Gabriel's POV

Yesterday was the craziest yet most amazing day of my life. I found my mate which is also the little girl that I felt so drawn to when we were kids, who I thought was dead but she's not. See what I mean? Crazy. But she's mine so that's amazing.

After having dinner last night we talked about how she became Alpha and how she started her own pack from scratch. The pride I feel for this woman is unmatched. She's strong, hard-headed, impulsive, she isn't scared of life, she isn't scared of calling you out on your shit I definitely learned that the scary way after I proposed to sleep in my bedroom together, she growled at me!

It's currently 6 am and I'm dying to see her and hold her again. But I bet she's still sleeping. So I decided to take a quick shower and look for her after, to take her for some breakfast.

Gabriel's outfit

After I got ready I decided to go look for her, I couldn't wait any longer. It was already 7:20 so she must be up by now. I left my room and made my way towards hers.

I knocked on her door and when she opened the air from my lungs got caught on my throat. She was wearing black silk-like shorts that had a cut on each side of her legs and a matching spaghetti strap shirt. I'm sure my eyes were black by now. How is it possible that she is this perfect without even trying? Even in pajamas and with a sleepy face she affects me. She will definitely be the death of me.

"I want to mark her right now Gabriel!"-Alexander said drooling over our mate.

"James I told you for the millionth time I do not want to go for a run!"-She said when she opened the door, rubbing her sleepy eyes with her knuckles.

"You look adorable doing that!"-I said completely amazed at how adorable she looked.

"Oh my goddess Gabriel you scared me!"- She said placing a hand on her heart.

"Go change love I'm having a hard time trying not to mark you right now!"-I said trying to control myself. Her cheeks turned red and she quickly gazed down to look at her body.

"5 min!"-She said before shutting the door. Alexander was growling he wanted to complete the mate bond but it's too soon and I know she's not ready.

When she opened it again she was wearing high waist black ripped jeans that fitted her perfectly, a white long sleeve shirt, and white converse.

"Ready?"-I asked.

"Yeah."

"Let's go get breakfast."

We walked to the dining room and my parents were already there.

"Good morning my little Alex did you sleep okay last night?"-My mother asked. She completely ignored me. The audacity.

"Good Aunt Stell what about you?"

"Good as well. Come take a seat honey breakfast will be served in a few minutes!"-My mother said lovely. My father was talking on the phone he looked concerned but I ignore it.

"Good morning to you to mother, I slept well as well. I exist!"-I said sarcastically.

"Oh shut it Gabriel don't be a cry baby I have dealt with you since the day I conceived you. You can share me!"-She said and I chuckled.

"I have to go to my office. Gabriel, I will have a few reports delivered to your office, please check them out later they are important!"-My father said.

"Of course dad"

"Honey are you not going to eat breakfast?"-My mother asked.

"I have a few things to take care of sweetie. Do you want to come with me? We can have breakfast in my office."

"Of course. Will you excuse us?"-

"Enjoy your breakfast!"-My father said and they left.

Soon they brought pancakes, bacon, hash browns, and scrambled eggs.

"Wanna play a round of 20 questions?"-I asked and she smiled.

"Sure"

"What you're your favorite color?"-I asked.

"Green and hazel!"- She winked at me and it caught me by surprise." My turn. What's yours?"

"It was blue but after yesterday it's demonic grey!"- I said and she burst out laughing."Favorite singer?"

"Easy, Bruno Mars. Yours?"-She said.

"I don't have one but if I had to pick, JP Saxe"

"Never heard of him!"- She said.

"Have you ever been with someone?"- I asked without even thinking and she choked on her food.

"You don't ask that kind of questions when someone has eggs in her mouth!"-She said in shock and I laughed hysterically, I don't think she realized what she just said.

"But no I haven't, the questions are over."- WHAT?!

"She's a virgin!"-Alexander said as shocked as me.

She noticed the surprise on my face.

"Lame huh?"

"What?! Are you kidding Alex? How is that lame? I wouldn't have cared if you were virgin or not, I know you had a past before me and I would have never blamed you if you hadn't waited for me. You are meant for me no matter what and I will love you the same. I just regret not waiting for you... I wish I could take you right here right now!"-I said in a husky voice. She was staring at me intensely waiting on what I had to say but she didn't notice how perfect and beautiful she looked and I can't believe how much that simple act turned me on.

"Okaaaaay lover boy too much info. Go get a cold shower and I will see you later. I have to go call my Beta to inform him we will be arriving tomorrow!"-She said and left.

at his office

I was checking the reports that the vampire had sent me. They were from our infiltrated spies. The Vampire King was recruiting vampires and building an army. I wouldn't doubt that he knew about Alex already. I have to keep her safe now more than ever.

Knock. Knock.

"Come in"

"Bro you're back!"-Andrew my Beta said.

"Yeah I couldn't find you yesterday"

"Yeah, your father sent me for some information with a spy. I arrived today not long ago. You found your mate huh? About damn time!"- Andrew said hitting my arm playfully.

"Yeah... She's amazing. I'll take you to meet her later."

"Sounds good bro. I'm gonna go shower and take a nap. I'll see you later!"-He said and left.

Knock. Knock.

What did he forget now?

"Come in"

"Hey baby!"-Olivia said as she entered and walked seductively towards me.

"Leave Olivia and please don't ever talk to me again"

"Why? Because that white hair freak is your mate!"-She said angrily.

"Don't ever talk about her like that. I will kill you!"

"I will kill her for coming between me and you! Let me show you that I am better!"- She threw herself straddling me and tried to kiss me but thankfully I was quick enough to move my face and when I did I saw Alex standing by the door.

"What the fuck!"- Was all she said and slammed the door and left.

"Get the fuck off me you fucking whore!"- I said pushing Olivia, she was clinging to me like a leech.

Suddenly the door opened again.

Alex was standing there, her eyes glowing dangerously.

"You're dead!"-Was all she said.
