

The Almighty Dragon General Chapter 925

Soon, Luther bought the acupuncture needles and returned to the villa.

Inside a room on the villa's second floor....

Cynthia showered and approached with a bath towel wrapped around her body.

James sat on the bed in a lotus position.

Maxine looked at Cynthia, who just came out of the bathroom, and asked, "Are you ready, Cynthia?"

Cynthia's pretty face flushed red. It was hard to tell whether it was because she took a shower or because she was embarrassed. She nodded with her red cheeks.

Then, she walked to the bed, sat in front of James, and removed the towel.

Cynthia's upper body was bare, but she was wearing underwear. Although young, her body was incredibly voluptuous, especially in her chest.

James was still meditating in a lotus position to calm himself down completely.
