

Mates with Alpha Maddox Chapter 11

“Maddox had Ellie in the Cellar, he was torturing her because she is a rogue but Kyle was here and he wanted to see Maddox so i brought him to the cellars and it turns out Ellie was Kyle’s mate, Kyle and Maddox started fighting and I told Maddox that if he punched Kyle one more time I would leave him” I say, tears running down my face.

“Oh my, so she has been here this whole time?” Nicole asks and I nod, tears still running down my face.

“Is that why your crying?” She asks me.

I shake my head. “No, I think Maddox will leave me for treating him like I did, I am such a bitch” I say in between sobs.

“Maddox will never leave you Jayda. You guys are meant to be and he is never going to let you go because he knows that there is no one as perfect as you are for him” she says with a smile.

“Jay?” I hear a croaky voice yell out. I run towards the living room.

“Yes Ellie?” i say quickly.

“What is all this talk that you found your mate?” She says with a smile, her face less swollen than before.

I smile lightly “I tried calling you as soon as I found him, but you never answered” I explain.

“I left my phone at home when I went to get you, I followed your scent to this territory and I seriously thought that they had taken you for being a rogue. But the pack fighters caught me as soon as I crossed the pack borders. This pack is strong let me tell you that” she comments.

“You knew about packs?” i gasp.

She nods “I had a bad experience with my pack because my Alpha was abusive and only cared about power. My mom and I ran away. I didn’t want you to go through that so when I found out you were new to the werewolf world I decided not to tell you about packs. I’m sorry” she says guiltily.

“Its okay, if it weren’t for you I wouldn’t have found my mate” I tell her with a small smile.

“So, who is the lucky guy?” Ellie asks me and I tense, its not easy telling your best friend that your mate is the guy that tortured her.

"I am mates with Alpha Maddox" I tell her nervously.

"Alpha Maddox as in the guy that was clawing at my stomach less than 5 hours ago?" Ellie asks and Kyle growls making Ellie smile.

"Yes, but he is not the guy you think, he is an amazing mate and so sweet. He is the best thing that has ever happened to me" I tell Ellie.

She nods "I know, he only tortured me so bad because I didn't answer any of his questions and constantly made fun of his guards, he even said and I quote 'I do not like hurting woman, but since you are being a bitch and not telling me why you entered my territory I will have to torture it out of you' i just laughed so he started clawing at me. He is a great Alpha if you ask me" Ellie says shrugging.

I just stare at her. "Are you being sarcastic?"

"No, I really think he is a good Alpha. Jay thats how the werewolf world is. If Alpha's let rogues get away with things that sends a message and other packs and rogues will attack the pack" She says genuinely.

"Ohh okay ummm do you guys want something to eat? I didn't have breakfast today" I say uncomfortably trying to change the subject.

They all shake their heads and I nod and walk towards the kitchen.

I open the fridge and see there are microwavable beef and cheese burritos.

"Nikki! Can i have a burrito?" I yell out.

"You can have whatever you want Jayda, mi casa es su casa" Nicole says, the last part with a terrible spanish accent.

I laugh "You need to practice your accent Nikki, you still sound american when you try to speak spanish"

"Shut up, my spanish is perfect" she says and I can imagine her sticking her tongue out at me.

I roll my eyes "sureeee"

"Just eat the damn burrito and leave me alone" she snaps playfully and goes back to talking to Ellie and Kyle.

I put my burrito in the microwave (A/N i had accidentally written 'I put my microwave in the burrito') and waited 3 minutes and 30 seconds for it to be cooked.

When it beeped I took it out and took a bite— effectively burning my tongue.

Fun.

Not really.

When it cooled off a bit I quickly eat my burrito and go to the living room to see Ellie and Kyle cuddling on one couch and Nikki and Luke cuddling on the other. I felt longing inside my chest. I know The last time I saw Maddox he was really mad at me and I was a bitch but I miss him so much.

I decide on going home and apologizing to him. I just hope he forgives me.

“Umm guys, I am going to head home now” I say making Ellie quickly pull away from Kyle and stand up.

“Are you okay?” She asks me.

“Yeah, I am going to go talk to Maddox and see if he forgives me, I really miss him” I tell her sadly.

“I get it, everything will be alright. See you tomorrow Jay” Ellie says giving me a hug, kissing my cheek and pushing me out the door.

I start walking towards Maddox and I’s house trying to think of a good apology.

I am so sorry...

Maddox, I am so sorry but you have to understand Ellie is my best friend...

I didn’t mean to say those things to you, I was just freaking out...

Before I know it I am in front of the door.

I open it and gasp. The living room was a mess, the Tv had a huge crack, the couches thrown Around and there was broken glass everywhere.

Maddox was definitely here.

I go up the stairs and slowly open out bedroom’s door. In side our room nothing was broken or out of place. Maddox was sitting on the edge of the bed with his head in his hands.

When he heard the door close his eyes snap to mine. What i saw broke my heart. His eyes were bloodshot and its was obvious he had been crying. My heart ached for my mate and I felt angry at myself because I caused his pain.

Before I could even blink, Maddox walks towards me and wraps his arms around me in a tight embrace.

"I am so sorry" he murmurs kissing my neck.

"Its okay" I say breathlessly.

"No its not, I didn't know she was your friends if I would've known I wouldn't have hurt her. at first I was angry, i went for a run and when I calmed down I realized the mistake I've made. Then you still hadn't come home and I thought you left me" he says, his voice breaking making my heart clench.

I hug him tighter "I don't think I could leave you even if I wanted too" I say honestly.

"Why's that?" he asks.

"Because I already love you" I says shyly.

His eyes widen. "You what?" He asks, a grin over taking his face.

"I-i love you Maddox" I say looking into his eyes.

He kisses me deeply. "I love you too, Jayda"
