

Mates with Alpha Maddox Chapter 7

Before I can stop myself, I storm towards the girls until I am crouching down in front of the 13 year old girl.

“Are you okay honey?” I ask her softly making the 14 year old girl snort.

She snuffles softly before answering “Yeah, just a little misunderstanding” she mutters not looking me in the eye.

I look down at her arm and gasp. It looked like if someone snapped her arm so its bent the wrong way.

“Oh gosh, we got to get you to the medical center Maddox talked about.” I say staring at her arm some more.

“Look lady, she said she is fine. She is just being a whiny baby” the 14 year old girl said rolling her eyes.

I scowl at her. “What are your names?” I ask the 14 year old girl.

“Mines is Caitlin and hers is Mary” she says in a bored tone.

“Well, Caitlin. Mary is not fine, and they told you to only pin your opponent not break their arms so I will have to tell Maddox” I say scoldingly.

“Listen here Lady! I don’t know who you think you are but the only one who can tell me what to do are Alpha Maddox, Beta Leonardo and Derek. Not even my parents do it so could you just get down out of your high horse! I don’t know what kind of relationship you have with Alpha but if you think that by being his ‘friend’ you will become Luna then you are mistaken. He is waiting for his mate so just give up and get the hell away from me” she snaps and starts walking away, leaving me totally dumbfounded.

“Umm, what just happened?” I asked Mary.

“She is just in shock because you were with Alpha. He is never around other females so she thinks you are trying to take our Luna’s place. Plus she is sour cause you defended me” Mary explains.

I nod “lets get you to the medical center so they can snap back to place your arm and it can heal properly” I say smiling at her, she smiles back.

“Maddox!” I holler.

In lightning speed, Maddox is in front of me. Everyone looks at me wide eyed because I called their Alpha by his first name instead of his tittle.

“What’s up Bab—mmm Jayda?” He asks, almost calling me baby.

“Can you take us to the medical center you talked about earlier? Mary needs someone to snap her arm back to place so it can start healing” I say smiling at him.

He nods then turns to Mary. “Who did that to you?” He asks with a serious no bullshit expression.

She instantly looks down “Caitlin did” she mutters.

Maddox sighs then starts walking, probably expecting us to follow him

“Can you walk?” I ask her softly.

“Yeah I can” Mary says with a small smile.

We start walking a few steps behind Maddox.

“You know, what she said it not true right?, your mate will love you as soon as he sees you. You are a beautiful strong girl who wouldn’t want you?” I say with a wink making Mary giggle.

“Thanks, what’s your name?” Mary asks.

“My name is Jayda Donovan” I say with a smile.

The girl gasps “As in Beta L. Donovan?” Mary asks amazed.

Surprisingly, I don’t feel anger at the mention of my dad. I actually understand why he left us. He found his mate. The only person who could give him happiness. Maybe it was wrong how he just left us but I just can’t feel the hate that I felt for him yesterday. It must be my mark, Maddox did say it made me more understanding and loving.

I smile at her “Yes I am his daughter”

Before she could say anymore we got to the medical center.

Maddox was looking at me with a knowing smile, and his eyes held pride. Making me think he heard mine and Mary’s conversation.

“What seems to be the problem Alpha?” A young beautiful woman wearing a white robe asks him. As soon as she sees me her eyes zoom in on my neck, making me blush and her grin.

A little squeal left the doctor’s mouth making me blush and Maddox raise an eyebrow at her.

The doctor's eyes widen and she clears her throat.

"Hello, my name is Dr. Jenni" she says holding out her hand for me.

"Nice to meet you, Jayda" I say shaking firmly her outstretched hand.

"The pleasure is all mine, now what seems to be the problem?" Dr. Jenni asks.

"Well Mary broke her arm while training" I say looking at the little 13 year old who was shying away from Dr. Jenni behind me.

"It's okay, she won't hurt you" I say with an encouraging smile.

"Okay, Thank you so much for everything you did today" she says giving me a tight hug.

I smile at her "It's no problem at all Mary" I say hugging her back.

Maddox has a grin plastered on his face.

"Well thanks from bringing her here, she is now in good hand so you can continue with what you were doing" Dr. Jenni says, I was about to protest but Maddox beats me to it.

"Thank you Doctor, have a nice day both of you" Maddox says curtly. He drags me out of the medical center.

"Now we need to see the cellars" Maddox says while walking towards the cellars.

We stop in front of a metal door, the building is made of cement, from what I can see it has no windows and unlike the pack village that is colorful and cute. The cellars look ugly and depressing. Maddox took out a little key and opened the door. The smell made my gut twist. It smelled like blood and death. Maddox didn't seem to mind the smell as if he was used to it.

He started walking inside when I stopped him.

"Maddox please, I don't want to go in there" I say softly.

He sighs "I'm sorry baby but you need to know every aspect of the pack and this is one if them" he says frowning.

"I am not ready, please just give me time I can't go in there yet" I say, my voice trembling and my eyes watered with unshed tears.

His eyes immediately soften. He quickly closes and locks the door. Then pulls me in for a hug. "I'm so sorry baby, I didn't mean to make you cry please don't cry" he says in a pained voice.

"This is just overwhelming for me, I'm not ready to see all of that" I say letting the tears run free.

"Please Jayda, don't cry baby" he says his voice full of helplessness.

I take a deep breath and will myself to stop the tears. "I promise, I will go in there soon" I say, my voice hoarse from crying.

"Its okay babe, take all the time you need" he says kissing the top of my head.

He grabs hold of my hand and starts walking towards the Alpha house, I absentmindedly follow him. Still thinking of the smell of blood and death in the cellar.

Before I know it they are standing in front of the Alpha house.

"Babe, I mind linked Nikki to come so you guys can go shopping" Maddox says looking at me.

I smile "Do you want to come?" I say hopefully. I like hanging out with Nikki but when I am with Maddox I feel complete.

"Shopping? No thank you" he says shaking his head.

I pout "You better be here when I come back"

He kisses my pout "I will"

Suddenly I see a brown haired beauty walking lazily towards us.

"Nikki!" I holler making her eyes snap to me.

"Jayda!" She squeals.

"Maddox!" My mate says in a falsetto girls voice.

We both look at him and he shrugs.

Nikki rolls her eyes then she looks at my neck.

"OMG!!! You are Luna!!!" Nikki says jumping up and down.

Maddox smiles and I kiss his cheek.

I nod blushing.

“Okay Jayda here are the rules, no short dresses and no showing cleavage. No talking to other males, no looking at other males, and if something happens immediately mind link me ” Maddox says making Nikki and I roll our eyes

“Yes Alpha” Nikki and I say mockingly.

“I’m serious, Nikki I am sure Luke had this talk with you before you came here” he says smirking.

She sighs “Yes he did”

“Well then ladies, you should get going” Maddox says giving me a quick kiss and waving at Nikki.

“Oh, I almost forgot” Maddox says taking out his wallet and handing me a credit card.

“No Maddox, there is no need. I have my own money” I say trying to give him back his credit card.

“No! You are my mate, and there is no way in hell that my mate is going to pay for her own stuff so just take it a get going” he says sternly.

“But-” Maddox cuts me off.

“I don’t want to hear it. Nikki make sure she only uses my credit card” Maddox orders.

“Okie dokie” Nicole says and starts dragging me to the woods so we can shift and run towards the car.

When we get to the car, we shift back and get dressed again. As soon as I get inside the car, Nikki starts speeding out of the woods.

Gosh! Does this girl know about speed limit?

What the hell did I get myself into?
