### Alex's POV

"Is there anything we can help you with son?"-Uncle Stefan walked in holding aunt Stella's hand. I couldn't ignore the smirks they had in their faces when they saw Gabriel literally squishing me to death.

"Okay big boy it's time to let go of me."-I said trying to push Gabriel away. ୧

"Why?"-He asked almost pouting. ୧

"I can't breath and you're hugging me to tight"-I said against his chest. He sighed and unwrapped his arms from around me. ୧

"Thank you"-I said blushing.

" James I need you here right now"- I mind-linked him. He arrived a minute a er.

Knock, knock. ୧

"Come in"-Stefan said.

"Your highness."- He vowed."Alex what can I help you with?" ୧

"I just needed you here James"- Gabriel growled and I glared at him.

"Okay... where do I start without sounding crazy... All of you know about my encounter with Selene. But a le out a few details. I believe all of you know about my powers. How I can manipulate the weather, I can control the elements, telekinesis, and orbing..."

"What else Alex?"-Gabriel asked.

"To gain and harness my powers and gain my full strength you need to mark me"- I said. My face as red as a tomato. Stella and Gabriel looked shocked but Stefan didn't.

"Is that all she said?"-Stefan asked. ୧

"Yes"

"That's not a problem for me, do we do it right now?"- Gabriel asked and I glared at him and shoke my head no. ୧

"I believe she le something out. But I will have someone come in and explain in a second."-Stefan said.

"Who?"- Stella asked.

"Amie sweetheart. Remember when I went to Silver Moon a er what happened... I brought a book from Blake's o ice about Silver wolfs. When I found out you were alive, I gave Amie our witch that book to study and help me understand more." ୧

I felt James shi uncomfortably in his feet. ୧

"What is it James? I can sense how you feel"

"That name Alex it just brought me memories but that's it. I'm fine."୧

A light knock interrupted my link with James.

"Come in"-Gabriel said and a short blonde girl around my age entered the room. ୧

"Amie?"-James asked in shock

"James? Oh god is it really you?"-She said and ran towards James and hugged him.

What is happening here?!

"I thought you were dead"-He said.

"I thought YOU were dead"-She said crying in his arms.

"James?"- I asked confused.

"Alex this is my little sister."-My jaw dropped. ୧

"Wait... If she's a witch how come you are a wolf?"- Gabriel asked confused. Everyone was staring at James, I went to him and stood infront.

"He's not only a wolf. He's a witch too. He's a hybrid"- I said with my arms crossed letting them know I would protect him if I had to.

"Amazing"-Stefan said in shock.

"My father was a wolf, my mother a witch. When they met my father told her she was his mate, my mother loved him instantly and believed his intentions were good but they weren't. He only mated with her and rejected her a er. That's why I am a hybrid, Amie and I do not share the same father, that's why she is only witch."-James said leaving us in speechless... My heart ached for my friend. ୧

"Amie I believe you want to spend time with your brother. Can you please explain what you learned about Silver wolfs and you can leave a er."-Stefan said. ୧

"Of course. Silver wolves were created by Selene, as a Silver wolf herself she wanted to create her on bloodline. So she mated with an Alpha and got pregnant a er a few months she gave birth to a boy. Ezekiel Silver... he was the first male Silver wolf to exist. There has been a total of 9 Silver wolfs. All males, but the book states that their would be a female, she will posses all of Selenes powers, she will be more powerful than any Alpha, making her the Alpha of Alphas. A Goddess in earth. She will be the only one of all Silver wolves to be able to pass her powers to one or more of her children. They will be more powerful that any other King of any specie. Back to her powers and strength, she will only gain them once she is fully marked and mated. I believe you were paired with someone as strong and powerful as Gabriel so he can protect you, being a silver wolf and having powers is very dangerousfor you."-Amie said. The reaction in my face was priceless. ୧

"Did-d you say fully marked and mated?"-I said and she nodded.

"Tricky she-wolf."- I muttered. ୧

"Thanks Amie you can leave"-Stefan said.

"Alex can I?"-James asked.

"Of course you can James."-I said giving him a smile and he nodded and le .

"That is why the Vampire King is looking for you, and I believe this is the reason that your parents got killed. They were trying to get to you."-Stefan said.

"I will be damned if I let a blood sucking Vampire take away my mate"-Gabriel growled."You will move here and stay with me." ୧

"I will not. My pack needs me" ୧

"I'm not asking Alex"-Gabriel said.

"I don't care. You do not tell me what to do, you are my mate and I get it. But this is my pack we are talking about. You will not make that decision for me."-I growled back. ୧

"We will leave both of you to discuss this out. Alex please think about it, we just want what is good for you."-Stella said and they le us.

"Alex please."-Gabriel begged.

"Im sorry Gabriel but you need to understand me."

"You need to understand me too Alex. I just got you back and I don't want to lose you. I am the next King in line, I will have to take my father's place by the end of this year. You being my mate makes you the Queen of werewolves. You were created for bigger things than just being an Alpha of a pack. You will be the Alpha of all packs."- Gabriel said wrapping his arms around me, I instantly remembered what Selene said.

" He's right Alex"-Ayla said.

"I know but please I need time. My pack is very important for me. I would like to go back and discuss this with them."-I said looking at him. ୧

"When will you like to go back?"-He asked

"2 days"

"Okay that's not a problem love."-He said. ୧

"Thank you"

"Im coming with you and that's not up for discussion Alex." ୧

What?!

"Now let's go have dinner, I'm starving"-He said. ୧

Oh goddess what am I going to do... I need to call Mark. ୧

**Heyyyy another chapter!**
