

The Almighty Dragon General Chapter 928

Two figures appeared—one old and one young.

The old figure and a man with neat white hair dressed in baggy white clothes.

Meanwhile, the young figure was a woman with long black hair in her twenties, dressed in a black skirt.

"sir Caden, why did you bring me here?" the woman asked.

The old man looked at the mountain ahead.

It was a bare mountain with smoke billowing at the top.

He pointed to the mountain ahead and said, "This is a volcanic crater that often spews lava. I came here to find a special fruit."

The two people were Tobias and Thea.

Thea already knew that the location was a volcanic crater because she could feel the heat as soon as they approached it.

Even though it was winter and the weather was relatively cold, the surrounding area was scorching, causing sweat beads to appear on her pretty face.

She asked perplexedly, "Why are you looking for a fruit?"

it only grows near volcanoes. The fruit contains Hot Energy. An ordinary person's body will burn from within after consumption and die almost instantly. However, martial
