Chapter 3568

After the superiors learned about it, the dismissal was minor, and they would even be subjected to military trials.

These consequences, Osker naturally knows.

But, it doesn't matter anymore.

The important thing is that at this moment, he still has military power in his hand!

Mark once said that as long as three years, as short as one year, he will make a comeback.

But, Long Yin Wang knew that he could not wait any longer.

After tonight, he has no chance at all!

With full determination and determination, Osker led the troops back to the foot of Chumen Mountain again.

But Mark and others embarked on the return journey on the cruise ship.

After several days of running and exhausting, Ericson Li and the others have already rested and slept.

Now, it's still late at night.

The morning sun breaking through dawn has not yet appeared.

But the night breeze in the early morning was extremely humid and cold.

Tang Yun stood on the deck, watching the continent in front of him drift away and the shadow of the hazy mountain in the dark, becoming more and more blurred.

I don't know why, this situation and situation have caused Tang Yun to feel an inexplicable sadness and hesitation in her heart.

The dream of the past is about to come true.

Finally, she is about to live with Mark.

There is no sword, light, sword, shadow, no grievances and murderers.

Only the flowers in front of the court are blooming, and there are clouds and clouds outside the sky.

A husband and a child, calm and stable.

During the day, watching my own flesh and blood laugh bitterly.

At night, a gentle home for someone who loves.

Big world, small home, stable happiness.

Isn't these what she once yearned for?

But why is Tang Yun still unhappy?

Just between Tang Yun's loss of consciousness, a generous and warm embrace wrapped her.

Tang Yun was shocked, turned his head and saw Mark's graceful and calm profile.

"I'm going back finally, why, aren't you happy?" In the night breeze, Mark gently embraced the graceful body of the woman in his arms and smiled gently.

Tang Yun shook his head: "Mark, I don't know why, I'm just a little scared."

"I am afraid that what is waiting for us is not what we expected."

"Mark, you said, can we really get the happiness we imagined?"

Tang Yun whispered, and in his words, he was hesitating about the unknown.

The first impulse and madness in life, Tang Yun is really scared, the final ending is not a good one.

Mark knocked on the head of the Truman sect master fiercely: "Silly girl, why, do you still think that I, Mark, will fail you?"

"You give up your supreme power and wealth and glory, and choose to go with me when I am most desperate."

"I, Mark, don't know good or bad, and you will never let down your friendship."

"On Helen Qiu's side, I will explain to her."

"Helen Qiu has always been considerate. I believe she will accept you."

"As for my mother's side, don't worry."

"My rhyme is beautiful and beautiful, no mother-in-law would refuse such a good daughter-in-law."

"Also, even if my mother doesn't accept you, it doesn't matter, the big deal, our husband is Mark, and if my mother doesn't accept it then, she won't be able to help her."

Mark smiled a little "cheaply".

Those brazen words made Tang Yunqiao blush.

"You want to be beautiful."

"Who is going to give you a baby?"

"My palace is the master of the Chu Sect. In this world, the man who can conquer the master of the Sect has not been born yet?" Tang Yun stubbornly defended his pride, but in his heart he was thinking, if Mark knew She already has their children, and she doesn't know how to react.

But this matter, Tang Yun still can't say it out now. If she let this guy know that she had given birth to him a few months ago, wouldn't Tang Yun lose her face at all.

I'd better wait to tell him later, hide it secretly, and surprise everyone in the future.

Chapter 3569

“By the way, promise me any wish you just said?”

“Then I will let you take me shopping, I want to buy a lot of clothes...”

“You stole my clothes in the Chu family’s old house, but the master still remembers?”

“The master of the sect makes you pay back a hundred times...”

“Don’t look at it, it’s the one you bought...”

Tang Yun glared at Mark fiercely, because this guy was staring at her chest dishonestly.

It seems to be looking at whether Tang Yun is still wearing the black lace underwear he bought before...

.....

“and also.”

“You have to take me to eat hot pot and barbecue...”

“I want to eat all of your hot summer food...”

....

“You will also take me to travel around your famous mountains and rivers, like West Lake, Tianshan...Yellow River...Taishan...”

....

Tang Yun talked endlessly, like a girl who had fallen in love for the first time, imagining all beautiful and joyful things.

That way, it was as if Mark had to make up for all the good things that he hadn’t experienced.

“Good, good.”

“All satisfy you.”

On the vast sea, a huge cruise ship chopped the waves.

But Mark and Tang Yun were planning the future.

After this conversation, all the gloom before Tang Yun was wiped out, and her mood instantly improved.

Especially when I think that in the future, I can live with the person I like and the little guy far away in Noirfork. Tang Yun, who is used to the loneliness, suddenly has an inexplicable warmth and expectation.

Of course, there are gains and losses.

Tang Yun is also very clear about what leaving tonight means to her.

Power, status, all the prosperity and glory she once had, will be lost.

From now on, she is just his lover and his mother

For Tang Yun, this is undoubtedly an earth-shaking change and a completely new life.

However, she will work hard to do a good job in this new role.

Just for the man in front of me, and the child she put in Noirfork.

“Mark, look, the sun is about to come out.”

On the deck, there was a gust of cold wind and the waves rolled.

Tang Yun has a long skirt with picturesque eyebrows.

The stunning face almost made the world lose its brilliance.

With a bright smile, she leaned on Mark’s shoulder, pointed to the far east, and said softly.

“Yeah, it’s going to dawn.”

Mark hugged her beautiful woman in her arms and whispered.

At the end of the world ahead, the darkness dissipated like a tide, and the light began to show up little by little.

However, just when the two of them were cuddling each other and looking at the coveted eastern land together, in the dark night, a figure appeared quietly.

Neither Mark nor Tang Yun noticed his arrival.

That kind of feeling, the person in front of me, seemed to appear out of thin air.

With a weird look, Ling’s Mark was instantly alert.

However, before Mark asked who came, the next moment, Mark only felt that the beautiful woman in her arms trembled suddenly.

Then, in Tang Yun’s panic gaze, she quickly left Mark’s arms.

“Yun’er, you...”

Mark was in doubt.

But Tang Yun was already panicked, lowered her head towards the people in front of her.

“Old... teacher, I...”

What?

Hearing Tang Yun’s words, Mark’s eyes suddenly widened.

He immediately turned around and looked at the figure deep in the dark night again.

Sure enough, as the distance between the opponents got closer, Mark gradually saw his face clearly.

It was Tang Yun’s teacher and Chu Yuan’s former master, Chu Yuan!

On the top of the vast sea, he stepped on the void and walked on the sky-.

The long sky, under his feet, was flat on the ground.

At first glance, it was still kilometers away.

When I looked again, they were already in front of the two.

He was condescending, his indifferent gaze fell on Tang Yun's body.

Chapter 3570

On that majestic face, there is no joy or sorrow, no emotion at all.

However, even if Chu Yuan didn't say a word, Tang Yun still felt an unprecedented pressure.

Ashamed, horrified, guilty...

Various emotions tore Tang Yun's whole heart.

The person she doesn't want to face most now is her teacher Chu Yuan.

However, this moment, after all, came.

Moreover, it was still when she and Mark were sketching the future.

"how come?"

"How can it be so fast?"

....

The appearance of Chu Yuan undoubtedly exceeded Mark's expectations.

He never thought that Chu Yuan would find them in such a short time.

It stands to reason that this vast ocean is the titled master, the powerhouse of the gods, and it is absolutely impossible to find their position so quickly.

But now, no matter how tangled these things are, there is no doubt that there is no point.

Looking at Chu Yuan, Mark's low-pitched words immediately sounded: "If you are wronged, you have a debt."

"Chu Yuan, this is my grievance with your Chu family."

"In your hands tonight, I have nothing to say."

"But I just hope that you don't involve others."

boom!

As soon as Mark's words fell, Chu Yuan waved his sleeves.

A majestic energy suddenly shot out like a cannonball.

Mark immediately vomited blood and flew out, and his body of hundreds of catties slammed into the hard deck.

“Mark!”

Tang Yun was immediately anxious, and ran over to help Mark.

“Bastard!”

“In my presence, dare to protect him?”

Chu Yuan was furious again, waved his anger into a lock, and directly locked Tang Yun in place, confined in place.

“Let her go!”

“I said, everything is coming to me.”

Mark vomited the blood from his mouth and stood up again.

Chu Yuan sneered, “Brian Chu, are you still qualified to make demands with me?”

“You destroy my sect, hurt my child, and abduct my disciple.”

“Tonight, it’s hard to dispel the hatred in my heart even if you thwart your bones and ashes!”

In the senran words, Chu Yuan slowly raised his palm, a burst of great power swept out, Mark, who had lost all his skills, was sucked into front of him by Chu Yuan.

Reaching out, he severely choked Mark’s throat!

As long as Chu Yuan exerted a little effort, Mark would undoubtedly end here.

“do not want!”

“teacher...”

“do not want...”

Tang Yun cried, begging with eyes full of tears.

But the more Tang Yun interceded in this way, the more intense the anger in Chu Yuan’s heart.

“Xiao Yun, why?”

“What’s so good about this abandoned son?”

“It makes you disregard the sect, and desperate everything.”

“For the teacher’s kindness of nurturing and teaching, you will forget all about it.”

“Family interests, the sect master is in charge, you don’t care about them all?”

“tell me why?”

“Could it be that the master of the world’s first sect can’t be compared to this bereaved dog?”

Chu Yuan asked angrily, the anger in his old eyes burned again.

Even if the sect was broken and his descendants were killed, Chu Yuan had never been so angry.

Think about it, Tang Yun is his most valued disciple. Although she is a master and apprentice, she is better than a father and a daughter.

In order to cultivate Tang Yun, he did almost everything, and finally put all the sect in Tang Yun's hands.

This is almost a great kindness.

But Chu Yuan never thought that all the things he gave to Tang Yun were not as good as the abandoned son who was driven out of the Chu family by him back then?

Especially when they saw Mark and Tang Yun embracing just now, the anger in Chu Yuan's heart was even more intense.

"Teacher, please, don't kill him."

"Mark has a kind of shelter for the disciples."

"Just beg you to let him go." Tang Yun was still begging.

"impossible!"

"This son will ruin your Dao Xin."

"If you don't kill him, how will you be in charge of Truman in the future?"

"He must die!"

In anger, Chu Yuan would use his force to kill Mark.

But who could have imagined that Tang Yun damaged her meridians, and immediately vomited red blood.

"Xiao Yun, you!"

Chu Yuan was suddenly shocked. He didn't expect Tang Yun to be begging for death.

"Teacher, I'm sorry, this...this time the apprentice will be willful again."

"If you don't let him go, the disciple will stop here."

Chapter 3571

"Are you threatening me?"

"You know, I hate other people's threats the most!"

After Tang Yun's words fell, Chu Yuan was undoubtedly even more angry.

Binghan's words hardly contain the slightest hint of temperature.

The killing intent in the eyebrows is even worse.

The more Tang Yun cared about Mark, the more he could no longer keep him.

Tang Yun is the master of the Chumen he chose, and anyone who prevents Tang Yun from being in charge of the Chumen must be wiped out!

Especially this Mark!

However, just when Chu Yuan's killing intent had been decided, Tang Yun used his skills again, and broke another vein in her own body. She trembled, and vomited a mouthful of blood again.

"you!"

This time, Chu Yuan was undoubtedly frightened.

Old face pale!

Because, he clearly felt that the disciple in front of him was determined not to hesitate to die for Mark.

"good very good!"

"Tang Yun, you won."

"Tonight, I will let him go."

"However, as a condition. I make you swear that from this moment on, I will cut off all contact with this Brian Chu."

"From now on, you must not have any contact with him anymore."

"His life and death have nothing to do with you anymore!"

"If you agree, I will let him go tonight."

Under Tang Yun's stubbornness, Chu Yuan finally took a step back.

When Mark heard the words, he shook his head and looked at Tang Yun's gaze, as if to make her refuse Chu Yuan's request.

And Chu Yuan undoubtedly saw Mark's movements, and the strength in his hands became a bit heavier again.

Seeing that Mark's face was flushed due to lack of oxygen, and his body was full of blue veins violently, almost on the verge of suffocation.

Under such circumstances, Tang Yun can no longer hesitate.

She shed tears and screamed sadly: "I, Tang Yun, swear to heaven!"

"After tonight, I will cut off righteousness with Brian Chu."

"His life and death will depend on me."

"From then on, both grievances and grievances are cleared, and old and dead are no longer in contact!"

Tang Yun gritted his teeth and said, every word and every word that was uttered at that moment was like a sharp knife, thrusting straight into Tang Yun's heart.

After saying this, perhaps, the heart of this peerless and graceful woman was also shattered.

“Tang Yun, remember what you said tonight.”

When Chu Yuan heard this, he nodded in satisfaction.

After that, his hand was relaxed, Mark, who was dying, fell to the ground, vomiting blood all over the floor.

“But Brian Chu, don’t think that if you escape tonight, you can sit back and relax.”

“I just promised not to kill you tonight. I didn’t say not to kill you in the future.”

“I will give you seven days.”

“In these seven days, my Truman will not take any action against you.”

“But after seven days, whether you live or die depends on God’s will.”

Chu Yuan stayed high and looked at Mark under him with indifferent eyes. Sen Han’s words were as cold as ice.

Booming~

However, just after Chu Yuan’s words fell.

In the distant horizon, suddenly there was a fire blazing into the sky.

Immediately afterwards, the deafening explosion sound, even if it was a hundred miles away, was still so clear.

Chu Yuan immediately looked up.

When he saw the direction of the explosion, his old eyes trembled suddenly, and the expression of the whole person immediately became solemn and angry.

“Junior, is it you?”

“You sent someone to beat me at Chumen Mountain?”

Chu Yuan strangled Mark’s neck again, his eyes were red as blood, and he asked angrily.

Yes, at this time, the place where the flames blazed into the sky is impressively Mount Chumen.

Someone is attacking Mount Chumen.

Looking at the world, anyone who has the courage is also the man named Brian Chu in front of him.

Now Chu Yuan even felt that this Wang Ba Laozi used himself as a bait to lure him out and adjust the tiger away from the mountain.

Then he sent people in to take advantage of the vacancy and bomb them with Truman.

Seeing such a huge offensive, Chu Yuan didn’t have to think about it anymore. The only three thousand people left in Chu Sect were afraid that they would be killed and injured again.

Chapter 3572

“Teacher, you...you promised me that you would let him go...” Tang Yun’s voice came out again.

No matter how angry Chu Yuan was, he had to save Mark’s life.

He patted Mark with a palm and severely wounded Mark. After venting a bit of anger in his heart, Dang Even brought Tang Yun back to Chumen and went to save people.

Chumen Mountain.

Has become a mess.

Thousands of artillery fire, like no money, poured madly.

The disciples on Mount Truman have gone crazy.

“Who?”

“Who is hitting me at Chumen Mountain?”

“Could it be the U.S. military that has fallen into trouble?”

“quick!”

“Connect me to Admiral An Lan!”

“I want to ask him what’s going on?”

“What do these bastards want to do?”

“Is it really going to start the war between Truman and them?”

The attack came too suddenly.

When everyone found out, the entire Chumen Mountain had been covered by turbulent firepower.

After the first wave of attacks fell, Chumen Mountain was cut a few meters away.

This sudden attack is undoubtedly fatal to the warrior.

By the time Truman’s strong men held up their defenses, Chumen Mountain was already full of corpses.

While the people of Truman were still investigating the identity of the incoming enemy, there were heavy troops underneath the Chumen Mountain.

Dozens of armored vehicles, rockets, howitzers and other heavy weapons were all moved out.

Thousands of artillery shells were on the ground, firing frantically.

In front of the position, a man in a military uniform stood there just like that.

Look at the fireworks exploded in the air by the shells, look at the skyrocketing flames of Chumen Mountain ahead.

“General Osker, the three rounds of attacks are over.”

“Should you stop the offensive?”

At this time, his subordinates suddenly came to ask for instructions.

“How many cannonball stocks are there?” Osker asked in a deep voice.

“Less than 60%!”

“The artillery fire continues.” Eske said slowly, his tone was calm and calm, even with a bit of decisiveness.

“General, the inventory is less than 40%. Do you want to continue?”

.....

“General, 20% of the ammunition inventory is left...”

.....

“General, all the shells are almost exhausted!”

.....

At the foot of Chumen Mountain, one after another, the messengers reported the situation to the men.

Finally, when he heard that the ammunition was about to run out of food, the man smiled.

In that smile, it seemed to be a little relaxed.

He looked at the Chumen Mountain, which was blazing into the sky in front of him, and then issued the last command to his hand.

“Distribute all the artillery shells to the artillery, and prepare to give Chumen the last big gift.”

“The rest of the units, prepare to retreat.”

“After the last round of attacks is over. Everyone, let’s run for their lives.”

“At the same time, thank you Osker for me.”

“Thank you for more than ten years of sincere cooperation.”

“We will never see it again!”

“General...”

Swipe...

Hearing Osker’s words, all the soldiers around rolled down, tears streaming down their faces.

“This order will not be repeated, execute it immediately!”

Osk snorted and showed his final majesty to all the soldiers.

Then, another round of artillery burst into the sky.

After the deafening explosion, the soldiers of the whole army quickly retreated like a tide.

Only Osker, standing high, admiring the masterpiece he wrote tonight.

“Alice, your man avenged you!”

Oskhaha laughed, but his turbid gaze was full of misses for his former lover.

At that time, Osker was just the most ordinary ordinary person, with a happy family and a woman in love.

But until one day, his girlfriend was abused and committed suicide.

The murderer was from Truman.

At that time, Osker, like Mark, rushed to the Chumen Mountain desperately, asking Chumen to give him justice.

But in the end, he didn't even enter the door, and he was almost beaten to death by the people of Truman.

The seeds of hatred were planted at that time.

Later, he met Mark.

The same goal undoubtedly brought them together quickly.

With the help of Mark, he hid for many years, accumulated strength, and step by step ascended to where he is today.

Chapter 3573

He admired Mark, maybe the result was not satisfactory, but at least, this young man really single-handedly entered the Truman, and the whole Truman was turned upside down by himself.

He is much better than he was back then.

The courage and methods of Mark alone are enough to make Osker follow for a lifetime!

“Dragon Lord, tonight should be the last farewell gift given to you by your subordinates.”

“It's a pity that the subordinates can no longer accompany you for the rest of the road.”

Osk looked at Mark's direction and knelt down to where his heart was.

In the words, it is full of regrets.

Yes, the general who is fighting for the main battle, who doesn't want to accompany his monarch to the world.

Osk is one of the four dragon kings under Mark.

He naturally wanted to accompany Mark through all the roads.

However, when his identity was revealed, Osker already knew that this dream would only be a dream after all.

Perhaps in the future, Mark will return to the Chu Sect again and return the insult that Chu Yuan has brought him back thousands of times.

But on this day, Osker is undoubtedly unable to wait.

When the last round of attacks is over, the world will be silent after all.

And his men, as planned before, began to retreat in an orderly manner.

The dense figure only receded like a tide.

Osk stood there, watching these people exit the forest and retreat to the city.

At this time, the survivors of Trumen began to rush down Chumen Mountain to find the murderer who killed them tonight.

Chu Yuan, who had taken Tang Yun before, also quickly returned here.

They found Osker on a high ground.

“Oske, it really is you!”

“You bastard, I didn’t expect from Chu Sect that you were actually from Brian Chu?”

“You beast, you kill so many people from Truman, you are a corpse!”

Prior to this, Great Elder Tang Xian had already guessed that tonight’s attack would have nothing to do with the guards stationed at the foot of the mountain.

However, Tang Xian’s original guess was that Mark and Oske together attacked Mount Chumen.

But now after going down the mountain, Tang Xian discovered that Osker, the bastard, was actually a *, and he actually led the team to fight.

“Where is Brian Chu?”

“Where is Brian Chu that bastard?”

“Why didn’t he come?”

“That bullshit, could it be that I was afraid of my Truman, and I just sent you to fight alone, but I am hiding behind and dare not come out!”

Tang Xian was all embarrassed, and his face was gray, but he was full of anger and cursed at Mark.

The previous rounds of attacks were too sudden.

You know, during this period of time, Chumen’s people had sent out a large number of people to search for Mark.

There are not many forces left to guard Chumen Mountain, and only a few people are left to patrol and guard.

After all, no one would think that Mark would take the initiative at this time.

But now, Mark undoubtedly gave everyone a resounding slap in the Truman.

However, in the face of Tang Xian's questioning, Osker did not answer directly.

Just looking up and smiling: "Hahaha..."

"It will come."

"The Dragon Lord will come sooner or later."

"When the dragon lord comes to Chumen Mountain again, it will be the time when your Chumen will be destroyed!"

"*!"

"shut up!"

Upon hearing this, Tang Xian and others immediately yelled at him, waved his hand and hit Osker fiercely.

The man in front of him vomited blood, and he flew out immediately.

"Keep your breath, take it to Chumen Mountain, and give it a good torture."

Chu Yuan, who had already returned to the sect, found that Osker was just an ordinary person without the power to bind a chicken, and he lost interest.

He ordered his men to tie him to Mount Chumen.

However, Chu Yuan's words just fell, only after hearing a gunshot.

Osk drank a bomb and died, leaving a place with red blood.

Chapter 3574

"Damn it!"

"He committed suicide!"

Truman's people walked over and took a look, and when they saw that the other party had lost their breath, they suddenly cursed with anger.

After that, everyone didn't waste any more time, and they all returned to Chumen Mountain to count the wounded.

Osk's attack may have caused limited casualties to the Truman personnel, but it undoubtedly almost destroyed the entire Chumen Mountain environment and buildings.

There are ruins and gullies everywhere.

The remaining flames, with black gunpowder smoke.

There are very few buildings in Nuo Da Zongmen that are still well-stored.

“This damn Brian Chu!”

“I really fucked his family...”

The sect was destroyed, Tang Xian and the others had the heart to kill Mark, and their resentment towards him was undoubtedly stronger.

“Old Sect Master, have you caught up with that hot summer child?”

“We must not let him escape!”

“I will continue to take people to chase now!”

“Then Brian Chu must have fled in the direction of Yanxia by sea.”

Tang Xian wanted more and more angry.

Tonight, he was bombarded by artillery fire twice in a row. One can imagine how angry Tang Xian should be.

While talking, Tang Xian was about to take someone out to chase after him.

But it was stopped by Chu Yuan.

“No need.”

“After the notification, all the personnel outside will temporarily give up the pursuit, and all return to Chumen Mountain, waiting for instructions.”

“This...” Tang Xian was taken aback when he heard the words.

“Old Sect Master, I don’t understand.”

“Then Brian Chu has lost his cultivation now, it is the weakest time.”

“We don’t chase at this time, that is undoubtedly letting the tiger go back to the mountain.”

“In the future, if we wait for Brian Chu to come back, and we want to get rid of him, we will have to pay a thousand times more.”

Tang Xian was puzzled and asked Chu Yuan in confusion.

Chu Yuan replied indifferently, “Don’t worry, he can’t escape.”

“I made my own plan!”

“This time, I will not only let him die in the ocean, but I will also bring back all the majesty we lost in Truman.”

Chu Yuan’s cold voice slowly sounded.

No one knew what was brewing in this old man's heart.

"What about the master of Tang Yun?"

"Are we not rescued?" Tang Xian asked.

Chu Yuan replied, "I have brought her back."

"But she was persecuted by Brian Chu and was seriously injured."

"During this time, I let her retreat from her wounds."

"None of you should bother her."

Tang Xian was undoubtedly overjoyed when Tang Yun was back.

After so many days, I finally heard a good message.

The Pacific Ocean is vast.

The eyes are full of boundless blue waters.

Under the shining of the sun, blue light was reflected.

It was another evening when the sun was setting.

Mark and his party continued eastward on the cruise ship they were on.

The surface of the sea is extremely calm, and through the clear water, you can see the fish and shrimp playing below.

In the distant horizon, there were several melodious seagulls crowing.

"Brother Mark, look, the scenery on the sea is so beautiful."

"Beautiful, like a fairy tale."

"No blood, no strife, no killing."

"Only the quiet sea and the fiery sunset."

In the cabin, Xu Lei just hugged her Mark brother, while looking at the boundless sky outside the dazzling window, while talking idiotically.

In her arms, the man seemed to fall asleep.

His eyes were closed tightly, his breath was faint, and the wind blowing from the window made his eyelashes sway.

It's been several days.

Several days have passed since Mark was found fainted on the deck.

However, for so many days, the man in front of him has never woken up.

Ericson Li and the others came to see Mark almost every day.

Xu Lei, on the other hand, never left.

She guarded her Mark's brother day and night.

"Brother Mark, do you know?"

"For so many years, I have been looking forward to having such a period of time."

"Just like now, there is a sky, a sea, a warm sunset, and a gentle sea breeze."

"The most important thing is you and me."

"You are lying on the beach, blowing the sea breeze leisurely. And I, lying in your arms, resting your chest, listening to your every breath, counting your every heartbeat..."

Chapter 3575

Xu Lei smiled softly, the pretty face that made countless men crazy and embarrassed countless women was full of happiness and expectations.

The fantasy that has been in countless nights has finally come true today.

Xu Lei smiled hard, but smiled, tears streaming down unconsciously.

The crystal tears slowly slipped along her beautiful face.

Afterwards, the splash fell on Mark's face.

The place where you see it is cold.

In the end, Xu Lei could no longer control the emotions in her heart, holding the man in front of her, crying loudly.

"Brother Mark, wake up..."

"Ohhhhh..."

"You can't die, I don't allow you to die, wake up..."

"In this world, Lei'er is a relative of you. If you leave, who else can chat with Lei'er, who will knock Lei'er's head, and who will scrape Lei'er's nose..."

Xu Lei kept crying, looking sad, like a child who lost the love of her life.

It can be said that apart from Mark's parents, Xu Lei was almost the first person to know Mark.

The encounter in the Chu family that year made this girl remember the young boy for so many years.

In Xu Lei's memory, this man named Mark was always so proud, so dazzling, and so vigorous.

Even after he was expelled from the Chu family, there was still an unquenchable flame in his eyes.

But why, God is so cruel.

Since he created such a proud and dazzling young man, why should he ruin him now?

In fact, not only Xu Lei, but even Ericson Li, Chen Ao and others, couldn't believe that the bloody, embarrassed, dying man in front of him was Mr. Chu who swept the crowds and smashed Noirfork.

How dazzling was Mark at that time?

With one punch and kick, Wu Herong who had come across the sea collapsed to death!

During the military region battle, he alone suppressed the four military regions!

During his trip to the rainforest, he fought several big titles alone and was undefeated.

In the Battle of West Lake, he almost flattened the entire Jiangbei Budo, and it was still in ruins.

Along the way, this man is really too dazzling.

It was so dazzling that all only remembered his supreme glory in sweeping Japan and suppressing the Temple of Martial Arts, only remembering his majesty of going to Chumen, defeating Chu Zhengong, and reaching the top of the list.

However, when the glory dissipated, the light faded away.

Now the man lying here is nothing more than a young boy in his early twenties.

At this age, many people think that they have just stepped out of the ivory tower of the university, and psychologically they are still young men who are still childish.

But Mark has already experienced the ups and downs of the world.

Woman, power, strength.

Mark had already enjoyed everyone's dreams of goals that were unattainable for a lifetime.

Sometimes I think about it, since I have seen the prosperity of the world, it is falling today. What is a pity?

Perhaps the only thing I can't stand for is the beautiful woman in front of me.

"Ohhhhh..."

"Brother Mark, wake up..."

"I forbid you to go."

"You are the person that Lei'er cares most about. If you leave, what's the point of Lei'er living in the world..."

Xu Lei was still crying, and her tears slipped down.

When I thought about it, I might be alone in this world, and Xu Lei's heart was almost broken.

"Stupid girl, Brother Mark hasn't watched you start a family, why...how can you be willing to leave..."

When Xu Lei was crying, a faint voice suddenly sounded.

Xu Lei's tearful face was immediately startled.

She lowered her head and looked at it. Mark, who had been in a coma for a long time, finally opened his eyes.

Xu Lei was so happy, the tears on her face had not disappeared, but her pretty face was full of joy.

"Brother Mark, you finally woke up..."

"Hmph, you scared Leier to death."

"Do you know how long you have been in a coma..."

Chapter 3576

Under the surprise, Xu Lei immediately hugged Mark, with a pretty face buried in Mark's chest, complaining full of resentment.

"Mr. Chu is awake?"

"Mr. Xu, really, is Mr. Chu really awake?"

Ericson Li and the others, who heard the movement, also ran in.

But as soon as I entered the door, I saw Xu Lei snuggling in Mark's arms, talking about lovesickness and crying, Ericson Li stopped empathetic and retreated.

"Second, what are you doing in a daze, going in?" Lei Laosan didn't wince, still scolding Ericson Li for dulling.

However, Ericson Li pulled Lei San directly out: "You old thing, you don't wink at all."

"Didn't you see Mr. Chu and Mr. Xu talking..."

"A person like you, if it weren't for a bit of money, would have been bachelor for a lifetime."

Ericson Li cursed outside.

After waiting for a long time, Xu Lei, who had beautiful eyes with red and swollen eyes, called Ericson Li and the others in.

"Brother Mark is still very weak, don't delay him too long." Xu Lei reminded.

"Mr. Xu, don't worry, we are just visiting Mr. Xia Chu."

Ericson Li and the others replied, and then all of Mark's men rushed in.

However, when they saw Mark's haggard and pale face, Ericson Li, Lei Lao San, Chen Ao, and Long Baichuan, the three dragon kings, had red eyes unconsciously.

With a bang, Ericson Li and others knelt down in front of the bed, with sad eyes and tears.

"Mr. Chu..."

“Dragon Lord...”

“It’s me who is incompetent!”

“You can’t share the worries with the dragon lord!”

“Just let the dragon master...”

Ericson Li they really hate, hate their shallow ability.

On the frontal battlefield, he could hardly help Mark at all.

Mark was wounded and dying, they could only kneel here and watch, and they couldn’t even avenge Mark.

“All... get up, it has nothing to do with you.”

“You...you have done a good job.”

“Yes... it’s me, I underestimated Truman.”

Mark leaned on the bed, his pale face showed a weak smile.

After a brief period of sadness, Mark asked Xiang Ericson Li about their current situation and situation.

Mark can ignore his own life and death, but these people in front of him, he always wants to take them back safely.

“Mr. Chu, I’m in the East Vietnam Sea in the scorching summer ahead.”

“At most one day, we can reach the motherland!”

“At that time, we will be safe.”

“Those bastards will never hurt us again.” Li Erxin said with joy.

“Yes, Mr. Chu.”

“We are going home safely.”

“Gangdong’s fathers and elders have a blind date, are they waiting for you over there?”

Chen Ao, Lei Lao San and the others were also happily talking.

These days, Mark is unconscious, and Chen Ao and their hearts are also hanging.

One was worried about Mark, but worried about Chumen chasing him down.

It can be said that no one has had a good night’s sleep.

But now, everything is about to change for the better.

They will return to the motherland soon!

No matter how arrogant Chu Sect was, he couldn’t really dare to kill a large army in the hinterland of the hot summer.

This is an invasion!

One million troops in the hot summer is not a display.

“Yeah, I’m going home soon, that’s great.”

Mark followed with a smile.

But his inner emotions are undoubtedly complicated.

A few days ago, when he left Noirfork, he was still No. 1 on the rosy list.

Now when I return to Noirfork, the prosperity is gone, and he is dying.

Mark suddenly realized that the overlord of Western Chu, who was defeated in Wujiang a thousand years ago, didn’t dare to cross Noirfork.

“Where is she? Is she still there?” Mark asked suddenly.

“She? Who, is Mr. Chu talking about the daughter of He Lanshan?” Ericson Li was puzzled, thinking that Mark was asking about He Yurou’s situation.

Mark shook his head.

Chen Ao thought of something and asked, “Mr. Chu is asking, the veiled woman who came with you?”

“She seems to be gone.”

“After you were unconscious, you never saw her again.”

Mark didn’t say a word, but his originally apathetic eyes dimmed a bit again.

Inwardly, a kind of unspeakable sadness and loss suddenly surged.

After all, he still failed to take her away.

“I’ve been in a coma, how many days have it been?” Mark asked again after a brief silence.

Chapter 3577

“Almost, it’s been seven days.”

Ericson Li thought for a while, and then replied.

Mark immediately frowned upon hearing this, and then said: “Is the cruise ship sailing at the fastest speed now?”

Ericson Li shook his head: “It shouldn’t be. It feels a lot slower than the previous few days.”

“Go ahead with the notice, go ahead at full speed, and arrive at the border waters of the summer heat in the fastest time.”

“In addition, let everyone not relax. Before arriving in the hot summer, be sure to maintain a high level of vigilance.”

Mark suddenly became serious and said solemnly.

When Long Baichuan heard the words, they were a little confused. Especially Ericson Li and Chen Ao, they are even more incomprehensible.

“Mr. Chu, I don’t think it is necessary, right?”

“For so many days, we have already left the American continent for nearly 10,000 miles.”

“And, one day, we will be in the hot summer.”

“The most dangerous time has passed.”

“You don’t know, these days when you were in a coma, we maintained a high level of alert, but everything was calm.”

“I guess, Truman’s people have given up chasing.”

“Moreover, we have all ran here. At this time, the people of Truman will not be able to catch up anymore.”

“Mr. Chu can sit back and relax.”

Ericson Li and the others all smiled, and there was no urgency in their words, but there was a kind of ease of returning home in triumph.

This time so many of them went to Chumen Mountain. Although they could not help Mark defeat Chumen, they at least brought Mark back safely.

From this perspective, their character this time is undoubtedly a success.

It is not an exaggeration to say that it is triumphant.

“Yes, Dragon Lord.”

“These days, my brothers stay on guard day and night.”

“The spirit has been in a state of high tension for many days.”

“I’m going home soon, and I should take a good rest.”

Long Baichuan also said from the side.

Obviously, with so many people present, they felt that they were safe.

After all, the sea here is far away from Truman’s sphere of influence, and there is no need to worry as much as before.

But Mark’s words were firm, and he couldn’t help everyone to persuade him.

“Listen to me, let everyone stick to the last day!”

“When I return home safely, I will let you all rest and recuperate!”

Although Mark’s words were weak, his firm tone could not tolerate anyone’s questioning.

In desperation, Long Baichuan and the others had to obey, let the ship move forward at full speed, and raised the defense to the highest level.

After the discussion was over, everyone dispersed, and did not disturb Mark to recuperate.

Xu Lei stayed beside Mark, taking care of him.

Xu Lei undoubtedly cherished this time alone with Mark.

She knew very well that when she returned to Noifork in the hot summer, the man in front of her would no longer belong to her.

“Brother Mark, are you too careful?”

“Could it be that the people of Chumen dare to kill before they reach the gate of the country?”

“Unless they want to start a national war.”

“Otherwise, I definitely don’t think they dare to make trouble on the border of our motherland.”

“After all, the power of the Martial God Temple should not be underestimated in local combat.”

Xu Lei whispered while peeling an apple for Mark.

But Mark shook his head: “Leier, I’ve already been the one who walked before the gate of ghosts. In fact, I have already seen my life and death a long time ago.”

“But I can ignore life and death, but I can’t ignore you.”

“You are in danger because of me, and I am really afraid that I can’t take you back safely.”

“My Brian Chu’s voice has affected enough people. I really don’t want to hurt you anymore.”

Mark spoke slowly, but in his words, he was very heavy and guilty.

Chapter 3578

At the beginning, the reason why he single-handedly killed Chumen Mountain was because he was afraid that he would defeat Chumen and hurt others.

But the scene that Mark didn’t want to see most happened after all.

Yue’er’s whereabouts are unknown, and Gaia and the others do not know whether they are alive or dead.

Osker, who voluntarily stayed in New York, didn’t know what was waiting for him.

And Yuner, the girl who was willing to abandon the whole world and leave with him was taken away after all.

Along the way, Mark really failed too many people!

Sometimes, Mark himself couldn’t help thinking, Brian Chu, how can he make so many people not afraid of life and death for him!

“Leier, promise me.”

“No matter what happens to Brother Mark in the future, you must live well.”

“Find someone you like, someone who can protect you for me.”

“In this case, my sister Xiaolei, even if there is no brother Mark in the future, she won’t feel lonely anymore.”

Mark smiled softly, his words full of concern and worry for Xu Lei.

He and Xu Lei have known each other for too long, and they can even be regarded as childhood sweethearts, much longer than they have known Helen Qiu.

For so many years, not many people have walked into Mark’s heart, and Xu Lei is definitely one.

She was not like Helen Qiu, even without herself, she still had her parents.

Helen Qiu’s parents may have been a little bit mean, but Mark could still tell after having been in Zhuqiu’s family for so many years. Helen Qiu’s parents were just treating him badly, being mean to others, and still caring about her own daughter.

Back then, Helen Qiu cut off the relationship with Qiu’s family and her parents for her own sake. That’s how it is said, but how easy it is to cut off the grace of childbirth.

Over the years, Helen Qiu has been hiding from Mark to help her parents.

Although Helen Qiu didn’t say anything, Mark always knew it. Mark didn’t mind, and even expected Helen Qiu to do so.

Mark is also happy that there are more people in the world who truly care about his wife.

But Xu Lei was different, besides her friends of interests, there was really no one who really cared about her.

It can be said that the silly girl in front of him is really the one that Mark can’t let go of.

The most terrifying thing in this world is not life and death, but loneliness.

When there are no more people to worry about in the world, then there is no point in living.

Therefore, Mark has repeatedly urged Xu Lei to find someone she likes, just to make this girl have some concerns.

Otherwise, Mark is really worried that if something happens to him, this stupid girl will follow.

After all, a stupid girl who is stubborn enough to find a person for ten years, what else can’t be done?

“I do not!”

“Brother Mark, I forbid you to say these things.”

“You said you want to protect my life, you are not allowed to break your promise.”

“If you leave me, I will never forgive you for the rest of my life...”

Xu Lei suddenly became excited, and she stubbornly shouted, tears streaming out at once.

Mark didn't know what to say, but he sighed in his heart.

Chumen Mountain.

Chu Yuan sat quietly with his eyes closed on the rare and well-stored hall.

Under the hall, Tang Xian and the other two elders respectfully worshipped.

"Old Sect Master, everything has been done as you ordered."

"All the strong in my Truman are in place!"

"Global martial arts leaders, martial arts leaders from all countries, have also received messages indicating that they will cooperate with me in the Truman operation."

"However, there is no indication on the side of the Yanxia Wushen Temple."

"But according to reports from our intelligence personnel, the hot summer side is already deploying troops and preparing for the war."

"The Sword Saint, the master of the Temple of Martial Arts, is urging thousands of warriors from all over the country to enter Beijing urgently."

"There is a fight to the death!"

"We have to guard against it?"

The Great Elder Tang Xian was worried.

Chu Yuan frowned, "Where is the strongest person in Yanxia, can he move?"

"Back to the old sect master, Ye Qingtian, the god of war in the summer, seems to be in retreat. There has been no news for a long time." Tang Xian replied.

Chu Yuan suddenly smiled: "If that's the case, then there is nothing to worry about. Don't worry, in the entire Martial God Temple, except for Ye Qingtian, the rest of the people will definitely not have the courage to fight against my Chu Clan!"

"Let's go, seven days are here. The show should begin too!"

Chapter 3579

Hot summer.

Yanshan, Wushen Temple.

The three titled masters of Juggernaut, King of Fighters, and Haotian gathered.

Of course, there are also the little king of fighters who have just entered the title.

At the foot of Yanshan Mountain, the wind was bitter and the sky was full of snow.

The cold wind from Siberia swept across the world like a wild beast.

At this time, in the hall of the Wushen Temple, the heating has been turned on to the maximum.

However, the atmosphere here is still as cold as ice.

“Juggernaut, the matter has been completely upset.”

“The martial arts leaders of all countries are all involved.”

“What’s more, there is another Chu Yuan who is most likely to be a strong god in the realm!”

“It can be said that the martial arts power of the entire world has been affected.”

“Summer, it’s dangerous...”

Looking at the red urgent files gathered by all parties at the table, Tang Hao and others were solemn and anxious.

For hundreds of years, how hot are they, they have never faced such a crisis?

Back then, the strong from Chumen came to commit the crime, but it was only a force from the Chumen side.

But now, the martial arts leaders from all over the world have arrived.

It is conceivable that now it has become a hot summer temple of martial arts, what pressure is facing.

“It’s all to blame on Brian Chu!”

“He is really crazy, why must he go to provoke Truman?”

“When the first sect of the world was the first sect, how can you resist it as a descendant?”

“Now, has brought me such a severe disaster in the summer?”

The King of Fighters is undoubtedly anxious.

As the master of the Temple of Martial Arts, they shoulder the stability of the entire family and country.

Now that the country is in danger, how can they not hate Mark.

After all, all of this was due to Mark!

From beginning to end, Mark was the initiator of this incident.

“The King of Fighters, you can’t say that.”

“People Brian Chu publicly announced that they have nothing to do with my Martial God Temple, and all his actions are his personal actions.”

“Perhaps, he didn’t want to involve me in the summer.”

Tang Hao explained from the side.

“Don’t want to be involved?”

“Then if Brian Chu really doesn’t want to involve me in the summer, why does he still run to our side?”

“It’s all right now, we have been completely pushed to the cusp of the storm by him in the summer.”

“It’s not a fight, and it’s not a fight. What do you think we should do?”

The more the King of Fighters thought about it, the more angry he got, and his palm crackled.

“I said long ago that this Brian Chu is a disaster.”

“When he was still weak, I suggest you kill him in the cradle.”

“But if you don’t listen, give him the title.”

“What about it now? I can’t deal with it at once, right?”

The King of Fighters said coldly, Tang Hao and others lowered their heads and did not speak.

“This is the end of the matter, what’s the point of saying this?”

“Is there a message from God of War?”

“Has the person who sent the God of War come back?”

The Juggernaut was expressionless, just asking about the situation of the God of War Ye Qingtian.

The son of the King of Fighters, the Little King of Fighters replied, “Uncle Sword Saint, all the people we sent are back.”

“I can’t find Uncle Ye at all.”

“This old Ye, what are you running around all day? Every critical moment, no one can be found.” Tang Hao stomped anxiously.

“If you can’t find it, don’t find it.”

“We are not waiting either.”

“Go straight ahead.”

The Juggernaut sighed, and then no longer hesitated, and was going to pass with Tang Hao and the others.

“But Juggernaut, what should we do if we go?”

“Then Brian Chu, protect or not?”

“As for Truman, how should we communicate with them?”

“You have to set an attitude for us.”

Today the situation is too complicated.

The forces of all parties converge.

And because of Mark's Yanxia people, Yanxia martial arts was also pushed to the forefront.

Now, martial arts all over the world are looking at their Wushen Temple, wanting to know what the Wushen Temple's attitude is on this matter.

Facing the enquiries from the King of Fighters and others, the Juggernaut only replied a word.
