

After Rebirth, Mrs. He Dotes On Her Husband chapter 15

Chapter 15: Sexual Dysfunction

“Wei’er, Wei’er...” He Xun buried his head in her neck and nudged her back and forth, muttering, “I miss you so much... Wei’er...”

The softness under his body was completely the same as the touch in his dream. He Xun’s mind was filled with the soft voice of Chen Wei’er calling him hubby in his dream.

“Why are you so bad to me? Why do you hate me...” He Xun bit her collarbone, and sharp pain spread throughout Chen Wei’er’s body. It was so painful that Chen Wei’er almost cried. She pulled on his hair, wanting to pull this bastard down.

He Xun, this dog man, moved around her body, his teeth biting the soft flesh on her neck. He mumbled, “Wei’er, the baby is asleep... We can do it now...”

Chen Wei’er was dumbfounded.

What baby? Can do what?

Although Chen Wei’er wanted to have a negative distance contact with He Xun, it wasn’t in this kind of unconscious situation! Chen Wei’er used all her strength to pinch He Xun’s arm.

“Hey!” He Xun’s arm was bleeding from the pinch. He raised his head in pain. His eyes were still filled with surging lust.

When Chen Wei’er saw this, she raised her head and kicked him down.

He Xun fell to the ground. His shirt was wide open, revealing his well-built figure. His arm was bleeding, and he looked extremely disheveled.

For a moment, the room fell silent, and their heavy breathing was amplified. Gradually, He Xun realized what he had done. He clenched his fists so tightly that his fingers turned white. He stood up and said in a hoarse voice, “I’m sorry.”

“You go take a shower. I’ll go find the source of the incense,” Chen Wei’er sighed.

“Yes.” The man turned around and stumbled into the bathroom.

This was the first time Chen Wei’er had seen He Xun’s flustered footsteps.

Soon, the sound of water could be heard from the bathroom.

He Xun stood under the water column and let the cold water pour onto him. He rubbed his fingers. He could still feel the touch he had just left on them. He couldn't help but feel irritated. It had been a long time since he had felt this way. The immune system he had built for Chen Wei'er had also been easily broken by her.

At this moment, in the room...

Chen Wei'er searched for a long time and finally found the burning incense under the bed. She sneered. Luo Xinrui was also a lady from a big family, but in the end, she only knew such underhanded means. She used incense to seduce men and was even rejected?

At the thought of this, Chen Wei'er admired He Xun a little. Even with the addition of knockout drugs and a delicate female body in his arms, it was still useless? This self-control was not just strong!

Suddenly, a thought flashed through her mind. Chen Wei'er was stunned. If Luo Xinrui's seduction didn't work, could He Xun have a problem with his body? After all, he didn't do anything to her just now...

Chen Wei'er was a little flustered. Her husband wouldn't have sexual dysfunction, right? However, thinking about it this way, many things could be explained. For example, Bi Xinduo said that her mother did not agree to the marriage alliance with the He family in the first place, and it was He Xun who took the initiative to get her. However, under normal circumstances, the He family had the ability to find a family of equal social status. Why did they choose the daughter of a small company? It was all because he was easy to control. Even if she found out about He Xun's problem, she had to consider her mother's company and could only accept it.

Also, ever since they got married, He Xun had only expressed his thoughts on their wedding night. After she rejected him, he never mentioned it again. In the past, she had thought that men were gentlemanly and respected her. Now that she thought about it, her rejection might have gone along with his wishes. She would not have found out, and she would not have felt that he was mistreating her.

Also, after they got divorced, he never remarried. He already had a disorder and could not have sex. Who was he going to marry? And today, the pain he showed when she was close to him meant that she should stay away from him, right? Because once she got closer, she would realize that he's not a man...

The more Chen Wei'er thought about it, the more she felt that her reasoning was correct. However, the more she thought about it, the more flustered she became. She thought that she could have children with He Xun like a normal person...

What was there to give birth to now?

When He Xun came out of the bathroom, he saw Chen Wei'er holding an extinguished incense stick with a listless face.

Was she frightened by him? He Xun was a little helpless and didn't know what to do. When he walked in, he saw that Chen Wei'er's eyes were still empty and that she didn't even notice him. He Xun hesitantly said, "You..."

This voice made Chen Wei'er sober up. She looked at He Xun as if she wanted to see through the bathrobe. The water droplets on his hair flowed down the tip of his nose and slid down his neck, faintly revealing his strong muscles. Chen Wei'er suddenly felt a little envious and licked her lips. What a pity. How could she not use such an alluring body?

He Xun took in Chen Wei'er's gaze and watched her eyes go from listless to infatuated and then to regretful.
