

After Rebirth, Mrs. He Dotes On Her Husband chapter 11

Chapter 11: You Stay Away From Me

The moment Chen Wei'er's words fell, He Xun's mind flashed with the appearance of several girls in his dream. In his dream, she had also grabbed the corner of his clothes and called him hubby softly from behind. Her tone was entirely the same as now.

He Xun had the desire to reach out and hug her, but the moment he raised his hand, he put it down. He warned himself that she was not the Chen Wei'er in his dream!

Chen Wei'er saw that he didn't respond and thought that He Xun was angry. She shook the corner of his clothes and said, "She was the one who disrespected her second sister-in-law first, so I hit her. Hubby, don't be angry..."

He Xun squeezed out a "yeah" from his throat.

His voice was hoarse, but Chen Wei'er didn't notice it. She raised her small face and smiled like a flower, "I'll take it that you've agreed. You won't be angry with me!"

He Xun truly wanted Chen Wei'er to rub his head, just like the two of them in his dream. "Hubby will never be angry with Wei'er!" However, He Xun still held back. He shifted his gaze elsewhere and nodded coldly.

Chen Wei'er was happy. She stretched out her hand in front of He Xun and said in a tender voice, "Hubby, let's hold hands, okay?"

She was betting that He Xun still had feelings for her. Otherwise, there was no other way to explain the watch on his wrist when she saw him for the last time in her previous life, as well as what Bi Xinduo said today about He Xun taking the initiative to look for her mother.

He Xun stared at her fair and tender hand and closed his eyes in pain. He couldn't tell if this was a dream or reality. In the past few years, he would dream of Chen Wei'er every night. In his dreams, Chen Wei'er would be soft and coquettish to him, holding his hand and not letting go. In the end, when he woke up from the dream, he saw an icy Chen Wei'er who loathed him! The sweetness in the dream was real, and the disgust outside the dream was also real. Under such great suffering, He Xun had to use all his strength to not be affected by the dream and treat Chen Wei'er as a stranger, but what was she doing now? Since she had no feelings for him, why did she have to test again and again?

Chen Wei'er's hand froze in mid-air. After seeing that He Xun didn't respond for a long time, she awkwardly retracted her hand and secretly looked up at him. However, she saw He Xun with his eyes closed and a pained expression on his face.

"What's wrong with you? Did you get a heat stroke?" Chen Wei'er was startled by his appearance. She wanted to reach out to touch his face, but He Xun slapped her away.

'Crack' In an instant, a red mark appeared on the back of her snow-white hand.

Chen Wei'er raised her eyes. He Xun had already opened his eyes, but his eyes were full of darkness. "Stay away from me!"

After saying that, he turned around and left. His back didn't have the slightest trace, leaving Chen Wei'er in a daze for a long time.

On the third floor, Luo Xinrui saw everything and smiled proudly. She knew it, how could He Xun like this b*tch Chen Wei'er? Chen Wei'er's words were all fake. In fact, Brother He Xun hated her. The more Luo Xinrui thought about it, the more excited she became. She had already thought of the moment when Chen Wei'er was kicked out of the He family. She immediately took out her phone and sent a message to He Yeli: [Yeli, you're uncle's most beloved little princess. If he knows that you were beaten up, he will surely not let Chen Wei'er leave off!]

When Chen Wei'er returned to the hall, it was already a mess. It was not as lively as before. When the crowd saw her, they shortly made way for her. She did not know why. She saw He Xun standing in the center of the crowd. He had his hands in his pockets, his eyes were sharp, and his thin lips were tightly shut. He was noticeably impatient. He Song and Bi Xinduo were standing beside him. Bi Xinduo seemed to be anxiously explaining something.

He Yeli was crying unconsciously in He Qiu Shan's arms, but she didn't forget to manipulate Chen Wei'er's crime, "She not only pushed me but also hit me and scolded me. If I didn't run away fast enough, I don't know what would have happened to me. Dad, that woman truly bullied me in our house!"

Chen Wei'er understood. She was the party involved.

He Qiu Shan's face was filled with heartache as he hugged his little daughter, "Yeli, don't cry anymore. Who dares to bully you in the He family?"

"Dad, every story has two sides. You can't just listen to He Yeli, right?" He Xun raised his eyes and saw Chen Wei'er. He raised his hand and called her to his side. His tone was neither fast nor slow.

He Qiu Shan was furious. "Chen Wei'er indeed dared to attack Yeli. What other reasons do you have?"

“Dad, you can’t blame Wei’er for this. It’s all because of me. Wei’er just couldn’t stand it and pushed her.” Bi Xinduo had said this many times, but He Qiu Shan did not seem to hear her at all. Luo Qionglan was also crying at the side, not saying a word to pressure He Qiu Shan.

“I was the one who did it. It has nothing to do with Second Sister-in-law,” Chen Wei’er snorted coldly.
