

After Rebirth, Mrs. He Dotes On Her Husband chapter 9

Chapter 9: Get Lost if You Don't Apologize

He Yeli couldn't believe that Chen Wei'er, not only threatened her but also hit her, "You ... You dared to push me?!"

"Why would I not dare? Since your mother didn't teach you to respect your elders, as your sister-in-law, I don't mind teaching you on her behalf!" Chen Wei'er was about 1.75 meters tall, and with her high heels, she was much taller than He Yeli. She looked down at her.

"Who do you think you are?! You're just a shameless b*tch! You might be thrown out tomorrow. How dare you lecture me?" He Yeli was flustered and exasperated. While scolding her, she reached out to push Chen Wei'er, but she was weak and short, so she couldn't push her at all.

Chen Wei'er was annoyed and directly grabbed He Yeli's wrist. He Yeli struggled a few times but couldn't get rid of her, so she became angry, "Let me go!"

"Apologize to your second sister-in-law!" Chen Wei'er glared at her, her aura completely suppressing her.

He Yeli was scared, and her arrogance suddenly withered, but she still refused to admit it. "You, let me go! I'm telling you, my mother is coming..."

"Your mother is here?" Chen Wei'er sneered. "Why? You're still a baby, aren't you?"

He Yeli could tell that Chen Wei'er was laughing at her, so she was so angry that she wanted to kick Chen Wei'er.

Seeing this, Chen Wei'er pushed her out, and He Yeli was directly pushed to the ground. "You! You truly dared to hit me!"

"I'll hit you, but do I need to give you a heads up in advance? If you don't apologize, then get lost!" Chen Wei'er looked at He Yeli who was sitting on the ground. Her eyes were full of disgust.

"Wei'er, forget it." Bi Xinduo stepped forward and held Chen Wei'er's hand. No matter what, today was He Qiu Shan's birthday. If they caused a scene, they would only become a laughingstock. If they did not handle it well, there might even be public opinion tomorrow.

Chen Wei'er didn't want to make a big deal out of it. After all, she had just quarreled with Luo Xinrui. There would be no end to it if she kept harping on He Yeli. She glared at He Yeli, "Still not getting lost? You want me to carry you out?"

“Just you wait!” He Yeli threw down these words and ran away quickly.

Chen Wei'er closed the door and turned around to see He Youyou staring at her curiously. “Youyou, what's wrong?”

“Teach Youyou,” the little girl said in a childish voice.

“What should I teach you?” Chen Wei'er laughed. “Your parents are better at teaching than Auntie. They have the highest academic qualifications.”

“Teach me how to fight!” He Youyou shook her head with a straight face.

Bi Xinduo's face changed. “Don't talk nonsense. Auntie didn't fight.”

“Youyou didn't say anything. I did do it.” Chen Wei'er touched He Youyou's chubby little face. It was so soft.

Bi Xinduo looked at her thoughtfully and smiled. “You're different from what they said.”

“What did they say?” Chen Wei'er raised her eyebrows.

“Ruthless, arrogant, and ungrateful.” Bi Xinduo didn't hide anything from her. After all, Chen Wei'er had probably heard these words countless times.

“You're right. I used to be like this. Many times, people only know how to cherish what they have lost! Only then do I understand the value of the past.” Chen Wei'er sighed. In her previous life, after the divorce, she lived in deep waters and suffered every day. The so-called love had long been worn away.

Bi Xinduo felt that Chen Wei'er's tone sounded as if she had experienced the vicissitudes of life. She was a little puzzled. “You're so young, why do you speak like an old man? Since you intend to live a good life with Third Brother, he will not mistreat you.”

Chen Wei'er shook her head with a bitter smile. “We're not like you and Second Brother who got married because of love. If He Qiu Shan didn't force him, He Xun wouldn't have married me.”

“Forced? Who did you hear this from?” Bi Xinduo was surprised.

“What do you mean by who told you? My mother's company almost couldn't sustain itself at that time. It was only after I married He Xun that it started operating again,” Chen Wei'er said.

Bi Xinduo sat beside Chen Wei'er. “I don't know the details, but that's not what I heard. At that time, your mother didn't agree to let you marry into the He family. It was He Xun

who went to find your mother. I don't know what they talked about before your mother agreed."

Chen Wei'er couldn't believe it. "How is that possible?"

Bi Xinduo didn't say much. After all, it was a matter between husband and wife, so it wasn't appropriate for her to say much. The two didn't stay in the guest room for too long and left with He Youyou.

It was still lively outside. Chen Wei'er looked around but didn't see He Xun or Luo Xinrui. Her intuition told her that the woman must have gone to pester her husband. After bidding farewell to Bi Xinduo, Chen Wei'er went to find He Xun.

When she was leaving, she turned around and saw Bi Xinduo carrying He Youyou and walking towards He Song. They didn't speak, but the sweet exchange of glances was enviable.

Once, Chen Wei'er had walked into the fire pit of Nie Suijing without hesitation for this kind of love!

Chen Wei'er took a deep breath. The past was in the past. He Xun was the most important thing now...
