Chapter 3648

Yue Yao rolled her eyes and didn't believe Mark's words at all.

"I did not lie to you."

"You also went to my hometown back then."

"You must have seen the little guy under my mother's hands."

Mark explained with a wry smile.

However, there is one thing that Mark is actually quite puzzled.

That is, this little guy looks too much like himself.

As a result, when he first saw it, Mark once thought that this little guy was his own son.

Later, after I asked Elder Han, I figured out the situation.

"A bit of an impression." Yue Yao nodded.

While they were talking, the two had returned to the vicinity of their home.

Mark and the others rented an old house in Linzhou due to limited funds and deception.

"Brother Mark, Sister Yaoer, you are so slow."

"I have been waiting for you for a long time!"

"Hurry up, my mother has already made the meal, and I'm waiting for you."

"I'm starving to death."

At the entrance of the hutong, there was a seven or eight-year-old girl with two cute croissants, standing there.

Finally seeing Mark and Yue Yao, the little girl was so happy and ran over immediately.

While complaining at Mark and the others, he hurriedly ran into the house while pulling them.

The little guy's stomach is already groaning with hunger.

"Tangtang, tell your mother from now on, don't wait for us, you can eat first and save some for us."

Mark rubbed this little girl's chubby head indulgently.

This little girl who is carved and carved is the landlord's daughter, Tangtang.

Mark rented her house.

Here are the kind of courtyard houses with many rooms. Almost every house has a few vacant rooms, which are often rented out.

A room is two to three hundred yuan a month, which is extremely cheap.

Mark and the others had lived here for nearly half a month, and they had already been familiar with each other.

“Wow, it smells so good?”

“Do you make dumplings?”

Mark already felt the fragrance before entering the door.

Then, like a kid, Mark ran faster than Tangtang and rushed into the dinner table.

“Oh, you brat, have you washed your hands?”

“Go go, go back and wash your hands!”

“Tang Tang was broken by your little brat!”

Mark was about to reach out to grab the dumplings when he was knocked back with chopsticks.

At this time, a plainly dressed middle-aged woman stared at Mark with disgust.

She is the mistress of this courtyard house, Yue Yingchun.

Beside her is his husband, Hu Yipeng.

However, Hu Yipeng had an accident when he was working on the building a few years ago, and he lost consciousness in his lower body.

The rest of my life can only be spent in a wheelchair.

But fortunately, relying on the shelter of the ancestors, there is an old house in Linzhou City, which is very rich in land, and it is worth a lot of money.

On weekdays, living frugally, and relying on Yue Yingchun to do odd jobs will make life easier.

“Ha ha..”

“Yingchun, don’t blame Mark.”

“Isn’t it the same when I went home after a day of tiredness?”

Hu Yipeng laughed.

He likes the excitement and looks very alive.

“That’s not OK!”

“No matter how hungry you are, it won’t be worse for a while.”

“Yao’er makes people worry, knows that it’s clean, and makes people like it.”

“Such a good girl, it would be a pity to marry someone else in the future.” The more Yue Yingchun sees Yue Yao, the happier she is. It is a pity to think that such a good girl will be cheaper for others in the future.

“Hahaha...”

“Aunt Yue, that’s easy to handle.”

“You and Uncle Hu worked hard to get another big fat boy.”

“At that time, I will call the shots and make a baby kiss for my sister and your family.” Mark suggested.

“Good idea!” Hu Yipeng’s old eyes lit up, and he hit Mark with it.

“Go and go, go away, two dumb guys...” Yue Yingchun patted Hu Yipeng lightly, seeming a little embarrassed.

“Mark, what should I do, your Aunt Yue seems unwilling?”

“Hahaha...”

Under the lights, the whole room was full of laughter.

The warm scene only makes people feel that this world is beautiful.

Chapter 3649

“However, Mark, don’t think your Aunt Yue talks too much.”

“You said you are so old, and you should hurry up and ask for a wife.”

“It doesn’t matter your sister, Yao’er is a beautiful girl, and she will definitely not lack her husband’s family in the future.”

“In this society, girls are more popular than boys.”

“But you can’t, you can’t afford to delay.”

“It’s not that my aunt hits you. Look at you now. You don’t have a house or money here in Linzhou, and you still do hard work.”

“Your only competitiveness now is that you are still young.”

“Otherwise, when you are over thirty, you try and specify that no girl is willing to marry you.”

“Listen to Auntie, hurry up and go on a blind date.”

“I will also help you find more points.”

“Auntie Yue, the young girl I know may not be so beautiful or in good condition, but there is one thing that can be guaranteed, she must live with you honestly.”

“Finding a daughter-in-law is no better than falling in love. It is best to live a down-to-earth life.”

After the jokes were finished, Yue Yingchun started to worry about Mark’s lifelong affairs.

Although the situation of these brothers and sisters is not well understood, but after more than half a month of getting together, they also know about it.

Like those young people who come to the South to seek a living, they all come here to work.

For so many years, the people who rented their house are basically these men and women.

After Yue Yingchun finished this, Hu Yipeng next to her continued, "Mark, don't think your Aunt Yue speaks directly, she is just like that, she's so careless, she has something to say in her heart."

"Actually, your aunt and I also think you are good, practical, motivated, and they are life-saving people, so they just talk a little more."

"We used to live in a few gangsters in our yard. Don't tell Aunt Yue to introduce objects to them, just use the broom to drive them out!"

"Improper character, no house will be given to them for how much money is given!"

Hu Yipeng seemed to be afraid that Mark would be unhappy, so he helped his wife to explain a few more words.

However, Mark was surprisingly calm, and even smiled cheeky: "Haha..."

"Uncle Hu, I know what you said."

"You and Aunt Yue are both good people."

"I also thank Aunt Yue for her kindness."

"However, I still don't want to find a wife for the time being."

"Look at me now, in poverty, with no house or car. Which girl is willing to marry me. Even if there is someone with bad eyesight, marry me. Isn't that harmful?"

Mark made excuses to decline.

Just kidding, he, Mark, has a wife.

Although Helen Qiu didn't necessarily want him now, it was impossible for Mark to go on a blind date and marry another.

"Don't say that, Mark."

"Although your little boy is a little poor, it is still useful. At least, can you have children with women?"

"A lot of wealthy people are now recruiting son-in-laws."

"How about, do you think about it?"

"Except for losing some people, there is nothing wrong with it. At least for the rest of my life, I won't worry about eating and drinking."

Yue Yingchun asked.

Mark's face was black at the time!

This is so peculiar, you dare to feel that you can't get along with the "door-to-door son-in-law", right?

He Mark looks so much like a soft rice?

"Hey..."

When Mark's face was full of bitterness, Yue Yao, who was next to him, was giggling nonstop.

The silver bell-like laughter, like a clear spring, is very beautiful.

"You damn girl, still laugh!"

"Be careful that I marry you out and let you be the child's daughter-in-law!"

Mark glanced at Yue Yao hard, and said inwardly.

This damn girl, just don't speak for him, she's gloating.

"How is it, can you accept it? It's nothing more than that the child won't have your surname in the future." Yue Yingchun was still asking.

Chapter 3650

Of course this is not acceptable?

He is the only descendant of the Tianzi generation.

In the future, if his son follows someone else's surname.

What face does he have to see the ancestor Yunyang?

Of course, this is not a question of whether the last name is or not, but he can no longer be the son-in-law.

Therefore, when he heard Yue Yingchun's words, Mark opened his mouth and refused.

But before Mark could speak, Yue Yingchun shook his head again: "No way, no way, people recruit the son-in-law to have a white flour noodle. You are windy and dark. I guess they won't accept you."

"I..."

Mark froze there at the time.

I have the urge to scold my mother.

I dare not say what you don't want, but people still dislike myself?

I am so dignified, the lord of the Dragon God Temple, the number one strong in the sky list, is it so unbearable now?

Mark couldn't laugh or cry.

Yue Yao, who was next to her, smiled and bent over, her branches trembling wildly.

Seeing Mark's radiant appearance, but now seeing such an ordinary scene of Mark, Yue Yao felt that it had a special flavor.

Many years later, Yue Yao recalled the little things he had with Mark. The most impressive thing was the time in Linzhou.

Perhaps, there is no scenery, no glory, no prosperity.

But it is true, warm, and stable.

After a person has gone through the vicissitudes of life, he will find that the happiest state in life is plain and stable.

That kind of stable happiness is far more nostalgic than the beautiful scenery.

"Brother Mark, don't be sad."

"If you really can't marry a wife, you will marry you when Tangtang grows up."

Tangtang touched Mark's head just like Mark comforted her, and said seriously.

Looking at the seven or eight-year-old girl in front of him, Mark was "moved" almost crying: "I thank you so much!"

Having eaten this meal, Mark was very frustrated.

"Yao'er, you said I look like the son-in-law?"

"Back then, when I became a parent, there was no way.

"Now that is famous all over the world, still let me be the son-in-law?"

"Ma De, I can't get through this hurdle?"

After returning to the room, Mark couldn't laugh or cry when he mentioned the words just now.

Yue Yao smiled gently and said, "Don't think about good things, people will not want you when they hire a son-in-law."

Mark's face turned black immediately: "You damn girl, are you looking for a fight?"

While speaking, Mark immediately pushed Yue Yao to the side of the bed and patted her on the back lightly.

"Mark, just got hot water, would you like it?"

Creak.

At this time, the door of the room was pushed open, and Yue Yingchun came in with the freshly boiled water.

But as soon as he opened the door, he saw Yue Yao lying on the bed, and Mark pressed her.

At that time, Yue Yingchun's eyes went straight: "You brat, don't be mad!"

“She is your sister!”

Yue Yingchun rushed to rescue Yue Yao from Mark’s claws.

“Hey...”

“Old Hu, it seems we have to find a daughter-in-law for Mark quickly.”

“Look at this little brat, even the girl wants to be stunned.”

....

Yue Yingchun glanced at Mark, then sighed, pushed Hu Yipeng and returned to the room.

As for Yue Yao, she was naturally taken back to her room by Yue Yingchun.

“Um, auntie, misunderstanding...”

“You have to listen to me explain.”

“It’s not what you think...”

“This is a misunderstanding.”

“Yao’er, explain to Aunt Yue.”

Mark’s face was bitter, and he chased up to explain again and again, trying to save his glorious image.

But what did Yue Yingchun and the others believe? Not only did they ignore Mark, they also comforted Yue Yao: “Yao’er, you will spend less time with your brother in the future.”

“After all, men, after being single for a long time, they tend to get up and can’t control themselves.”

Yue Yao nodded seriously, “Well, auntie, I see.”

When Mark heard this, he almost fell to the ground.

Is she okay?

She still knows?

This dead girl is deliberately cheating him!

“Hey, the fame of the lord of the palace is ruined tonight...”

Mark was full of “grief and anger.”

However, Yue Yao hid her mouth and hid her joy, with a gentle smile on her beautiful face.

Chapter 3651

While Mark and Yue Yao were enjoying a rare peaceful time, an old community in the southern district of Linzhou City.

Several luxury cars drove in suddenly.

Immediately afterwards, a group of several people, brightly dressed and carrying a large number of valuable gifts, knocked on the residence of a certain resident.

The one who opened the door was a middle-aged aunt. At this age, this aunt's figure is already out of shape, her body is bloated, and her black leggings are even more thick.

After seeing the people, especially the full of gifts in these hands, the middle-aged woman was undoubtedly overjoyed: "Are you the person sent by Master Meng?"

"Please come in fast, please come in."

"My child, dad, come over and pass the cigarette."

The middle-aged woman shouted excitedly, while inviting them into the house while serving them tea.

At this time, the male owner of the house put on his pants and ran out of the bathroom quickly.

Both the couple knew that the guests who came tonight were all big shots.

They naturally dare not neglect.

"Don't bother."

"Master Meng is still at home waiting for our message?"

"You should know, what are we doing tonight, right?" the lead man with a flat head said solemnly.

"I know. Master Meng told us both on the phone." The woman hurriedly responded.

"Well, that's fine." The leader nodded, and then threw a card on the table, "There are ten million in it. If things are done tonight, the ten million will go to you."

When the woman heard the words, her eyes lit up: "Her father, do you hear that, ten million?"

"My old couple, we work to death, and we don't have enough money to save."

The couple was very excited.

"Well, don't worry about it. Can you get it? It depends on your ability?"

"Ms. Qiu, take us to see her first." The lead man said coldly.

"It's in the house, we will take you there."

When the woman saw so much money, she would have spent it long ago.

Leading these people, he walked in toward a bedroom inside.

"Auntie Cousin, are you here?"

Helen Qiu in the bedroom seemed to hear the movement in the living room and was about to come out to take a look, but as soon as she opened the door, she saw her cousin and cousin leading a few people in.

"Ok?"

“Luo Feng, why are you?”

Seeing the visitor, Helen Qiu frowned immediately, her eyes full of vigilance.

“Miss Qiu, we meet again.” Luo Feng smiled slowly.

“I have resigned and changed to a new job. I am no longer an employee of your company. I don’t think we need to meet each other.” Helen Qiu was obviously hostile to these people, and she closed the door without saying a few words. , Do not want them to come in.

“Hey?”

“Mucheng, what’s the matter with you?”

“Mr. Luo is a guest with a distinguished status. You should be happy to see you. Why are you still rushing out?” the woman blamed.

“Auntie Cousin, you don’t know the situation, so don’t participate. Anyway, I don’t want to see them.” Helen Qiu was full of resistance.

“Miss Qiu, why bother?”

“After all, a colleague is not an enemy, and I don’t even want to say a word?”

“Besides, I’m coming tonight, mainly to look at you on behalf of Master Meng.”

“It’s been almost three months since you left the Meng Group.”

“It’s been so long, shouldn’t it be time to figure it out.”

“Being Master Meng’s girlfriend?” Luo Feng asked with a smile.

“Sorry, I have already answered you, I don’t plan to fall in love, and I don’t want to get married. Tell your young master for me, thank him for showing love, but I am not worthy of Helen Qiu, please ask him to find another beloved!”

Helen Qiu’s tone was decisive, leaving no room for the other party at all.

But Helen Qiu’s words undoubtedly caused the couple to be extremely bad.

“Mucheng, you damn girl, what nonsense are you talking about?”

“Master Meng is interested in you, what a blessing to you!”

“If it were me, I would have to wake up with a smile in my dreams!”

Chapter 3652

“Master Meng’s family is the richest family in Jiangbei.”

“If you marry, you will have no worries about eating and drinking for the rest of your life, and you will have endless glory and wealth!”

“Mucheng, listen to the auntie, promise them to go to Master Meng to be his girlfriend tonight.”

The couple persuaded again and again.

But Helen Qiu had decided, how could they be able to persuade them with a few words.

Finally, when Luo Feng saw that Helen Qiu had eaten the weight, his tone gradually became colder:
“Miss Qiu, you have been in the Meng Group for a long time. You should be very clear about the temperament of the young master.”

“What he wants is never unavailable!”

“Come here tonight, this is the last time we invite you kindly.”

“But if you are obsessed with understanding and still don’t know what is good or bad, then don’t blame us.”

“Soon, you will know, in Linzhou, in Jiangbei, rebelling against the young master, how will it end?”

“Trust me, when the time comes, you will cry and beg Master Meng to accept you as his woman.”

Luo Feng sneered.

“No!”

“You are not allowed to bully mom!”

When Luo Feng said this, the little boy who had been doing his homework on the desk beside the bed, heard the other party want his mother to cry, and ran over and bravely stood in front of his mother.

“Ok?”

“mother?”

“How is this going?”

“Do you have a son?”

Seeing the little boy who suddenly ran out, Luo Feng’s expression instantly sank.

Luo Feng is not very clear about Helen Qiu’s past.

I only know that he seems to be from another province, but I don’t know that she still has children.

“Didn’t you say that you are single, you lied to the young master?” Luo Feng suddenly stared.

“Mr. Luo, don’t get me wrong, Mucheng is indeed single. This child was born before she was married. The father of the child died long ago.” The couple quickly explained, for fear that the Meng family would not want Helen Qiu anymore.

Luo Feng breathed a sigh of relief: “However, this child shouldn’t exist. The woman that the young master looks at should belong to the young master in its entirety. How can she have the flesh and blood of another man?”

Luo Feng said coldly, with a chill in his eyes.

Helen Qiu was so frightened that she quickly hugged Mark into her arms: “What do you want to do?”

Luo Feng didn't speak, but just snorted, "Miss Qiu, do it for yourself."

After speaking, Luo Feng waved his hand: "Go, let's go back!"

"Mr. Luo, don't go..."

"Let's talk again." Seeing Luo Feng and the others leave, the couple suddenly became anxious and hurried to chase them.

But the other party's attitude was also extremely arrogant, and he did not return.

This undoubtedly angered the couple.

The 10 million in hand, just flew, the old couple of them naturally regretted it.

After returning home, she caught Helen Qiu angrily and said, "You said you are a dead girl. If you don't leave if you don't want to leave, you have to be single to raise this bastard?"

"Don't look at what you can't support?"

"If it weren't for me and your little uncle to help you, you would have gone to you when you slept on the street."

"Master Meng is attracted to you, but you are chosen."

"I don't know good and bad things!"

"I'm fine now. I offended Master Meng. What do you think you are going to do in Linzhou in the future?"

.....

"Hurry up!"

"Our temple is small and can't accommodate your two big Buddhas."

"If you haven't gotten the benefits, don't hurt us anymore!"

"Give me tonight!"

"Not negotiable..."

Both the couple were obviously outraged.

Seeing that Helen Qiu didn't know what was good or bad, they simply tore their faces and dared Helen Qiu and her mother to leave the house.

It was originally relatives who were far away, and being able to accommodate them for such a long time would have done everything possible.

Now that Helen Qiu provokes big shots, their old couple will naturally not follow her on this muddy water trip!

Chapter 3653

Helen Qiu didn't have to stay with her cousin and her cousin to drive her away.

She had already given birth to the idea of moving out.

When I first came here, because it was too late to find a house, I first took advantage of my relatives' house.

Later, the cousin and the others said that the rented house was not for rent, anyway, they had many rooms, and they were also idle, so they let Helen Qiu live there forever.

Of course, Helen Qiu didn't treat them badly during this period.

The monthly rent is paid according to the market price, and Helen Qiu also bears the utility bill.

After careful calculation, Helen Qiu's living in a relative's house would cost more than renting a house outside by herself.

Moreover, it was far from the school where Mark went to school, so Helen Qiu had already had the idea of moving away.

I haven't been able to find a chance to say that this time it was just right.

After Cousin and the others said this, Helen Qiu didn't ask for anything, and she packed up her things and left with Mark.

Seeing Helen Qiu walking so resolutely, the couple was undoubtedly even more angry.

"You have no conscience, you just left?"

"Feeding an unfamiliar white-eyed wolf!"

"If it weren't for us to take you in, you two would have frozen to death on the street."

"I knew, you shouldn't have let your mother and daughter live in!"

"Birds and beasts know the grace of feeding back."

"You ungrateful thing is nothing like a beast!"

The couple scolded angrily at Helen Qiu.

Originally, Helen Qiu didn't want to pay attention to them, but now that it was about this, Helen Qiu could no longer remain silent.

"Auntie Cousin, you take me in, I do thank you from the bottom of my heart."

"But you said I was ungrateful, forgive me for not agreeing!"

"During this time, I live here, but why have I underpaid you a dime?"

"I'm outside, renting a two-bedroom and one-living house for only two or three thousand dollars."

"While my auntie is here, I only occupy a single room, so I will give you a rent of two thousand five thousand. In addition to utilities and property fees, it is almost three thousand a month."

“So Auntie Cousin, fairness and comfort.”

“I believe everyone knows who is ruthless and unrighteous!” After Helen Qiu put down these words, she turned away without looking back.

“I go!”

“This damn girl is really clever!”

“It’s so maddening to me...”

.....

“Hey...”

“But fucking kid, I think we’d better not drive him away.”

“From now on, I have lost more than 2,000 earnings in one month.”

“I earn 30,000 less in one year.”

“This kind of good thing, I guess I won’t find it in the future.”

After Helen Qiu left, the couple vented first.

But soon, they realized that the biggest loss was still themselves.

Suddenly regretted it.

Called Helen Qiu again.

But Helen Qiu is not stupid. Since she has moved out, how can she go back?

The rent is not a lot at all, and I also send someone a sigh of relief.

Might as well go out and rent a house by yourself!

However, it takes time to find a house.

In the past two days, Helen Qiu had to deal with it now in the hotel.

———

———

One night passed quickly.

The next day, Mark and Yue Yao got up early. After washing, he ran directly out of the gate.

“Boy Mao, don’t you have breakfast?” Yue Yingchun’s shout came from behind him.

“No, Aunt Yue.”

“We’re in a hurry and don’t eat anymore.”

Mark waved at them, and then disappeared at the end of the road with Yue Yao.

“Hey...”

“Young people now have too much pressure in life.”

“In order to make money, I don’t even care about breakfast.”

“Especially it is even more difficult for such workers with no background and education.”

“Girls are okay, it’s a big deal to find a husband’s family to marry.”

“What about Mark, that brat boy.”

“It’s 30 soon, and there is no stable job. Whose girl will marry him.”

Chapter 3654

Yue Yingchun and Hu Yipeng sighed.

“Mom, I’m married to Brother Mark.” Tangtang raised his hand and offered himself.

“Go, go, you little girl, where you can stay cool!”

Yue Yingchun stared at Tangtang, and the family of three continued to eat breakfast.

Mark and Yue Yao took the bus and rushed to the Linzhou Hall to participate in today’s auction.

“I said Yue Yao, didn’t Mr. Han give us two hundred million?”

“It doesn’t cost much to get a taxi.”

“Do you have to crowd the bus?”

It was the morning rush hour when the buses were full.

Among them were a few old guys with disheveled clothes, burrowing vigorously towards Yue Yao.

And Mark would naturally not let them succeed.

I blocked Yue Yao with my body, trying my best not to squeeze people into this girl.

“Is it a lot of two billion?”

“Do you know how precious the collection we are going to shoot this time?”

“I am now worried that 200 million Dollar is not enough.” Yue Yao frowned, worrying in her heart.

Before Mark, it can be described as a rich and adversary country.

However, in the past two years, without Mark, the Dragon Temple almost disappeared.

The Mufan Group, founded by Mark, is also on the verge of bankruptcy.

For these two billion, Old Han still tried his best to get them together.

When I was rich in the past, I felt that money was something outside of my body.

Now that there is no money, Yue Yao and the others realized that without this thing, it would be really difficult to move at an inch.

“Ok?”

“Mark, look, isn’t that, your wife?”

At this time, the bus passed a station.

Yueyao accidentally saw that there was a poster with a portrait on the billboard at the station.

That person’s appearance was exactly the same as Helen Qiu’s.

Mark looked over and was immediately surprised: “Really?”

In Mark’s surprise, the guy next to him patted Mark on the shoulder: “I said, brother, you can eat this meal, but you can’t talk nonsense.”

“Be careful, your life will be gone tomorrow.”

“What do you mean?” Mark was even more puzzled.

“Don’t you know? The girl in the advertisement is the woman whom Meng Chuan, the eldest master of the Meng family, was interested in.”

“Now, Master Meng is launching a stormy pursuit against her?”

“If you don’t believe me, look at the advertisement on the back of this car seat.”

Mark immediately looked down.

Sure enough, there was a poster of Helen Qiu on the advertisement position behind the seat of this bus, with the text on it: “Helen Qiu, you will eventually become my bride...”

.....

“It’s more than that.”

“Wait, soon the whole city will be the courtship offensive of Master Meng.”

“Similar courtship posters will be plastered everywhere.”

“By then, the entire Linzhou citizens will know that this girl is Master Meng’s woman.”

“So brother, don’t misrecognize your wife.”

“You have to admit your mistake, and you will die.” A kind-hearted person reminded him next to him.

“It’s over now.”

“This Young Master Meng is only in the pursuit stage, and that Miss Helen Qiu didn’t agree to him, how could he become his woman?” Mark frowned.

“Brother, are you an outsider?”

“The Meng family is the No. 1 giant in Jiangbei.”

“Anyway, Master Meng has played with many women for so many years. There have also been girls who didn’t know good or bad before.”

“But in the end, without exception, all succumbed.”

“The pressure of the Meng family is something we mortals 3 can resist.”

“Especially in such a well-known situation, believe it or not, you don’t need Master Meng to do it yourself, so many people rush to send this girl to Master Meng’s bed.”

“In Jiangbei, the people of the Meng family are like crucian carp who crossed the river!”

In the bus, many people talked about gossip about the Meng family.

Among them, many people have compassion for the heroine in the poster.

“It’s a pity, what a girl...”

Chapter 3655

The surrounding chatter is still in my ears, but Mark has stopped talking.

“What’s wrong, are you feeling uncomfortable?”

Seeing Mark’s appearance, Yue Yao next to her asked with a pretty face and a smile.

Mark shook his head: “It’s nothing to be uncomfortable.”

“I’m already a dead person, how can I ask Helen Qiu to stay alone for me?”

“Actually, it would be a good thing if she could find a sweetheart.”

“That silly girl, she often pushes on the quilt at night.”

“In the future, someone will be able to get up in the middle of the night and cover her with a quilt.”

Mark spoke lightly, trying to keep his tone calm, but Yue Yao could still hear the faint sadness in those words.

“So, are you going to ignore it?”

“Let others pursue your wife?” Yue Yao continued to ask.

Every word directly hit Mark’s heart.

That burning look seemed to open the heart of the man in front of her. She had to see how much arrogance was left in this man’s heart after the disaster that year.

“Yao’er, as I said, Mark was already dead back then.”

“He died, along with all his social connections.”

“Helen Qiu is free herself, and she has the right to pursue her own happiness.”

“I have no right to interfere in her life.”

Mark’s tone sank, and no one knew how much emotion this man was carrying in his heart.

But Yue Yao felt angry for no reason when she heard these words.

She ignored Mark, but took advantage of the driver’s parking time, turned her head and got out of the car.

There were still several stops to the Linzhou Guild Hall, but Yueyao got off the bus ahead of schedule.

A popular man walked along the street.

“What a beautiful lady, can you get to know me? My family has three suites.”

.....

“roll!”

After getting out of the car, many people came to chat up.

For these social youths who feel good about themselves, Yueyao didn’t even look at them, and just let them go.

“Hahaha...”

“It’s still a little pepper.”

“Brother likes it.”

But there are always some people who are as thick-skinned as Mark, even if they are scolded, they insist on moving forward.

He even touched Yue Yao.

“Sister, come, get on your brother’s motorcycle!”

“Brother take you for a ride!”

A social youth with dyed yellow hair took Yueyao’s hand and dragged it to his car.

Whoosh!

It was at this moment that a gust of wind flashed.

A yellowed leaf, like a sword, passed through the young man’s hand.

“what!”

The young man wailed, and the red blood dripped from the back of his hand.

“It’s too late to go to the hospital now.”

Mark didn’t know when he had come over, and a faint voice sounded quietly.

“You bastard, wait!”

The yellow-haired youth clutched his blood-stained hand, scolded Mark fiercely, and then rushed to the hospital.

“What are you doing here?”

“I do not know you!”

“I only know Mark!”

Seeing Mark, Yueyao said angrily.

“Yao’er, don’t do this.”

“you understand me.”

“I don’t understand!” Yue Yao’s beautiful eyes were red as she yelled at Mark.

“Why do you keep saying that you are dead!”

“You’re still alive, aren’t you?”

“Mark is still alive, Brian Chuis still alive, the Lord of the Dragon God Temple and the Lord of Noirfork are not dead.”

“There are so many people in this world waiting for your return.”

“Your wife, your mother, the Dragon God Temple, and those Noirfork children who once followed you.”

“So many people are waiting for you, but why do you keep saying these dejected things?”

“Chu Tianfan, what about your arrogance? What about your anger?”

“Are you still the Brian Chul know?”

“Without the courage to smash everything and the arrogance to despise everything, what do you use to touch the realm of the gods, what do you use to challenge Chu Yuan, you’re afraid that you won’t be able to beat even Fen Tian!”

Chapter 3656

Yue Yao shouted forcefully, her beautiful eyes flushed with tears, and her words were full of unwillingness.

She was really unwilling that a man who was so proud back then would become so dead.

She doesn’t like Mark like this.

She only likes the former Mark.

That arrogant and contemptuous Dragon God Temple Master!

It may be impulsive, it may be radical, and it may be irrational at times, but it is fascinating.

Facing Yueyao’s words, Mark was silent, he didn’t say anything, and he didn’t know what to say.

But there is one sentence Yue Yao said is right, he is different now than before.

If it is said, the former Mark was a sharp-edged sword.

But now he, after going through the catastrophe, has a sharp sword in the box, with a dark edge.

But after venting, Yueyao also realized her gaffe, and immediately apologized to Mark: "I'm sorry, Mark, I'm a little rude."

"But, I will definitely heal you."

"must!"

"Whether it's a physical injury or a psychological injury!"

Yue Yao's eyes were burning, and her beautiful eyes were full of determination.

In fact, Yueyao also understands the current Mark.

Mark lost too much in that battle when he defeated Chumen Mountain.

The Dragon King died, and the whereabouts of several dragon gods are still unknown.

Mark's martial arts heritage accumulated with all his efforts was almost completely destroyed in that battle.

No high-level combat power exists!

The hot summer is ruthless, and the world is unrighteous.

In the face of the pressure of the world, Mark died.

Yueyao didn't know how Mark survived in the past two years.

But there is one thing that Yue Yao can be sure of, that is, this man has a too heavy past on his back.

Now, the only thing she can do is to help Mark cure his old illness, help him reach the top, and regain his power!

Only in this way can this man truly be able to carry these heavy pasts.

Yueyao always believed that Brian Chu would not die.

When he returns to the world, all the rebels will eventually die! !

Linzhou Guild Hall.

The Linzhou Auction is the largest auction in Jiangbei Province and is held once a year.

Although it is not comparable to the auctions in Gritsberg and Modu, but looking at the hot summer, the scale of this Linzhou auction is enough to send it into the top five.

Therefore, during the annual auction, in addition to the local rich businessmen in Jiangbei, some overseas people from other places will also gather.

When Mark and Yueyao entered, the hall was already full of people.

After Mark and Yueyao received the masks, they also sat down in their seats.

“I don’t know if two billion is enough.”

“If it’s not enough, I don’t know when I want to come across this herb next time?”

After being seated, Yue Yao was still a little worried.

“It’s just one medicinal herb, 10 million is worth the sky.”

“Two hundred million is more than enough.” Mark was calm. Although the medicine was related to his injury, he was not worried at all.

“It’s true that the emperor is not in a hurry for eunuchs!” Yue Yao gave Mark a blank look, and immediately said, “You bastard, you don’t understand the value of cherishing medicinal materials at all.”

“Often a single medicinal plant can determine a person’s life and death.”

“Medicines are valuable, but life is priceless.”

“In this case, people will often spare no expense!”

“Not to mention two hundred million, it is one billion, two billion, in order to save a life, someone will come out.”

“You pray now, and pray that no one else needs this herb except us.”

“Otherwise, your two hundred million Dollar is not enough to designate!”

Yueyao said very seriously.

But Mark was still unaware of the seriousness of the situation.

Chapter 3657

There were no empty seats in the venue.

Moreover, most of the people sitting with them wear masks to cover their faces.

This is also for the safety of bidders.

After all, bidders have been attacked several times before, and auction items have been robbed halfway.

Therefore, in order to protect the safety of bidders, organizers often use this anonymous auction.

If this is the case, it means that people with intentions are malicious, and they do not know who won the auction.

“This mask is so ugly!”

“Who gave me this mask, it turned out to be a mouse head?”

Among the crowd, a young man tore off his mask, because he thought the mask was ugly, so he didn't wear it.

“Your mask is quite suitable for you.”

Hearing the noises in the distance, Yueyao looked back at Mark.

He was wearing a dragon head mask.

Mark was the master of the Dragon God Temple, so wearing this mask was naturally the most appropriate.

“Just take it.” Mark said lightly.

“By the way, in the past few years, there has been a dragon-headed man in the martial arts world, attacking and killing Chumen strong people everywhere. It is said that the Trumen people are now panicked by this person, and they dare not walk at night.”

“Moreover, Truman also released a super bounty, and the amount of the bounty scares people to death.”

“When I first heard about it, I thought it was you.”

“But after thinking about it, I don't think it should be.”

“With your character, it's okay not to go. If you go, you should directly kill Chumen Mountain and find Chu Dollar to die. It won't be so troublesome.”

Yueyao whispered to Mark about the martial arts world in the past few years.

“This matter, Mr. Han told me. But I can't guess who this dragon-headed man is.”

“In short, it shouldn't be an enemy.” Mark replied in a deep voice.

“Do you think it will be Gaia and the others?” Yueyao asked again.

In the past few years, there has been no information from the four dragon gods such as Gaia and Owen.

Yueyao has been inquiring about their whereabouts all the time, but there is no result at all.

“Probably not. The strength of this dragon-headed man must be higher than the four of them.”

“But Gaia and the others, where will they go? Did they really fall on Mount Chumen?” Yue Yao's eyes were full of worry.

Mark was silent.

In front of him, it seems that the day when he was defeated in Chumen Mountain, Gaia and the four desperately relayed, and did not hesitate to buy time for themselves to escape.

Up to now, Mark still remembers the last time with Gaia.

The old guy was full of blood, but he hugged Elder Truman tightly, not letting him move a step.

Although he was seriously injured, he still gritted his teeth and used his life's strength to shout to Mark to let Mark live.

Thinking of what happened back then, the temperature around Mark suddenly cooled down, and the momentum around him suddenly rose.

If Yueyao had been to the Arctic Icefield, she would have found out that the temperature around Mark was actually colder than the Arctic Icefield.

"Whether it's dead or alive, I'll bring them back." The deep words carried infinite heaviness and firmness.

Yue Yao was stunned there, staring at the frosty man in front of her.

Then, she silently stretched out her hand and held Mark's cold palm.

It seems that the warm sun in June has melted the ice and snow.

Mark's ups and downs slowly subsided.

At this time, the beautiful host who thought she was wearing a red cheongsam took a charming and sexy step and slowly appeared on the stage.

"Ladies and gentlemen, welcome to today's Lin'an auction."

"The auction will last for two days."

"One hundred and eight lots in total."

"Here, Xiaoya wishes in advance to all the ladies and gentlemen that she will get the auction item she likes."

"Okay, without further ado, the auction is about to begin."

After the simple opening, the long-awaited auction for Mark and Yueyao officially opened.

The first item to be auctioned is an extremely exquisite blue-and-white porcelain of the Dollar Dynasty.

Even after hundreds of years, the patterns on it are still bright and beautiful.
