Chapter 897

Yvette knew Hugo's character

He was a school bully who had recruited a group of students and constantly flaunted his power Yvette knew she would be in

trouble if she fell into his hands

Her priority was to find a way to escape

As for how she would deal with him in the future, she would have to think about that later

“F*cking b*tch, how dare you get in the way of my fun? Hugo shouted as he walked over furiously He scanned Yvette's face and

figure She was indeed beautiful and he was satisfied

“Seeing that you're sincere, I'll give you a chance to make me feel good I'll forgive you if you manage to satisfy me.”

“S-Sure thing, Mr. Doyle ” Yvette smiled brightly Saying that, she immediately pushed her way through one of the male students and ran away

Unfortunately, she could not outrun a group of boys and got caught almost instantly They dragged her by her hair and pressed

her against a wall

Hugo walked over, tugged her hair, and slapped her face, cursing. “Haven’t you heard of me? How dare you play dirty tricks on me? Go ahead Try escaping now He hit her with all his might A red mark immediately surfaced on Yvette’s face and blood dripped down her lips.

The slap made her slightly dizzy, and she could not return to her senses for a while.

A couple of seconds later, the realization finally set in “M-Mr. Doyle, I’m sorry Please let me off the hook this time”

“It’s too late to apologize Drag her away.”

“What are you doing?” An angry voice sounded James and Maxine walked over.

Hugo looked over and saw James. Then, his gaze landed on Maxine. His eyes immediately lit up.

Although he was still an eighteen-year-old high school student, he was incredibly mature He had his first sexual relationship with a female student in junior high and by now, he had accumulated several years of sexual experience.

For the past few years, he only had relationships with girls around his age and had never tried it with a sexy and mature woman.

Maxine was a goddess-level beauty. She had slender legs, long black hair, and a curvy figure. The sight of her tempted him greatly.

He walked over with a flirtatious smile. "Hello, beautiful. My name is Hugo Doyle. My father is the chairman of Marrion Group, and my family's assets amount to tens of billions. If you become my lover, I guarantee you endless honor and wealth."

"Ha!" Maxine burst out laughing.

This was the first person bold enough to flirt with her in her entire life. On top of that, he was an immature brat.

James glanced at Hugo and pointed at Yvette, who was being held by her hair, and said, "Let her go."

"You shouldn't interfere, b*stard. I'll give you a chance to leave, or else I'll break your legs," Hugo threatened viciously.

James never wanted to hurt the students. However, they were impudent and would grow up to become horrible humans if they were not taught a lesson.

Hugo's eyes remained on Maxine. He examined her perfect face and voluminous breasts. He swallowed his saliva, walked over, and reached out to hold her hand.

Maxine gently raised her hand and pushed him away. Her seemingly soft palm was terrifyingly strong. Hugo was forced several meters back, and he fell to the ground.

“How dare you fight back? Guys, grab her!” Hugo was furious.

The accompanying students approached Maxine aggressively.

“James, do I really have to hurt these students?”

Maxine smiled.

“It’s a little inappropriate for me to touch them too. If word got out, wouldn’t people laugh at me?” James responded.

The two exchanged a calm conversation.

Hugo felt incredibly insulted and got up from the ground.

‘How dare you look down on me?’

He took out a switchblade, walked over viciously, and pointed it at Maxine. Then, he threatened coldly, “How dare you hit and

look down on me? I’ll ruin you!”

After spitting out threats, Hugo swung his switchblade at Maxine’s face.
