The Almighty Dragon General Chapter 2236—Yoan was also taken aback by James' willpower.

The Helios Pill's power continued to be refined, and James' physical strength kept getting stronger.

The night flew by.

The next day, the pain inside James' body subsided significantly. He stopped cultivating.

Yoan, who was nearby, asked, "How is it?"

James said, "After a night of cultivation, I feel like my physical strength has increased significantly. However, I've only refined less than one percent of the Helios Pill's power. There's still a powerful force inside my body. I can't absorb this force anymore."

Yoan said, "Well, it is the Helios Pill. Next, you'll need assistance from an external force if you want to absorb this power."

"Mhm." James nodded. He was aware of the so-called external force. It was nothing more than a beating.

"I'll help you," Yoan said with a grin.

Before James could react, he made his move, forming an extremely powerful True Energy in his palms. This powerful True Energy charged toward James and delivered a direct hit to his body.

The impact sent his body flying, and he slammed into a large tree some distance away.

Boom!

The large tree collapsed, and James fell to the ground. Before he got up, Yoan appeared.

Powerful True Energy propped James up and yanked him off the ground. Next came a barrage of punches and kicks.

James' entire body, from head to toe, became the target of the attacks. He was battered and bruised. Every inch of his body was covered in injuries.

After a long time, Yoan stopped.

James sat down on the ground and focused intently on absorbing the Helios Pill's power.

Once he was beaten, the power of the Helios Pill inside him was activated. His body was nourished by its potent force. His entire body felt unbelievably comfortable.

Yoan watched him from the side. With a delighted smile on his aged face, he muttered, "It will take an average body refinement cultivator one to three years to fully absorb the power of the Helios Pill. But James is different. At this rate, he will be able to completely absorb the power of the Helios in a month at most. What an incredible body."

He was also astonished by James' physical strength.

When he struck James previously, he had been careful not to overdo it, but he soon realized James was only slightly hurt. He exerted more force after that. However, this not only did not injure James, but it also completely activated the Helios Pill's power, making it easier for

James' body to absorb it.

James continued to absorb it for some time. His physical strength had greatly improved once

more.

He rose from the ground, looked at Yoan, who was standing in front of him, and said, "Sir, again."

Yoan rolled his eyes and said, "This is only the beginning. Do you really expect me to keep hitting you for over a month?"

"Ah. What should I do then?"

"Don't worry. I have an idea." Yoan smiled faintly. Then, dragging James behind him, he took to the air and flew towards the heart of the old-growth forest. Soon, they arrived in the depths of the forest. He let go of James.

James began to fall. He promptly used True Energy to stand in mid-air.

"Rawr!"

A roar of an unidentified beast came from beneath him.

Rumble...

Following that, the earth trembled and the mountains shook.

James glanced in that direction and was immediately startled.

An enormous beast had appeared in his line of sight. It was more than fifty meters tall and a hundred meters long. It looked like a tiger, but its body was covered in black scales and radiated a brilliant black light.

The beast opened its mouth, revealing two rows of sharp teeth. It barreled toward James with great speed. As its massive limbs made contact with the ground, the entire area shook and trembled. Some small, feeble creatures ran away in fright.

“F\*ck.”

James could not help but take a deep breath.

The Almighty Dragon General Chapter 2237—“James, this is a Celestial Tiger. It’s the king of this forest. Its strength is comparable to a cultivator at the Immortal Ascension’s Fifth Stair. Using it is the most effective way to improve your body.”

Yoan’s voice came from a distance.

James had a look of resignation on his face.

The Immortal Ascension’s Fifth Stair was not particularly powerful. If he used the Sacrilegious Ascension, he could kill this Celestial Tiger in a matter of minutes.

However, the Celestial Tiger was enormous. Standing before it, he was incredibly small.

Before he could react, the Celestial Tiger began to attack. It opened its mouth and released a beam of black energy.

James considered dodging it. However, dodging it would defeat the purpose of refining his body. Instead of dodging, he decided to face it head-on.

The black beam of light struck him, and his chest immediately caved in from the impact.

James purposefully manipulated the Demonic Energy within his body. After he was injured, no Demonic Energy manifested, and his injuries did not heal instantly.

Boom!

His body collapsed to the ground.

Before he could get up off the ground, the Celestial Tiger was charging at him. Its massive foot stepped directly on him, crushing his body into the ground.

From a distance in the sky, Yoan saw what had happened and unconsciously furrowed his brow. "He wasn't killed, right?" he muttered. He was a little worried.

However, the Celestial Tiger's gigantic body tipped slightly when he became anxious.

From the wreckage under its foot, a man with wounds all over his body rushed out and started to attack the Celestial Tiger. In this primeval forest, the man and the beast started fighting ferociously.

Upon seeing this, Yoan grinned. He was growing more pleased with James.

James' physical body was too powerful. It had terrifying resilience to attacks. His efforts were worthwhile. He believed that in the upcoming Grand Tournament, James would be the biggest dark horse. He would definitely get a good result. He might even enter the top ten.

He could not keep from grinning.

In the distance, the fierce battle was continuing. The earth trembled and the mountains shook. Mountains ranges were falling apart.

In terms of strength, James was outmatched by the Celestial Tiger. He could not even hurt the tiger. After a round of battle, his entire body was injured. His body was constantly battered.

However, because he was battered, the power of the Helios Pill within him was stimulated.

The battle went on for an hour.

James could not take it any longer and quickly fled, but the Celestial Tiger chased after him closely.

At this precise moment, the Celestial Tiger sensed an extremely powerful force. It backed away, terrified, and dared not to pursue any further.

It was the aura emanating from Yoan to stop the tiger from chasing after James.

After it was safe, James immediately collapsed to the ground. He was covered in wounds at the moment and kept gasping for air. He did not even have the energy to

drag himself up. After resting for several minutes, he eventually pulled himself up from the ground.

He sat on the ground in the lotus position. He started to use the Novenary Golden Body Siddhi to absorb the Helios Pill's power in order to improve his body.

Yoan was watching from the side. He could clearly sense that James was absorbing the power of the Helios Pill at a very quick rate.

He knitted his brow inadvertently. "What kind of body refinement technique does James cultivate? It's incredible."

James' cultivation method was quite amazing, even Yoan, who was a Sect Elder of the Welkin Academy was intrigued by it.

After half a day, James had absorbed the power of the Helios Pill once again. If he wanted to keep absorbing it, he would have to keep getting beat up.

Right then, Yoan walked over.

James got to his feet, looking energized. "Sir," he called out.

Yoan nodded and said, "Hm. James, what kind of body refinement technique do you cultivate? I sense that your cultivation method is quite amazing. Even the Welkin Academy's best cultivation method would be no match for it."

The Almighty Dragon General Chapter 2238—Hearing that, James froze.

"Also, who are you exactly? Which family are you a disciple of?"

"As far as I'm aware, there is no powerful family by the name of the Cadens in the Ancient Realm."

Yoan asked several questions in a row.

James started to ponder. He was not from the Ancient Realm. He was from Earth.

He was hesitating because he did not know if he should reveal his identity. Moreover, he was slightly wary.

Cultivators of the Sealed Realms regarded earthlings as enemies. James was concerned that once he revealed his identity, Yoan's attitude toward him would change.

“Why? Is it something difficult to talk about?” Yoan said, “If you can’t tell me, I won’t force you to.”

James reflected for a while. He found Yoan to be quite nice, so he thought that he should not hide the truth.

If Yoan’s attitude towards him changed after he revealed his identity, that could not be helped. “Sir, I’m not from the Ancient Realm.” After some deliberation, James decided to reveal his identity.

Hearing that, Yoan was slightly taken aback. “What? You’re not from the Ancient Realm?”

“Mhm.” James nodded softly and said, “I’m from Earth, outside of the Sealed Realms.” James made the decision to tell the truth to his master, who had been very kind to him. “Earth?” Yoan was thunderstruck when he heard that word.

“Yeah.” James did not hide anything and said candidly, “I was fortunate enough to acquire a cultivation method from antiquity. A Sect Elder from the Divinity Sect appeared on Earth. He desired my cultivation method and intended to take it from me by force. So, he captured me. With the help of a very capable person, I managed to escape from Earth. However, I didn’t expect to still end up in the Ancient Realm.”

“Phew...” Yoan took a deep breath after hearing all this.

“The seal is frightening. Only weaker individuals can pass through the seal and reach Earth. Powerful people will have to pay a hefty price to get out. Furthermore, no one from outside can enter the Sealed Realms. Smaller Sealed Realms are fine, though. With the use of some extraordinary treasures, the force of the seal can be evaded.

“However, entering the Ancient Realm is impossible. The person who was assisting you in the shadows must be immensely powerful.”

James did not say anything about Sophie.

Yoan looked at James and asked, “To my understanding, there are Four Holy Beasts on Earth, but the Four Holy Beasts were fed with Demonic Energy. It was to target the Supreme Spiritual

Root on Earth in this era. However, besides the Supreme Spiritual Root, other cultivators will also be affected. Did you consume the blood of the Holy Beast?”

“Mhm.” James nodded and said, “I did. But I wasn’t affected by the Demonic Energy.”

“You don’t understand.” Furrowing his brow, Yoan said, “It has no effect on you right now because you’re still very weak. Once you reach the Sage Rank, the Demonic Energy will become active.”

Given that his body was a Demonic Body, James was not at all concerned about this. He was even less concerned about Thea, as the Demonic Energy inside her body had been purified by the custodian.

“Alright. Let’s stop talking about this.” Changing the subject, Yoan said, “Regardless of where you’re from, I am your master since you joined the Welkin Academy and chose me. I’ll keep you safe. However, don’t divulge the fact that you’re from Earth. Everyone in this world despises earthlings.”

“Yes, sir. Thank you for the reminder.”

James nodded his head in acknowledgment.

Yoan also stopped inquiring about James’ cultivation method.

After that, James continued to fight with the Celestial Tiger. Using the Celestial Tiger’s force

to improve his body and stimulate the Helios Pill’s power.

The Almighty Dragon General Chapter 2239—James engaged in another fierce fight with the Celestial Tiger.

During the supposedly fierce fight, he was just passively taking a beating. Considering his low rank, he was physically incapable of inflicting any harm on the massive Celestial Tiger with his strength.

After over an hour, James was covered in wounds once again. He began to absorb the power of the Helios Pill once more. The wounds on his body healed after he absorbed the power.

Yoan watched silently at the side. It was too amazing.

James’ injuries were so severe. Under normal circumstances, it would take a long time for him to recover, but he was able to heal his injuries as he was absorbing the power of the Helios Pill.

His body was truly amazing. Even Yoan, a Sect Elder of the Welkin Academy was impressed by

For some time after that, James kept fighting with the Celestial Tiger in this old-growth forest. He used the Celestial Tiger's force to strike his body, stimulating the Helios Pill's power within him. His physical strength was improving every day.

At first, the Celestial Tiger could still hurt him. However, after a month, Celestial Tiger's force was no longer able to harm him.

In the forest, a man and a beast were fighting ferociously.

James soared up into the air. He clenched his fist and struck the Celestial Tiger's body with great force.

Boom!

Powerful force swept through the area.

The scales on the back of the Celestial Tiger were instantly broken, revealing a bloody wound. Its massive body was hurled into the air before slamming into several mountain ranges, shattering them into pieces.

James pounced on the opportunity and sprinted in its direction. While clenching his fists, he struck repeatedly.

Raw physical strength repeatedly struck the Celestial Tiger's body. Soon, the Celestial Tiger's body was riddled with injuries. However, it was powerful. Despite having injuries all over its body, it had a strong fighting spirit.

A fierce fight was happening. The Celestial Tiger was beaten until it was covered in wounds.

It was beaten until it was on the verge of death. It did not dare to fight any longer and fled quickly.

James did not chase after it.

He stopped, clenched his fist, and felt the power coming from his body. He was unable to

contain his smile.

Yoan walked over, his aged face beaming with delight. He clapped and said, "Not bad. Not bad"

at all. After a month of training, you've completely absorbed the power of the Helios Pill. Your physical strength right now is comparable to the Immortal Ascension's Fifth Stair. Even if a cultivator on the Immortal Ascension's Fifth Stair fights you with all their might, they might not even be able to harm you.'

James' growth was too fast. To put it another way, the rate at which he absorbed the Helios Pill's power was too fast. In just a month, his body had drastically improved.

"Now all you have to do is raise your rank. Then, you'll be the biggest dark horse in the upcoming Grand Tournament. James, I'm looking forward to your performance. I'm looking forward to seeing you shine at the Grand Tournament."

With a face filled with gratitude, James said, "My current progress is all thanks to you. If you didn't go to the Landolf family and asked them for a Helios Pill on my behalf, it would have taken years for my body to reach this state."

Yoan was becoming increasingly pleased with James.

"Alright. Stop being so humble. The Helios Pill's power has been refined almost entirely. Next, I'll take you to the Ancient Clan and ask for a drop of Ancient Blood."

As he mentioned the Ancient Clan, Yoan's face became solemn.

The Landolf family would not be able to compare to the Ancient Clan.

The Ancient Clan was the most powerful clan in the Ancient Realm. Despite the fact that it was only a family, its power rivaled that of the Welkin Academy and the Divinity Sect. Even though he was a Sect Elder of the Welkin Academy, it would be extremely challenging for him to receive a drop of Ancient Blood from the Ancient Clan.

Nevertheless, he would have to try no matter how difficult it was.

"Let's go."

Yoan summoned the flying magic treasure once again, and James boarded the giant gourd.

Yoan controlled the magical flying tool and quickly left the forest.

The Almighty Dragon General Chapter 2240—They traveled for days on end.

After about eight days, Yoan appeared in a dense forest with James.

“Sir, is the Ancient Clan in this forest?” James looked doubtful.

Yoan nodded softly and said, “This mountain range is named Mount Bloodmoon. The headquarters of the Ancient Race is at Mount Bloodmoon. The Ancient Clan has consistently maintained a low profile. Members of the Ancient Clan rarely venture outside.”

He pointed at the mountain range straight ahead and said, “Mount Bloodmoon is protected by

a powerful formation. Any cultivators who enter without getting permission from the Ancient Clan will perish violently in the formation.”

James nodded softly.

Yoan strode forward, and James followed behind.

Soon, they arrived at an open space. A stele more than thirty meters tall stood in the open space.

Several words were inscribed on the stele: ‘Mount Bloodmoon. Unauthorized individuals are not permitted entry. Violators will be dead.’

Yoan appeared in front of the stele. Using True Energy, he said in a loud voice, “Sect Elder Yoan Xenocrates from the Welkin Academy. Here to pay a visit to the Ancient Clan.”

His voice rang out. Soon after, a ripple appeared in the air in front of him. Some guards walked out from it.

The person in the lead was a man in his thirties. He was dressed in armor and carried a long sword around his waist.

The man walked over, looked at the Yoan, and said, “So it’s Sect Elder Yoan of the Welkin Academy.

I sincerely apologize for not greeting you sooner. However, the clan leader has recently gone into seclusion.

We’re not accepting any visitors. Please make your way back.” The Ancient Clan member treated the man with respect. However, the clan asked him to leave right away.

Yoan hurriedly said, “I have an urgent matter to discuss with the clan leader. Please notify them.”

“Please wait a moment, then.” Along with a few guards, the captain left. After taking a few steps, they vanished from James’ sight.

After seeing them leave, James said, “The Ancient Clan is quite arrogant, huh? They even dismissed you.”

Yoan’s expression was a little dejected. He said, “Who am I compared to them? The clan leader of the Ancient Clan is the most powerful cultivator in the Ancient Realm.

They have attained unfathomable heights. Even the headmaster of my academy and the Patriarch of the Divinity Sect combined might not be able to compete with the Ancient Clan’s leader.”

“They’re that powerful?” James was stunned. He asked, “What cultivation rank has the Ancient Clan’s leader reached?”

"They're that powerful?" James was stunned. He asked, "What cultivation rank has the Ancient Clan's leader reached?"

Yoan said, "They've probably surpassed the Sage rank."

Hearing that, James was astonished. To his understanding, only the leader of the Orthodox faction in the Sealed Realms had reached the Sage rank.

The leader of the Ancient Clan, however, had actually surpassed the Sage rank. That was far too impressive.

Yoan explained, "The Ancient Clan is very mysterious. There's a rumor that a powerhouse from ancient times is still living among the Ancient Clan.

However, this powerhouse was wounded in ancient times, so they have been recuperating."

"Phew!" After hearing that, James took a deep breath.

Yoan began explaining to James some information about the Ancient Clan.

Half an hour flew by.

After half an hour, some people appeared in their line of sight again.

The person at the lead was a woman. She was dressed in a green dress. Her body was moving with grace.

“Quincey?” The moment he saw the woman, Yoan was slightly stunned. He asked, “Why is it you?”

“Sect Elder Yoan, why are you here?” The woman in the green dress had a radiant smile on her face.

“Sir, this is?” James was a little confused. Looking at Yoan’s reaction, he seemed to recognize the woman in the green dress. He looked at the woman in the green dress as well.

Her facial features were delicate, and she was stunning. Her figure was quite nice. She looked like a fairy.

Yoan looked flabbergasted. He asked, “Why are you at the Ancient Clan?”

Quincey smiled and said, “Because I was originally a member of the Ancient Clan. I only joined the Welkin Academy to get some experience outside.

It will be the Grand Tournament soon, so I returned to the clan and went into seclusion for some time to prepare for the upcoming Grand Tournament.”
