Chapter 3800

A countryman with no background and family background, in India, is the lowest pariah.

India is a country with strict hierarchy.

The higher the caste family, the more they value their origin.

If it is normal, if such a person talks to him, he will feel it is a kind of blasphemy and insult.

But now, he has no choice, who made his stupid daughter fall in love with him.

“From now on, sever ties with your parents.”

“There must be no further contact.”

“I will give you a new identity.”

“A decent and honorable identity.”

“After the wedding, follow me back to the family.”

“From now on, you will be by my daughter’s side, serving her daily, day and night!”

“As long as you are satisfied with serving my daughter, I will not treat you badly!”

“Of course, your relationship with my daughter is nothing more than that.”

“I have something to tell you in advance.”

“My daughter of the Vias family, will never marry a person of contemptible blood.”

“So, correct your identity in the future. Don’t even think about some things!”

“No matter what my daughter thinks of you, you will always remember that you are just a servant hired by my Vias family.”

“Do you understand?”

After learning of Mark’s origin, the man obviously became condescending.

The tone of his speech already had a bit of command and majesty.

However, facing what the man said, Mark smiled.

“Hahaha..”

“Hahahahaha...”

The laughter was loud, as if hearing the funniest joke in the world.

“why are you laughing?”

The man frowned.

Mark's laughter made him very uncomfortable.

It's like sarcasm.

"Aren't you satisfied?"

"Still feel that I have treated you badly by letting you serve my daughter?"

"It seems that you still don't know the coercion of my Vias family."

"I, the Vias family, used to be the Indian royal family!"

"Even now, my family members still control the military and political power of India!"

"My family's business is all over the world, and the number one powerhouse in South Asia is also a member of my family!"

"So what?" Mark didn't want to listen any longer, and immediately interrupted his words.

"Anything you are a big family, you can be a giant or a wealthy family."

"But in my eyes, they're nothing but ants!"

"I don't even care about the Chumen, I have even cut through the Chu family with a sword."

"So, put away your aloof majesty."

"Your reliance is insignificant to me at all!"

"presumptuous!"

"Straight is arrogant!"

Man. Furious, a pair of old eyes blazing with anger.

His eyebrows were gloomy, and he looked down at Mark: "Still ants? Still insignificant?"

"It's so stupid! It's so stupid!"

"Who do you think you are?"

"Lord of a country? Living god?"

"You're just a poor boy from humble backgrounds, with no name, humble and despicable. If it wasn't for my daughter who fell in love with you, do you think you have the qualifications to speak to me here?"

"If there is no one to help you, you won't even be able to enter this hall today."

"I really don't know, where did you get the confidence to yell at me arrogantly!"

The man is really pissed off.

He gave him gifts, wealth, and even a chance to be close to his own daughter.

The man even thought that if this Mark was a talented person, he wouldn't mind accepting him as his adopted son or something.

However, he never imagined that the poor boy in front of him, not to mention being grateful to him, was so shameless to him!

In all these years, no one had dared to speak to him in such a tone.

If it wasn't for his own daughter's sake, just because of the offense that this bastard had done to him just now, he would have let the guards tie him to the stake and burn him to death!

However, in the face of the anger of this wealthy family owner, Mark stood with his hands behind his back and smiled proudly.

"You ask my confidence?"

"This is my strength!"

The words fell, and Mark stomped his feet.

boom!

That loud noise was like a landslide.

At the foot of the stone steps, it exploded with a bang.

At that time, the wealthy patriarch was terrified, thinking that Mark was going to kill him, and his body trembled almost to the ground.

In the midst of the flying rocks, Mark is like a god, looking down on all beings: "The power is in my hands!"

"Not to mention yelling at you, I will kill you, who can stop me? Who dares to stop me?"

Chapter 3801

The sound was like a thunderous explosion.

The wealthy patriarch and the guards he brought were all frightened by Mark's majestic power.

For a while, they stayed in place in panic, not daring to speak.

Even the self-proclaimed noble family owner in front of him had a feeling that his life was being choked when he faced Mark.

He didn't even know why he felt this way.

He's just a poor boy from a poor family, an unnamed scumbag.

But why did he have a sense of fear like walking on thin ice in the abyss?

After saying this, Mark finally left.

He didn't take the man's life.

After all, he is also for his daughter.

Mark always had more tolerance for this kind of fatherly man.

It was not until Mark's back was gone that Noya's father recovered from his panic.

"What an arrogant child!"

"Is the power still in your hands?"

"How much power can you have as a nameless kid?"

"Could it be that you can still be stronger than a force, stronger than a wealthy family?"

"It's Shuzi's incompetent rage after all."

The man shook his head, his eyes full of disdain and contempt.

A person, ordinary may be temporary.

But the key is to recognize yourself.

A person who can't even face up to his own incompetence and mediocrity, how can he expect him to make great achievements in the future?

In his opinion, people like Mark who are arrogant and unaware are doomed to be mediocre in life!

Before, the man thought about pushing Mark for the sake of his daughter's happiness.

But now, still push a fart?

Even if he took a pig to the sky, he would never support this Yanxia junior.

"let's go!"

The man snorted coldly and walked away.

The first words he returned to Noah were: "Forget him."

"Such a despicable and despicable person is not worthy of you, nor is he worthy of your concern."

"Father will look for you, the best man in the world, to be your husband and my son-in-law!"

The man spoke in a deep voice, and there was unquestionable majesty in his words.

"Evan, what's going on?"

"What is the head of the Vias family looking for you?"

"It's not about revenge, is it?"

"That little girl seems to be from the Vias family."

After returning to his seat, Kane asked Mark worriedly.

Mark smiled lightly: "It's okay, it's all settled."

“That’s good.” Kane breathed a sigh of relief, “The Vias family is the first of the three nobles in India. The power and energy in India is unimaginable.”

“If they are concerned about them, I am afraid that they will not be able to leave India alive.”

Kane said solemnly.

Winnie also asked Xiang Mark again, is it really resolved?

Mark smiled and said, “If it’s not resolved, do you think I can come back intact?”

Mark’s words dispelled Winnie’s doubts.

“Better so.”

“I also hope that through this incident, you can learn a lesson.”

“People from humble backgrounds like you should be honest on weekdays.”

“A momentary impulse may bring you a momentary quickness.”

“But the consequences are not something that little people like you can afford.”

Winnie taught Mark in the tone of a life mentor.

Kane next to him nodded in agreement: “Mark, although my sister doesn’t speak well, what she says is the truth.”

“Anyway, we can still not cause trouble in the future, let’s not cause trouble.”

Kane is also persuading Mark.

Mark didn’t say anything, just smiled back.

At this time, in the hall, music began to sound.

Immediately afterwards, the emcee stepped onto the high platform.

“Guests and friends, thank you for coming from afar.”

“Let us witness a magnificent wedding on this holy day today.”

Chapter 3802

“No need to say much about today’s male protagonist. He is the most powerful man in our country, and he has been guarding the people of the Guo family all his life.”

“The king bestowed him with a title and granted him a fief.”

“Yes, he is our Yintian King.”

The emcee’s passionate voice sounded.

Under the stage, there was already thunderous applause.

Kane and Winnie applauded.

“Next, we will focus on introducing today’s heroine.”

“Since I have been engaged in wedding officiating until now, I have hosted nearly a thousand weddings.”

“However, I can say without exaggeration that today’s hostess is the most beautiful of all the brides I have ever seen.”

“There is a saying in Yan Xia, “Sinking fish and falling geese, closing the moon and embarrassing flowers.”

“I don’t think there are any good words in the world to describe her.”

“Okay, no more words.”

“Next, we invite our newcomer to make an official appearance!”

boom!

The emcee’s words fell, and in an instant, thousands of salutes roared in unison.

The melodious sound of music followed closely.

Roses are scattered all over the sky.

The tight hall, like a door to heaven, burst open.

Bright light poured down.

After that, everyone only saw a majestic man in a suit, holding a pair of pure white slender hands, stepping on a brand-new carpet, and slowly walking towards the petals of the sky.

For a time, the audience was boiling!

The women present all cast admiration and envy.

The man present cast a longing look at the richest and most powerful man in India in front of him.

Just like that, under the spotlight.

The two walked hand in hand and stepped into the highest part of the hall together.

At the same time, behind the stage, on the huge screen, some pictures kept flashing.

Naturally, there is a huge photo album of Yintian King Fentian and the bride herself.

“My God!”

“Is that the queen of King Yintian?”

“so beautiful!”

“It’s a city and a country!”

.....

“We India, when did such a beautiful girl emerge?”

The crowd boiled again.

Although the bride is still wearing a veil, the photos on the screen have already made it clear to the world that the queen of King Yintian is so stunning!

“Mark, look, it’s really beautiful!”

“My future wife of Kane, if she can match one-tenth of her beauty, she will have no regrets in this life!”

Kane also yelled at Mark excitedly.

However, he didn’t notice that Mark’s clenched hands and trembling body at this time!

“Yaoer!”

“How could it be Yao’er?”

“How could Yao’er marry him!”

Like crazy, Mark stared at the photos that flashed on the front screen.

My heart is full of tremors and disbelief!

Yes.

Isn’t this beautiful woman, Yue Yao, who left without saying goodbye and went south to India for revenge?

But, why, she became Fen Tian’s bride.

What happened these days?

“No, it seems a little strange.”

After a brief tremor, Mark seemed to have found something.

A pair of eyes fell on the graceful woman beside Fen Tian, and his eyes narrowed tightly.

“Congratulations to Yin Tianwang!”

“On behalf of the Hutton family, I wish Yin Tianwang a happy wedding!”

.....

“On this great day, the Western European royal family is here to congratulate you!”

.....

At this time, guests from all walks of life offered gifts and congratulations.

Feeling the respect from everyone, Fen Tian’s eyes were full of pride.

“Everyone, have a heart.”

Fen Tian waved his hand, and a proud voice echoed in the audience.

At this time, Fen Tian seemed to have reached the peak of his life.

Power, woman, status, power.

What a man wants in his life is nothing but the above.

Now, he has it all.

The power of the title, the beautiful wife.

At this point, his life is almost complete.

However, it was when Fen Tian accepted the worship of all the guests.

Whoosh whoosh~

Suddenly, several sounds of breaking through the air quietly exploded.

Among the crowd, only a few figures were seen, bursting out like arrows from a string.

These people, all dressed in long robes, have golden thunder patterns in their eyebrows. Once they appear, they will appear like a full moon, and will surround the burning sky!

“Fen Tian, you deceived your master and destroyed your ancestors and killed your fellow students!”

“Now, I have even imprisoned my new Celestial Master!”

“Today, on the orders of our ancestors, I am here to kill you, the villain, and clean up the door!!”

Chapter 3803

Sen Ran’s angry words echoed in all directions.

As soon as these people appeared, they squeezed the formula with their hands and chanted words in their mouths.

In the end, everyone only saw that things like ancient roulettes rose slowly from the front of these people.

Between the eyebrows, the golden thunder pattern seemed to resonate deeply with the ancient disc in front of him.

The lines on it seem to come alive.

The terrifying power of thunder, like blood, circulated wildly along those lines.

It’s like, rushing in the river, the surging river.

Until the last exit, pouring out!

Stab it!

For a time, there was a thunderbolt in the void here.

Perhaps the power of those thunders is not large, as small as a small snake.

However, one or two may be trivial.

But what about ten or a hundred?

Yes!

At this moment, in the eyes of everyone, they can only see that Yintian King Fentian, who was still in the limelight and enjoyed countless glory, has now been trapped in the sea of thunder, surrounded by all these electric snakes in front of him.

The endless power of thunder rushed towards Fentian frantically.

Looking at it from a distance, it seems to be biting and swallowing.

“quick!”

“It’s now!”

“Take the Celestial Master away!”

Suddenly, one of these people shouted immediately.

The bride who was originally beside Fen Tian was rescued by a black man.

Get away from here quickly and hide in a safe place.

“This this..”

“What happened?”

“Who are these people?”

The battle on the high platform ahead is about to break out.

However, the guests who attended the wedding banquet did not react until this time.

After all, it all happened so fast.

Everything is just in the blink of an eye.

One second, several people from unknown sources rushed forward and launched an attack on Fen Tian, and the next second, the bride was taken away.

This sudden change undoubtedly made everyone present horrified.

They dared not imagine that in this world, there were still people who came to make trouble for Fen Tian and smash Yin Tianwang’s place.

Moreover, it seemed that Fen Tian was really careless and followed their way.

“Sister...Sister, is King Yintian about to die?”

Kane looked at Fen Tian who was in deep siege in front of him, and couldn't help but ask Winnie beside him.

As the saying goes, two fists are hard to beat with four hands.

What's more, Fen Tian was beaten by surprise.

In this case, no matter how powerful this Yin Tianwang is, Kane felt that he would have to capsize in the gutter.

Winnie shook her head: "You think about Fen Tian too simply."

"If he really fell so easily, how could the country of India respect him as the king of heaven?"

"What is King Yin Tian?"

"That is, the king of this world!"

"Even if the sky of India falls, he can lift it up for you."

"Wait, brother, soon you will see, Lord Tianwang, you have a peerless demeanor!"

Different from the panic of everyone, at this time Winnie seemed a little excited and excited.

His eyes were full of fiery and admiration.

That feeling is like a little fan girl who is looking at her idol's demeanor.

A pious look, like a believer.

At this time, the power of thunder is still blessing.

Those mysterious people who suddenly appeared were like casting some kind of formation.

Everyone is activating the power of thunder on the disc in their hands in the same way.

The surging electric snake charged towards Fentian with the seemingly endless power of thunder.

"Burning the sky!"

"You deserve to die under the Razer Array created by your teacher!"

"If Teacher Quanxia knows, it's time to close your eyes."

Looking at Fen Tian who was trapped in the sea of thunder, the leading old man spoke in a deep voice.

The majestic words are as thick as a mountain.

Obviously, in their view, this raid plan was undoubtedly a success.

Not only did he successfully rescue the new Tianshi, but he also successfully used the Razer Array.

Chapter 3804

Next, they just need to wait, under the power of thunder, Fen Tian will die!

However, just when these Tianshi Daoists thought that everything was about to be done.

Fen Tian, who was trapped in the Thunder Snake Array, suddenly raised his head.

There was no sign of pain on his chiseled face.

Instead, he looked at the leading old man and smiled at him.

“Elder Brother, you are still the same as you were back then.”

“Like looking down on me.”

“Same self-righteousness.”

“To be honest, I still can’t figure it out, why did the teacher teach you the Thunder Master, but not me.”

“Maybe, it is estimated that the teacher is really old, his eyes are dim, and he has no eyes.”

While smiling, Fen Tian turned around and slowly approached these celestial masters.

Against everyone’s gaze, he faced the thousands of electric snakes.

At this time, Fen Tian was like a golden stone forged by thunder.

Fire burns, lightning strikes.

Nothing could stop him from moving forward.

On the contrary, it made him even more majestic.

Terrible coercion, like Wanren Mountain.

“This this...”

“How is this possible?”

“The Thunder Snake Array, why can’t he hurt him in the slightest?”

“Absolutely.. Impossible!”

The scene in front of them undoubtedly completely exceeded their expectations.

They never dreamed that the biggest trump card they were relying on would be ineffective against Fen Tian.

In this case, if you continue to consume it, you will undoubtedly die.

So, at a critical moment, the leading old man made a decisive decision: “Things have changed, take the little Tianshi and withdraw!”

After the order was given, these people immediately turned around and ran away frantically outside the hall with the bride they rescued.

Fen Tian didn’t chase, just stood on a high place with his hands behind his back, watching with a smile.

As if waiting for something.

really!

After a few breaths, only a bang was heard.

The gorgeous and snow-white holy wedding dress exploded in the eyes of everyone's panic.

At the same time, a short blade shot out like lightning.

puff!

The sharp blade entered the body, and a sword sealed the throat.

The nearest Tianshi Taoist looked at the woman in red in front of him with endless blank eyes.

Then, crashed down.

"you..."

"you..."

"Aren't you a little celestial master?"

This sudden change undoubtedly shocked all these Celestial Masters and Taoists.

"Congratulations, you got it."

The woman in red sneered, and then the sharp blade in her hand flew out again, drawing a strange arc in the air.

"hide!"

"Hurry up!"

The leading old man was shocked.

This time, he gave an early warning.

Therefore, the woman in red was not able to harvest life as smoothly as before.

The sharp blade just left bloodstains on their bodies.

Whoosh whoosh!

At this time, the Indian powerhouses who had been ambush outside the door also rushed in.

In the way of these celestial masters and Taoists.

In the trend of closing the door and hitting the dogs, these Tianshi Daoists were trapped in the hall.

The situation on the field took a turn for the worse.

The few people who originally surrounded Fen Tian were now trapped here by Fen Tian.

"Fentian, you despicable villain, are you planning to harm us?"

The leading old man finally realized something, and his old eyes looked at Fen Tian with red eyes.

The road ahead has been cut off.

Now they are undoubtedly just beasts trapped in traps, standing there back to back, watching the four directions with vigilance.

At a high place, Fen Tian stood with his hands behind his back.

Looking at the past with proud eyes, as if seeing a few dead corpses: "How can you catch all of you remnants without any means?"

"Hahaha..."

"Elder Brother, you are too naive."

"That old thing has never fought me, let alone you?"

"Bastard!" The Taoist Master Tianshi was full of eyes, scolding Fen Tian incessantly.

"What about the little celestial master?"

"What did you do to the little Tianshi?"

"Fentian, if you dare to touch her even a hair, I will not let you go even if I'm a ghost."

Facing the anger of these people, Fen Tian shook his head and smiled: "Did you know, many years ago, there was a peerless monster in the martial arts world."

"With the strength of one person, he almost penetrated Truman."

"At that time, the martial arts of the world were all overshadowed by his light."

"But in the end, that Shuzi didn't die under this king's plan!"

"I remember when he was dying, his followers threatened me like this."

"But what's the result?"

"After so many years, this Heavenly King is still proud of the world!"

"And that Shuzi has long since disappeared and was forgotten in the world."

"So, what is the retribution of ghosts and gods in the world?"

"Only those who are alive are the ultimate winners!"

"And this living person is me, Fen Tian!"

"One hundred years, one thousand years, all the masters of the heavens and the masters of Mark and Chu Fan have become a handful of white clay."

"And I burn the sky, still here, always here!"

"Hahaha..."

Chapter 3805

In the hall, everyone was terrified and silent.

Silence!

Only Fen Tian's wanton and proud voice echoed endlessly.

And those Celestial Masters and Daoists were even more deeply encircled and full of despair.

The deceased Tianshi Taoist had already drained his body with blood.

soaked this land.

In the big world, Fen Tian was the only one standing proudly with his hands behind his back.

His eyes were full of pride and power.

It was as if, at this time, he was the master who controlled the world, the king who could take life and death.

Actually, it's no wonder that Fen Tian is so arrogant!

After all, over the years, Fen Tian has offended countless people, and even more enemies.

But what is the result?

For decades and nearly a hundred years, all those who were his enemies have died. All his enemies were reduced to a puff of dust.

It is stronger than that Chu Tianfan, so what?

Let him be amazing and brilliant, let him be peerless.

But he still died in front of his Fentian!

Before the house, he slayed himself with a sword.

On that day, the fall of that man was the most fulfilling thing Fen Tian had done over the years.

He was forced to death, and he was number one on the list!

Although, the reason for Mark's fall back then was complicated.

But Fen Tian always proudly believed that in Mark's final outcome, his Fen Tian's credit should take up a large part.

After all, if it wasn't for his crazy rhythm that day, it is estimated that the global martial arts world would not have forced Mark to let him cut himself off.

When Fen Tian was enjoying his majesty and achievements, many guests in the audience all cast their respect and admiration for Yintian King Fen Tian.

Annie, in particular, is full of pride and pride.

"Brother, can you see, this is Lord Fentian!"

“His majesty, his height, is beyond what you and I can imagine!”

“Under his power, we can only look up from a distance and look at him reverently.”

Annie’s pretty face flushed, and she looked up at the man who was like a king in the world, with endless excitement and admiration in her heart.

She thought too much, it was herself who married Yintian King Fentian today.

Annie has always felt that in this world, the only men who can conquer her are stalwart men like Lord Fen Tian.

At a time when everyone was trembling with the majesty of Burning Heaven.

The voice that was like the judgment of the god of death also sounded slowly in Fen Tian’s mouth.

“Master, that’s it for now.”

“Let’s say a final goodbye to this world.”

“Junior brother, I will send you on your way.”

“As for the little junior sister that the teacher took in later, don’t worry, I will save her life and make her my queen.”

“Yes, to tell you the truth, I am really tempted by this little junior sister.”

“After you die, I will hold a grand wedding again.”

“When the time comes, the world’s martial arts tyrants will be widely invited.”

“Okay, that’s all for now.”

“Senior brother, please die!”

“After you die, there will be no one in this world who will be my enemy!”

Burning Tian let out a long drink.

The sound of utterance was like a rolling sound of burning sound, shaking the entire hall.

However, just when Fen Tian used the method of thunder and lightning, he angered these remnants of the Heavenly Master Dao.

Suddenly, a faint voice came out from the crowd below the stage.

“Fen Tian, don’t you think it’s too early to say this now?”

The voice was not loud, and the tone was low and calm.

However, in this silent hall, this sudden sound is undoubtedly particularly noticeable.

For a time, the audience panicked.

Countless pairs of eyes, as if they had negotiated, turned around in unison.

Everyone, without exception, all looked towards the place where the voice came from.

I saw there, a few young men and women sitting peacefully.

One person, blond and blue eyes, fair complexion.

Beside him are two young men.

One was thin, with a calm face.

The other one had a pale face.

Aiming at the eyes that came over, he shook his head and waved his hands again and again: "No...not us..."

Chapter 3806

"Really...it's not us..."

Kane was terrified.

The whole person can't wait to dig into the ground.

Just now, the two brothers and sisters were all focused on Fen Tian, and they didn't even notice who said it.

However, it is not their fault that they looked over.

Because that sound seemed to come from the direction where they were sitting.

"Um?"

"who is it?"

"who?"

"Since you're here, why don't you show up?"

Just when everyone was looking for the person who spoke, Fen Tian's eyes also came over.

Sen Ran's icy gaze swept across the audience below the stage.

The pair of cold lights are only like swords.

Wherever they looked, everyone shuddered and their bodies trembled unconsciously.

However, one second, two seconds after Fen Tian's words fell...

Even ten seconds passed.

In the crowd, no one stood up to admit it.

"Who... who?"

"To... Who the hell said that?"

At this time, everyone is also looking for it.

Sisters Kane and Anne also looked around.

Kane asked Mark even more: "Mark, did you hear it clearly, who called that just now?"

"I didn't notice it just now, but it feels like it's coming from the crowd on your side."

Kane asked while looking around.

However, when he looked beside Mark, he suddenly found that the man in front of him, who had always been calm and low-key, stood up from his seat at some point.

"I rely on!"

"You... what are you doing?"

"Sit down!" Kane urinated at the time.

Annie on the side was even more shocked and angry, cursing angrily.

"Are you crazy?"

"Do u wanna die!"

"Sit down soon?"

"Looking for death!"

Annie thinks like crazy, and can't wait to press Mark down immediately.

Anne's uncle, who was sitting in front of them, was equally ashen with fright.

"what happened?"

"Is he crazy?"

"You want to kill our family!"

"Hurry up and push him down!"

"Look what idiot you brought in!"

"Just like an idiot!"

"Don't kill us, don't you?"

Anne's uncle cursed with red eyes.

Annie and Kane were also in a hurry.

Especially Kane, almost crying.

I thought, Brother Mark, what are you doing?

What are you doing standing up!

Even if you want to go to the toilet, can't you wait for a while and then go?

When you are so sensitive, you stand up, you are courting death!

Annie's face flushed with anger.

I thought what an idiot this is.

Mindless? Isn't it?

Didn't you see that everyone was looking for the person who offended Yin Tianwang just now, did you stand up at this time and make it clear that people won't be mistaken for the Yin Tianwang you offended?

The heavenly king of a country is high above, how can you, an unknown junior country boy, offend you?

At this time, Annie could not wait to kill Mark's heart.

"Brother, listen to me, sit down quickly."

"You will die!"

Kane rushed over to hug Mark and told him to sit down quickly.

But Mark looked back at him and smiled lightly: "Don't worry, I won't die."

"In this world, the person who can kill me, Chu Tianfan, has not yet been born."

"Even if someone really wants to die, that's Burning Heaven!"

What?

"I rely on!"

"I'll go to Nima!"

"Are you insane?"

Anne was completely stupid at the time.

Tears flowed out of fear.

Kane was also shocked by Mark's ignorant words.

But at this time, Mark had broken free from Kane's shackles.

He turned around, raised his head, and looked forward.

He looked at the burning sky.

He lifted his steps, and he stepped up the steps.

Like a god who has returned from a bloodbath.

The people I return to the world, all the disobedient ministers, will all die!

Chapter 3807

“it’s me.”

Mark responded.

The low voice exploded like thunder at this moment.

brush brush...

All eyes of the audience were focused on him.

Sister Kane was even more frightened on the spot.

“madman!”

“This is a lunatic!”

“He’s a total lunatic!”

After hearing Mark’s words, Winnie was completely dumbfounded.

She was terrified and full of fear.

He cursed angrily in Mark’s direction.

She regrets it so much now.

Unexpectedly, this hot summer man turned out to be such a stunned young man.

If I had known, she was beaten to death at the time, and she didn’t bring this idiot in.

“You two idiots!”

“The family will be killed by you!”

Beside him, the uncles of Kane and Winnie were also pale with fright and broke out in cold sweat.

It is simply a disaster!

Originally, they came here today, except to celebrate the wedding of King Yin Tian, the rest was to discuss cooperation.

If their family wants to expand the market in India, they must find a backer.

As long as Fen Tian is taken down, their family’s business empire in India will undoubtedly rise from the ground.

But now, it’s all over.

It was because of his two nephews and nieces that he brought in a jerk who didn’t know how to live or die.

Now he has the heart to kick the siblings to death.

The family plan was ruined, once it was found out that Mark was brought in by them, it is estimated that even he himself would not be able to live without this King Yin Island.

Even they were like this, and Kane, who had the closest relationship with Mark, was already stunned.

The whole person was so frightened that tears flowed down the ground.

He still hadn't figured out what his brother Mark was thinking.

You say you are an unknown little person, what are you doing in this muddy water?

Aren't you hitting the stone with an egg and finding your own way?

It is estimated that if someone burns the sky, they can crush you with a finger.

At this time, everyone's eyes were on Mark.

Some were shocked by Mark's arrogance and boldness.

Some laughed at Mark's overreaching.

But more, it is pity and pity.

I just feel that today's wedding, I'm afraid there will be one more soul.

However, just when everyone thought that this Yanxia man was courting death beyond his own power.

On the high platform in front, Fen Tian, who was wearing a brand-new suit and a groom's dress, had already begun to change his expression.

Especially, when I saw that man stand up, and when I saw this thin man in front of me getting closer and closer.

Fen Tian's expression also had the initial majesty and domineering, and slowly turned into aghast and panic.

In the end, Fen Tian's eyes were almost smashed, and his pupils suddenly shrank.

He looked at the face in front of him that had once frightened him like a ghost.

"you you..."

"you you...."

Yin Tianwang was already stunned.

His trembling body pointed in Mark's direction, and his mouth let out a whimper almost like a rooster.

He opened his mouth wide and shouted for a long time, but he couldn't utter a word.

Moreover, he even doubted his own eyes at one point.

I felt that I was wrong, that I was hallucinating.

However, he rubbed his eyes countless times.

But, it's still that face, it's still that person.

Familiar, as if this person has never left this world.

Just like the vast ocean.

One thousand years, ten thousand years.

Let the storms, let the vicissitudes of life.

He is still here, and he will always be here.

Finally, Mark had arrived in front of Fen Tian.

He stood there, his indifferent eyes, just looking at Fen Tian in front of him.

What kind of look is that.

It's like the Nine Heavens True God looking down on the ants.

It's like, Wanren Mountain overlooks Cordyceps.

That kind of contempt and disdain, there is no need to deliberately, it just naturally radiates out.

Chapter 3808

The moment Fen Tian looked at him, he had already lost.

"What, Burning Heaven."

"It's only been two years this time. Could it be that you don't remember me anymore?"

"When old friends get together, we have to give a cup of joy to the bar."

Mark's faint laughter resounded throughout the hall.

For a time, everyone in the audience was silent.

Winnie and the others, who were originally frightened and scolded, were even more stunned there.

"Old... old friend?"

"Could it be that this... this country boy recognizes... Knows Lord Fen Tian?"

Winnie's eyes widened, feeling that things had gone beyond her imagination.

This arrogant hot summer man does not seem to be as unbearable and humble as they imagined.

"You...you are Chu...Chu Tianfan?"

After trembling for a long time, Brian Chuspit out three words from Fen Tian's mouth.

Mark didn't hide it, and nodded frankly: "It seems, Brother Fentian, still remember my old friend."

Mark smiled faintly, but that smile, in Fen Tian's eyes, was more terrifying than seeing evil ghosts.

He suddenly jumped back dozens of meters, and the wall behind him was smashed to pieces. Thinking of a mouse seeing a cat, he quickly distanced himself from Mark.

At the same time, he stared at him, shaking his head frantically:

“impossible!”

“This is impossible!”

“This is impossible!”

“You’re already dead.”

“You died two years ago.”

“The whole world has witnessed your downfall.”

“How could you possibly be alive?”

“This is impossible!”

“It’s a blindfold.”

“This must be a trick of the old dogs of Tianshidao.”

“Look at this king, it will smash you to pieces and reveal your true identity!”

Burning roared in horror.

Seeing Fen Tian’s complacent appearance, all the guests were dumbfounded.

It can make India’s No. 1 powerhouse so fearful and gaffe.

Everyone can’t imagine, who is this handsome man in front of him?

“Winnie, you...you friend, to...who are you?”

“He... is he really a country man?”

Winnie’s uncle changed his attitude of disgust and scolding towards Mark before, and turned into fear.

At this time, she was even more trembling and asked Winnie.

Winnie’s pretty face was also pale, and she shook her head blankly: “I...I don’t know either...”

They and Mark just met by chance.

Even, Winnie hadn’t said a few words to Mark, and she still didn’t want to see Mark.

Winnie naturally wouldn’t know Mark’s true identity.

Also confused are those Celestial Masters and Taoists.

I thought it was a dead end, but now, there seems to be a little turning point.

This mysterious man who suddenly appeared does not seem to be as simple as his age.

Stab it!

At this time, Fen Tian had completely exploded.

He opened his mouth to attract thunder and shouted thunder.

The 100-meter thunder pierced through the heavens and the earth like a thunder dragon, and charged down in Mark's direction.

"Whether I am a human or a ghost, I will die for this king!"

"Under this king's thunder, all ghosts and ghosts will turn into ashes!" Fen Tian roared angrily.

The deafening roar lifted the roof of the entire hall.

The fear in his heart was transformed into endless killing intent at this moment.

Whether the whole Mark is real or fake, he must die.

Fen Tian didn't want to experience the fear of being dominated by Mark.

"Friend, danger!"

"careful!"

Seeing the Celestial Master Lei Fa under Fen Tian's hands, a hundred meters of thunder appeared.

These celestial masters are undoubtedly trembling.

They shouted at Mark in horror and told him to dodge immediately.

However, Mark turned a deaf ear.

An Ran stood.

Like a rock in a swift river.

As the river rushes by, he will not move!

Until, with his thin body, he was severely hit by the thunder.

"It's over!" The Taoist Tianshi was suddenly desperate.

Winnie and the others were even more frightened.

Kane covered his eyes in horror.

I don't dare to look at my former friend, but now I've been split into tens of thousands of speed by the thunder.

However, just when everyone thought that Mark would definitely die.

Suddenly a dragon roar resounded through the sky.

The yin and yang dragon body exploded immediately.

Golden light lingers, and the dragon ascends to the sky.

Chu Tianfan, the master of the Dragon God Temple, resisted the thunder and never retreated!

“What... what?”

Chapter 3809

“This is the Dragon God Body!”

“Trumen’s supreme body refining martial arts, the Dragon God Body!!”

The corners of Yintian King Fentian’s eyes twitched, endless panic and tremors swept through his heart, and the beads in his eyes almost jumped out.

In my heart, a crazy thought flashed out.

Could it be that he is really Chu Tianfan.

Chu Tianfan, who was number one on the list back then?

Could it be that he really didn’t die?

Is he back again?

“Do not!”

“It won’t be him.”

“It can’t be him!”

“is fake.”

“all fake!”

Even now, Fen Tian still doesn’t want to believe that the person in front of him is the real Mark, the living Chu Tianfan.

However, how could Mark pay attention to Fen Tian’s feelings.

After the Dragon God’s body was fully fired, Mark threw a fist with his right hand, a giant fist as thick as a mountain, almost pulling the power of the entire world.

Then, he suddenly smashed towards where Fen Tian was.

Under Mark’s fist, the surrounding tens of thousands of thunderbolts, like glass, were instantly shattered.

Under the heavy punch, everyone saw that the space on this side was almost smashed.

The terrifying power shook countless people.

Fen Tian did not escape.

Instead, he chose to go head-to-head with Mark.

Under the thunder and lightning, Fen Tian mobilized all his strength and gathered on the palm of his fist.

In the battle of the rainforest that year, Fen Tian had his arm cut off.

During that time, Fen Tian's strength was greatly damaged.

But as the saying goes, do not break and do not stand.

The broken arm that year, on the contrary, allowed Fen Tian to create a one-armed boxing technique.

Thousands of power, pooled in one arm.

The power of this punch was actually stronger than the strongest power in Fen Tian's heyday.

"Even if you are really Brian Chualive, so what?"

"I'm burning the sky and traversing the wasteland, and I'm dominating South Asia."

"The pain of one arm back then turned this king into a butterfly!"

"Even if the real Brian Chuis alive, this king may not be afraid of him at all!"

"What's more, you impostor?"

Fen Tian's eyes were red, and his angry roar shattered the tables and chairs in the hall.

In the world-shattering battle between the two great powerhouses, the real trick has not yet been matched, but the entire hall is already in a mess.

Those who came close were thrown away.

The distance is farther, and it is like a mountain.

His face was pale, and he felt that all the blood in his body was almost squeezed out of his veins.

"run!"

"Run..."

At this time, I don't know who shouted.

These guests present finally realized that they already have the power of life.

As the saying goes, when gods fight, mortals suffer.

Like Mark and the others fighting at this level, staying near them is a strong master, and it is estimated that they will be hurt and injured.

As for ordinary people, it is estimated that they will be smashed to pieces!

For a time, the whole place was in chaos.

Kane and the others didn't care to be shocked by Mark's strength.

One by one, they all fled like ducks that were messed up.

Even those Heavenly Master Dao experts began to retreat into the distance.

Naturally, Mark and Fen Tian didn't care about the surrounding situation.

Facing Fen Tian's anger, Mark laughed coldly.

"Fen Tian, I haven't seen you for so many years, you are still so arrogant."

"It seems that the pain of the broken arm didn't teach you any lessons!"

"If that's the case, then let you see the true majesty of my Chu Tianfan!"

Mark's laughter sounded like a bell in the morning and a drum in the evening, resounding through the sky.

Kane and Winnie, they probably never dreamed that these words came from the country boy who was sitting next to them before.

That kind of domineering, that kind of majesty, that kind of contempt for all beings to rule the world.

This does not look like a poor boy.

It is the Lord of all beings, the king who stands at the top!

Once, Winnie thought that Mark was a frog in a well with little knowledge.

But now it seems that the real frog in the well is them.

After all, she and Kane underestimated the man.

No, not just their siblings.

And Noah, and even Noah's father.

All of them underestimated this man.

Chapter 3810

"Noah, let's go..."

Of course, Noah's father could no longer feel that he was blind.

His only thought now was to stay away from the battlefield between Mark and Fen Tian.

However, what made Noya's father a little crazy was that.

My jerk daughter seems to be blinded by emotions.

When the battle between the two sides was about to break out, the silly girl of Nuoya rushed to Mark desperately.

Perhaps, she was still afraid of Mark's death.

Or maybe she wanted to escape with Mark.

However, Nuoya's delicate body, rushing into the battle between the king and the king, seemed so fragile and insignificant.

Like a fallen leaf, caught in a violent storm.

Fallen leaves can't change anything, they can't stop the wind, and they can't stop the rain.

The only ending is to be torn apart by the endless wind and rain!

"Patriarch, it's too late, let's go!"

Noah's father also wanted to rush in and take his daughter away.

However, it was too late.

Yintian King Fentian's attack has already fallen.

The guards of the Vias family, in order to protect the safety of the family owner, directly and forcibly took away Noah's father.

"Bastard, let me go!"

"I'm going to save my daughter..."

Noah's father cried out angrily.

However, it was useless.

Being dragged by others, he could only helplessly and desperately look at his silly daughter and run into the storm ahead.

"Ya'er, you are confused..."

It was the mournful and mournful cry of this father.

In the storm, the man's tears were blown to pieces!

boom!

At the moment when Noah's father was taken away.

Mark shouted angrily, bursting the sky.

"Promise collapse!"

The roof of the hall had already been lifted.

The long Tianhe River outside was exposed.

And under the nine heavens, I saw a man standing proudly in the world.

The dragon roared, and the golden light surged.

After the sound of Wujibeng shouted.

Everyone only saw that thin figure, his feet shattering the ground, his body bent into a bow.

Infinite power spreads from the earth to the whole body.

Majestic strength, just as he roared, he slammed down with a punch.

boom!

fist bump.

That bang.

Shattered the void, cracked the earth.

The endlessly luxurious Heavenly King's Palace fell apart in an instant.

Reinforced concrete, gilded pillars, and glazed tiles all turned into gravel and blew all over the island.

Those who didn't have time to run far were directly shocked by the overflowing energy.

All the internal organs were shattered.

Blood poured like rain.

Who would have thought that the original day of King Yintian's great joy would be bloody and terrifying like the end.

"Who will win?!"

The Taoist Master Tianshi, as well as Fen Tian's disciples, hid in the distance, staring at the battle situation.

Everyone held their breath nervously.

After all, this collision between the two is not only about their victory or defeat, but also about their own life and death.

soon!

Dust disperses.

In the battle situation, the two stalwart and domineering figures were revealed.

The two fists are still touching each other!

It's like a bullfight with horns on each other.

Can't stand it!

"A draw?"

Seeing the scene in front of them, Tianshi Taoist and Fen Tian's apprentice were shocked.

"This young man, with such a terrifying strength, has even beaten Fen Tian?"

"When did such a character appear in this martial arts world?"

The Tianshi Daoist was completely shocked.

This vein of them has lived in seclusion in the mountains all the year-round, quenching the chain and thunder.

I never care about the affairs of the martial arts world.

They only know some of the old and powerful people who have been famous for a long time, and those young and powerful people, they naturally don't know.

Therefore, when they saw a man in his twenties or thirties blocking Fen Tian's attack, they naturally trembled.

"Ho ho ho?"

"tie?"

"You are delusional!"

"What kind of cultivation is my teacher? What kind of power?"

"How can this junior be my teacher's rival?"

"This first move, my teacher is just testing the truth and not doing his best."

"Next, my teacher's firepower is full, and this is the moment when Xiao Xiao's life is dead!"

The disciple of King Yin Tian laughed loudly.

With a proud and proud look, it seems that the victory is in hand!

Chapter 3811

Facing the pride of Fen Tian's disciples, the faces of those Celestial Masters and Taoists turned gloomy.

They had indeed experienced Fentian's ability.

He also knew that Yintian King Fen Tian was terrifying and powerful in today's global martial arts world.

And the young man in front of him maybe equally extraordinary.

But after all, they are too young, so even they don't dare to hold too optimistic hopes for them.

However, just when everyone thought it was a draw.

Mark, who was in the center of the deep battlefield, immediately raised an arc at the corner of his mouth.

"Um?"

"what happened?"

"That young man is laughing!"

Mark's reaction made everyone frown.

And the next moment.

bang bang bang bang~

Full nine-path energy quietly exploded on the body of Yintian King Fen Tian.

It's like nine high-explosive grenades.

In Fen Tian's body, it exploded one after another.

Fen Tian let out a scream, and his robe was instantly shattered.

And he himself, like a cannonball, was directly sent flying away.

Hundreds of pounds of body, with a strange arc in the air.

The blood was mixed with visceral fragments and vomited all over the floor.

Finally, there was another bang.

Everyone only saw that the king who supported the sky in the eyes of the Indian people fell to the ground in such an embarrassment.

Mouth full of blood pouring out, looking miserable like a waste dog.

All the previous majesty and dignity were shattered by Mark's punch.

Silence!

Deathly silence.

For a time, this world was silent.

Everyone was stunned.

The Taoist Tianshi widened his eyes, and the disciples of Fen Tian looked at the scene in disbelief.

One punch!

Just one punch!

Before that, who would have thought that this seemingly ordinary young man in front of him would directly blow up the number one powerhouse in South Asia, the patron saint of Martial Arts of India, Fen Tian with a single punch!

God!

What kind of monster is this?

The Taoist Tianshi trembled.

Fen Tian's disciple turned pale.

And Yin Tianwang fell to the ground, his breath was sluggish.

He tried his best to suppress the injury.

However, the violent energy in his tendons swept through his internal organs like a storm.

Let him have no power at all.

In the end, it was even more painful.

He coughed several times.

A few mouthfuls of turbid blood were spat out again.

“What’s up, Burning Heaven?”

“My move is boundless collapse, what is the effect?”

“You should be honored.”

“This boxing technique, since I mastered it, you are the first person to witness its power.”

Mark was condescending, looking down at Fen Tian under his feet like an ant.

Just like what Mark said, this trick is boundless collapse, which he practiced when he was in the extreme north, while recuperating.

In the two years that Mark was recovering from his injuries, apart from the boundless snow and ice in the extreme north, he couldn’t see anything at all.

The only life by his side was that man.

That is, physiologically, the man he should call his father.

In the most embarrassing moment of my life, I opened my eyes and found it. The one who stayed by his side was the one he hated the most.

No one could understand Mark’s mood at that time.

He would even rather die than let this man see his worst and weakest side.

But at that time, Mark, in fact, even death was an extravagant hope.

He could only passively accept the healing and healing that the man gave him.

During that time, the man kept talking to Mark on his own initiative.

He was like a talker, talking non-stop in Mark’s ear.

From astronomy to geography, from history to the future.

There was nothing left to tell, so I told Mark the story he made up.

But Mark never responded to him.

Not all the time!

But the man was not discouraged and continued to chat with Mark every day.

Later, he even told Mark about his martial arts experience and chain repair experience.

“The inspiration for this boxing technique, Wuji Beng, came from the mouth of that man

Chapter 3812

“Yun Daotianjue of our Chu family, you must have learned a lot.”

“This is the creation of our ancestor Yunyang ancestors.”

“If it is used in conjunction with Yun Daotian’s determination method, it can achieve the greatest power and effect.”

“Everyone thinks that Yun Daotian is definitely the strongest martial arts in the world.”

“However, you Laozi and I have been practicing martial arts for so many years, and I have found that there is no such thing as the strongest or the strongest in martial arts, only the most suitable.”

“So, you don’t have to take Yun Daotianjue so sacred.”

“Sometimes, you can adapt it appropriately according to your own understanding.”

“For example, Yun Dao Tian Jue’s second form, Lieshan Collapse.”

“And the sixth form, Wuji Jin.”

“One focuses on boxing, is fierce and domineering, and pays attention to instant explosions.”

“With Wuji Jin, it focuses more on the technique of exerting force. It is continuous, and the emphasis is on a stamina. One force is used, and nine forces are born.”

“Since that’s the case, have you ever thought about combining these two moves.”

“Using the power-generating technique of Wujijin, to cast Lie Shanbeng.”

“Maybe, one punch is better than nine punches?”

“You can really try it when you have time.”

“Is it possible that there will be a surprise?”

.....

This is the original words of the man at that time.

At that time, Mark’s resentment towards the man had not disappeared, so he naturally dismissed his words.

But later, as the two got along day and night, Mark’s resentment gradually became thinner.

Later, he has begun to listen to the words of the near man.

Therefore, I tried to combine these two tricks as the man said.

A more powerful martial art, Wuji Collapse, was born!

And, with a single punch, Fen Tian was crushed!

“Chu...Chu Tianfan...”

“You...you really didn’t die?”

“It seems, indeed... It is true that we are too naive.”

“At that time, you shouldn’t have given up searching for your body.”

“This...this world, after all...after all, still underestimates you.”

The matter has developed to this point, even Fen Tian has to accept that the person in front of him is Mark himself.

After all, at such an age, who can defeat himself with the power of crushing, other than the monster who dominated the heavenly list back then, who else could it be?

Yes, Fentian has realized it.

Brian Chuis not dead!

That devilish man, he’s back again.

At this time, Fen Tian was extremely remorseful.

That year, Mark committed suicide with a sword.

The body was then taken away by the mysterious man.

After everyone tried to find it for a while, but later, it was nothing.

Because, everyone took it for granted that Mark was pierced by thousands of arrows and could not survive.

Since he is already dead, what is the point of finding the body or not.

Even Fen Tian himself thought so.

However, it was this fluke mentality that made them miss the golden age of completely beheading Mark.

After all, at that time, even if Mark didn’t die, it was estimated that his life was at stake.

As long as Mark’s body is found, it is a dog, and it can kill him.

But the martial arts experts all over the world are negligent, take it for granted, and are naive.

“Also, a man who can sweep through the Truman in his early twenties, what miracle will not happen to him?”

“Chu Tianfan, I have to admit that you are indeed a very formidable opponent.”

“Being your enemy is probably the biggest mistake this king has ever made in his life.”

Fen Tian suddenly laughed, his eyes full of self-deprecation.

He no longer wondered why Mark didn't die.

It doesn't make sense.

What should be considered now is how to make up for this negligence and kill Mark again.

"Now saying this, do you want me to pity you and let you go?"

"Do you think it's possible?" Mark asked lightly.

"What if I let that woman go?"

"Use her life for mine?"

"If I expected it well, you're here for that woman too."

"Yes, I'm here for Yao'er." Mark nodded.

"Hahaha..."

"Hero, it's really sad about the Beauty Pass."

"It's even stronger than you, Chu Tianfan, but it's not because of a woman's heart."

"That's right, my little junior sister is born with a natural beauty and a beautiful figure. She has a delicate and intoxicating figure. She also has a fortune-telling medicine that even a titled grandmaster would be afraid of."

"For the sake of yourselves, you can marry your husband and teach your children, and add fragrance to your red sleeves."

"Besides, it can cure diseases and save people, and help you reach the top of martial arts."

"This kind of strange woman, looking at the world, it is estimated that Tang Yun of the Trumen, the moon god of Japan, can be compared with my junior sister, right?"

Fen Tian was not surprised by Mark's answer, on the contrary, he was happy to hear it.

Because the more Mark cared about Yueyao, the more likely he would survive.

Chapter 3813

"Use Yao'er's life for yours?"

Mark suddenly laughed.

That look of contempt, as if hearing the funniest joke in the world.

"Fentian, Fentian, don't you think that you think too highly of yourself?"

"Yao'er is as heavy as a mountain to me."

"Not to mention that you are a little Yin Tianwang, even if you add the whole country of India, it is not as good as the blue silk on Yao'er's forehead."

“If you want to change Yao’er’s life, I can only say that you are wishful thinking.”

Mark shook his head and said.

But Fen Tian couldn’t understand it.

“Shouldn’t you be making a lot of money then?”

“That woman is so important to you, and I am nothing to you. You trade a person who is useless to you for the one you love.”

“Don’t you think this is a lucrative business?”

Fen Tian leaned against the corner of the hall, the blood on the corner of his mouth stained his torn clothes.

This man, who was dying, actually still had the time to chat with Mark.

Mark chuckled: “You are right, if there is only one option, using you to exchange Yao’er’s life is indeed a huge profit.”

“But, do you really think that without you, I can’t find Yao’er?”

“Fentian, you don’t have to struggle anymore.”

“I’m here in India, one to take Yao’er away, and the other to kill you.”

“So, I will save Yao’er, and you will die too.”

“Actually, Fentian, between you and me, there is not much enmity between you and me.”

“In the rainforest battle, although you and I had grudges, it was nothing more than a conflict of interests caused by different positions. There is no right or wrong.”

“Besides, that time, you also paid the price of a broken arm.”

“Originally, after that, if you didn’t come to provoke me, I wouldn’t make a special trip to deal with an insignificant person like you.”

“But you shouldn’t have killed my king.”

Mark’s expression gradually became stern and terrifying.

The red eyes were full of murderous intent.

Mark will never forget the scene of that day.

The sunset that day was like blood, but the man named Long Baichuan fell outside his home country.

“He’s been with me for so many years.”

“He was already very successful.”

“He even just had a fiancée.”

“A few hours before he died, he was probably still thinking about the night of his bridal chamber, thinking about the beautiful woman who was waiting for him at home.”

“It was you, but you left him in that evening forever.”

“Until now, the fiancée I have no face to meet.”

“But soon.”

“As long as I kill you, I will carry your head and go to see his queen.”

“I will tell her that I have avenged your king.”

Mark spoke slowly.

The deep words contained endless heaviness and sternness.

When Mark said these words, those who survived obviously felt that the surrounding temperature dropped rapidly like crazy.

For a time, it made people feel like falling into an ice cellar!

At the same time, Mark’s footsteps lifted up, like a god of death descending, slowly approaching where Fen Tian was.

Fen Tian didn’t speak, his body was just leaning against the wall, his brows were furrowed, and his eyes were staring at Mark.

“Fentian, I’ll give you one last chance.”

“Tell me, where is Yao’er.”

“I explained, I can still give you a good time.”

“You should have heard that Chu Zhengliang, the head of the Chu family, is still sealed by me on the top of Chumen Mountain, and suffers from raging fire day and night.”

“If you want to try life rather than death, I can fulfill you.”

Mark was condescending, and the boundless energy condensed into a green light sword in his hand.

From a distance, it appears to be real.

But in fact, that is a scene that will only appear when the Yuan force is exposed to a certain extent. ,

However, no one doubts that although this is the true vitality sword condensed by Yuan Li, its sharpness is probably not inferior to any powerful sword in the world.

Chapter 3814

“*!”

“Don’t kill my teacher!”

He seemed to feel the strong killing intent from Mark.

Behind him, Fen Tian's disciples were eager to protect their teachers.

There were a lot of figures, like arrows from the string, all of them rushed towards Mark's location.

While roaring, they each used their unique moves to slash at Mark.

But Mark didn't even look at them.

The arm holding the sword swung suddenly!

Whoosh whoosh!

The Qingmang Qi sword instantly split into countless small swords.

Thousands of sword tides roared away.

Each handle pierces those people's bodies.

In this way, under the terrified eyes of everyone, these martial arts experts who were comparable to grandmasters, Fen Tian's proudest disciple, were pierced by Mark Wanjian.

They didn't even have time to scream.

has fallen to the ground.

Dark red blood flowed out from the hundreds of small holes.

Like countless springs.

hiss~

Those Tianshi Daoists were so frightened at the time that they gasped involuntarily and took a step back.

too strong!

Too cruel!

The way this son kills is comparable to that of a living devil.

After these people died, Mark's mood did not fluctuate at all.

He continued to look at Fen Tian under his feet, waiting for his choice.

"I... I said!"

"Don't... don't kill me first..."

"I'll tell you where the woman is."

"Give me a little more time, I'll think about it..."

Fen Tian was a little panicked and asked Mark not to kill him immediately and give him some time to think about it.

“wrong!”

“Senior, he is stalling for time.”

“Kill him!”

“He’s using the formation!”

....

Behind them, those Celestial Masters and Taoists realized something.

Immediately shouted in shock, reminding Mark to solve Fen Tian quickly.

However, it’s too late.

I saw Fen Tian burst out laughing, and his body suddenly rushed up.

In the void, an ancient golden roulette quietly appeared under Fen Tian’s feet.

“Hahaha...”

“Chu Tianfan, you are no match for me.”

“In this world, there is no one who is my Fentian’s opponent?”

Fen Tian raised his head and laughed.

At the same time, the golden roulette wheel under his feet spun wildly.

An invisible prohibition began to manifest on this small island.

“This...this is...”

“Thunderfire Dragon Slaying Formation?”

“Fentian, you shameless villain!”

“If you can’t beat others, just use these conspiracies.”

“Do you have the ability to go head-to-head with others?”

“Murdering with a formation, what a hero!”

Feeling the gradually violent energy of the surrounding world, the Taoist Tianshi was shocked.

The Thunder and Fire Dragon Slaying Formation is the most powerful and fierce formation of their Heavenly Master Dao.

The power is huge, and it has always existed as a large formation of protecting the sect.

However, in the past 100 years, the talents of Tianshi and Taoism have withered away, and no one has been able to construct this formation.

Moreover, the construction of this large array requires extremely huge resources and energy.

If you want to build a successful formation, you need not only the extremely high formation talent of the person who builds the formation but also huge financial resources and time.

Therefore, since modern times, this formation has also become a decoration of the Heavenly Master.

But they didn't expect that Fen Tian had successfully built this great formation on his King Yin Island!

"What is a villain? What is a hero?"

"Since ancient times, the king has been defeated!"

"The last laugh is the real king!"

"Only reckless idiots would think that war depends only on the brute force!"

"Chu Tianfan, I'm talking about you!"

"You have all the strength, but you don't know how to plan, so you can only go on a rampage and die."

"If you give your power to this king, and this king will make various plans, then in the battle of Chumen, it was not me, but Chumen who lost!"

"Of course, it's useless to tell you this now."

"This thunder and fire slaughtering dragon formation is a treasure that this king has collected all over the world as the cornerstone of energy. It took fifty years to build it successfully."

"Even if it is a titled master, it can also be split into flying ashes!"

"The Pacific Ocean did not become your burial place."

"As strong as Chu Yuan, I couldn't be your gravedigger."

"Looks like God's will!"

"God, let my Yinwang Island be your burial ground!"

"Let me burn the sky and become your gravedigger!"

"Hahaha.."

Fen Tian stood proudly in the void and laughed wantonly.

Afterward, his brows froze, and he stepped on the sky!

A long drink broke through the sky.

"Array, get up!!!"

Chapter 3815

boom!

The entire Yinwang Island began to tremble violently.

Like boiling water, it boils violently.

Countless strange roulettes floated out from under the earth as if they had been negotiated.

Immediately afterward, everyone saw that there were ancient and strange patterns emerging from these roulettes.

Then, the power of heaven and earth was activated.

In the nine days, those violent thunder powers, like being summoned, converged towards the bottom like crazy.

For a time, the entire Yinwang Island became a sea of thunder.

Above the countless roulettes, all thunder lights surged, and the violent power kept flashing.

However, these thunder powers did not spread everywhere but began to gradually converge.

In the end, nine fire dragons were formed.

Each one is a hundred feet high.

The scorching flame, with a violent and mighty aura, kept rising and becoming stronger.

Like an active volcano with tumbling magma, it will usher in the most violent eruption next!

“Hahaha..”

“Your death is here!”

“You should be proud of being able to die under the oldest formation of my Heavenly Master Dao.”

Fen Tian smiled proudly.

He is on the top of the Tianhe River, like a king looking down at all living beings, looking at a kind of antweed mustard on the Yinwang Island.

Although most of those thunder powers are gathered together, there are still subtle explosive powers cruising the entire island.

This power may be easily tolerated by a martial artist.

However, most of the people present were ordinary mortals.

Now that Mark is fighting against Fen Tian, the entire island is shrouded in formation.

Even if they wanted to escape, they had nowhere to escape, and they were all trapped in the formation at this time.

The power of thunder and lightning cruising in the air made them suffer.

Everyone was like an electric shock, lying on the ground, unable to keep their shadows.

“His Royal Highness Burning Heaven, save us...”

“I...we are your clan...”

Those clansmen of Burning Heaven also suffered terribly.

Lying on the ground, he kept moaning and screaming.

However, Fen Tian ignored them.

For him, any clan, any relatives, and friends, in his eyes, are all weak ants.

There is only one thought in his mind now, and that is to kill Mark.

“Ruined!”

“The thunder and fire dragon slaughter formation has been completed, and when those fire dragons are ready, it will be our death.”

The Taoist Tianshi, who was in the formation, suddenly showed a look of despair.

Although they are also the first time to see this formation.

However, after all, it is an ancient secret technique of Tianshi Dao.

They have seen the description of this formation from the sect classics.

“This formation does not have any weaknesses?”

Mark also wrinkled.

He had to admit that Tianshi Dao was indeed an ancient sect.

The power of the formation in front of him is still not comparable to those recorded in the Yundao Heavenly Book.

But you must know that in the Yundao Heavenly Book, all the laws of heaven and man are recorded.

In other words, it is magic.

It is the magic used by the immortals!

That is to say, although the thunder and fire slaughtering dragon formation in front of you is not comparable to the method of heaven and man, its power has reached the pinnacle of human power!

Even Mark had a few dignified expressions on his face.

“No wonder this old dog chose this Yinwang Island for his wedding.”

“So, are you waiting here?”

Mark frowned.

Before, Mark was still wondering why Fen Tian chose to hold the wedding in his exclusive fief, and he also invited people from all walks of life.

Isn't he afraid of attracting enemies and taking over his old nest?

In the martial arts world, such exclusive territories are generally unknown to outsiders.

After all, once the old nest is exposed, it is very likely that the enemy will come to the door and take it away.

But now, Mark undoubtedly understood Fen Tian's plan.

He is attracting the enemy's family so that he can take the other party in one pot.

Perhaps, in Fen Tian's plan, he didn't think about starting this thunder and fire dragon slaughter formation.

Chapter 3816

But the appearance of Mark forced him to use the strongest trump card.

Under the fear, Mark couldn't help but ask the Taoist Tianshi not far away.

Since they belong to the same sect, they naturally understand this formation.

As the saying goes, know yourself and the enemy, and you will win a hundred battles.

If he can know the principle of this formation, perhaps Mark can easily break through.

"It's useless."

"This formation has nine formation bases, which together constitute the source of power for this formation."

"Fentian has been operating on Yinwang Island for decades."

"After so many years, these formation bases have already absorbed and stored the extremely terrifying power of thunder."

"Thunder is the power of heaven!"

"No one can stop the power of thunder."

The Taoist Tianshi was pale and shook his head, his eyes full of despair.

"So, just destroy the nine formation bases."

"Without the source of energy, the formation will naturally be broken without attacking."

"Then you know, where are the nine formation bases?"

Mark asked them again.

The leading Taoist Tianshi nodded: "Knowing is knowing."

"Why don't you tell me soon?"

Those Tianshi Daoists still shook their heads: "It's useless, senior."

“Even if we know where they are, you still can’t destroy them.”

“Because those formation bases are outside the formation.”

“If you want to destroy it, you have to rush out of the range of the formation.”

“But, we can’t get out at all.”

“Once you touch the edge of the formation, you will be attacked frantically by the nine fire dragons.”

“Blessed by the power of thunder and fire, any life will be instantly vaporized.”

“We have no chance.”

These celestial masters have given up.

They raised their heads and looked at the nine fire dragons hovering in the air.

Their power is still growing.

When their strength climbs to the limit, they will start to attack.

And now, just the last calm before the storm.

But in the midst of everyone’s despair, Mark suddenly raised his head, looking at the top of the formation, nine circling fire dragons, his red lips lightly opened: “Go out if you can’t rush, give it a try, no. Do you know?”

When the words fell, Mark stepped on the ground and stomped his feet suddenly.

“Senior, don’t!”

At that time, when a group of celestial masters and Taoists saw this, they were undoubtedly shocked instantly.

The old men were so frightened that their eyes almost popped out.

They exclaimed and stopped immediately.

“Senior, come back!”

“You’re going to die...”

However, let them cry.

Mark’s body soared to the sky, but there was no delay.

It was like a divine sword that vowed to cut through all barriers.

“Senior, you are confused...”

Seeing that everything is irreparable.

Those Celestial Masters and Daoists undoubtedly covered their faces and sighed.

In the words, there is endless regret.

At this time, everyone's eyes were drawn by Mark's actions.

Outside of the formation, Fen Tian's eyes suddenly narrowed.

"Want to break through my Thunder Fire Dragon Slaying Formation?"

"You are delusional!"

Fen Tian grinned and then controlled the nine fire dragons to sweep away in front of Mark.

"Dragon is coming!"

"Death to me!"

bang bang bang bang...

Just when Mark just touched the edge of the formation.

The nine fire dragons seemed to open the floodgates, and the terrifying power gathered into pillars of power, and they slashed Mark in the face with the might of thunder.

The first!

Second course...

A full nine fire dragons smashed into Mark's body at almost the same time.

In the first few sessions, Mark relied on the Dragon God body and resisted alone.

However, when the fifth, sixth, and seventh paths fell, Mark had a dragon body, and he couldn't stop it.

His forward momentum stopped immediately!

Until the eighth fire dragon fell, under the Tianhe River, the thin body was smashed down like a cannonball.

The earth trembled and the boulders shattered.

At the very center of the formation, a huge pit was directly smashed out!

Chapter 3817

Dust rose into the sky.

The whole island, they are shaking violently.

"senior!"

Seeing Mark being split from the sky by the nine fire dragons.

Tianshi Daoist's eyes were red at that time!

"Senior, you are confused..."

"I've already said that the power of thunder is the power of heaven, and it's not something that can be resisted by human beings at all?"

The Tianshi Taoist was full of regret and pity.

The senior in front of him, so young, is capable of resisting Burning Heaven.

During the holiday, its power is bound to shock the entire martial arts world.

But now, it has fallen here.

These people are naturally pity.

This is undoubtedly a huge loss for the entire martial arts world.

Yes, in the eyes of these Celestial Masters, Mark was caught between the eyebrows by the nine fire dragons.

This level of attack, even Fen Tian himself could not stop it, and under the thunder of nine thunders, he would definitely die.

Even if Mark's strength is above Fen Tian, in their opinion, if he suffers such a heavy blow, even if he doesn't die, he will be seriously injured and dying.

"Hahaha.."

"Chu Tianfan, how is it?"

"I have worked hard to manage this Yinwang Island for fifty years."

"This thunder and fire dragon slaughtering formation has absorbed the power of heaven and earth for fifty years here."

"Even a strong person in the divine realm can hold him for half a column of incense!"

"How is it that you, the abandoned son of the Chu family, can breakthrough?"

Burning Tian's laughter echoed for a long time.

In the words, the color of wanton and arrogance lingers.

"Chu Tianfan, ah, Chu Tianfan."

"Your biggest flaw is that you are too arrogant."

"You take yourself too high and others too small."

"Yes, I admit that my Fentian strength is not as good as yours, my talent is not as good as yours, and my strength is not as good as yours."

"Fighting alone, I really can't beat you."

"However, you have forgotten that Yinwang Island is my domain!"

"In the realm of my burning sky, who can fight against me?"

"Anyone who provokes the majesty of this king will be burned to ashes!"

Thunder rolls.

Fen Tian's words resounded in all directions like a torrent of thunder.

At this time, like a victor, he read out his declaration of victory.

Then, he opened his arms and pressed down suddenly.

At that moment, everyone could only see that the last fire dragon, under the traction of Fen Tian, roared and swept away toward the ruins where Mark fell!

"Chu Tianfan, die for me!"

boom!

In the anger, followed by the explosion of a lifetime.

The violent power exploded in an instant.

The scorching heatwave swept wildly from the explosion.

The power of thunder runs through almost everything.

With the high temperature, even the mountains, rocks, and vegetation were almost vaporized.

That area seems to have become a vacuum.

As far as the eye can see, there is only a dark, bottomless ravine extending deep into the ground.

"It's over!"

"It's over..."

"This time, not even the scum is left..."

The Taoist Tianshi was full of hesitation, and finally, his body softened and he slumped on the ground weakly.

The rest of the surviving people also watched this scene in horror.

No one thought that Mark could still survive.

With the level of attack just now, everything would be shattered in an instant, and then vaporized by the high heat.

Too cruel!

Not even a corpse was left for Mark.

The terrifyingness of King Yin Tian undoubtedly shocked everyone.

"call..."

"Suck..."

The world returns to silence.

The sand has fallen and the wind has subsided.

This world is silent.

Only Fen Tian stood there, panting violently.

After a short rest, Fen Tian suddenly laughed.

“Hahaha...”

“Hahahahahaha...”

“I won.”

“I killed Chu Tianfan!”

“I killed Chu Tianfan, who is number one on the list...”

“Hahahahaha...”

“Laughing at the end, it’s still me burning the sky!”

Burning Tian laughed wildly.

The whole person is insane.

He looked up to the sky and laughed, frantically venting his inner emotions.

All the previous fears, consternations, tremors...

At this moment, no doubt all vented out.

Chapter 3818

It’s like a lost pedestrian in the desert who finally found an oasis after going through untold hardships.

Yes, no one could feel the excitement and excitement in Fen Tian’s heart at this time.

Although it has only been an hour since Mark appeared.

But in this hour, Fen Tian’s psychological pressure was undoubtedly enormous.

It’s like tossing between life and death.

But now, after Brian Chuwas killed by him, the tight string in his heart undoubtedly relaxed.

“Heaven...His Royal Highness, the formation is about to close...”

“Let us go.”

At this time, in the formation, there were almost begging-like calls from the people of the Burning Heaven Clan.

Although Mark is gone, the formation is still there at this time.

The power of thunder that is free in it makes those people feel unbearable pain.

Those who knew King Yin Tian asked Fen Tian to accept the formation.

Fen Tian lowered his head and looked down.

On the island of King Yin, there are many scars.

Those who survived, like ants, lay on the ground.

Fen Tian looked at them indifferently.

The empty arm swayed in the wind.

Feeling Fen Tian's gaze, these surviving people suddenly felt hope.

As long as Fentian accepts the formation, then they can go out alive.

However, just as everyone was eagerly waiting for Fen Tian's pardon for them, Fen Tian sneered.

"Since you're here, then stay here and be some nourishment."

What?

Fen Tian's words made everyone tremble.

Those Celestial Masters and Daoists had their eyeballs almost popping out.

Fen Tian is going to kill all of them!

"You bastard!"

Tianshi Daoist cursed in anger.

"do not want..."

"His Royal Highness, I am your clan..."

Countless people wept bitterly, begging in despair.

But, useless.

Like a peerless powerhouse standing at the height of Fentian, this commonplace, in their eyes, is not much different from stepping on an ant to death.

Just like that, he waved his hand.

Under the formation, the nine fire dragons appeared again.

Although, the attack just now used up part of the energy of the formation.

But the remaining energy, destroying these mortal ants, is undoubtedly easy.

"Do not!"

....

On Yinwang Island, countless people roared in despair.

The Taoist Tianshi also watched in horror as the fire dragon fell, desperately waiting for death.

However, at this critical moment.

Yinwang Island began to tremble.

From the depths of the ground, a faint voice could be heard.

“Um?”

“what happened?”

“Could it be that there is another submarine earthquake?” Fen Tian frowned immediately.

But at this time, the voice has become louder and louder.

From far to near.

In the end, Fen Tian suddenly heard it clearly.

Not earthquakes, but people.

Someone is talking!

“Clouds and Heavens”

“The first move, Yunyang kick!”

What?

After hearing these very familiar words, Fen Tian’s body trembled and his old eyes suddenly burst.

The whole person looked at the dark ravine below in disbelief.

And the next moment, a golden light was already rising into the sky.

The dragon pattern is surging all over the body, and the golden light is vertical and horizontal.

Beneath the Tianhe, that thin body was like a divine sword that pierced through the sky.

After soaring to the ground, he directly kicked the fire dragon in the formation with the might of thunder!

boom!

No block at all.

The hundred-zhang-long fire dragon was immediately kicked out.

The scorching power exploded, but the figure remained unabated.

Yunyang Shen kicked, and then kicked the second fire dragon.

It exploded in an instant!

“Second Form, Lieshan Collapse!”

In the sandstorm, Mark’s faint voice sounded again.

A fist shadow as thick as a mountain appeared immediately.

A punch that covered the sky suddenly smashed out.

The three fire dragons were smashed by Mark with one punch!

“The third style, the seal of the sky!”

There was no stagnation. After the two moves were released in a row, Yun Daotianjue’s third style appeared in the world.

This time, Mark stretched out his palms, stepped on the Tianhe River, and captured the dragon with both hands!

Sixth, seventh, eighth...

Another three fire dragons were crushed by Mark’s hands!

Chapter 3819

Between the thunder and fire, that thin figure was only like the Nine Heavens Demon God.

The feet shatter the starry sky, and the palms split the Tianhe.

“This...this...how is this possible?”

Fen Tian, who was still conscious of winning, was almost crazy after seeing this scene in front of him.

His eyes were staring, and his eyeballs almost jumped out of his sockets.

Those heavenly masters are even more trembling.

“Live... live...”

“That senior, he...he’s still alive...”

In addition to the surprise, these Celestial Master Taoists are also full of shock.

Obviously, none of them thought of it.

This young man is so strong?

In a desperate situation, he can even turn the tide against the trend.

Yes, in this short time of counting interest, who would have expected it.

Mark, who had been hit by the thunder before, rose into the sky again.

With the autumn wind sweeping the fallen leaves, it swept across the four directions.

One punch, one foot, one palm

In just three strokes, the fire dragon formed by the power of the eight thunderbolts was destroyed.

For a time, in the entire formation, only the last fire dragon remained.

“This... Who is this person in the martial arts world?”

Mark’s power and terrifying power undoubtedly made these celestial masters tremble insane.

Mark naturally ignored the gazes of the people around him.

After destroying the eight fire dragons, Mark had already set his sights on the last fire dragon.

I have to say that this thunder and fire dragon slaughtering formation is really powerful.

Under the attack of the nine fire dragons just now, almost all of Mark’s dragon body was pierced.

The majestic power of thunder swept in.

If it wasn’t for the strength of the Yun Daotian Jue Cultivation Technique to block the power of the thunder that entered the body, I am afraid that Mark would have suffered a lot of internal injuries from the previous blow.

But unfortunately, Fen Tian still underestimated Mark.

There is the protection of the Dragon God body outside, and the Yundao Tianjue exercise method works inside.

Unless these nine fire dragons are united and condensed, they will not be able to beat Mark at all.

The reason why he hid under the ground just now was to pretend to be killed.

Just want to deceive Burning Heaven.

After all, Fen Tian activated this formation in order to strangle himself.

As long as he cheated to death, Fen Tian would naturally accept the formation.

You must know that on this small island, there are still many Fentian clansmen.

However, Mark was still naive after all.

He never expected that Fen Tian had no intention of dispersing the formation at all.

Instead, he directly wanted to strangle everyone under the formation.

Since the plan fails, then choose to forcibly break the formation.

Mark never believed that there would be a powerful and indestructible formation in this world.

If there is, it’s just that your strength is not enough.

“Fourth Form, Scarlet Flame Finger!”

In the storm, Mark’s majestic anger resounded again.

Under the foreshadowing of the first three styles, Mark's fourth style has not yet appeared, and it already contains great power.

The surrounding world began to darken.

Thousands of miles of wind and clouds rolled wildly, and the waves of hundreds of feet were surging into the sky.

The terrifying power of heaven and earth, like being summoned, began to condense and rise between Mark's fingers.

Everyone saw that the color of the void in front of Mark changed from white to blue... until the last, red!

"Well... what a terrible power..."

"This... what kind of move is this?"

The group of celestial masters were completely stunned.

Before, they thought that Mark's punch with nine strengths in defeating Fen Tian was his strongest trump card.

But it now appears that they were wrong.

Big mistake!

In front of this young man, his power seems to be endless.

Every time, when they are desperate, there will always be a more powerful force.

call!

The wind was still blowing.

That energy that was almost destroying the sky and the earth, even through the formation, still made Fen Tian feel astonished.

"damn it!"

"Why is this Chu Tianfan's power so strong?"

"The dragon slaughtering formation that I have built for fifty years can't slaughter him?"
