Chapter 441

James ignored his threats and kept walking toward Lorne. Lorne continuously stepped backward and shouted, "Why are you two standing there doing nothing? Go beat him up!" The two subordinates exchanged glances with each other.

Thump! Simultaneously, both of them knelt on the floor and begged for mercy. "J- James. This is none of our business. Please spare us." Lorne crushed and kicked both of them to the floor. Many people watched as it happened.

These onlookers looked like they were watching an interesting play.

No one expected the infamous son-in-law of the Callahans of Cansington would be so strong.

James walked toward Lorne, picked him up, and threw him toward Zion.

Zion sat beside him.

"How has it been all these years?" James glanced at him and asked subconsciously.

"What?"

Zion was slightly taken aback. He glanced at James and asked, "A-Are you talking to me?" James was embarrassed and touched his nose. He stood up abruptly and patted Zion's shoulder. "I'm not asking you."

It was inappropriate for him to ask these questions with his current identity. He turned around and walked to a sofa in the corner. Then, he took out his phone and continued to play Plants vs. Zombies.

Outside Dragon Fountain Villa. Lorne sat in a car and took out his phone, "Sethe, I got beaten up. I'm in Dragon Fountain Villa. Bring a few dozen decent fighters here. I want revenge." Since he joined the underworld, Lorne had never been so humiliated before. He wanted revenge.

"Just wait, James. I'll show you. I'll make you watch me f\*ck your wife. "Quincy, you b\*tch. I'll make sure you beg for mercy later." Lorne cursed furiously.

Chapter 442 Lorne was not a good person. He used to be a school bully. Many students had been bullied by him back then. Thus, the majority of the onlookers applauded after seeing him getting beaten up. James was playing Plants vs. Zombies by himself. There were a few who came to greet him. He simply smiled and continued to play his game. "James?"

A pleasant voice sounded.

James raised his head and saw a woman standing in front of him. The woman had black hair, fair skin, and a pure appearance. She seemed to be about twenty seven or twenty-eight years old.

"Hmm?"

"Joan Dunn?" James frowned.

"Huh?"

"Do you know me?" Joan was slightly taken aback.

James smiled and asked, "Do you need something?"

"Not really. I just came over just because your name is James," Joan replied with a smile and sat opposite James.

However, she had a crush on the monitor – James.

James recalled that Joan wrote him a love letter once, but he rejected it.

He thought about the past events and touched his nose. These were all valuable memories.

"By the way, how have you been these past two years?". James asked subconsciously after his memories were triggered seeing his classmate.

"M-Me?"

Joan was stunned momentarily. Then, she replied, "Back then, I wrote a love letter to our class monitor, James but got rejected. He said I'd have to surpass his academic performance if I wanted to pursue him. However, I only scored a little over a hundred points in the national college entrance examination..."

Joan was puzzled as to why she said this much to James.

These things have been in her heart for a long time, and she wanted to complain to someone. "Hmm?"

“What happened after?” James asked with a light smile.

Chapter 443 “I don’t know. He disappeared after that, and I learned something had happened to his family I repeated the year and took his words seriously. I studied hard and successfully got into the University of Sol.”

James was slightly surprised.

He did not expect the school bully, that used to dress in gothic fashion, to study hard and get admitted to the best university in Sol.

“Good job.” James praised Joan, who had a pure appearance.

“Thank you.”

Joan smiled.

The two chatted for a while.

Suddenly, someone walked to Thea and said jokingly, “Thea, your husband is getting seduced. That woman’s name is Joan. She used to be a school bully and was good at flirting with men. Seeing that your husband was strong, she is trying to seduce him now. You should be careful.”

Thea chuckled and said, “It’s a class reunion. They’re just chatting with each other. It’s fine.”

Thea trusted James.

Kian opened his mouth.

Before he could say anything else, he spotted James approaching him.

Seeing James, he reacted as if he had seen a ghost. He was flustered, and his attitude immediately changed.

"C-Chairman, why are you here?" "Just sing if you're here to sing. Don't cause trouble," James said as he glanced at Kian and then toward Zion. "A- Alright!"

He did not dare to say no.

Many people's eyes fixated on James.

Quincy also glanced at him with a frown.

'Chairman?

'What chairman?' thought Quincy.

Chapter 444 The invincible Kian was frightened by James' words. He did not dare to say another word and obediently continued his performance.

James patted Zion's shoulder and said with a smile, "It's alright. Don't worry. Just enjoy the food and drinks."

"Thank you." Zion was grateful once again to James. "It's not a big deal." James waved his hand. Quincy glanced at James and touched her chin puzzledly. 'This guy seems a little more complicated than I imagined,' thought Quincy. She had always thought of James as useless.

James showcased his terrifying strength, brought down Quay's bodyguards, and even beat up Lorne and his subordinates until they left the party. Now even a celebrity like Kian was showing him so much respect.

He even addressed James as chairman.

"James."

"Yeah?"

James glanced at Quincy. "You should come to join my table," Quincy said with a smile.

"It's fine." James waved his hand.

He turned around and returned to his seat.

Kian said in dissatisfaction, “It’s an honor for you that I’m taking a picture with you. What’s wrong with a more intimate picture?”

He wanted to wrap his arms around Thea again.

“Forget it. I don’t want to take it anymore.” Thea left hurriedly.

She never expected Kian to be...

‘I don’t need it,’ thought Thea.

Kian’s face darkened. He lowered himself to take a picture with his fan. It was an honor for them. Countless fans wanted to sleep with a big star like him.

Chapter 445

Female fans were proud to have slept with him.

“Ungrateful,” Kian snorted. After Thea left, other fangirls immediately surrounded him to take a photo.

Kian would wrap his arms around the waists and shoulders of the prettier ones.

Meanwhile would just stand beside those that had average appearances.

After taking photos, Kian left and went back to his room on the second floor to rest. His manager, Hellen, was resting in the room. Hellen was in her 30s but had a well-maintained appearance, looking almost like an 18 or 19 years old with pale and tender skin.

She wore a sexy dress and was lying in bed seductively. “Hellen.”

“Guess who I saw?” Kian approached and exclaimed excitedly. “You saw that fan again?” Hellen said, unconcerned.

“No, not her. I saw Transgenerational Group’s behind-the-scenes chairman.”

“What?”

asked in disbelief, "Really? Did you really see the Transgenerational

He quickly walked over and covered Thea's body with a bath towel.  
"Darling, why did you come out wearing this?" James said dissatisfiedly.  
Thea rolled her eyes. "Everyone is dressed like this."  
The other men who saw James covering Thea's delicate body with a bath towel all secretly scolded him  
in their hearts.  
Soon, Quincy, who was wearing a white bikini, also showed up.  
Quincy was wearing a very exposing thong, and her bikini seemed a size smaller, exposing her cleavage  
even more. "James, you're too conservative. What age are we in? Everyone dresses like this at a beach."  
"I don't care what others do. I don't want my wife to be dressed like this and for other men to see her."

He pulled Thea and walked away while speaking. "Darling, we're not going to soak in the hot spring." "Hey, James..." Thea tried to persuade him. However, James ignored her and simply pulled her back to their room.

Chapter 446 James forcibly dragged Thea back to their room.

Inside a room on the second floor.

"What're you doing? Why're you spoiling the fun, James?" Thea was displeased. "Wait a moment, Darling."

James quickly went out. He went to a supermarket on the mountain and bought a one-piece swimsuit. He quickly returned to the room and handed the swimsuit to Thea. "Wear this one," said James. Thea picked it up and took a look at it. She found the situation funny. "Is this necessary, James?" "Yes, change into it quickly." "Alright. You go outside first." Thea got up and pushed James out of the room. After shoving James outside, she looked at the one-piece swimsuit in her hands and smiled. In her heart, she felt happy. She never expected James to be so protective of her. However, she liked it.

She quickly walked out with the swimsuit James had bought for her.

James glanced at the swimsuit Thea was wearing. Although her slender legs, fair neck, and arms were still exposed, it was much better than before. James said with satisfaction, "Yeap, look better. You can go now." Thea glanced at him and asked, "Are you not coming?"

James touched his nose and said, "I don't know any of them, so I'll just stay here and play with my phone."

"Nice to meet you, Thea."

After being stunned for a moment, Hellen smiled and said, "You could definitely enter the entertainment industry with your looks and make a name for yourself. It won't be a problem for you to gain popularity all over the country." Hellen began to flatter her. This was how she used to fool other women.

It worked every single time.

After a series of flattery, Hellen finally went to the main point.

"You should know that Kian is one of the top celebrities in the entertainment industry right now. You spend the night with Kian, and he will take care of you in the future. You can easily debut, and becoming famous would be a matter of time." "No, thank you."

Thea smiled and rejected the offer.

She never thought of entering the entertainment industry, nor had she thought about betraying her body to enter the entertainment industry.

Chapter 447

Thea turned around and wanted to leave.

Hellen immediately ranted, "Thea, don't be ungrateful. Do you know who I am? I'm the best manager in Sol. I have unimaginable influence. Believe it or not, a video of you and Kian in bed will spread all over the country tomorrow morning." Hellen began to threaten. Thea turned around with a frown and asked, "What do you want?" Hellen continued to threaten, "Don't you know there is a technology called deepfake? I can easily use a video of Kian making out with someone else and use technology to put your face in it. Can you imagine what big news that would be?"

"You.."

Thea's body trembled with anger.

Hellen looked proud.

This was her tactic.

He woke up and got out of bed. Noticing something strange with Thea's expression, he immediately asked, "What's wrong, Darling? Did you get bullied? Who did it? Tell me, and I'll go avenge you." "H-Honey..."

Thea felt aggrieved and frowned with tears in her eyes. James promptly embraced her and comforted her, "What's the matter? You can tell me." "Just now, Kian's manager came to me..." Thea explained the situation to him.

"What?"

James was furious. 'Kian must have a death wish to mess with my wife.' Thea grabbed onto James in time. "Honey, don't act recklessly. He's a big star and a public figure. There will be a lot of trouble if you really hit him. Countless fans will come at you for doing it." James waved his hand and said with a smile, "Don't worry Darling. I won't hit him. I'm going to reason with him! You stay in the room." James finished speaking and turned to leave. Thea had no choice but to wait in the room for his good news.

James went to room 203 and knocked on the door.

In the room, Kian heard the knock and was overjoyed. "Hellen, you sure are capable! I can always count on her. Thea showed up at my door so soon," said Kian. "You should relax tonight, Kian. You've lost a bit of weight during this period." "Alright. Thanks, Hellen." Kian smiled and got up to open the door. He opened the door and was about to take Thea into his arms but was immediately dumbfounded when he saw the person standing outside his room.

Chapter 448 Kian expected it to be Thea. Instead, James was outside his door. "C-Chairman, why are you here?"

Kian went blank for a moment but quickly recollected himself and invited James into the room.

James walked inside calmly.

Kian shouted, "Hellen, hurry up and make some coffee. The chairman is here!"

When Hellen heard the shouting, she immediately got up and looked at the door. When she saw James, her expression quickly changed. This was the real chairman behind the Transgenerational Group. The real owner with a net worth of trillions of dollars.

She did not dare to be slow in serving him.

"Chairman, hurry and sit." With that said, she hurried off to make coffee.

Kian stood aside with a smile on his handsome face. "Chairman, I was at fault for the matter last time. I shouldn't have tried to use the Transgenerational Group for hype. Please give me another chance." James waved his hand.

"I don't care much about what happened last time." "Thank you, Chairman. Thank you for your forgiveness." Kian was overjoyed. Hellen walked over with her coffee and was relieved when she heard that James had let the previous incident go. She handed the coffee over with both hands.

"Chairman, please have some coffee."

James pointed to the table beside him. Hellen placed the coffee on the table. Kian gave Hellen a look. He understood men and thought that James did not come here for him. He was definitely here for Hellen.

Suddenly, a thought flashed in his mind.

"Yup."

James stood up, grabbed Kian by the collar, and lifted him off the floor.

"Thea is my wife. You sure have some guts. It's one thing that you're interested in her but to threaten her, do you have a death wish?"

Hellen instantly understood the reason James showed up.

She immediately knelt on the ground.

"Chairman, this isn't Kian's fault. It's my idea. Punish me instead."

"You?"

Chapter 449 James casually threw Kian to the ground. As his body skidded against the ground, Kian felt a burning pain but did not dare to let out a sound.

James glanced at Hellen, who was kneeling on the ground. He raised his foot and kicked her.

"Don't think I wouldn't dare to hit you just because you're a woman."

Hellen was kicked to the ground but did not dare to utter a sound.

Kian knelt on the ground and pleaded, "Chairman, it's my fault. I was tempted and made a mistake. Please forgive me."

James really wanted to kill Kian.

However, he promised Thea not to beat up anyone.

He took a deep breath and said, "Go and personally apologize to Thea. Remember, apologize on your knees. It'll be over if Thea forgives you. Otherwise, you'll be thrown into the sea and fed to the fishes."

James left a threat and turned to leave. After he left, Kian and Hellen hugged each other and cried bitterly.

"Hellen, I'm finished. My life is finished."

Hellen was also frightened by James' words. Her body trembled, and she hurriedly said, "Quick Go and apologize. Do your best to get Thea's forgiveness. Otherwise, we're both dead."

Hellen was aware of the influence those in power had since she was in the entertainment industry.

"How are you doing to send her to the hospital? It'll take more than two hours to get to the hospital in the city from here. She'll die before reaching there."

Many people expressed their opinions.

"Since Dr. Michael's disciple is here, it should be fine."

Quentin waved his hand and signaled everyone to be quiet.

After the crowd quieted down, he said, "Don't worry. It's just a bite from a venomous snake. It's very simple to treat. You can count on me."

Quentin glanced at James and said indifferently, “Did you hear? Can you take responsibility if something goes wrong?” With that said, he was about to carry Quincy away. He was excited that a stunning beauty would be in his arms tonight. “Don’t touch her,” James shouted.

Quentin was dissatisfied and immediately stopped his actions. “Fine. I won’t interfere with this matter. You can wait to collect her corpse later,” said Quentin. After he finished speaking, he stood aside and no longer interfered. Quentin let out a pained cry. The students of the second class stood out and criticized him. “What’re you doing, James?” “Get out of here if you have nothing to do here!” “Don’t delay Dr. Goth from saving her!” Seeing so many people helping him, Quentin had a smugness on his face. “Brat, I must remind you that the venom in her body is lethal. The worst outcome is death, and even if she manages to survive, she’ll suffer brain damage if the venom reaches her brain,” said Quentin.

Quentin began to intimidate James. “You don’t have to tell me about it, and you won’t need to do anything either. It’s just a little bit of venom. It’s not a big deal to me.”

“Ha.”

Quentin laughed. “A little bit of venom? Alright. I want to see how you will detoxify and save Quincy.” Quentin shook his head and sighed. “It’s a shame that such a beautiful woman will be gone.” Hearing this, those from the second class were anxious.
