

Mates with Alpha Maddox Chapter 30

Jayda's POV

"You ready?" I ask Maddox while looking at my outfit in the mirror. I was wearing a red plaid shirt, black skinny jeans and a pair of brown combat boots. I had straightened my hair and done my make up light.

"Yeah" he says, Maddox was wearing a black t-shirt, black jeans and black converse he looked super hot in that dark kind of way.

"You look good" Maddox compliments.

"Thanks, you bought me this outfit today" I say with a grin.

He rolls his eyes with a small smile.

I look around the room, i feel like I forgot something but I don't know what.

"Maddox, did I forget something?" I ask.

He shrugs "What were you suppose to bring?"

"Uh nothing" I answer.

"Then you didn't forget anything" he states simply making me roll my eyes.

"I'm serious, I feel like I forgot something" I pout.

"Just stop thinking about it, you will never remember" he says while grabbing his keys.

"Well then" I mutter.

Ignoring me, he speaks "Lets go, I'm hungry" we exit the room, walk down the stairs and out the door.

When we reach Maddox's truck and get in.

"How was the meeting?" I ask, trying to make conversation.

"Boring" he answers vaguely.

"Interesting" I say sarcastically making Maddox's lips tug up in the corners.

"Yeah, how was your day?" He asks me.

"It was alright, we walked around the whole mall and talked about hot guys..." I trail off looking at him clench his hands on the steering wheel.

He is about to open his mouth, probably to scream at me so I hold my hand.

"I'm kidding Maddox, you take everything so seriously" I say laughing like a hyena.

Suddenly I stop and cuss under my breath.

I knew I had forgotten something.

I quickly grab my phone from my back pocket and dial Ian's number all this while with Maddox looking at me with furrowed eyebrows.

"I forgot to call Ian" I mumble.

Rolling his eyes he says "Jayda don't tell me you were planning this without Ian's permission?"

Ian answers at the first ring.

"Jesus, Jayda. Are we leaving yet? I'm so nervous" Ian's voice answers.

"Yeah, you need to get ready and come to the diner cause I kind of forgot about you" I say sheepishly.

"You're joking right?" Ian asks through the line.

"Nope, sorry. I was just so excited that I forgot. But its okay, Maddox and I will save you a seat so just get here" I say.

"Okay, see you then" Ian says then hangs up.

"I can't believe you forgot to call the reason why we were going to the diner in the first place" Maddox mutters, I give him the finger and keep looking out the window.

I start thinking, how am I going to get Isabella and Ian together?

I mean, for sure know I wont be able to get them together this fast and I only have a day left so I'll just have to get Ian and her to start talking and if Ian plays his cards right then he should be able to have his mate by his side soon. Hopefully.

"Tomorrow is the BBQ" Maddox says.

"Okay, cool. Do you think they'll have pie?" I ask.

“Pie? Yeah, I think They will have apple pie and maybe even blue berry” he answers.

I make a face “Apple pie? Blue berry? Won’t they have the sugary good ones? Like the chocolate pie or oreo pies?”

Maddox shrugs “I don’t know, if they don’t have them then I’ll go buy them tomorrow”

“Okay” I say with a grin.

“Do you know where the diner is?” I ask Maddox, he is driving as if he knows.

“Yeah, I come visit Ian a lot so I know that Reed’s Diner is really popular here and I also know that Ian doesn’t like coming here because of his mate” Maddox says.

“Did he tell you?” I ask.

“Nope, I am very observant” he says.

We reach the diner and well since Ian wont be here for a while I decide to ask the question that has been bothering me for a while now that we are alone.

“Have you had sex with another person?” I ask, my gut twisting at the thought. I didn’t really want to know but I felt like I needed to know.

Before he could utter a word I speak again. “You can be honest, I won’t get mad, well maybe I will it all depends. How many girls have you slept with? Are they a lot? You probably fucked more than one obviously. Ugh why can’t guys just wait it fucking pisses me off liek what the actual fuck Maddox! Why the fuck didn’t you wait? Was it so hard to keep your dick in your pants? Huh? Did you have sex with Anna? I bet you did thats why she is so obsessed with you I swear that if I see that fucking slut trying to flirt with you then I will kill her. I will literally fucking snap her neck m, I was going to say slice her throat but that would get her blood on me and I don’t know what type of diseases she has. Anyways answer me! Why did you have sex with all those women!” I start hitting him “You are a fucking asshole! Just leave! I’ll wait for Ian by myself! I don’t want you here” I say still hitting him.

He just stares at me. He looks confused.

Oh so now he is confused. Fucker.

“Uh- I-i...what the fuck is wrong with you?” Maddox says after struggling with what to say.

“Whats wrong with me? The thing wrong with me is that my mate fucked someone before he met me” I hiss.

“Okay, Jayda calm the fuck down. You didn’t even let me speak. You just kept talking and talking! Stop assuming! I have never had sex with anyone. Zero. I waited for you.” He says, looking at me straight in the eyes.

Wow, so I just had this jealous attack for no reason....

“Oh” I say dumbly.

What the hell is wrong with me? I am not like that. Wait. What if I am like that?

“I’m still going to kill her if she flirts with you” I say calmly.

“Umm don’t do that?” Maddox says but it sounds like a question.

“I’ll still do it, now lets go” I say getting out of the truck. Doing everything I can to forget about the embarrassing thing I just did.

“I need to pee” Maddox says.

“Then pee” I shrug.

“Get us a booth, I’ll be right back” Maddox says walking ahead of me.

I find a booth and sit down, I start looking around and try to find the red headed girl Ian described me and I spot her quickly. She was really beautiful. She had flowly red/orangy locks and big green eyes. She was talking to one of the cooks.

She was wearing one of those grey button up grey dress uniforms with a white apron tied around her waist.

The cook points to me and she nods, quickly taking a menu from a little basket and bringing it to my booth.

“Hello, welcome to Reed’s diner. My name is Isabella and I’ll be your waitress for the rest of the evening. Would you like some water? Tea?” Isabella chirps while handing me the menu.

“Hi, and just some water. I am waiting for my boyfriend” I say with a smile.

“You are Luna” she states with a grin. Don’t ask me how she knows, werewolves can smell and feel those stuff.

I nod “I am”

“Oh okay, well umm. I’ll be right back with that water” Isabella says then leaves, disappearing into one of the doors that les to the kitchen.

“Jayda, hi” I hear Ian say from the front door of the diner. I usher him towards the booth with my hands.

As soon as he is sitting in front of me i grin. “I met your mate and she is so cute, i loooveeeeeee her hair...”
