Chapter 3784

Two dull bangs slammed firmly on Mark's back. Kane immediately covered his eyes, thinking that this guy was over. With the strength of these two big men, this punch is estimated to be able to break Mark's spine. But Winnie showed no sympathy.

She felt that this was the fault of this hot summer man. God's sins are still forgiven. Self-inflicted sin, not to live. People always have to pay for what they do.

However, just when everyone thought that this Yanxia man had a miserable end. Who would have thought that when the two big men smashed on Mark's back, it was like smashing on steel. Hearing only two screams, accompanied by a sound of broken

bones, the bones of these two men's hands were broken directly. His wrists drooped down like noodles. Let the two of you suffer! The two-meter-tall man burst into tears at this time. "This... what's the situation?" "The beaten didn't cry, but the beater cried instead?"

This scene undoubtedly stunned the two brothers and sisters. Even the blond and blue-eyed sturdy beauty who was full of disdain before also showed surprise at this time. At the same time, there was that girl in a gorgeous long dress who looked astonished.

You must know that these two slaves in her family have almost a thousand hands. It is a fan of hard boulders that can be beaten under their fists. Even steel will deform under their tremendous force. But now, with one punch, the two of them actually broke themselves.

"No wonder you dare to provoke this lady." "It turned out to be really reliant." "However, just based on these, you want to make this lady retreat despite the difficulties. You are afraid that you are delusional." This noble girl rarely spoke more. She looked at Mark's back and smiled coldly.

Then, he clapped his palms. Whoa! The door was slammed open immediately. The dozen or so bodyguards stationed outside rushed in. A black suit and shiny leather shoes. It rushed in like a black torrent. "Burn him!"

The noble girl pointed in Mark's direction, and immediately issued a designation. Then, the bodyguards behind him, like hungry wolves, rushed towards Mark. "There is a knife!" "They have weapons!" Kane screamed in horror.

He clearly saw that under the suits of these people, there were knives and weapons, and even a silver Desert Eagle pistol.

The Kane siblings were completely freaked out. They once thought that they had encountered some black gang organization.

Stab it!

The sharp blade cut through the air, causing a sharp blast of air. Seeing these men dashing forward with weapons.

But in the eyes of Kane and Winnie, the hot summer man was still sitting there drinking tea. Winnie thinks this guy's designated brain is sick, so tea is so good?

I'm dying, I'm still drinking tea there! Just when Winnie was sarcastic in her heart, the man in front of her eyes held up the teacup, took a sip, and sprinkled it on the sky.

Whoa!

Tea and water all over the sky, scattered everywhere. The energy swelled in it, and the tea leaves were wrapped in water droplets, like a flying sword passing through the rain, bursting out.

Whoosh whoosh! After a sharp cracking sound.

Everything is silent! Everyone was stunned, and the ferocious bodyguards just now froze in place like robots with a broken clockwork. Time seems to standstill.

Until the next moment, countless bloodlines sprayed out from the eyebrows of these people. bang bang bang bang...

Everyone fell to the ground. In the red pool of blood, these people were silent.

Silence! Deathly silence. Winnie and Kerry, who had just got up, thumped and squatted on the ground again in fright.

As for the girl who was proud and noble like a princess just now, her majestic pretty face was bloodless. She looked around and everyone fell.

She suddenly became panic-stricken. Just like the monarch who ordered Wan Jun, only to find out at this time that all the troops and horses were defeated. Looking around, there are enemies everywhere. She's the only one left, lonely!

Chapter 3785

"This this..."

"How is this possible?"

"I... am I blind?"

"Or, did you... have a hallucination?"

Kane was completely stupid at that time.

transfixed!

He stared at Mark like a ghost.

Next to his sister Winnie was even more at a loss.

His face was as pale as paper.

They never thought that this seemingly ordinary man in front of him actually had the ability to fight one against ten.

Tea is like a sword!

Winnie suddenly remembered that she had yelled at Mark just now.

Looking back now, Winnie was undoubtedly terrified for a while.

It is estimated that at that time, as long as Mark poured out a cup of tea as he did now, she would have Winnie lying on the ground now.

It turned out that at that moment, she was so close to death.

“Brother...Brother, you...you are...who are you?”

After a long silence, Kane asked Mark in a low voice and trembling.

Winnie’s face trembled with fright when she heard the words.

Then he pulled up his brother and turned around and ran out of the restaurant.

“Let’s go...”

Winnie knew that she had offended Mark before.

She will undoubtedly worry now that after Mark has dealt with these people, the next step will be to retaliate against them.

So, after regaining her senses, Winnie quickly escaped with her younger brother.

For a time, there were only two people left in the entire hall.

In one of them, he still sat quietly, lifted the teapot, and poured himself a cup on his own.

Yet another figure was standing in the hall.

Gorgeous long dress, lining her temperament is extraordinarily noble.

However, it was this invincible and noble girl, and at this time, there was no more majesty on her delicate and beautiful face.

Just like an angel with broken wings.

Even the beautiful body was trembling.

She looked around blankly.

All the servants and bodyguards who bowed down to him in the past have all fallen.

The red blood flowed down to her feet.

She opened her mouth, perhaps wanting to give orders to let Mark burn to death.

However, when she looked around, other than Mark, there were half-dozens of people.

For the first time in so many years, she was alone, in a strange and dangerous environment.

She could no longer be bossy at her opponents.

The girl in panic, the only thought now is to escape from here.

Seeing that the figure in front of him was still carrying her on his back, he didn't seem to notice her.

So the girl, who was as proud as a princess, turned around and prepared to run away.

"As long as you take one more step, your chest will be pierced in an instant."

"The bright red blood will bloom a poignant blood flower here."

A faint laughter came.

His tone was so calm.

If it wasn't for the fact that she had indeed seen so many people fall under her hands, she would never have believed that this person would threaten her life again.

The girl finally stopped!

She dared not risk her life.

She turned her head and wanted to question the man what.

However, the moment she turned around, she resolutely found that a piece of tea had already arrived in front of her.

Like a flying sword, it hung over her chest.

The girl's delicate body trembled suddenly, and a cold sweat broke out from the back of her back.

She was suddenly thankful that she hadn't taken a risk just now.

Otherwise, her current chest, I am afraid, has really been pierced.

"Who are you?"

"I order you, let me go!"

"Otherwise, my father's guards will surely throw you at the stake and burn you to death!"

It was still the tone of the command, the same arrogant tone.

Perhaps, this woman has been talking like this since she was born.

Intimidating, condescending.

Mark shook his head and smiled: "Order me?"

"Miss, do you think that everyone in this world has to obey your orders?"

"Isn't it? Our Vias family was born to be the most noble family in the world. We have the most noble blood in our body, and we are born to be admired."

"It's like some people are born to be ruled by others. Because those people have low blood on their bodies, and they are all the lowest pariahs."

Chapter 3786

"Let these untouchables live is our gift to them. Shouldn't they be grateful, shouldn't they respect and admire us?"

The girl in front of her didn't know where the courage came from.

The voice of speaking also grew louder.

As if showing off his noble blood.

"Bloodline? Noble?"

"Is this your pride?"

Hearing these words, Mark suddenly laughed.

For the first time, he turned around, raised his head, and looked at this noble girl like a little princess in front of him.

"Do you know the Chu family?"

"They are also known as the most noble family in the world."

"All, the descendants of the Chu family are born with a sense of superiority that is different from ordinary people."

"My father is also from the Chu family."

"But my mother is just an ordinary person."

"So, the Chu family did not accept my mother marrying into their family. It felt like a blasphemy to their noble bloodline."

"And I have half my mother's blood on me."

"Just because of the so-called despicable bloodline in their mouths, they felt that I was despicable and expelled me from the clan and the Chu family."

"But do you know the result?"

Mark's eyes became teasing, and the smile on the corner of his mouth became more intense.

"What's the result?" the girl asked subconsciously.

Mark didn't answer in a hurry, but a pressure suddenly exploded from him.

After that, the noble woman only felt a mountain-like coercion, sweeping the sky and covering the sky.

She was almost out of breath.

In the end, he couldn't bear the weight any longer, and with a bang, he knelt at Mark's feet.

"How dare you let me..."

The girl immediately screamed in pain.

She couldn't accept it, her blood was as noble as her, and she even knelt down to people.

This is undoubtedly a nearly devastating blow to her self-esteem and pride.

She raised her head and stared at Mark with hateful eyes.

However, Mark bent down, raised her snow-white chin with his palm, and laughed jokingly: "This is the result!"

"You wouldn't have thought, nor would they have thought that those so-called noble Chu family members once knelt at my feet and begged me to spare them!"

"Their so-called patriarch of the Chu family was sealed on the top of Chumen Mountain by my most cruel secret technique, and suffered from the burning fire day and night! His only son, his favorite, was beaten by my palm that day. Dead dog!"

"So, what is noble? What is low?"

"Those who claim to be noble are not like pigs and dogs in front of me?"

"Just like you, you think you are high and noble like a king and a princess."

"But what's the use?"

"In the face of absolute power, you are even inferior to pigs and dogs."

"It's just a plaything from the master of this hall!"

Mark smiled proudly.

Domineering voices, bold words, echoing endlessly.

At the end, Mark waved his sleeves.

The limelight is like a knife, and the face is like a cut!

In the terrified eyes of the girl, she saw that all her clothes were smashed by the air knife wielded by Mark.

Ice skin and jade skin, snow-white **, exposed in Mark's sight without any obstruction.

"Kneel down!"

Mark let out another low growl.

The girl who was already kneeling and serving the ground was crushed to the ground under Mark's majesty.

Like a pet cat, it lay on the ground with its limbs apart.

The towering piece on his chest has long been squeezed out of shape by the icy ground.

The girl at this time seemed to have become a plaything for Mark.

Let her kneel and kneel, let her lie down.

The graceful and delicate body is not even an inch.

In front of this majestic man like a god, the girl who was so noble a few minutes ago has no dignity at all at this time!

She was completely frightened.

All nobility and pride were smashed to smithereens.

** The delicate body was lying on the cold floor, like Mark's most loyal pet in captivity, he didn't dare to say a word, only sobbed silently.

The two lines of tears that flowed out of the pretty face were as crystal clear as pearls!

Chapter 3787

Noah never thought that there would be such a majestic and domineering man in the world.

At this moment, in front of Mark, Noya felt for the first time that she was so small and humble.

Like this man said.

Now she is just a plaything for this man.

As long as he raised his hand, he could decide her life and death.

In the face of death, the noble blood and origin she was once proud of seemed so pale.

Of course, she is no longer qualified to say nobility and dignity.

When all her clothes were shattered, all her nobility was also shattered.

She knelt on the ground, no longer struggling, just weeping and sobbing.

"But... OK, no... won't you kill me?"

"I...I don't want to die..."

The girl's voice was trembling and inaudible.

But Mark still heard it.

He was condescending, looking down at the woman below him as if looking down at an ant.

With his fingers scrubbing the teacup in his hand, he smiled playfully: "My dear lady, are you begging me?"

"But unfortunately, whether you want to die or not has nothing to do with me."

"A person who has offended me and is useless, why do you think I should let her go?"

Mark's indifferent words carried a kind of majesty that despised all beings.

He doesn't like killing people.

However, Mark would not let go of a woman who threatened to burn him to death.

"One last look at the world."

"You're running out of time."

"When I finish this cup of tea, your life will end."

There was no one else in the hall.

Mark didn't kill her immediately, perhaps because he was too lonely.

Leave her alone, at least until he finishes his tea, with someone to talk to.

hum...

In the void, the sword-like tea leaves are still hanging high.

Just like the sword of Damocles, as long as Mark gives an order, it will come to the world to judge sins.

The feeling of being choked on the throat of that life made Noah extremely terrified.

She finally realized that in this world, not everyone regarded her as a princess, and not everyone protected her, respected her, and held her.

She also realized that begging is useless if it has no value.

But she didn't want to die, she wanted to live.

She is not yet an adult, she still wants to meet her prince, and she still has many, many dreams to complete.

She doesn't want to die.

So, in despair, Nuoya did everything she could to prove her worth to Mark.

Money, power, status...

She tried almost everything.

He even promised Mark that he would only spare her, and that when she succeeded her father's throne and took over the power of the family, she would dedicate half of her assets to him.

However, Mark still shook his head.

"What do you want?"

"Isn't that enough?"

"Half of my family's assets will be an incomparably huge amount of wealth, enough for you to squander ten lifetimes."

"Why don't you let me go?"

"Why can't you give me some way to live?"

"Uuuuuuu..."

The girl finally broke down, raised her head and started crying.

It was the first time she had met such a man.

Everything she used to be proud of, this man seemed to disdain.

No wealth, no status, he even promised to make him the mayor of the city, but the other party still didn't want it.

She collapsed, she didn't know what to do anymore, could she just wait for death in despair.

Do you really have no value for this man at all?

wrong!

She still has value!

Noya suddenly remembered something, she looked down at her snow-white body like suet and jade.

She hesitated for a long time, as if she was in a violent ideological struggle.

In the end, Bei Te bit his red lips.

At this time, Mark's pressure had dissipated, and the girl who was curled up on the ground actually stood up slowly.

She walked towards Mark with eyes full of determination like a knight on the verge of death.

Chapter 3788

"What do you want to do again?"

Mark suddenly became curious.

I saw that this charming girl, who was still in panic and despair, was gradually approaching her at this time.

As she walked, tears kept falling from her cheeks.

“Congratulations, you succeeded.”

The girl smiled with tears in her eyes, then closed her eyes and sat in Mark’s arms.

Waiting for the next, this man toyed with her body.

But the next moment, something unexpected happened to the girl.

He didn’t wait for Mark to ravage her, but instead, it was the man who pushed her into his arms.

The girl fell to the ground, and the cold touch of the floor and the pain of the impact came again.

This time, she cried more fiercely.

Roaring at Mark.

“Why did you push me away?”

“Isn’t that what you want?”

“You don’t want money, you don’t want power, don’t you just want me?”

“Okay, I’m willing to dedicate myself to you so that you can get what you want.”

“Who made me look good, who made me have a good figure, and who made me want to live unsatisfactorily.”

“I’ve already decided to give in to you, but why are you pushing me away to torture me?”

“You pervert, do you like torturing people so much?”

The girl cried and yelled.

But Mark’s eyes were full of weirdness: “Up to now, are you still so confident?”

“I said, to me, you have no value at all.”

“Everything you are proud of is worthless in my eyes.”

“Including your body.”

“I, Chu Tianfan, are all over the world, what kind of strange woman have you never seen before?”

“Your temptation is nothing compared to a little cinnabar in my Helen Qiu, nor a strand of blue silk from Yun’er.”

“So, give up the struggle.”

“Calm, step into that eternal night.”

The tea has bottomed out.

Mark was also impatient.

He rose slowly, like an executioner raising his butcher's knife.

The piece of tea leaves hanging in the air also uttered a life-threatening groan.

The girl gave up completely.

She knew she was going to die.

But before dying, she roared at Mark with resentful eyes: "After I die, my uncle will never let you go."

"He is the king of India, the most powerful man in the world."

"He will definitely kill you and let you be buried with me!"

This girl is also a bit bloody.

After she finished speaking, she with tears on her pretty face rushed directly to the sword-like tea leaves.

However, just when Noah thought that she would be pierced by the tea leaves like those of her subordinates.

However, there was no pain.

When she opened her eyes again, she found that the piece of tea had already fallen.

"you you..."

Noah was stunned, she didn't know what the man wanted to do.

"The King of India?"

"So your uncle, is it King Yin Tian, Fen Tian?"

Mark looked at Noya and asked in a deep voice.

"You know my uncle?"

"Looks like you still have some insight."

"Since you know how powerful my uncle is, let me go, and then kneel down to apologize to this princess, accepting me as the master!"

The girl's arrogant and domineering character was exposed again.

She thought that the man in front of her was afraid of her uncle, and immediately said viciously.

Mark smiled, then waved his hand, and the coat he took off flew over and covered the girl.

"You can live a few more days."

"Take me to your uncle."

"I will save your life until he dies in my hands."

"However, before that, you have to call me master."

“Before I die, I will let you be my servant for a few days.”

Mark smiled.

After that, he went outside.

But the girl was completely stunned.

The arrogance just now dissipated.

On the pretty face, there is only awe.

“So... so you... you...”

“You came to kill my uncle?”

Chapter 3789

“I advise you not to seek your own death.”

“It’s too late for you to regret it now.”

“Otherwise, when you do meet my uncle, you will die in embarrassment.”

“My uncle’s power is simply beyond your imagination.”

“He is the patron saint of this country.”

“Even the palace lord of the Foluo Palace should treat my uncle with courtesy!”

At this time, Mark and Nuoya were already on the eastbound train.

The girl said before that Fen Tian was on a small island near the sea in the east of India at this time.

After learning about it, Mark naturally did not hesitate, and took the girl to the sea.

However, along the way, this girl kept talking non-stop, exaggerating her uncle Fen Tian’s strength.

She said so, nothing more than to make Mark throw a slap in the face and not do anything wrong to her on the road.

But Chu Fan never paid any attention to him.

She kept her eyes closed, as if she had fallen asleep.

Chu Fan’s ignorance undoubtedly made this proud girl very angry.

She raised her foot, wanting to step on this guy who looked down on her.

But thinking of the majesty that Mark showed in that restaurant not long ago, Nuoya finally retracted her raised foot.

“Ah!”

The damp wind outside, with a little coolness, blew in through the car window.

Noah couldn't help sneezing.

He reached out and tightened his coat.

Yes, Noya is all over her body now, only the windbreaker that Mark gave her before.

Fortunately, her figure was a little petite compared to her, although only one piece of clothing was enough to cover her entire body.

But the cool wind pouring into her neck still made her shiver.

"Come closer to me." Mark, who had been closing his eyes, suddenly said.

Noah was immediately alert: "What do you want to do? Are you trying to take advantage of me?"

"I warn you, if you defile me, neither my uncle nor my father will let you go."

"Our family is the largest wealthy family in India."

"The current state lord only got a seat with the help of our family."

"If you defile me, you defile the princess of India."

"At that time, not only you, but even your country will bear the wrath of our entire country!"

Noya said fiercely at Mark.

Mark shook his head and smiled: "It's cheap for you?"

"You're naked and in front of me, and I can't have any interest in you."

"You...you..." Noah heard the words, and she was like a kitten with blown fur at that time, her beautiful eyes widened directly.

She felt that Mark was questioning her charm!

For a woman, the most intolerable thing is a man's questioning of her charm.

At that time, Nuoya seemed to refute something. For example, the princes, nobles and wealthy young masters who chased her went from southern India to northern India. For example, how many young heroes even thought it was a great honor to say a word to her. The charm of this princess is beyond doubt.

But after thinking about it, Noah finally gave up.

Evan is right.

Even if she took off her clothes and took the initiative to sacrifice herself, this man would be dismissive.

His own charm, for him, is indeed ineffective.

Noah immediately shrunk in the seat like a deflated ball, bowed her head and stopped talking.

"Ah!"

The wind outside the car window poured frantically, and Noah shivered again.

“If you don’t want to catch a cold, do as I say in the end.” Mark said again.

“Hmph, don’t be hypocritical, this princess doesn’t need you to be pitiful?”

Noah shrank and muttered in a low voice.

When she said this, she quietly glanced at Mark.

From the time he got in the car until now, his eyes have been closed, even when talking to himself, he never opened his eyes to look at himself.

Chapter 3790

This undoubtedly made Noah very angry. Does she really look so ugly? Is she really not attractive at all?

Noah was a little frustrated.

At this time, the bus passed through a bumpy road, and the body swayed, Nuoya also swayed a few times, and her delicate body touched Mark’s arm.

“It’s so warm?”

At that time, Noya’s heart trembled, but when she was close to Mark, she only felt that the surroundings of Mark were so warm.

Noah tentatively leaned on Mark’s side again.

Sure enough, when approaching Mark, the area seemed to be a world of its own.

A touch of warmth flowed into her body, refreshing her heart.

“It’s so comfortable.”

All tiredness and coldness disappeared in an instant.

Noah just felt that it was like being in a hot spring.

No one can resist this kind of warmth that goes deep into the soul.

Even the proud little princess Noah.

Regardless of how reserved and cheap, it was, the girl sat very close to Mark, and the two of them had their arms tightly pressed against each other. The warmth around Mark made Nuoya almost intoxicated.

Seeing this, Mark shook his head.

She also calls herself a princess, and it seems that she is also a girl who has not seen much of the world.

The warmth on Mark’s body was entirely the result of the release of the Yuan force in his body.

These are the essence of heaven and earth that have been transformed by Yun Dao Tian Jue, and they naturally feel comfortable when they are in them.

“Are you hungry?”

“Let’s eat something.”

After lunchtime, Mark asked for two boxes of lunch on the train.

At first, Nuoya disliked this rough meal, but she couldn’t hold back her stomach growling, so she had to bite her teeth and take a few bites.

“Woolen cloth?”

“It’s delicious.”

Noah was surprised.

“When people are hungry, everything tastes delicious.” Mark smiled.

Seeing the bright and warm smile on Mark’s handsome face, Nuoya was slightly startled.

I just feel that the man in front of him is the big devil who killed him before, but a warm and kind brother next door.

This huge contrast once made Noah somewhat unable to react.

“Well, thank you.”

“You...you don’t seem to be a bad person.”

Noya didn’t look at Mark anymore, lowered her head, and whispered while eating a boxed lunch.

“Thank me?” Mark looked at her curiously.

“Bentou, and you just let me... lean on you.” The little girl seemed to have never thanked anyone. When she said thank you, she felt a little embarrassed.

“Oh, that’s what it means.”

“Two lunch boxes, fifty, give them money.” Mark calmly pointed to the old man who was waiting to collect the money and asked Noya to take the money.

“You...” Noah’s nose was almost crooked at the time, “You are not willing to give me flowers at 50?”

Mark shrugged and spread his hands: “I have no money and no money.”

Noah rolled his eyes immediately as if to say, do I have it?

All her clothes were damaged by Mark.

Of course, even if the clothes are still there, there will be no money in the bag.

Her money is usually handled by the waiter.

But now, those waiters are all dead.

“Then there is no way, you ask people, can you sell yourself?”

“Although you don’t look very good-looking, you should be worth two lunch boxes.”

Mark said lightly.

Nuoya raised her toes in anger and stepped on Mark’s feet fiercely.

With her pretty face flushed, she almost wanted to eat Mark.

“I knew that a person like you is not worthy of a good impression!”

Noya was so angry that she just changed her attitude towards Mark a little.

But now, everything is cleared.

She also decided that when she saw her uncle in a while, she must let him torture him severely.

“for you!”

“My earrings are made of pearls and beautiful jade.”

“It’s more than enough to buy your car.”

Noah angrily took off her earrings and threw them at the uncle who sold rice.

After that, he turned his head angrily and ignored Mark.

At the same time, he cursed and cursed at this hateful man in his heart.

oh my god!

How can there be such a man in the world?

Mark didn’t care about this.

Whether this girl likes or dislikes her is irrelevant.

In Nuoya’s eyes, his concern was actually just to ensure that the girl was well before taking her to find Fen Tian.

Chapter 3791

“What kind of death do you want, and I can let my uncle satisfy you?”

“When you meet my uncle, you won’t run away, will you?”

“I hope you will firm up your goals and must go to my uncle to fight to the death?”

“I’ll collect the body for you.”

.....

“What kind of grudge do you have with my uncle?”

“Why do you have to seek revenge on him?”

“Are you really not afraid of death?”

“Looking at you, you must be very young.”

“And you are so unwilling to please girls, you must not have found a girlfriend yet.”

“You said you’ve never even talked about love, so why can’t you think about it?”

.....

“My uncle will really kill you.”

“You know, a person like him who is high above, who has power, a lot of things in his eyes are just like grass.”

“I’ve seen him kill a lot of people with a wave of his hand.”

....

“You go back.”

“I really advise you to give up.”

“Isn’t it okay to live well?”

“There is so much beauty in the world, why would you give up the chance to live in this world?”

“Is there really nothing in this world that is worth your nostalgia?”

.....

“If you have nowhere to go, I can take you in.”

“Although your strength can’t be compared to my uncle and the others, it’s not bad. Otherwise, you can be my bodyguard.”

“I can provide you with food, clothing, housing, and transportation. I will also give you a generous salary every month.”

“How about you, do you want to think about it?”

.....

Mark and the others went all the way east.

On the way, the girl was talking non-stop.

It was also during this process that the child’s attitude towards Mark was also undergoing subtle changes.

From the beginning, I desperately hoped that Mark would see his uncle Yin Tianwang soon so that he could be killed by his uncle.

Later, she hoped that the car could drive slower so that Mark could live a little longer, and she could talk to Mark more.

Then, she didn’t want to let Mark go.

She advised Mark to give up and not be stupid, she hoped that this man could live well.

In the end, the girl was even willing to provide Mark with shelter, to keep his secret, and to let go of the past and not hold him accountable for kidnapping her and killing her subordinates.

However, Ren Nuoya's mouth was dry, and the man beside him was like a piece of wood.

Don't say a word to her, and she didn't even look at her.

Close your eyes all the time.

"Sleep, sleep, sleep!"

"Sleep to death, forget it!"

Noah was about to be pissed off.

Thanks to her sincerity, this guy ignored him directly.

Simply kind-hearted as a donkey's liver and lungs.

"If it wasn't for this princess watching you warm me all the way, would I be too lazy to care about your life or death?"

Noah was angry, her little face bulging, like a thorny fish.

Cute and charming appearance, but let the fellow passengers be confused for a while.

Finally, the vehicle arrived at its destination.

Stopped in a city on the east coast.

After Nuoya arrived here, she refused to leave here and stopped taking Mark to find Fen Tian.

"Are you going to break your promise?" Mark looked at her.

Noah replied righteously, "You can't blame me."

"As I said, all I know is that my uncle is on an island off the east coast of India."

"I only know the approximate location, and I don't know the exact location."

"Furthermore, that Yinwang Island is a fief given to my uncle by the lord of the country in memory of my uncle's great contribution to the country."

"It's an isolated island."

"If you really want to look for it, then go buy a boat, or build a raft yourself and look for it along the sea."

Noah held her hands and sat down on a bench by the roadside, speaking proudly.

"Why didn't you speak?"

"Are you ready to give up?"

"I told you a long time ago that a master like my uncle can see the head of the dragon but not the tail."

Chapter 3792

"It's not easy to find him."

"So, let's stop wasting our efforts and go back."

"Just as I said before, you will be my bodyguard and I will give you money."

"Of course, if you don't want to work, this princess can take care of you."

While talking about her pregnancy, Nuoya looked at Mark expectantly.

It seems that all her actions are paving the way to support Mark.

But Mark shook his head and smiled, then stretched out his hand and hugged Nuoya in his arms.

Noah's pretty face turned red at that time.

It was like 10,000 little deer bumping around in my heart.

The whole person was nervous, and his heart almost jumped out.

"you you.."

"What are you going to do?"

"This... how many people."

Nuoya's pretty face was extremely blushing, and she lowered her head and whispered in Mark's arms, feeling panic and anticipation in her heart, and there was a sense of excitement of stealing the forbidden fruit.

Noah thought to herself, is this wood enlightened?

However, is not a little too anxious.

And, shouldn't you resist? Shouldn't you be angry?

But why, Noah just felt that she couldn't get a little anger in her heart.

But she still tried to resist.

It's just that the twisting action of that delicate body is even more ambiguous.

"Tell me where it is."

Mark was naturally unaware of Noya's thoughts.

After he picked up the girl, he asked in a deep voice.

"You...what do you want to do?"

"You don't really want to go out to sea to find my uncle, do you?"

“But we don’t have a boat. Are you swimming with me just like that?”

“Aren’t you crazy?”

Noah almost cried out in shock.

All the previous thoughts dissipated in an instant.

Only now did she realize that this guy didn’t want to go back with her at all, but wanted to take her out to sea to find Yintian King Fentian.

Thinking of this, Noah looked up at the vast sea in front of her.

Today’s weather is not good, and the original blue picture is now a dark gray.

Huge waves crashed against the coast.

Noah didn’t dare to think about how terrifying and terrifying it would be if he really swam in.

However, when Noah was panicking, a feeling of being overweight immediately came.

After that, Noah only felt that the trees under her feet began to gradually shrink, the earth was moving away, and the sky was falling.

Until, the two of them hovered ten meters above the sky.

Noah just realized.

They are flying!

“This this...”

Noah was speechless in shock.

She can’t imagine that people really can fly?

Before, Nuoya heard from her father that her uncle Yin Tianwang had the ability to fly.

But Noah had never seen it, nor believed it, but thought it was an exaggerated way of describing it.

But until now, when Mark took her to fly, she finally realized that what her father said was true.

“Tell me, where is Inking Island?”

Low words, with unquestionable majesty.

Nuoya, who was full of panic, was already convinced by Mark’s terrifying means.

She didn’t play any tricks, and based on her memory, she pointed to a certain place.

call!

Without any hesitation.

Mark immediately stepped away.

The wind was cold, and the waves were raging.

Two figures, galloping across the sea.

Noah closed her eyes in fear, only the cold wind resounded in her ears like the roar of a devil.

On the other side, on an island not far from the coast, a man sat cross-legged.

Like practicing.

Not far away, but his subordinates have been waiting for a long time.

It was not until the man finished his practice that his subordinates came forward and reported, "Master, the news of the wedding has been spread out for a few days."

"All guests have arrived in nearby cities."

"Look, when will we open the island to welcome guests?"

The man looked at the vast world in the distance, and then said, "Go on and open the island immediately."

"The old grievances of the past, this time, are completely broken."

Chapter 3793

When he said this, the man slowly got up.

The peach tree behind him had pink flowers falling like sparks.

They fall to the ground and are eventually buried in the dust.

The man stepped on it and smashed those flowers and the grudges and past events that had been sealed many years ago.

"Teacher, it will be soon."

"Your favorite disciples, Xiaotian will send them over to accompany you right away."

The corners of the man's lips twitched.

Sen Ran's words drifted far away with the icy sea breeze.

The wind is cold and the waves are rolling.

Above the vast sea, between the sea of clouds.

Two figures, stepping on the sea galloping.

Along the way, Noah didn't say a word.

He just hugged the man beside him.

After all, for her now, this man is her only reliance and sustenance.

If she let go, she would immediately fall from her mouth and be buried at the bottom of the sea.

She looked up at the man.

He was expressionless, the cold wind blowing the tips of his forehead.

But for some reason, Noah didn't feel cold at all, and she couldn't even feel the touch of the wind on her body.

Maybe this is what it feels like to be protected.

This is what it feels like to be embraced by a man.

Noah has read novels before, and there are many powerful and excellent girls in it. No matter how strong and valiant they are in front of the outside world, as long as she snuggles into the arms of the man she likes, she will turn into a tenderness around her fingers.

Growing up, Noah was undoubtedly a savage and domineering little princess.

No one dared to disobey what she said.

For a person of her character, she felt that she would never show weakness to any man in her life, and she would never, as written in the book, lean on a man's arms and call her brother like a kitten.

Even if it is to do those things of human reproduction, Noah is estimated to choose it.

However, Noya found that all her previous imaginations about these had changed after meeting this man.

Just like a violent foal, one day she really met the person who tamed her.

"you you.."

"You... can you stay in India?"

Between ghosts and gods, Noah suddenly asked such a sentence.

Her voice was soft, maybe Mark didn't hear it.

But she still stared at the man intently.

His eyelashes are so long and his eyes are so beautiful.

How can a man have such beautiful eyes?

When Noya was lost, Mark noticed that there were many ships in the sea below.

These ships stretch for thousands of meters, not like long-distance cargo ships, but passenger ships.

It was full of people.

Moreover, the directions of these ships are all the same.

But Mark didn't think too much and continued to take Noya across the sea.

Finally, an island appeared in his sight.

"Is that there?" Mark asked in a deep voice.

Noah did not answer, but asked Mark: "Really, do I have to go?"

Hearing this, Mark couldn't help but smile.

"Little girl, there are too many questions."

"Don't forget, why are you alive until now?"

"If I didn't have to go, you little girl would have died by my sword."

Mark smiled very calmly.

From when Noya met Mark until now, this man seemed to have such a calm tone and attitude towards him.

It's like listening to a stranger's story, because I don't care, so I'm calm.

Noya also wanted to be as calm as Mark.

Originally, the two did not know each other.

Even the fate of the peers along the way was coerced.

Whether he is dead or alive, safe or dangerous, has nothing to do with him.

But Nuoya didn't know why. The closer she got to Yinwang Island, the more restless and upset she became, the more she wanted to persuade Mark to turn around and leave.

Especially after hearing Mark's almost ruthless and cold-blooded words, the whole person was naturally angrier.

Simply, just like Mark did to her before, he just ignored it and didn't hear it.

Chapter 3794

"Women, it's really troublesome."

Mark shook his head and smiled.

He naturally saw that the little girl was angry.

If she was his wife, Mark would definitely coax and apologize.

But it's just a stranger, just let her go, Mark doesn't care.

She doesn't say it, he just asks later.

Anyway, the island ahead is not an uninhabited island.

At this time, dozens of ships were parked at the outer ports, and hundreds of people were landing on the island.

Moreover, this small island also seems to be specially decorated.

Red lanterns hang all over the road around the island.

On the road leading to the center of the island, there is even a red carpet.

Even vaguely, the lively and festive music could be heard.

“Hello, may I ask, is this Yinwang Island?”

After arriving on the island, Mark asked someone to ask.

“Yes, little brother.”

“This is Inking Island!”

“It’s my first time here.”

“If it wasn’t for the great joy of King Yin Tian, who invited guests from all over the world, I’m afraid no one would be able to enter this Island of King Yin.”

“This is someone’s private domain.”

A middle-aged man, holding a young girl dressed in fancy dresses and carrying a lot of precious gifts, took off his sunglasses and smiled at Mark.

Mark nodded when he heard the words: “It seems that I have found the right place.”

However, Mark did not expect that today would be the day of King Yin Tian’s great joy.

“That’s fine. Just on his wedding day, give him a big gift.”

Just as Mark’s expression gradually became cold, Nuoya, who was behind him, was crazy and pulled Mark back.

“I won’t let you go.”

“I order you to go back with me now.”

Noah is very tough.

Mark frowned, “What do you want to do?”

“I don’t want to do anything.”

“I just don’t let you go.”

“You are here to die, you know?”

“Yeah, you’re a bit smart.”

“You can fight one against ten, and you can take me across the sea.”

“But these, compared to my uncle, are still far behind.”

“You have no idea how strong my uncle is.”

“From a very young age, my father told me that my uncle is the most powerful man in the world.

“My uncle’s strength is beyond the realm of normal people.”

“His power is simply beyond your imagination!”

“You know, my father said that there are many people in this world who want to kill my uncle, and there are many people who come to me for revenge.”

“But without exception, everyone who came to seek revenge on my uncle died.”

“What’s more, this is Yinwang Island.”

“My uncle has been operating here for decades, and this is his home ground.”

“Today is his big wedding day, and his relatives and friends may come.”

“The time is right and the place is right. You don’t take advantage of it. What did you take to kill my uncle and what did you take to take revenge?”

“Aren’t you asking for your own death?”

“I won’t let you go!”

“You must go back with me.”

Noya pulled Mark and yelled at Mark.

And Mark listened to this, but asked with a strange expression: “Don’t you think that you are taking care of yourself a bit too much?”

“What do I do and what I don’t do, what’s with you?”

“I’m not your subordinate, and I’m not your family’s slave. You have no right to boss me around.”

“Let’s go, see you help me find Yinwang Island, I won’t kill you.”

“But before that, I need to tell you.”

“You said that I don’t know the ability of that old dog, but how do you know my majesty?”

“What is overwhelming, what is the right time and place, in front of me, is not worth mentioning.”

“I, Chu Tianfan, don’t need the weather, neither the location nor the people to kill people!”

“As long as you have a monstrous background, as long as you are supremely powerful, I will smash it with one sword!”

Chapter 3795

After saying this, Chu Fan walked away.

Only Nuoya, whose eyes were red, remained stunned.

It was the first time that she cared about someone, but she didn't expect that it would end up like this.

Looking at the slender figure in front of him that was drifting away, Noah bit her red lips and shouted in tears in the direction where Mark left.

"You arrogant bastard!"

"You can die."

"I won't let you live or die anymore."

"When you die under my uncle's fist, I will be happy to celebrate!"

Noah's mournful cry spread far.

Many people cast pity and sympathy at this lovely and beautiful girl in front of them.

Some even came to comfort him.

However, the man Noah had been looking forward to, still did not look back.

Tears poured down like rain, and her heart has never felt as uncomfortable as it is now.

Like tears falling on the ground, broken pieces are everywhere.

But why is it so sad?

It stands to reason that she should be happy.

The man who blasphemed her was about to die.

For the humiliation of the past few days, someone will soon avenge him.

But why is it so uncomfortable?

"Miss, ma'am?"

When Noah was squatting on the ground, she couldn't stop crying.

Among the crowd behind, there are several figures running over.

"Miss, is it really you?"

"We will notify the owner of the house."

"You don't know, the owner of the family has been anxious for the past few days that you have been missing."

"The people of India are looking for you."

"I just didn't expect you to come to the wedding of His Royal Highness Prince Yin by yourself."

These people seem to be the subordinates of the Noah family.

After recognizing Noah, she was immediately excited and happy.

When a few people were left to take care of Noya, the others ran back to report to Noya's father.

"Ya'er..."

After a while, a burly and dignified middle-aged man in a neat suit rushed over under the leadership of his subordinates.

"dad."

Seeing her father, Noah immediately got into the man's arms and burst into tears.

"Uuuuuuuuu..."

Heartbroken, the man patted his daughter on the shoulder while comforting: "It's alright."

"It's safe."

"Tell papa who took you."

"Where is he, Dad will send the guards to smash him to pieces."

But Noah kept shaking her head, choked with tears on her pretty face and said, "Dad, I... I don't want him to die, my daughter doesn't want him to die, I want him to live well and stay with me."

The man was immediately stunned: "You, have you seen him?"

After separating from Nuoya, Mark followed the crowd and walked towards the depths of Yinwang Island.

For those words of Noya just now, Mark just felt inexplicable.

That little girl is still too selfish after all.

Up to now, he is still saying something like ordering him.

If it was someone else who used it to play, it is estimated that she would have taken her life just now.

But Mark let her go.

That little girl's nature is not bad, but she is too egoistic and proud.

Like a spoiled child.

I hope this lesson will make her restrain her surname in the future.

Let her understand that not everyone in this world is her father, and will be used to her, and everything will be controlled by her.

Speaking of this, Mark thought of the little guy following Helen Qiu.

Mark also didn't know if Helen Qiu's daughter would educate her children.

After all, in Mark's eyes, Helen Qiu herself was an older child.

It is hard to imagine that she is already a mother.

It's just that Mark is still not sure whether that little guy is his own child.

He decided that when he next went to Jiangbei, if he had a chance, he would take the little guy to have a look.

If it is really his own kind, then his mother is probably really her.

Chapter 3796

Thinking of this, in Mark's mind, the beautiful image of grace and luxury appeared.

"Sir, please show the invitation letter."

Mark followed the crowd and soon came to the extension of Yinwang Island.

Here, a luxurious palace-like building is located here.

The building made of pure white marble is like a holy church.

The stairs that stretch for thousands of meters are like the ladder to the sky.

The flaming red carpet has been spread to the end.

The sides were filled with festive flowers.

At the entrance, there are also a large number of staff to maintain order.

At this time, someone stopped Mark and asked him to show the invitation letter.

Mark shook his head, indicating that he did not have an invitation letter.

"very sorry."

"If you don't have an invitation letter, you are not allowed to enter."

The man was expressionless, wearing a white wrap skirt and a long shirt,

This is the traditional dress of India.

Of course, this is not what this person made Mark pay attention to.

Instead, he was surrounded by the power of qi and blood that was as thick as fiery fire.

With this level of qi and blood, it is only a few steps away from the realm of the master.

Such powerhouses, even in Trumen, are at least at the level of middle-level leaders.

But now, they are guarding the gate.

Mark only felt that today's wedding didn't seem like it, it looked so simple.

“Sir, please leave, don’t affect those who come after.”

Seeing that Mark hadn’t left, the gatekeeper made a gesture of invitation again, signaling Mark to leave.

Mark chuckled: “What if I have to go in?”

“That gentleman is courting death.” The gatekeeper’s tone was still calm, but the coolness and coldness in his words had become particularly clear.

Seeing that the swords were drawn, a startled sound came from not far away.

“I’ll go, brother, so coincidental?”

“Are you here too?”

“You also came to attend the wedding of King Yintian?”

“Our brothers are too connected.”

“By the way, brother, you were so handsome that day!”

“One person smashing a group?”

“Sure enough, everyone in Yanxia has kung fu!”

“Like Bruce Lee in the movies!”

.....

Although I didn’t see anyone coming, but so talkative, it was naturally Kane who had a relationship with Mark that day.

After a brief understanding, Kane just learned that Mark was blocked without an invitation letter.

“It’s okay bro, wait for me for a while. I’ll fix it for you!”

Kane said something to Mark, then turned and left.

A few minutes later, Kane came back here again and handed an invitation letter to Mark.

After that, the two successfully passed the security check and entered the main hall.

“Thank you, Kane.” Mark said.

“It’s okay, you’re welcome. Besides, I asked for it for my sister. You’ve seen my sister. Although she looks fierce, she still loves my brother very much. Let’s go, I’ll take you to see him.”

While talking, Kane led Mark forward.

Soon, a mature woman with blond hair and beautiful eyes appeared in the eyelids.

“Mark, this is my sister, Winnie.” Kane introduced.

Mark smiled at her.

Winnie looked at him with some vigilance: “Since you don’t have an invitation letter, why are you here?”

Mark smiled and replied, "Come and see the world."

"Then where is your family background? Yan Xia's wealthy powers, I only know the Mo family in Zhonghai. Are you the Mo family?" Winnie continued.

Mark shook his head: "I'm afraid I'm going to disappoint you. I came from a mediocre background, and my mother was just a woman from a remote township in Noifork. My ancestors were farmers for generations. What about family background?"

"No way, Brother Ye. Born in the countryside, how good is Kung Fu?" Kane said unexpectedly.

"Poor people, with only four walls, no brute force, how can they support their family?" Mark said jokingly.

After knowing where Mark came from, Winnie's vigilance towards Mark was obviously much lessened. Instead, there was contempt.

"Since you don't have any background, let's be honest after entering."

"I know you have some skills."

"But you should also know that the people who can come here today are people with great ability."

"It's okay to scare ordinary people with your tricks, but here, it's insignificant."

"Remember my words, otherwise, if you get into trouble here, even the gods won't be able to save you!"

Chapter 3797

As the two of them spoke, the front door was pushed open.

Ye Qingtian walked in first.

"Mars?"

"Hahaha~"

"The gods of war are here."

"The junior doesn't have any chance."

"Xiaohua, we are safe."

"Quick, join me in thanking the God of War."

Seeing Ye Qingtian, Lu Ziming was overjoyed.

Before, the father and son of the Lu family were worried that the King of Fighters and the others would be able to stop Xiao Han, but now that the God of War is back, such worries are gone.

After all, the God of War is the strongest in Yanxia, and he is the Dinghai Shenzhen of Yanxia martial arts.

As long as the God of War is there, there is no problem that he cannot solve.

However, what the Lu family father and son did not expect was that the two of them had just walked up to Ye Qingtian, and before they had time to thank him, they only heard a bang, and the god of war kicked Lu Hua out.

The hundreds of pounds of body slammed into the high wall behind him, and finally fell to the ground.

The severely injured Lu Hua groaned and spit out a mouthful of blood.

“God of War, you...you...”

“why..”

Lu Ziming was panicked and puzzled.

Lu Hua was equally puzzled. His bloody red lips were dazzling. He raised his head and looked at the God of War in confusion.

“why?”

“You still have the face to ask why?”

“Have I warned you half a year ago that the widow of a martyr is not to be humiliated?”

“You bastard is such a big dog!”

“It’s just a matter of getting away and dying, but I don’t know how to repent. Instead, I go to the trouble of Noifork and Xiao Han’s relatives.”

“Where did you get the guts, you dare to move the relatives of the titled Grandmaster?”

“How is it now?”

“It’s nothing more than courting death by yourself, and you will be killed all over your house.”

“It even affects the lives and deaths of hundreds of people in my hot summer martial arts!”

“You scum, you deserve to die!”

Boom~

Ye Qingtian drank again, and his anger exploded like thunder.

Both Lu Hua and his son were severely injured. They were knocked out by this sound wave, and they fell to the ground and vomited blood!

“Someone, bring this Lu Hua to the Martial Arts Court for me to await execution!”

In the anger, the God of War immediately ordered to capture Lu Hua and send him directly to the Martial Arts Court to await the judgment of Martial Arts.

Hearing this, Lu Hua was in despair.

“No~”

“do not want.”

“I don’t want to go to the martial arts court.”

“Father, save me, save me~”

Lu Hua roared hoarsely, tears falling like rain.

In the eyebrows, there is a strong sense of fear and horror.

However, let him cry, what’s the use?

In the end, he was forcibly taken away by the staff of the Martial God Temple.

“God of War, I beg you, let me go~”

“We are all victims, relatives of Grandmaster Qingyun.”

“Your Martial God Temple, protect us~”

“Why, why are you arresting my son?”

“He’s the only seed of our Lu family~”

Lu Ziming knelt down on the ground, begging the God of War incessantly.

Before that, Lu Ziming thought that as long as they escaped to the Martial God Temple, then everything would be safe.

However, he never dreamed that it would end up like this?

“Is there a face to ask me what I am?”

“You know why!”

“The relatives of the titled master, you dare to covet murder?”

“The Lu family has today’s ending, and it’s also your own fault, you can’t blame others!”

The God of War snorted coldly, and then walked away, ignoring the Lu family.

After that, the night was silent.

But the next day, at the top of Yanshan Mountain, the four pillar states, including the Sword Saint and the King of Fighters, gathered again to discuss how to deal with Lu Hua and Xiao Han.

Of course, in the eyes of the Martial God Temple, how Lu Hua handled it was not important.

The most embarrassing thing for the Martial God Temple at the moment is the handling of Xiao Han.

“Juggernaut, this Xiao Han must not be forgiven lightly!”

“Even if everything he does has a reason, it’s not the reason why he killed hundreds of martial arts experts.”

“Now, the families of the deceased have come to the Martial God Temple.”

Chapter 3798

“Once you fall in love with a certain woman, let alone give up the whole forest, you will be the enemy of the whole world, then you will be willing.”

“Man, when you’re rational, you’re the smartest animal in the world. But when you’re emotional, you’re the dumbest animal in the world.”

Kane seems to have researched and paid attention to the beauties in the world.

At this time, he was telling Mark about his experience and experience with women.

“Are you emotional?”

Mark listened, but shook his head and smiled.

“Do you think that a shameless old dog who bullies his teachers and destroys his ancestors will really be tempted by someone?”

“I’m afraid this kind of person doesn’t even have a heart.”

Mark sneered.

In the words, there is a strong contempt and disgust.

Mark really couldn’t have a good impression of Yintian King Fentian.

Killing fellow students, bullying teachers and destroying ancestors, this is just one of them.

In the battle of the rainforest that year, in order to achieve the goal, Fentian was even more unscrupulous.

In terms of despicableness and shamelessness, among the people Mark has met over the years, Fen Tian should be ranked first!

During the conversation between Mark and Kane, a group of middle-aged couples walked towards them.

The couple wore gorgeous dresses and behaved elegantly and decently, giving them an air of Western European aristocracy.

“Noah, how did you get here?”

“Have fun again on the road.”

“The wedding is about to start, hurry up and find a place to be seated.”

The two seemed to be relatives of the Kane siblings. After seeing Noya, they said with a little resentment.

“Um?”

“he is?”

At this time, their uncle Jefferson noticed Mark beside Kane and asked with a frown.

“Uncle, he is a friend I just met on the way, Mark.” Kane introduced with a smile.

“Evan?”

“Is it a summer man?”

“Where did he come from? I don’t remember that Yan Xia has a big family surnamed Ye?” Jefferson wondered.

“Pfft~”

Winnie next to her couldn’t hold back and burst out laughing.

“Uncle, what a big family.”

“He’s from the countryside and has no background.”

“I was stopped just now without an invitation letter.”

“I didn’t want to do too much, Kane insisted on helping him.” Winnie shook her head.

Jefferson frowned suddenly: “Kane, what’s the matter with you? Don’t you know, what is the occasion here? You dare to bring anyone in?”

“If you get into trouble and delay our family’s plans, how can you bear the consequences?”

“Now, take him wherever he came from!” Jefferson said sternly.

Kane was suddenly bitter: “Uncle, is this not good?”

“Mark, he came here to gain knowledge, and he will not cause trouble for us.”

“I promise, can’t I just look at him for a while?”

“It won’t affect family affairs.”

Kane begged bitterly.

Mark was brought in by him. If he was driven out like this, he would be embarrassed in front of his friends.

In the end, with the persuasion of Kane’s three-inch tongue, Jefferson agreed to let Mark stay.

“Take care of him for me.”

“The people here are either rich or expensive, and no one can be provoked by him.”

“What’s more, today is the day of King Yintian’s great joy.”

“If something goes wrong, none of us can afford the consequences!”

Jefferson warned again and again.

Kane nodded again and again: “Don’t worry, uncle, I told him. My brother Mark is also a person who knows the overall situation and will not cause trouble.”

Kane laughed.

Pulling Mark to the front seat.

Kane's warmth and friendliness made Mark a little embarrassed.

"Kane, why don't I sit with you guys?"

"It's alright, my uncle has always been cautious and speaks straight. He is just afraid of being implicated. You two, the two of you, even if we want to make trouble, how big of a wave can we make? Just sit back and relax." Kai En said casually, with a big heart.

At this time, all the guests from all over the world were already seated.

Ahead, an emcee stepped onto the high platform.

"Looks like the wedding is about to begin."

Chapter 3799

"Everyone, the wedding will begin in ten minutes, please take your seats as soon as possible."

After the master of ceremonies took the stage, the loud and clear voice spread throughout the hall through the microphone.

Sure enough, as the words of the master of ceremonies fell, many more people entered.

"I'll go, isn't that the head of the Vias family?"

"Well, why is the little girl behind him so familiar?"

Kane is an unwilling master.

In the space before the wedding, he was looking around.

Soon, they noticed a group of people.

"Mark, she... isn't she the little girl in the restaurant that day?"

Kane seemed to remember something, pointing in the direction ahead, facing Markdao.

Mark just glanced at it and replied lightly, "Maybe it is."

And when Mark and the others noticed Noya and his party, Noya seemed to be aware of it.

She slowly turned her head and met Mark's eyes.

"Hey, that bastard!"

Noah was still angry, and after seeing Mark again, she stomped on the ground with her feet in anger.

"What? Is that the Yanxia man you're talking about?" Noah's father followed his daughter's gaze.

Soon, from the crowd, the Yanxia man with yellow face and black hair was locked.

"Xiaoya, you go to the front with your brother first, and I'll go back when I go." The man stopped and instructed Noya.

However, just as the man turned to leave, Noah grabbed her father's hand.

"Father, don't hurt him, okay?" Noah's words were a little pleading.

The man shook his head and sighed: "After so many years, I didn't expect that the first man you cared about was an outsider."

"Women do not stay in college."

The man made fun of his daughter, and then touched her forehead: "Don't worry, your father knows what to do."

After speaking, the man led a few guards and walked in the direction of Mark.

"Are you Mark?"

"Come out."

"My master wants to chat with you."

Several guards walked up to Mark and spoke in a polite tone.

"Since you want to talk to me, why don't you come over by yourself?"

"Instead, I sent you to call me."

Mark replied casually.

But these few words scared Kane, Winnie and the others.

"Mark, they belong to the Vias family."

"The number one wealthy family in India."

"Be careful talking to them!"

"Also, if they let you go, just go."

"Looking at them, it doesn't seem like they're trying to embarrass you."

Kane lowered his voice and instructed Mark in fear.

It seemed that he was afraid that Mark would offend these people and implicate them again.

Mark shook his head and smiled when he saw Kane and the others looking so scared.

"Forget it, then I'll go with us."

Anyway, there is nothing to do right now. It just so happened that Mark also wanted to see what the head of the Vias family was looking for.

"Is it Mark?"

“Looks like a talent.”

Outside the hall, a burly and dignified middle-aged man stood here.

Not far from them, there were quite a few guards standing. guards the safety of men.

“Thank you.”

“But I don’t think you called me here to praise me for being handsome.” Mark replied with a smile.

The man nodded: “Indeed. But before I get to the point, tell me where you came from. For example, who else is in the family? What business does the family do? Maybe, there is business with my Vias family.”

Mark shook his head and laughed at himself: “I don’t have a big career, my family has been farming for generations, so what about family and business?”

“Well, countryman?” The man’s expression suddenly darkened.
