

Mates with Alpha Maddox Chapter 5

He smiles not even caring about how she talked to him.

“Well I just wanted to inform my awesome sister that I found my mate” Maddox says kissing my cheek.

My mate’s sister’s eyes snap to me and her eyes widen as if she hadn’t noticed me.

“Hi” I squeak, managing a little wave.

She rolls her eyes and brings me in for a hug. “I am so happy he finally found you! I thought you were dead” she says bluntly making Maddox growl.

“Ummm thank you?” I say a little confused.

“Your welcome, now what’s your name?” She asks.

“Jayda” I say playing with my fingers.

This girl is intimidating.

“Well my name is Nicole but people call me Nikki. Now goodbye Maddox go torture who ever you need to torture, I want to have bonding time with your mate” she says making my eyes widen.

Did she really mean that? Does Maddox...torture people?

Maddox glares at Nikki and her confident face falls a little.

“Umm, lets go Jayda we have lots to talk about” she says quickly and drags me inside.

“So, when did you meet my brother?” Nicole asks me as soon as the door is closed.

“We met when I was going to join the pack” I say, smiling at the thought of Maddox.

“Awn so cute. How was it? Did he see you and started growling ‘MINE’ like my mate did or did just run up to you and kiss the life out of you” she asks with a grin.

My smile falters at the thought of how I met my mate, it wasn’t the way I imagined I would meet my mate thats for sure.

She saw that my smile had fallen. “Whats wrong? What did my stupid brother do?” She asks with concern on her delicate features.

I debate on whether I should tell her or not, I mean I just met her but I need to talk to someone and Ellie hasn't been picking up my calls so I decide on telling her.

I told her how my dad and her Beta left me when I was ten, how my mom got sick and later died and how my dad came to the funeral to tell me that I needed to join the pack or I would become rouge. And finally I told her how when I first came into his office he told me to stay away from him and I ran away only to come across some crazy werewolf who wanted to mark me.

When I was done explaining everything, Nikki was looking at me with wide eyes.

"Wow, of course my brother would do that! I am so sorry he made you go through that. He was really grumpy when he thought you were dead. All he really did was kill rouges and lead the pack" she said with a frown.

"K-kill?" I stutter.

"That's what alpha's do Jayda. They kill rouges. Maddox take it more personal since a rouge killed our parents but that's just how things are done, rouge's are bad untamable killers that will hurt you any chance they get" Nicole says.

I just stare at her, not knowing what to say.

"So...want to know how I met my mate Luke?" She asks changing the topic.

I smile at her "Yes I do, how did you?" I ask happily.

"Well, we met at the mall. We were both with our friends when we smelled each other. He ran up to me and we started making out in the middle of the mall, then he invited me to his house and we completed the mating process if you know what I mean." she says wiggling her eyebrows and I blush.

"You have no shame Nikki" I say shaking my head.

She shrugs "Not really"

I laugh "So, how does it feel to be marked?" I ask her eagerly.

She laughs at my excitement "hmm, who would've thought. It's always the quiet ones" she says with humor in her voice making me laugh and stick my tongue at her.

"Okay, I'll tell you. So it hurts like a bitch—" she says making my eyes widen. "Let me finish!" She scolds and I nod. "So it hurts a lot but just for a few seconds then all you feel is pleasure" she explains dreamily.

"That's cool" I say blushing.

“The best part is that every time your mate touches your mark it tingles” she says with a smile.

“Can I—umm can I see your mark?” i ask shyly.

“Of course you can silly” she says, moving her hair out of her neck to show me what looked like a tattoo. It had two wolves howling at the moon and the words “Luke Samuels” under it.

“This” she says pointing at the grey and black wolf “Is my wolf”

“This one” she says pointing to the brown wolf “Is Luke, my mate’s wolf” she says with a smile.

“Your mark is beautiful, are all the marks like that?” I ask.

“Well, the marks always have yours and your mate’s wolves and your mates name under it”

“That is so cool I can’t wait to have—ern, never mind” I say quickly.

“OMG! You want to be marked! Just tell him and he will gladly do it” she says with a knowing smile.

“I can’t do that. I want him to mark me when he wants to, not because I told him to” I say with a frown and she smirks.

“Honey, I bet he fights his wolf everyday because he thinks you aren’t ready to be marked” she says knowingly.

“Or he just doesn’t want to mark me, I mean he is so perfect and I am just...me” I say sadly. Finally realizing how bummed Maddox must be to have a mate like me.

“Jayda, my brother is not perfect and neither are you but you know what? You are perfect for each other. The moon goddess chose you to be his other half because you guys are meant to be” she says making my eyes get teary.

“Oh gosh no, please don’t cry! C’mom I get awkward when people cry” she whines.

I laugh through the tears “I am not crying because I am sad. I am just so happy I found someone like him”

She visually relaxes. “Oh, thank the heavens! I actually thought I would have to comfort you and I really hate that because I get all awkward and don’t know how to calm the person” she says sheepishly.

“Wow” I say with a laugh wiping my tears away.

“Yeah, but lucky me you stopped crying. Anyways I really like you. I am glad my brother has you as a mate” she says truthfully.

I smile at her “awn thanks, i like you too. And I am also glad I have him as a mate”

“It’s kind of weird though, the ruthless alpha male is mated with the innocent she-wolf” she says thoughtfully.

“Maddox is not ruthless, he is the sweetest guy I have ever met” I point out.

“Maddox? Sweet?” She burst out laughing.

I stare at her weirdly.

“Oh. Your serious aren’t you?”

“Of course”

“Honey, he is only sweet to you, and to me sometimes but to the rest of the world he is a scary killing machine”

I was about to answer when a knock on the door stops me.

Nikki holds up her finger and starts walking towards the door. “Hold that thought”

I nod and wait.

Se lazily starts walking towards the door, as soon as she opens it Maddox comes into view.

“Hello little sister” he says pinching her cheek, making her swat his hand away.

“Where is my beautiful mate?” He asks looking around the room. I noticed that he had changed his clothes.

“Why are you back so early? Its only been 2 hours? Go away” Nikki whines walking towards me and giving me a side hug.

“I missed her” he states simply.

“Awwwn that is so cute! You are so whipped” she says jumping up and down excitedly.

“Yes I am extremely whipped” throughout this whole conversation I am blushing like crazy.

“Now give me my mate Nikki” he says making Nikki pout.

“Bye Nikki, see you later” I say hugging her and walking towards Maddox. Who As soon as I was within reach wrapped his arms around me.

I give him a kiss in the cheek.

“By the way, Jayda wants you to mark her” Nicole says in a sing song voice.

Making my eyes widen and Maddox’s darken.

I give Nikki my meanest glare making her wink at me.

“I hate you” I mouth at her.

“No you don’t, now off you go”.

Maddox says his goodbye’s practically dragging me towards the alpha house.

When we enter Maddox’s bedroom he sits us on the bed and turns to me.

“Do you want me to mark you?” He asks, his eyes changing from his natural blue/green color to a deep black.

“Maddox, I don’t want you to mark me because I forced you to. I want you to do it because you want to” I say softly.

He blinks “Babe, I have wanted to mark you since the moment I found out you were my mate. I haven’t done it because I didn’t know if you were ready. You do realize the responsibilities that will come with me marking you right?” He asks

“Responsibilities?” I ask.

“Yes, by me marking you, you will become the Luna of this pack”

“Whats a Luna?” I ask curiously.

“A Luna is like the alpha female. You are my equal. You are the like mother of the pack. You take care of the pack”

“Can I do that?” I ask nervously.

“Of course, also when you are Luna you will become more understanding and loving. That happens because Luna’s are made to balance a pack. While Alpha’s discipline the pack by being hard on them, the Luna’s care for the pack” he explains while moving his hands to make the point.

I nod slowly "what else?"

"You will have to know everything about the pack and also train with them"

"I think I can do that" I say with a small smile.

His eyes light up "Really?"

"Yes really"

"So just to be clear, you are giving me permission to mark you right?" He asks

I giggle "yes silly" I say and kiss him in the mouth.

As soon as my lips touch his, his eye darken.

The kiss becomes heated fast and soon enough we are making out, his mouth trails down my jaw then my neck where he leaves a trail of wet kisses.

When he gets to the spot where my neck and shoulder meet he starts sucking and nibbling on the spot. I feel his canines graze my flesh for a second then he plunges them into my neck.

I can see why Nikki said that this hurts like a bitch. It's a pain I have never felt before, his canines sink deeper into my skin making me hiss and try to pull away but he holds my arms so I don't pull away.

After a few more seconds I feel him pull his canines out and lick the place where my mark was so it would seal our bond. I arched my back and let out a loud moan. I have never felt that kind of pleasure.

He pulled away and I started to lose consciousness.

Before I passed out I heard him say.

"You are now mine and only mine Luna"

So? Did you guys like it?

There are many more things to come

Where the hell is Elli?

Will Jayda be a good Luna?

Will I ever get to date Calum And Luke from 5SOS?

Who knows.
