Chapter 3700

These bullets are highly penetrating bullets developed by their Zhang family specially to deal with warriors.

Even if the opponent is a martial arts master, there is a body protection qi.

Even if you are lucky enough to be able to block ten, a hundred.

But what about 1,000 rounds, 10,000 rounds?

Therefore, in Zhang Zixi's view, Mark's life was over when she decided to act.

The ending is no longer suspenseful, so why should Zhang Zixi wait any longer?

Although the color of blood was very bright, she didn't like it.

When Zhang Zixi walked to the car and was about to leave.

The gunshots also ended.

This world has finally returned to silence.

"Without the people in the way, this world is indeed much cleaner."

Zhang Zixi sat back in the car, picked up a glass of red wine from his side, and drank it all at once.

"Come on, let's go back."

Zhang Zixi was undoubtedly in a good mood after eradicating a disaster for his grandfather and eliminating a hidden danger for Jiangbei.

At this moment, he smiled and greeted the driver to leave.

However, the driver did not answer.

"Elder Li?"

Zhang Zixi asked again.

The driver remained silent.

"Ok?"

Zhang Zixi frowned immediately and looked up at the driver's seat.

I saw there, an old man, trembling all over, staring at the eyes, fingers trembling pointing forward.

The horrified face is like seeing a devil.

Zhang Zixi was taken aback by the driver's appearance.

At that moment, she almost subconsciously followed the driver's gaze and looked forward.

boom!

As if five thunders struck the top, Zhang Zixi's pretty face, all calm and calm, disappeared in an instant.

I saw the thin figure in front of me, still standing.

No, it should be said to be walking.

He held Tangtang, two figures, one big and one small, walking hand in hand, walking side by side.

The dim yellow light slowly shone down on the two of them, but a long, long shadow was drawn on the ground.

If you just look at this picture, it will only make people feel extremely warm.

Like the sun in winter, quiet and warm.

However, what made Zhang Zixi and the others extremely terrifying was that behind the two people, one big and one small, they were actually densely covered with golden bullets.

Thousands of bullets, just like that, were suspended in the void behind the two people.

If it wasn't for Zhang Zixi's ability to hear her own breathing and feel her pulse and heartbeat, she would probably think that time and space were always at a standstill.

"But...but..."

"This... how is this possible?"

"Why... why did it stop?"

"Why do bullets that can exceed the speed of sound stop behind them?"

Zhang Zixi seemed to be crazy, her pretty face was pale, and she looked at the scene in front of her in disbelief.

It was difficult for her to accept that this scene, which almost only existed in novels, would be staged in front of her eyes.

Thousands of bullets, suspended in the void and motionless.

However, the two people who should have been beaten into a sieve were walking in the light.

This extremely visually striking scene undoubtedly stunned everyone here.

While everyone was in a panic, Mark, who was walking in front of him, suddenly waved his sleeves.

Whoa!

The tens of millions of bullets that were originally suspended in the air seemed to be alive, and they all flew upside down under the horrified eyes of Zhang Zixi and the others.

For a time, this world was like a golden rain.

In this overwhelming rain curtain, there were screams and blood shot out.

The dark night turned blood red!

Just like this, in just a few breaths, Zhang Zixi and the Zhang family's killers, hundreds of people, all retreated and were shot heavily. The severe pain caused them to kneel on the ground, and the mournful voice could not be heard.

"Go back and tell Zhang Jiuling that I will use the lives of these people in exchange for his promise to protect my beloved wife."

"If my Helen Qiu is hurt in the slightest in the future, I will return to Jiangbei in the future, and I will take it back with all the benefits!"

Chapter 3701

Zhang Zixi almost forgot how he returned to the family.

When she got home, Zhang Jiuling was convening all the senior members of the family for a family meeting.

In front of the elders of the family, Zhang Zixi did not hide anything, and confessed everything he had done before.

After all, she couldn't hide it at all.

In order to force Mark to leave Jiangbei, she transferred hundreds of killers from Zhang's house.

With such a level of personnel mobilization, the senior members of the Zhang family have naturally been aware of it.

"What did you say?"

"You brought someone to besiege Mr. Chu?"

Zhang Jiuling was still puzzled, thinking about what happened to make her granddaughter so embarrassed.

However, when he learned that Zhang Zixi had led people to surround and kill Mark, Zhang Jiuling was undoubtedly frightened, and only felt that his scalp was numb.

"Damn things!"

Zhang Jiuling, who was shocked, slapped Zhang Zixi's face fiercely.

The corner of Zhang Zixi's mouth was bloody, and he was immediately pulled out.

"Stupid!"

"Are you really brave?"

"Who do you dare to provoke?"

"I see that you are really dying!"

Zhang Jiuling was simply mad.

Who is Mark?

That is a slaughter that even Trumen dares to do!

He didn't even care about the Juggernaut.

When the whole world besieged Mark, they all chose to besiege him when he was seriously injured and weak.

Mark in his heyday, the whole world did not dare to provoke him.

Such a ruthless character, it's too late for others to hide?

His granddaughter actually recognized stupidity and even took people to besiege him.

"madness!"

"Impossible!"

"I have more than twenty years, how did I teach you?"

"I teach you to cultivate yourself, I teach you to think twice!"

"But what about you?"

"So impulsive and stupid!"

"I see that you have practiced for more than 20 years, and you have all learned from dogs!"

Zhang Jiuling was furious.

After the slap, he even raised his hand to hit him again.

But Zhang Zixi was a weak woman after all, and Zhang Jiuling finally gave up.

However, if it was his grandson who did this, Zhang Jiuling would have to break his dog's legs today!

Zhang Jiuling was so furious that it undoubtedly frightened the entire Zhang family.

"Three Uncles, you are..."

"Zi Xi, he is your most beloved granddaughter."

"Even if she got into a big disaster, you can't do it so hard, Third Uncle."

The Zhang family stepped forward to persuade them.

Some held the old man, while others went to help Zhang Zixi.

Zhang Jijia advocated that Zijiang was also frightened.

In the Zhang family, who did not know that the granddaughter was the favorite descendant of the old man.

He has been teaching him since childhood. Even if he retired before and ignored the mundane affairs, he still did not forget to teach this granddaughter martial arts.

In the Zhang family, everyone has vaguely regarded Zhang Zixi as the future ruler of the Zhang family.

But who would have thought that the old man would have made such a big fire today, and even moved his hands.

“Zixi, you girl, what have you done?”

“To make your grandfather so furious!”

“Is it really just provoking a gangster from Noirfork?”

“What else are you hiding?”

Zhang Zijiang anxiously urged his daughter to tell her the truth.

“Dad, I... I said it all.”

“I really said it all...”

“It’s really that Noirfork man. If he wants to get his hands on Jiangbei, I just warned him in the past...”

With tears on her face, Zhang Zixi spoke sadly.

But the Zhang family didn’t understand it.

“If that’s the case, Third Uncle, you are indeed a bit heavy.”

“Isn’t he from Noirfork?”

“Even if he dominates Noirfork and is considered a figure in Noirfork, then when he reaches Jiangbei, he is water without a source and a tree without roots.”

“Old man, our Zhang family has been rooted in Jiangbei for a hundred years. Looking at the whole country, we can definitely be regarded as a top-ranking wealthy family.”

Chapter 3702

“It’s nothing to be afraid of even if Yu Yuanxi provokes him.”

“Our Jiangbei is the top three provinces in Yanxia. Whether it’s economic strength or martial arts strength, it’s above that Noirfork.”

“Third Uncle, you really overreacted...” Zhang Xu, a senior member of the Zhang family, advised.

Other Zhang family members also felt that the old man had a big reaction.

“Okay, Zixi, stop crying.”

“Your grandfather probably misunderstood you, don’t be sad.”

“Tell the fourth uncle, where is that gangster from Noirfork now, the fourth uncle took someone over, broke his leg, and brought him back to vent his anger!”

“Zixi is the princess of our Zhang family, how could an outsider be bullied?”

The Zhang family comforted Zhang Zixi.

“shut up!”

“You bastards, what do you know?”

“Do you really think that Mr. Chu is just a gangster in Noirfork?”

“He’s a warrior!”

“It’s a martial artist with strength!”

At this time, the old man was even more angry and shouted again.

“Isn’t it a warrior?”

“Third uncle, aren’t you too?”

“And Zixi, does it seem that you are about to reach the realm of Dao Master?”

“Besides, sir, you are still the president of the Martial Arts Association.”

“With your order, the strong men in Jiangbei have not all come to help.”

“no big deal.”

Zhang Xu and the others said calmly.

“By the way, I’ll have an entertainment in a while. The one-billion-dollar order will earn 30% of the profit.”

“It’s almost the end of the year, I’ll do another job for our Zhang family’s property.”

“Master, I’ll go first.”

At this time, someone in the Zhang family answered the phone and was about to leave.

“I also have a bureau to go to.”

“The leader of the urban construction department has placed it. It would be too rude not to go. Whether or not the infrastructure project can be won next year depends entirely on this leader.”

Someone else stood up to say goodbye.

Hearing Zhang Jiuling here, he finally couldn’t help it.

A palm smashed the long table in front of him!

“Whoever dares to leave this door without my permission will not have to go back to Zhang’s house in the future!”

Zhang Jiuling shouted angrily, and there was no sound in the hall.

Everyone was so frightened that they didn’t dare to make any further movements.

“Look at all of you now, one by one eating fat heads and big ears, wearing shiny pink noodles.”

“Cruise ships, private jets, single-family villas, and extreme luxury!”

“I ask you unworthy descendants, do you still remember, what did the ancestors of the Zhang family rely on?”

“It’s martial arts!”

“It’s power!”

“A bunch of bastards who even forgot Ben.”

“If it wasn’t for a Zixi in the next generation, when I die, the foundation of my Zhang family for several generations will probably be over!”

Zhang Jiuling was trembling with anger.

“In these years, I have kept you away from martial arts, away from disputes and wars, and my original intention was to protect my Zhang family comprehensively, so as not to repeat the mistakes of the Lu family.”

“But now it looks like I was wrong.”

“Your days are easy, but it’s too easy.”

“One by one, they only know that they are greedy for pleasure and extravagant, and they have lost even the most basic sense of awe and crisis in martial arts.”

“Since that’s the case, I don’t need to carry the burden for you any more.”

“Don’t you want to know why I’m afraid of that Mr. Chu?”

“I’ll tell you now!”

Zhang Jiuling has been involved in the martial arts world since childhood, and has seen many battles and killings between warriors.

Therefore, decades ago, after he took charge of the Zhang family, he worked hard to separate the Zhang family from the martial arts world.

Apart from himself, the Zhang family is not allowed to have any dealings with warriors, let alone pay attention to any information in the martial arts world.

Just let the descendants go into politics and business and be an ordinary family.

The original intention was to keep the Zhang family away from the martial arts disputes, but he did not expect that the descendants of his Zhang family were gradually blinded by ignorance.

In this case, Zhang Jiuling decided to tear off this layer of cover today and let them take a good look at the cruelty and darkness of this world.

“You guys, do you still remember the West Lake massacre a few years ago?”

“Remember.” Zhang Xu replied, “It seems that the head of the Lu family spent his birthday on the West Lake, but due to the accidental collapse of the building site, many people fell into the lake and drowned. There was also a serious stampede accident.”

“Master Lu died in this accident.”

“The people who died in the accident were many senior clan elders of the Lu family.”

“After this accident, the Lu family’s vitality was severely damaged, and the family fell into disrepair, becoming a second-rate force.”

Chapter 3703

“Yeah, father, why did you suddenly say this?”

“Isn’t the Lu family’s accident already concluded? Could it be that the West Lake massacre had something to do with this man from Noifork?”

Zhang Jijia advocated that Zijiang also interjected.

Back then, things in the Lu family were very troubled.

After all, too many people died.

Moreover, the big family that was originally all-powerful, also collapsed overnight because of this incident.

The team of Linzhou Municipal Government was slapped over and over again because of this.

You know, if more than ten people die, it is considered a major safety accident.

But this time, hundreds of people died all at once.

All kinds of media have followed and reported, and foreign media are also paying attention.

To be honest, Zhang Zijiang also suspected at the time that it was an accident, and that someone deliberately designed the Lu family.

But later, the province came to investigate, and the final conclusion was an accident.

Not only that, but after the case was closed in the province, Gritsberg also sent an inspection team to investigate.

The final result was still an accident.

Moreover, Lu Ziming, the head of the Lu family, seemed to agree with this conclusion, and there was no more trouble after returning to Jiangbei.

Now that so many years have passed, almost everyone agrees that what happened that year was just an accident.

Unexpectedly, his father even mentioned it again.

“Accident?”

“Do you really think it’s just an accident?”

“Others don’t know, don’t you know, there are many martial arts experts in the Lu family.”

“Especially the head of the Lu family, Lu Songliang, who is even stronger than me.”

“Your father and I can resist bullets without dying.”

“What kind of accident do you think can kill a martial arts master? Hundreds of people in Jiangbei? And let a wealthy force that has been rooted in Jiangbei for decades collapse?”

Zhang Jiuling’s face was gloomy, and her cold voice couldn’t stop echoing.

In the hall, Zhang Xu and the others’ faces gradually turned pale.

For the first time in so many years, a sense of panic appeared on them.

“Difficult...could it be that...is it man-made?”

“That’s not right.”

“The investigation team in the province and in Gritsberg said it was...” Zhang Xu shook his head, still in disbelief.

If someone really did it, why did the state deliberately conceal it, not tell the people the truth, and bring the murderer to justice?

Is it for fear of causing panic among the people?

Or do they dare not offend the “murderer” at all?

“enough.”

“Don’t be so naive anymore.”

“None of you are three-year-olds. You should understand that the world you see is only what the superior wants you to see.”

“Someone has covered the darkness for you, do you think there is no darkness in this world?”

“The reason why you think many things are bizarre and bizarre, in fact, you can’t blame the matter itself, but blame your own eyes for being too small and seeing too little.”

“Summer bugs can’t see snow and ice, so they think it’s unbelievable. In the eyes of big people, you are such ridiculous summer bugs.”

“Yes, I can tell you right now.”

“The fall of the Lu family is not an accident at all.”

“It’s what the man from Noirfork you said did.”

“It was he who flew snow into Jiangbei.”

“It’s him West Lake Tu Jiangbei.”

"It's also him who killed the Lu family alone!"

Silence!

Deathly silence!

When Zhang Jiuling said these things, the hall of Zhang's house in Nuoda was silent.

Only the cold wind outside, like the low roar of a devil, blows in from the open window.

Zhang Xu and others were all stunned, their eyes widened, and they looked at the old man in disbelief.

Zhang Zixi was even more panicked: "One... one person?"

"Destroyed the Lu family?"

"This... how is this possible?"

"Grandpa, didn't you say that Lu Songliang's strength is still higher than yours?"

"Then Mr. Jiang Dongchu is the master of martial arts, and at most he will be on a par with you."

Chapter 3704

"How could he have slaughtered the Lu family alone?"

"Also, when Uncle Lu came that day, I couldn't see his hatred for Mr. Chu at all."

Zhang Zixi couldn't help shaking his head, unwilling to accept this fact at all.

Over the years, she has been following the old man to practice behind closed doors.

Little is known about the outside world.

Of course, Zhang Xu and Zhang Zijiang didn't know either.

Mr. Zhang has always intended to keep the children of the clan away from the martial arts world. Therefore, many things that are well known in the martial arts world are actually unknown to them.

"Master of martial arts?" The old man Zhang suddenly smiled, and there was a bit of weakness and sarcasm in that smile, "If Mr. Chu is just a master of martial arts, why should I be afraid of your grandfather?"

"I can defeat him even without anyone's help."

"But unfortunately, he's not."

Zhang Zixi shuddered immediately: "Could it be that he... he is also a pillar country?"

"Above Yanshan, one of the six pillar states?"

"Yes, only the Six Pillars Kingdom can make Grandpa so terrified."

"Only the Six Pillars Kingdom can step on and destroy the Lu family, and Lu Ziming can only dare to be angry and not say anything."

“There is only the Six Pillars Kingdom, and people who slaughter people in the land of the West Lake can avoid legal punishment.”

So far, everything is explained.

It was only now that Zhang Zixi understood what kind of terrifying existence Mark was besieged by her before.

No wonder, he was fearless and fearless in the face of so many people besieged.

Don't care, he just stood there and made him fear them like tigers!

It turned out that he was Yanshan Zhuguo.

However, Zhang Zixi was still a little unimaginable. He looked so young, but he was actually a strong man in the Zhu Kingdom.

She is twenty-six years old this year, and her strength is only one step away from a martial arts master.

Zhang Zixi used to think that he was the favored son of heaven, and his martial arts talent was unmatched.

But now, compared with Mark's achievements, his achievements are completely bleak.

Zhang Zixi finally panicked, and in addition to being panicked, she was also full of frustration.

He grew up listening to the legend of the Six Pillars Kingdom.

In Zhang Zixi's heart, the strongest are the six pillar states above Yanshan.

Her biggest dream is to also climb to the top of Yanshan before the age of sixty, stand at the peak of martial arts, and become one of the Yanxia Pillars.

But his sixty-year-old dream, Mr. Chu, seems to have been achieved at the age of thirty.

Thinking of this, Zhang Zixi suddenly felt powerless, and all his arrogance and arrogance were shattered.

The rest of the Zhang family were also frightened.

They also did not expect that the other party turned out to be a strong Zhuguo.

However, in the face of the panic in the hall, the old man Zhang still shook his head: “It seems that you have left the martial arts world for too long after all.”

“I don't know at all, how terrible is this man who came to Jiangbei at this time?”

“Perhaps in your world, the most terrifying thing is the Zhuguo strong in Yanxia.”

“But unfortunately, you all guessed wrong.”

“He is not a strong Zhuguo, but Brian Chuwho is far beyond the Zhuguo strong!”

“Number one in the sky.”

“The first person under the realm of God.”

“A man who is so terrifying that the world’s martial arts powerhouses are surrounded and killed together!”

boom!

Like a thunderbolt.

Just now, because Mark was a strong man in Zhuguo, Zhang Zixi and others, after hearing Zhang Jiuling’s last words, only felt that thunder exploded in their minds.

Everyone was stunned.

Zhang Zijiang’s expression trembled.

Zhang Xu’s old face turned pale.

Zhang Zixi’s legs were even weaker.

The brain is almost blank!

Number one on the list?

The first person under the god realm?

Far beyond the pillar country?

Oh my God!

Zhang Zixi and the others couldn’t even imagine it.

In their perception, Yanshan Zhuguo is already the strongest and strongest person.

But now, this Mr. Chu, Chu Tianfan, is even more powerful than those on Yanshan Mountain?

Could it be that a fairy descended to earth?

Chapter 3705

“You haven’t entered the martial arts world for many years, so maybe you don’t have any idea of being number one on the list.”

“But I can explain it to you a little more.”

“Zhonghai Mo’s family, you should all know it.”

“The No. 1 giant in the hot summer, the power and energy spread all over the country.”

“The members of the clan hold high-ranking positions in the political and business circles.”

“The wealth and power in hand can completely influence the direction of the country’s policy.”

“For so many years, you have been asking me why the Mo family has such power in the hot summer, and it has been prosperous for a hundred years without declining.”

“It’s all very simple. Just because the Mo family is the strongest martial arts family in Yan Xia.”

“For hundreds of years, ten grandmasters have been born, among which there are four titled grandmasters!”

“Mo Gucheng, the third-ranked King of Fighters on top of Yanshan today, and the title of Yanxia Zhuguo, is the uncle of the current Patriarch of the Mo family.”

“Furthermore, Mo Wuya, the son of the King of Fighters, has also become a title.”

“It is said that Mo Gucheng is the strongest person in the Mo family’s generation.”

“However, even so, looking at the rankings, Mo Gucheng couldn’t even make it into the top 20.”

“But Brian Chuis number one on the list!”

“The only top ten in the hot summer, and the only top ten in Asia.”

In the hall, Zhang Jiuling’s words were still ringing.

But Zhang Zixi and the others were already speechless.

The hall of Nuoda was silent, and the sound of a needle falling could almost be heard.

Yes, the Zhang family was completely frightened.

Zhang Zixi was even more terrified, gasping for air incessantly. Finally, with a plop, his legs softened, and he knelt directly on the ground.

The Mo family in Zhonghai, relying on Mo Gucheng, won the supreme position of the No. 1 wealthy family in Yanxia.

But even a big man like Mo Gucheng who can influence the direction of a country is not even in the top 20 on the list.

What kind of terrifying energy should it have for being number one on the list that day?

It should be able to control the world!

Thinking of this, Zhang Zixi was completely frightened.

The three souls and six souls are almost gone.

She knelt on the ground, her eyes full of fear, tears could not stop flowing.

Before that, Zhang Zixi had been working hard to look at Mark.

But it was only now that Zhang Zixi realized that no matter how powerful Mark was in her imagination, it now seemed that she actually despised that man.

All of this, just because the height of the man was far beyond her imagination.

“Grandpa, I’m sorry...”

“Yes... it’s my grandson... my granddaughter’s impulsiveness caused a catastrophe...”

Zhang Zixi’s arrogant head finally lowered at this moment.

She knelt on the ground, full of tears, admitting her mistake.

The other Zhang family members were also silent.

Zhang Xu and the others, who had also spoken to Zhang Zixi before, also turned pale with fright and stayed where they were.

Only Zhang Jiuling looked cold and shouted angrily: "Before you were ignorant."

"But after today, I, Zhang Jiuling, put my words here."

"From now on, no one is allowed to provoke Brian Chuin the slightest."

"Otherwise, without Brian Chu doing it himself, I will throw you all into the West Lake to feed the fish."

"My Zhang family can't tolerate people who don't know how to live or die!"

Zhang Jiuling's words were loud and resounding in the hall.

Zhang Xu and other Zhang family members bowed their heads in fear and stopped speaking.

But all of them knew in their hearts that in this Jiangbei in the future,

The good days of their Zhang family showing off their strengths, I am afraid they are coming to an end.

On the other hand, Mark and Tangtang have returned to the courtyard.

In the room, Yue Yingchun and Hu Yipeng were still waiting at the table.

Seeing that Mark finally arrived, Yue Yingchun immediately blamed: "You bastard, why did you come back so late today?"

"Your sister has already returned."

"Come on, let's eat first, it's getting cold!"

As Yue Yingchun said, he opened all the dishes he was holding, and then served Mark with rice

Chapter 3706

However, just after Yue Yingchun finished speaking, the little girl Tangtang on the side had a blushing face and excitedly said to her parents, "Mom and Dad, do you know that a group of bad people came just now."

"Want to arrest me and brother Mark."

"A lot of people are still carrying guns..."

What?

"Tangtang, what did you say?"

"Any bad guys?"

"Mark, what the hell is going on?"

“The movement outside just now, could it be the sound of gunshots?”

Yue Yingchun, who was still eating, shivered for a while.

A few minutes ago, they heard a movement in the distance.

However, Yue Yingchun and his wife didn't take it to heart, they thought that someone's arrogant child was setting off firecrackers.

But now, after hearing Tangtang's words, Hu Yipeng and his wife suddenly became a little uneasy.

“It's okay, Aunt Yue.”

“They're all gone.”

“I guess it's the wrong person?”

Mark wanted to prevaricate the past.

Aunt Yue's family are ordinary people, and Mark didn't want to involve them in this kind of thing.

But the little girl Tangtang kept talking, excited and excited: “Brother Mark, why are you lying to my mother?”

“They are obviously looking for you.”

“I want to drive you out of Jiangbei.”

“But mom and dad, my brother Mark is very good.”

“So many people can't help my brother Mark.”

“They were all beaten away by my brother Mark!”

“The glass of the car was shattered by my brother Mark!”

“In the end those people all limped away.”

“Brother Mark is so handsome!”

Tangtang's excited little face flushed.

Although she didn't see the process, in the end, Tangtang saw the scene where the Zhang family saw Mark and fled.

For a time, Mark's image in Tangtang's heart undoubtedly became taller.

At this time, she was proudly telling her parents about Mark's glorious deeds.

Mark's eyes twitched secretly, and then he quickly explained: “Aunt Yue, Tangtang is talking nonsense, there is nothing. It's alright, let's eat quickly.”

“No!” Tangtang was immediately dissatisfied, “Mom and Dad, if you don't believe me, I'll take you there. There are still a lot of glass fragments at the scene.”

In the end, Yue Yingchun and his wife followed Tangtang to the scene.

After returning, the complexion of the couple has changed.

They locked the door and called Mark into the room.

“Mark, honestly, have you caused trouble?” Yue Chunmei’s eyes were full of solemnity.

Hu Yipeng also lost his old smile.

“No, Aunt Yue. It’s really okay.” Only Mark was still smiling, trying his best to reassure them.

“You kid, you lied to me!”

Yue Chunmei scolded Mark anxiously.

“We went just now, not only glass shards, blood on the ground, and bullet casings.”

“Tell aunty honestly, have you provoked any big shots?”

“Tangtang is my daughter, what she said is true or false, how can I not see that as a mother?” Yue Chunmei said eagerly.

Hu Yipeng also looked worried: “Yes, Mark.”

“Tell us something.”

“Although Aunt Yue and I are not big people, after all, you have lived most of your life and have more life experience than you.”

“If you’re going to encounter something, tell us, maybe we can give you an idea.”

Seeing this, Mark knew that he couldn’t hide it any longer, so he could only say: “Uncle Hu, Aunt Yue, let’s not hide from you, I did encounter some small troubles.”

“However, it’s all settled.”

“Those people should never come again in the future.”

“Who are those people? They bullied you, do you want to call the police?” Yue Yingchun asked worriedly.

Mark shook his head: “I guess it should be the Zhang family. But at this moment, I think Mr. Zhang should have taught them a lesson.”

Mark smiled lightly.

Mark didn’t care about Zhang Zixi’s offense.

In his opinion, tonight’s action should be Zhang Zixi’s youthful self-assertion.

Zhang Jiuling would not do such a stupid thing.

“What did you say?”

“The Zhang family?”

“Which Zhang family?” Hu Yipeng froze, then asked Mark.

“Their old man seems to be called Zhang Jiuling.” Mark said again.

“Zhang... Zhang Jiuling?”

This time, Hu Yipeng’s face turned completely pale, and he was almost stupid.

Chapter 3707

Hu Yipeng, who was terrified, froze in place for a long time.

After that, he didn’t ask any further questions.

Instead, he hurriedly urged Yue Yingchun beside him, “Quick, Yingchun, hurry up and pack Mark’s things.”

“Give him some more money and send them on the train overnight.”

“Leave Jiangbei tonight!”

“quick!”

Hu Yipeng’s reaction undoubtedly frightened Yue Yingchun.

“Yipeng, what... what happened?”

“This family, isn’t it some amazing family?”

Yue Yingchun asked in a low voice in fear.

“Stop asking.”

“Hurry up and pack Mark’s things.”

“Send them away from Lin’an, no, leave Jiangbei!”

“Never come back.”

“Quick!”

“Otherwise, when the Zhang family arrives, they won’t be able to leave even if they want to.”

Hu Yipeng looked anxious.

Mark obviously did not expect that Hu Yipeng’s family would have such a big reaction.

Later, Mark even tried to explain: “Uncle Hu, it’s okay, I have already solved it.”

“You child, what do you know?” Hu Yipeng suddenly raised his voice.

“Do you really think that after you beat a few people away, you can rest easy in the future?”

“How can you, a migrant worker, compete with the Zhang family’s energy?”

“Before the Zhang family arrives, take your sister and leave quickly.”

“This is my little savings with Aunt Yue and me. Although it’s not much, it’s enough for you to be in emergency for a few days.”

“Let’s go now.”

While talking, Hu Yipeng handed a coin to Mark.

At the same time, Yue Yingchun on the side also gave Mark a package: “This is my steamed buns, you and Yaoyao will eat them on the road.”

“When it’s safe, remember to give me and your Uncle Hu a call.”

“Hey...”

“What are you talking about?”

I didn’t expect the separation to come so suddenly.

Yue Yingchun thought that Mark and the others would stay here for a long time.

But the world is unpredictable, and the sudden change finally made Mark and the others leave overnight.

Looking at Mark and Yue Yao at this time, Yue Yingchun’s eyes were a little red.

Although they have been together for less than a month, the Yue Yingchun family is undoubtedly very happy with Mark and Yueyao.

Especially Yue Yao, Yue Yingchun was thinking of accepting her as her goddaughter.

“Yaoyao, I’m sorry.”

“It’s Aunt Yue and your Uncle Hu who are incompetent and can’t protect you.”

“I can only send you away.”

Yue Yingchun grabbed Yueyao’s hand and said goodbye to Yueyao with reluctance.

After all, they are just the bottom of the society.

When disaster strikes, the only way they can think of is to escape.

Mark and the others saw that the explanation was unclear, so they simply did not explain.

Originally, it was time for them to leave.

Before Mark was thinking about what excuse he should use to bid farewell to Yue Yingchun’s family, now this opportunity is just right.

In the end, Mark and Yueyao just left the small yard where they lived for half a month, and also left this simple and kind family.

Before leaving, Hu Yipeng grabbed Mark's palm and said earnestly, "Mark, uncle doesn't ask much about you."

"However, there are some things that my uncle still has to tell you."

"You are a real person."

"Uncle likes your character very much."

"However, with your temperament, it would be fine if you came from a wealthy family. The shelter and energy of your parents are enough to support you in this society."

"However, we have to accept our ordinary reality, and we have to accept the truth of life."

"We don't have a prominent family background, and we don't have a solid background. More than 90 percent of the people in this world are Zhang San, Li Si, and ordinary people."

"So, in the future, be sure not to act impulsively."

"Learn to be sleek and sophisticated."

Chapter 3708

"Only those with long sleeves and good dancers are more likely to succeed!"

"Remember, happiness and revenge are only for a moment, not a hero."

"The real hero is the one who still loves life after realizing the truth of it."

"This time, take it as a lesson in your life."

"Mark, take care."

"Me and your Aunt Yue, waiting for you to have a bright future, waiting for your name to move the world!"

Hu Yipeng's eyes were bright, and in those deep words, there were good wishes and ardent expectations for Mark and Yueyao.

That night in Jiangbei, the moonlight was like water.

The dim light illuminated Mark's path.

Mark clasped his fists at Yue Yingchun.

Faced with the blessings of the two simple people, Mark didn't say anything, but only replied with the word "good"!

Then, turn around and go!

However, it was not long before Mark went out.

Tangtang, who had been in the room, suddenly ran out.

She seemed to have heard Mark's conversation with his parents, and immediately chased out crying.

She didn't want Mark and the others to go.

She also wanted to listen to her brother Mark tell her stories every night.

She also has to practice martial arts with her brother Mark.

"Tangtang, be obedient."

"If your brother Mark stays, the bad guys will come to harm him."

"Do you want your brother Mark to be hurt?"

Yue Yingchun persuaded his daughter.

The sensible little girl shook her head.

There are two lines of tears hanging on the pretty face carved in pink and jade.

Although it was very difficult, although it was very reluctant, Tangtang did not cry anymore.

However, she exhausted all her strength and shouted loudly to the thin figure that was gradually moving away: "Brother Mark, when Tangtang grows up, you must come and marry me!"

The young girl's childish voice drifted far, far away with the cold wind of the night.

"Why don't you explain?"

"You say that you are the honor of Noirfork, the number one in the sky, and the Lord of the Dragon God Temple who can make you tremble three times in the whole hot summer by stomping your feet?"

On the way to leave, Yueyao asked Xiang Mark.

Mark shook his head: "These are too far away from them, even if they say it, they won't believe it."

"What's more, compared with these false names, I hope that Uncle Yue and the others will remember me, but Mark, an ordinary person who came to Jiangbei to seek a livelihood."

These words of Mark made Yueyao stunned slightly.

I just feel that Mark has really changed a lot after what happened back then.

If it is said, the previous Mark was a sharp-edged sword.

So today's Mark is a hidden sword, seemingly dull and bleak, but with endless sharpness and darkness.

Yueyao also doesn't know, when this "sword" is unsheathed again, what kind of terrifying it will be?

Of course, while being introverted, Yue Yao felt a yearning for a peaceful and stable life from Mark.

"Perhaps, he really hates this martial arts dispute?"

Yueyao looked at the man in front of her and thought to herself.

“Let’s go, Yao’er.”

“Let’s go to Lu’s house.”

“Next, my life, Chu Tianfan, will be entrusted to you.”

“But Yao’er, you don’t need to be under too much pressure.”

“My life was originally picked up from the gate of hell.”

“If this calamity is passed safely, it can only mean that I, Chu Tianfan, are favored by God.”

“Even if you can’t get through, that’s God’s will.”

Mark smiled lightly and faced life and death calmly.

Although Yue Yao didn’t say it carefully, Mark also guessed that his next treatment would be risky.

Back then in the extreme north, the icebergs and snowfields, his father also wanted to completely cure Mark’s old disease.

But just because, the final treatment, the risk is great.

Once he fails and all his previous achievements are forfeited, Mark will die on the spot.

Therefore, his father chose to give up.

“Mark, don’t worry.”

“I won’t let you die.”

“I’ll let you live.”

“Live well.”

Yue Yao clenched her palm tightly, and her beautiful eyes were firm.

In her life, Yueyao has given away too many people she loved and loved.

This time, no matter what, she will never let Mark leave her again!

Chapter 3709

Late at night, late at night.

But the villa in front of him is still brightly lit.

Lu Ziming was standing outside the room shivering in his pajamas.

No way, his residence has been occupied.

Just now, Mark visited late at night.

Ask Lu Ziming to provide him with a place to live.

Lu Ziming was just about to call Mark to find a hotel, but who would have thought, Mark said, this house is not bad, and I will live here for a few days.

He also instructed Lu Ziming that for the next period of time, no one should approach this single-family villa without his permission.

Lu Ziming, who was kicked out of the house, stood in the yard watching, but the more he thought about it, the more aggrieved he felt.

“Mad, do I owe you something in my last life?”

“What is this all about?”

Lu Ziming cursed.

Although full of complaints, but also helpless.

After all, that man is not something he can provoke.

Of course, in addition to complaining, Lu Ziming also had some doubts in his heart.

“Looking at what Brian Chumeant just now, it seems that he is going to retreat here for a few days.”

“Could it be that the strength is about to break through again?”

Thinking of this, Lu Ziming couldn't help shivering a few times in the bottom of his heart.

You must know that before this, Mark was the first person under the recognized God Realm.

If his cultivation goes further, how terrible would it be?

“Maybe I'm really going to give birth to a person in the hot summer, a powerful person in the realm of the gods.”

Lu Ziming looked up at the place where the lights were on in the villa.

The emotions in my heart are extremely complicated.

He didn't know, if Mark stepped into the realm of the gods, it would be a good thing or a bad thing for Yan Xia.

After a brief absence, Lu Ziming first changed his clothes, then greeted the driver and drove away.

In the villa, the lights flickered.

Mark had already taken off his shirt and sat there cross-legged.

“Yao'er, let's get started.”

Mark smiled calmly.

But Yueyao stood there, looking at the shocking scars on Mark's body, those beautiful eye sockets had turned red unconsciously.

A slender jade hand gently stroked Mark's scar. After a long silence, Yue Yao suddenly whispered: "At that time, it should be very painful..."

Mark was stunned for a moment, then shook his head and smiled: "I forgot, it's all over."

"Okay Yaoer, let's get started."

"When the treatment is over, I will accompany you back to India."

Yueyao didn't answer, just nodded slightly.

In this way, the final treatment for Mark officially began on this winter night.

Even Mark doesn't know how long this healing will last.

On the other side, Lu Ziming, who drove away, arrived at Zhang's house and met Zhang Jiuling.

The arrival of Mark has made the relationship between the two families who were originally in the same situation a lot more harmonious.

"What did you say?"

"Brian Chuwent to your place?"

Lu Ziming informed Zhang Jiuling about Mark.

After all, Zhang Jiuling is an older generation strong, and has a lot of knowledge. Now they live in Jiangbei with such a big killer, and Lu Ziming can only come to Zhang Jiuling to discuss many things.

"Uh-huh."

"I suspect that it is about retreating and breaking through." Lu Ziming said in a deep voice.

Zhang Jiuling heard the words, but her eyes twitched in shock.

"Again... a breakthrough again?"

"He is already number one in the sky, what else can he break through?"

"Difficult...could it be..."

When the words reached his mouth, Zhang Jiuling suddenly thought of something, and his old body trembled fiercely.

He suddenly raised his head and looked at Lu Ziming: "God...God realm?"

Although Lu Ziming didn't want to admit it, he had to nod his head.

With Mark's current height, if he breaks through again, it can only be in the realm of gods.

"Father, what should we do now?"

“Should we report it to the Martial God Temple?” Lu Ziming smiled wryly, his expression full of powerlessness.

Zhang Jiuling was also silent for a while, not knowing what to do.

Chapter 3710

Now, the information that Mark is still alive, the martial arts world probably knows only the two of them.

The Martial God Temple was also completely kept in the dark.

Lu Ziming and Zhang Jiuling, as Yanxia martial artists, are indeed responsible and obligated to report this situation to the Martial God Temple.

However, Zhang Jiuling was hesitant.

“You said, if the Martial God Temple learned that Mark was still alive, how would he react?”

Lu Ziming thought for a while: “It’s hard to say. Maybe he will strengthen his guard, or he may take the initiative to apologize.”

“What else?” Zhang Jiuling asked again.

Lu Ziming was stunned for a moment: “Is it possible that the Martial God Temple will send someone to kill Chu Tianfan, and it is better to strike first?”

Zhang Jiuling shook his head: “If it were me, I would release the news that Mark is still alive.”

“At that time, there is no need for the Martial God Temple to do it yourself.”

“The strong Chumen, as well as all those who participated in the besieging and killing of Brian Chuthat year, will send killers to sneak into Jiangbei to hunt Chu Tianfan.”

“Also, Brian Chuis retreating.”

“This is the perfect opportunity to strike.”

“At that time, our land in Jiangbei will probably be really uneasy.”

“It would be fine if Brian Chuwas killed.”

“But if you’re not killed, you and I probably won’t have a way out.”

“What’s more, Brian Chustill has kindness to me in Yanxia Martial Arts. It’s not my Zhang Jiuling’s style to repay the kindness and revenge.”

Zhang Jiuling’s low voice sounded slowly.

Lu Ziming’s face immediately turned ugly.

“I don’t think the Temple of the Martial God would do such a thing.”

“What Brian Chusaid, we are also from Yanxia.”

“Furthermore, I haven’t publicly challenged the Martial God Temple as an enemy.”

Lu Ziming was still a little reluctant to believe that Martial God Temple would use the means of borrowing a knife to kill Mark.

Zhang Jiuling shook his head and said, “The world is bustling for profit, and the world is bustling for profit.”

“For the sake of profit, what can’t the Martial God Temple do?” “Especially when dealing with Chu Tianfan, the Martial God Temple will definitely not show any affection.”

“So old man, what do you mean, let’s not talk about it? Then if Brian Chubreaks through and kills Yanshan, then our Yanxia martial arts will really be finished.” Lu Ziming obviously still has a sense of responsibility for the family and country in his heart.

After all, the Martial God Temple is the orthodox representative of Yanxia Martial Arts, and they naturally don’t want the Sword Saints to die in Mark’s hands.

Zhang Jiuling sighed: “Otherwise, let’s remind them politely. Let them make some preparations earlier.”

After making a decision, Zhang Jiuling and Lu Ziming made an anonymous call to the Temple of the Martial God.

Yanshan.

Since the God of War withdrew, the current Martial God Temple, compared with the past, is undoubtedly deserted.

In particular, the Juggernaut has become a lot more reticent, and the Juggernaut rarely intervenes in many matters of Yanxia Martial Arts.

Only on some important matters will some opinions be expressed.

Therefore, in the current Martial God Temple, almost all matters, big or small, are managed by the King of Fighters and their sons.

But this night, the King of Fighters Mo Gucheng seemed to have received some information, and summoned the Juggernaut and Tang Hao for a meeting overnight.

“Juggernaut, Tang Hao, I just got the information.”

“I found traces of the activities of the strong Trumen in all the provinces in the south of the hot summer.”

“Moreover, I also received reliable information that there has been a large-scale mobilization of powerhouses in the Chumen Mountains in recent months.”

“The strong Trumen outsiders are all madly gathering towards the Chumen Mountain.”

“All signs have indicated that Truman is about to start.”

“Moreover, there is a great possibility that the first battle of Truman’s domination of the world will be my Yanxia martial arts!”

Mo Gucheng’s expression was solemn, and his low voice sounded slowly in this dark night.

Tang Hao and Juggernaut, who heard this message, were not too surprised.

Just like what Ye Qingtian said when he quit the Martial God Temple, it will be a matter of time before the Chumen soldiers come to the hot summer and unify the martial arts of the world.

If it weren’t for the appearance of a dragon-headed man in the past two years, which disrupted the layout and rhythm of Chumen, it is estimated that this day would have come long ago.

Chapter 3711

“It should come, it will always come.”

“Back then, Trumen almost unified the world’s martial arts.”

“At that time, Chu Yuan had not yet entered the realm of gods.”

“Now, Chu Yuan is in a desperate situation.”

“Having mastered the supreme power, naturally also wants to have the supreme power.”

The swordsman spoke calmly, and in his slow words, there was more of a powerlessness.

In fact, not only the Juggernaut, but Tang Hao and the King of Fighters also knew that from the moment when Mark killed Chumen and forced Chu Yuan out, it heralded that this day would definitely come.

It’s just a matter of sooner or later.

“However, it’s still a bit fast.”

“It’s only been two years!”

“When Brian Chu united with the powerhouses of the Dragon Temple, didn’t almost all of Chumen be leveled?”

“I thought it would take at least ten years for Trumen to recover.”

Tang Hao frowned and clenched his palms tightly.

I just felt that Truman moved too fast.

They are not ready at all.

“If only Brian Chu would kill a few more titled masters in Chumen on Chumen Mountain back then!”

“That guy is number one on the list, and the Chu family’s patriarch is defeated by him. As long as he is willing, he can completely kill the title of Chumen.”

“Trumen wants to cultivate a few titled masters, and it is absolutely impossible to do it without a twenty or thirty years.”

The King of Fighters punched the table, but he was anxious and emotional.

Sometimes people are so sarcastic.

When Mark was alive, the King of Fighters and the others dealt with him with all their might.

Now, Mark has fallen, but they are complaining why Mark didn't kill a few enemies for them in the hot summer.

The King of Fighters' words made Tang Hao feel a little ironic.

He raised his head and looked at Mo Gucheng: “Instead of complaining about this, don't you think it would be better if Brian Chuwas still alive?”

“Maybe, he will have broken the shackles and entered the realm of God.”

“My land in the hot summer is guarded by powerful people in the realm of the gods. How can they dare to covet our land of Shenzhou?”

Tang Hao said coldly.

The King of Fighters Mo Gucheng immediately frowned and stared at Tang Hao with displeased eyes: “Tang Hao, what do you mean by that?”

“Are you blaming me, or are you blaming the Sword Saint, or are you blaming our Yanxia Martial Arts?”

“Blame us for not being able to help us back then, and why we didn't dare to risk extinction to protect that devil?”

“Don't forget, it wasn't my decision not to save him at the beginning, nor was it the decision of the Sword Saint, but the conclusion voted by all of us in Yanxia Martial Arts!”

The King of Fighters suddenly became angry, and the volume increased a lot.

After all, this matter is somewhat sensitive to the current Martial God Temple.

The decision back then was right or wrong, and so far the King of Fighters has not dared to draw any conclusions.

“I'm not blaming anyone anymore, I'm just stating a fact.”

“I just feel that if we had chosen another path back then, the situation at this time would undoubtedly be much better.”

Tang Hao replied coldly.

But the King of Fighters got even more angry when he heard it: “No, Tang Hao, don't you think it's funny to talk about this now?”

“Does this make sense?”

“And, according to what you said, you, like the God of War, think we were wrong back then? Most of our Yanxia martial arts choices were wrong back then?”

Seeing that the King of Fighters and Tang Hao were about to quarrel, the Juggernaut suddenly raised his voice and snorted: “Okay, don’t mention the past.”

“The merits and demerits will be judged by future generations.”

“Right now, what we have to do is what is in front of us.”

After the swordsman stopped the quarrel between the two, he immediately asked Xiang Tang Hao: “On the Japanese side, how are things going?”

“Would they be willing to fight Truman with us?”

“Trumen’s goal is not just our Yanxia martial arts.”

Chapter 3712

“The truth that lips die and teeth are cold, I believe they will not understand it.”

The Sword Saint’s words were deep, and he asked Tang Hao faintly.

Since Mark fell and Ye Qingtian withdrew from the Martial God Temple, the Juggernauts and the others have not been idle in the past two years.

Domestically, Juggernaut and others can be described as fierce warriors, and they have increased their investment in cultivating warriors.

Moreover, although “Fanchen Xinghuo” has logged out of the account, the martial arts and martial arts he created in the past ten years, as well as some cultivation concepts, are still there.

After the vigorous promotion of Wushen Temple, many of them have achieved initial results.

It can be said that it is not a delusion to give birth to a few grandmasters and even titled grandmasters as long as Yanxia Martial Dao is given enough time to develop.

But unfortunately, Truman gave them too little time.

Therefore, the immediate emergency strategy is to unite with Japanese martial arts.

Of course, the main thing is to get the help of the moon god.

As long as the Moon God can help them withstand Chu Yuan, the remaining Chumen powerhouses have never been without the strength to fight.

The key is the real powerhouse of Trumen!

However, facing the Sword Saint’s question, Tang Hao shook his head and sighed: “Originally, there was a chance to cooperate.”

“Even the sword god Mochizuki has already agreed.”

“But unfortunately, after the message reached Luna’s mouth, all cooperation was cancelled.”

“The messenger I sent out to negotiate was also severely injured and driven out of the country.”

“The Moon God also sent a message to us.”

“Say she will never cooperate with a ruthless person.”

Tang Hao said in a low voice.

After speaking, there was an endless silence in the room.

The King of Fighters didn't speak, and the Juggernaut's face paled a bit.

Of course they knew what the Moon God meant.

Obviously, she was still brooding over what happened to Mark back then.

Previously, the Sword Saint thought that the Moon God, as the patron saint of a country, should put the interests of the family and the country above personal feelings.

However, they still underestimated Mark's position in her heart after all.

Thinking of this, the swordsman suddenly laughed at himself: “It seems that this evil result is ultimately for us to pay for.”

The words of the Sword Saint are full of powerlessness.

“Where's Lao Ye?”

“Can I get in touch?”

The swordsman asked again.

two years.

Since he quit the Temple of the Martial God that year, there has been no news of the God of War.

But Juggernaut always believed that no matter how angry the God of War was, he would not really ignore this country and his beloved compatriots.

“no.”

“Perhaps, God of War, he really disappointed us.”

Tang Hao lowered his head even deeper.

Having presided over Yanxia Martial Arts for so many years, Tang Hao has never been as helpless and hopeless as he is now.

The most enchanting genius in the hot summer has fallen.

The god of war who has guarded the country for half a century has also gone.

Two of the world's powerful gods, one is eyeing them, and he is ready to march eastward at any time. The other is also hostile towards them, calling them ruthless and unjust.

Tang Hao raised his head and looked around, only to feel that the Martial God Temple was surrounded by enemies on all sides.

They are the ones who are helpless and helpless. Maybe it is them.

“He’ll be back.”

“He will be back when we need it.”

The swordsman said quietly.

Just as the three of them were dignified, someone came in from outside, it was the little King of Fighters Mo Wuya.

“Father, I got a call.”

“He said that Brian Chuis not dead, he is still alive.”

“And it is possible to come to Yanshan at any time for revenge.”

“Let’s take precautions early.”

Mo Wuya reports to Tang Hao and others.

But Tang Hao and Juggernaut didn’t care.

In the past two years, they have heard too many similar voices.

Even when the Dragon-headed Man first appeared, many people all over the world thought that the man had come back for revenge.

But it turns out that it’s all just false rumors.

“Wuya, don’t report this kind of phone call in the future.”

“We saw him die with our own eyes.”

“He won’t be alive unless he’s an immortal.”

Chapter 3713

An instruction from Mo Gucheng made Wushen Temple miss the closest opportunity to the truth.

Sure enough, the phone call from Lu Ziming and others did not cause any waves on Yanshan.

The attention of the King of Fighters and others was almost entirely on the Chumen Mountain, which is thousands of miles away.

The changes in Jiangbei did not pay enough attention.

At this time, the Lu family’s villa was calm.

Since Mark and Yueyao entered, there has been no movement.

According to Mark's instructions, Lu Ziming mobilized manpower to enforce martial law around the villa, prohibiting any stray people from approaching.

"Strange."

"What the hell is going on with this Lu family?"

It was just after school, and Helen Qiu and Liu Yubing had just picked up the little guy.

However, the only way to go home was actually banned at this time.

Around the Lu family, many people appeared overnight. All of them were fully armed and alert, and all the pedestrians and vehicles around were persuaded to return by these security guards.

"This road is a public notice facility, why did the Lu family close the road?"

"No, I have to go down and give them a theory."

Liu Yubing was a little angry and was about to get out of the car.

But he was stopped by Helen Qiu by the side.

"Forget about Yubing, it's better to have less than one thing, let's take a detour."

Helen Qiu said in a low voice, there was always a lingering worry on her delicate and pretty face.

A worried look.

"Helen Qiu, what's wrong with you?"

"It's not like you."

"Why are you so cautious now?"

"Have you forgotten that a year ago, we fought bravely and subdued a bus satyr together?"

Liu Yubing turned to look at her good sister.

She suddenly felt that Helen Qiu seemed to have changed.

Become timid.

It wasn't like the Helen Qiu she knew at all.

Helen Qiu didn't speak, just let Liu Yubing drive home first.

"Mark, go do your homework first."

After returning to Liu Yubing's house, Helen Qiu first asked the little guy to go back to the house to do his homework.

At this time, only Helen Qiu and Liu Yubing were left in the living room.

"Helen Qiu, what happened to you?"

"You won't, you were frightened by what happened that night."

“The murderer has been caught.”

“The police have also closed the case.”

“We’re safe.”

Liu Yubing persuaded from the side.

But Helen Qiu shook her head, “It won’t be that easy.”

“As long as I don’t give in, the Meng family won’t let me go.”

“Also, he has already started to attack you and Mark now.”

Helen Qiu said in a depressed mood.

She thought that Meng Chuan, as the eldest son of the Meng family, should have a bottom line in his conduct.

However, she still looked up to Meng Chuan’s character after all.

Of course, she also underestimated the Meng family’s influence in Lin’an.

Even her boss dared to take risks in order to please the Meng family.

Helen Qiu couldn’t imagine what would happen if she stayed in Lin’an any longer.

In the last crisis, their mother and son narrowly escaped.

But next time, will she be so lucky?

Therefore, after careful consideration, Helen Qiu finally decided to leave Lin’an and Jiangbei.

“What, are you leaving?”

“Helen Qiu, it shouldn’t be.”

“You just got acquainted with this place, you just got your footing, are you leaving?”

“You forgot our agreement to buy a house in the same community and be a neighbor.”

Hearing that Helen Qiu decided to leave Jiangbei, Liu Yubing was immediately anxious.

“Yu Bing, I’m sorry.”

“I also want to stay here forever.”

“But in this situation, in Jiangbei, there is no place for our mother and son.” Helen Qiu apologized.

“Then can’t you think about being with Young Master Meng?”

Chapter 3714

“He’s been chasing you for so long, maybe you can really give it a try.”

“Maybe he is really sincere to you.”

“Maybe, he really loves you and really wants to marry you.”

“Isn’t it bad to marry into a wealthy family and be a rich wife?”

“In this way, not only will you not have to leave, but you will be able to live without food and clothing for the rest of your life.”

In fact, sometimes Liu Yubing really doesn’t understand what she is thinking in her sister’s mind.

Anyway, if it was her, she would have agreed long ago that the richest man’s son pursued her.

Not to mention that Meng Chuan came from a wealthy family, his appearance is also extraordinary. I don’t know how many people dream of the prince.

But my sister, actually rejected others for nearly two years.

“Yu Bing, I said, I won’t accept any man again.”

“Also, don’t say anything about marrying into a wealthy family, and you will have no worries about food and clothing.”

“I, Helen Qiu, will no longer depend on anyone to live!”

“I believe that I can live a good life with my own abilities.”

Helen Qiu’s voice suddenly increased a lot.

When he said this, his eyes were full of determination and stubbornness!

Liu Yubing was stunned: “Helen Qiu, why are you doing this?”

“With your talent and beauty, you can obviously live a very relaxed and happy life. Why do you have to be obsessed with this?”

“There is a division of labor in this society, isn’t it?”

“Men make money to support the family, and we women are husbands and children. This is the normal state of most people.”

“You know, the life I most yearn for is to be able to marry into a wealthy family. That way, I don’t have to go to work when I leave early and come back late, I don’t have to endure my boss’s face, and I don’t have to be flattering in the workplace. I can have a lot of time. Spend with money and enjoy life.”

Helen Qiu shook her head and smiled, “There was once a woman whose husband was the king of Noifork. Everyone saw her and bowed down and regarded her as the queen of Noifork.”

“But that woman is not happy.”

“Because she is nothing but beauty.”

“Like a vase, put it at home.”

“She couldn’t do anything but pray and wait.”

“That kind of feeling, like a waste.”

“Without one’s own value, one cannot find the meaning of one’s existence.”

“Until, there are women who are better-looking than her and appear by the Noirfork Emperor’s side, and they are more talented and capable than themselves, and they can help her...”

When Helen Qiu said this, she thought of Xu Lei, who was sitting in Gritsberg, and Qian Chijing, who was in charge of the Japanese Triad.

The women around Mark are all so excellent and so dazzling.

Many times, Helen Qiu herself felt that if it wasn’t for her grandfather’s chance to force her to marry Mark back then.

It is estimated that Mark should not like her.

Later, Mark rarely went home.

I rarely even contact myself.

At that time, Helen Qiu still felt that Mark was busy, and that Mark’s career was dangerous, preventing him from coming back to reunite with him often.

But now, think about it carefully.

Maybe it’s just because that man doesn’t like him anymore.

This is also normal.

No one loves a vase forever.

After all, there will always be more refined and better looking vases.

After all, Mark at that time was already so dazzling.

There should be a lot of women around him who are better than him.

In the end, he was still too ordinary, too insignificant.

She smiled, tears streaming from her eyes.

But Liu Yubing couldn’t understand what Helen Qiu said, and her pretty face was full of doubts.

But just as the two were talking, outside the courtyard, a number of luxury cars suddenly approached.

A leading Bentley.

The electric door slowly opened, revealing Meng Chuan’s gloomy face inside.

“Master Meng, the person you want is inside.” The old man next to him, Shen Shenghui reported.

Meng Chuan didn’t speak, just waved his hand.

wow~

In an instant, countless doors behind him opened.

Dozens of strong men rushed out like a tide, kicking open the door and rushing in.

Chapter 3715

“Who are you?”

“What are you going to do?”

The movement at the door naturally quickly caught the attention of Helen Qiu and Liu Yubing.

They walked out quickly and saw a large number of people rushing in outside. In panic, Liu Yubing asked in panic.

“What? It’s been a long time since I haven’t seen you, and you don’t even know me anymore?”

Amidst the crowd, a young man slowly stepped into the courtyard.

Seeing the person coming, Liu Yubing and Helen Qiu both shuddered almost at the same time.

“Meng Chuan?”

“Master Meng?”

The two spoke almost in unison.

Both Helen Qiu and Liu Yubing had worked in the Meng family’s company before, so they naturally knew this young master of the Meng family.

“Master Meng is here, what’s the matter?”

Liu Yubing tried her best to keep herself calm and asked politely.

Meng Chuan smiled calmly: “It’s nothing to do, just come and condolences to the old employees.”

“Won’t you ask me to come in and sit down?”

“Okay..Okay.” Liu Yubing was stunned for a moment, then nodded quickly and invited Meng Chuan into the house.

“Yu Bing, let’s talk first.”

“Mark and I will leave first.”

Helen Qiu obviously didn’t like Meng Chuan. Seeing the arrival of the rich young master, she immediately led the little guy to leave.

However, before Helen Qiu could turn around, several bodyguards at the door had already blocked her path.

“Master Meng, what do you mean?” Helen Qiu asked with a frown.

Meng Chuan had already sat down on the sofa. He crossed Erlang’s legs, picked up the tea on the table, and smiled lightly: “Helen Qiu, it’s been two years, don’t you understand my feelings?”

“Now, why should you ask me what I mean?”

When Helen Qiu heard this, her brows furrowed even deeper: “Master Meng, I think I made it very clear.”

“I’m really not interested in you.”

“There are so many good women in Jiangbei, and girls who are better and more beautiful than me are everywhere.”

“Why do you keep holding on to me?”

“Helen Qiu, what are you talking about? Calm down.” Helen Qiu’s words undoubtedly frightened Liu Yubing, and hurriedly shouted to stop.

At the same time, Liu Yubing smiled apologetically and apologized to Meng Chuan for his good sister: “Master Meng, Helen Qiu has been in a bad mood recently, so she speaks without thinking, but I definitely don’t mean to offend you, please don’t take it to heart. ”

“Helen Qiu, why don’t you apologize to Young Master Meng?”

After Liu Yubing finished speaking, she winked at Helen Qiu again.

Make her pay attention to her tone of voice.

After all, the Meng family is not something that two mortals can provoke.

“Why should I apologize?”

“I’m really expressing my thoughts, is it also wrong?”

“Yes, the Meng family is powerful and powerful, with life and death seized, turning clouds and rains.”

“However, even if you have great power, you have no right to decide my fate.”

“Meng Chuan, I won’t give in to you.”

“Even if I leave Jiangbei, I will not give in!”

Helen Qiu gritted her teeth and said, her beautiful eyes were red, her eyes were firm and unwilling.

Facing Meng Chuan’s pressure, Helen Qiu had endured long enough in the past two years.

Now that he had decided to leave, Helen Qiu would naturally not bear it any longer.

Two years of suffocation, but at this moment, all vented.

She didn’t believe in herself, and she was useless when she left Mark.

She didn’t even believe that without Mark’s shelter, she would not even have the ability to decide her own destiny.

However, in the face of Helen Qiu’s vent, Meng Chuan remained calm.

Looking at Helen Qiu’s face, she even played a bit.

It’s like looking down at fish on a cutting board.

“Helen Qiu, you know what, what I like most is your unyielding character.”

“Only conquering a woman like you will give me a sense of accomplishment.”

Meng Chuan laughed softly, then waved his hand and signaled to his subordinates: “Come on, invite Miss Qiu to the car. Tonight, I will invite Miss Qiu to enjoy the moon from West Lake.”

Chapter 3716

Following Meng Chuan’s order, a few men behind him immediately moved forward to forcibly take Helen Qiu away.

“Dare you?”

“Meng Chuan, I warn you, I have already called the police.”

“The police will be here soon!”

Helen Qiu warned loudly.

But Meng Chuan smiled contemptuously: “Helen Qiu, you have been in Jiangbei for so long, yet you still don’t know anything about the energy of my Meng family.”

“But it’s okay, it’s still a long time, I’ll talk to you slowly tonight.”

However, with Meng Chuan’s voice, he went down.

Several figures outside the door rushed in immediately.

“stop!”

One of them shouted sharply, then rushed over and pushed Helen Qiu’s bodyguards away.

“Sister Qiu, are you alright?”

After protecting Helen Qiu, these people immediately asked with concern.

Helen Qiu nodded: “Greg Shen, President Chu, thank you very much.”

Yes, the people in front of them are not others.

It was Helen Qiu’s old acquaintances in Noirfork, Greg Shen and Han Shaojie.

There was another one who almost became Helen Qiu’s brother-in-law, Leonard .

Before Meng Chuan publicly pursued Helen Qiu, almost everyone in Lin’an knew about it.

It was in this way that Greg Shen and the others learned that Mark’s wife Helen Qiu had also come to Lin’an.

After all, it was Mark’s widow, so Greg Shen and the others naturally got in touch.

After what happened that night, Helen Qiu had long guessed that Meng Chuan would not give up so easily.

Therefore, before going home with Liu Yubing, Helen Qiu contacted Greg Shen and the others early, hoping they could help him leave Lin'an.

"You're welcome."

"After all, we are all fellow villagers. We almost became a family. We still need to help with this little task."

Leonard waved his hand, looking like a piece of cake.

To be honest, Leonard still hated that guy when Mark was there.

After all, it was the damned guy who made himself embarrassed in front of everyone, and forced himself to leave his hometown and run to Jiangbei to seek life.

But now that Mark was gone, Leonard felt that life lacked goals and fun.

Only later did he realize that he didn't hate Mark that much, but he just couldn't stand the guy standing on the ground higher than himself and pretending to be forceful.

Even, his current achievements are largely thanks to Mark.

It was precisely because he wanted to surpass Mark's obsession that gave him the motivation to fight.

After thinking about this, Leonard naturally couldn't hate Mark's relatives and friends, and now he is more willing to come and help.

"Master Meng, right?"

"I'm Leonard, the general manager of West Lake Heavy Industries. This is my business card."

"Show face."

"Miss Qiu is a fellow of mine and the wife of a deceased friend of mine."

"So I hope Young Master Meng, for my sake, don't embarrass him."

"Out of thanks, I'll invite Master Meng to dinner in the evening. At that time, I will call on my classmate Liu Aimin. I don't know if Master Meng knows him. He is the captain of our city bureau and a hero of Lin'an City. He was just a few days ago. Solved a major case and caught dozens of murderers?"

Leonard said lightly.

I have to say that Leonard's speaking skills are really tricky.

The first is to reveal his identity, a senior leader of a state-owned enterprise.

The state-controlled enterprises are naturally not afraid of the Meng family.

Immediately afterwards, Leonard moved out of his classmates.

This is obviously shocking!

Warn Meng Chuan not to act nonsense and do things that violate the law and discipline.

Otherwise, he would not guarantee his classmates and bring him to justice.

“This guy is getting more and more pretentious.”

Behind them, Greg Shen and Han Shaojie raised their thumbs secretly in admiration after listening to Leonard’s words.

For so many years, when it comes to pretending to be coercive, Greg Shen has subdued one person.

That is his Mark, Mark!

Now that Mark is gone, it’s Leonard’s turn to be the king of Noirfork!

Chapter 3717

“Oh?”

“West Lake Heavy Industries?”

Meng Chuan, who was originally indifferent, finally showed a slight surprise after hearing the identity of Leonard.

But immediately, Meng Chuan shook his head and smiled.

He ignored Leonard, and instead looked at Helen Qiu who was guarded by Greg Shen and others: “No wonder you, a weak woman, dare to challenge me, Meng Chuan, and the Meng family.”

“It turns out that this is your reliance.”

“West Lake Heavy Industries?”

“Leaders of state-owned enterprises?”

“I have to say, your friend’s identity does have some weight.”

“If it were someone else, I would have to give him a bit of a thin face.”

“But unfortunately, what you met today is me, the son of the elder Meng family, Meng Chuan!”

“It’s not enough for a small state-owned enterprise leader to just want to press me and make me retreat despite difficulties!”

Meng Chuan smiled proudly, his eyebrows full of contempt and disdain for Leonard and others.

When Greg Shen and the others heard the words, their expressions changed immediately.

Especially Leonard, the smile just now suddenly froze, and the whole person stood there, showing embarrassment.

After all, they underestimated the courage and determination of this young master of the Meng family.

Before that, Leonard and the others thought that, as the leader of his state-owned enterprise, the Prince of the Meng family would have to give him three points.

After all, no matter how powerful the Meng family is in Jiangbei, Meng Chuan's father is still in power now.

This Meng Chuan is really not afraid, is he doing too much and affecting the identity of his family heir?

After all, Meng Chuan couldn't compare to Mark's status in Noirfork at that time.

At that time, Mark was the emperor of Noirfork.

One word!

Don't be black and white.

is the real power.

If Meng Chuan's position in Jiangbei was comparable to Mark's back then, Leonard would naturally not be out of his depth.

You must know that the original Mark was even the governor of Noirfork and the commander of the military region.

Leonard, a small state-owned enterprise leader, is really nothing to a person of Mark's height.

But this Meng Chuan, a second-generation ancestor, even a guy whose heir position has not yet been firmly established, dares to be so arrogant?

"Master Meng, do you really not give me this face to someone Chu?"

"I don't think it's wise for a family heir to offend a leader of a state-owned enterprise."

"As far as I know, many elders of your family have long criticized you."

"Moreover, today's words and deeds of Master Meng, the friends behind me have recorded the whole process for you."

"In the future, this completion can become a court testimony."

"My brother Liu Aimin can also rely on this evidence to summon and investigate you."

"Which is more important and which is more important, please think twice, Master Meng."

Leonard's expression became solemn, and the threat in his words became clearer.

This is the first time he has made a name for the people in his hometown, and he has to settle the matter today.

Otherwise, don't you have to be embarrassed in front of your old family?

"Did you record it?"

Meng Chuan frowned suddenly.

After a moment of silence, Meng Chuan waved.

The big men in the yard, who were five big and three thick, immediately walked out and closed the door of the house.

"I'll go, okay, President Chu."

"Does this really make you pretend?"

Seeing Meng Chuan let people leave, Greg Shen and the others thought that the Meng family was cowardly, so they walked over and patted Leonard on the shoulder, admiring it secretly.

"How can I say that I also came out of our Noifork, naturally I can't embarrass us in Noifork, right?" Leonard was calm on the surface, but he was very proud in his heart.

Back then, people like Greg Shen were still Mark's besties, cheering for Mark all day long.

But now, the tide is turning.

The former emperor of Noifork has fallen, but these Mark's best friends have begun to cheer for themselves.

Even Mark's wife had to rely on herself for protection.

Chapter 3718

"Mark, Mark, before you were alive, I, Leonard, might not have been as good as you."

"But now, you are not as good as me, Leonard!"

"Thirty years Hedong, thirty years Hexi."

"The last laugh is the real king!"

Leonard smiled proudly in his heart, feeling that his long-cherished wish for many years had now been fulfilled.

"President Chu, thank you for clearing the siege." Helen Qiu came over to thank him again.

"Miss Qiu, you're welcome."

"How do you say, you were my sister back then, and your husband is also my enemy in life."

"We have a deep relationship, and we should help a little."

"However, Miss Qiu, I have to remind you of something."

"In life, no one can protect you all your life."

"Like that guy, what a beauty it was in his lifetime, he was invincible, even I had to avoid his edge."

"But what's the result?"

"The prosperity is over, and there is only desolation left."

"I saw him raise a tall building, saw him feasting on guests, and watched with my own eyes how the tall building he built collapsed overnight."

“So Miss Qiu, relying on others is worse than relying on yourself.”

“From now on, you have to be self-improvement!”

“His little prestige is probably not very useful in the current Noirfork, let alone in the Jiangbei thousands of miles away?”

Leonard shook his head, to the effect of reminding Helen Qiu that Ye’s former Mr. Chu was completely gone, and Mark’s shade could no longer protect her.

For these, Helen Qiu naturally has long been aware of it.

In addition to being disheartened when she left Noirfork, another reason was that she knew that without Mark, she herself would not be able to keep those family businesses in Noirfork.

Helen Qiu is a self-aware person. If she can’t bear the weight of the crown, she doesn’t wear it.

“We’ll talk later, let’s go first.”

Greg Shen interrupted their conversation.

This is not a place to chat and reminisce. There are still a large group of people from the Meng family who are staring at them. Maybe this young master of the Meng family will change his mind.

For today’s plan, take the best policy.

“Wait, did I say let you go?” Meng Chuan seemed to have made a phone call just now. He just ended the call and was looking at Leonard and the others with a smile on his face.

“Ok?”

“Master Meng, what does this mean?”

“I think what I just said was clear enough.”

“Could it be that Master Meng hasn’t understood?”

“Do you have to let my brother arrest you and put you in jail?”

“I can tell you, this brother of mine is jealous of evil, even if he is a king or rich, as long as he breaks the law, he will still bring you to justice!”

“If Young Master Meng bears such stains, it is estimated that the position of the head of the Meng family will be no match for you.”

Leonard continued to threaten.

But Meng Chuan was not in a hurry to talk, as if he was waiting for something.

Soon, Leonard’s phone rang.

He looked down and smiled suddenly: “My brother has arrived, Master Meng, would you like to go out with me to meet him?”

Leonard smiled lightly, and then answered the phone.

But soon, after answering the phone, Leonard , who was originally smiling, changed his face: "Aimin, what did you say, you have been suspended?"

"This... how is this possible?"

"How can it be so coincidental?"

Leonard almost collapsed.

Why was Liu Aimin suspended at this moment?

But then, Leonard seemed to think of something.

He turned around suddenly and looked at Meng Chuan: "It's you!"

"You bastard, it must be you!"

"You must have done it!"

Meng Chuan seemed very satisfied with Leonard 's gaffe.

"Mr. Chu, with your little chips, you still want me to save face."

"Sorry, it's not enough."

When the words fell, Meng Chuan's expression suddenly became cold.

He has wasted enough time here, and Meng Chuan has no patience.

This time, he gave an order.

"Come on!"

"Bring Miss Qiu to the car."

"The rest, break their legs and throw them into the West Lake to feed the fish!"

What?

"You... are you presumptuous?"

"I...I'm Leonard , I'm the general manager of West Lake Heavy Industry, and the leader of a state-owned enterprise..."

"You are so brave!"

Leonard and the others were stunned.

They never dreamed that it would end like this in the end.

"Do your own fault, don't live."

"Not yet?" Meng Chuan drank again.

However, just when Helen Qiu and the others were full of despair.

boom!

Just heard a bang.

The door behind him was suddenly kicked open.

“I think who dares?”

Amidst the cold shouts, a tall woman stepped in with her long boots on.

What kind of woman was that, with fluttering long hair and cold eyebrows.

The cold face, but it is heroic!

Chapter 3719

The arrival of this person is like a sharp sword, shattering the peace here.

The Meng family’s bodyguards didn’t have time to react at all, and they were shocked by the power emanating from the woman’s body.

For a time, everyone present was shocked.

Helen Qiu and others showed panic, and Meng Chuan’s expression suddenly became solemn.

Soon, when the power of this person dissipated, the Meng family who had been shaken back surrounded them again.

Meng Chuan’s expression also sank.

Although the person who suddenly appeared in front of him was only a woman.

But years of experience told him that this person was probably from an extraordinary career.

“This lady, although I don’t know who you are.”

“But I might as well persuade you that it is definitely not a wise move to meddle in the affairs of my Meng family in this Jiangbei land.”

“If you retire now, I can pretend that nothing happened just now.”

Meng Chuan threatened coldly.

But the woman’s face was expressionless, even after learning that these were the Meng family members, she was still unafraid.

“Master Meng, Jiangbei is very big. Do you really think that your Meng family can cover the entire Jiangbei sky with one hand?”

“You rely on the shelter of your family to be domineering in this Jiangbei.”

“Many people really don’t dare to offend you because of the power of the Meng family.”

“But unfortunately, I’m not afraid of you.”

“And, I advise you, you’d better not provoke me.”

“Otherwise, not only will you regret it, but your family will also be implicated by you.”

The woman’s indifferent voice resounded slowly in the courtyard here.

Hearing what this person said, not only Meng Chuan, but also Helen Qiu, Greg Shen and others were shocked.

Especially Greg Shen, he originally thought that the previous Leonard was enough to pretend.

But at this time, compared with the tone of the woman in front of him, Leonard’s threat just now was undoubtedly weaker.

However, Greg Shen and the others couldn’t help but be curious.

Are the words of the woman in front of you true or false?

Is she really capable, or is she fake?

Is there a real background, or is it just a myth?

“Hahaha..”

“It’s really a big breath!”

“Is it possible that my Ariel Jiang Meng family will be afraid of you being a weak woman?”

“If you really have the guts, how dare you report your own family.”

“I want to see, in this Jiangbei land, who is the person who dares to make such a rhetorical statement in front of me, Meng Chuan?”

Meng Chuan laughed immediately.

Full of sarcasm and mockery.

Although he was somewhat apprehensive about the ability of the woman in front of him, he was only apprehensive.

It is undoubtedly not enough to make him shrink back in fear.

However, Meng Chuan’s laughter didn’t last long.

After the woman reported her name, Meng Chuan’s laughter stopped abruptly.

“The Zhang family, Zhang Zixi.”

What?

“Zhang... Zhang Zixi?”

“Are you the Zhang family?”

“This... how is this possible?”

“She Helen Qiu is only a working girl, how could she know the Zhang family?”

“Why are you bluffing me?”

After hearing the Zhang family’s reputation, Meng Chuan’s expression finally changed.

In the pupils, there was a little panic.

From a very young age, Meng Chuan had heard from his grandfather about the three giants in Jiangbei.

Lu family, Zhang family, Meng family.

Before, Jiangbei had always been the ruler of the Lu family.

But later, the Lu family was destroyed, and the Meng family took its place.

As for the Zhang family, it has always been mysterious and low-key in Jiangbei, especially in recent decades, so low-key that people almost forget the existence of the Zhang family.

But the elders of the Meng family knew it.

No matter how popular their Meng family is now, in Jiangbei, there is always a sky above their Meng family’s head.

That’s the Zhang family!

“If anyone wants to provoke the Zhang family outside, I will break his leg and feed the dog!”

This is what every Meng family has heard since childhood.

One can imagine how terrified Meng Chuan was when he learned that the woman in front of him was from the Zhang family.

But soon, Meng Chuan realized something was wrong.

In his impression, the Zhang family has always been aloof and almost never interfered in trivial matters.
