The Almighty Dragon General Chapter 2280—Quintina had a rough understanding of James' strength.

Although he had cultivated in the Pagoda of Flames for half a year, he was still not a match for Hayden.

Hayden was Elder Waheed's disciple and also the United Alliance's deputy leader. His cultivation rank had already reached the Immortal Ascension's Eighth Stair.

She was worried James would lose and have to kneel for three days. Thus, she suggested, James, just admit it's your fault and let this go. Don't make a big deal out of it."

Quintina came over because she heard James was causing trouble in the United Alliance's base. She was worried James would be bullied, so she came to have a look.

Standing aside, Melany tugged his hand and whispered, "J-James, forget it. I didn't lose much anyway. I only sustained minor injuries and will be fine after cultivating for some time."

After speaking, she looked at Hayden. Then, she glanced at Yitzchok, who was being helped up by some other people.

"I'm sorry, Mr. Hayden. W-We'll leave right away."

Melany apologized.

"Hayden, break his legs and hands!" Yitzchok growled with a pained expression.

He was furious. He had been in the Welkin Academy for many years and had never been so humiliated before.

His anger would not dissipate if James' limbs were not broken.

"Alright. I accept your challenge."

Everyone thought James would apologize and choose to let the matter go.

Those with discerning eyes could see that the peerless powerhouse, Quintina, was helping James. With her backing him up, the matter could be easily resolved as long as James. apologized.

Unexpectedly, James accepted Hayden's challenge.

“Does he have a death wish?”

“Hayden is the United Alliance’s deputy leader. He’s at the Immortal Ascension’s Eighth Stair. His strength is one of the most outstanding among the younger generation. Meanwhile, James had only just joined Welkin Academy about six months ago.

“Could he really be conceited enough to think he could take three moves from Hayden?”

No one believed that James could withstand three moves from Hayden.

Even Quintina was doubtful of his capabilities. She understood James’ strength and knew he had surrendered during his match against Harold of the Divinity Sect. Meanwhile, Hayden was much stronger than Harold.

She frowned and said, “What’re you doing, James? Do you really want to kneel here for three days?”

James smiled lightly and said, “What’s wrong? Do you have that little trust in me? If I can’t even withstand three moves from him, how will I win first place in the Grand Tournament?” “You’re too arrogant.”

James was acting incredibly arrogant.

Quintina could not stand him anymore.

“Forget it. I’m not going to help you anymore. Do whatever you want.

Quintina turned away furiously. However, she did not leave the area.

After calming down, she remembered that James was very calm. He was not someone who would force himself through things. Otherwise, he would not have surrendered his match against Harold in the Ancient Clan.

“Good.”

Hayden looked at James and shouted, “James, I will keep my word. I’ll let this matter go if you can take three moves from me. However, I’m not going to show any mercy. If you can’t withstand my attacks and die, then it’s not my fault.”

James said calmly, “You’re going to let this matter go? If I withstand three moves from you, Yitzchok will have to return the elixirs he took from Melany and kneel to apologize.”

“Alright,” Hayden replied loudly, immediately agreeing to James’ condition.

From his perspective, James would never be able to withstand his attacks. His only reason was that James had only joined the Welkin Academy six months ago.

Many of the Welkin Academy's disciples had come to the United Alliance's base. About tens of thousands of people gathered around. Even some of the academy's elders were alerted and secretly kept an eye on the situation.

The Almighty Dragon General Chapter 2281—Several elders gathered on a mountain peak in the distance.

Among them were James' teacher, Yoan, and Hayden's teacher, Jeffery.

Jeffery looked at Yoan beside him and said calmly. "Elder Yoan, is this your new disciple? He looks a little arrogant, thinking he can take three moves from Hayden"

Yoan smiled tauntly He was confident in James After James consumed the Helios Pill, his physical strength improved a lot. Moreover, James also cultivated in the Ancient Clan's Pagoda of Flames for half a year

In actuality, Yoan did not really know James' exact strength From his observation, James' physical strength was at the Immortal Ascension's Fifth Stair, so it would not be difficult for him to withstand three moves from Hayden

"Although James is young, he has great potential He has the greatest potential out of all the newly recruited disciples I believe he'll fare well in the Grand Tournament. He might even enter the top ten

Yoan was optimistic about James.

"Haha," Jeffery chuckled

Yoan had confidence in James, but Jeffery also had faith in Hayden.

"How about we make a bet?" Jeffery said with a smile.

Yoan agreed. "Sure. What are we betting on?"

Jeffery said, "We'll bet on whether James can withstand Hayden's three moves. If he succeeds and can still stand up, then I lose. If he can't stand up and completely loses combat power, then you lose. Since we're just playing around, how about the loser slaps himself three times?" Hearing this, Yoan's mouth twitched

Yoan knew Jeffery had been dissatisfied with him since long ago but never expected him to suggest such a bet.

Although he was confident, James' opponent was Jeffery's Inner Disciple, Hayden, who had been in the Welkin Academy for a hundred years.

Hayden was terrifyingly strong. At that moment, he was slightly hesitant to accept the bet.

He would have to slap himself if he accepted the bet and lost, which was very embarrassing. Jeffery said with a smile, "What's wrong? Are you afraid? Well, it's only reasonable for you to be since James would never be able to withstand three moves from Hayden."

"Alright, let's do it."

Yoan gritted his teeth and accepted the bet.

He believed in James.

Since James dared to agree, he must have had the confidence to win.

The other elders smiled and did not say much.

At the United Alliance's mountain foot, the spectating disciples stepped back and cleared up an open space.

Extremely strong energy erupted from Hayden's body, and it formed a magnetic field. Everyone in the area felt pressure sweeping toward them. Meanwhile, James was right in the center of the magnetic field. He stood rooted in the ground, like a motionless mountain.

"I don't want you to say I'm bullying you, Hayden. I have to withstand three moves from you, right? I'll just stand here, and you can attack me. Go ahead. Strike."

Hearing James' words, the audience was shocked.

"James must be mad."

"He's not just mad. He's conceited! Even a powerhouse of the same rank as Hayden would not dare make such an arrogant remark. Yet, he says he'll stay in place for Hayden to attack him?" "He definitely has a death wish."

Everyone felt that James was simply courting death. It would already be a miracle if he could withstand three moves from Hayden, yet he also wanted to stand in place. He was definitely asking for it.

"Haha. Since you want to die so badly, I'll fulfill your wish." Hayden laughed out loud.

He thrust his palm forward, and powerful energy gathered in his hand. He took a step forward, appearing right in front of James. Then, his palm struck James' body.

James felt a powerful force permeating his body, making him feel numb.

Apart from that, he felt completely fine.

He did not even take a step back.

James patted his chest where he was struck, then calmly said, "Is that all you have?"

Hayden was shocked. He was slightly worried about really killing James and did not use all of his strength. His attack contained only half of his strength, but he did not expect James to be unscathed.

"I underestimated you. Just now, I only used half of my strength. I'll use eighty percent of my strength on the next attack. We have many people watching. If you die, it's not my fault."

James smiled faintly.

His physical strength was already at the middle phase of the Immortal Ascension's Eighth Stair.

It would not be a problem for him to withstand three blows from someone at the Immortal Ascension's Eighth Stair.

James opened his mouth and said, "Cut the cr*p. Go on and strike."

Hayden mobilized his energy. This time, he used eighty percent of his strength. His body flickered and appeared before James and attacked.

The eighty percent strength of a powerhouse at the Immortal Ascension's Eighth Stair was terrifying. The force slightly knocked James back, and his Blood Energy churned. Unable to suppress it, James spat out a mouthful of blood.

"He's that strong?"

"He endured it?"

“He only vomited blood?”

“Is this James a freak?”

“I thought James would’ve definitely died after this blow. However, he was only knocked back slightly and vomited some blood.”

The people spectating the fight were shocked.

On the mountain in the distance, Yoan could not help stroking his white beard and laughing upon seeing the scene.

James’ physical strength had improved once more.

With his current physical strength, he would surely obtain good results in the Grand Tournament. Perhaps he could even make his way into the top ten. Thinking of the possibility, Yoan’s laughter gradually grew louder.

Jeffery, on the other hand, had a gloomy expression.

At that moment, he secretly connected telepathically with Hayden, who was at the mountain foot.

“Don’t show any mercy on the next attack. Kill him.”

Hayden did not expect James to be capable of withstanding eighty percent of his strength. After hearing the telepathic message from his teacher, he said, “I really did underestimate you I won’t hold back with the next attack. You can still admit defeat now. However, you’ll have to kneel for three days at the mountain foot of the United Alliance’s base. Still, it’s better than dying”

James smiled faintly and said, “Make your move.”

His Blood Energy churned from the force, so he mobilized some of his True Energy and calmed it down.

Then, he continued standing in place motionlessly.

“Since you want to die so badly, I’ll fulfill your wish.”

Hayden raised his hand and gathered all his True Energy in his palm.

A dazzling golden energy gathered in his hand, shining brightly like a sun.

Powerful energy gathered in his palm.

“Die!!!”

After Hayden roared, he appeared before James and thrust his palm forward.

Struck by the force, James' body curved, sending him flying into the distance.

“James is probably not going to make it this time.”

“A powerhouse at the Immortal Ascension's Eight Stair attacked with full strength. It's impossible for James, who just joined the Welkin Academy, to withstand an attack like that.

Everyone closed their eyes. They could not bear seeing James' tragic death.

Seeing James' being blasted away, Melany shouted, “James...”

After James was knocked hundreds of meters away, his body fell, and he landed on the ground.

Boom!

As James landed, a crack appeared on the ground.

Unable to suppress the shock, James spat out a big mouthful of blood.

At that moment, his body was slightly traumatized by the force.

However, the injuries were not serious.

He wiped the blood away from his lips and walked toward Hayden. Everyone watching was stunned.

Hayden was a senior in the Welkin Academy, the United Alliance's deputy leader, and a powerhouse at the Immortal Ascension's Eight Stair.

He attacked with full strength and landed three palms on James, but James could still get back up and walked toward Hayden.

“W-What's James' background? How is he so strong?”

“Wasn’t it rumored that the disciples recruited into our academy this time were leftovers? I heard the Divinity Sect selected the powerful ones. So, how is James so powerful?”

Everyone’s eyes widened in shock.

Quintina was equally surprised by the scene.

She thought James would not be able to withstand three moves by Hayden. However, he proved her wrong.

“Huff!” She took a deep breath.

‘Is this kid a freak? Or was he hiding his strength from the beginning?’

“Haha.”

On the distant mountain, Yoan could not help laughing out loud after watching the fight.

James made him proud and did not let him down. It was worth taking him to the Landolf family and the Ancient Clan.

He looked at Jeffery with a smile.

At that moment, Jeffery’s face was gloomy and distorted from anger.

“Hmph.”

He snorted coldly, swung his sleeves, and turned to leave.

Yoan shouted, “You lost, Elder Waheed. You haven’t slapped yourself yet.”

Jeffery stopped abruptly and almost fell. However, he did not turn around and left.

The other elders looked at Yoan.

“Elder Yoan, you’re being so secretive. You recruited such a strong disciple but did not tell us about it. You secretly recruited him and kept quiet about him.”

“I know, right? That’s unfair to the other elders. I think James should be able to choose his teacher.”

Many people were envious.

James was powerful.

He was already so impressive after just joining the Welkin Academy. In a few years, he would be incredible.

Yoan caressed his white beard and replied with a smile, "The headmaster didn't hold a competition in the main hall. It isn't my fault."

At that moment, at the mountain foot of the United Alliance's base, Hayden's face darkened.

He did not expect James to only be slightly injured after he had used all of his strength to attack. Moreover, James did not seem to have sustained any severe injuries. That meant James could easily defeat him if they were to have a real fight.

James walked to Hayden and said smilingly, "You lost, Mr. Hayden."

"I"

Hayden parted his lips but did not know what to say.

James casually waved his hand, and a powerful force swept forward, pulling Yitzchok to him.

"M-Mr. Hayden, save me..."

Yitzchok screamed in fear.

James casually threw him on the floor.

Yitzchok's foot was broken, and he did not have time to treat it, so he was still unable to stand up."

"Hand it over." James lowered his head and looked at Yitzchok.

With a horrified expression, Yitzchok said, "I-I've already refined them."

"What?"

Hearing this, James' expression darkened.

He lifted his foot and stepped on Yitzchok's other foot.

"Argh!!!" Yitzchok shouted again.

Hayden watched the scene lividly. He wanted to step forward and intervene but could not find any reason to do so since he was already defeated.

James left Yitzchok on the ground, looked at Hayden standing nearby, and said, “Mr. Hayden, your turn to apologize.”

Hayden lost, so he had nothing to say.

“Sorry,” He uttered an apology with difficulty.

He quickly turned around and left, no longer bothering with Yitzchok.

James’ goal was also accomplished. He walked toward Melany and said smilingly, “Alright. Everything’s settled. Let’s go.”

“You got hurt, James...”

Melany wore a worried expression.

James smiled faintly and said, “It’s no big deal.”

Quintina also walked over and took a look at James. She saw him in a new light.

“Very well, James. So, you’ve been hiding your true strength, and here I was worrying about you.”

Many people were watching them.

Hearing their conversation, a commotion burst out in the audience.

Quintina felt like she had said something inappropriate and immediately said, “Since you’re fine, I’ll take my leave first.”

After speaking, she hurried off.

“They’re acquainted.”

“It seems our goddess, Quintina, has known James for some time.”

“Yeah. It looks like they’re pretty close.”

Many people discussed them.

Meanwhile, James quickly pulled Melany away from the United Alliance's mountain and returned to Melany's accommodation.

After returning to her accommodation, Melany looked at James with wide-open eyes. With a faint smile, she said, "James, I didn't expect you to have become so strong in just half a year. You even withstood three blows from Hayden."

"Hayden is at the Immortal Ascension's Eighth Stair."

"After this fight, you'll become a star in the Welkin Academy."

James smiled faintly.

He took out the Energy Enhancement Elixir he got from Yoan and handed it to Melany, saying, "This is an Energy Enhancement Elixir that Sir Yoan gave me. It isn't useful to me, so you can have it."

"Huh?"

Upon hearing it was an Energy Enhancement Elixir, Melany was shocked

She refused him, saying, "No, I can't accept this. It's too valuable for me to accept, James."

James forcibly stuffed it into Melany's hands

"Even though you're in the Welkin Academy, it's still a place where the strong will suppress the weak. If you don't want to be bullied, you have to practice hard and improve your strength."

"Thank you, James," Melany sincerely expressed her gratitude.

James smiled and said, "I'll head back first. I'm staying on Sir Yoan's mountain, not here. You can go there to look for me if you need me for anything."

"Mhm." Melany nodded.

James did not linger any longer. He got up and left Melany's accommodation.

After he left, Melany tightly clenched the elixir in her hand, and her pretty face had a hint of sorrow

"James is so powerful now. Even if I had more elixirs, I wouldn't ever be able to keep up with him. He and I are destined to be people from two different worlds. It won't take long for him to become the most dazzling person in the Ancient Realm"

“And me, what am I?”

“I’m the most beautiful woman in Kineallen City.”

“However, my beauty isn’t going to get me anywhere in the Welkin Academy. Quintina is so much better than me in every aspect,” Melany murmured to herself.

James returned to Yoan’s mountain.

When he reached, Yoan showed up.

James called out respectfully, “Sir.”

Yoan said smilingly, “I didn’t expect your physical strength to have improved so much after entering the Ancient Clan’s Pagoda of Flames. You were even capable of taking three hits from Hayden. With your current physical strength, it’ll be a piece of cake for you to achieve good results in the Grand Tournament.”

James smiled.

“By the way, what’s your current cultivation rank?” asked Yoan.

James replied truthfully, “I’m only at the Immortal Ascension’s Second Stair.”

“You’re only at the Immortal Ascension’s Second Stair?”

Hearing this, Yoan had a look of disappointment.

Then, he smiled bitterly and said, “The Immortal Ascension’s Second Stair is already considered a very fast improvement. You’ve surpassed even prodigies. However, seeing you take three hits from Hayden, I expected you to have reached a higher rank.”

James said with a smile, “There are still a few more months before the Grand Tournament. In these few months, I’ll definitely reach the Immortal Ascension’s Fifth Stair.”

He was full of confidence.

The Almighty Dragon General Chapter 2285—Yoan was shocked.

James intended to improve his rank to the Immortal Ascension’s Fifth Stair?

He planned to break through one rank a month?

Who in the world would dare to claim such a thing?

It was not easy moving up a sub-rank. Even a prodigy with enough resources would need more than half a year to advance one sub-rank.

Without sufficient resources, breaking through a sub-rank would take decades or centuries. However, James said he would increase his rank by one sub-rank per month.

Yoan did not know what to say, so he just gave him a thumbs up. "You're impressive, James. My reputation depends on you. If you win first place in the tournament, it will make me and the Welkin Academy proud.

James smiled faintly.

Since he had the Celestial Abode, it would not be hard to advance to the Immortal Ascension's Fifth Stair within three months.

Next, Yoan arranged for James to stay temporarily in an independent yard on the back mountain.

It was a forbidden place, and none of his disciples could trespass.

After Yoan gave a few instructions, he left.

Then, James returned to his room in the courtyard. With a thought, he entered the Celestial Abode. The abode shrunk and turned into a grain-sized object, hidden on the ground.

Inside the Celestial Abode, Henry, the Blithe King, and Delainey chatted in the City Lord's Mansion's courtyard.

Since they were training within the Celestial Abode, they could not go to the outside world. Thus, they could only gather and have a few drinks together when they had nothing to do.

James walked over to them.

All three of them stood up and greeted simultaneously, "James."

James walked over, sat down, and said smilingly, "Not bad. The three of you seem to be having a good time."

Henry replied with a smile, "We got bored of training and left the Time Chamber to gather here for a bit."

James asked, "How's training going?"

Henry smirked and said, "During this time in the Time Chamber, I've already reached the Immortal Ascension."

Hearing this, James gave Henry a thumbs up.

"Impressive! I'm only at the Immortal Ascension's Second Stair, and you've already also entered the Immortal Ascension. When you return to Earth, you'll definitely be stronger than me."

After he spoke, he turned to Delainey.

Delainey was a genius and had much greater potential than Henry.

Before Delainey could speak, Henry said, "Delainey is even more powerful now. Now she's at the Immortal Ascension's Fifth Stair. If she cultivates a little more, she will undoubtedly enter the Mage Rank."

"That strong already?"

James' eyes widened in shock.

Delainey was already at the Immortal Ascension's Fifth Stair.

Her strength had improved very fast.

Delainey said smilingly, "With such a great place like the Time Chamber, reaching the Immortal Ascension's Fifth Stair is still considered inadequate."

"What about you, Blithe King?" James looked at the Blithe King.

The Blithe King shook his head helplessly and said, "I'm still far behind. Even though I've been training in Time Chamber, my improvement has been relatively slow. I'm only at the Herculean's Third Layer."

"That's pretty good."

James said with a smile, "When I return to Earth, the four hundred thousand soldiers should also have become much stronger. They will be our trump card to surviving on Earth and destroying the Divinity Sect's elder, Yuvaan."

James really wanted to return to Earth. However, he was not strong enough yet.

The Divinity Sect was still a powerful force in the Ancient Realm.

As an elder in the Divinity Sect, Yuvaan must have surpassed the Mage Rank and reached the Tribulation Rank already.

However, he was looking forward to the second providence that would appear on Earth.

The First Calamity was a natural disaster. After the first providence appeared, James obtained the 108 Infinity Steles.

What would the Second Calamity and second providence be?

James was slightly anticipating the Second Calamity but also worried about it.

He also hoped the Second Calamity would not happen so soon but wait until he returned to Earth.

He would have unrivaled strength by the time he returned to Earth and could compete with the cultivators from the Three Thousand Worlds over the second providence.

At that moment, many thoughts crossed his mind.

“Huff.”

James took a deep breath and put away his jumbled thoughts.

Henry asked, “Did you come to the Celestial Abode to cultivate?”

James nodded and replied, “Yeah. A tournament is happening in the Ancient Realm in three months. It’s a grand event for young prodigies. If I rank in the top ten, I can enter the Dragon’s Abyss and be baptized by the powers from the Primordial Age. It’s a great chance to improve my strength, so I don’t want to miss it.”

He turned to Delainey and Henry, saying, “It’ll also be an opportunity for the two of you. Go back to training and improve yourselves for the next three months.

“According to what I’ve learned, those who’ve reached the Immortal Ascension’s Eight Stair would certainly make it into the top ten of the Grand Tournament.”

Hearing this, Henry said excitedly, “There are still three more months! Inside the Time Chamber, we’ll have much more time. I’ll surely reach the Immortal Ascension’s Eight

Stair during this period. I've stayed in the Celestial Abode long enough and have wanted to go out for some time."

Delainey smiled and said, "I'll also have to cultivate hard."

"Well, enough talking. Let's head back into the Time Chamber."

After James had a brief conversation with them, he turned to leave.

Although he was the Celestial Abode's owner, he did not know many of its functions. He could not even enter the Time Chamber without Sophie's help.

Just as he was leaving the City Lord's Mansion, Sophie appeared.

As usual, she was wearing a spotless white dress.

Her face was flawless and beautiful.

She greeted him, "You're here."

James nodded and said, "Mhm. I came to cultivate in the Celestial Abode for a few months. Bring me to the Time Chamber."

"Alright, let's go."

Sophie led James to the Time Chamber.

After reaching the courtyard where the Time Chamber was located, James saw countless soldiers seriously cultivating.

Sophie reported, "During this time, the four hundred thousand soldiers have been cultivating in the Time Chamber in a few batches. If not because the Time Chamber is too small and can't accommodate too many people, these soldiers' strength will have improved significantly long ago."

James was not in a rush either.

"There's no rush. We can take our time. With enough time, I'm sure these soldiers will definitely become the pillar of Earth."

"Go on with your cultivation. I won't stay to disturb you."

Sophie did not stay around for long and turned to leave.

James walked into the Time Chamber.

The one hundred or so soldiers inside the Time Chamber stopped their cultivation and greeted James.

James greeted them back. "Continue on with your cultivation."

He found an empty corner to sit down and took out the Ancient Blood that was given to him by Farley, the Ancient Clan's leader.

Farley said the blood was enough for him to improve a few sub-ranks.

James opened the bottle and sensed the pure energy coming from within it. He did not consume it. Instead, he wanted to absorb and refine the energy within the Blood Essence.

He sat in a lotus position, and a drop of blood floated in front of him. Then, powerful energy materialized out of the drop of blood.

James absorbed the energy and converted it into True Energy of his own.

He had used all his True Energy and fresh blood to refine the Ancient Blood. As expected from such an extraordinary tonic, just a drop increased James' True Energy by leaps and bounds.

James was currently at the Immortal Ascension's Second Stair and would need a lot of True Energy to make a breakthrough.

Absorbing Empyrean Spiritual Energy to cultivate would take an average person ten years or even longer.

However, James would only need one month with the help of the Ancient Blood.

James began to focus on cultivating within the Time Chamber.

His True Energy increased day by day.

A month passed in the blink of an eye.

James had reached the peak of the Immortal Ascension's Second Stair and could soon break into the Third Stair.

However, he knew he could still condense his True Essence.

Thus, he began condensing his cultivation rank and True Essence.

Since he had a lot of time, he continuously condensed them.

He condensed his cultivation rank from the peak of the Immortal Ascension's Second Stair back to the middle phase. Then, he cultivated until he reached the peak again.

He repeated the process a few dozen times.

It took him more than a year.

This was only the time that had passed in the Celestial Abode's Time Chamber.

In the outside world, only a few days had passed.

After he could no longer condense his True Energy, James chose to make a breakthrough.

His body and True Essence went through another evolution.

After this breakthrough, his physical strength reached the last phase of the Immortal Ascension's Seventh Stair.

Once his cultivation rank reached the Immortal Ascension's Fourth Stair, his physical strength would reach the Immortal Ascension's Eight Stair. Then, he could easily rely on his unrivaled physical strength to win first place in the tournament.

After cultivating for so long, he only used one drop of the Ancient Blood.

He still had a lot more Ancient Blood.

James continued to practice.

The days of cultivation were relatively dull.

However, James desperately wanted to acquire great strength because he was thinking about

his wife and daughter waiting for him on Earth.

He worked hard to cultivate and improve his strength as soon as possible. Only then could he return to Earth and defeat the Divinity Sect's elder, Yuvaan.

In the blink of an eye, James had cultivated in the Celestial Abode's Time Chamber for another year.

In total, he had practiced in the Time Chamber for two years.

He had reached the Immortal Ascension's Fourth Stair, and his physical strength was already at the Immortal Ascension's Eighth Stair. With such strength, even an opponent at the Immortal Ascension's Eighth Stair might not be able to hurt him.

"There's still plenty of time left."

James initially planned to head out to have a look, but he knew time passed differently in the Time Chamber.

He had more than enough time.

Moreover, he still had a lot of Ancient Blood.

Ultimately, he decided to continue cultivating.

Soon, he reached the Immortal Ascension's Fifth Stair.

His physical strength had reached the middle phase of the Immortal Ascension's Eighth Stair.

During this period, he advanced from the Immortal Ascension's Second Stair to the Immortal Ascension's Fifth Stair. Although he did not focus on his physical training, his physical strength had also improved by one rank.

James had been cultivating in the Time Chamber for three years, but only dozens of days had passed outside.

He had used up the Ancient Blood and decided to stop cultivating. He left the Time Chamber and returned to the Celestial Abode's City Lord's Mansion.

When he reached the City Lord's Mansion, a little bird flew over and landed on his shoulder, chirping at him.

"Little Gorger." James stroked the little bird and smiled.

Startled, James asked, "Is it that strong?"

"Of course."

Sophie said, "There are countless spiritual fruits in the Celestial Abode. During this time, the Gorger has consumed spiritual fruits, and since its predecessor is super strong, the Gorger has huge potential. Its strength will improve rapidly,"

"Good."

James caressed the Gorger and said with a smile, "Cultivate hard! When I return to Earth, we'll destroy the Divinity Sect's elder together."

The Gorger chirped in response to James.

"Ms. Sophie, I won't stay in the Celestial Abode any longer. I'll leave and have a look outside."

James had been meditating in seclusion for more than ten days. Thus, he was unsure of what was happening outside. He could not disappear for too long. After he bid farewell to Sophie, he left.

When he reappeared, he was back in his room.

The Celestial Abode grew bigger and became a ring, sliding back onto James' finger.

James walked toward the door, opened it, and left the room.

It was morning outside. The sun shone down on him, making him feel warm and relaxed.

James was worried someone would come looking for him, so he came back outside to have a look

After walking around, he found no one around the yard. Even Yoan was nowhere to be found. He heaved a sigh of relief after finding no one around. Then, he returned to his room and returned to the Celestial Abode.

He wanted to meditate in seclusion.

When he went to the Ancient Clan, he obtained a lot of sword techniques.

He wanted to comprehend them and fuse them to form one move.

Sophie taught him that a powerhouse of the Primordial Age would fuse all his sword techniques together into one move. The more sword techniques he could fuse, the stronger that move would be.

After returning to the Celestial Abode, Sophie helped him return to the Time Chamber.

James had learned a lot of sword techniques. Although it was difficult for him to comprehend all the sword techniques he obtained from the Ancient Clan's divine swords, he would eventually learn them. Moreover, he had the help of a very powerful person, Sophie.

He requested Sophie to give him some pointers.

With Sophie's help, James began to learn sword techniques. He spent another ten years cultivating sword techniques.

After staying in the Time Chamber for ten years, he had learned all the sword techniques in his mind. The next step was to fuse the sword techniques into one move.

This step was much more difficult.

James began to focus on the process.

Occasionally, he would swing his sword. Sometimes, he sat in a lotus position on the ground to cultivate.

Gradually, his execution of the sword technique became faster. His moves became increasingly substantial and unique.

Another ten years passed in the blink of an eye.

Twenty years had passed since James had gone into the Time Chamber.

One day outside was three months in the Time Chamber.

Twenty years had passed in the Time Chamber, which was equivalent to two months outside. Adding the past ten days that he was in the Time Chamber previously, it was almost the day of the Ancient Realm's Grand Tournament.

After twenty years of painstaking cultivation, although James had not completely integrated all the sword techniques into one move, his current swordsmanship was almost near perfection.

"It's almost time, James." Sophie's voice sounded.

James stopped cultivating, stood up, and said, "Mhm. Since that's the case, I'll head outside first."

James left the Celestial Abode.

He returned to his room again.

The Celestial Abode had transformed back into a ring. James put it on and walked out of the room.

As soon as he left his accommodation, he saw Yoan sitting on a stone chair in the yard.

Startled, James walked over and asked, "When did you come, Sir?"

Yoan looked at James and said, "I've been here for several days." Hearing this, James was shocked.
