Yun's soft words slowly remembered.

Mark didn't answer, but looked at the star river above his head quietly, and there was a beautiful woman breathing like orchids beside his ears.

Mark's arm passed under Tang Yunyu's neck.

He pillowed on the grass, and she pillowed his shoulders.

The two of them at this time are really like the couple who are in love on campus.

Warm and quiet.

The two people at this time know that, and now they are definitely not here to watch the stars, but they know what they can do, and no one wants to mention the parting in their hearts.

Perhaps they are all hoping that they will be eternal at this moment.

“Teacher, are you okay?”

“I just saw a lot of people in black escaping down the mountain.”

The silence here did not last long.

Suddenly not far away, there was a worried voice.

It was Meng Wanyu who had been with Tang Yun before.

She saw her teacher coming here just now, so she followed.

However, Meng Wanyu, who had just walked here, saw Tang Yun lying in the grass.

Of course, what shocked Meng Wanyu even more was that she discovered that there seemed to be someone beside her teacher.

And my own teacher seems to be cuddling with that person...

Bang!

At the moment when Meng Wanyu appeared, Tang Yun, who was quick-eyed and quick-handed, immediately shot out a burst of vigor.

A bang hit Meng Wanyu’s forehead.

At that time, the poor girl turned her eyes white and fainted.

“You can’t leave now!”

Tang Yun quickly got up from Mark’s arms, and now she has restored her former majesty and coldness.

However, the blush on the pretty face has not disappeared, and it has become even more red.

And this also adds a bit of charming and moving, glamorous indispensable thing to this majestic and majestic woman.

“Um?”

“my power?”

At this time, Mark also stood up, and just about to leave, he suddenly found that his originally empty Dantian had a little more pure vitality.

“Yun’er, when I kissed you just now, you gave me...”

“If you know, ask!” Tang Yun interrupted Mark in an instant. She definitely couldn’t let Mark say such a shameful thing.

“By the way, do you still keep the piece of jade I gave you before?” Tang Yun asked suddenly.

When she and Mark met for the first time in the Chu family’s old house, they gave some tokens before they left.

Among them, there is a blue spirit jade pendant.

Chapter 3531

Mark didn’t speak, but shook his head.

Tang Yun suddenly became angry on her pretty face when she saw this. Her beautiful eyes stared slightly, and she questioned Mark full of resentment, “You wouldn’t throw that jade pendant away, would you?”

“you you..”

“are you mad at me!”

“That was left to me by my mother. It was a token of love from my parents.”

Tang Yun was almost mad.

Looking at those eyes, the man in front of him almost became even more sluggish.

When Tang Yun was angry, Mark unbuttoned the button on his neck, revealing the ice blue jade pendant inside.

Tang Yun was stunned when she saw this.

The original anger and resentment also disappeared instantly.

She looked at Mark, deep in her heart, full of touch: “Have you... always carried it?”

Mark smiled and nodded: “How can we fail the grace of a beautiful woman?”

Although, the old house was different.

A lot of things happened between Mark and Tang Yun.

But even if the top of the rainforest cut off the robe, or the sentence under Fenghai City, it will never be seen again.

But Mark always carried this ice blue jade pendant.

Perhaps it is to commemorate the once girl named Yu Yun forever.

After a brief touch, Tang Yun didn’t dare to waste time anymore, and immediately urged Mark to leave.

“Save this jade pendant.”

“Mom said, those who wear it will have no bad luck.”

“You go quickly.”

“The people of Trumen are coming soon.”

“Your subordinate can’t hold it for too long.”

“As for their safety, you don’t have to worry.”

“I am still a little majestic among Trumen, and I will do my best to protect them.”

“At least, I won’t let the teacher take their lives.”

Tang Yun persuaded one after another, anxious and even more reluctant in his words.

But Mark was inexplicably moved when he heard Tang Yun’s words.

This woman seemed to be able to see through all her thoughts.

He hadn’t said anything about Gaia and the others, and Tang Yun had already considered it, which relieved Mark of worries.

“Yun’er, you said, if you are really Yu Yun, and I am really Mark, how good would it be?”

Mark said inexplicably, but the beautiful woman in front of him turned red.

Mark’s words, is it not Tang Yun’s thoughts?

People in this world only greedy power and chase fame and fame.

However, when they truly stand on the top of power, what they hope most is the ordinary and ordinary.

But if after all, it is if.

Tang Yun can’t be the after-rhyme, and Mark can only be Brian Chu.

Fate’s teasing leaves them with different paths after all.

“Go away...”

Tang Yun turned her head, not wanting people to see her gaffe.

However, Mark’s raised footsteps were always difficult to fall.

Finally, without knowing why, Mark suddenly turned his head and said to Tang Yun: “Yun’er, you can go with me.”

boom!

Mark’s words were as shocking as a horror, but in Tang Yun’s heart, turbulent waves were set off.

Since childhood, she has been a good girl in the eyes of her parents.

Later, he became the most proud student in the teacher’s eyes.

Even afterwards, he boarded the position of the Truman Sect Master in one fell swoop.

From birth to now, Tang Yun has always lived what his parents and teachers expected.

She has been living the way.

But now, a man stretched out his hand to her, told her to walk out of that ethical life, let her let go of the secular world of the sect family, abandon the shackles of secular vision, and leave with him, which has been disturbing the rivers and lakes.

No one can understand Tang Yun's mood at this time, a beautiful body was there, speechless for a long time.

And Mark regretted it after saying this sentence.

He is a bereaved dog, a desolate person, and his life is at stake. Why is he qualified to say this, and what qualification is there to let a graceful and noble beauty, flee and suffer with him.

Chapter 3532

What's more, he has family affairs.

Helen Qiu treated him well, and Mark didn't want to let her down.

As far as Tang Yun is concerned, perhaps after all, he is just a confidant who has no destiny.

Mark couldn't give her a place after all.

Moreover, if he abducted the Chu Sect master, would the Tang family let him go? Will Truman let him go again?

Chu Yuan would not let go.

Ideals are beautiful, but in the face of reality, Mark's words, follow me, seem too naive and ridiculous.

Perhaps, only in fairy tales and novels will there be a happy ending that two people stay and fly together.

Without waiting for Tang Yun's answer, Mark dismissed the whole idea himself.

Once, Mark thought he could not fear everything.

However, when dealing with this relationship between himself and Tang Yun, the terrifying title of the unparalleled, after all, still flinched.

He is no more than a mortal, the worldly ties and obstacles, he will not be able to overcome it after all.

Mark felt that only the Yunyang ancestor who became the great emperor could truly despise the mortal world, fear any ties, and be truly chic and free.

Dispelling this unrealistic idea, Mark finally turned around, with endless regrets and loneliness, and left.

No one knows how the two people's parting will be when they see each other next time.

However, just as Mark had just walked a few steps, a shout suddenly came from behind him.

“Mark, I’ll go with you!”

boom!

This shout was like thunder running through the heavens and the earth, and like an electric light hitting the heart of heaven.

Mark suddenly turned around, and then saw the tearful and determined, determined and persistent lady, with joy and a bit of madness, ran towards Mark.

When the nephrite jade was warm and fragrant, all the sanity in Mark’s heart collapsed.

At this moment, Mark knew that there was another person in this world who made him willing to take his life to protect.

“good!”

The world is silent, the vegetation is silent.

Under the galaxy, just listening to the man, he quietly replied, good words.

Then, the two most powerful men, who were also number one in the sky, accompanied them, fleeing towards the foot of Chumen Mountain together, and fleeing frantically.

“stop!”

“who?”

“Report your name!”

Going further, we are out of the Truman Mountains.

However, the strong Chumen had already guarded again.

A large number of Chumen members are waiting here, waiting for Mark to vote for him.

Finally, after being stationed for a long time, these Truman personnel only waited until two figures came from the bottom of the mountain.

Countless strong men were immediately alert and gathered here to surround them.

But after getting closer, everyone discovered that among the two of them, one of them was actually their Chu Sect master, Tang Yun!

For a moment, these Chu Sect masters were immediately panicked and knelt down and apologized:

“Yes... I’m sorry, Tang Sect master.”

“It was me who waited without eyes, and didn’t recognize that it was Tang Sect Master who was here!”

“Please forgive me!”

Facing the crowd bowed down, Tang Yun shouted angrily: “Since you recognize me, why don’t you get out?!”

“Yes... but the old sect master let us...” There was one person who was embarrassed.

As soon as this person’s words fell, he saw a flash of sword light, and under this person’s neck, there was a bloodstain that was several inches long.

This bloodstain was only a minute away from his throat.

The man peed in fright and lay on the ground with a plop.

“Now?” Tang Yun drank again.

In an instant, no one dared to stop.

Everyone is like a tide, and all are scattered.

But Tang Yun and Mark broke through the encirclement of Chumen with such a breeze.

However, they have not gone too far.

Suddenly, a loud roar came out quietly.

The voice was deep and long, deep and majestic.

It is like a wild beast, breaking through the barriers of the ages and resounding through the world.

“This is?”

At that moment, Tang Yun’s beautiful eyes trembled.

Chapter 3533

Booming...

The Tianhe trembled, and the earth was swaying.

Accompanied by the roar that resounded through the ages, the world, almost all in this roar, couldn’t help trembling.

The deep roar seemed to come from deep underground.

Moreover, after a while, an unparalleled scorching storm swept across the Tianhe.

When Tang Yun and Mark looked back, they only found that the top of Chumen Mountain seemed to be burning.

The red world seemed to be suffering from the scorching sun.

“This...this is...”

At the moment of seeing this scene, Tang Yun's pretty face turned pale at a terrifying speed.

"Yun'er, what's the matter?"

It is rare to see Tang Yun's expression and countenance, and Mark is immediately worried.

Tang Yun was full of solemn eyes: "Mark, I suspect that the monster that has been sleeping under Chumen Mountain is about to wake up."

"Strange...monster?" Mark was immediately stunned.

"do not you know?"

"Your ancestor of the Chu family, Chu Yunyang, is a powerful man who crosses the ages and is exquisite for all ages."

"Such a character, as long as the little blessing left at your fingertips is enough to shelter your Chu family for thousands of years."

"The Yundao Heavenly Jue, the Iron Wood Puppet, the Yunyang Ancient Sword, and even the Yunyan Sword Art of our Tang family are gifts from the ancestors of Yunyang to future generations." Tang Yun said to Mark with a gloomy face and solemn eyes. About the history of their family.

"what?"

"Yunyan Sword Art too?"

"No wonder, no wonder when I practiced the Yunyan Sword Art, I always felt that I had something in common with Yun Daotian." Mark was suddenly stunned, and the confusion he had once became clear at this moment.

However, Mark was even more curious about the relationship between the Tang family and the Chu family.

Why, the Tang family's handed down sword art is also related to Chu Yunyang, the ancestor of the Chu family.

But now is not the time to discuss this, Mark asked Tang Yun again: "You want to say that the monster is also related to my Yunyang ancestor."

Tang Yun nodded, "I knew when I was very young that there was a monster sleeping under Chumen Mountain."

"The ancestor of the Jones family is the gatekeeper who guards this monster, and is also a subordinate and follower of your Yunyang ancestor."

"After so many years, and the years have changed, the Jones family has also merged into the three Chumen families, and they are on the same level as the Chu family."

"They just want to fight for power and gain, probably they have forgotten the duties of their ancestors, or even the existence of this monster."

Tang Yun shook her head, sighing again and again.

As the master of the Trumen, she naturally knew more about the secrets and history of the three Chumen families than Mark.

Like a sleeping monster under Chumen Mountain, when Tang Yun first heard about it, she only thought it was a legend.

But now, I heard the trembling roar of the ages, and the red flames that burned the sky and the earth.

Tang Yun suddenly realized that it was not a legend, it was true!

“If that monster was born, Yue’er and the others, wouldn’t it be in danger?”

Mark also suddenly realized the seriousness of the matter.

At this time, such an abnormal change in Chumen Mountain would undoubtedly worsen the situation for Mark.

But Tang Yun shook her head: “Not necessarily.”

“The awakening of this monster is not necessarily a bad thing to the Moon Gods.”

“Before, the ancestors of the Jones family could control this monster.”

“But now, the skill of controlling the beast has long been lost by the clansmen of the Jones family.”

“The birth of an out-of-control monster will inevitably cause chaos.”

“Your people, just happened to take advantage of the chaos to leave.”

Tang Yun analyzed the situation here, and after hearing this, Mark was relieved.

“Don’t say this, you are too injured, let’s go first.” “Otherwise, in your current situation, even if they are really in danger, you won’t be able to help.”

Tang Yun persuaded Mark, and then no longer delayed, and immediately took Mark away.

Chapter 3534

Soon, two figures, one man and one woman, disappeared into the long dark night ahead.

On Chumen Mountain, the chaos continued.

The world here is like the end of the world, the sky is blazing, the earth is cracking, and the mountains, rocks, and vegetation are all ashes.

Finally, the endless calls began to come out.

After the chaos here lasted for half an hour, an extremely huge figure quietly rushed out from the depths of the earth, straight into the world.

After that, everyone on the Chumen Mountain saw the huge body that covered the sky and the sun, as well as its six huge wings that were burning in the air.

It seems, that who lives in myths and legends, Seraphim!

That day, the sun and the moon were dull. The brilliance and majesty of God is everywhere. Countless people knelt down, like the most devout believers, looking up to the fiery Seraphim. All evil is pierced by divine light, and all darkness is invisible.

However, on the top of the extinct Seraphim, everyone vaguely saw a man standing proudly.

His eyes were blue, and the golden flowers gleamed in his eyes.

At this moment, he is the lord of this world, and he is the king of this world.

All sentient beings, ants, life in the world, all surrender at his feet!

On the top of the Promise Mountain, that extremely painful Chu Zhengliang, when he saw the figure on the top of the sea of clouds, tears of relief were left on his face.

All his pain and all his efforts are worth it.

The chaos on Chumen Mountain lasted for a full night, and in the end, it even alarmed the U.S. military.

Thousands of soldiers gathered here, Black Hawk fighters circled high, coastal battleships were on standby, and countless fire control radars locked Chumen Mountain.

An armed attack capable of destroying a city is already looming.

Fortunately, at a critical moment, the U.S. military got in touch with the top leaders of Truman and learned that the situation was under control. What happened last night was just a mess inside the Zongmen, and everything has subsided.

In this way, the mountainous land of Chumen Mountain has just been spared the baptism of artillery fire.

After preventing the armed attack by the U.S. military, Chu Yuan immediately called an emergency meeting on the top of Chumen Mountain.

Let all the elders, deputy masters, and senior leaders of the three families of Chumen abandon the pursuit and return to the meeting immediately.

However, Chu Yuan waited for a day in the Chumen Hall, after all, he did not wait for Tang Yun's arrival.

"Where is Tang Yun?"

"Who can tell me, Tang Yun?"

Above the hall, Chu Yuan suddenly became hysterical.

The face was grandiose and angry.

Before that, Chu Yuan had actually been reported.

Said that last night, someone saw that Tang Yun left Chumen Mountain with Mark.

At that time, Chu Yuan naturally did not believe it.

He never believed that Tang Yun, who had always been mature and stable, and had a clear understanding of the pros and cons, would take Mark away from Chu Sect, betray his teacher, and betray her career and sect that she had worked hard for half a lifetime.

Therefore, Chu Yuan convened this emergency meeting.

He just wanted to see if his most proud disciple, the head of Truman, would return.

However, Chu Yuan was disappointed after all.

They waited for a day, but after all they didn't wait for Tang Yun's figure.

"Hahaha..."

"Ha ha ha ha ha ha ha ha..."

"Brian Chu!"

"How about you Brian Chu?"

"You are really good means, really good means..."

"You ruined my Chu family, now even my Chu Sect will be ruined..."

Chu Yuan, who had been silent for a day, was still unable to suppress the anger and sorrow in his heart in the end.

At the end, the old man suddenly laughed madly.

It wasn't until this time that Chu Yuan realized how terrible it was to be dismissed by the abandoned son he looked down upon.

Not only did they imprison the Chu Family Patriarch forever, but also abducted the Chu Family Patriarch.

He wanted to ruin the Chu family from the head, ruin the Chu Men!

With such a plan and such a skill, Chu Yuan couldn't help but bow down to the wind.

Chapter 3535

Chu Yuan's roaring loud voice, under this hall, kept reverberating.

Under his majesty, thousands of Chu Sect disciples all knelt in panic and shuddered, but they did not dare to say a word at all.

In the end, because Tang Xian was concerned about the safety of the sect master, he knelt and begged Chu Yuan: "Old sect master, Tang sect master has not returned at this time.

Taken away."

"That bastard is brave, and his cards are endless. I also ask the old sect master to find a way as soon as possible to rescue the Tang sect master."

“Otherwise, I am really worried that the Tang Sect Master will encounter unexpected events in the hands of Brian Chu.”

Tang Xian’s old eyes were red, and he was struggling.

In the words, there are full of worries and eagerness.

After all, Chu Zhengliang’s fate was a lesson from the past.

Now, is Chu Zhengliang still screaming on Chumen Mountain?

Tang Xian was obviously also frightened, and Mark repeated his tricks and captured Tang Yun with despicable means, and then dealt with Tang Yun in the same way he dealt with Chu Zhengliang.

Tang Yun is a rare genius in their Tang family in a century, and the rise and fall of the entire Tang family are tied to Tang Yun.

As the head of the Tang family, Tang Xian naturally didn’t want to see Tang Yun being damaged in Mark’s hands.

“Yes, it must have been controlled by that evil animal with despicable means.”

“Otherwise, how could my most proud disciple do such a confused thing?”

Chu Yuan couldn’t help comforting himself.

Anyway, Chu Yuan was unwilling to accept the fact that Tang Yun betrayed him, and even less that Tang Yun would escape with Mark.

But it is one thing to accept or not, and it is another thing to not accept the facts.

In fact, Chu Yuan knew in his heart that the relationship between Mark and his disciple Tang Yun was definitely not just because Mark was Chu Zhenghong’s son.

All this, from when Tang Yun gave up his life to protect Mark before, from when Mark missed the wrong way because of Tang Yun’s swordsmanship, Chu Yuan had already seen suspicion.

But at the time Chu Yuan didn’t think much, but now, Chu Yuan had to doubt a possibility.

That is, their master of the Chu family gave up power, gave up the world, gave up her family honor and shame, and eloped with an abandoned son of the Chu family.

However, thinking about it, Chu Yuan definitely couldn’t talk about this kind of thing on the front of the door.

Otherwise, if it spreads out, where will he put Chu Yuan’s old face, and where will they put Chu Yuan’s old face.

“In short, the most urgent task is to capture Brian Chu and retrieve Tang Yun, the master of Chumen.”

“Six elders and seven elders, each of you will lead a team to ban Brian Chu from returning to the country to take.”

“All people are prohibited from traveling by sea, land, and air!”

“That bastard was seriously injured. They must have not escaped from the city overnight.”

“As long as we hold the barrier, we can catch turtles in an urn!”

After having a plan in his heart, Chu Yuan immediately gave orders to capture Mark.

However, Chu Yuan shouted for a long time, and the sixth and seventh elders did not stand up either.

“Um?”

“Are you deaf?”

“Where are the six elders and seven elders?”

Chu Yuan asked sharply.

But after hearing this, the powerful Chu Sect masters all bowed their heads.

In the end, Tang Xian whispered bitterly: “Return to the old sect master, the sixth and seventh elders have long since fallen.”

What?

“Failed?”

“Who did it?”

“In this world, besides Brian Chu, is there anyone who dares to disobey the power of my Chumen?”

After Chu Yuan heard it, he was undoubtedly furious.

Tang Xian’s face turned pale: “It was Brian Chu who killed it.”

“This bastard!” Chu Yuan clenched his palm at the time, and his heart was even more murderous towards Mark.

“Then let the eighth and nine elders go.”

“In any case, we must catch the beast, rescue Tang Yun, and avenge my elder Chumen at the same time.” Chu Yuan then handed this task to the other two elders.

Chapter 3536

However, what made Chu Yuan bewildered was that there were so many people in the hall, and the two elders he said gave the order have not come out.

“Um?”

“Where are the eight elders and nine elders?”

“Are you deaf or scared stupid?”

Chu Yuan was almost furious, a pair of tiger eyes scanned the surroundings, trying in vain to find the two elders from the crowd below.

But, waiting for it, it was still Tang Xian's bitter voice.

"Return... to the old sect master, the eighth elder and the ninth elder, they also... also sacrificed."

"Also dead, Brian Chu's hands."

Even though these words were extremely heavy, Tang Xian still endured his grief and said it out.

A few years ago, in the first battle in the rain forest, Truman was in the hands of Mark, and the two elders were damaged.

During the recent period, Mark went to Chu Sect and killed the Sixth Elder first. As for the Eighth Elder, he fell into the hands of Mark's four men.

It can be said that the current Truman's vitality is greatly injured, and his strength has suffered a fatal blow.

boom!

At that time, there was an endless sharp explosion on Chu Yuan's body, and the long table in front of him instantly shattered.

"This damn Brian Chu!"

"Don't frustrate him, I, Chu Yuan, is his grandson!"

Chu Yuan was undoubtedly going to be blown up with anger, he called four people, and they were all killed, and they were all killed by Mark.

One can imagine how broken and angry Chu Yuan is now.

In the end, Chu Yuan didn't dare to issue orders by name and surname, as he was afraid that he would order one by one to kill him, so he didn't need his old face.

"Elder, look at sending someone to go."

"Remember, you must send people to watch all the entry and exit ports of the entire city."

"After that, we will mobilize all the energy of our Chumen in the local area to search for Brian Chu throughout the city."

"Anyway, as soon as there are clues about Brian Chu and Tang Yun, report it to me immediately!"

"In addition, Chu Shen, you temporarily take over everything in the Chu family."

"And immediately summoned the two elders Xuan Ming, let them both come to see me."

After giving orders to Tang Xian, Chu Yuan looked at Chu Shen aside.

Now Chu Zhengliang is half dead, but the Chu family still has a lot of affairs to take care of, and this work can only be left to Chu Shen.

It's just that no one knows what the meaning of Chu Yuan's summoning the two elders Xuanming at this time is.

After arranging the next work, Chu Yuan seemed to think of something. After retiring everyone, he left Tang Xian alone: "How about the Jones family?"

Tang Xian sighed, shook his head and said, "There is still emotion."

"Especially the young master of the Jones family, clamoring to fight Young Master Tianqi desperately."

Chu Yuan frowned, "Ask them what compensation they want."

"As long as our Chu family can do it, they will agree to any request."

Tang Xian was silent for a moment, and then continued in a low voice: "I said, they only asked for murder, pay for life, and return the eye to the eye."

"It's impossible!" Chu Yuan flatly refused, "Tell them that the matter has come to this point, and the tree is done. Since the blue-eyed golden pupil has fallen into the hands of my Chu family, it is impossible to return.

NS. "

"Furthermore, the little princess of the Jones family is dead, and no one can return it."

"Could it be that they still want this ancestral holy relic to be transplanted to a dead person?"

"Isn't it violent?"

Chu Yuan asked sharply, a bit of anger in his words.

However, after talking about it, Chu Yuan's mood has also faded a lot.

"Fine, after all, this matter is also my Chu family's failure."

"But the instigator has already been punished. Hasn't my son been nailed to Mount Chumen and punished by death?"

"You work hard, persuade them more, let them stop, and put the overall situation first."

"My Chu family, I will definitely compensate them for the Jones family in the future."

Chapter 3537

Chu Yuan's tone had already eased a lot, and he was obviously also aware that this matter was our Chu family's sorry for the Jones family.

Before Mark had left Chumen, he had heard Mark say that the Chu family took away the eyes of the little princess of the Jones family.

At that time, Chu Yuan only felt shocked and horrified. Such things must be Mark's stinky boy talking nonsense, pour dirty water on them, so that his behavior for the Chu Family would become awkward.

Justice. ,

However, when the sacred beast under Chumen Mountain appeared last night, and when Chu Qitian was standing on the top of the sacred beast, many things were already clear without saying.

The seniors of the three Trumen families, who didn't know, the monster under the Trumen Mountain, had been guarded by the Jones family for generations.

In order to help the Jones family tame the monster, the Yunyang ancestor of the Chu family gave their family a blue eyed golden flower pupil that could be passed on from generation to generation.

But last night, the blue-eyed Jinhua pupil appeared on Chu Qitian.

This undoubtedly proves that everything Mark said before is true.

"This Chu Zhengliang is bold enough."

"Even the blue-eyed golden pupil of the little princess of the Jones family was transplanted to Qi Tian."

After Chu Yuan knew all this, the more he felt shocked.

But that's the end of the matter. Since the closed-eyed Jinhua had reached their Chu family, Chu Yuan naturally had no intention of returning it.

After all, mastering the blue-eyed golden flower pupil is equivalent to mastering the monster under the Chumen Mountain, thus greatly enhancing the power of their Chu family.

This is beneficial to the family's interests.

Naturally, Chu Yuan would not do anything harmful to the family's interests.

What's more, his son Chu Zhengliang has already learned the lesson, so he paid the price.

From this perspective, with this blue-eyed golden pupil, they were more at ease.

However, for Chu Yuan now, the only tricky thing was the reaction of the Jones family.

Chu Yuan could only say some good things and tried his best to appease them.

Of course, if members of the Jones family didn't know good or bad, Chu Yuan would naturally not be polite.

Now the blue-eyed Jinhuatong has belonged to their Chu family, and the Jones family of the three Chumen houses is of no value.

Chu Yuan could destroy them at any time as long as he thought about it.

In the martial arts world, after all, power is respected.

Like the Jones family, because of their weakness and lack of power, fairness and justice is an extravagant hope for them.

"Well, old sect master, I will try my best to persuade them."

Regarding this matter, the Tang family is naturally not good at expressing their views.

The only thing that can be done is to act as a third person, reconcile it, and try to maintain the harmony of the three families of Trumen.

After the conversation was over, Truman, the huge machine, ran wildly again.

Except for those who were seriously injured who were recuperating, the rest of the personnel went down the mountain and mobilized all their forces to start searching for Mark's whereabouts.

In addition, Chu Yuan also used the Chumen edict to summon the powerful Chumen from all over the world and immediately returned to the sect.

For a time, the city where Truman was located was undoubtedly woven into a net of heaven and earth.

All three departure ports by sea, land, and air have been blocked and controlled.

Of course, to do this, it is by no means only relying on Truman's own strength, they are also assisted and supported by the official U.S. agencies.

Mark is a strong hot summer, and a monster that is hard to come out for thousands of years.

Killing these people here is also in the national interest of the United States.

And when the people of Truth were frantically searching for Mark.

At this time, on a street in New York City, a man and a woman walked into a coffee shop slowly, dressed in robes.

The woman's face was covered with a veil and her long hair was like a waterfall. Even though her body was covered under her long dress, she could still see her graceful figure.

Chapter 3538

The beauty of some women is an inherent temperament.

Just looking at her back can be obsessed with it.

"How do I feel that taking you along with me is a mistake."

Feeling the glances of the diners around him from time to time, the man smiled bitterly.

Beauty is a rare creature after all.

What's more, is this the Truman master who has the temperament and appearance, and who possesses both elegance and nobility?

Yes, the two strangely dressed people in front of them were Mark and Tang Yun who had left Chumen Mountain.

After going down the mountain, the two wanted to go to the sea, and went straight eastward to return to the summer.

But in the end, Tang Yun gave up the idea.

She knew her teacher, at this time, the strong of Chu Sect must have been guarding strictly in places where they left the border.

As soon as she and Mark appeared, they would soon reach the teacher's ears.

What's more, Mark was too injured to support such a long long journey.

Although Tang Yun's situation was better than Mark's, it was also very expensive, and her skill was not one.

In this situation, the best choice for the two of them is not to risk fleeing, but to find a hiding place and heal and recover first.

At least after I have the ability to protect myself, I want to leave again.

"Huh, do you regret it?"

"Then I will go."

"Go back and be my sect master."

"I also save the fear and fear with you all day."

Tang Yun snorted, got up and left.

How could Mark let her go, and pulled her into his arms.

"I want to leave now, but it's too late."

"Will the woman I abducted by his skills let you go?"

Ye Fantian smiled shamelessly.

But it made Tang Yun's pretty face flush.

"So many people are watching?"

"What are you doing..."

She glared at Mark in humiliation, and then quickly moved away from Mark's arms with a fiery pretty face.

After laughing, the two began to talk about business.

"What happens next?"

"where are we going?"

"My teacher has sent people everywhere. We are afraid that we will not be able to leave the city in a short time."

"Or, let's find a cave, hide for a while, repair and heal the injury."

Tang Yun suggested.

Mark shook his head: "What you think of, your teacher must have already thought of it."

"I can guarantee that the uninhabited mountains and forests nearby will definitely be the focus of your teacher's investigation."

"So, our hiding place is best to choose in the downtown area."

"Did you bring money?"

"Let's see if we can find a homestay to live in."

Mark asked Tang Yun.

He is from Yanxia, even if he has money, he is afraid that he can't use it here.

What's more, Mark doesn't usually bring much money.

Tang Yun also shook her head: "I haven't brought any money."

They are highly regarded as titles, and wherever they go, they are regarded as honorable guests. What's more, titled powerhouses like them don't usually have much money to spend, even if they do, their subordinates

Everyone will be handled well.

Like Tang Yun, I don't know how many years I haven't been exposed to money. Apart from repairing the chain, the girl is no different from a child in life.

"Hey..."

"You said, a woman like you who doesn't eat the fireworks in the world will have a child and become a mother. How should she live her life?"

Mark held his forehead in distress for a while.

I feel that if I really marry this class of women, I have to be a husband and dad again.

"Is it different?"

"The child has his grandma watching."

Tang Yun's expression changed slightly, and then she lowered her head and spoke in a low voice.

"I said, I don't like you."

"Can you stop pestering me?" A woman's resentful voice came from outside the coffee shop between the two Mark's conversations.

As the girl said, she opened the door and walked towards the coffee shop.

"Yurou, likes can be cultivated."

"We can start with friends first."

"I firmly believe that you will be conquered by my personality sooner or later."

Behind the woman, a brightly dressed man who looked like a rich young man followed suit.

Chapter 3539

“I said it, I don’t want it, I don’t want it!”

“How many times have I told you that I already like something.”

“Don’t you understand human words?”

Maybe it was because there was no way to be tortured. In the end, the girl couldn’t bear it, and even directly exploded the foul language.

However, what made the surrounding diners choke speechlessly is that even if the girl said this, the young man was still persevering and entangled.

He even pulled the girl named Yurou behind him: “Yurou, wait for me, let’s have a good chat.”

“I have nothing to chat with you.” The girl was categorical and didn’t give the other party any thoughts at all.

Moreover, she seemed to be disgusted with any physical contact with him, and while speaking, the girl threw off the man’s arm very angrily.

But perhaps it was because of too much force. After the girl shook the man’s arm, her hand accidentally touched the table next to her.

The coffee above was knocked over, and the hot coffee was flowing down, but it splashed the rich young man next to him.

“Depend on!”

“How can I put the coffee?”

“The clothes I just bought splashed me all over.”

“Can you afford it?”

The rich young man was furious.

In order to meet with Yurou today, he deliberately chose to dress carefully, but after only wearing it for a while, he was stained all over.

But when the rich young man scolded loudly, the girl named Yu Rou apologized again and again.

“Sorry, sorry, I didn’t mean it.”

“I will pay you a cup of coffee.”

The girl lowered her head to apologize, and took out a tissue to clean up the coffee she accidentally spilled.

Facing the girl’s apology, the other party just smiled and replied: “Okay.”

boom!

Like a thunderbolt.

At the moment when he heard that good word, He Yurou's delicate body was completely shocked.

That feeling was like being hit by thunder suddenly.

He Yurou only felt that his mind was blank.

In the depths of my heart, there was a crazy idea that sprouted.

Finally, with extreme trepidation and anticipation, He Yurou slowly raised his head.

Until, goodbye to that familiar and delicate face.

"Depend on!"

"are you alright?"

"Do you want a face?"

"Yu Rou, you don't have to pay him."

"If my young master's clothes are soiled, I won't let him pay, and it will be cheaper for him."

The rich young man cursed.

But, who could have thought that He Yurou, who was still apologetic just now, is just like a little girl in love, seeing her dream lover.

The cold and pretty face suddenly smiled.

"Mr. Chu, you...you... why are you here?"

"This this..."

"You... shouldn't you be in Noirfork?"

"Why are you here?"

He Yurou was surprised and delighted again.

Imagine that there is no one who ever dreamed of seeing each other.

Now, they met quietly in this foreign country, thousands of miles apart.

Destiny and fate are really a kind of magical thing.

Inadvertently, two people who are not involved will meet again at a certain time and a certain place.

"Yu Rou, what's the situation?"

"You know?"

The blond and blue-eyed foreign rich young master next to him was a little daunted.

It seemed that his goddess was an acquaintance with the strangely dressed guy in front of him.

“Are you?” Mark was slightly startled.

“Mr. Chu, this is He Yurou.”

“Have you forgotten?”

“We’ve seen it before.”

“On Wrilfill Dongchang Lake, Linzhou West Lake, we have all seen it.”

“Before I went abroad to study, I even went to visit Mr. Chu’s house, but it was a pity that Mr. Chu was not at home at the time.”

He Yurou is so excited now that she even feels that everything in front of her is a dream.
