

Mates with Alpha Maddox Chapter 25

Jayda's POV

Eli stands beside me with wide eyes while Nikki runs over to Anna and gives her a tight hug.

"Holy shit! I didn't know you would be here Anna" Nikki says with a bright smile.

"Well my dear older brother told me you and Maddox would be here soon so I flew here as soon as I could. I've been here for about a week already" Anna says with a British accent.

'Of course the bitch had a cool accent' I think bitterly.

I catch Ellie's gaze and she raises an eyebrow at me as if asking "What the hell is going on?" I simply shrug and turn my gaze towards Maddox who was talking to a guy about his same height with sandy brown hair and bright green eyes.

I walk towards them and stand beside Maddox.

Maddox smiles at me as soon as he sees me but since I am mad at me I just give him a blank and smile towards the other guy who I am guessing is Alpha Byron.

"Jayda, this is Alpha Ian Byron. Ian this is Luna Jayda Donovan" Maddox says.

"Nice to meet you Alpha Byron" I say with a smile.

"Oh, no. Call me Ian, Alpha Byron was my father" He says with a small chuckle.

"Well, in that case you call me Jayda"

"I-" Ian was about to say something but was cut off by an angry Maddox.

"Are fucking kidding me Ian? Flirting with my mate right in front of me?" Maddox growls out.

"Damn, chill brother" Ian says with a laugh.

"We were just introducing each other! Its not like I jumped onto his open arms as soon as I saw him" I hiss, referring to how Anna jumped on his arms as soon as she saw him.

He glares at me and I glare back.

"Whats all the fuss about?" Anna asks walking up to us and putting her arm around Maddox's shoulders.

“Hands off my mate before I rip them off” I say with a growl.

Before she takes her hand off Maddox steps away from her.

“Calm down Jayda” he says in my ear.

I give him my meanest glare then storm off towards Nikki and Ellie.

As soon as I reach Nikki I grab her arm and drag her towards Maddox’s truck.

“Nikki, who the fuck is Anna?” I say while glaring at her.

“She is Alpha Byron’s little sister. She is our same age” Nikki says.

“I know but what is she to Maddox?” i ask.

“Nothing. She used to be his best friend though. Well kind of. Ian and Maddox were best friends and Anna was always following them around so they were really close ” Nikki shrugs.

“She has a thing for him” I state and Nikki nods.

“She does, she always has had a thing for him”

“Why do you say this so calmly? He is my mate. And did you see what she did when we got here?” I ask in outrage.

Nikki cringes “oh, I was hoping you hasn’t seen that”

“How would I not see it? She was all over him” I snap while running a hand through my blonde hair.

“Maddox would never do anything with her. He loves you. You are the most important thing in his life” she says.

“Thats what they all say, all guys are the same. Disgusting cheating assholes who like to see us woman suffer” I say then freeze. My emotions were all over the place. The fact that my dad had cheated didn’t mean that Maddox would.

I take a deep breath then say “I just- uh I don’t know what to think. All I know is that if that bitch thinks that she can just try to flirt with my mate and not lose a limb then she is mistaken. So next time you talk to her tell her not to mess with whats mine” I say and get out of the truck towards where Ian was .

“Hey Ian, umm where is Maddox?” I ask him with a smile.

“He is working on some pack business with Anna and the Beta” he says.

“Anna?” i ask trying not to sound bitter but most likely failing.

“Yeah, she is really good with strategy so we decided it would be good for her to help” He says.

“Mmm, not trying to be rude but why aren’t you with them?” I ask.

He chuckles “I already know everything that will be said in that meeting. My sister and Beta told me everything when they came up with it.”

“Oh Okay” I say with a frown. I didn’t like the idea of Anna and Maddox in a room together even if the beta was with them. I didn’t trust her, I didn’t trust her one bit.

“Yeah, so do you want a tour of the place?” Ian asks.

“I am pretty sure Maddox wouldn’t like that” I say.

Ian smirks “I don’t really care, we aren’t doing anything wrong plus he is kind of in a room with my sister who is head over heels for him. He knows you don’t like it but he is still doing it” He points out.

“You are right...” I trail off while thinking about it.

“C’mon Jayda, this is harmless fun. I promise I will not do anything Bad.” He says holding out his hand to me.

I sigh “fine, but I wont hold your hand” I say with a laugh and start walking beside him.

Maybe he will help me time my mind off of Maddox and Anna for a while.
