

Alex's POV

"We are here"-Steph said after 4 hours of running.

"I thought you said it was only 2 hours!"- I said irritated, my butt and legs were in pain from the whole ride on Luke's back.

"Riding me wasn't comfortable enough Alpha?"-Luke said with a grin on his face.

"Idiot"-I said under my breath.

I decided to walk to the pack house. My heart was beating uncontrollably, memories of my family flooded my thoughts. As soon as we reached the pack house I sank to my knees and started crying. My family, my pack was murdered and I need to find out why.

"Hey it's okay..."-Luke said while patting my back.

"It's not Luke and I will find out who destroyed my pack and murdered my family. Mark my words."- I said in a deadly tone.

"Alpha umm why are we here?"-Leslie asked.

"There is a cemetery somewhere in the pack territory we need to find it. Mark and Leslie you guys go south, James and Steph North, Luke and Carlos follow me to West. We will meet East if we don't find anything. Let's go"-I commanded and we all shifted and ran towards the direction we were going to search.

1 hr later*

" Alex I think we found it"- Mark said through mind link.

"On our way"- I said.

We ran towards south and got there in no time.

"Alex I think you need to see this"-Marks said nervously.

I walked towards him and Leslie and what I saw made me collapse.

In Loving Memory of
Blake Silver
&
Eve Silver

Their tombstone was in front of me.

"Im sorry, I'm so sorry mommy and daddy "- I sobbed, my wolf was whimpering. My anger rising at the memory of my father dying in my arms. The temperature started to drop and in an instant a huge thunderstorm started, I screamed full of anger and the wind started blowing dangerously.

"Hey, Alex calm down. I'm here I got you. Breathe."-Luke said cupping my face with his hands.

I started to calm down, looking at his beautiful green eyes. There was something about him that made me feel safe.

"That's it. Breathe. Calm down you almost started a tornado."-Luke said with a small chuckle.

"Me?"- I asked confused.

"Yes you... don't you know anything about Silver wolfs?"-Mark asked.

"No I actually don't."-I snapped at him.

"Alex, Silver wolves possess gifts from our moon goddess. From what I learned in school, telekinesis, Astral projection, manipulation of the elements and weather manipulation were a few of them."-Mark said.

I stood there shocked at what he was saying. I'm not only the last Silver wolf but I have powers too?

"How do you know this? The only place where they taught the history of Silver wolves was here?"- Luke asked confused.

"Well..."

"Spit it out Mark"- I snapped at him.

"My parents were the Gammas of Silver Blood"- Mark said lowering his head.

"WHAT?"-We all screamed at the same time.

"AND YOU WANTED TO TAKE HER TO THE HUNTERS?"-Luke said while holding him by his neck.

"Luke let him go. I want to hear what he has to say."- I said and he immediately let him go and stood by my side.

"When I saw her wolf I instantly knew who she was. Memories of my parents' death rushed to me and because of her they are dead. Because the rouges wanted her. But..."He lifted his eyes to look at mine."When we got here I realized she lost as much as I did or more. I am sorry Alex. Probably you don't remember me, but I was going to be your Gamma. I used to watch you without anyone knowing because... ummm... my dad used to tell me I had to protect the little Alpha. That annoyed me, I wouldn't talk to you because you were 3 almost 4 years younger than me and a girl... I thought y'all had cooties"-He said chuckling

"Im sorry Alex... I'm sorry this had to happen to you"-Mark said sadly.

"To us... it happened to us. Now Gamma Mark can do you know where the chapel is?"- I said and everyone looked at me in shock.

"What?"

"Did... did you say Gamma?"-Mark asked shocked.

"I did... You are my Gamma Mark as much as Leslie is my Gamma female"- I said with a small smile looking at them.

"Where's the Beta?"-Luke asked Mark curiously.

"He's standing in front of me"-I said.

"Who is it?"-His idiot ass turned to look at everyone.

"YOU!"

"Me?"-Luke asked.

"Omg are you deaf?"- I asked he stood there looking at me dumbfounded.

"Steph, James and Carlos will you guys honor me being my Deltas?"-I turned to look at them.

"Hell yes!"

"Yes!"

"Damn we went from being rouges to being ranked members in half a day"- Leslie said chuckling.

"We still have to do the oath to get our full ranked powers so you guys can become my official Beta, Gammas and Deltas"- I said.

"O' oath?"- Carlos asked nervously.

"Yes, cut our hand with a silver knife and hold them together letting our blood mix"

"Oh fuck!"- Carlos said scared and we all laughed.

"Leave me alone will ya! I hate blood that's why I'm vegetarian"- Carlos said and we all laughed harder.

"Back to our main conversation. Where's the chapel?"- I asked

"There"- Mark said pointing to my right.

"Alex one more thing before we go in there... There hadn't been a Female Silver Wolf in centuries, actually the only Female Silver wolf was Selene. My mother used to tell us about the prophecy of the next female Silver wolf every other night before we went to sleep. I remember never saying something like The next female Silver wolf will possess the same powers as Selene, strong, powerful and fierce. She will conquer and become Alpha of Alphas, a Goddess in earth. That's why the rogue King attacked our pack. He came for you."-Mark said.

"You're kidding"- That's all I could say.

"But yeah... Ummm back to the chapel, there is a special lock I remember my father saying nobody could enter but the Silver family"-Mark said.

"Wait let me see..."-James said."I need your blood Alex"

"Why?"-Luke asked standing in front of me.

"Calm down. Already acting like the Beta and shit"-James said laughing."This lock only opens with the blood of the persons allowed to be in, Mark mentioned only The Silvers could go inside, so I need her blood."

I extended my canines and bit my hand letting my blood pool in my palm.

"Give me your hand"-James said pulling my arm and making my blood fall over the lock and it opened.

"How do you know this?"-Luke asked.

"Well um... my mother was a witch. But that's a story for later"- James said.

"Holy shit your a hybrid"- Mark mumbled and Steph galed at him.

I walked in with everyone behind me and in the middle of the chapel there was a large trunk.

Let's see what this treasure is all about...
