

## Chapter 91 How Things Have Changed

Oh my god!

Looking at the sight before him, Fan Hunjun's faith were destroyed.

Never in a million years would he have thought that everything would change so drastically over the seven years that he left River City.

The buildings were getting taller.

The roads were getting narrower.

There were more cars on the road.

The people, especially the women, were leaving him speechless...

Out of the corner of the young man's eye, he noticed the door had been pushed open, and there was a man standing right there. He was startled and let out a shout. Immediately, he got up and turned his body away.

"What happened?"

Fang Youqin didn't seem to be aware of the situation. She first turned to look at the young man, then turned around to check the door. And that was the moment she saw Fan Hunjun standing right there.

"What the hell!"

Fang Youqin immediately stood up. Fortunately, she was wearing a one piece dress, and

apparently she wasn't wearing any underwear. A few moments later, she acted like nothing ever happened and shrugged.

After the young man buckled his belt, he turned around grimly and roared at Fan Hunjun, "Who are you? Why didn't you knock?"

Fan Hunjun finally got to have a good look on his face. His skin was fair and his complexion was clear. He looked childlike yet handsome, looking like a high school student.

In Fan Hunjun's perceptions, when it came to the relationship between man and woman, man was usually the one who toyed with the woman.

However at that instant, he felt that Fang Youqin was the one toying with this young toy boy.

Fang Youqin smiled at the toy boy and said, "You can leave first. He is my school mate."

"Oh."

The toy boy forced a smile and walked toward the door. When he walked past Fan Hunjun, he lowered his gaze and didn't dare to meet Fan Hunjun's eyes.

Fang Youqin walked away from the executive desk and signaled Fan Hunjun to take a seat at the couch.

She walked to the food cabinet and turned around to ask Fan Hunjun, "Coffee or tea?"

## Chapter 91 How Things Have Changed

Fan Hunjun replied, "Do you have mineral water?"

"Of course."

Fang Youqin poured a cup of coffee for herself and took a bottle of mineral water from the bottom of the cabinet. She walked to the couch and took a seat, before passing the mineral water to Fan Hunjun as she said in disdain, "You went overseas for only a few years but you've picked up the rich man habit. Nowadays, all the real millionaires only drink mineral water."

Fan Hunjun opened the mineral water bottle and took a sip. He then laughed, "You think too much. Africa suffers from a lack of clean water. In my first few years in Africa, I used to move bricks at an illegal construction site for living. Can you imagine how hot and thirsty I was? It was nearly impossible to get a bottle of mineral water there. Since then, I have developed a special preference for mineral water."

Fang Youqin felt rather edgy as her quickie with the young boy was interrupted midway. So she leaned on the couch and crossed her legs, trying to control her body.

"Oh yeah, are you not busy lately? To what do I owe the pressure?"

Fan Hunjun suddenly wasn't able to provide the right answer.

Initially, he was planning to discuss the matter of Zhang Junhao and Li Shanshan with Fang Youqin.

## Chapter 91 How Things Have Changed

He even intended to invite Fang Youqin for dinner somewhere romantic and warm. However, the sight that he caught just now had totally turned him off; he didn't want to stay here a moment longer.

But then he was already there, so he couldn't just leave without saying anything.

So, Fan Hunjun smiled and asked, "Who was the boy just now? Is he a high school student? Doing that kind of thing with an underage person is against the law, isn't it? The man will be sentenced, while the woman probably has to bear certain legal liability as well."

"Pfft, are you being thoughtless again? Do you think I'm a fool?" Fang Youqin rolled her eyes at him. "You have to get your eyes checked. He is a third year college student and he is doing an internship in our company. I assigned him to be my secretary. He gets to take part in social practices and experience some real fun in life at the same time. He got himself a good deal."

## Chapter 92 Fang Youqin's Opinion

Fang Youqin flashed a pitiful smile. “When you found out Li Shanshan had been dating Zhang Junhao all the while, did you feel upset, as though you found a fly in your soup?”

Fan Hunjun nodded.

“It’s the same for me. I’ve always had a crush on Zhang Junhao. He was tall, handsome and manly back then when we were in school. Whenever I thought about that, there’s a kind of unexplainable excitement boiling and surging in my vein. However, on second thought, I have the five billions assets that were given by my father, and I have an attractive appearance. But in the end all I got was Zhang Junhao, the leftover of Li Shanshan, the man she had done toying with. Do you know how bummed I felt?”

This is just mind-blowing!

Fang Youqin actually used the terms ‘leftover of Li Shanshan’ to describe Zhang Junhao. It indirectly hurt Fan Hunjun.

The thought of Li Shanshan bending over the table –like the way Li Shanshan did just now—with Zhang Junhao rocking behind her killed Fan Hunjun. He felt like ramming his head against the wall.

“So I changed my mind. I have plenty of money and I’m so pretty. As long as I am willing, all the men in the world would be swarming around me like flies. Why does a rich girl like me have to swallow my pride and beg Zhang Junhao to spare

## Chapter 92 Fang Youqin's Opinion

Fan Hunjun smiled and tried to change the topic. "There is something I don't understand. You have plenty of men around you, so why do you have to hold tight to Zhang Junhao?"

Fang Youqin threw Fan Hunjun a glance. "To remain true to my original aspiration!"

Huh?!

It's a motivating and inspiring quote, yet she actually implied it in such a situation. Fan Hunjun couldn't help shaking his head.

"Drop the almighty pretense, you are just the same. If you weren't chasing after the dream that you once had, then how come you didn't hesitate for even a second when I made you register the marriage with Li Shanshan once you got off the train, You didn't even bother to ask Li Shanshan if she was single, or if she had ever become an escort in a nightclub. Too bad there wasn't any mirror during that time. I should have given you a mirror so that you could see the eagerness in your face."

Fan Hunjun was speechless.

It was true that both Fang Youqin and Li Shanshan were his first crush. The seven years he spent overseas almost transformed him completely. He had become a different man, but he never forgot about them.

"So do you mean you still want to get married to Zhang Junhao?"

## Chapter 92 Fang Youqin's Opinion

"That's true. You are cultivating the future pillar of society for our country."

Fang Youqin threw him a foxy wink and teased, "What do you think? Do you need my cultivation as well?"

What?!

For the past seven years, whether it was Fang Youqin or Li Shanshan, they had been appearing in Fan Hunjun's fantasies more than once.

He imagined all sorts of scenarios, and how Fang Youqin and Li Shanshan would eventually be moved by his sincerity. They would let go of their egos and pride, inviting yet hesitant, and nestled in his arms in tantalizing passivity.

However, the reality hit him hard and he had to wake up from his dream. The girl of his dreams was actually being so blunt and straightforward. She actually opened her arms wide, inviting him into her embrace after she threw him a suggesting wink, and it appeared that he didn't need to pay any price for it.

Fang Youqin had plenty of money.

As for love, just like Li Shanshan, she gave her heart to Zhang Junhao.

If Fan Hunjun didn't witness the obscene scene with his own eyes just now, he would have thrown himself at her without any hesitation. But now...

me a tiny bit of his attention from the affection he has toward Li Shanshan?”

Fan Hunjun asked, “If that’s the case, then why do you want to spend 600,000 to separate Li Shanshan and Zhang Junhao?”

“They disgusted me for my whole life. It’s time for payback. I don’t believe in their pledge of eternal love, and I don’t believe they would remain faithful to each other under extreme circumstances. If a mere 600,000 can crumble their love and make them suffer in agony, it will be money well spent. At the very least, it can ease the pain in my heart.”

Still confused, Fan Hunjun asked, “So you mean you just want to break them up, but not get married to Zhang Junhao?”

say is, since you no longer like Zhang Junhao as much as you did before, and I'm not interested in Li Shanshan, why don't we just let them go and set them free instead?"

Initially, Fan Hunjun intended to give this speech when he had dinner with Fang Youqin. And after the speech, he would make a move on Fang Youqin to express his love interest to her.

However, all of these thoughts had vanished in a flash the moment Fan Hunjun stepped inside the room and witnessed the obscene scene with his own eyes.

Fang Youqin frowned. She suddenly asked, "What do you mean? You are rejecting a gorgeous lady that was offered to you? Do you have virgin-obsession? Are you rejecting Li Shanshan because you think that she is not a virgin?"

Fan Hunjun wasn't sure whether he had that kind of obsession. He never thought about the virginity question, be it Li Shanshan or Fang Youqin. All the while, he only thought of them as the goddess of his dreams.

The other night when he saw Li Shanshan kissing Zhang Junhao under the tree, the sudden jealousy had already made him lose control of his emotions. However, catching the sight of Fang Youqin and the toy boy today made him realize Li Shanshan's behavior was considerably sensible.

After all, Zhang Junhao and she were the real couple. Technically speaking, Fan Hunjun was the

third wheel who wedged in their relationship.

When she saw that he didn't answer the question, Fang Youqin put down the coffee cup on the table and said, "Thoughtless Hun, please, before you make any demands from other people, you should take a good look at yourself."

Chapter 93 Do You Think I'm a Conman?

"Geez!" Fang Youqin spat in dismay. "Being overseas for few years had made you dumb. Why can't you understand my words?"

Fan Hunjun shrugged his shoulder in confusion.

"What I meant was, I'll break them up first. As for whether Zhang Junhao and I will get married, let's put the matter aside for now and we'll see later."

Fan Hunjun nodded and said, "Understood. You want to mess with them first. As for Zhang Junhao, if he is well-behaved, then you don't mind marrying him. If he can't move on from Li Shanshan and acts like a hot mess, you'll just kick him out of your life."

Fang Youqin flashed a smile and replied, "Not necessarily. I have time to spare anyway. I will toy him like my pet puppy when I have free time. When I get bored of that, I probably will marry him but I'll make him a cuckold."

My goodness. Fang Youqin had changed so drastically that she totally caught Fan Hunjun off-guard.

Not to exaggerate, but her speech today and the obscene scene that Fan Hunjun witnessed just now had completely ruined her image.

Fan Hunjun always remembered her as an elegant lady with class and grace. But the bubble had burst now.

To Fan Hunjun, this homecoming trip felt like

## Chapter 93 Do You Think I'm a Conman?

finding two flies in his soup. One being Li Shanshan, while another one was Fang Youqin.

As compared to both of them, Fan Hunjun suddenly realized that Li Xinqiao was a rare gem. Wang Xu must have done some good deeds in his previous life to have a wife like her in this lifetime.

On second thought, Li Shanshan seemed to be relatively innocent as compared to Fang Youqin's loose behavior.

Even though it was difficult for Fan Hunjun to accept the reality, Li Shanshan was actually considered as a dutiful partner. She didn't overstep any line. Up to now, Zhang Junhao was the only man she loved.

Moreover, she fell in love with Zhang Junhao first before meeting him. He was the unexpected third wheel that wedged in their relationship out of the blue. It didn't seem fair to accuse Li Shanshan for cuckolding him.

"Oh Fang, you gorgeous lady," Fan Hunjun suddenly asked, "I have a proposal for you. Are you interested to hear me out?"

Fang Youqin sipped some coffee and said, "You can try. But don't try to persuade me to invest in Africa. If that's your proposal, this will be the end of our friendship!"

Oh my god, does she think I'm a conman?

Fan Hunjun shook his head. "What I'm trying to

## Chapter 94 Fed Up

Fan Hunjun asked with a confused tone, "What's wrong with me?"

"What do you think?" Fang Youqin gave him a blank look. "How else would you get Li Shanshan if she weren't in dire need of money to treat her father's sickness?"

Fan Hunjun blinked and looked at Fang Youqin.

"Why are you blinking like that? Although I don't like Li Shanshan, it's true that she and I were the Twin Star Beauties of the school back then. Her parents used to be civil servants, and she eventually went to university. You should be grateful for marrying such a beautiful and highly educated woman like her, but instead you're over here b\*tching about her not being a virgin. Who do you think you are?"

"That's not true..."

"What do you mean 'not true'? Don't think you can be so arrogant just because your dad is rich! Yes, your dad is one of the ten richest people in River City, but he has a second wife, and usually all of his money would go to her. Although we all found out later that he is indeed your dad, your mom did cheat on him back then. Who knows if he would even acknowledge you as his son?"

Fang Youqin's words hit Fan Hunjun's sore spot.

In the past, his classmates mistakenly thought that he was not Fan Zhongzhen's son and bullied him for so many years. He thought that when they

## Chapter 94 Fed Up

"Don't overthink it, kid. You have already legally married her anyway, so hurry up and plan your wedding. Next week, the best building in River City, Min Mountain Villa, is going to be auctioned. I plan to buy it. If you are going to hold a wedding, I will lend that villa to you for your wedding night. How about it?"

It seemed that Duan Yunbo was right. Min Mountain Villa was really famous, even Fang Youqin wanted to buy it.

And Fang Youqin intended to lend it to them for their wedding night, because she would live there if she were to marry Zhang Junhao in the future. She just wanted to disgust Zhang Junhao, and let him know that his beloved woman had had sex with Fan Hunjun right there in that villa before.

Fan Hunjun sighed and did not respond to her.

Fang Youqin suddenly asked, "Oh yeah, Li Shanshan paid me back 600,000 today. Did you give her the money?"

Fan Hunjun nodded.

"F\*ck! Did you really give it to her?" Fang Youqin stood up suddenly, and pointed at Fan Hunjun's nose. "I was right to call you Thoughtless Hun back then. You just gave her 600,000, yet you came here to persuade me to let her go so that she can be with Zhang Junhao. Are you crazy?"

After saying that, Fang Youqin became even more enraged the more she thought about it. She looked

knew that Fan Zhongzhen was indeed his father, they would start to treat him differently. However, everyone seemed to have found out that his mother cheated. Because of this, Fan Hunjun felt even more embarrassed.

Fang Youqin went on to say, "Plus, do you know what kind of society we live in now? Do you know how difficult it is to find a virgin? Half of our classmates are married while the other half of them aren't. We have a class gathering once a month. Why don't we go join the class gathering together next month? If any one of the unmarried women there is a virgin, I'll give you 10 million. What do you think?"

Fan Hunjun smiled noncommittally.

"There's a saying that goes like this, your brothers are like your arms and legs, irreplaceable, while women are just a piece of clothing you wear, something that is readily replaceable. Like the branded clothes on you now, you won't just throw it away after just wearing it once, will you? The same is true for women. What if they had been 'worn' by other men before? Just like how clothes can be worn again after washing, you can still have a woman after she takes a clean bath, can't you?"

What the hell is this!

Fan Hunjun really did not know that Fang Youqin was so open-minded. The things she said seemed to make sense, but Fan Hunjun kept feeling that something wasn't right.

## Chapter 95 Pridefulness Comes With a Price

Fan Hunjun caught the heels with his hands. Not only did he feel Fang Youqin's body warmth on the high heels, but he also caught a whiff of a strong body fragrance. It made Fan Hunjun relaxed and enraptured. Holding the high heels, he felt like he was holding Fang Youqin's fragrant foot.

Truly, ignorance was bliss.

If he had not seen that scene when he entered the door just now, perhaps Fan Hunjun would have been turned on at this moment.

Humans were strange most of the time. Just take Li Shanshan as an example. If Fan Hunjun had not witnessed her kissing Zhang Junhao, he would have still treasured her even though the two of them had been dating for many years.

As for Fang Youqin now, if Fan Hunjun had not witnessed the scene just now, he would have used this high heels as his opportunity to do something at this moment. Even if he did not immediately express his feelings now, he would at least seize this chance to take advantage of Fang Youqin.

Fan Hunjun smiled while holding her heels. "Hey gorgeous, can you hold back your anger a little? I have always seen you as a goddess in my heart."

"What goddess?!" Fang Youqin sat on the sofa with her legs crossed again, dangling her bare-footed leg while glaring at Fan Hunjun. "Put it on for me!"

With a smile and a shake of his head, he took the

high heels and sat next to Fang Youqin.

Fan Hunjun had dreamt of Fang Youqin's long, fair, and slim legs countless of times before.

Touching her smooth stockings, Fan Hunjun recalled his middle school days as he helped Fang Youqin to put on her heels. At that time, Fang Youqin was innocent-looking and beautiful. And she was seductive, not to mention her body fragrance. Fan Hunjun could be excited for a whole week if she even sent an unintentional glance at him.

After Fan Hunjun put on the shoes for her, he sat there in a daze. Fang Youqin, on the other hand, put her legs directly on Fan Hunjun's lap. "Hey, what are you thinking?"

Oh gosh!

Fang Youqin's posture was too seductive. Fan Hunjun's throat felt a little dry.

Fang Youqin now was no longer the naive girl who had just fallen in love back then. Due to her growing older and her increased experience, as well as the change in her social status and her relationship failures, her outlook on life had changed a lot.

After she went through several relationships with some men, she felt that she was stupid for being so naive. Since then, she slowly learned to indulge herself.

## Chapter 95 Pridefulness Comes With a Price

But she did not know that every man who knew her, including Fan Hunjun, were still infatuated with her innocence back then.

Fang Youqin put on an expression as though she was angry for his resignation and said: "You f\*cker, since you planned to let her go, why did you give her 600,000? You are not in the West. How many years do you have to move bricks in the construction site in Africa to earn that 600,000?"

Fan Hunjun stared at Fang Youqin's beautiful legs which were on his laps and smiled bitterly.

Moving bricks to earn 600,000?

Even if he moved gold bricks, he would never be able to make that amount.

Fang Youqin shook her head and said, "Forget it, I guess you want to stay true to your heart too. Besides, arrogant and rich men like you are prideful and egoistic. Now that you have given her the money, you didn't even think about asking her to pay it back. You didn't even write an IOU, did you?"

Fan Hunjun sighed. He felt that Fang Youqin was too good at psychology.

"However, Li Shanshan is not somebody who will go back on her word. Although she can't pay you back your money, she will still fulfill the contract I signed with her if you want her to, but it's just that the creditor is different now."

## Chapter 96 Invaluable Advice

"Then you threw yourself onto him, and he accepted you with open arms?"

"Come on, throw myself onto him? Tsk, do you think I am as shameless as you?" Fang Youqin sighed. "After graduating from college, he worked temporarily in the school. He heard that my father often donated to their school and was close with their principal, so he came and begged me every day. Then my father helped him to become a formal teacher, and so he began to pursue me."

"That was what happened?"

"To be honest, I still thought of him as a great figure before we had sex. When he knelt in front of me and swore to love me forever with such a cowardice expression, I started to look down on him. I thought he was a righteous man. However, not only did he throw away his long-term relationship with Li Shanshan, he also discarded his dignity just to become a formal teacher."

Fan Hunjun shook his head and thought, He had it coming.

However, he was still envious and jealous of Zhang Junhao. What abilities did Zhang Junhao have to bag the two beauties?

"So, you gave your first time to him?"

"Oh puh-lease!" Fang Youqin sneered. "Zhang Junhao and Li Shanshan were admitted to the same university. When I heard that they were dating, I gave my first time to someone else out of

## Chapter 96 Invaluable Advice

"This is the loan agreement she signed with me. You should take it back to her and keep quiet. I believe she will take the initiative to fulfill this obligation. Please don't do this again, and don't think about whether she cheated on you. Even if you wanted to stay true to your heart, you should play around with her first. If you feel that both of you are suited to be together, you should spend your remaining life with her. If you don't feel like it's working out, then you can throw her away as though she's a shirt."

Seeing that Fan Hunjun was silent, Fang Youqin continued, "Don't try to satisfy your vanity when you cannot really afford to do so. 600,000 is not a small amount for both of you. Listen to my advice, and decide only after you've done the deeds with her. If you never take her, she will always be an insurmountable thorn in your heart forever."

Fan Hunjun suddenly smiled and said, "If I guessed correctly, Zhang Junhao was once the thorn in your heart too. The reason why you could get over him is because you had had sex with him, am I right?"

"I really don't have to hide anything from you. Indeed, as you said, Zhang Junhao is like an idol in my heart. I didn't want to give up just yet. I was as good as—if not better than—Li Shanshan in terms of appearance, figure, and temperament. When it comes to family background, I win her hands down even if her parents didn't divorce. I don't believe that Zhang Junhao would be so loyal to her."

anger. Now that I think of it, I didn't cherish myself enough then."

"Who was that person?"

"What does it have to do with you?" Fang Qin rolled her eyes at Fan Hunjun. "Although I lived very happily during that time, Zhang Junhao was always the thorn in my heart. After I had sex with him and saw his true colors, I realized that he was not as great as I thought. Now, I have completely let it go."

Fan Hunjun finally understood the saying 'seeing is believing'. This was why the West advocated a marriage test.

Those seemingly loving and pure relationships could only be stripped of its fake facade after it had been tested. Only then could the couples have a lasting relationship.

However, the vast majority who had tried marriage eventually chose to part ways.

Take Fang Youqin for example. If she did not have a relationship with Zhang Junhao, she would always see Zhang Junhao as perfect and flawless in her heart. Then, he would become a thorn in her heart for life.

After she tried it out, she found out that Zhang Junhao was not as amazing as she thought.

This reminded Fan Hunjun that he should have sex with Li Shanshan, regardless of whether he liked Li

Shanshan or not. It was just like a pus that he had to pick out.

After crossing this hurdle, Fan Hunjun would no longer have any regrets about not getting Li Shanshan, regardless if he continued to be with her for the rest of his life or if he let go of her and sought a new relationship.

Fang Youqin's advice was detrimental to Li Shanshan, but to Fan Hunjun, it was invaluable advice.

Not only was Fan Hunjun enlightened, his outlook on life, as well as his values and considerations for the relationship between men and women, were changed as well.

Fan Hunjun had always been dense when it came to relationships. Of course, he had never cared whether or not the other party was a virgin. He had only thought of Fang Youqin and Li Shanshan in his heart.

For him, as long as he married any of them, he would have no more regrets in life.

However, the reality was very harsh. Fang Youqin was not a goddess, but a scum.

Although Li Shanshan was a modest woman, she wanted to stay chaste for Zhang Junhao.

When Fan Hunjun recalled that Li Shanshan was still in love with another man, and how she continued to keep in contact with Zhang Junhao even after marrying him, Fan Hunjun was furious. Not only did he throw the marriage certificate on Li Shanshan's face, he acted as though he was rich and gave her 600,000.

Fang Youqin's words reminded him that he had yet to make it clear whether the money was lent or given to her.

## Chapter 97 Reward

Be it lending or giving her the money, he must get back his money's worth no matter what.

As for Li Shanshan, it did not matter whether she was a virgin, or who she actually loved. She was like a beautiful dress on display; he could try it on if he wanted, couldn't he?

Besides, she had signed an agreement with Fang Youqin, and now this agreement was in Fan Hunjun's hands. Even if he said nothing, Li Shanshan would still fulfill the content of this agreement.

And for a long time, Li Shanshan had been urging Fan Hunjun to fulfill this agreement. It was him who had been worrying too much about his gains and losses.

He once told Li Shanshan that 600,000 was the price to have sex with an A-list actress for one night. If Li Shanshan mentioned this matter again, he could not think of any reason to refuse.

The most important thing was that Fang Youqin was right. What one did not get was the most alluring. If Fan Hunjun did not get to have sex with Li Shanshan, it would be a hurdle that he could never get over in his life. Even if he encountered a woman who was a hundred times better than Li Shanshan in the future, his heart would still be filled with fantasies and unrealistic expectations toward Li Shanshan.

Fan Hunjun picked up the mineral water and drank it in one breath. Then, he wiped his lips, stood up,

and said to Fang Youqin, "Thank you for your advices. I know what to do now."

Fang Youqin also stood up. She walked up to him and stretched out her index finger to grab his chin. "Back then, Li Shanshan and I were both hailed as Luo Tianyi[1] and Yuezheng Ling[2] by the guys, am I right?"

"That's right."

"Then let me tell you, as long as you get Luo Tianyi, you will be able to get Yuezheng Ling too!"

Fan Hunjun was shocked. "You mean—"

"It's a reward for you. You have longed for us for so many years, but we all put our attention on Zhang Junhao. This is too unfair to you. As long as you sleep with Li Shanshan, my door will always be open for you."

"Then thank you!"

If Fan Hunjun had not witnessed her doing the deeds with the little toy boy just now, he would have taken her right now.

"Come on, let's have dinner together?"

"No thanks. I still have to go to the hospital."

"Oh yeah, I forgot that your father-in-law has an operation tomorrow. You should accompany him tonight."

When they went out, the boy toy was still sitting on the boss's podium at the entrance. When he saw them coming out, he stood up respectfully.

bench in the aisle.

Liu Zhenqiang was startled when he saw Fan Hunjun. He quickly stood up and asked with a smile on his face, "Fan—I mean Mr. Fan, are...you looking for me?"

Fan Hunjun asked back, "Why are you sitting here?"

"Oh, um..." Liu Zhenqiang hesitated before saying. "My wife said she would bring me some chicken soup later, so I'm waiting for her right here."

Fan Hunjun nodded with a smile, and immediately walked toward the ward.

"Hey, Mr. Fan, you are—"

"I want to talk to Zhang Junhao!"

"Oh, um..."

Seeing his hesitant expression, Fan Hunjun asked, puzzled, "What's wrong?"

Liu Zhenqiang smiled reluctantly. "Li... Shanshan is inside..."

As it turned out, Zhang Junhao's parents did not come visit him this afternoon, so he called Li Shanshan to ask when her father would have the operation. When Li Shanshan found out that his parents did not visit him, she immediately went and stewed a chicken soup for him before coming to visit him.

grumbled in hunger. He originally planned to have dinner with Fang Youqin. However, the scene he saw when he entered through the entrance made him lose his interest.

After he went out, he saw a Lanzhou beef noodles restaurant across the street. He went to order a bowl of beef noodles and took out his phone to call Chang Kai.

"Are you in front of the computer now?"

"Yes. Boss, what are your orders?"

"I just recorded a piece of audio on my phone. I want you to edit it, mainly to combine what the woman said about what happened between her and Zhang Junhao. Delete all other things, and then send it to me. I will need it in a while."

"No problem!"

Before Fan Hunjun could finish his bowl of noodles, Chang Kai had already sent him the edited recordings. After listening to it, he felt very satisfied with it.

After Fan Hunjun was done eating the noodles, he hailed a cab and rushed to the hospital.

He wanted to go to Li Haobo's ward first, but after hesitating for a while, he felt that he should go to Zhang Junhao's ward first.

When he walked into the aisle of the orthopedics department, he saw Liu Zhenqiang sitting on the

Fan Hunjun looked closely at him again and realized that he was rather handsome. He looked bookish and studious like a highly educated young man.

Fan Hunjun even felt that this boy toy was more suitable for Fang Youqin than Zhang Junhao. However, perhaps, as Fang Youqin said, she still could not get over Zhang Junhao.

Plus, this boy toy was just a third-year university student. If Fang Youqin didn't get married to Zhang Junhao before he graduated from college, maybe the both of them would end up as husband and wife.

Fang Youqin sent Fan Hunjun to the elevator. After he entered the elevator, she turned back and walked up to the boy toy, Lin Hongtao, and pinched his fair face. "You little greedy cat. It must be hard for you to hold yourself."

Lin Hongtao smiled and asked, "What about you, Youqin?"

"Hurry up and carry me into the office!"

"Yes, my lady!"

After that, Lin Hongtao picked her up bridal style and carried her into the office.

This time, Fang Youqin did not forget to remind Lin Hongtao to lock the office door.

After Fan Hunjun left Fang Group, his stomach

Liu Zhenqiang knew about their relationship, so he decided to give them space. When he saw Fan Hunjun, he thought that Fan Hunjun was looking for him. However, after learning that Fan Hunjun was looking for Zhang Junhao, he was afraid that Fan Hunjun would blame him for helping Zhang Junhao and Li Shanshan to cover up their affair, so he had no choice but to tell Fan Hunjun the actual situation.

## Chapter 99 Bluff

After Liu Zhenqiang finished speaking, he continued to smile apologetically; he thought that Fan Hunjun would be furious.

But to Liu Zhenqiang's surprise, Fan Hunjun was abnormally calm. He just flashed a faint smile, and then walked toward the ward.

Although Fang Youqin had advised him for a long time, and that his impression of Li Shanshan had fundamentally changed, he still could not help but be furious when he pushed the door open, even though he had mentally prepared himself beforehand.

Li Shanshan was sitting by the bed, feeding Zhang Junhao with spoonfuls of chicken soup. The two were talking and laughing, looking very much like a happy young couple.

At this moment, the reason why Fan Hunjun was angry was not because he thought that Li Shanshan was cheating on him, but because he felt that Zhang Junhao was toying with Li Shanshan. Since he had already slept with Fang Youqin, why did he still want to deceive Li Shanshan?

The moment he saw Fan Hunjun, Zhang Junhao seemed very calm, as if Li Shanshan was his rightful girlfriend. However, he did not know that Fang Youqin had told Fan Hunjun everything about him.

Li Shanshan seemed very nervous. She immediately placed the chicken soup on the

bedside table, got up and walked up to Fan Hunjun. Then, she straightened her chest, and asked with a grim expression, "What are you doing here?"

The reason she was nervous was not because she feared that Fan Hunjun would blame her, but because she was afraid that Fan Hunjun would hurt Zhang Junhao.

Seeing how she stood up for Zhang Junhao, Fan Hunjun sighed in his heart. Those who are pitiful must have a cause for having sunk to their lows. This woman is still f\*cking oblivious to the fact that she's being lied to!

Fan Hunjun took a long breath and tried to suppress his emotions before turning away, ignoring Li Shanshan. He walked toward Zhang Junhao and said, "Zhang Junhao, I want to talk to you ."

Li Shanshan grabbed Fan Hunjun's arms with both of her hands and pushed him back. "If you want to talk, just talk to me. This has nothing to do with Junhao!"

Fan Hunjun smiled coldly. "Zhang Junhao, aren't you always the cool guy since young? Why do you need a woman to protect you now?"

Zhang Junhao responded unequivocally. He said directly to Li Shanshan, "Shanshan, it's okay, you go first."

"No, you are already injured. What if he..."

The fact that Zhang Junhao could still say this at this time was enough to prove that Liu Zhenqiang did not tell Zhang Junhao about what he knew about Fan Hunjun. Fan Hunjun shook his head. He really could not understand what kind of mentality Liu Zhenqiang possessed.

When he saw Fan Hunjun's expression, Zhang Junhao thought that he was ridiculing himself internally, so he said even more angrily, "Thoughtless Hun, you only successfully attacked me because I wasn't paying attention last night. I advise you..."

"I don't need your advice." Fan Hunjun walked up to Liu Zhenqiang's bed and sat down, before interrupting Zhang Junhao with a blank expression. "We will talk about our matter after you are discharged from the hospital. Today, I am here to talk to you about the matter between you and Li Shanshan."

"Hmph, what's there to talk about? Do you think that she is your woman just because she married you?"

"You're speaking as if she is your woman."

"What do you think?"

"Fine," Fan Hunjun said. "I will go get a divorce with her tomorrow. Do you dare to marry her?"

Zhang Junhao was stunned for a moment. His eyes darted away for a while, before he suddenly sneered, "Thoughtless Hun, you have played with

Before Fan Hunjun could speak, Zhang Junhao sneered, "Thoughtless Hun, don't think that I will let you off the hook after you have knocked off my front teeth and broken my ribs. You know my temper and personality, so you'd better pray to God. Hurry up and go back to Africa before I fully recover, otherwise, hmph!"

Fan Hunjun interrupted her coldly, "If I beat him again, he can call the police!"

Li Shanshan turned around. Pointing a finger at Fan Hunjun's nose, she threatened, "Thoughtless Hun, listen to me. If you dare to touch Zhang Junhao, I won't ever let you go!"

F\*ck, so you truly love him huh? What a pity that you've fallen in love with the wrong person.

He stayed silent, and kept looking at Zhang Junhao.

Zhang Junhao said to Li Shanshan, "Shanshan, you go first. My parents will come later, and it won't be good if they see us together."

What Li Shanshan was most afraid of now was meeting Zhang Junhao's mother. She initially did not want to leave. Even if she left the ward, she would stay at the entrance.

However, when she heard that Zhang Junhao's parents were coming, she panicked at once. Before she left, she did not forget to glare at Fan Hunjun when she walked out of the room in a panic.

When Fan Hunjun heard the sound of Li Shanshan closing the door, anger welled up in Fan Hunjun. He sadly shook his head, thinking to himself, No wonder there is an old saying that goes like this, beautiful women have unfortunate lives. Li Shanshan is indeed beautiful, but her life is not as good as it seems.

my woman, and now you want to push her back to me. Do you think I'm an idiot? "

"Zhang Junhao, you were a good fighter and also a good man when you were young. That was why so many of our classmates became your followers. I always thought that you would be like a real hero of Mount Liang [1], and that you will be a real gentleman for life. I never thought that you would become such a despicable person now."

"What are you saying?"

"After Li Shanshan and I registered our marriage, I saw you both holding each other and kissing under the tree last night. I already threw the marriage certificate on Li Shanshan's face. Do you think I have time to have sex with her?"

Zhang Junhao blinked for a short while, speechless.

"Let me explain it to you. I know you have already had sex with Fang Youqin. Because of her family background and the help she can give you in your career, you have already flung yourself at her feet. But you are too insatiable, so you're hoping to get two women at once. In fact, you have betrayed Li Shanshan since a long time ago, but you're still pretending like you were wronged. You secretly hope that she would marry me earlier, and after becoming my wife, she would continue to rendezvous with you, am I right?"

Zhang Junhao's expression changed several times, before he said fiercely, "Don't speak

nonsense!"

"Do you dare to say that you did not have sex with Fang Youqin then?"

"She's a slut; any man can f\*ck her. I just treated her as a public toilet. I just went in and urinated when I had the urge to. What about it?"

"So you still love Li Shanshan?"

"Yes!"

"If you really loved her, your parents shouldn't be able to stop you. With your family background, you don't have to ride an electric bike to work every day. You keep saving money, and isn't it because you wanted to marry Li Shanshan? Her father's treatment cost amounted to only 600,000, and I believe you could have easily afforded it. However, why have you never offered to help her?"

Zhang Junhao blinked, unable to say a word for a long time.

"Since you insisted that you like Shanshan so much, I will return her back to you. When you get married, I will give you a nice wedding gift. How about that?"

"Humph, I will never take back an ex!" Zhang Junhao said with hatred. "Now all my classmates know that she has married you. If I get back with her, everyone will think that I was cheated on. I, Zhang Junhao, can't afford to be embarrassed like that!"

## Chapter 100 Can't Afford The Embarrassment

[1] Mount Liang is a mountain in Liangshan County, Shandong, China which rises to 197.9 metres above sea level. It is well known as the stronghold of the 108 Stars of Destiny in the Chinese classical novel Water Margin. Some of the bandits on Mount Liang preyed selectively upon the rich and became known as "righteous bandits" (義匪; yì fěi). Legends about the heroes of Mount Liang, which provided the basis for Water Margin, probably formed from this historical context.
