

Mates with Alpha Maddox Chapter 31

Isabella's POV

I decide to get the water for the Luna myself since I we are really full today and everyone is really busy.

"What are you doing in here Bella? You are suppose to be waiting tables. We have a full house tonight" Connor, one of the cooks says while chopping onions.

"I am doing you guys a favor just keep doing what you are doing" I say and grab a glass, and filling it with Ice and water.

I absentmindedly walk out of the kitchen, I spot the Luna again but this time she is with someone. And not just anyone.

She is sitting with the sister fucking asshole who broke my heart after only 5 seconds of meeting me. Aka Alpha Ian. The mate I rejected years ago.

Now, if you expect me to cry a river over him then you are in for a surprise.

What he did no longer hurts, because well I kind of got over it. I say kind of because even though It was 7 years ago my heart still beats faster at the sight of him.

Anyways, I was only 16 years old. I know better than to cry or swoon over a guy like Ian. He isn't worth it.

All I simply feel for him is anger. Because he made me feel like a fool. And I simply hate that feeling.

Then I start connecting the dots. She is Luna, she said she was waiting for her boyfriend and Now Ian is there. Now, even a 2 year old can piece that together.

"That bitch, took my place as Luna" My wolf growls in my mind making me roll my eyes. I got over him. Her? She still thinks he will come back and swoop us off our feet. Delusional wolf.

Now, while my wolf is having a panic attack over someone taking "her man" away. All I think about is how bad I feel for the Luna. I mean Ian here can't keep it in his pants so Unless she has sex with him 24/7 then he is probably cheating.

Remembering that I was taking too long I decide to bring her the water.

So plastering a smile on my face, I grab another menu and skip towards them.

"Hello guys, here's your water Luna" I say.

“Oh please, call me Jayda” she grins warmly at me.

Oh no, she is one of the nice ones. Ian is seriously a dick if he hurts her.

I hand Ian his menu and try to give him an acceptable smile but I bet it ends up looking like a grimace because I seriously dislike the guy.

Ian keeps looking at me and its really starting to creep me out so I just look at Jayda.

“Have you decided what you wanted?” I ask her with a smile. One that isn’t forced. Unlike my wolf who wants to kill her, I actually like the girl.

“Not yet, my boyfriend still-oh wait there he is” she says and looks behind me. I turn around and see a really tall muscly guy walk towards the table with a serious face.

“The bathroom line was fucking huge” The guy says rolling his eyes in annoyance while sitting next to Jayda and giving her a kiss on the temple.

“Okay, now we are ready to order” Jayda says looking over the menu. “Oh! By the way this is my boyfriend Maddox” she says excitedly looking up from the menu and pointing at The guy sitting next to her.

He nods in my direction then starts looking at the menu again.

“I would like the Potato skins” Jayda says with a smile. Does she ever stop smiling?

“I’ll have a bowl of chili” Maddox, her mate says politely.

They are like polar opposites. He is super scary and serious and she is warm and happy.

“What are the great balls of fire?” Ian asks with humor in his voice.

I turn to look at him, Maddox was good looking but he had nothing on Ian.

With his sandy brown hair and deep green eyes, sharp jawline and high cheekbones he was beautiful on the outside. Sadly he was disgusting on the inside.

Rolling my eyes at him to show that I didn’t find anything funny I answer “The great balls of fire are Jalapeño peppers stuffed with cream cheese. Battered and fried hence the name”

“Oh, well I’ll have those” he answers, his eyes not leaving mine.

“Good, well I’ll have everything ready in about 15 minutes tops, What would you guys like to drink?” I say after writing everything down on my little pad.

“Coke” Ian and Maddox say in unison while Jayda says sprite. “Okay, I’ll have Betsy bring you guys your drinks”

I was about to make my exit when Ian speaks again.

“Wait!” He says quickly. I raise both eyebrows at him because I simply haven’t mastered the art of raising one eyebrow.

“Stay” he says, his voice soft and pleading, almost vulnerable.

I look at him for I don’t know how long then burst out laughing. I mean tears and everything.

“Oh god, dude you have got to be kidding me” I say wiping the tears from my eyes that had escaped while laughing like a hyena.

“Anyways, I’ll give Connor your orders and the food will be ready in a bit” I chirp then walk towards the counter.

“Betsy could you please bring two cokes and a sprite towards table 6? The cokes are for the guys and the sprite for the girl” I ask.

“Sure thing hun” Betsy says.

“Connor!” I holler once I am in the kitchen again.

“Bella seriously, you are suppose to be outside taking orders. I feel like 90% of the time you are in here” he says looking at me pointedly.

Shrugging I answer “Well, I have an order and decided to get my favorite cook to make it because well Kelsie is still very much pissed at me from the other day so I’ve been avoiding her”

“Of course” he mutters with a chuckle holding out his hand out to me. Grabbing my pad I rip the page with the orders and hand them to Connor.

I met him when I started going to the local college together. I was looking for a job and he told me he was working part time at his brothers diner and that he could talk to him about giving me a job and well I accepted cause I really needed the money.

Connor was a really good looking guy, he was my age and had brown hair and hazel eyes. His body was well built and really tall. I am proud to say I hit that, and more than one time too.

I am no slut but well I am a single, mateless she-wolf who refuses to live the rest of her life moping over a guy who hurt her.

“Bella, Reed’s going to get mad if he saw you inside the kitchen” He reminds me.

“You are Reed’s brother, tell him I’m helping you or something” I wave him off.

“Okay, why don’t you want to go outside? Is your sister there again?” Connor asks while he starts working on the orders.

“Nope, I’m actually trying to avoid my mate” I answer vaguely.

He tenses “Do you want me to do something about it?” He asks looking at me.

He was really protective over me, we were best friends who sleep together once in a while just because. No feelings were involved though so it was all good.

Connor wasn’t a werewolf but he would definitely be able to give Ian a run for his money in a fight because well werewolves and humans aren’t the only species in this world.

“No its alright, I’ll just hang out with you for a bit until the order is ready then I’ll bring it to them and come back here. Or maybe I’ll apologize to Kelsie” I say, Connor goes back to cooking.

I watch him cook for a while until I get bored and decide to apologize to Kelsie who was at the other end of the kitchen.

“Hey kels” I greet with a grin.

“Isabella” She says coldly.

“Awwwn, c’mon don’t be like that! I didn’t mean too” I say pouting.

“Yes you did!” She states.

“Yes I did” I say.

“See, you aren’t even sorry!” She exclaims.

“I am not...but before you start yelling if anyone is to blame it should be Reed. I asked him for a day off but nooooo he didn’t give it” I defend.

“I cussed Reed out because of you! You told me your grandma was sick” she hisses.

“She was sick...10 years ago, but it still counts” I mumble.

“Is she still sick? Cause if she was then why were you at that party with Connor?” She raises an eyebrow.

“Of course she isn’t sick anymore, she died and I was at the party because well I needed to have some fun and well I knew Reed’s in love with you and stuff and would listen to anything you said” I shrug.

“I cussed him out!!!!”

“But it worked, i got the day off” I say with a grin.

“I would do it for you” I say wiggling my eyebrows “I’ll even cover for you if you want ti go to the storage closet and have your way with Reed”

She blushes “what are you saying Isabella! I am not like that! Now off you go. I forgive you just stop saying those things!”

“Okie dokie! Loveeeee youuu” I say kissing her cheek and walking towards Connor.

“I am forgiven” I state simply.

He rolls his eyes “The way you can get away with practically everything both amazes me and scares me”

I tap my temple “Its all in here”

“Food’s ready” Connor says.

I grab a tray and load all three plates on it.

I walk towards table 6 with the tray in hands.

“Here are your orders” I say with a small smile.

“Thanks, umm can you talk to us for a bit?” Jayda asks.

“Uh sure” I say looking at her weirdly.

“Okay, so what do you think of Ian?” She asks.

“I think that he is an asshole who probably has STD’s by now” I say bluntly.

“I don’t have any STD’s thank you very much” Ian says frowning.

“He is a really nice guy” Jayda says.

“Oh I bet” I say with a laugh.

“So would you be maybe willing to give him a second chance?” jayda asks.

“Not really, I don’t like him. I have no feelings towards him. I mean of he wants to be my friend to get some kind of closure than sure I’ll be his friend but I am 100% over him” I say truthfully, its been 7 years I an no longer that naive 16 year old girl that would have jumped at the thought of having a mate.

“You are over me?” Ian asks in disbelief, his eyes sad.

“Yes, but don’t look so sad. What were you expecting?” I ask.

“I don’t know but I wasn’t expecting this”

“As long as you don’t try to flirt with me, I’ll hang out with you and stuff. We could be friends. I’ll be your wingwoman” I joke and he doesn’t laugh.

“Well then, just I don’t know. I am not interested in a relationship” I say.

“I’ll take what I can get” he says but their was a determined glint in his eyes.

“Don’t get any ideas. I wont fall for your shit, enjoy your meal guys. Call me if you need anything else” I say, standing up and walking to the counter where Betsy was.

Hopefully this will help my wolf get closure And finally stop hoping for Ian to be ours.

Because he never has been and never will be...

Mates with Alpha Maddox Chapter 32

Jayda’s POV

Ian, Maddox and I had just finished our starters and were now looking at the burger menus.

“I think I will have the bacon Cheese burger” I say to Isabella and she writes it down on her pad.

“You?” She asks Ian.

“I’ll have the extra extra big hamburger, with Tomatoes, lettuce and onions. No mustard” Ian says, looking at Isabella with a smile.

He grins at him before realizing she is smiling at him and puts on a blank face.

“What would you like?” She asks nodding at Maddox.

“I would like a chicken sandwich with lettuce and mayo” Maddox says, his voice polite like always. He needs to loosen up.

“Okay, your orders will be right up” Isabella smiles brightly at us then walks through a door into the diners kitchen.

“Its weird” I start, catching both Ian and Maddox’s attention. “None of the other waitresses walk into the kitchen they just leave their orders to the lady at counter but Isabella keeps going to the kitchen every time. She is probably also helping the cooks inside. Nice girl” I say giving Ian a grin.

“She said I had an STD” Ian says with a scowl.

Rolling my eyes I say “You need to give her time Ian, she is just a little...mad. You’ll see before you know it Isabella will be accepting your bond and you guys will be having pups”

“I have a feeling it wont be that easy” Ian sighs.

“It won’t be. Have you met your mate? She hates your guts” Maddox says, I glare at him but he only shrugs as if saying ‘what? Its true’

Giving Maddox a glare I say “she doesn’t hate you. She just dislikes you at the moment”

Ian runs his hands through his hair in an exasperated way. “I don’t even know why I am doing this, she wont forgive me”

I put my hand on top of Ian’s and was about to tell him not to give up but Maddox quickly grabs my hand and holds it in his while glaring at me.

I glare back. “Maddox I am trying to be a supportive friend” I say calmly.

“Be a supportive friend without touching him” Maddox says with a scowl. I decide to just ignore him.

“Ian, I told you its not going to be easy but whatever you need Maddox and I will be there for you” I say with a small smile and Maddox raises an eyebrow at me.

“Yes you too, Ian is your friend too” I say with a pointed look.

“Friend is a strong word” Maddox mutters taking a sip of his soda.

Ian fake pouts “Maddox how dare you, we are besties” he jokes but you can see in his eyes he is still sad.

Maddox rolls his eyes and ignores Ian.

“Oh Ian, I forgot to ask you. Is there going to be oreo pie at the BBQ?” I ask.

"I don't think so. Why?" He asks.

I pout "I wanted oreo pie, I haven't had it in ages"

"I'll get you some tomorrow" Maddox says.

"Thanks!" I beam at him and kiss his cheek.

"Yeah yeah" he says then drinks some more of his soda.

"So, how are you going to win your mate back?" I ask, taking a sip from Maddox coke because I already drank all of my sprite.

"I honestly have no idea, she is not like I remember. I mean I see her frequently but I had never spoken to her since the rejection. I thought she was going to be the sweet girl I met 7 years ago with that being said I don't know how to get the new her to give me another chance" Ian says, looking defeated.

"Ian, all you have to do is show her you are no longer the guy who will hurt her. Show her you can be her dream guy! Earn her trust and don't give up" I say looking at him in the eye, he nods.

"So anyways, I'm so sad. Tomorrow is our last day here" I say with a pout.

"Yeah I know, it sucks. You know you guys could stay longer if you'd like" Ian says but Maddox quickly turns him down with a "No, thank you. We have a pack that we need to get back to"

"Yeah, we need to go back. But you and Isabella can come visit anytime" I say.

Ian gets a mischievous look in his eyes then asks "Can Anna come too? I'm sure she would love to"

I glare at him and Maddox rolls his eyes.

Ian winks at me then takes a sip of his coke.

"They are taking so long, that bowl of chili wasn't enough! I'm starving" Maddox says moodily.

"Stop over reacting Maddox, it hasn't been that long" I point out and he just crosses his arms.

About 10 minutes later, Isabella comes back with our orders.

"Anything else I can get you guys?" Isabella asks after setting the food at the table.

“Faster service, maybe even a new waitress” Maddox says, his voice serious.

Isabella laughs a little until she sees Maddox’s serious expression. “Wait, you’re serious?”

“Of course I am serious. My food took forever and all you have done while attending us is treat Ian poorly. You should actually be fired, you suck at your job” Maddox says looking at her straight in the eye.

“Leave her the fuck alone Maddox, the place is full what did you expect?” Ian says glaring at Maddox.

“I expected good service” Maddox says shrugging his shoulders and popping a french fry into his mouth.

“She is doing a good job, stop being an ass” Ian snaps.

“Your opinion is biased” Maddox says, I elbow him and he looks at me with an innocent grin. “Yes Jayda?”

“Isabella is right there! Stop being rude!” I hiss turning to Isabella I then say “Forgive him, he has been under a lot of stress lately”

She shrugs but glares at Maddox, he just raises an eyebrow at her.

“Can you please refill my sprite?” I ask Isabella and she nods leaving the coming back with a jar with sprite in it.

“Thanks” I say as she fills my cup.

“No problem, anything else?” Isabella asks,

“Nope, thanks” Ian says smiling brightly at her.

As soon as Isabella leaves Ian’s smile drops and he scowls at Maddox. “Why the hell did you treat my mate like that?” He snaps.

“I was just pointing out that we were getting terrible service” Maddox shrugs, taking a huge bite out of his burger without a care in the world.

“No you were being an ass” Ian says.

Maddox sighs, rolling his eyes “You are so damn dramatic”

“You think I am being dramatic? You insulted my mate” Ian seethes.

Maddox eyes Ian with amusement “I did no such thing”

“I am done. Whatever Maddox. How can you handle him Jayda? He is such an ass” Ian says, the scowl still on his face.

“Awwwn c’mon Ian, Maddox is sorry. Right babe?” I say looking at Maddox.

“Right...” Maddox trails off.

“Okay guys lets just eat, I’m hungry” I say taking the first bite of my burger.

So good.

“This is delicious” I say taking another bite.

Mates with Alpha Maddox Chapter 33

After we are all done eating we decide to head out. Maddox pays for our food and Ian pays for his.

“It was so nice meeting you Isabella, hopefully we’ll see each other soon” I say waving enthusiastically at her.

Isabella grins at me”Nice meeting you too”

Ian engulfs Isabella in a hug, Isabella quickly tenses and tries to pull away.

“Ummm, Ian do you mind?” She says with an awkward cough.

“Not really” he says hugging her tighter.

“Ian get off” Isabella hisses uncomfortably .

He unwraps his arms from around her “Well then”

Maddox snickers and both Ian and Isabella glare at him.

“You guys are so lovely” he says with a smile but sarcasm is laced in his words.

Rolling my eyes I grab Maddox’s arm and pull him outside so Ian and Isabella can talk privately.

“What is wrong with you?” I ask, my arms crossed.

“I am in a good mood” he shrugs.

"You are so weird" I say hugging his waist.

He instantly hugs me back "You know you love it"

"I do" I say with a small laugh then add "I'm sorry"

"For what?" Maddox asks hugging me tighter.

"For going all psycho on you earlier, I got a little carried away" I mumble embarrassed.

He kisses the top of my head "Its okay, I have gotten carried away quite a few times as well"

I hug him tighter "I love you"

"I love you too, Jayda" m

Someone clears their throat. "Sorry to bother you guys but well its not nice to act all lovey dovey in front of someone who's soulmate hates them" Ian says with humor making me pull away from Maddox.

"What did you guys talk about?" I ask ignoring his comment.

"Nothing much, I pretty much did all the talking. But At least I got her number" he says with a grin.

"Thats good" I say giving him a quick hug. Maddox looks at us and scowls.

Ian smirks putting his arm around my shoulders "Something wrong Maddox?"

"We're leaving" Maddox snaps grabbing my hand and pulling me towards his truck.

As soon as I am buckled in Maddox speeds out of the parking lot.

I start thinking of how the night went and well it wasn't THAT bad...

I think Ian still has a chance with her, sure she was kind of rude to him but he did have sex with her sister so she has a right to be salty I guess.

"What are you thinking about?" Maddox asks.

"Ian" I answer and Maddox glares at the rode.

"Do you like him?" He asks through clenched teeth.

"As a friend yes" I answer.

"If its just as a friend why the fuck are you thinking about him" Maddox hisses.

"Because he just talked to his mate after a really long time" I answer matter of factly.

"What ever, I don't care anymore" he snaps.

"What do you mean you don't care?" I ask.

"I mean I am fucking over it" he says glaring at me then looking back at the road.

I cross my arms over my chest and look out the window.

As soon as we get to Ian's house Maddox storms off to I don't know where.

I walk into the house About to head up the stairs when a voice startles me.

"Trouble in paradise?" I turn around to see Anna.

"Its none of your damn business" I snap and was about to leave when her voice stops me.

"Actually it is, Maddox has feelings for me" She says with a smile.

I roll my eyes "You are delusional Anna, I mean are you listening to yourself?"

She glares at me "I am not delusional, Maddox was in love with me but he was always too shy to admit it! Now that he found you his wolf is making him be with you but if it were up to him he would've made me Luna ages ago"

"You really are crazy" I say with a dry laugh.

Anna smirks "You'll see, Maddox will be mine at the end and he will throw you away like the dirty trash you are"

I take a few steps towards her, she looks unfazed and faces me straight on.

I back her up against the wall and my hands find their way to her neck on their own accord.

"Now now, lets not get nasty. Theres no need for name calling" I say with a wide and probably creepy grin.

"Get off me bitch, Maddox will get back at you for this" Anna gasps out.

I tighten my hold around her neck "Anna I'm going to tell you something and I'm only going to say it once. First of all I dare you to fucking call me a bitch again, lets see how

that will end up for you. Second of all and most importantly if I ever see you harassing Maddox again I will kill you. I will fucking rip you apart and enjoy it. Don't test me Anna, because you don't know what I am capable of doing for the guy I love" My tone is sickly sweet but my eyes are menacing.

I release my hold on her neck and her knees buckle, she puts her hands around her neck rubbing it and taking deep breaths.

"You-you" she starts and I squat in front of her, a sadistic smile plastered on my face.

"I will kill you if you mess with what's mine" and with that I straightened up and walked up the stairs to Maddox and I's temporary room feeling in a much better mood.

When I get to the room Maddox is already laying down on the bed, a scowl still present on his face. He was shirtless, only wearing pajama pants.

Sighing I crawl onto the bed and snuggle to him. "Let's not fight Maddox" I say kissing his cheek.

He sighs "I was overreacting"

"Yes you were, but it's okay" I mumble.

He takes a deep breath. "Why do you smell like Anna?"

I smile shrugging "I bumped into her on my way here"

He looks at me worriedly "She didn't do anything to you did she?"

I grin "Oh no, don't worry she didn't do anything to me"

"Good, cause nobody messes with the woman I love" he says hugging me to his side.

"And nobody messes with the man that I love"

We stay like that for a while longer until I pull away to change into my pjs.

"What time do we need to wake up tomorrow?" I ask Maddox when I come out of the bathroom.

"The BBQ is at 1pm so we can sleep in a bit" Maddox says with a yawn.

"Are you tired?" I ask while dabbing my make up off with make up remover.

"I am exhausted" he admits.

“Same” I mumble, wiping away the rest of my make up and throwing the cotton balls in the little bin.

“Wanna call it a night or do you want to watch tv?” He asks.

“Lets sleep” I say turning off the lights and crawling back onto the bed, getting under the covers and snuggling towards Maddox.

Maddox wraps his arm loosely around my waist and burying his head in the crook of my neck and giving it a light kiss.

“Good night Jayda, I love you” Maddox says.

“Night, love you more Maddox”

Mates with Alpha Maddox Chapter 34

“Jayda, c’mon baby wake up” I hear Maddox’s voice say while shaking me softly.

“Mmmm no bye” I mumble turning around, away from his voice and into my pillow.

“Jayda...” Maddox sighs.

I ignore it.

“Theres food” he says.

“I don’t care, I am sleeping leave” I snap grabbing a nearby pillow and throw it towards his voice’s direction.

“Okay” he says and I hear him leave.

Finally.

I snuggle deeper into the pillows and relax.

Suddenly my peaceful slumber is interrupted by something cold and wet thrown on my face.

I jump up spluttering and wiping my face.

“What the fuck?!” I snap while looking at my wet clothes.

“You wouldn’t wake up” Maddox says shrugging his shoulders and walking towards a little table that had a little tray with a sandwich and orange juice.

“I made you a ham and cheese sandwich” Maddox says handing me the tray.

“My clothes are soaked” I state.

“No shit” he says with a smirk.

Glaring at him I answer “Why the hell would you do that?”

“I already told you. You wouldn’t wake up” he answers innocently.

“You suck” I say taking an angry bite out of my sandwich.

“I can totally make an inappropriate comment out of what you just said but you’ll probably kick my ass so I’ll just stay quiet” Maddox says with a smirk.

“Don’t even Maddox” I snap, I was moody because of the way he woke me up.

He raises his hands up in mock surrender “I’m not”

“What time is it?” I ask.

“Its 12pm, you have an hour to get ready” he says turning on the tv.

“What?!?! I screech and gobble down the rest of my sandwich and down the whole glass of Orange juice in one gulp.

I put the glass back on the tray and quickly grab one of the shopping bags where I had the clothes I had bought the other day at the mall. I had already packed something for the BBQ but that was before I knew there was some skank after my mate. I need to look good!

I take a quick shower and start getting dressed.

I had bought salmon pink shorts and paired it with white flowy shirt and white sandals.

I braided my hair and put on some light make up.

When I walk back into the room Maddox is still watching tv, as calm as ever.

“When are you going to get ready? Its already 12:49” I say crossing my arms over my chest.

Maddox looks at me then sighs and turns off the tv and grabs some clothes from his bag.

He walks into the bathroom and a few moments later I hear the shower running.

I lay down on the bed and wait for Maddox to get out of the shower.

I start thinking and realize I haven't shifted in a while. I'll have to do that soon, even though I am not that close with my wolf I need to shift more often to release stress.

At 1:07 Maddox came out of the bathroom fully dressed, his hair still damp.

Maddox was wearing a red shirt, dark jeans and red converse.

"You done?" I ask.

"Yup, lets go" Maddox says motioning towards the door.

Standing up I lazily walk beside Maddox down the stairs and outside to the middle of Ian's pack village.

There previously bare place was now full with people, tables were scattered around, some catching song could be heard from the speakers, kids were running around playing different kinds of games and the food. God the food looked amazing. There were tables and tables full of different kinds of yummy food.

There were also. Coolers full of sodas and beers.

There were pack members grilling burgers, hotdogs and everything that they could get their hands on.

Ian had done a great job!

I see Ellie and Nikki and quickly grab Maddox hand and pull him towards them.

"Hey girls" I say hugging them quickly. Our mall trip had totally been healthy for our friendship.

"Hi" they both say in unison.

"I'm going to the bakery really quick to get the oreo pie you wanted. Do you want to go with or will you stay with Ellie and my sister?" Maddox asks.

"I'll stay with them for a while if you don't mind" I say shrugging.

"Its alright, I'll be back soon. I love you" Maddox says giving me a quick peck on the lips.

"I love you too Maddox" I say as I watch him towards his truck, he purposely walked faster every time he saw someone start to approach him.

I inwardly laugh, he is so antisocial.

“You look creepy” Nikki says

“Your eyes are following him like a hawk’s eyes follows its prey” Ellie adds.

Rolling my eyes I say “Its not creepy, he is my mate”

“Still creepy, by the way when are you two going to have sex?” Nikki asks.

“I met my mate after you met yours and he already popped my cherry” Ellie says with a smirk.

I blush “Its complicated”

“How is it complicated? I want a nephew or a niece. Or better yet! Both!” Nikki squeals.

“It will happen when it happens” I mumble, already thinking about it. Why hasn’t he made a move? Why hasn’t he ever tried to get in my pants? Am I not desirable enough? Does he not want me that way?

How can he not want me that way? I am his mate! This is so depressing.

Ellie waves her hand in front of my face “Hello earth to Jayda! You spaced out”

“Uh um sorry” I say shaking my head to get rid of my pathetic thoughts.

Ellie looks at me and immediately knows whats going through my mind “Don’t think too much of it Jay, Not all relationships are the same”

I nod and give Ellie a small smile, Nikki still has that giant grin on her face at the thought of Maddox and I having pups.

“Lets get something to drink” I say and point at the coolers.

“Yeah lets” Nikki says and Ellie nods.

We get to the cooler. Ellie and I take a beer while Nikki takes some juice.

“You aren’t drinking?” I ask while looking at her apple juice bottle.

“Umm no, I, well I want to loose a few pounds and alcohol won’t help me with that” she says laughing nervously.

“I call bullshit” I say. Nikki is almost never nervous and she is not one to care how much she weighs.

“Its nothing, let it go” Nikki snaps.

Before I can say anything else a little girl about 5 years old starts singing from behind us "Lets it goooooo, let it gooooooo" the little girl sings the frozen song.

Nikki's eyes soften and a look of longing replaces her scowl.

"You have an amazing voice" I coo at the girl. She had braided brown hair, and green eyes. She was wearing a purple dress.

"Thanks Luna, you have pretty eyes they look like Elsa's" the girl says shyly.

"Thank you, I like your eyes too. Whats your name?" I say squatting so I can be face to face with her.

"My name is Felicity" She says.

"Wow, what a beautiful name" Nikki says from behind me, looking at the girl with a small smile.

"Thank you" Felicity says twirling a stand of her hair that had fallen off its braid with her finger.

"You are very welcome" Nikki says, Ellie just looks at the girl as if she can't believe how cute she is.

A woman that looks to be in her 30s stops in front of us, looking worried "Felicity, I've told you many times not to sneak out when I am talking to people. You almost gave me a heart attack" The woman says hugging the little girl.

"Sorry momma, I was with the Luna and her pretty friends" Felicity looking at us.

"Oh I'm so sorry Luna Jayda, Felicity didn't mean to disturb you and your friends" Felicity's mom says bowing her head slightly.

"Its no bother, Felicity is a charming little girl" I say and Nikki nods in agreement.

"Thanks, we'll be on our way now. Felicity's dad must be looking for her. Have fun girls" her mom said then turned around and walked off hand in hand with Felicity.

"She was so cute" I gush and Nikki smiles and nods.

I grab my beer again from where I had left it and take a sip of it while looking around.

Everyone looked so happy, they were all smiling and laughing.

I try to find Ian with my gaze but end up locking eyes with Anna.

She glared at me, and didn't look scared at all like I expected her to.

I glared at her with all my might but she simply smirked and looked away.

I felt anger boil up inside of me, I really hate her.

I down the rest of my beer in one gulp and look back towards Anna had been before but find her gone.

I frown but then shrug. I don't care where she is as long as she is away from my mate.

I look towards the little parking area and see that Maddox was already back.

I look around for him but I don't see him anywhere.

"I'll be right back, Maddox is back somewhere" I mumble and start walking around.

I finally spot Maddox, he was standing tensely next to Anna.

His eyes were scanning the area as if he was looking for someone, his eyes spot me and he says mutters something to Anna and makes a move to walk towards me.

Maddox starts walking towards me but something pulls him back. My eyes trail down from his face to his bicep where Anna was pulling him back.

She put on a seductive face and says something I couldn't understand from so far away.

Maddox quickly shrugs her off and glares at her. Before I can think twice I storm towards them, when i reach them I tackle Anna to the ground, we struggle and roll around.

"You fucking bitch! I told you to stay away from my mate" I growl out pulling at her hair, taking it out of its braid.

"You don't scare me Jayda" Anna yells through clenched teeth, trying to scratch my face,

"That's your mistake" I say finally being able to straddle her. I punch her a few times, blood stains her teeth.

"I told you I would kill you! You should've listened" I say wrapping my hands tightly around her neck and squeezing as hard as I could.

I wasn't in control, my wolf had taken over and it was out for blood.

Mates with Alpha Maddox Chapter 35

Anna's blood, and I would do anything in my power to deliver.

"Get off me you psycho" Anna splutters out, clawing at my hands trying to make me loosen my grip.

"I said I'd kill you, you didn't listen now you'll die" I say, a sadistic excited grin taking over my features.

My adrenaline was at full force, I wanted to end Anna's life with all I had, and I would've if I hadn't been pulled away from her.

My hands were still around Annas neck when Maddox arms wrapped around my waist and pulled me back.

"No stop! Go away" I yelled frantically while still strangling Anna, a Nikki and Ellie appeared and forcefully unwrapped my fingers from her neck.

"No why, let me go!" I yell trying to reach for Anna who was gasping for air.

Pack members were scattered around us in a circle and Ian yelled at them to leave.

"Calm down Jayda" Maddox says turning me around in his arms so I would look into his eyes but I refused to meet his gaze. "No! Let me fucking go" I say and try pulling away from him.

Maddox puts me down but before I could react he grabs hold of my head with both of his hands forcing me to look at him in the eye. "Calm down Jayda, you are better than her" he says calmly.

"I told you I'd kill her! Let me kill her" I say trying to hold onto the anger I had left.

He shakes his head slightly.

"You can't go to other packs and kill people, if you want you can invite her over and kill her at our pack" Maddox says

"You are seriously encouraging to kill someone?" Ellie exasperated.

Maddox shrugs "I would have done the same thing, I'm being fair"

"You are unbelievable" Ellie mutters and Nikki just shaker her head.

"You okay?" Maddox asks, looking me over. All I had was that my scalp hurt like hell and a few scratches here and there but other than that I was okay.

“Just peachy” I say with a smirk.

Maddox grins proudly “Thats my girl” he says while kissing my forehead.

“I think I should maybe talk to Ian” I say and Maddox narrows his eyes but then sighs “sure”

Anna had been taken to the pack doctor to be checked up.

Since Ian was with his sister I let go of Maddox and walk calmly towards the infirmary as if I couldn't feel all of the pack members eyes on me.

When I get to the infirmary I see Ian looking through a glass that was on the wall. Standing beside him I see he was looking at his sister who was at the other side sitting sideways on one of the hospital beds with a breathing mask on, her neck a really deep shade of red, trailing the form of my hands.

As soon as Ian sees me he glares at me.

“Ian...” I trail off hesitantly.

“Jayda” he says cold.

“I'm so very sorry you are mad at me for trying to kill your sister” I say quickly.

“You would have killed her” Ian says, still glaring at me.

“No I wouldn't” I lie.

“Yes you would”

“Yes I would” I say with a guilty expression, then add “but, its totally your sister's fault. I threatened her last night. I told her not to mess with Maddox or I would kill her”

“How was she going to know you were serious?” Ian exclaims.

“I was strangling her while I advised her not to try anything with my mate” I deadpan.

Ian gapes at me “You strangled my sister twice?!”

“She insulted me and said she was going to take Maddox away from me, I had no choice” I defend.

“You could have walked away” he exclaims.

I shake my head “Ian I’m sorry but no. She practically challenged me and I am a Luna, I wont let your sister walk all over me. Now I understand if you want to terminate our friendship but I am not sorry about what I did to your sister I am just sorry that I might loose your friendship over such a silly as me trying to kill your sister” I say my lips tipping up at the corner because I realize my speech makes no sense.

“You wont loose my friendship. I am just a little mad” Ian says.

“Well, I’m sorry you’re mad” I say giving him a hug and he hugs me back.

“Please don’t try to kill my sister again” He says nudging me.

I smirk “No promises”

“Of course” he mutters

“Well, I’ll go pack I guess the BBQ is pretty much ruined so I’ll be getting back to my pack. Keep me updated on your situation with Isabella” I say giving him another hug.

“I will, and are you sure you have to leave?”

I shrug “Yeah, I attacked someone. Your pack pretty much hates me”

“They don’t hate you” Ian says rolling his eyes.

“I still need to get back to my pack” I say.

“I’ll miss you Jayda” Ian says looking sad.

“I’ll miss you too Ian, keep in touch or I’ll kick your ass” I joke trying to lighten up the mood.

Ian rolls his eyes.

I wave to him one last time, then look to through the window again.

Anna was looking straight at me with a scowl on her face.

Smirking I mouth “Bye bitch” to her then turn around and walk out.

I quickly packed my stuff and in less than an hour Maddox, Ellie, Nikki and I were on our way back to our pack.
