

## AFTER MARRIAGE 101

### Chapter 101: Xu Youyou, Do You Want My First Kiss?

“Xu Youyou, do you want my first kiss?”

“Huh?”

Xu Youyou was puzzled; she did not understand Mo Shenbai’s meaning.

Mo Shenbai held her chin and lowered his head before he pressed his lips against her soft pink lips.

“...”

Xu Youyou’s eyes widened. Her mind went blank, and buzzing noise rang in her ears persistently. She was completely dumbstruck.

Mo Shenbai closed his eyes. He seemed to be dissatisfied with her lack of response and deliberately deepened the kiss.

When Xu Youyou regained her senses, she closed her eyes as well and responded to him tentatively.

Their breaths intertwined as their lips moved against each other. At this moment, it felt like electric current was coursing through their veins. It felt as though their hearts were connected.

Xu Youyou felt an indescribable sweetness overflowing from her heart.

After an unknown amount of time had passed, Mo Shenbai pulled away reluctantly. His fingers gently stroked Xu Youyou’s seductive red lips as he said in a raspy voice, “Remember. This is our first kiss.”

Xu Youyou’s face was flushed red. She slowly opened her bright eyes. She looked shy and was breathing heavily.

Mo Shenbai gently stroked her flushed cheeks as the corners of his lips curled up. ‘Forget it, I don’t want to tease her anymore. There’s no need for her to pursue me... I should also forget the person she fell in love with first isn’t me... ‘

.....

Xu Youyou lay in Mo Shenbai’s embrace. She felt dizzy as she replayed the earlier kiss, causing her heart to thump loudly again. After a moment, she said before she burped, “You... Does this mean you agree to let me pursue you?”

Xu Youyou covered her mouth in embarrassment after she burped.

Mo Shenbai was briefly startled. When he recovered his senses, he laughed.

Xu Youyou could not see his expression since she was nestled in his arms. She thought he was mocking her so she began to struggle to raise her head. Her eyes were hazy as she was about to call him a hooligan.

Before she could say anything, he lowered his head and planted a kiss on the side of her face before saying, “There’s no need to pursue me. I’m... already yours...”

Xu Youyou was stunned by his intimate action so his words did not register in her mind.

Mo Shenbai continued to say, "Youyou, I like you too. Before you liked me, I've already liked you."

Xu Youyou finally reacted. Her expression was one of confusion and disbelief as she asked, "You... You like me too?"

Xu Youyou burped again.

'Help! I can't stop burping!'

Perhaps, her appearance was too cute, Mo Shenbai could not help but kiss her forehead and said, "Yes."

'I like you far more than you can imagine...'

Xu Youyou burped before she murmured, 'Then... Then, this means that we can be together...'

Xu Youyou was so shocked that she no longer found it embarrassing to burp so openly.

Mo Shenbai smiled and said, "Yes..."

'We've been together for a long time...'

To Mo Shenbai, the day he confirmed his feelings for her, they were already together.

Xu Youyou lowered her head and smiled. Then, she raised her head and smiled at him brightly as she said, "We're together! Mo Shenbai and I are together..."

Xu Youyou burped again.

Mo Shenbai pinched her cheeks softly and asked, "Are you very happy?"

Xu Youyou nodded with a joyful expression on her face as she burped again.

"Do you want to be happier?"

Xu Youyou nodded without hesitation.

Mo Shenbai held her face with two hands and lowered his head to kiss her again.

The woody fragrance from Mo Shenbai enchanted and completely mesmerized Xu Youyou.
