

I love you. I knew it the minute I met you. I'm sorry it took so long for me to catch up. I just got stuck.

The Silver Linings Playbook

Alex's POV
a few days a er

"Alex wake up"-Gabriel whispered.

"No Gabriel I'm tired"-I whined. He barely let me have any sleep the past few days.

Plus the fact that my powers came all at once! It's draining my energy dramatically, I can't even control them. I even orbbed from the shower to the bed yesterday when Gabriel tried to seduce me. The only power I seem to have controlled now is manipulating the weather, it finally stopped raining.

"Love we have to get ready we are leaving today"

"I know, just 5 more minutes"-I mumbled.

The past few days had been a roller coaster. Mark is officially the Alpha of Moonlight, Luke took his place as Beta and his mate finally forgave him. He and I talked things out and honestly, I couldn't be happier, losing one of my best friends is never a choice for me. Mark and Leslie also announced they are expecting their first pup, the whole pack was ecstatic.

Today Mark is having a meeting with the Alpha close to our pack, he wanted to form an alliance with them in case the pack suffered an attack. Gabriel being Gabriel didn't let me assist because Archer was going to be there.

"Alex I need your help in the conference room! Now!"-Mark said through mind-link.

"What happened?"

"It's James he's beating Archers Beta... Amie is his mate. He won't listen to my commands hurry before he kills him"

"Fuck my life"-I mumbled and got up. I ran to my closet slipped a pair of black jeans, a red long sleeve shirt, and my white converse.

"What's wrong?"-Gabriel asked putting his shirt on.

"James is beating Beta Ben from Golden Moon, he won't listen to Mark's commands"-I said and walked out of the room with Gabriel behind me.

I pushed the door of the conference room and stormed in, I was already in a bad mood and this just made it worst.

"JAMES STAND DOWN!"- I yelled in my Alpha tone releasing my aura, everyone in the room vowed except for Gabriel.

"What's the meaning of this Gamma?"-I growled.

"I won't let him take my sister. Not a er what they did to you."-James snarled.

"That's not your decision to make!"-Ben yelled, I snapped my head towards him and saw Archer holding him down.

"I'm sorry for this Alex"-Archer said and Gabriel growled, oh please not now.

"Babe please, calm down"-I mind-linked Gabriel.

"Save it. James Ben is right, Amie is old enough to decide if she wants to be with Ben or not, you can't interfere between a mate bond and you know that!"-I said angrily.

"But Alex"- James said.

"Don't James. You will let Amie decide what she wants and that's final, and next time listen to your damn Alpha"-I growled at him.

"So your finally not the Alpha?"-Alpha Richard said.

"Listen you fucking dimwit, my patience is running out today and it's nearly 10 am. Keep your mouth shut or I will fucking break your jaw"-I growled and Gabriel stepped to my side.

"Is that how you show respect for your future Queen?"-Gabriel growled and Richard's eyes widen.

"Y-you're Prince Gabriel?"-Richard stuttered.

"Next time you dare to disrespect my mate I will fucking kill you myself. Understood?"-Gabriel snarled and everyone gasped. They knew I had been Archers mate.

"Yes your highness"

I stormed out of the room and went back to my floor.

"Alex are you okay?"-Gabriel asked.

"I am. Why?"

"You seem very... on edge today."-He said.

"I'm fine it must be the fact that we are leaving today."-I said and he hummed. I honestly wasn't feeling well at all but I didn't want to worry anyone.

We packed our suitcases and I took a quick shower while Gabriel went to the main kitchen for something to eat.

We ate and watched a movie, I felt very tired so I decided I wanted to take a nap before leaving.

"I'm going to take a nap, want to join?"-I asked Gabriel.

"Of course love I'll be there shortly"-He said stepping in the bathroom.

As I laid down I felt someone trying to mindlink me so I opened my link.

"Alex?"-Leslie said, it sounded as if she was scared.

"Leslie what's wrong?"-I asked worriedly.

"I need you to come to the north border... alone. You can't tell anyone."-She sobbed.

"Leslie, what's happening?"

"He's here Alex. He's going to kill me if you don't come here alone. I'm so scared"-She cried.

"Calm down I will be there soon Leslie"

I slipped my shoes on and slowly opened the door to my room. I peeked to check if Gabriel was around and he wasn't, so I ran towards the elevator and head out of the packhouse. I got on my Jeep and drove as fast as I could towards the northern border.

When I got there I saw the dead bodies of the border patrols, a man in his late 20's was standing behind Leslie with a knife towards her stomach.

"Who are you?!"-I growled.

"That's not the way to receive your future husband is it darling?"-He said smirking and I noticed his fangs.

"Let her go!"

"I will but only if you are willing to take her place. If you don't-I will kill her and the little mutt she's carrying, and don't even dare to mindlink anyone. "-The pale bastard said making me growl.

"Fine but please don't hurt her"-I said walking towards him slowly watching his every move.

Once I was close enough he pushed Leslie and pulled me to him, inched my face with something on the neck that made me lose control of my body.

I saw him walk towards Leslie, he pulled a small knife from his pocket and stabbed her stomach.

Noooooo! I wanted to yell, I wanted to fight but I couldn't move or scream. Leslie was screaming in pain and I couldn't do anything to help her.

"Mark, Leslie is in danger. North border please hurry up. I'm so sorry."

"I love you Gabriel"-I said through our mind link.

That was the last thing I said before darkness consumed me.
